Fees for Money Orders Drawn on Domestic Form

Payable in the United States, including Hawaii, Porto Rico, and the United States Virgin Islands, or in Guam and Tutuila (Samoa); also for orders payable in Antigua, Bahamas, Barbados, Bermuda, British Guiana, British Honduras, British Virgin Islands, Canada, Canal Zone, Cuba, Dominica, Grenada, Jamaica, Montserrat, Nevis, Newfoundland, Philippine Islands, St. Kitts, St. Lucia, St. Vincent, and Trinidad and Tobago.

For Orders	From \$0.01 to \$2.50	5 cents.
	From \$2.51 to \$5.00	7 cents.
	From \$5.01 to \$10.00	10 cents.
	From \$10.01 to \$20.00	12 cents.
	From \$20.01 to \$40.00	15 cents.
	From \$40.01 to \$60.00	18 cents.
	From \$60.01 to \$80.00	20 cents.
	From \$80.01 to \$100.00	22 cents.

Memoranda of Issuing Postmaster:

If order is purchased through Rural Carrier, he will fill spaces below:

Carrier's receipt No. _____, Carrier. _____

NOTE.—The maximum amount for which a single Money Order may be issued is \$100. When a larger sum is to be sent additional Orders must be obtained. Any number of Orders may be drawn on any Money Order office on any one day. Applications must be preserved at the office of issue for three years from date of issue.

The Home Vegetable Garden

Follow the trend back to Nature and Health

With the nation-wide need for economy still continuing, it is refreshing to realize that at least one form of retrenchment not only does not involve "saving till it hurts", but actually makes it possible for us to "save till it helps".

For, of course, economy is only one factor in the movement that has been sending thousands of homeowners all over the country back to the soil—to the growing of their own vegetables.

For instance, if you have never known the downright satisfaction that you can get out of your own vegetable garden, there is a real treat in store for you. And not only for you, but for the whole family. Just wait until they discover for themselves the surprising difference between so-called "fresh" produce from the store and the just-pulled freshness of the vegetables you have grown for them. And wait, too, until they first discover the surprising difference in *you* after you have been getting the benefits for a while of this most healthful of all forms of exercise!

But remember, it is highly important, after deciding what vegetables you wish to grow, to choose the right varieties. Especially when space is limited and you must make up for it by the productivity of your plants.

You will appreciate the *dependability* of Dreer's Vegetable Seeds and their extreme *productiveness*. There is a vast difference in "strains" of the same vegetable and we are constantly improving our strains to insure the growth of strong, healthy plants that will bear large products in generous quantity.

Every man should have a hobby and gardening is a pleasant and profitable one. Use Dreer's Vegetable Seeds and have a home garden you can be proud of.

SPECIAL COVER PAGE COLLECTION

PACKET OF EACH FOR 50 CENTS, POSTPAID

The six varieties of vegetable seeds offered below and illustrated on the opposite page were selected for their fine quality, general popularity and adaptability to any garden. The collection includes:

Bountiful Beans

- 23** Easily the most productive flat, green-podded, stringless bush bean in cultivation today. Under favorable conditions of soil and season this variety has been known to bear one bushel of pods per 15-foot row in the course of the season. The plants are very vigorous and disease resistant. They bear the bulk of the crop within 75 days from date of planting, the first picking being generally ready in 60 days. The pods average 6 inches long by $\frac{3}{4}$ inch wide, are thick through, of pleasing light green color, very brittle and absolutely stringless. Bountiful tastes as good as it looks. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

Dreer's "All Heart" Lettuce

- 440** The name is truly descriptive because with the exception of the few loose outer leaves the heads are entirely solid hearts. While suitable for summer use in cool sections, it is pre-eminently an early spring variety and gives best results in soils holding an abundance of humus or other quickly available plant food. The heads are of delicate yellowish-green. The flavor is excellent and in crispness it surpasses the majority of butter-heads. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 45 cts.; $\frac{1}{4}$ lb., \$1.25.

Ameer Peas

- 619** A most useful variety suited to the home garden and which will succeed under almost all conditions. Can be planted early in the spring and will produce hardy plants bearing a heavy crop of large, broad, deep green pods containing 7 or 8 peas of very sweet quality. The vines grow about $3\frac{1}{2}$ feet high and to secure the maximum yield should be supported by brush, trellis or strings. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

Icicle Radish

- 785** Icicle is the best of all radishes, regardless of color or shape. The long, slender white roots develop quickly and remain in perfect condition for eating longer than any other variety. Most early radishes do not stand summer heat but Icicle is as good during July and August as earlier in the season. Is ready for use within 35 days after seeds are sown and remains in good condition for nearly two weeks after reaching full average size, which is 5 inches long by $\frac{1}{4}$ of an inch through at the top. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.

Break O'Day Tomato

- 896** A recent introduction from the U. S. Dept. of Agriculture and aptly called the Early Marglobe, as it picks about 10 or 12 days ahead of the Marglobe, while fruits resemble that fine variety, being round, smooth, solid and of fine scarlet color. Break O'Day is also highly resistant to the usual tomato diseases. The plants are vigorous and open in growth and can be picked over a surprisingly long season. Pkt., 20 cts.; $\frac{1}{2}$ oz., 60 cts.; oz., \$1.10; $\frac{1}{4}$ lb., \$3.75.

Dreer's "All Seasons" Foliage Turnip

- 961** The tops or greens of this new turnip are equal in every way to the best spinach. They are large and tender, free from lice and yield repeated cuttings. The large roots equal the finest turnips in quality, with pure white skin and flesh and without blemish, inside or out. This variety developed in the Orient and is so resistant to disease and insects that spraying and dusting are unnecessary. Tops can be cut 25 to 30 days after seed is sown and roots pulled in about 5 weeks. Sow every two weeks for successive crops. One ounce will sow a 250 foot row and 2 pounds will sow an acre. Culture similar to other turnips but allow an inch or so more in the rows. Pkt., 10 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 85 cts.; lb., \$3.00.

Round Pod Kidney or Brittle Wax Bean

- 79** A fine early Bean of very high quality and one that we can unhesitatingly recommend. The pods grow up to six inches long and are thick, perfectly round, and of a clear yellow color. So brittle and stringless are the pods that the variety is often called for under the name of Brittle Wax. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

Dreer's Special Crosby's Egyptian Beet

- 145** This special selection of extra early Beet is as great an improvement over the ordinary Crosby Egyptian as the latter variety is over the old-time Egyptian Blood Turnip Beet and is valuable both for the private gardener and the amateur, on account of its reliability to produce a uniform crop of best quality. The skin is very smooth, bright red and flesh vermillion, very sweet and tender. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$1.75.

Sprouting Broccoli "Calabrese"

- 179** Of easy culture, it can be grown for an early crop, starting seeds in hotbed or greenhouse in February or March and later transplanting the same as Cabbage, but we believe it is better grown for fall use, sowing seed in the open bed in May and transplanting later thirty inches apart each way. **One ounce of seed will produce about 2000 plants.**

Plants produce, growing from the centre, green heads somewhat in the form of a Cauliflower and measuring four or five inches across, although not of so compact a form. These are cut out and used before the flower buds open up, and then from the axils of the leaves there gradually will develop thick, fleshy, light green sprouts with buds similar in form to those removed earlier from the centre of the plants, but smaller, ranging from one to three inches across. Cut these with about five or six inches of stem and prepare for the table like Asparagus. They are tender and of a distinct and very agreeable flavor, and will be found a welcome change from the usual green vegetables. The sprouts should be cut regularly, just as soon as sufficiently developed, otherwise they will soon flower and fail to produce further. Pkt., 15 cts.; $\frac{1}{2}$ oz., 75 cts.; oz., \$1.25

Dreer's Wonder Bush Lima

- 111** Very desirable on account of earliness, productiveness and its fixed habit of growing in the dwarf or bush form. The plants are of strong, upright growth, and are completely covered with large pods, many of which contain four beans fully as large as those of the pole limas. The beans are flat and broad and pronounced by many as being superior in flavor to the round, thick-seeded varieties. On account of its unusual earliness, Wonder Bush Lima can be planted well on in the season without much risk of failure. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

Dreer's Matchless Brussels Sprouts

- 183** A selected Danish strain of this highly esteemed, hardy vegetable, grown for the sprouts which are produced along the stem, and are in the form of miniature savoys. The small spoon-shaped leaves wrap around one another and form solid round heads in large quantities, and which are tender and of fine flavor. The heads begin to form at bottom of stem, and when cut away additional heads will form in succession up to the top of stem. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 35 cts.; $\frac{1}{4}$ lb., \$1.00.

Golden Acre Cabbage

- 204** This excellent variety is the earliest round headed Cabbage. It will mature at least 7 days ahead of the earliest strains of Jersey Wakefield, considered the standard Early of the country. The heads of Golden Acre cabbage are perfectly round, firm, and of exceptionally fine texture, heavy mid-ribs being entirely absent. They average in weight about 4 pounds and produce very few outer leaves, permitting close planting in the row. A valuable addition to the list of fine Cabbages. Pkt., 15 cts.; $\frac{1}{2}$ oz., 40 cts.; oz., 75 cts.; $\frac{1}{4}$ lb., \$2.00.

Vegetable Gardening (Watts). Covers every phase of the subject. \$2.50 postpaid.

"CALABRESE" SPROUTING BROCCOLI

GOLDEN PLUME CELERY

Dreer's Perfect Forcing Carrot

- 240** Carrots are, comparatively speaking, of easy culture, taking up a minimum of space in the garden, while the young product are especially nourishing and appetizing. Our Perfect Forcing is of particularly fine quality, and we heartily recommend it. Easily one of the most popular of the early carrots, equally useful for the outdoor garden as well as growing under glass. It is a fine, half long variety of most symmetrical shape, uniform size, and has a remarkably small top. Of attractive bright scarlet color, crisp, and with a singularly small core, so small in fact that in the young product it is hardly noticeable. It is not particular as to soil and yields splendid crops under ordinary home garden conditions. Pkt., 10 cts.; $\frac{1}{2}$ oz., 15 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 70 cts.; lb., \$2.25.

Golden Plume Celery

- 274** A large early Celery of superfine quality and appearance. Large heavy stalks with a full, solid heart of golden yellow, easy to blanch, a good keeper, and always of the crisp, brittle and nutty quality so much desired. Shows a marked resistance to blight, so often affecting the early yellow strains and this with our special strain of Originator's Golden Self-Blanching, offered on page 20, we consider the two finest Golden Celeries in cultivation. Pkt., 25 cts.; $\frac{1}{4}$ oz., \$1.50; $\frac{1}{2}$ oz., \$2.75; oz., \$5.00.

Emperor Celery

- 259** A very special strain of late keeping Celery for winter use. Of dwarf type averaging 18 inches in height, with thick white stalks and large, solid, pale yellow heart. Very crisp, with no stringiness, and of splendid flavor. Pkt., 10 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.75.

Golden Gem Sugar Corn (New)

- 323** Golden Gem, another fine introduction to be credited to the North Dakota Agricultural Experiment Station will produce ears seven or eight days earlier than the Golden Sunshine. This will, undoubtedly, make it of particular interest, especially to our many friends in the northern border states. The ears which are about the same size as Bantam or slightly larger are deliciously sweet and grow very low on a remarkably short stalk. In fact, the lower ear sometimes is on the stalk at a point just below the surface of the soil. We want all of our customers, particularly those who only enjoy a short growing season, to try this valuable variety. Pkt., 15 cts.; $\frac{1}{2}$ lb., 30 cts.; lb., 50 cts.; 2 lbs., 90 cts.; 5 lbs., \$2.00, prepaid.

Early Fortune Cucumber

- 371** A splendid selection of "White Spine," bearing large numbers of handsome, uniform fruits, cylindrical in shape, with very dark green skin and thick flesh, tender and crisp. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.75.

Broad-leaved Dandelion

- 401** The Dandelion until recent years had been known only as a troublesome weed, but it has now been so greatly improved that it is now recognized as a most healthful early spring vegetable, eaten either raw as salad, or cooked and served like greens. Our strain of Broad-leaved Dandelion produces large bushy plants, with broad, succulent leaves of a slightly bitter flavor. Quality is considerably improved by blanching the plants, which can be done by covering them with leaves or other litter, although boarding up like celery or covering with inverted boxes will give better results. Pkt., 20 cts.; $\frac{1}{2}$ oz., 70 cts.; oz., \$1.25; $\frac{1}{4}$ lb., \$4.00.

Dreer's Giant Fringed Endive

- 412** Endive is a plant of rapid growth highly esteemed for table use and in some states can be grown all the year round. This is a strong growing variety with a large white heart and broad stems, good for fall and winter. On account of the beautifully curled and finely cut leaves this variety is used freely for garnishing as well as making a delicious salad. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.

Muskmelon Hearts of Gold, or Imp'd Hoodoo

- 505 The vines make a strong and vigorous growth, which makes them remarkably disease-resistant and subsequently prolific of delightfully flavored fruits. The Melons are of medium size, round, and present a fine, attractive appearance. The rind and flesh are very firm, the skin is thickly netted, and the flesh a rich, deep orange color, fine grained with a very small seed cavity and of remarkable sweetness and spicy flavor. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{2}$ lb., 60 cts.; lb., \$2.00.

Prizetaker Onion

- 578 The large size and handsome appearance of this Onion makes it equally desirable for the home garden or for market. It is strictly "fancy," and is found on fruit stands during the fall, where it is sold as Spanish Onion, and is the onion grown for exhibition at Shows and County Fairs. The true Prizetaker Onion is globe-shape, has pale yellow skin and white flesh, which is very mild and of delicate flavor. No sets are required, as the large Onions are grown the first year from seed sown during the spring, thus making it a very desirable Onion for the home garden. This is a good variety of Onion for sowing under glass in February for transplanting, and when started in this manner immense bulbs can be raised to perfection. This transplanting method also improves their keeping qualities. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 35 cts.; $\frac{1}{2}$ lb., \$1.00; lb., \$3.50.

Dreer's Dwarf Perfection Parsley

- 600 Easily the most perfect strain of this fine and most valuable Parsley. The habit is regular and compact, and the exquisitely fine and prettily curled leaves are set so closely that the form of the plant is almost semi-globular. The color is a wonderful bright pea-green, and flavor surpasses all other Parsley. This variety combines the quality of a fine culinary herb with that of a beautiful decorative plant, and is equally valuable for garnishing purposes and border. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.; lb., \$2.50.

"The President" Pea

- 702 Here is a new introduction of outstanding quality, and which, we are sure will be well received by our many customers. "The President" produces a vine 20 or 22 inches high, strong and vigorous, and rich dark green in color, bearing straight dark green pods in profusion which measure $4\frac{1}{2}$ to $4\frac{3}{4}$ inches in length, always well filled with sweet flavored Peas. Peas are ready for picking in about 68 to 70 days and therefore it is a most valuable sort to plant along with Laxtons Progress, which can be picked 7 or 8 days earlier. A trial pound or two will return a very profitable crop. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; 1 lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

"THE PRESIDENT" PEAS

California Wonder Pepper

- 711 This is a comparatively recent introduction and is fully entitled to space in this special section of our "Garden Book." The plants are sturdy and upright bearing six, seven or eight smooth, blocky fruits, which mostly reach immense size, measuring $4\frac{1}{2}$ inches in length by 4 inches in diameter. The outstanding feature of the fruit, however, is the remarkable thickness of their sweet crisp fleshy walls, making them unequalled for stuffing or for salads, etc. They will keep for a long period after picking, too, and we are sure that California Wonder will win the approval of all who see it. Pkt., 20 cts.; $\frac{1}{2}$ oz., 65 cts.; oz., \$1.00; $\frac{1}{2}$ lb., \$3.00.

New Perfection Radish

- 795 This type of early Radish, having red skin with white tip, has long been a great favorite, and with this variety the white portion extends much farther up than is the case with ordinary Scarlet Turnip White Tip Radish. The general outline is round and size medium, very uniform, with flesh crisp, tender and sparkling. The rapidity of its growth (it can be pulled in 20 days) recommends "New Perfection" for growing in the greenhouse, but it is equally as valuable for sowing in the home garden outdoors. To insure a steady supply of these dainty Radishes for the table, sow seed every 10 days. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{2}$ lb., 50 cts.; lb., \$1.75.

HEARTS OF GOLD MUSKMELONS

New Ruby Radish

- 798** This variety does not attain a large size, but is very attractive and quickly forms a root to a condition suitable for eating. The shape is nearly round, and color of skin deep red; flesh white and very crisp. The tops are not large, and it is a good variety for forcing. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.75.

Long Black Salsify, or Scorzonera

- 834** This is easily grown in the same manner as the other varieties of Salsify, but the fleshy taproot develops a black skin. This sort has the important advantage however, in that the roots if not used may remain in the ground till needed and they will increase in size without losing their tenderness and fine flavor. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25; lb., \$4.50.

Dreer's Improved Long-Standing Spinach

- 845** Most varieties of Spinach have the bad habit of shooting to seed before half of the crop has been disposed of, but the outstanding feature of the above sort is, as its name implies, its remarkable long standing qualities. The plant forms compact thick tufts, with numerous leaves of a rich dark green, broad and pointed, and much crumpled. The leaf stalks are very short, being another important point in favor of this sort. A sowing of this variety every 3 or 4 weeks will insure a constant supply of this healthful vegetable. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 30 cts.; lb., 85 cts.

Cocozelle Bush Squash

- 862** It has only been recently that scientists have discovered the presence of remarkable quantities of vitamins in summer squash, and doctors now prescribe an abundance of squash for children backward in physical development. One of the richest vitamin-bearers among summer squash is Cocozelle Bush, a handsome oblong dark green Italian variety liberally speckled with contrasting marks. Being of compact bush growth, a dozen plants will not take up any more room than a 15 foot row of bush beans and will provide from 2 to 3 dozen handsome fruits averaging 2 to 3 pounds each. This variety is unsurpassed in richness of the cooked product, which is of distinct aromatic flavor and aroma. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

DREER'S IMPROVED LONG STANDING SPINACH

SCARLET TOPPER TOMATO

Scarlet Topper Tomato

- 940** Since the introduction to the Trade of the Break O'Day Tomato, also offered in this catalogue, the Scarlet Topper has been developed to a stage where we feel safe to offer it to our many home gardening friends. This, like Break O'Day must be credited to the valuable breeding work performed by the late Dr. F. J. Pritchard of the U. S. Dept. of Agriculture. Scarlet Topper is a fine early with large smooth globular fruits, ripening to a clear scarlet right up to the stem. Flesh is a rich deep red with few seeds and no core. Vine grows erect and is well foliated. Like all Tomato varieties this sort amply repays liberal fertilizing, and in our opinion Scarlet Topper is worth a place in any garden. Stock limited. Pkt., 25 cts.

Squash

Table Queen or Des Moines

- 879** A splendid small, home garden variety of trailing habit. The numerous fruits are acorn shaped, about six inches long by about four inches thick through, deeply ribbed and tapering to an abrupt point. The skin is a very dark green, while flesh is a deep yellow, thick, dry, and sweet. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

Turnip

Golden Heart Ruta Baga

- 988** No vegetable garden is complete without Turnips and this Ruta Baga is one of the best for late use, and for storing over winter. Unlike most of the sorts now being grown this root is green topped, nearly round with a creamy yellow flesh and very solid and of sweet flavor. Can be stored over winter in a cold dry cellar. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.

Dreer's Complete Vegetable Seed Collections

On page 8 we offer several collections of choice Vegetable Seeds, suitable for gardens of various sizes, and each containing a careful selection of reliable standard sorts in well-balanced quantities.

Have you had "bad luck" with GRASS SEED?

Many people who, year after year, are disappointed with the results they get with their lawns never give a thought to the quality of grass seed they use. They may blame their disappointments on everything from poor soil to bad luck, but they still persist in buying grass seed as grass seed.

Originally, of course, grass seed is a product of Nature, like fruit and vegetables. But it is also a product of selection and cleaning and experience and integrity. In the purchase of fruit and vegetables, your eyes can be your guide to quality; but, in buying grass seed, your only quality guide is the integrity and specialized knowledge of the concern you buy from.

In the first place, lawns are not just lawns, any more than grass seed is merely grass seed. Many variations in soil, climate and other conditions must be considered. Dreer's Celebrated Lawn Grass Seed mixtures are noted for their adaptability to these

various conditions. That is why they have given such uniformly excellent results in every section of the country—on home lawns and private estates, as well as on the grounds of many leading country clubs, athletic clubs, schools and other institutions.

In the important matters of selection and recleaning, integrity, as well as experience and adequate facilities, must be considered. *Dreer's mixtures never contain any cheap annuals, such as Timothy,* because it is our aim to produce permanent results, rather than a quick but temporary effect. Furthermore, when you buy Dreer's lawn grass mixtures, you do not pay for a large percentage of worthless chaff. In some grass seeds, sold principally on "price," this runs as high as 50 per cent.

In other words, Dreer's mixtures are as nearly 100 per cent. of the finest, recleaned new crop grass seed as long experience and the most modern machinery can make them.

DREER'S CELEBRATED LAWN GRASS SEEDS

The "Dreer" Lawn Grass

This is by far the best mixture of grasses offered for the purpose of quickly producing a permanent lawn. It is prepared from our own formula, and is a careful blending of varieties adapted to producing the thick growth and velvety appearance so much sought after. Each variety of grass in its composition is there for a special purpose; some for making strong fibrous roots, which take hold upon the soil and keep the turf in place, others of a creeping nature quickly fill up any bare spots which may be caused by the taller sorts dying down; varieties which are useful for their color value, and also kinds that are able to withstand the beating down of excessive rains.

Whether you want to seed a small grass plot in your yard, or a lawn of more pretentious size, you should use this grass mixture. For the convenience of customers, we put this seed up in various sized packages, from the single pint, which is sufficient to cover 100 square feet of ground, to such quantities as are required for seeding large lawns where six bushels of seed to the acre are required. Per pt., 25 cts.; per qt., 45 cts.; 4 qts., \$1.40; peck, \$2.50, prepaid. By express or freight at purchaser's expense, $\frac{1}{2}$ bushel (10 lbs.), \$4.50; bushel (20 lbs.), \$9.00; 100 lbs., \$44.00.

Dreer's "Shady Place" Grass

Usually it is quite difficult to obtain a satisfactory growth of grass under trees and in shady places. For sowing in such places we recommend the use of this special mixture. It will quickly produce an abundant and even growth of beautiful green grass. The grasses used in making this special mixture are only those that are well adapted for growing in shade, and as it blends well with our regular Lawn Grass Mixture, it may be used on those portions of the lawn which are shaded by trees, buildings, etc., thus covering the whole area with a rich green sward. In spring give a light reseed, then a top dressing of finely screened soil or sand, together with Bone Meal. This will repair the damage done by the winter rains. Per pt., 25 cts.; per qt., 45 cts.; 4 qts., \$1.40; peck, \$2.50, prepaid. By express or freight, at purchaser's expense, $\frac{1}{2}$ bushel (10 lbs.), \$4.50; bushel (20 lbs.), \$9.00; 100 lbs., \$44.00.

Lawns (F. F. Rockwell). A real help to the making and care of the lawn. 87 pages. 39 illustrations, \$1.00, postpaid.

Dreer's Leaflet on Lawn Making is mailed free of charge to any who are interested. Tells how to make and care for the lawn. Write for a copy.

Dreer's "Evergreen" Lawn Grass

This special mixture produces beautiful and permanent lawns. It is made from our own formula, and composed of grasses which are adapted for the purpose of producing turf which retains its rich green color and velvety appearance throughout the entire summer and fall. In making up this brand we are careful to use only seed that has been thoroughly re-cleaned. Per pt., 20 cts.; per qt., 35 cts.; 4 qts., \$1.25; peck, \$2.00, prepaid. By express or freight, at purchaser's expense, $\frac{1}{2}$ bushel (10 lbs.), \$3.50; bushel (20 lbs.), \$7.00; 100 lbs., \$33.50.

Dreer's "Fairmount Park" Lawn Grass

This popular, low priced mixture is well suited for various soil conditions, giving good results even in small city grass plots, where the soil is generally stiff and heavy. It will form a thick turf in a very short time and is well suited for lawns and other spaces having considerable hard wear. It is also valuable for use on embankments and terraces; also for renovating old, worn-out lawns. Per pt., 15 cts.; per qt., 25 cts.; 4 qts., 95 cts.; peck, \$1.75, prepaid. By express or freight, at purchaser's expense, $\frac{1}{2}$ bushel (10 lbs.), \$3.00; bushel (20 lbs.), \$6.00; 100 lbs., \$28.00.

Dreer's "Golf Links" Grass

Prepared from a special formula, with the object of producing a thick turf that will stand the hard usage suffered by the average Fairway. For the Golf Course, Teeing Ground, Football and Polo Fields and other Athletic Grounds, or for the Lawn which has to withstand hard wear, this mixture will give perfect satisfaction. Per pt., 20 cts.; per qt., 35 cts.; 4 qts., \$1.25; peck, \$2.00, prepaid. By express or freight, at purchaser's expense, $\frac{1}{2}$ bushel (10 lbs.), \$3.50; bushel (20 lbs.), \$7.00; 100 lbs., \$33.50.

Dreer's "Putting Green" Mixture

A careful study of the requirements for making the most substantial turf for Putting Greens developed the extra heavy mixture herewith offered by us for this purpose. The varieties comprising it are all of the fine-bladed, low-growing and most hardy kinds, and maintain their rich, green color throughout the season. For Tennis Courts, Cricket Tables, and wherever a billiard table smoothness is necessary, this superfine mixture will give the desired result. Per pt., 40 cts.; per qt., 75 cts.; 4 qts., \$2.40; peck, \$4.50, prepaid. By express or freight, at purchaser's expense, $\frac{1}{2}$ bushel (12 $\frac{1}{2}$ lbs.), \$8.25; bushel (25 lbs.), \$16.50; 100 lbs., \$65.00.

"Seashore" Lawn Grass

A rich, green lawn is especially desirable at the seashore, but unless the right mixture of grasses and clover are used the result will be disappointing. Our Seashore Lawn Grass is composed of strong-rooted varieties which quickly produce a good turf. In preparing the land it should first be top-dressed with about four inches of good soil, as grass will not grow well in pure sand, but the seeds will quickly germinate in the top-soil and make strong roots, which reach down into the sand for moisture. In order to keep the seaside lawn in good condition it should be watered liberally every evening, and also have an occasional application of our sterilized Sheep Manure in order to keep up a vigorous growth. Per pt., 25 cts.; per qt., 45 cts.; 4 qts., \$1.40; peck, \$2.50, prepaid. By express or freight, at purchaser's expense, $\frac{1}{2}$ bushel (10 lbs.), \$4.50; bushel (20 lbs.), \$9.00; 100 lbs., \$44.00.

"Southern" Lawn Grass

It has heretofore, always been a difficult task, in tropical and semi-tropical climates, to keep the lawn attractive, but we can recommend this special mixture of Grass Seeds, peculiarly adapted by maturing at different seasons, for providing an all the year round green lawn in Southern States, subjected as they are to long hot summers. With this seed and given the usual attention in the way of watering and fertilizing, an excellent lawn may be maintained. Per pt., 25 cts.; per qt., 45 cts.; 4 qts., \$1.40; peck, \$2.50, prepaid. By express or freight, at purchaser's expense, $\frac{1}{2}$ bushel (10 lbs.), \$4.50; bushel (20 lbs.), \$9.00; 100 lbs., \$44.00.

Dreer's Terrace Grass

Ordinary lawn grass will not hold the soil on terraces and embankments, which require a thick turf, composed of varieties which make strong roots to take hold of the soil and prevent washing by heavy rains. Our Terrace Grass is a carefully prepared combination of such grasses as will fill the requirements by making a quick growth of grass which will form a strong mat and present a good appearance. It will grow well anywhere, but it is best to enrich the soil with our sterilized Sheep Manure, or with Bone Meal, in order to provide nourishment to the young roots and give a vigorous start to their growth. Per pt., 25 cts.; per qt., 45 cts.; 4 qts., \$1.40; peck, \$2.50, prepaid. By express or freight at purchaser's expense, $\frac{1}{2}$ bushel (10 lbs.), \$4.50; bushel (20 lbs.), \$9.00; 100 lbs., \$44.00.

White Dutch Clover Seed

Excellent for use on lawns; forms a close very dwarf herbage and will keep green during long periods of hot dry weather. Oz., 10 cts.; $\frac{1}{2}$ lb., 30 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., 95 cts.; postpaid. By express or freight, at purchaser's expense, lb., 85 cts.; 5 lbs., \$4.00; 10 lbs., \$7.75; bushel (60 lbs.), \$45.00; 100 lbs., \$75.00.

DREER'S COLLECTIONS OF CHOICE VEGETABLE SEEDS

These Collections are particularly helpful to those of our customers who are unable to decide on their own selection of varieties and all the sorts used in their composition are of fine quality and thoroughly reliable, and include only standard vegetables, which go to make a complete and profitable garden. We offer three Collections of varying size and price which allow quite a saving, as the quantities offered here if bought separately would cost considerably more.

These Collections are packed ready for mailing and no alterations can be made.

THE "BUNGALOW" COLLECTION—\$1.50, Prepaid

1 pkt. Dwarf Beans, Stringless, Green Pod.
1 pkt. " " Golden Wax Pod.
1 oz. Beet, Early Detroit.
1 pkt. " Swiss Chard.
1 pkt. Cabbage, Copenhagen Market.
1 pkt. Carrot, Dreer's Rubicon.
1 pkt. Corn, Golden Bantam.
1 pkt. Cucumber, White Spine.
1 pkt. Kale, Imperial.

1 pkt. Lettuce, Big Boston.
1 pkt. Parsley, Moss Curled.
1 pkt. Onion, Yellow Globe.
1 pkt. Peas, Electric Extra Early.
1 pkt. " Potlatch, Late.
1 oz. Radish, Cardinal Globe.
½ lb. Spinach, Long Standing.
1 oz. Turnip, White Globe.

THE "COTTAGE" COLLECTION—\$3.00, Prepaid

½ lb. Dwarf Beans, Valentine Green Pod.
½ lb. " " Sure Crop Wax Pod.
½ lb. " " Bush Lima.
1 oz. Beet, Globe.
1 oz. " Swiss Chard.
1 pkt. Cabbage, Jersey Wakefield.
1 oz. Carrot, Danvers.
1 pkt. Cucumber, White Spine.
½ lb. Corn, Aristocrat.
½ lb. " Country Gent.
1 pkt. Kale, Imperial.
1 pkt. Kohl-Rabi.
1 pkt. Lettuce, All Heart.

1 pkt. Muskmelon, Rocky Ford.
1 pkt. Onion, Yellow Globe.
1 pkt. Parsley, Moss Curled.
½ lb. Peas, Dreer's Electric, Extra Early.
½ lb. " Dwarf Telephone, Late.
1 oz. Radish, Crimson Ball.
¼ lb. Spinach, Long Standing.
¼ lb. " Savoy.
1 pkt. Squash, Jersey Bush.
1 pkt. Tomato, Selected Stone.
1 oz. Turnip, Snowball.
1 oz. " Ruta Baga.

THE "VILLA" COLLECTION—\$5.00, Prepaid

1 lb. Dwarf Beans, Giant Stringless Green Pod.
1 lb. " " Sure Crop Wax Pod.
1 lb. " " Dreer's Lima.
½ lb. Pole Beans, Dreer's Improved Lima.
1 oz. Beet, Special Crosby's Egyptian.
1 oz. " Swiss Chard.
1 pkt. Cabbage, Jersey Wakefield.
1 pkt. " Late Flat Dutch.
1 pkt. " Chinese, Peking.
1 oz. Carrot, Danvers.
1 pkt. Cauliflower.
1 pkt. Cucumber, White Spine.
1 lb. Corn, Golden Bantam.
1 lb. " Evergreen.
1 pkt. Endive, Curled.
1 pkt. Kohl-Rabi, Purple Vienna.
1 pkt. Leek, Prizetaker.

1 pkt. Lettuce, Big Boston.
1 pkt. " Cos, or Romaine.
1 pkt. Muskmelon, Early.
1 oz. Parsley, Moss Curled.
1 oz. Onion, Yellow Globe.
1 oz. " White Globe.
1 lb. Peas, Dreer's Eureka, Extra Early.
1 lb. " Senator, 2nd Early.
1 lb. " Dwarf Champion, Late.
1 oz. Radish, Crimson Ball.
1 oz. " Icicle.
½ lb. Spinach, Savoy.
½ lb. " Long Standing.
1 pkt. Tomato, Bonny Best.
1 oz. Turnip, Yellow Globe.
1 oz. " Purple Top Ruta Baga.

For Ninety-four Years a Standard for both Purity and Vitality among the Best Gardeners of this Country.

The Cultural Directions given in this book are for growing Vegetables in the latitude of Philadelphia. Persons living in a more Southern Latitude should start earlier, while those living farther north should begin to plant later.

Hotbeds and Cold Frames should be more generally used, even by those having small gardens. A leaflet on "Making and Care of Hotbed and Cold Frames," will gladly be mailed free to anyone requesting it when ordering.

ARTICHOKE

Artichaut, FR.

Alcachofa, SP.

Artischoke, GER.

1 Large Green Globe. The scales and bottom of flower head are eaten either boiled, or raw as a salad. The young suckers are sometimes tied together, blanched and served like Asparagus. The plants thrive best in deep, rich soil, and are set in rows 3 feet apart and 2 to 3 feet apart in the row. The crowns should be covered with coal ashes in winter to shed water, and over these a covering of leaves, held in place by earth or litter. When spring arrives remove leaves, but do not disturb ashes until signs of growth appear, after which the ashes should be spread out over the ground. Seeds may be sown indoors and plants potted same as the Tomato and set out in April or May, or can be sown in hills outside, and thinned out to one plant in hill. Pkt., 15 cts.; $\frac{1}{2}$ oz., 50 cts.; oz., 90 cts.; $\frac{1}{4}$ lb., \$3.00.

Artichoke Plants

Plants of Dreer's Selected Large Green Artichoke. Artichokes are not always satisfactory when grown from seed, owing to the numerous undesirable types thus produced. We have arranged to furnish plants of this variety, which is the best kind sold in the Paris market. Per doz., \$1.50; per 100, \$10.00, by express. **Ready April and May.**

ASPARAGUS SEED

Asperge, FR.

Esparrago, SP.

Spargel, GER.

One ounce will produce about 200 plants, 4 to 5 pounds to the acre.

Leaflet on Asparagus Culture, giving directions for preparing the bed, planting, etc., will be mailed free on request.

14 Pedigreed Washington. The result of careful breeding, it grows large straight shoots, dark green in color with heavy overtone. The tips are tight and firm and do not open out or begin to branch until well out of the ground, making the finest kind of green Asparagus both for home use and market. It is nearer to being rust-proof than any other variety, and the large, luscious stalks will be greatly appreciated. Pkt., 10 cts.; $\frac{1}{2}$ oz., 15 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.; lb., \$2.50.

12 Mary Washington. A special selection from Pedigreed Washington, being earlier and larger, and the stalks slightly oval in form. Produces large healthy seedlings, impervious to rust. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 85 cts.; lb., \$3.00.

8 Dreer's Eclipse. This variety is the result of a most careful selection, and "breeding up," to the large type, yet retaining that delicate light green color and tender quality desired. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$1.50.

10 Palmetto. An early green variety, prolific and very good quality. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.

Asparagus Roots

We can furnish the varieties listed in selected one-year-old roots. We are not handling two-year or older stock, the one-year-old roots are used by all experienced growers and are the best size for transplanting. See page 210.

Washington. The well known rust resisting variety. 50 cts. per doz.; \$1.75 per 100; \$15.00 per 1000.

Other varieties (see page 210). 30 cts. per doz.; \$1.00 per 100; \$8.00 per 1000.

MARY WASHINGTON ASPARAGUS

Haricots, FR.

BEANS—Dwarf or Bush

*Habichuela, SP.
Bohnen, GER.*

One pound will plant about fifty feet of drill.

CULTURE—Plant any time after the weather has become firmly settled, say around middle of May in the latitude of Philadelphia. Most any soil will bear good crops, but well enriched sandy loam will give biggest returns per square foot. Sow seeds in rows 2 to 2½ feet apart, dropping the beans four inches apart in the row, covering about 2 inches deep. Hoe as soon as seedlings appear, and when they begin to form second or third pair of leaves, hill the rows slightly to support the plants. Repeat this hilling process as the plants grow larger, bearing in mind, however, that beans should never be cultivated while wet with either dew or rain. For a succession of young, brittle pods, sow every other week up to August 1st.

59 Mammoth Stringless Green Pod. Among almost a score of perfectly stringless bush beans available in either green- or yellow-podded varieties, this sort ranks unique as a producer of handsome, brittle pods borne over a long period. Mammoth Stringless comes into bearing within 70 days after seeds are planted and continues to bear for the best part of a month. The pods are perfectly round, slightly saddle-backed, averaging 6 inches long by ½ inch thick through. The cooked product is of exceptionally fine flavor, a true bean flavor not found frequently in even our best varieties. While Mammoth Stringless Bean will do well wherever beans grow, it does best on clay soils and heavier uplands. Pkt., 10 cts., postpaid; ½ lb., 25 cts.; lb., 35 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.

41 Masterpiece Forcing. A thrifty, healthy grower, producing an abundance of large green pods, which are straight, broad, thick and of excellent quality. We consider this the best variety for growing under glass, as it is a fast grower and matures the crop at an early season. Grown outdoors, Masterpiece will develop strings as it becomes old. Pkt., 15 cts.; ½ lb., 35 cts.; lb., 60 cts.; 2 lbs., \$1.00; 5 lbs., \$2.25, prepaid.

57 Stringless Green Pod. First pods ready for use within 65 days after sowing seeds. Remains tender and crisp a long time after reaching full size. Pods are pale green, long and round, meaty and of excellent flavor. The plants have a spreading habit of growth and produce large quantities of pods which are very uniform both in size and shape. A fine canning sort. Pkt., 10 cts.; ½ lb., 25 cts.; lb., 35 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.

20 Black Valentine. Of handsome appearance and for this reason it is very popular. It may be planted earlier than other varieties of Beans, as it withstands considerable cold, damp weather. The plants make a strong healthy growth and produce a heavy crop of pods, which are dark green in color, about six inches long, straight and nearly round. Develops a little fibre unless gathered while young, when it is of fine quality. Does well under adverse conditions and can be depended upon no matter when planted during the season. Pkt., 10 cts.; ½ lb., 25 cts.; lb., 35 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.

23 Bountiful. (See Specialties, 2nd Cover, and page 1.) Pkt., 10 cts.; ½ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

Dreer's Complete Vegetable Seed Collections

On page 8 we offer several collections of choice Vegetable Seeds, suitable for gardens of various sizes, and each containing a careful selection of reliable standard sorts in well-balanced quantities.

STRINGLESS GREEN POD BEANS

28 Dwarf Horticultural. Pods large, color green splashed with red—mostly used for shell beans, but makes a good snap bean, being almost stringless. Pkt., 10 cts.; ½ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

50 Improved Extra Early Red Valentine. A standard extra early and always reliable and an established favorite for many years. Pods ready for use within 45 days after sowing seeds. They are of medium size, round, slightly curved and of excellent quality. Our strain has been selected especially for earliness and good quality. Pkt., 10 cts.; ½ lb., 25 cts.; lb., 35 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.

38 Keeney's Stringless Refugee. A decided improvement over the old Thousand-to-one Refugee, which was somewhat stringy. The plants of this sort are late in maturing, grow to large size and are very productive. The pod is thick, round, average five inches long, are slightly curved, light green in color, very brittle and of good quality, altogether, a splendid late sort. An excellent home canner. Pkt., 10 cts.; ½ lb., 25 cts.; lb., 45 cts.; 2 lbs., 80 cts.; 5 lbs., \$1.85, prepaid.

MAMMOTH STRINGLESS GREEN POD BEANS

BEANS—Continued

Wax or Yellow-Podded Varieties

- 65 Improved Black Wax or Pencil Pod.** An extra fine, early Bean of the highest quality, and, characteristic of the black seeded varieties, may be planted earlier than seed of other colors, being very much hardier. Pods are from 6 to 7 inches long, round, nearly straight, positively stringless and of a clear yellow. Plants are very strong and bear abundantly and this is undoubtedly one of the most useful wax beans now offered. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.
- 71 Improved Rust-proof Golden Wax.** The vines grow erect and bear the pods well off the ground, thus preventing rust and rot. The pods average five inches long, are quite fleshy, straight, broad, flat and of a rich golden yellow color, stringless at all stages. A sure cropper for the small garden. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 35 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.
- 79 Round Pod Kidney, or Brittle Wax.** (See Specialties, page 2.) Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.
- 76 Stringless Refugee Wax.** A main crop, hardy, vigorous variety, producing large, round meaty pods, stringless and of excellent quality. The best yellow podded canner either commercially or for the home. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 45 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.
- 84 Sure Crop Stringless Wax.** This we think of as a worthy companion to Bountiful among the green podded varieties. Sure Crop Stringless Wax very much resembles Bountiful in the sturdy character and disease resistant constitution of its plants. It also starts bearing within 60 days after seeds are sown, but if anything its bearing season is longer. The pods average 6 to 7 inches long, are very meaty, flat but thick through, and we have

IMPROVED RUST-PROOF GOLDEN WAX BEANS

never found a stringy specimen in our trials extending over more than ten years. In common with most black-seeded varieties, Sure Crop Stringless Wax is very hardy and may therefore be planted several days earlier than the light-seeded varieties. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

Our well known brands of choice Lawn Grasses are offered on pages 6-7.

IMPROVED BLACK WAX OR PENCIL POD BEANS

- 86 Unrivald Wax.** Ready for gathering within 65 days after seeds are sown. A robust grower, it withstands considerable rainy weather. The pods are light yellow in color, long, flat, slightly curved at the end, very fleshy, tender and of excellent quality. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.
- 88 Wardwell's Kidney Wax.** Most popular market variety on account of its handsome appearance and good shipping qualities. Long, flat pods of a delicate waxy yellow; stringless and brittle. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.
- 90 Webber, or Crackerjack Wax.** Of first quality, bearing long, flat broad pods, slightly curved and quite stringless. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs. \$1.75, prepaid.

Dwarf Varieties of Shell Beans

Culture—These are grown to maturity, dried, shelled, and stored for winter use, being used exclusively for baking and for soups. Superior in every way to canned beans. No garden should be without a few rows of these very year. Plant when ground is warm in spring and up to July 1st, in rows 2 feet apart and beans 3 inches apart, 1 $\frac{1}{2}$ inches deep. Keep well hoed and draw the earth up to the stems, but only when dry, as working when wet with rain or dew will cause rust and injure the crop.

	Pkt.	$\frac{1}{2}$ lb.	Lb.	2 lbs.	5 lbs.
93 Boston Pea Bean (Navy)	\$0 10	\$0 25	\$0 35	\$0 65	\$1 50
95 Red Kidney	10	25	35	65	1 50
97 White Kidney, or Royal Dwarf	10	25	35	65	1 50
99 White Marrowfat	10	25	35	65	1 50

BUSH LIMA BEANS

CULTURE—Lima Beans are very susceptible to cold and seeds should not be planted until the ground has become thoroughly warm. Sow about the same time that maple trees unfold their first leaves. Being gross feeders, they should be sown on well enriched land, with the rows $2\frac{1}{2}$ feet apart, dropping the bean six inches apart in the row, **eye down**. The two halves of the Lima Bean become its seedling leaves, and unless the Beans are placed "eye down" the young plants find it most difficult to push through the soil. Frequently the neck of the seedling is broken in the attempt which of course stands for loss of the plant. In light soil, cover about one inch deep, less on heavier soils. A good fertilizer applied at the rate of 20 pounds to every hundred feet of row, when the plants begin to bloom, will materially increase the yields. Hill plants slightly earlier in the season to hold the pods off the ground. **One pound will plant 50 feet of row.**

THE "DREER"
BUSH LIMA BEAN

103 Burpee Improved Bush Lima. The plants are strong and vigorous, producing large numbers of handsome pods, grown in clusters and well filled with Beans. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 45 cts.; 2 lbs., 85 cts.; 5 lbs., \$2.00, prepaid.

105 Dreer's Bush Lima. Comes in a week or ten days later than our Wonder Bush. The Beans are packed close together in the pods, producing usually four beans each, sometimes five, and are thick, sweet and succulent. An excellent variety, which is particularly valuable for the home garden on account of its heavy cropping qualities. Pkt., 15 cts.; $\frac{1}{2}$ lb., 30 cts.; lb., 50 cts.; 2 lbs., 90 cts.; 5 lbs., \$2.00, prepaid.

111 Dreer's Wonder Bush Lima. (See Specialties, page 2.) Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

107 Fordhook Bush Lima. This most excellent variety gains in popularity each succeeding year. It produces many large pods in clusters and each pod is well filled with 4 or 5 large beans, which are very thick through and of excellent flavor. A great seller on market, and a favorite wherever Bush Lima Beans are grown. Pkt., 15 cts.; $\frac{1}{2}$ lb., 30 cts.; lb., 50 cts.; 2 lbs., 90 cts.; 5 lbs., \$2.00, prepaid.

109 Henderson's Bush Lima. The popular Baby Lima. A bush form of Sieva or Small Lima type, which is largely grown by those who prefer the small size beans, and also in big demand for canning. The plants grow about 20 inches high and are very productive, bearing well filled pods, continuously throughout the season. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

FORDHOOK BUSH LIMA BEANS

POLE LIMA BEANS

CULTURE—Pole Limas are even more tender than the Bush type and should not be planted until toward end of May, or when all danger of frost is passed. Set the poles about 4 feet apart each way and plant 4 to 6 beans, eye downward, around each pole. When plants are up, thin out to 3 plants to a pole. Pinch off the ends when plants overrun the top of the poles. It is well to use a shovelful of rich, light, well-rotted compost to each hill. **One pound of seed will plant 75 to 100 hills.**

115 Carpinteria Lima. Vines are vigorous and make strong growth, producing large quantities of pods, usually containing four large Beans, which are thicker than the ordinary lima, and retain their pale green color even when in the dry state. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 45 cts.; 2 lbs., 80 cts.; 5 lbs., \$1.85, prepaid.

122 Early Leviathan Lima. The earliest large podded Pole variety in cultivation and an enormous cropper. The shelled beans are of excellent quality. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 45 cts.; 2 lbs., 80 cts.; 5 lbs., \$1.85, prepaid.

EARLY LEVIATHAN POLE LIMA BEAN

ALL VEGETABLE SEEDS in quantities offered in this Catalog are **FORWARDED TRANSPORTATION PAID**, anywhere in the United States, we reserving the privilege of shipping either by **PARCEL POST, EXPRESS** or **FREIGHT**.

POLE LIMA BEANS Continued

- 117 Dreer's Improved Pole.** In some sections this variety is called Challenger, or Potato Lima. Plants strong, medium late and very productive. Pods contain 4 or 5 thick light green Beans, and shells out more Beans from a given number of pods than any other Pole Lima. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 45 cts.; 2 lbs., 85 cts.; 5 lbs., \$1.95, prepaid.
- 121 King of the Garden.** An old favorite variety of vigorous growth bearing large dark green pods with four or five large white beans of good quality. An improved Large White Lima. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 45 cts.; 2 lbs., 80 cts.; 5 lbs., \$1.85, prepaid.
- 125 Small Lima, or Sieva.** Poles literally loaded with well filled pods. Beans small and white, like the Henderson Bush variety and of fine flavor. This is a fine bean for home canning. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

DREER'S IMPROVED POLE LIMA

- 132 White Creaseback, or Best of All.** Early, productive and fine quality; pods about 5 inches long and are produced in clusters. Should be gathered while young. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 35 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.

- 127 Horticultural, or Speckled Cranberry.** Grown for shell beans exclusively, for, unless used while quite young, pods show strings. Pods 5 inches long, pale green, but become streaked with red when mature. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 35 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.

- 131 Scarlet Runner.** Largely grown as an ornamental, for its attractive flower clusters. The shelled beans are quite palatable and serve the same purpose as shelled Limas. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 45 cts.; 2 lbs., 80 cts.; 5 lbs., \$1.85, prepaid.

Wax Pod Varieties

- 137 Kentucky Wonder Wax.** A yellow podded "Kentucky Wonder," which bears a large quantity of rich golden-yellow pods from the time the plant is about half grown until it is killed by frost in the fall. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

- 136 Dreer's Golden Cluster Wax.** Introduced by us over 40 years ago. The handsome pods are 6 inches long by $\frac{3}{4}$ inch broad, and are borne in clusters of 4 to 6 and hang on the plants literally by the handful. Those pods that are not gathered while young will ripen a very useful white product of dry shell beans. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

POLE or RUNNING BEANS

CULTURE—In common with Pole Limas (see culture directions on page 12), these are rank growers and consequently rank feeders. Do not attempt to grow Pole Beans on poor, thin soil, but enrich the hills well with liberal quantities of well-rotted manure or humus. **One pound will plant 100 hills.**

Green Pod Varieties

- 128 Kentucky Wonder or Old Homestead.** Combines size and quality in an extraordinary degree. Pods are generally borne in clusters of 2 or 4, individual pods averaging 7 or 8 inches long. They are deeply saddle backed, very fleshy and develop a slight string. Kentucky Wonder matures the bulk of its crop in from 80 to 100 days. Where poles are not available, wire or heavy, string supports should be provided since the vines are rank growers, bearing exceptionally heavy crops. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 35 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.

- 129 Lazy Wife's.** A late variety, excellent for snap-shorts or shelled. Pods about 6 inches long and are thick, meaty and of fine flavor. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

SMALL LIMA OR SIEVA BEANS

KENTUCKY WONDER WAX POLE BEANS

Betterave, Fr.

BEETS

Remolacha, Sp.
Rube, GER.

One ounce will sow 50 feet of drill; 6 lbs. for an acre.

One of the earliest vegetables the garden yields and one of the first to be sown or planted into the garden. For an extra early supply, sow seeds in a hotbed or cold frame by middle of March. Be sure to press the soil in firm contact with the seeds to insure prompt and even germination. By middle of April, plants will be 4 inches tall, when they should be set out in the garden in rows 18 inches apart, with the seedlings four inches apart in the row. For a continuous supply throughout the season, make the first sowing outdoors along middle of April and again every two weeks up to August 1st. To be most palatable, Beets should be eaten while quite young, when the bulbs average two inches in diameter, no more. To secure a good start outdoors, the gardener should always walk over the rows after the seeds are sown. To secure a uniformly well shaped product, seedlings should be thinned out to stand 3 to 4 inches apart in the row. Those that are pulled up will make good greens or may be transplanted into other rows.

DREER'S EXCELSIOR BEET

- 140 Bastian's Half-long Blood.** An excellent variety particularly for fall or winter use. The roots are smooth, flesh bright red and the quality is very good. It is a splendid keeper, and for winter use the seed should be sown early in July. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$1.75.
- 142 Crimson Globe.** This Beet is remarkable for its smooth skin and good shape. It is a second early variety, does not grow large and coarse, the matured Beets being medium in size and rather oblong in shape. The flesh and skin are both very dark and quality fine, being sweet and tender. We are confident that this Beet will please all who plant it. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.
- 144 Crosby's Egyptian.** Slightly later than the following sort, and not quite so dark in color. Ready while small and at all times tender and sweet. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.
- 145 Crosby's Egyptian, Dreer's Special.** (See Specialties, page 2.) Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$1.75.
- 147 Dark-leaved Globe.** A splendid type of the blood-turnip variety. Dark color of flesh and attractive shape combine to make it an exceedingly desirable sort. The quality is excellent. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.
- 151 Dreer's Excelsior.** Matures fully as early as any variety of turnip-shape Beet known, and grows to a uniform size and shape. The flesh is deep blood-red, remarkably sweet and tender, retaining all of its good qualities until quite large. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.

- 149 Detroit Dark Red.** A choice early variety. The tops make a small and upright growth, thus allowing of planting in close rows, a valuable feature where space is limited. The roots are globe shaped, skin and flesh a deep red showing no light zones. The Beets are sweet when cooked, and it is a splendid variety for canning. Ready for use within 60 days after sowing seeds. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.
- 141 Early Bassano.** An old-time excellent early, growing to a large size without getting "woody." Flesh is white and rose-colored, but is probably sweeter than any other Beet in our list. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.
- 155 Early Eclipse.** A well known and reliable early, one of the first to be ready for table and exceptionally sweet. Flesh is bright red with lighter zones. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.
- 164 Early Wonder.** An early variety, similar in type to Crosby's Egyptian. Globe shaped and very uniform in size, skin smooth, and flesh a deep blood red and extremely tender. It is admirably suited to the home garden and also on account of its earliness and super-fine quality, valuable to the Market Gardener. Good for spring or late summer sowing. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$1.75.
- 152 Edmand's Blood Turnip.** This fine second-early Beet grows with a short top, skin dark red, flesh purple, slightly zoned and very sweet and tender. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.
- 153 Extra Early Egyptian.** A very early sort with roots rounded on top, but flat at bottom end. Flesh a very deep red with slightly lighter zoning, of good quality. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.
- 157 Lentz.** For those who prefer a light colored Beet, we recommend this variety. An extra early round Beet. Very attractive color, being a rich red with light zones. A good forcer under glass. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.
- 159 Long Dark Blood.** A good late variety. Roots grow about 8 inches long and tapering, have smooth dark red skin and the flesh is of good quality. Deserves wider popularity. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.

EARLY DETROIT BEET

Sow Early Beet every two weeks, to insure a supply of tender roots

GIANT LUCULLUS SWISS CHARD

BRUSSELS SPROUTS

Chou de Bruxelles, FR.

Rosen Kohl, GER.

Bretones de Bruselas, SP.

CULTURE—Sow seed for plants in frames or open ground. Set plants in early spring, and for succession up to July, making rows 3 feet apart and having the plants stand 1½ to 2 feet apart in the row. Cultivate same as Cabbages. **One ounce will produce about 2500 plants.**

183 Dreer's Select Matchless. (See Specialties, page 2.)

Pkt., 10 cts.; ½ oz., 20 cts.;
oz., 35 cts.; ¼ lb., \$1.00.

182 Long Island Half Dwarf.

An American variety, thoroughly acclimated; dwarf, robust habit; will endure the climatic changes better than the foreign sorts, and much freer from mildew and aphids. Pkt., 10 cts.; ½ oz., 20 cts.; oz., 30 cts.; ¼ lb., 80 cts.

LONG ISLAND BRUSSELS SPROUTS

BROCCOLI

Chou-Brocoli, FR.

Brocoli, SP.

Spargel Kohl, GER.

Used in the same manner as Cauliflower and the method of culture is the same. It thrives best in rich soil and during cool weather, and is greatly aided in its growth by frequent hoeing and watering. Sow seed in hotbed in January or February and transplant into cold frames, 2 or 3 inches each way. Set out in open ground early in spring, about 2½ feet apart. To obtain the best flavor, Broccoli should be cooked soon after being cut. **One ounce will produce about 1500 plants.**

179 Calabrese, Sprouting. (See Specialties, page 2.) Pkt., 15 cts.; ½ oz., 75 cts.; oz., \$1.25.

180 White Cape. An excellent variety, forming heads of a creamy-white color and of good flavor. We have obtained an excellent strain of this, many heads being quite equal to Cauliflower. Pkt., 10 cts.; ½ oz., 40 cts.; oz., 75 cts.; ¼ lb., \$2.50.

SINGLE SPROUT OF CALABRESE SPROUTING BROCCOLI

SWISS CHARD

One ounce will sow 100 feet of row.

CULTURE—Sow in drills 1 foot apart and 1 inch deep, as early as the ground can be worked, and when large enough thin out to stand 6 inches apart in the row. Continue sowings for succession crops, until the middle of July.

167 Giant Lucullus. Makes large curly leaves, which may be cut all summer, with thick light-colored mid-ribs, which are delicious when cooked and served like asparagus, while the leafy parts make excellent "greens." Pkt., 10 cts.; oz., 20 cts.; ¼ lb., 50 cts.; lb., \$1.50.

169 Lyons. Produces dark green curled leaves, with very broad, white mid-ribs. Fine appearance and splendid cooking qualities. Pkt., 10 cts.; oz., 25 cts.; ¼ lb., 60 cts.; lb., \$1.75.

168 Swiss Chard, or Silver Beet. Produces large light-colored leaves, has a mild flavor and continues to grow all summer. Pkt., 10 cts.; oz., 20 cts.; ¼ lb., 45 cts.; lb., \$1.25.

Mangel Wurzel and Sugar Beets
on Pages 46 and 47

Chou pomme, FR.

CABBAGE

Col repello, SP.
Kohl-Kraut, GER.

Sow one ounce for 2,000 plants, 6 ounces for one acre.

CULTURE—One of the few vegetables that American home gardeners may enjoy the year around and here is a program whereby to obtain a well balanced supply of firm heads of high quality. Toward end of February, sow seeds of either Jersey Wakefield, Copenhagen Market, or any other early variety, transplanting the seedlings into flats four inches apart each way as soon as they become large enough to be handled. Harden these by gradually giving them more air each day and set into rows 2½ feet apart with the plants about 2 feet apart in the row; cultivate freely and water regularly if the natural rainfall proves deficient. About April 1st or as soon as the soil can be put in good condition outdoors, sow seeds of the same varieties together with some summer sorts like All Seasons, Early Summer, Succession, etc. This planting will provide Cabbage from middle of July until late in the fall. About middle of May, sow seeds of late winter keeping varieties like Danish Ballhead, Dreer's Select Flat Dutch, and others, thinning out the plants to stand 4 inches apart in the row as soon as they are large enough to be handled. By July 1st, set these plants in rows 3 feet apart with the plants 2 feet apart in the row, cultivating and watering regularly. Should the white cabbage bug prove troublesome, sprinkle with slug shot, tobacco dust or Whale Oil Soap solution, in short, any safe remedy not containing arsenic or other poisons.

COPENHAGEN MARKET CABBAGE

Early Varieties of Special Merit

- 191 Charleston, or Large Wakefield.** A week later but much larger than Early Jersey Wakefield and has all of the fine qualities of the latter. An excellent large early. Pkt., 10 cts.; ½ oz., 25 cts.; oz., 40 cts.; ¼ lb., \$1.25.
- 193 Copenhagen Market.** This excellent variety can be depended upon for making large solid heads at an early season. The heads are grown upon a remarkably short stem, are solid and large in size, weighing 7 to 10 pounds, with light green leaves and of good quality. It is the largest of the early round-headed varieties, and its habit of growth allows of its being planted close together in the garden. Pkt., 10 cts.; ½ oz., 35 cts.; oz., 60 cts.; ¼ lb., \$1.75.

EARLY JERSEY WAKEFIELD CABBAGE

204 Golden Acre. (See Specialties, page 2.) Pkt., 15 cts.; ½ oz., 40 cts.; oz., 75 cts.; ¼ lb., \$2.00.

206 Early Jersey Wakefield. Although the round headed sorts offered above are becoming increasingly popular, this old standard sort still has a host of friends. Thus we are extremely careful of our stock of this, and have confidence that our seed will produce early, solid pointed heads of splendid uniformity. Neither quality nor fine texture are lacking, leaves having very small midribs, which improve both appearance and flavor when cooked. Pkt., 10 cts.; ½ oz., 25 cts.; oz., 40 cts.; ¼ lb., \$1.25.

208 Small Extra Early Jersey Wakefield. The earliest strain of the type, perfecting shapely narrow pointed heads, averaging 5 lbs. each within 90 days after seeds are sown. Of compact growth and heads very solid. Pkt., 10 cts.; ½ oz., 40 cts.; oz., 75 cts.; ¼ lb., \$2.00.

EARLY SUMMER CABBAGE

Second-early and Main Crop

- 185 All Head Early.** The leading second-early sort, large, uniform, very solid, and plants are of compact growth. It may also be planted late for fall and winter use, as it is a good keeper for a 110 day variety. A good kraut cabbage. Pkt., 10 cts.; ½ oz., 20 cts.; oz., 40 cts.; ¼ lb., \$1.00.
- 187 All-Season Selected (Vandergaw).** A mid-season Drumhead with heads of the largest size and as its name implies can be planted either for early or late crop. A remarkably good keeper. Pkt., 10 cts.; ½ oz., 20 cts.; oz., 35 cts.; ¼ lb., \$1.00.
- 198 Dreer's Early Drumhead.** Produces a good large, round head following Charleston Wakefield. A variety that stands summer heat well. Pkt., 10 cts.; ½ oz., 20 cts.; oz., 35 cts.; ¼ lb., \$1.00.
- 214 Early Summer.** A reliable second-early, which matures about ten days after All Head Early. It makes a medium size, solid, flat head, with short outer leaves, which admit of close planting, and is a good keeper. Pkt., 10 cts.; ½ oz., 20 cts.; oz., 35 cts.; ¼ lb., \$1.00.

CABBAGE—Continued

202 Glory of Enkhuizen. An extra fine popular large round short stem second early sort, solid and of tender quality. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 45 cts.; $\frac{1}{4}$ lb., \$1.50.

212 Succession. A second early round somewhat flat headed sort, of very fine texture and quality. Comes in a few days after Early Summer, and is larger. Equally useful for both home and market garden. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 35 cts.; $\frac{1}{4}$ lb., \$1.00.

Late Winter Sorts

195 Danish Ball Head. The leading late variety in many sections, and a fine sauerkraut cabbage. Heads average ten to twelve pounds, are round, fine keepers. The strong growth and its good quality makes it a most valuable Cabbage. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25.

196 Danish Roundhead. Another good sauerkraut variety, slightly earlier than Ball Head, with a shorter stalk, and very hard. The interior leaves are pure white and of sweet flavor. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25.

200 Dreer's Selected Late Flat Dutch. The heads are somewhat flattened and grow remarkably large, even and very solid, and the quality is unsurpassed. Makes a slow growth, but is a very hardy and sure heading sort for late use, as it can stand well into winter. A splendid keeper and will keep well until the following spring, in pits or frostproof cellar or out-house. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 35 cts.; $\frac{1}{4}$ lb., \$1.00.

Savoy Cabbage

210 Perfection Drumhead Savoy. The largest solid heading Savoy and our strain is the best procurable. The plants are strong and vigorous, deep green and heavily savoyed and curled. In flavor, Savoy cabbage is quite distinct, preferred by many connoisseurs to any other cabbage, and we highly recommend it. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25.

PERFECTION SAVOY CABBAGE

Red Cabbage

205 Haco Early Red. A small round early sort, ideal for the garden of limited size. Makes a very solid head of delicate texture. Pkt., 15 cts.; $\frac{1}{2}$ oz., 35 cts.; oz., 60 cts.; $\frac{1}{4}$ lb., \$1.75.

218 Large Red Drumhead. A large-heading variety chiefly used for "slaw" and pickling, solid and crisp. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 35 cts.; $\frac{1}{4}$ lb., \$1.00.

219 Mammoth Rock Red. The largest heading red cabbage and a sure-heading sort, round and solid. A favorite home pickling sort. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25.

Chinese, or Celery Cabbage

Chinese Cabbage really is not a cabbage but a Mustard, forming a compact, elongated, tightly folded head, and is good all the way through. Delicious served as a salad with a French dressing, or like Cole Slaw, with Mayonnaise. The green portion of the leaves may also be served like Spinach, while the heavy midribs are very palatable like Swiss Chard, or Asparagus. We offer the two best sorts. Seeds should not be sown before the middle of July, as early grown plants soon shoot to seed.

222 Wong Bok. This produces a large, broad, head very solid and compact. Wong Bok is entirely self folding and the heads need no tying up or blanching of any kind. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25.

221 Improved Peking. This fine salad vegetable resembles Cos Lettuce. The head is long and compact, and all but the outer leaves blanch a creamy white. Very crisp and tender, and in every way adapted for the home garden. We have recently secured a much improved strain and recommend a trial. Pkt., 10 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.50.

IMPROVED PEKING
CHINESE CABBAGE

COLLARDS

Chow Caba, Fr.

Cabu, Sp.

Blaeterkohl, Ger.

Culture—Sow and cultivate same as late cabbage. The crop of greens may be grown directly in the seed rows, or the plants may be transplanted and set two feet apart in the rows. Best after being touched by frost, which greatly improves flavor and tenderness. **One ounce will produce about 2000 plants.**

302 Creole or Southern. Grows 2 to 3 feet high, and forms bunches of tender delicate leaves slightly curled at edges. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.

Carotte, FR.

CARROT

Zanahoria, SP.
Mohre, GER.

One ounce will sow 100 feet of drill; 3 to 4 pounds for an acre.

CULTURE—One of the few crops that will do well in all soils although a good deep, friable loam will produce the best looking roots. On light soils the color will not be as good as on richer, heavier soils containing more mineral elements. For an early supply, sow seeds of early sorts, like Dreer's Perfect Forcing, Oxheart, etc., as soon as the soil can be dug, placing rows 18 to 24 inches apart and thinning out seedlings to stand 2 to 3 inches apart in the row. Make repeated sowings every 2 weeks. For a winter supply, sow the larger growing firm fleshed varieties like Danvers, Rubicon, etc., any time during May. These varieties require all season to reach full size for winter storage. For a fall supply of crisp, tender roots, sow Chantenay any time up to July 15th. The very much larger stock varieties should be thinned out to stand 6 to 8 inches apart in rows, 2½ to 3 feet apart. Varieties marked with a star are the best for stock feeding.

232 Chantenay. This is a large thick carrot, stump-rooted and slightly tapered towards the bottom and the skin is very smooth, orange-red in color, making it of very attractive appearance. The quality is most excellent, being very crisp, tender and of an extra fine flavor. Grow a few rows of this for winter use, as it will store well in a cool dry place. Pkt., 10 cts.; oz., 20 cts.; ¼ lb., 50 cts.; lb., \$1.50.

234 Danver's Half-long Orange. More extensively grown than any other. Of rich orange-red color, smooth and handsome, the 6 or 7 inch roots taper to a blunt point and are sweet, crisp and tender. Produces more bulk to the acre than the larger, longer varieties. This is also a good sort for the home gardener to grow, for storing over winter. Pkt., 10 cts.; oz., 20 cts.; ¼ lb., 50 cts.; lb., \$1.50.

240 Dreer's Perfect Forcing. (See Specialties, page 3.) Pkt., 10 cts.; ½ oz., 15 cts.; oz., 25 cts.; ¼ lb., 70 cts.; lb., \$2.25.

246 Earliest Short Horn (French Forcing). One of the earliest. Roots are almost globular in shape, about 2 inches long and deep through, of reddish-orange color and excellent flavor. Equally good for forcing under glass and for early or late sowing outdoors. Pkt., 10 cts.; oz., 20 cts.; ¼ lb., 50 cts.; lb., \$1.50.

244 Early Scarlet Horn. May be planted very early in spring, and is an excellent summer variety. Tops small and roots grow about 2½ to 3 inches long, reddish-orange and good flavor. May be grown either in frames or in the open ground. Pkt., 10 cts.; oz., 20 cts.; ¼ lb., 40 cts.; lb., \$1.25.

236 Guerande, or Oxheart. Good on soils too hard and stiff for longer-growing sorts. Root short, very thick and heavy, with small tap-root; flesh is a bright orange color, fine grained and of sweet flavor. Pkt., 10 cts.; oz., 20 cts.; ¼ lb., 40 cts.; lb., \$1.25.

242 Improved Rubicon. This beautiful half-long stump-root Carrot is about the same length as the well-known Danvers, but is cylindrical, and is rich dark orange in color, very sweet and mild. Remarkably clean-skinned, grows evenly and is easily pulled. Grows best in a soft, deep and mellow soil, which has been well manured. Pkt., 10 cts.; oz., 20 cts.; ¼ lb., 50 cts.; lb., \$1.50.

252 *Large White Belgian. The roots are thick through, yielding a heavy crop. Reaches a length of 16 inches, and is grown only for stock feed. Pkt., 10 cts.; oz., 15 cts.; ¼ lb., 30 cts.; lb., \$1.00.

238 *Nichol's Improved Long Orange. Color deep orange, and when small it may be used for the table, but mostly grown to full size for stock feeding. Pkt., 10 cts.; oz., 15 cts.; ¼ lb., 40 cts.; lb., \$1.25.

248 *St. Valery. Intermediate between the half long and long varieties. Will grow about 10 inches long with broad tops tapering to a point. Pkt., 10 cts.; oz., 15 cts.; ¼ lb., 40 cts.; lb., \$1.25.

RUBICON CARROT

A good vegetable garden will materially reduce the weekly food bill. Home grown vegetables are always superior.

Chervil

Cerfeuil, FR. Perifollo, SP.
Kerbel, GER.

Culture—An easily grown and most useful vegetable. Curled Chervil may be sown in well prepared ground at any time during the spring. The rows should be about one foot apart and plants cultivated like parsley. The aromatic leaves are used for seasoning and in salads. **1 ounce to 100 foot row.**

296 Curled Chervil. Beautifully curled and crisp. Pkt., 10 cts.; oz., 30 cts.; ¼ lb., 85 cts.

Have a supply of Vegetable Seeds on hand to replace the varieties used up. Beans, Beet, Lettuce, Radish and Spinach are all suitable for filling in. Keep your garden producing for you.

DANVERS HALF-LONG CARROTS

Chou-fleur, FR.
Cohiflor, SP.

CAULIFLOWER

Blumenkohl, GER.

One ounce of seed will produce about 2000 plants.

CULTURE—For earliest Cauliflower, raise plants by sowing in hotbed or greenhouse during January or February, and transplant to flats or cold frames, 2 or 3 inches apart each way. Set in open ground as soon in spring as the land can be put in good order. Soil to be a warm, very rich, fibrous loam, well supplied with humus and moisture. Copious water applications during dry weather, especially when the plants are heading, and light dressings of nitrate of soda and potash are of much help. Set plants 2 to 2½ feet apart each way. When the heads are formed and hard, they should be blanched by drawing leaves together and tying with raffia or strips of cloth. For late Cauliflower to mature during the pickling season, start plants in open ground like late cabbages, and handle like that crop.

256 Dry-weather or Danish Giant. A fine variety of Cauliflower, especially adapted for growing in the open ground in sections subjected to long, dry seasons, as it will grow well and produce the finest heads in spite of the lack of moisture. The heads grow to a large size, are very solid, pure white and of delicious flavor. It is not suited for forcing or growing under glass, but it will prove valuable in the Southern States, where the climate is hot and dry. One of the safest sorts for the amateur to grow. Pkt., 20 cts.; ½ oz., \$1.25; ½ oz., \$2.00; oz., \$3.50.

261 Dreer's Earliest Snowstorm, Super-Strain. This has again been brought to the highest pitch of perfection by the careful reselection of plants by our seed growers in Denmark. It has now been tried by our customers in many sections; and the report is alike from each. "The best they ever grew." It is dwarf, with short outer leaves and can be planted close, 2 feet apart each way. It always makes a fine, large and exceedingly beautiful snowy white head, much earlier than any other variety, and is a sure prize-winner at Fair or Exhibition. Pkt., 25 cts.; ½ oz., \$1.75; ½ oz., \$3.00; oz., \$5.50.

257 Dreer's Selected Dwarf (Erfurt). Suitable for either forcing or open ground. It produces a solid pure white medium sized head, of excellent quality and is one of the most reliable for the amateur. Pkt., 15 cts.; ½ oz., \$1.00; ½ oz., \$1.75; oz., \$3.00.

Late Cauliflower

The following four sorts are recommended for sections enjoying a long growing season and cool weather, as for instance, the Pacific Coast. Where conditions differ, as in

most parts of the country, customers will do well to select any of the four previous sorts.

	Pkt.	½ oz.	½ oz.	Oz.
255 Algiers	\$0 10	\$0 35	\$0 60	\$1 00
259 Half Early Paris	10	50	85	1 50
258 Lenormands	10	35	60	1 00
262 Veitch's Autumn Giant ...	10	35	60	1 00

Chicory

Culture—Sow seed in early spring as for Carrots, in rows 12 to 16 inches apart, and thin the plants to 4 or 5 inches. **One ounce to 100 feet of drill.**

299 Large Rooted. Used to mix with or as a substitute for coffee. Pkt., 10 cts.; oz., 20 cts.; ½ lb., 60 cts.; lb., \$2.00.

300 Witloof Chicory, or French Endive. We herewith give special cultural instructions for this fine salad.

Along end of October, before frosts do damage, dig up roots which in good soil will grow to be 12 inches long by 3 in diameter at the crown. They somewhat resemble a well grown parsnip. Cut off the tops to within an inch of the crown of the plant. Trim roots at base so that altogether they do not exceed 8 inches in length. Secure a strong box 12 to 14 inches deep, laying it on the side and packing trimmed roots in it layer fashion. Turn right

side up and fill in with soil or sand and place in the cellar. Build up the sides of the box 6 or 8 inches and fill in with dry leaves, shavings, excelsior, or any other material of that sort. Water about once a week. Roots treated in this fashion about November 1st will yield beautiful creamy white sprouts of delicious salad in time for Christmas dinner.

If when cutting care is taken not to cut into the crown, new shoots will be sent up throughout the winter. Pkt., 10 cts.; ½ oz., 15 cts.; oz., 25 cts.; ½ lb., 75 cts.; lb., \$2.50.

Vegetable Gardening (Watts). Covers every phase of the subject. \$2.50 postpaid.

Strong pot-grown Super-Snowstorm Cauliflower Plants are offered on page 210

Celeri, Fr.

CELERY

Apio, Sp.
Sellerie, GER.

CULTURE—For an early supply, sow seeds of early or self-blanching varieties in flats any time during February. Celery seed is of rather stubborn germination and to insure an even germination the surface of the flats should be kept constantly moist. It is also advantageous to cover the seeds with sand rather than soil because sand will not grow hard or bake. When young seedlings are big enough to be handled, transplant them into other flats, 2 to 3 inches apart each way.

Harden gradually and by middle of April set out plants in the garden in rows 3 feet apart, plants 6 inches apart in the row. Cultivate freely and water abundantly. The plants should give you Celery beginning middle of October and up to Christmas time. For a later supply start seeds of winter keeping varieties in a hotbed about middle of March to April 1st. Transplant as suggested above for the earlier sorts and plant out into the garden about June 1st, setting the plants two feet apart because the later varieties are more vigorous growers. To blanch gradually hill up the stalks taking care, however, that no earth falls into the hearts and do not work over Celery while wet. Boards pushed up against the row of both sides will serve the purpose where limited quantities are grown. As cold weather approaches, hill more or mulch with straw or leaves which should be weighted down with more boards or soil. For winter storage dig up the plants with the roots and place upright in well protected frames or store in a cool cellar where they may be packed quite closely. One ounce of celery seed will produce about four thousand plants.

The Early Kinds

- 267 Columbia.** An exceptionally fine, early variety is of medium height, but very stocky. Stalks are thick, almost round, are of a rich, yellow color, and its fine flavor and crispness will please the most critical. Pkt., 10 cts.; $\frac{1}{2}$ oz., 35 cts.; oz., 60 cts.; $\frac{1}{4}$ lb., \$2.00.
- 270 Easy Blanching.** Our special strain. An early variety and yet a sufficiently good keeper to prove useful during the winter months. The stalks are thick, white, very brittle and devoid of fibre. Pkt., 15 cts.; $\frac{1}{2}$ oz., 90 cts.; oz., \$1.70; $\frac{1}{4}$ lb., \$5.50.
- 269 Emperor.** (See Specialties, page 3.) Pkt., 10 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.75.
- 274 Golden Plume.** (See Specialties, page 3.) Pkt., 25 cts.; $\frac{1}{4}$ oz., \$1.50; $\frac{1}{2}$ oz., \$2.75; oz., \$5.00.
- 278 Golden Self-blanching, Originator's.** (French-grown seed.) A select strain of early Celery, requiring but little blanching. The plants grow tall, and develop crisp, tender stalks of rich golden yellow. Pkt., 20 cts.; $\frac{1}{2}$ oz., 85 cts.; oz., \$1.50; $\frac{1}{4}$ lb., \$4.50.
- 276 Golden Self-blanching.** (American-grown seed.) An early sort, requiring but little labor to blanch. Heart rich golden yellow. Pkt., 10 cts.; $\frac{1}{2}$ oz., 35 cts.; oz., 60 cts.; $\frac{1}{4}$ lb., \$2.00.
- 284 Perfected White Plume.** Unsurpassed for fall and early winter use. As the plants grow to maturity the inner-stalks and leaves turn white, thus making very little earthing up necessary. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25.

EASY BLANCHING CELERY

The Winter Keepers

- 282 Giant Pascal.** Unquestionably the standard of excellence, but it requires rich soil. The stalks are very large, thick and blanch a creamy white, solid, crisp and of rich nutty flavor. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 35 cts.; $\frac{1}{4}$ lb., \$1.25.
- 280 Dreer's Monarch.** Does well in many soils and sections, hence a great favorite throughout the country. Stalks large with bright golden-yellow heart; solid and of delicious flavor. Pkt., 10 cts.; $\frac{1}{2}$ oz., 35 cts.; oz., 65 cts.; $\frac{1}{4}$ lb., \$2.00.
- 290 Winter Queen.** Grows thick, broad, pale green stalks with creamy-white heart, and keeps well. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25.
- 283 Soup or Flavoring Celery.** Sown thickly in rows, the young leaves are used for flavoring. The seed, also, is used for pickling, etc. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.; lb., 60 cts.

Celeriac (Turnip Rooted Celery)

Culture—Handled exactly like Celery described above, excepting that no blanching is necessary. Celeriac is grown for the root only, which, boiled until quite tender and served cold with a French dressing is a most delicious salad.

- 292 Apple-shaped.** Smooth round roots, solid and crisp. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.00.
- 294 Giant Smooth Prague.** A very large and smooth variety. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.00.

KLONDIKE CUCUMBER

Concombre, FR.

CUCUMBER

Cohombro, SP.

Gurken, GER.

One ounce will plant fifty hills; two pounds will plant one acre.

CULTURE—For very early Cucumbers sow April 1st, in a hotbed upon pieces of sod (grass side down), so that they can be readily transplanted without disturbing the roots. When ground becomes warm, set the pieces of sod holding the seedlings, into well prepared hills, and protect with pots or glasses until hardened. When the weather has become settled and warm, sow seeds in hills 4 to 6 feet apart each way; thin out to four of the strongest plants to each hill, after all danger from insects is over. They succeed best in a warm, moist, rich, loamy soil. Continue planting at intervals for a succession. The Cucumbers should be gathered when large enough for use, whether required or not; if left to ripen on the vines, plants stop bearing. For pickles, plant them from June until the middle of July. The yellow striped cucumber beetle is the most serious insect enemy of the crop. Bordeaux Arsenate of Lead Mixture is by far the best remedy yet discovered. Dilute it with water, 3 ounces to the gallon, and spray it on the vines. Dusting the vines with Slug Shot also constitutes a simple but effective remedy.

The White Spine Type

As a class this type brings us all the important varieties suitable for both slicing and pickling. All sorts offered below bear freely over a long period, if gathered regularly.

- 360 Arlington White Spine Forcing.** A popular sort, bearing square ended fruits in profusion. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{2}$ lb., 50 cts.; lb., \$1.50.
- 369 Davis Perfect.** A fine variety, with fruits long and slim, sometimes measuring 12 inches in length, and tapering to the ends; the color is a rich, dark, glossy green, which they hold until nearly ripe. It is very tender, brittle, very few seeds, and of fine flavor. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{2}$ lb., 65 cts.; lb., \$2.00.
- 371 Early Fortune.** (See Specialties, page 3.) Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{2}$ lb., 50 cts.; lb., \$1.75.
- 392 Improved Early White Spine (Bennett's).** An excellent medium sized variety, which produces an early and very abundant crop. The fruits are straight, dark green with white spines, with pure white flesh solid and crisp. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{2}$ lb., 50 cts.; lb., \$1.50.
- 382 Klondike.** A splendid slicing cucumber. The color is rich dark green, and the fruits grow to a uniform size, measuring about seven inches in length and two inches thick when in condition for use. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{2}$ lb., 50 cts.; lb., \$1.50.
- 383 Longcu.** A fancy Cucumber growing 12 or 13 inches in length, with rich deep green skin and few spines, and equal in appearance to the greenhouse product. Longcu is suited equally well to both outdoor and under glass production, and it is surprisingly early and can be picked along with Early Fortune, and other early slicing sorts. Pkt., 15 cts.; $\frac{1}{2}$ oz., 35 cts.; oz., 60 cts.; $\frac{1}{2}$ lb., \$1.75.

English Forcing Cucumbers

For growing in hotbed or greenhouse exclusively.

393 Best of All.	Packets of
394 Covent Garden Favorite.	10 Seeds
395 Duke of Edinburgh.	25 cents.
397 Rochford's Market.	100 Seeds
398 Telegraph.	\$2.25

Dill

Grows from 2 to 2½ feet high and resembles the common Fennel. Leaves and seeds have a flavor like that of Fennel and Mint combined. The fresh seeds are used almost exclusively for flavoring pickled cucumbers. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{2}$ lb., 75 cts.; lb., \$2.50.

Extra Early and Pickling Varieties

With the exception of Long Green and Japanese Climbing, the following sorts are useful chiefly in that they bear large quantities of small fruits ideal for pickles. We offer them all at the uniform price of: Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{2}$ lb., 50 cts.; lb., \$1.50.

- 363 Chicago Pickle.** Small but very uniform in size, good color.
- 367 Early Cluster.** Small, thick fruits, very early, uniform size and very prolific.
- 388 Early Russian.** The smallest and earliest pickling cucumber we offer. Fruit 4 to 5 inches long.
- 373 Everbearing.** Slightly larger than Early Russian, and will bear throughout the whole season. A good home garden sort.
- 379 Japanese Climbing.** Will cover unsightly out-houses and fences, or will shade the rear porch very profitably. Fine deep green fruits. A very useful and profitable sort.
- 384 Long Green.** An all round excellent late Cucumber good for both pickles and slicing. Grows 12 to 14 inches long, slender and tapering to ends. Dark green skin and pure white flesh.
- 375 Small Gherkin.** Small oval fruits covered with spines and used exclusively for pickles. Should be picked while young and tender.
- 390 Snow's Perfected Pickle.** Very fine, uniform, square ended fruits and now one of the popular pickling sorts. Yields an immense crop.

For prices see top of column.

SNOW'S PICKLE

GOLDEN SUNSHINE SUGAR CORN

Mais, FR. CORN, SWEET OR SUGAR Mais, SP. Mais, GER.

One pound will plant 100 hills, or about 250 feet of row.

CULTURE—Seed is liable to rot if planted in cold ground. Yet if we have an early warm spell in spring, it may pay to take some risk, as often the plants, when once up, escape injury by frost. About middle of May plant in hills 3 feet apart each way, covering about 8 or 10 seeds half an inch and thin out to three plants to a hill, or plant in rows 3 feet apart, and thin out plants to stand 12 inches apart in the rows. For succession plant early sorts every two weeks up to July 15.

The Early White Sorts

304 Adams' Extra Early. Can be planted earlier than any other, but is not a Sugar Corn, and is only good for table when young. Pkt., 10 cts.; $\frac{1}{2}$ lb., 20 cts.; lb., 30 cts.; 2 lbs., 55 cts.; 5 lbs., \$1.35, prepaid.

307 Dreer's Aristocrat. A desirable extra early Corn, with ears 8 inches in length, with 8 or 10 rows of broad white grains of tender quality. This variety is very productive, usually bearing two handsome ears to each stalk. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 35 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.

310 Black Mexican. Dry seed grains are almost black, but the edible ears are white and remarkably sweet. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 35 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.

327 Dreer's Extra Early "Independence." This delicious corn will produce ears equal in quality to the best of the later maturing sorts. On stalks averaging 3 $\frac{1}{2}$ feet high, 2 and sometimes 3 large ears are produced. These ears are 6 to 7 inches long, with 10 or 12 rows of plump, milky grains of surprising sweetness. At our trials in New Jersey this corn was ready in 60 days from the date of planting. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

326 Howling Mob. A large-eared second early variety. Ears measure 8 to 9 inches long with 16 rows of pure white grains. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.

332 Mammoth White Cory. One of the best large extra early varieties usually bearing two large white ears on each stalk, with 10 or 12 rows. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.

343 Stabler's Early. Of large size for an early variety, and of most delicious flavor. The grains are broad and very tender. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.

GOLDEN GEM SUGAR CORN

The Golden Yellow Kinds

318 Golden Bantam. Our extra selected strain produces ears measuring about 6 inches, holding uniformly 8 well-filled rows of broad, tender kernels of deliciously sweet flavor and tender quality. Now recognized everywhere as one of the finest for the home garden. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

320 Golden Cream. Sometimes called Golden Country Gentleman. A cross of Country Gentleman and Golden Bantam, taking on the character of the former variety, except in color, and combining the delicious qualities of both. The ears are ready for use within 85 to 90 days after seeds were sown. Grains are long and pointed, rich golden color when ready, but turn to light cream yellow when cooked. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

323 Golden Gem. (See Specialties, page 3.) Pkt., 15 cts.; $\frac{1}{2}$ lb., 30 cts.; lb., 50 cts.; 2 lbs., 90 cts.; 5 lbs., \$2.00, prepaid.

324 Golden Giant. A cross of Golden Bantam and Howling Mob. This is the largest of the yellow sugar varieties, the ears measuring up to 8 inches long. The cob is of small diameter, and contains twelve to eighteen rows of long, thick grains which cover the entire surface and are deep orange in color, extremely juicy and sweet. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

322 Golden Sunshine. Of a rich golden color the ears are about one inch longer than Bantam, and have 12 rows instead of 8, while quality is fully equal to the latter sort. Most important, however, is the exceptional earliness of Golden Sunshine, for it is actually from 7 to 10 days earlier than Bantam. Originators stock. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 45 cts.; 2 lbs., 80 cts.; 5 lbs., \$1.85, prepaid.

ALL VEGETABLE SEEDS in quantities offered in this Catalog are **FORWARDED, TRANSPORTATION PAID**, anywhere in the United States, we reserving the privilege of shipping either by **PARCEL POST, EXPRESS** or **FREIGHT**.

CORN SWEET or SUGAR

Main Crop Varieties

313 Country Gentleman. The popular Shoe Peg Corn. Ripens about 110 days after sowing—a week later than ever-popular Stowell's. Ears medium size, deep grains in irregular rows on cobs and deliciously sweet, tender and milky. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 45 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

315 Early Evergreen. Resembles Stowell's Evergreen, with the same deep grain and thin cob, but is ready about 10 days earlier, and remains in good condition equally as long. The ears grow to a good size, usually about 8 inches long. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.

330 Mammoth Late. The largest late sort bearing ears 10 inches long with 16 rows of tender sweet grains. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.65, prepaid.

347 Stowell's Evergreen, Improved. Always very productive, bearing fine large ears 8 inches long covered with deep grain, set in straight and even rows on a very thin cob. Remains in good condition, suitable for cooking, for a long time. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

Corn Salad (Fetticus)

Mavhe, FR.

Stechsalat, GER.

Canonigos, SP.

COUNTRY GENTLEMAN SUGAR CORN

Culture—A very fine and distinct salad, and both leaves and stems are used. This forms with the outer stalks of Celery, a delicious mixed salad. Sow in spring in drills 1 foot apart; it will be ready for cutting in six or eight weeks. For winter and early spring use, sow in drills in August and September. **Three ounces to 100 feet of drill.**

355 Large Seeded. Vigorous grower, producing large healthy plants with round light green leaves. Makes excellent salad, and the whole of the plant can be used. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

Cresson, FR.

CRESS

Berro o Mastuerzo, SP.
Garten Kresse, GER.

CULTURE—Easily grown during winter on the greenhouse bench, in frames, pots or boxes. Splendid for salad, garnishing or as an addition to lettuce. Sow seed thickly in rows 3 to 6 inches apart under glass, or for summer 1 foot apart in open ground. Sow often for succession, as it soon runs to seed. **1 oz. to 75 ft. row.**

357 Extra Curled, or Peppergrass. Small finely curled leaves having a very agreeable flavor. Much used in combination with White London Mustard and is used in salads and sandwiches and also for garnishing. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.

358 Upland Cress. Has the flavor of Water Cress, and will grow in any good soil. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., \$1.00.

359 Water Cress (*Brunnenkresse*). Requires a stream of running water, ditch or pond, in which it will grow without care, or a shady situation which should be liberally watered. Pkt., 10 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.50.

*Aubergine, FR.
Berengena, Sp.*

EGG PLANT

Eier pflanze, GER.

One ounce will produce about 1000 plants.

Culture—Egg Plant seed requires a higher temperature for germination than any other vegetable, and this temperature should be maintained right along in order to maintain strong and healthy growth. Sow the seeds in hotbeds, early in March. When 3 inches high, pot the young plants, using small pots, and plunge them in the same bed, so that the plants may become stocky. They can be planted out from the pots when the season becomes sufficiently warm, in May or June. The soil can hardly be made too rich. Set the plants in open ground, allowing 3 feet space between the rows, and 2 feet space between the plants in the row. Watch for the potato beetle. This pest, as well as blight, may be controlled by spraying with Bordeaux Arsenate of Lead Mixture or by dusting the plants with Slug Shot.

404 Early Black Beauty. Spineless, with rich purplish black skin; very attractive and of best quality. This beautiful Egg Plant is improved to the limit, but is exacting in its call for rich, warm soil. The plants are remarkably healthy in their growth and produce an abundance of large fruit, earlier than the New York Improved. The favorite sort for show purposes. Pkt., 15 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 55 cts.; $\frac{1}{4}$ lb., \$1.65.

407 New York Improved Large Purple. Produces the fruits in great quantities, plants averaging from 4 to 6 fruits each. They are large, nearly round, dark purple, free of thorns and of excellent quality. Pkt., 10 cts.; $\frac{1}{2}$ oz., 40 cts.; oz., 75 cts.; $\frac{1}{4}$ lb., \$2.00.

406 Early Long Purple. Earliest, hardiest and very productive. The fruits are long and of good quality, measure 6 to 10 inches long and best for very early use. Flavor is in the opinion of many, finer than the two large sorts offered above. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 45 cts.; $\frac{1}{4}$ lb., \$1.35.

Plants of Egg Plant are offered on page 210.

BLACK BEAUTY EGG PLANT

ENDIVE

Chicoer, FR.

Endibia o Escarola, Sp.

Endivie, GER.

One ounce of seed to 200 feet of row.

CULTURE—Endive is one of the best and most wholesome salads for fall and winter use. Sow in shallow drills in April for early use or for late use in June or July. When 2 or 3 inches high transplant into good ground or thin out to 1 foot apart. When nearly full grown and before they are fit for the table they must be bleached. This is done by gathering the leaves together and tying with yarn or raffia to exclude the light and air from the inner leaves which must be done when quite dry or they will rot. Another method is to cover the plants with boards or slats. In three or four weeks they will be bleached. After a shower the boards must be taken off or the plants untied, to allow drying.

BROAD-LEAVED BATAVIAN ENDIVE

410 Broad-leaved Batavian (Escarolle). A favorite salad variety, with wide, wavy leaves edges of which are cut and irregular. Inner leaves blanch nicely to a creamy-white, tender, and of very agreeable flavor. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 65 cts.

412 Dreer's Giant Fringed. (See Specialties, page 3.) Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 65 cts.

414 Green Curled Winter. Standard sort for fall and winter crop. Very hardy and vigorous. Easy to blanch. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 65 cts.

416 White Curled (Self-blanching). Plants 14 to 16 inches across, leaves pale green, finely cut, crisp and very tender. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.

DANDELION

Pissenlit, FR. Loewenzahn, GER. Amargon, Sp.

One ounce to 100 feet of row.

Culture—Plants usually come up small and feebly. Sow seed in good clean loam, in drills 1 foot apart, and thin or transplant to 10 or 12 inches apart in the rows. May be blanched by covering with leaves or other loose litter, or by placing a large inverted flower pot over each plant.

401 Broad-leaved. (See Specialties, page 3.) Pkt., 15 cts.; $\frac{1}{2}$ oz., 70 cts.; oz., \$1.25; $\frac{1}{4}$ lb., \$4.00.

402 Common. Pkt., 10 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.50.

We offer plants of several varieties of Herbs on page 210.

Chou Vert, Fr.

KALE, or BORECOLE

CULTURE—Excellent greens for winter and spring use and improved by frost. Sow from May to June, in drills about 1½ feet apart and cultivate same as Cabbage. For early spring use, sow in September, and protect during winter. The varieties are so hardy that the green leaves may be dug out from under the snow in winter and used for greens. One ounce of seed will produce about 3000 plants.

422 Dreer's Imperial Long Standing. A beautifully curled sort, of vigorous spreading habit, hardy, attractive appearance, bright green color and very productive. Pkt., 10 cts.; oz., 20 cts.; ¼ lb., 60 cts.; lb., \$2.00.

420 Dwarf Green Curled. A hardy dwarf spreading variety with fine curled, brilliant green foliage. Pkt., 10 cts.; oz., 15 cts.; ¼ lb., 50 cts.; lb., \$1.50.

Chou Rave, Fr.

Colde Nabo o Nabicol, Sp.

CULTURE—This turnip-rooted member of the Cabbage tribe is far superior to turnips in both flavor and keeping qualities. It will never grow bitter and it is of far more delicate flavor. As early in the spring as the ground can be put in good garden condition, sow it in rows like Radishes, Carrots or any other root crops. Thin the seedlings to stand 4 inches apart in the row, allowing 18 to 24 inches between the rows. The product is ready for use when the bulbs average 2 to 2½ inches in diameter. The thick outer skin should be removed before boiling. Serve just like Turnips. One ounce of seed will sow a drill of about 300 feet.

427 Earliest Erfurt. A white, tender variety, with smooth root and very short top; the best variety for outdoor culture as well as excellent for hotbed or greenhouse culture. Pkt., 10 cts.; oz., 25 cts.; ¼ lb., 75 cts.

431 Early White (or Green) Vienna. Flesh white and tender, a standard sort for table use. Has a very short top and forms the root quickly. A most dependable variety on all soils. Pkt., 10 cts.; oz., 25 cts.; ¼ lb., 75 cts.

430 Early Purple Vienna. Skin purple, but flesh white and a good quality and flavor. As early as the white and more heat resistant, hence recommended for sections where turnips turn bitter. Pkt., 10 cts.; oz., 25 cts.; ¼ lb., 75 cts.

Breton, Sp.
Blatterkohl, GER.

424 Dwarf Curled Scotch. Leaves bright green, curled, very tender and fine flavored; an excellent sort. Pkt., 10 cts.; oz., 15 cts.; ¼ lb., 50 cts.; lb., \$1.50.

425 Sea Kale (Crambe Maritima). A perennial which should be grown and cultivated like rhubarb. Edible parts are the young, strong shoots that come up in early spring. When blanched, they are cooked and served like asparagus, or the leaves may be used as greens. Pkt., 10 cts.; ½ oz., 35 cts.; oz., 60 cts.; ¼ lb., \$2.00.

KOHL-RABI

Kohl-Rabi, GER.

EARLIEST ERFURT KOHL-RABI

Grow some of the Herbs offered above. They are indispensable in the kitchen

Poireau, FR.

LEEK

Puerro, SP.
Lauch, GER.

Culture—Greatly valued as a standby for soups and salads. Sow in April in drills 1 foot apart, and when 6 to 8 inches high, transplant in rich soil, in rows 12 inches apart and 4 inches apart and draw the earth to them as they grow. Seed may also be sown in August or September; plants transplanted in the spring. One ounce will sow 100 ft. of drill.

432 Dreer's Prizetaker. A fine large variety of great merit, very mild and tender. They grow long and thick, and are pure white in color. A very popular exhibition variety. Pkt., 10 cts.; 1 oz., 30 cts.; $\frac{1}{2}$ lb., \$1.00.

433 Giant Carentan. Produces a large thick stem, of mild flavor. Quite hardy and blanches easily to a pure white. Pkt., 10 cts.; oz., 30 cts.; $\frac{1}{2}$ lb., \$1.00.

437 Musselburgh. Grows to a very large size, with broad leaves. It is hardy and highly esteemed for exhibition. Pkt., 10 cts.; oz., 30 cts.; $\frac{1}{2}$ lb., \$1.00.

Laitue, FR.

LETTUCE

Lechuga, SP.
Lattich, Salat, GER.

Culture—For the earliest supply sow seed of Loose-leaf and early Butterhead varieties under glass or indoors in boxes about March 1st. Sow thinly and when the young seedlings are three inches tall, transplant 3 to 4 inches apart each way in another seed flat or box. As soon as the ground can be put in good garden condition, these plants should be set out in rows 18 inches apart, the plants 4 to 6 inches apart in the row. For a succession sow seeds of Midseason Butterheads, Crispheads and Cos Lettuce right in the open ground around middle of April. All lettuces to head properly, must be thinned out to stand from 6 to 10 inches apart in the row. As the heads develop, every other one should be cut out to give the rest a chance to expand. During July, sow early Butterhead varieties again, for a fall supply. **One ounce will produce about 3000 plants.**

"Loose Leaf" Varieties

These do not form heads but large plants of loose leaves which are quite brittle and tender early in the season.

460 Grand Rapids Forcing. A favorite early Lettuce for northern growing. It matures quickly and is of a large size, handsome appearance; crisp and tender. The leaves are bright green and crimped at the edge. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{2}$ lb., 70 cts.

442 Black-seeded Simpson. One of the most popular loose-heading sorts and always dependable. Produces a compact mass of broad much crumpled leaves, light yellowish-green in color. Extra fine quality. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{2}$ lb., 70 cts.

452 Early Curled Simpson (Silesia). One of the oldest, and quite familiar in American gardens. Forms a close, compact mass of light green cuppled leaves; excellent forcer. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{2}$ lb., 70 cts.

Early "Butterhead" Varieties

"Butterhead" Lettuce is the basis of all high quality salads.

440 Dreer's "All Heart." (See Specialties, 2nd Cover and page 1.) Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 45 cts.; $\frac{1}{2}$ lb., \$1.25.

446 Big Boston. More extensively grown than any other variety in this class. It is early and hardy, and color is medium light green, with a slight tinge of brown on margins of outer leaves. Very desirable for forcing and also for spring and fall outdoor planting. Of good quality, being crisp, tender and of fine flavor. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{2}$ lb., 70 cts.

448 Boston Market (White Seeded Tennisball). A well known forcing sort, producing crisp medium sized light green heads with outer leaves tinged with brown. Good both under glass and outdoors. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{2}$ lb., 75 cts.

468 May King. Very early, and being hardy will stand considerable cold, damp weather. It can be planted out of doors or under glass, and in either case will produce fine, solid heads, very attractive, outer leaves being yellowish-green, tinged with brown, while inside it is rich golden-yellow. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{2}$ lb., 75 cts.

DREER'S PRIZETAKER LEEK

474 Salamander. One of our most popular and reliable varieties. A medium green, medium sized sort which always heads up well and does well under almost any weather conditions. Leaves crumbled and of fine tender quality. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{2}$ lb., 70 cts.

477 Sensation. Forms close, hard heads, even in an early stage of growth, under any ordinary weather condition. Color is a pale yellowish-green, and the quality very fine. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{2}$ lb., 70 cts.

LETTUCE—Continued

The Midseason Butterheads

For a continuous supply of high quality salads any of the following sorts should be sown *at the same time* as the earliest sorts and *again 2 weeks later*.

- 450 California Cream Butter.** Produces a large solid head and withstands most adverse weather. The leaves are thick, dark green tinged with brown and spotted. The interior of head is rich golden-yellow and quality very fine. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 70 cts.
- 458 French Unrivalled.** A handsome early Butterhead of extra choice quality. Will perfect closely folded heads, with golden hearts, within sixty days from sowing seeds. An all season variety for cool sections, but best for spring work, in the latitude of Philadelphia. Originators imported seed. Pkt., 10 cts.; $\frac{1}{2}$ oz., 40 cts.; oz., 75 cts.; $\frac{1}{4}$ lb., \$2.00.
- 475 Mammoth Salamander.** Similar to Salamander described on previous page, but much larger, and leaves probably smoother. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 70 cts.

The Crisp Heading Varieties

- 462 Dreer's Improved Hanson.** Reaches a large size, with light green, curled leaves with fringed edges enclosing a white heart of remarkable solidity. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 90 cts.
- 483 Dreer's Wonderful.** Sometimes called "New York" or "Los Angeles Market." Withstands heat and forms perfect heads, which resemble cabbage in their solidity, measuring from 12 to 15 inches across and frequently weighing 2 to 3 pounds. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 90 cts.
- 464 Iceberg.** The outer leaves are light green in color, tinged with brown, and their habit of branching towards the centre of head is a great aid to the blanching of heart. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 90 cts.
- 470 Mignonette.** Heads small, compact; leaves curled, and edges tinted brown. Though of unattractive appearance this is one of the surest "headers" and of particularly sweet quality. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 90 cts.

DREER'S "WONDERFUL" LETTUCE

Romaine or Cos Lettuce

This type of Lettuce will usually succeed when, during hot weather nearly all other lettuces "shoot" seed stalks.

- 466 Kingsholm Cos.** Forms long, firm, upright plants with narrow leaves, which are crisp and refreshing, withstanding the summer heat. Light green in color and a very reliable variety for late use. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.
- 473 Paris White Cos.** One of the best known. Plants erect, and tightly folded, leaves pale green and of good quality, which it retains for a long time. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.

479 Trianon Cos. Sown at the same time as the head Lettuces, this variety perfects compact, upright, tightly folded cones within sixty days of sowing the seeds. It folds of its own accord, no tying being required, and inside leaves bleach naturally to a most attractive greenish white. It is an ideal Lettuce for sowing again during June for use during August when regular head Lettuces will not form solid plants. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.

ROMAINE OR COS LETTUCE
(We offer 3 fine strains opposite)

FINNOCCHIO or Florence Fennel

- 418** A vegetable which should be more widely grown. It is extensively used in Italy as a salad, but is particularly palatable when served boiled, with a cream dressing. When the enlargement of leaf stalk at base of stem is about the size of a hen's egg it should be earthed up so as to cover half of it, and in about ten days cutting for use may be commenced and continued as the plants grow. The plants readily respond to liberal watering. The flavor is somewhat like celery, but it has a sweet taste and delicate odor. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.

*Melon Musca, Fr.***MUSKMELONS***Melon Almizcleon, Sp.**Melone, GER.***One ounce will plant about 50 hills; 6 to 8 lbs. in hills per acre.**

CULTURE—Melons thrive best in a light, rich soil, and sunshine is essential for increasing the sugar content of the melons. When the ground has become thoroughly warm, generally after middle of May, sow seeds in hills 5 to 6 feet apart each way for Muskmelons, 8 to 10 feet for Watermelons. Melon vines are ravenous feeders and for best results, a few shovelfuls of well-rotted manure should be incorporated in each hill. Scatter 12 to 15 seeds on top of each hill and cover about $\frac{1}{4}$ inch deep. After all danger of bugs is over, thin out to three or four strongest plants per hill. Early and repeated spraying with Bordeaux Arsenate of Lead Mixture is always advisable for these crops.

Green Fleshed Varieties

493 Delicious Gold Lined. This melon is nearly round, without ribs, and the skin is covered with a thick gray netting, adding much to its appearance. The thick flesh is green, with golden tint next to the small seed cavity, which makes it very attractive when cut, and the flavor delicious, being remarkably sweet and spicy. Pkt., 15 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 85 cts.; lb., \$3.00.

503 Hackensack, Extra Early. A flat melon with prominent ribs. Flesh light green, thick, sweet and juicy. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$1.75.

508 Honey Dew. The outer skin is smooth, hard and nearly white, being really of the Casawba type. The melons are large, round to oval in shape, flesh is light green, solid and of honey-like flavor, luscious and juicy. Not recommended for Northern States. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 70 cts.; lb., \$2.25.

495 Knight, Early. In some sections this melon is called "Maryland," and in others "Sugar Sweet." It is earlier than Rocky Ford and more oval in shape, with thicker netting. Skin deep green turning to golden when ripe, flesh bright green blending to light pink near the centre. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.75.

513 Montreal Market. Largest of the nutmeg varieties, with deep ribs and heavy netting. Flesh green and of good flavor. Largely grown in our Northern States and in Canada and generally recommended for cool sections. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$1.75.

522 Rocky Ford Improved. This well known melon is almost round in shape and thickly netted, and average about five inches in length. Flesh is smooth-grained and light green color of fine spicy flavor. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$4.50.

MONTREAL MARKET MUSKMELON

Salmon Fleshed Varieties

Of pronounced "musky" flavor and considered by many the best flavored class by far.

488 Bender's Surprise. Enjoys a well deserved popularity in several northern sections. The vines make a strong and vigorous growth, which makes them remarkably disease-resistant and subsequently prolific of delightfully flavored fruits. Melons are large nearly round, and skin is lightly netted, of a pale green when ripe and the flesh a rich, deep orange color, fine grained with a very small seed cavity and of remarkable sweetness and spicy flavor. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

490 Burrell's Gem or Defender. Size averages 6 inches long by four inches thick through, is distinctly ribbed, beautifully netted. Thick, firm luscious salmon-orange flesh. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

497 Emerald Gem. A small, but very early smooth variety with faint ribs and light netting. Salmon pink flesh with a very small seed cavity. Pkt. 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$1.75.

500 Fordhook. A high quality round melon of medium size, flat at ends, heavily ribbed and netted and with thick, juicy aromatic orange flesh. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$1.75.

510 Hale's Best. This is the Melon now grown so extensively in the Imperial Valley, Cal., for early shipment to the big Eastern markets. Hale's Best is slightly larger and 2 weeks earlier than the standard Rocky Ford, and is pink fleshed clear to the rind, which is well ribbed and netted. The flesh is very thick; with only a small seed cavity and of excellent quality, being sweet and musky. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.; lb., \$2.25.

505 Hearts of Gold, or Improved Hoodoo. (See Specialties, page 4.) Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

EARLY KNIGHT MUSKMELON

GARDEN TOOLS and ACCESSORIES, FERTILIZERS, INSECTICIDES, etc., are offered on pages 211 to 224 of this catalogue.

MUSKMELONS—Continued

514 Mango, or Vegetable Orange. Size and shape like an orange. Used for preserving only. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.75.

516 Miller's Cream, or Osage. Large and oval with light green, netted skin, and unusually thick, sweet, salmon-flesh. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.75.

524 Tip Top. This luscious melon is the largest in this class, nearly round. Flesh is deep yellow and has a rich spicy flavor. Skin heavily netted and slightly ribbed. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

TIP TOP MUSKMELON

Varieties for Under-Glass Culture

489 Blenheim Orange. Oval shape, flesh deep orange. Pkt., 25 cts.

526 Windsor Castle. A reliable green-fleshed variety. Pkt., 25 cts.

Melon d'eau, Fr.

WATERMELONS

Zadia, SP.

Wasser Melone, GER.

One ounce for 30 hills; four to five pounds for an acre.

CULTURE—See directions given under Muskmelons. Watermelons, however, are slightly less subject to "bug," depredation and disease attacks than Muskmelons. At the same time they are more easily hurt by strong spray mixtures, and caution in the use of such mixtures is advisable.

530 Alabama Sweet. Oblong in shape, early in maturing for a large melon. Color dark green, irregularly striped; flesh bright red, remarkably firm. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.25.

536 Colorado Preserving Citron. A small round melon, pale green, marbled with grey. For preserve making only for which purpose it is excellent. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.

534 Cole's Early. An extra early round dark green, prettily marked melon with solid heart, flesh deep pink, of fine texture and good flavor, and a very suitable variety for our northern States. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.25.

540 Florida Favorite. An early, oblong melon of medium size, striped alternately light and dark green, flesh deep red, and of excellent quality. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.25.

542 Harris' Earliest. Large, slightly oval in shape, skin mottled light and dark green. Flesh is solid, bright red, very tender and sweet. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.

543 Irish Grey. A very large long melon, light green in color with a very hard shell. Flesh crisp and sweet, with fine eating quality. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.

546 Monte Cristo, or Kleckley Sweets. Fruits average 18 to 20 inches long, are of oblong shape, with dark green skin and flesh of brilliant scarlet. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.

547 Stone Mountain. A recent introduction and already in good demand. A large melon nearly round with dark green rind. Sweet scarlet flesh, very solid, with few seeds. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 70 cts.; lb., \$2.00.

548 Sweet-Heart. Vine vigorous and productive, oval shape, flesh bright red, tender and sweet. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.

550 Tom Watson. A large oblong Melon, a great favorite everywhere. The flesh is bright red, of delicious flavor. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.

552 Yellow Ice Cream. The quality is always sweet and crisp. Flesh is bright golden-yellow, skin beautiful green and shape oblong. A welcome change from the red fleshed sorts. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

DREER'S RELIABLE MUSHROOM SPAWN

A satisfied customer sends us this evidence of success with DREER'S MUSHROOM SPAWN

American Spore Culture Spawn. An American make of spawn, which produces Mushrooms of excellent quality and large size. We furnish the Cream White No. 8 variety, in fresh, newly made bricks. Per brick, 45 cts.; 5 bricks, \$2.00; 10 bricks, \$3.75; 25 bricks, \$8.75; 100 bricks, \$30.00, prepaid.

Dreer's Mushroom Circular free on application.

Martynia

Culture—The seedpods are used for pickling when gathered young and tender. Sown in open ground in May in hills 3 feet apart each way, or in a hotbed and afterwards transplanted. If once planted in the garden voluntary plants are likely to spring up the following year from scattered seeds.

485 Martynia Proboscidea. Large size, with long curved pods. Pkt., 10 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.50.

Ognon, FR.
Cebolla, SP.

DREER'S CHOICE ONION SEED

Zwiebel, GER.

One ounce of Onion seed for 100 feet of drill; 5 to 6 pounds for an acre.

CULTURE—Large Onions are easily grown from seeds in one season provided the gardener has a rich piece of ground and is willing to do the necessary hand weeding and transplanting of the young Onions. Seeds may be sown very early in the spring in rows 18 inches apart, and as soon as seedlings are 3 to 4 inches tall they should be thinned out to stand 3 to 4 inches apart in the row. Several applications of a complete fertilizer or wood ashes scattered on both sides of the row and hoed into the soil will benefit the developing roots immensely. Pull when tops begin to die down, cure and sell, or store in a cool, dry place. For sets, select a clean sandy soil of medium fertility, prepare it well in early spring, and at once sow seed in drills a foot apart, using 40 to 60 pounds of seed per acre. Gather the sets when ripe, cure and store in a dry, airy place. They may be wintered in a slightly frozen condition, but must be protected from repeated freezing and thawing. In early spring following, plant them in shallow drills, 12 inches apart, and about 2 inches apart in the drill. By sowing seed of the Spanish type, such as Prizetaker and Southport Globes, under glass in February or March, and transplanting in April to open ground 3 to 4 inches apart in the rows bulbs of immense size may be produced.

Best American Yellow Sorts

As a class the following may be termed the best general purpose onions for home and market purposes. Properly handled and stored they keep quite well and bring good prices.

570 Gigantic Gibraltar. On the order of "Prizetaker," both in shape and size of bulbs. It is of globe shape, with light straw colored skin and white flesh, which is very mild and tender. This variety will produce onions averaging five inches in diameter and weighing up to 2 lbs., if seed is sown early under glass and young plants are transplanted in April. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 90 cts.; lb., \$3.00.

572 Ideal. A handsome yellow Onion of medium size. The bulbs are true globe-shape, with skin of a pleasing yellow color, flesh white and of a mild flavor and it is an excellent keeper. It is not the ordinary Southport Yellow Globe, but is superior, much more productive, and we especially recommend it for planting in the home garden. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 90 cts.; lb., \$3.00.

577 Philadelphia Yellow Dutch or Strasburg. A very popular home garden onion. Flesh well flavored; bright straw-colored skin and somewhat flattened shape, and its excellent keeping qualities combine to make this a favorite sort. Pkt., 10 cts.; $\frac{1}{2}$ oz., 15 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.; lb., \$2.50.

578 Prizetaker. (See Specialties, page 4.) Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 35 cts.; $\frac{1}{4}$ lb., \$1.00; lb., \$3.50.

586 Southport Yellow Globe. A favorite market onion. A very large, handsome globular-shaped yellow variety, very productive, of mild flavor. The outer skin is pale yellow, and the flesh transparent white, crisp, and sweet. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 85 cts.; lb., \$3.00.

568 Yellow Globe Danvers. Most home gardeners throughout the country prefer this type to all others. Realizing the importance of getting a true to type strain, the bulbs from which our seed is grown are especially and carefully selected as to shape. Best for general crop, being of a good size and shape, and a splendid keeper, while the flesh is very mild flavored. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 85 cts.; lb., \$3.00.

Prices quoted in this Catalogue are the lowest for years while high quality has been strictly maintained.

ONION SEED—Continued

The Leading White Sorts

White sorts are milder than yellow or red, but do not keep so well.

- 574 Mammoth Silver King.** The largest of the foreign varieties. Produces large bulbs within 120 days from seeds. Flat in shape and both skin and flesh are pure white, mild and well flavored. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 90 cts.; lb., \$3.00.
- 584 Southport White Globe.** A well known and popular standard sort of medium size, perfect globe shape, with pure white skin. Flesh is white, fine grained, and of fairly strong flavor. Late in ripening, and one of the best keepers among white sorts. Its handsome and attractive appearance keep it always in strong demand. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25; lb., \$3.75.
- 588 White Bunching.** This forms no bulbs, and is grown solely for green onions or scallions. Seed is sown thickly in the rows, and makes rapid growth. The young plants should be gradually earthed up to blanch the stalk as far up as possible. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25; lb., \$4.00.
- 590 White Portugal, or Silver Skin.** The bulbs are flat in shape, pure white and mature within 75 days after seeds were sown. It is a splendid variety for both family use and the market gardener, and is very largely used for growing sets on account of its fine shape when small, and also for its good keeping qualities. This variety is grown extensively for use in the green state as a bunching Onion besides being well adapted for pickling. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 35 cts.; $\frac{1}{4}$ lb., \$1.00; lb., \$3.00.

SOUTHPORT WHITE GLOBE ONION

- 592 White Queen, or Barletta.** An early flat Onion, very mild, pure white, small in size and chiefly grown for pickling and bunching. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25; lb., \$4.00.

The Red Sorts

Comparatively speaking, the latest to mature, the strongest in flavor, but also the best keepers.

- 580 Large Red Wethersfield.** A standard variety and does very well in all sections. Onions are large, flat in shape, with skin of a purplish-red color and flesh of a pink shade. Resists drought better than most onions. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 90 cts.; lb., \$3.00.
- 582 Southport Red Globe.** The deep color and symmetrical form of this Onion make it very attractive. Bulbs reach full size within 110 days, keep well and are of superior quality, very firm and of strong flavor. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 90 cts.; lb., \$3.00.

SOUTHPORT RED GLOBE ONION

MAMMOTH SILVER KING ONION

Choice Onion Sets

For the small garden, we recommend the use of Onion Sets, and the slight difference in cost is justified by results. The risk of failure is almost eliminated and the crop is ready much earlier. Onion Sets should be planted in rows 12 inches apart, with sets 2 inches apart in the rows and receive regular cultivation. 1 quart will plant a 50 foot row.

In quantities offered below prepaid.

Special quotations for quantity lots.

Our celebrated Lawn Grass Seeds are offered on pages 6 and 7

*Persil, FR.***PARSLEY***Peregil, Sp.
Petersilie, GER.*

CULTURE—Used for garnishing and seasoning soups, meats, etc. Succeeds best in a mellow, rich soil. Sow thickly early in April in rows 18 to 24 inches apart and $\frac{1}{2}$ -inch deep; thin out the plants to stand 6 inches apart in the rows. The seed germinates slowly, plants taking from three to four weeks to make their appearance, and sometimes failing to come up in dry weather. To insure prompt germination, soak the seed a few hours in warm water, or sprout in damp earth, and sow when it swells or bursts. For winter use protect in a frame or light cellar. **One ounce of seed for 150 feet of drill.** **Plants offered on page 210.**

600 Dreer's Dwarf Perfection. (See Specialities, page 4.) Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.; lb., \$2.50.

596 Champion Moss Curled. Forms a dense growth of dwarf curled and crimped leaves of rich green. Popular and reliable, and its compact dwarf growth makes it very suitable for decorative planting in borders. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.

604 Dreer's Summer Green. A strong and vigorous grower that resists heat and drought in a splendid manner. Produces large, finely curled leaves of beautiful dark green color. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.

598 Fern Leaved. Fine leaves, very ornamental. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.

602 Plain. Flat smooth leaves of dark green. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.

606 Hamburg or Rooted. The fleshy root resembles a parsnip, and is used for flavoring soups, stews, etc. Roots are a yellowish white in color about 5 or 6 inches long and 2 inches thick at the top, like a small Parsnip. The roots are not affected by frost and may be left in ground over winter. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.50.

Interesting and instructive books on gardening, etc., offered on page 48.

CHAMPION MOSS
CURLED PARSLEY

Mustard*Moutarde, FR.**Mostaza, Sp.**Senf, GER.*

One ounce will sow 100 feet of drill.

Culture—A pungent salad plant; the seed is also used for flavoring pickles, pepper sauce, etc., and the large leaved sorts are excellent boiled and served like spinach.

558 White London. Leaves dark green, small and smooth, very easily and quickly grown, but soon goes to seed, therefore, sow often in succession. Used in combination with Extra Curled Cress. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 30 cts.; lb., \$1.00.

554 Chinese. Large, light green leaves, frilled at edge. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.25.

556 Fordhook Fancy. Beautifully curled and fringed, making it attractive for salads and garnishing; of mild flavor. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.35.

557 Southern Giant Curled. Plants strong and upright with large leaves, crumpled and frilled. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.25.

WHITE LONDON MUSTARD

*Gombaud, FR.***OKRA, or GUMBO***Gombo, Sp.
Ocher, GER.*

Culture—This vegetable is extensively grown for its green pods, which are used in soups, stews, etc., to which they impart a rich flavor, and substance. Sow seed thinly in rich ground about the middle of May or when ground has become warm, in drills 3 feet apart covering them 1 inch deep. When 4 to 6 inches tall, thin out plants to stand 12 to 18 inches apart in the row. Cultivate like corn. **One ounce will sow 100 feet of drill.**

560 Dreer's Little Gem. Makes a dwarf stocky growth and is very productive. The pods are thick, heavy and solid and of a light green color. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.25.

561 Improved Long Green. Very productive and bears long bright green pods, of good quality. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 30 cts.; lb., \$1.00.

565 White Velvet or Creole. Pods free from ridges and very tender. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 30 cts.; lb., \$1.00.

563 Perkins' Long-pod. Plants are 24 to 30 inches tall and the pods grow 4 to 5 inches long, very tender while young, and of a beautiful deep green color. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 30 cts.; lb., \$1.00.

LITTLE GEM OKRA

LARGE SUGAR OR HOLLOW CROWN
PARSNIP*Panaïs, FR.***PARSNIP***Chirivia, SP.**Pastinake, GER.*

CULTURE—Sow as early in the spring as weather and soil conditions permit in drills 2 feet apart and cover $\frac{1}{2}$ inch deep in light soil, less in heavy clay. Thin to stand 4 to 6 inches apart in the rows. The roots are eaten boiled and are very sweet and tender, also are often used for flavoring soups and stews. The quality is improved by leaving them in ground over winter for spring use. Secure enough in pits or cellars in the fall for immediate needs. **One ounce will sow 200 feet of drill.**

608 Large Sugar, or Hollow Crown. This is the best and most productive variety and is largely grown both in the home garden and for market. The roots, which are creamy white, grow 10 to 12 inches long, and are smooth, tender, sweet and are of excellent flavor. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{2}$ lb., 45 cts.; lb., \$1.35.

610 Student, or Guernsey. Very similar to No. 608, but somewhat shorter. A good half-long variety, with smooth white roots. This strain is the result of careful selection of roots growing to an ideal shape and having the distinct hollow crown. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{2}$ lb., 45 cts.; lb., \$1.35.

*Pois, FR.***GARDEN PEAS***Guisante, SP.**Erbsen, GER.***One pound will plant fifty feet of drill.**

Culture—The very earliest sowing of peas may be made as early in March as the gardener can prepare a piece of ground because subsequent frosts do not hurt the young plants, especially those of the extra early smooth-seeded varieties. Sow in single or double rows 24 to 26 inches apart, covering seeds about 2 inches deep. All varieties do better with some sort of support. Where the brush is lacking, poles and twine may be utilized. By selecting varieties maturing in succession (and it is easy to pick them out from the following pages because they are listed in about the same order as they reach full size), a constant supply of delicious peas may be had from early in June until middle of August. Experience has proven that sowings made after middle of May are not as successful as the earlier ones because hot midsummer heat is apt to cut short both vines and pods.

Smooth Seeded Extra Early Sorts

The hardest sorts, to be planted as soon as the soil can be put in condition.

- 618 Alaska.** An extra early round blue Pea, height, 2 feet. Very uniform and a favorite canning variety. Pkt., 10 cts.; $\frac{1}{2}$ lb., 20 cts.; lb., 35 cts.; 2 lbs., 65 cts.; 5 lbs., \$1.55, prepaid.
- 619 Ameer.** (See Specialties, 2nd cover and page 1.) Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.
- 635 Dreer's Eureka Extra Early.** One of the earliest and most prolific extra early varieties, which has given good results wherever grown. Vines grow to a height of about 20 inches and are very robust, bearing an abundant crop of pods which measure about $2\frac{1}{2}$ inches in length, and are well filled with peas of excellent flavor. Height, 20 inches. It is not only valuable for early use but is especially adapted for planting in August when most plantings of other varieties result in failure. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 35 cts.; 2 lbs., 65 cts.; 5 lbs., \$1.55, prepaid.
- 730 Dreer's Electric Extra Early.** An extra prolific round, blue-seeded extra early sort. The vines grow very uniform and attain a height of $2\frac{1}{2}$ feet, bearing an abundant crop of medium size, dark green pods, which are well filled with Peas of good flavor. Pkt., 10 cts.; $\frac{1}{2}$ lb., 20 cts.; lb., 35 cts.; 2 lbs., 65 cts.; 5 lbs., \$1.55, prepaid.
- 628 Early Eight Weeks.** In our trials, this pea was ready for picking before any of the other extra early varieties and the quality all that could be asked for in a smooth extra early Pea. The vines were very dwarf, growing only 12 to 15 inches in height and loaded with the well filled pods, which were quite large in size for so early a variety. The pods should be picked from vines while they are in a young state of growth, at which time the peas are exceedingly tender and of a most delicious flavor. Pkt., 10 cts.; $\frac{1}{2}$ lb., 20 cts.; lb., 35 cts.; 2 lbs., 65 cts.; 5 lbs., \$1.55, prepaid.
- 678 Pilot, Improved.** A smooth large seeded extra early, very prolific pea, height about 3 feet. Fine dark green pods $3\frac{1}{2}$ to 4 inches long. Pkt., 10 cts.; $\frac{1}{2}$ lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 cts.; 5 lbs., \$1.45, prepaid.

IMPROVED PILOT PEAS

No vegetable more delicious than Peas, so easily grown in the home garden

GARDEN PEAS—Continued

Early Wrinkled Seed Varieties

GRADUS PEAS

620 American Wonder. A fine, extra early wrinkled variety, well suited for the private garden and quite productive. The flavor and quality are excellent, and its dwarf habit of growth makes it a desirable sort; height, 1 foot. Pkt., 10 cts.; $\frac{1}{2}$ lb., 20 cts.; lb., 35 cts.; 2 lbs., 65 cts.; 5 lbs., \$1.65, prepaid.

646 Gradus, or Prosperity. Combines the finest quality with extreme earliness, besides being fairly productive. Grows vigorous and healthy; vines about three feet in height, bearing pods averaging 4 inches long, well filled with 6 to 8 beautiful light green Peas, which color they retain after being cooked. The quality and flavor are delicious and a valuable feature with the "Gradus" is, that the Peas remain tender and sweet for a long time after having been picked from the vines. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.55, prepaid.

650 Laxton's Progress. "Progress" grows but 18 inches high, but the vines are exceedingly vigorous and produce the largest pods of any extra early sort. Pods average $4\frac{1}{2}$ inches long and are well filled with 8, 9 or 10 deep green, large peas, of delightful flavor. Ready for gathering within 60 days from the time seeds are sown, being a few days earlier than either Hundredfold or Laxtonian, the previous leaders in this class. It is fairly hardy and may be planted almost as early as the hardier smooth-seeded varieties. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 45 cts.; 2 lbs., 80 cts.; 5 lbs., \$1.85, prepaid.

654 Little Marvel. This is a very desirable sort. It is dwarf, about 15 inches high, plants are very productive, bearing many tightly filled twin pods, which are dark green, containing 7 or 8 large oval peas packed tightly together. We consider this one of the best dwarf growing varieties for the home garden and are sure that it will please all who plant it. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

670 Market Surprise. The seeds of this variety are "dimpled." The plant grows to a height of 30 inches, and is very thrifty, producing the pods in surprisingly large quantities. Pods are large and well filled with Peas. Ready for use 60 days after sowing seeds. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.65, prepaid.

674 Nott's Excelsior. A very popular pea, slightly taller than American Wonder, but otherwise similar. Vines produce a large number of pods which are tightly filled with finely flavored peas. Height, 16 inches. Pkt., 10 cts.; $\frac{1}{2}$ lb., 20 cts.; lb., 35 cts.; 2 lbs., 65 cts.; 5 lbs., \$1.55, prepaid.

699 Sutton's Excelsior. Vines dwarf, growing about 16 inches high, sturdy and productive. The color of the shelled peas is pleasing light green and it bears the largest pods of any of the low-growing wrinkled Pea with the exception, perhaps, of Laxton's Progress. Pkt., 10 cts.; $\frac{1}{2}$ lb., 20 cts.; lb., 35 cts.; 2 lbs., 65 cts.; 5 lbs., \$1.55, prepaid.

702 The President. (See Specialities, page 4.) Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; 1 lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

705 Thomas Laxton. A popular and reliable early large-podded Pea, which is very hardy and a strong grower, producing pods in abundance. The habit and growth of vine resembles Gradus, although the color is darker and pods more blunt in shape. The pods are well filled with large peas; height, 3 feet. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

LAXTON'S PROGRESS PEAS

CHAMPION OF ENGLAND PEAS

Order Vegetable Seeds by number preceding each variety, and please keep a copy of your order for checking delivery

GARDEN PEAS—Continued

Main Crop Varieties

622 Carter's Daisy, or Dwarf Telephone. This fine standard sort deserves a greater popularity. The pods are long, frequently measuring 5 inches in length, broad, rounded or curved at end and well filled. Color of pods is a medium green and quality excellent; height, 18 inches. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

624 Champion of England. Popular old-time wrinkled variety. Height is about 5 feet and vines bear long round pods in great profusion, mostly in pairs with 7 or 8 light green peas in each. Pkt., 10 cts.; $\frac{1}{2}$ lb., 20 cts.; lb., 35 cts.; 2 lbs., 65 cts.; 5 lbs., \$1.55, prepaid.

626 Dwarf Champion. A dwarf variety, hardy and productive. The strong vines bear long broad dark green pods containing 7 or 8 large peas of fine quality. Height, 2 feet. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

682 Potlatch. Vines grow to about 30 inches, and the crop matures in about 80 days. Pods are in pairs, average $4\frac{1}{2}$ inches long, dark green and well filled with large medium green Peas. "Potlatch" will surely please the most critical. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

690 Prince Edward. Somewhat similar to Telephone in height of vine and shape of pod, and also time of maturity, but pods are darker in color adding to their handsome appearance, and we believe the vines carry considerably more pods. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

692 Senator. Peas fit to pick in about seventy days, pods about 4 inches long, curved and rich dark-green color, well filled with medium size peas. Height, 3 feet. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

PRINCE EDWARD
PEA

POTLATCH PEAS

700 Telephone. A standard both here and abroad, and improved now to its limit. Vines are very strong in growth, and average 18 to 20 pods, in pairs of large size, containing 6 to 8 peas each, of a medium green color, and delicious flavor; height, 4 feet. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 40 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.75, prepaid.

Edible Podded Sugar Peas

The pods of the two sorts following are cooked with the peas. They have a very high sugar content, and make a delicious dish and a welcome change in the menu. Once tried, they will be regularly grown.

640 Giant Sugar. Tallest edible podded variety and also latest in maturing. Pods are light green, about 3 inches long, square ended and contain 6 or 7 peas, very tender and sweet. Height, 4 feet. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 45 cts.; 2 lbs., 80 cts.; 5 lbs., \$1.85, prepaid.

662 Melting Sugar. Pods grow 4 inches long, and are very broad, quite brittle and with no stringiness. Very sweet. Height, 3 feet. Pkt., 10 cts.; $\frac{1}{2}$ lb., 25 cts.; lb., 45 cts.; 2 lbs., 80 cts.; 5 lbs., \$1.85, prepaid.

Pomme de Terre, FR.

CERTIFIED POTATOES

Patatas, Sp.
Kartoffel, GER.

One peck will plant 100 hills; 8 to 10 bushels an acre.

NOTE—Potatoes are ready for shipment about March 1st and are forwarded by Express or Freight as may be directed, at customer's expense, and are shipped at purchaser's risk, our responsibility ceasing after delivery to transportation company in good order.

Early Rose. A fine early potato. Shape long and good size with pink skin. It cooks pure white and mealy and is of good flavor. Peck (15 lbs.), 65 cts.; Bus. (60 lbs.), \$2.10; Sack (150 lbs.), \$5.00.

Green Mountain. A late variety which is suitable for planting in various soils, even producing fair crops on soils which are not of high fertility. Yields good crops and keeps well. Peck (15 lbs.), 60 cts.; Bus. (60 lbs.), \$2.00; Sack (150 lbs.), \$4.75.

State of Maine. A very reliable standard variety, of large size, round and flattened. Medium early, splendid flavor, cooks dry, is a good keeper and very productive. Peck (15 lbs.), 60 cts.; Bus. (60 lbs.), \$2.00; Sack (150 lbs.), \$4.75.

Irish Cobbler. One of the first varieties of Potatoes to be ready for use. The skin is creamy white, sometimes netted, which is an indication of good quality, round smooth tubers with eyes strong and well developed. A heavy cropper in all sections. Peck (15 lbs.), 60 cts.; Bus. (60 lbs.), \$2.00; Sack (150 lbs.), \$4.75.

Russet Rural. A well known standard late variety that makes strong healthy growth in all kinds of soil. Exceptionally heavy cropper of large, solid tubers, which cook dry and mealy. It is also practically disease resistant. Peck (15 lbs.), 70 cts.; Bus. (60 lbs.), \$2.20; Sack (150 lbs.), \$5.25.

Orders for Seed Potatoes are shipped Express or Freight, at Purchaser's Expense

Piment, FR.

PEPPER

Pimiento, SP.
Pfeffer, GER.

One ounce of seed will produce about 1000 plants.

CULTURE—Sow seed in flats under glass in March; transplant seedlings, when 2 to 3 inches high, into other flats, 4 inches apart each way or into individual pots, either clay or paper, to encourage good root systems. When the weather has become thoroughly settled and danger from belated freezes is over (about corn planting time), transplant to open ground in warm, very rich and well-prepared soil, placing rows 3 feet apart, with plants 2 feet apart in the rows. The large, sweet sorts have become very popular and are always in demand.

734 Dreer's "Rainbow." A most interesting, ornamental, and at the same time practical addition to the varieties now offered. Plants are strong and vigorous, with an abundance of glossy, dark green foliage, bearing fruits long and conical in shape, which from the early green, the color passes into white, then to a golden yellow, and finally to a brilliant scarlet. Pkt., 15 cts.; $\frac{1}{2}$ oz., 60 cts.; oz., \$1.00.

711 California Wonder. (See Specialties, page 4.) Pkt., 20 cts.; $\frac{1}{2}$ oz., 65 cts.; oz., \$1.00; $\frac{1}{4}$ lb., \$3.00.

722 Chinese Giant. The very large fruits are bright scarlet, flesh is thick and remarkably sweet. The latest maturing Pepper, requiring a long season of growth. Pkt., 10 cts.; $\frac{1}{2}$ oz., 45 cts.; oz., 80 cts.; $\frac{1}{4}$ lb., \$2.50.

723 Early Giant (Harris). In more Northern latitudes, where formerly only one or two of the smaller early types could be grown with any certainty of securing a crop, this new variety will mature large fruits, $4\frac{1}{2}$ to 5 inches high and 4 inches thick, with very thick sweet flesh. Pkt., 15 cts.; $\frac{1}{2}$ oz., 50 cts.; oz., 90 cts.; $\frac{1}{4}$ lb., \$3.00.

726 Golden Dawn. A very attractive waxy yellow Pepper, very meaty and sweet flavored. Pkt., 10 cts.; $\frac{1}{2}$ oz., 50 cts.; oz., 90 cts.; $\frac{1}{4}$ lb., \$3.00.

709 Large Bell or Bull Nose. A large early scarlet variety, very popular, and a favorite pickling sort. Flesh is thick and of mild flavor. This has been offered for many years, and is still a great favorite. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25.

EARLY GIANT PEPPER

RUBY GIANT, OR WORLD BEATER PEPPER

712 Long Red Cayenne. Pods are long and slender; bright red and very pungent. Used extensively. Pkt., 10 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.75.

742 Large Sweet Spanish. Peppers grow four or five inches long and three inches in diameter. The fruits are bright green, turning to a rich scarlet when matured. Flesh thick and sweet. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25.

730 Neapolitan. Fruits grow upright, about $3\frac{1}{2}$ to 4 inches long and 2 inches thick, and are remarkably sweet. Brilliant red fruit, very early. Pkt., 10 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 55 cts.; $\frac{1}{4}$ lb., \$1.65.

732 Pimiento. One of the sweetest Peppers grown, as it does not contain the slightest trace of heat. The plants are productive and the heart shaped Peppers medium size and of a shape desirable for filling, prepared in which manner they are delicious. Pkt., 10 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 55 cts.; $\frac{1}{4}$ lb., \$1.65.

738 Ruby Giant, or Worldbeater. Of particularly desirable size and shape for stuffing. A cross between Ruby King and Chinese Giant, grows to large size and is very mild. A most prolific sort. Pkt., 10 cts.; $\frac{1}{2}$ oz., 35 cts.; oz., 60 cts.; $\frac{1}{4}$ lb., \$1.75.

740 Ruby King. This popular sort now is a favorite in all sections, on account of its reliable nature. Fruits are about five inches long, flesh thick and mild, color dark green while young, turning to ruby red when ripe. Extremely prolific, bearing ten or a dozen fruits. Pkt., 10 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.75.

SQUASH OR TOMATO PEPPER

Potiron, FR.

PUMPKIN

Caabaza, Sp.

Grosse-Kurbis, GER.

CULTURE—Sow in good soil in May, when the ground has become warm, in hills 10 feet apart each way, or in fields of corn about every fourth hill; plant at the same time with the corn. Pumpkin varieties if planted together will mix. There is not much danger of their mixing with squashes or other vines. **One ounce for 25 hills.**

750 Large Cheese or Kentucky Field. A very hardy late, large round flattened variety with pale yellow skin, flesh very thick, yellow and sweet, an excellent canner. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.00.

752 Large Yellow Field, or Big Tom. The well known corn-field Pumpkin, mostly grown for feeding stock. Round, flat-ended sort with smooth, tough dark orange rind and flesh is dry and sweet and is often used for canning. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.00; 10 lbs., \$8.00.

756 Large Yellow Mammoth Potiron (*King of the Mammoths, Jumbo*). Largely grown for fairs and exhibitions. Specimens have been grown weighing over 100 pounds. Skin rich dark yellow, flesh lighter shade, sweet but somewhat coarse. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.75.

754 Mammoth Golden Cashaw. A very prolific crookneck type, of a golden-orange color. Flesh thick, solid and good quality. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.75.

760 Sugar, or New England Pie. For pies this cannot be excelled. Fruits round and small, with deep yellow skin, plainly ribbed. Flesh sweet and fine grained. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.

764 Winter Luxury. A very good keeper and a splendid pie Pumpkin; shape round, skin finely netted, and russet-yellow color; flesh deep yellow and thick. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.

Re-cleaned Bird Seeds

This year particularly a vegetable garden is an economic necessity. It will considerably reduce the weekly food bill and what is of far greater importance the home garden supplies fresh tender produce of a quality unknown to the buyer of "store" vegetables. The work too, is pleasant and healthful and if intelligently arranged the garden can be kept producing nearly all year.

PEPPER—Continued

741 Squash, or Tomato. Fruits about 2 to 3 inches in diameter, flat, and slightly ribbed, with thick sweet flesh. Of very convenient shape for stuffing. Pkt., 10 cts.; $\frac{1}{4}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.75.

The Small Ornamental Sorts

715 Celestial. Compact plants, literally covered with small conical fruits in color ranging from purple to brilliant red. Very hot. Pkt., 15 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.75.

720 Creole, or Birds Eye. Bears small oval red-hot fruits in abundance. Very ornamental. Pkt., 15 cts.; $\frac{1}{2}$ oz., 50 cts.; oz., 85 cts.; $\frac{1}{4}$ lb., \$2.50.

735 Red Cherry. A small round late variety, fruits erect, scarlet and hot. Pkt., 15 cts.; $\frac{1}{2}$ oz., 40 cts.; oz., 75 cts.; $\frac{1}{4}$ lb., \$2.50.

728 Red Japan Cluster. Very productive. Small, slender, upright, hot fruits of bright red. Pkt., 15 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.75.

718 Small Chili. Red conical pods, in abundance, about 2 inches long, very hot. In demand for sauce. Pkt., 15 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.75.

744 Tabasco. Small and very hot. Used as a condiment either in vinegar or sauce. Pkt., 15 cts.; $\frac{1}{2}$ oz., 45 cts.; oz., 80 cts.

Rhubarbe, FR. **RHUBARB** Ruibarbo, Sp.
Rhabarber, GER.

One ounce of seed to 125 feet of drill.

Culture—Good plants are easily grown in any good garden soil. Sow seed thinly in shallow drills 1 foot apart, thin to 4 or 5 inches. Keep soil loose and free from weeds. The plants are liable to vary considerably. Pick out the strongest and best. In fall or spring following, transplant to the permanent bed, 4 feet apart each way, in deep, warm and very rich soil. The more manure the better stalks.

830 Linnaeus. A good second early, very large and a strong grower. Stalks mostly deep green, round and of good quality. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.

832 Victoria. A splendid early sort. Stalks are large, very thick, of rich red color, and tender quality. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.

For Rhubarb Roots, see page 210.

*Radis, Rave, FR.***RADISH***Rabanito, Sp.
Radies, GER.***One ounce of seed will sow 100 feet of drill.**

CULTURE—One of the earliest delicacies to reach our table in the spring and one that may be enjoyed all season by a judicious selection of varieties suitable for different seasons. In soil rich in humus, the little early round and olive-shaped sorts will be ready for use in from 3 to 4 weeks. Earliest sowings may be made as soon as frost is out of the ground. After May 1st, sow long varieties like White Icicle or Long Scarlet Short Top. After June 1st, select summer varieties like Long White Vienna, or White Delicacy, and around July 1st, sow the late but also large winter radishes for a fall and winter supply. All radishes, to do their best, should be thinned out to stand 2 to 6 inches apart in the row, the largest distance given applying to the large growing winter varieties.

The Earliest Round Sorts

- 770 Cardinal Globe.** Among quite a number of the little red Radishes available, this is easily one of the most dependable in that it perfects uniform round globes within 20 to 25 days from sowing seeds. It is most attractive, of brilliant cardinal red color, with pure white flesh, of delicate crispness and piquant flavor. Equally useful for growing under glass in frames or greenhouses as well as for early outdoor sowing. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.
- 776 Crimson Ball.** A dainty little Radish of mild flavor; skin bright red, flesh tinged with red. It forms the root very rapidly and is ready for use within 25 days. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.50.
- 779 Crimson Giant.** Suitable both for forcing or early planting out of doors. In shape it is round to oval, and very attractive. The flesh is mild and tender. Grows to larger size than any in this class, yet retains its crispness and solidity. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.50.
- 780 Dreer's Crystal Forcing.** Of remarkably quick growth, insuring crisp solid roots, perfectly round and pure white with small top. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.50.

CRIMSON BALL RADISH

A good vegetable garden will materially reduce the weekly food bill. Home grown vegetables are always superior.

CARDINAL GLOBE RADISH

- 804 Earliest Red May.** Makes a remarkably quick growth and is ready for the table within 3 weeks after sowing seeds. The Radishes are of a desirable size and uniform in shape, with small tops and of excellent flavor. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.
- 816 Earliest White May.** A crisp turnip-shaped variety with a very small top. Extremely early and a very desirable sort for both under glass or outdoor culture. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.50.
- 795 New Perfection.** (See Specialties, page 4.) Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.75.
- 798 New Ruby.** (See Specialties, page 5.) Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.75.
- 800 Philadelphia White Box.** A good turnip-shaped white variety, remarkably long standing for an early variety. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.50.
- 825 White-tipped Scarlet Gem.** Leaves short and excellent for forcing; color bright scarlet with white tip. It is a very handsome variety and exceedingly rapid grower. Also listed as "Rosy Gem" in many catalogs. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.50.

For a steady supply of crisp solid roots, sow Radish seed every two weeks.

RADISH—Continued

Early Oval and Long Sorts

- 773 Cincinnati Market.** Ready for use in from 30 to 35 days. Of the Long Scarlet type, but larger. Roots of a clear bright red color with white crisp flesh, and grows to large size without becoming pithy. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.
- 818 Dreer's Earliest White Olive.** The shape and quick growth make this the most desirable of the white olive-shaped sorts. Will produce roots of a size suitable for use within 24 days. The skin is an attractive, transparent ivory-white and the flesh sparkling white, very crisp, tender and juicy. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.75.
- 783 French Breakfast.** An old reliable standard sort ready for use within 25 days after sowing seeds. Oblong shape, mild and tender. The skin is a lively pink in color on the upper portion, but lower part is pure white. Does well outside or under glass. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.
- 792 Long Scarlet Short Top.** This is another well known established sort with long, bright scarlet roots 6 or 7 inches long, with small top. Brittle and crisp. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.

Summer Varieties

This class requires longer to perfect the product, but the roots have firmer flesh and remain in fit table condition very much longer than any of the early sorts offered.

- 768 Beckert's Chartist.** An exceedingly handsome deep scarlet sort, 7 or 8 inches long, shading to a clear white at the tip. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.

- 814 Dreer's White Delicacy.** Produces a large root, 5 to 6 inches long, thick at top and tapering to a point. Pure white, of fine flavor and crisp texture. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.75.

- 785 Icicle.** (See Specialties, 2nd cover and page 1.) Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.

- 790 Long White Vienna, or Lady Finger.** Skin and flesh are pure white and slightly longer than Icicle, crisp, and of rapid growth. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.

- 822 White Strasburg.** Grows quite large, 8 to 10 inches long by 3 to 4 inches in diameter at the top. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.25.

- 824 White Stuttgart.** An immense top-shaped radish, of clear white color. Fine for summer and fall use. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.

Winter Radishes

Generally sown around July 1, the same as turnips. The Chinese type develops most rapidly, while the Spanish sorts require about 3 months to reach full size, but they keep well.

- 787 Long Black Spanish.** 8 or 9 inches long, and $2\frac{1}{2}$ or 3 inches thick at the top, black skin with solid white flesh. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.50.

- 807 Round Black Spanish.** Good specimens are almost round and measure 3 to 4 inches through. Skin black, flesh white, solid and pungent. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.50.

- 810 Scarlet China.** Also known as Rose China Winter. The oblong roots grow 4 to 5 inches long, and two inches thick at lower end, and are of bright rose color. Flesh white, crisp and pungent. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.50.

- 812 White Chinese, or Celestial.** Roots cylindrical, and when fully developed are 6 to 7 inches long and 2 inches thick. Solid, crisp and of a mild flavor. Skin and flesh pure white. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.50.

CINCINNATI MARKET RADISH

DREER'S WHITE DELICACY
A remarkably sweet and tender
summer Radish

FRENCH BREAKFAST RADISH

Sow Early Radish for succession every two weeks

Espinard, Fr.

SPINACH

*Espinaca, Sp.
Spinat, GER.*

CULTURE—For spring and summer use sow in drills 1 foot apart and 1 inch deep, as early as the ground can be worked, and every two weeks up to May 15th, for a succession. For winter and early spring use, sow in September in well-manured ground; cover with straw on the approach of severe cold weather. The ground cannot be too rich. No Spinach, with the exception of New Zealand will "stand" August heat without "shooting" seed stalks. Water liberally with fine spray or sprinkler after sowing seed. **One ounce for 100 feet of drill.**

845 Dreer's Improved Long-standing. (See Specialties, page 5.) Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 30 cts.; lb., 85 cts.

842 King of Denmark. An ideal variety for spring sowing, in the home garden, as plants are very slow to run to seed. Strong vigorous plants producing an immense growth of large well rounded dark green, crumpled leaves. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 60 cts.

844 Long Season. Sowings of this variety can be made in early spring and followed monthly with further sowings, and the crop will be continuous throughout the entire summer. The leaves are a rich dark green color, very thick, crumpled, and of splendid quality. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 60 cts.

847 New Zealand (*Tetragonia expansa*). Not related to the regular Spinaches, but this should be more widely grown, as it stands all summer and produces a continuous supply of good quality leaves. Forms large, spreading plants, five to eight feet across, during summer and early fall, from seeds sown during April. Soak seed in warm water for a few hours before sowing. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.00.

851 Savoy, Dreer's Reselected. An early and hardy spinach, with large broad leaves, heavily crimped and curled, and of a rich, glossy, dark green. We offer a special strain which is very fine. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 50 cts.

853 Thick-leaf, or Viroflay. A heavy cropping spring or fall variety bearing very large smooth leaves, measuring up to 10 inches in length and 8 inches wide. Plants measure 24 to 30 inches across and well repay liberal manuring. A favorite canning sort as its smooth leaves are easily washed free from sand and grit. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 60 cts.

854 Victoria. Plants are very compact with numerous leaves of fine texture, deepest green color, heavily crimped, thick, fleshy leaves on very short stems, good quality, and "stands" for a long time before shooting to seed. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 60 cts.

Have a supply of Vegetable Seeds on hand to replace the varieties used up. Beans, Beet, Lettuce, Radish, and Spinach are all suitable for filling in. Keep your garden producing for you.

MAMMOTH SANDWICH ISLAND SALSIFY

Salsifis, FR.

SALSIFY

or Vegetable Oyster

Ostion Vegetal, SP.
Haferwursel, GER.

One ounce for 50 feet of drill.

Culture—Succeed best in light, well-enriched mellow soil. Sow early in the spring in drills 15 inches apart, 1 inch deep and water liberally with a fine spray or sprinkler, thin to 4 inches in rows. Used the same as Carrots, or, after having been boiled, make into cakes and fry like oysters, which they resemble in flavor. Cultivate the same as carrots or parsnips; it is hardy; can remain the ground all winter for early spring use, but should be taken up before it starts new growth.

837 Mammoth Sandwich Island. Grows a large tapering root 7 or 8 inches long with almost white smooth skin, resembling a good-sized Parsnip. It is very mild and delicately flavored, hence very popular. The young leaves may be used as salad. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 85 cts.; lb., \$3.00.

835 Long White. A favorite market variety of very fine flavor. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 85 cts.; lb., \$3.00.

834 Long Black, or Scorzonera. This is grown in the same manner as above sorts, but it develops a taproot with a black skin. The roots of this variety, if not used may remain in the ground till needed and they will increase in size without losing their tenderness and fine flavor. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25; lb., \$4.50.

Courge, FR.

SQUASH

Calabaza, SP.
Kuerbis, GER.

Culture—It has only been recently that scientists have discovered the presence of remarkable quantities of vitamins in summer squash, and doctors now prescribe an abundance of squash for children backward in physical development. Sow at corn planting time, in well-manured hills, the bush varieties 4 feet apart each way, the winter sorts 10 to 12 feet each way, and thin out to 2 to 4 plants to the hill. To repel the squash vine borer, throw a handful of tobacco dust close around the plants. The large, strong-smelling black squash bug can be kept in check by hand-picking. For yellow-striped beetle and blight, spray early and repeatedly with Bordeaux Arsenate of Lead Mixture.

One ounce of seed for 25 hills, 3 to 4 pounds to an acre.

The Earliest, Bush Varieties

862 Cocolle Bush. (See Specialties, page 5.) Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

867 Giant Summer Crookneck. Large deep yellow, curved and warted. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.75.

868 Giant Summer Straightneck. A selection from Crookneck, with straight heavily warted yellow fruits. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

The Long Keeping Vine Varieties

858 Boston Marrow. A good keeper and of excellent flavor. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.

864 Delicious. The skin is green, with an occasional blue specimen; flesh is thick bright yellow and of splendid quality. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

871 Golden Hubbard. Skin orange red. Fine keeper. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

872 Improved Hubbard. A standard winter sort. Skin bronze green. Flesh rich yellow and very thick. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

878 Warted Hubbard. Heavily warted dark green skin. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

869 Golden Custard Bush. Similar to the White Bush, but yellow. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

873 Extra Early Jersey White Bush (Patty Pan). Very early, fruit flat and scalloped, of cream-white color. Delicious flavor. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.50.

877 Mammoth White Bush. Similar to Jersey Bush, but much larger. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 45 cts.; lb., \$1.50.

879 Table Queen. (See Specialties, page 5.) Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

860 Mammoth Chili. Orange yellow. Good sort for feeding stock. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

Vegetable Marrows

875 Long Cream. A vine sort, shape oblong with cream yellow skin and flesh. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., \$1.00.

876 Long Green. Similar in shape to above but skin is a rich green. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., \$1.00.

874 Long White Bush. A fine White Marrow growing in bush form. Splendid for the garden of limited area. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 85 cts.

GIANT CROCKNECK

JERSEY BUSH

COCOZELLE

Tomate, FR.

TOMATO

Tomate, Sp.
Liebesapfel, GER.

CULTURE—For the first crop sow seeds of very early varieties like Alpha, Avon Early, Globe, or Spark's Earliana, under glass, or in the house, about middle of February, giving the young seedlings plenty of light for rapid development. When they are 3 to 4 inches tall transplant them into flats or a spent hotbed, to stand 4 inches apart each way. Give plenty of air on sunny days to harden them properly. Such plants should start bearing middle of June, and continue for the best part of 2 months. For the main crop, sow seeds of later varieties in a hotbed, or warm cold frame by April 1st. Around Decoration Day, prepare spaces 3 feet apart each way, digging the hole a foot deep and of equal diameter and filling this with well rotted stable manure or humus. Set the plants into these spaces and to prevent loss from cut worms surround the young plants with a collar of cardboard. Where the young plants are grown in paper pots, set them into the ground, pots and all, just tearing out the bottom. **One ounce of seed will produce about 2500 plants.**

The Earliest Sorts

- 887 Alpha.** Alpha fruits come very deep and smooth, plants are distinct, with heavy wide foliage, and bear in abundance bright red fruits which ripen evenly right up to the stem, and are solid and meaty. Pkt., 15 cts.; $\frac{1}{2}$ oz., 50 cts.; oz., 75 cts.; $\frac{1}{4}$ lb., \$2.00.
- 888 Avon Early.** An exceedingly early variety, maturing a few days before Earliana. Fruits large, round and very solid, of deep scarlet. Pkt., 10 cts.; $\frac{1}{2}$ oz., 40 cts.; oz., 70 cts.; $\frac{1}{4}$ lb., \$2.00.
- 894 Bonny Best.** An early and productive variety, popular all over the country. Fruits are almost round, scarlet, somewhat flattened at stem end, and are produced in abundance. This is also a good forcing Tomato. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25.
- 896 Break O'Day.** (See Specialties, 2nd cover and page 1.) Pkt., 20 cts.; $\frac{1}{2}$ oz., 60 cts.; oz., \$1.10; $\frac{1}{4}$ lb., \$3.75.
- 938 Earliana Spark's.** A standard extra early. Fruits bright red, solid and of fine flavor. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 45 cts.; $\frac{1}{4}$ lb., \$1.25.
- 917 John Baer.** Matures within 110 days of sowing seeds and perfects large, well-shaped red fruits of fine flavor. The vines do not grow very large, but are productive. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 45 cts.; $\frac{1}{4}$ lb., \$1.25.
- 919 June Pink.** May be called a pink "Earliana." Identical in all but color, this being a purplish pink. Pkt., 10 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.50.
- 936 Red River.** A cross of Sunrise and a selected strain of Earliana, quality fruits are produced very early. They are of medium size, good depth, a bright scarlet color, while the flesh is quite solid. Red River undoubtedly is a valuable variety for customers in the short season in Northern States. Pkt., 20 cts.; $\frac{1}{2}$ oz., 60 cts.; oz., \$1.00; $\frac{1}{4}$ lb., \$3.50.
- 940 Scarlet Topper.** (See Specialties, page 5.) Packets, 25 cts.

Second Early and Main Crop Varieties

- 891 Beauty.** A very productive sort with large smooth fruits of purplish-pink. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25.
- 897 Crimson Cushion, or Beefsteak.** Large size, solid and smooth. Similar to Ponderosa, except in color. Pkt., 10 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.50.

BONNY BEST TOMATOES

- 904 Dwarf Champion.** Very strong dwarf plants, fruits smooth and solid of purplish-pink. Pkt., 10 cts.; $\frac{1}{2}$ oz., 35 cts.; oz., 60 cts.; $\frac{1}{4}$ lb., \$1.75.
- 906 Dwarf Stone.** Round fruits, deep scarlet, very solid, ripens evenly and of excellent flavor. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 45 cts.; $\frac{1}{4}$ lb., \$1.25.
- 947 Dreer's Superb Salad.** Distinctly a salad Tomato, just the right size for serving in halves or quartered, with lettuce or for putting up whole in jars. Very smooth fruit, in color a rich scarlet. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 45 cts.; $\frac{1}{4}$ lb., \$1.25.

OUR CELEBRATED
LAWN MIXTURES

Are described and offered on pages 6 and 7.

GLOBE TOMATO—Dreer's Select Strain

Forcing Tomatoes

- 900 Comet.** Fruits medium size, rich scarlet, and good quality. Pkt., 15 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.50.
- 921 Lorillard.** Bright red, smooth, early. Pkt., 15 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.50.

Preserving Tomatoes

The list below includes all of the popular miniature fruited sorts. They are all enormous croppers and without exception make delicious and attractive preserves.

	Pkt.	$\frac{1}{2}$ oz.	Oz.
944 Strawberry or Ground Cherry	\$0 15	\$0 40	\$0 70
931 Red Cherry	15	40	70
932 Red Currant	15	45	80
933 Red Peach	15	40	70
934 Red Pear	15	40	70
935 Red Plum	15	40	70
953 Yellow Cherry	15	40	70
955 Yellow Pear	15	40	70
956 Yellow Plum	15	40	70

SORREL

Oseille, FR. *Acedera*, SP. *Sauerampfer*, GER.

Culture—Used for soups and salads on account of its pleasant acid flavor and also makes delicious boiled greens. Sow seed in any good garden soil, in shallow drills a foot apart. Thin plants to 6 or 7 inches apart and remove seed stalks as soon as they appear. When ready to gather, select only the largest leaves, thus insuring a continuous supply, one planting will last for 3 or 4 years. **One ounce for 200 feet of drill.**

- 839 Large-leaved Garden.** The largest leaved and best variety. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

TOMATOES—Continued

- 910 Globe, Dreer's Select Strain.** Fruits are borne in clusters of 4 to 6. They average 6 ounces each, are perfectly globe-shaped, except in the first clusters on which the largest specimens are inclined to be somewhat flat. Globe is among the most solid of all tomatoes, of mild flavor, and beautiful pink or purple color which never fails to attract. Pkt., 20 cts.; $\frac{1}{2}$ oz., 75 cts.; oz., \$1.25; $\frac{1}{4}$ lb., \$3.50.
- 912 Golden Ponderosa.** Like the original purple fruited Ponderosa, this variety grows to a large size and has the same remarkable good quality and solidity of flesh, but the color is a rich golden yellow. Of very fine appearance when sliced and served with the purple variety, the contrasting colors being very attractive and appetizing. Pkt., 20 cts.; $\frac{1}{2}$ oz., 65 cts.; oz., \$1.00; $\frac{1}{4}$ lb., \$3.50.
- 913 Golden Queen.** A medium sized, solid yellow Tomato, ripening slightly earlier than the above sort. Pkt., 15 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.75.
- 923 Marglobe.** This fine second early, now so popular all over the country, produces large, smooth, meaty, globular red fruits, which ripen evenly, and are free from cracks. An extremely heavy cropper, immense yields of excellent fruits being reported from every region where tried. Especially valuable to those who are in districts troubled with rust and wilt, and particularly in the Southern States, as this strain is immune. Pkt., 15 cts.; $\frac{1}{2}$ oz., 50 cts.; oz., 90 cts.; $\frac{1}{4}$ lb., \$3.00.
- 924 Matchless.** One of the most dependable scarlet main crop sorts, very large, solid and meaty, one of the best canning varieties for home use. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 45 cts.; $\frac{1}{4}$ lb., \$1.25.
- 930 Ponderosa.** The largest tomato grown, and always a popular and profitable sort for the home garden. Large purplish-pink of extraordinary solidity, and our strain produces many very smooth fruits. Pkt., 15 cts.; $\frac{1}{2}$ oz., 40 cts.; oz., 70 cts.; $\frac{1}{4}$ lb., \$2.00.
- 942 Selected Stone.** Probably the most widely grown Tomato in the Country. Very dependable and will produce a large crop of deep red, solid fruits. A splendid canner. Pkt., 10 cts.; $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.00.

PURPLE TOP WHITE GLOBE TURNIPS

Navel, FR.

TURNIP

Nabo, Sp.
Weiz Ruben, GER.

One ounce will sow 200 feet of drill, two pounds for an acre.

CULTURE—For early, sow seed thinly in open ground in spring in drills 18 to 20 inches apart. Thin out seedlings to 3 or 4 inches apart. For succession sow every two weeks until May 15th. For fall and winter sow in July and August. A good crop may often be grown by scattering seed thinly in the cornfield at last cultivation. For Ruta Baga sow seed in open ground during June and early July. Take up the roots just before winter, top and store in cool cellar, or pit outdoors.

- 960 Aberdeen Purple Top, Yellow.** Very hardy and productive, good keeper, of thick slightly flattened shape and of fine quality. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.
- 961 All Seasons Foliage Turnip.** (See Specialties, 2nd cover and page 1.) Pkt., 10 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 85 cts.; lb., \$3.00.
- 962 Golden Ball.** A rapid grower of excellent flavor, globe shaped, medium size. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.
- 964 Long White, or Cow Horn.** Grows 12 to 14 inches long, and about three inches thick, partly above ground; flesh white, fine grained and sweet. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.
- 966 Purple Top White Globe.** The most popular variety. It is round, very handsome and of superior quality. The flesh is white and skin white with purple at portion which grows above the ground. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.

- 967 Purple-top Milan, Extra Early.** Roots flat, white, with purple top. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.25.
- 969 Red or Purple Top (Strap-Leaf).** One of the earliest and most popular on our list. Roots flat, top purple, flesh fine grained and mild. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.
- 970 Seven Top.** Grown for its leafy tops only, which make excellent greens. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.
- 972 Snow Ball.** The roots have a smooth white skin and are nearly round. One of the best to sow very early in the spring. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.
- 974 White Egg, Early.** Adapted for either spring or fall sowing. The tops are small and roots are of medium size, white skin and flesh. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.
- 975 White Milan, Early.** Of high quality, roots are of medium size, flat, and pure white all through. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.25.
- 976 White Flat Dutch, Early.** Of quick growth and mild flavor. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.
- 977 Yellow Globe (Amber Globe).** It produces a globe-shape root, with smooth skin and light-yellow flesh, which is firm and sweet. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.

Ruta Baga

These are easily the best keepers because of their solidity. May be harvested and stored like potatoes.

- 979 American Purple Top.** Very hardy and productive. The flesh is yellow, solid and sweet; good for stock or table use. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 30 cts.; lb., 90 cts.
- 982 Budlong's Improved.** White, very sweet; much milder flavor than most other sorts; globe-shaped; skin a creamy-yellow. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.
- 985 Dreer's Improved Purple Top.** Remarkable for uniform shape and fine quality, and also a splendid keeper. Skin is smooth and flesh a beautiful yellow color and fine grained. The flavor is very sweet and tender. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.
- 988 Golden Heart.** A Danish green-top variety of large size. (See Specialties, page 5.) Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.00.

Tobacco

Offered with Agricultural Seed, see page 47.

ABERDEEN PURPLE TOP YELLOW TURNIPS

DREER'S EXTRA RECLEANED GRASS SEEDS FOR LAWN AND FIELD

Prices of quantities over one pound are f. o. b. Philadelphia, and subject to market changes

We make a specialty of grass and clover seeds, and send out only the varieties best adapted to this country. Our supplies are secured direct from the best seed-producing districts of the world, and the seeds are of great reliability. There are numbers of our customers who, through their knowledge of the soil and climatic conditions of their immediate locality wish to procure a mixture of Grasses which they know will succeed with them and we shall be pleased at all times to submit prices of, or to prepare, mixtures for any purpose whatever according to the customers' own formula, and also will be glad to give any information desired concerning grasses and clovers. A complete list of the finest recleaned Natural Grasses will be found on this page.

KENTUCKY BLUE GRASS

Bent Colonial (*Agrostis Tennis*). N. Z. Brown Top. A high grade super-cleaned seed. Almost identical with R. I. Bent. Lb., \$1.50, postpaid. Bu. (35 lbs.), \$45.00; 100 lbs., \$125.00.

Bent Creeping (*Agrostis Species or Mixed Bent*). For Putting Greens and fine Lawns. Makes a low compact velvety growth. Lb., \$1.50, postpaid. Bu. (20 lbs.), \$26.00; 100 lbs., \$125.00.

Bent Prince Edward Island. The finest strain of Bent Grass yet offered. Heavy seed of high purity. Lb., \$2.25, postpaid. Bu. (30 lbs.), \$51.00; 100 lbs., \$160.00.

Blue Grass Kentucky Fancy Recleaned (*Poa pratensis*). Rated as one of the best permanent grasses, especially useful for lawns and meadows. Lb., 45 cts., postpaid. Bu. (14 lbs.), \$4.90; 100 lbs., \$32.00.

Blue Grass Canadian (*Poa Compressa*). Useful on poor soils. Lb., 45 cts., postpaid. Bu. (14 lbs.), \$4.90; 100 lbs., \$32.00.

Bermuda Grass (*Cynodon dactylon*). Invaluable for lawns and pastures in the Southern States. Lb., 45 cts., postpaid. Bu. (35 lbs.), \$12.00; 100 lbs., \$34.00.

Carpet Grass (*Axonopus Compressus*). For the Lawns and Pastures of the Gulf Coast States. Lb., 40 cts., postpaid. Bu. (18 lbs.), \$5.40; 100 lbs., \$28.00.

Crested Dogtail (*Cynosurus cristatus*). A very hardy perennial. Lb., 45 cts., postpaid. Bu. (21 lbs.), \$8.00; 100 lbs., \$36.00.

Fescue Chewings New Zealand (*Festuca chewings*). For fine lawns and putting greens. Lb., 55 cts., postpaid. Bu. (14 lbs.), \$6.30; 100 lbs., \$40.00.

Fescue Hard (*Festuca duriuscula*). A good pasture grass. Lb., 40 cts., postpaid. Bu. (12 lbs.), \$3.60; 100 lbs., \$28.00.

Fescue Meadow (*Festuca pratensis*). English Blue Grass, or Sweet Grass. A useful perennial for hay and pasture. Lb., 30 cts., postpaid. Bu. (22 lbs.), \$4.40; 100 lbs., \$18.00.

Fescue Genuine Red or Creeping (*Festuca rubra*). For fine lawns and putting greens. Succeeds on sandy soils. Lb., 65 cts., postpaid. Bu. (14 lbs.), \$8.40; 100 lbs., \$55.00.

Fescue Sheep's (*Festuca ovina*). Valuable for pastures. Lb., 40 cts., postpaid. Bu. (12 lbs.), \$3.60; 100 lbs., \$28.00.

Fescue Fine-leaved Sheep's (*Festuca ovina tenuifolia*). Excellent for lawns. Makes a very dwarf, fine leaved growth. Lb., 60 cts., postpaid. Bu. (14 lbs.), \$7.00; 100 lbs., \$48.00.

Meadow Foxtail (*Alopecurus pratensis*). A perennial pasture grass, much relished by stock of all kinds. Lb., 70 cts., postpaid. Bu. (7 lbs.), \$4.50; 100 lbs., \$60.00.

Orchard Grass (*Dactylis Glomerata*). One of the most valuable of the pasture grasses; makes a good hay. Lb., 35 cts., postpaid. Bu. (14 lbs.), \$3.50; 100 lbs., \$24.00.

Red-top Grass Extra Recleaned Seed (*Agrostis Alba*). Now popular for lawns and golf courses. Heavy, solid seed. Lb., 40 cts., postpaid. Bu. (32 lbs.), \$9.60; 100 lbs., \$26.00.

Rough Stalked Meadow Grass (*Poa Trivialis*). Recommended for shady lawns and it also is a rich pasture grass. Lb., 55 cts., postpaid. Bu. (14 lbs.), \$6.30; 100 lbs., \$40.00.

Rye Grass American (*Oregon grown*). Extra fine, heavy seed. Lb., 25 cts., postpaid. Bu. (30 lbs.), \$4.90; 100 lbs., \$15.00.

Rye Grass English Perennial (*Lolium perenne*). For winter lawns in the South and also for permanent pastures. Lb., 30 cts., postpaid. Bu. (24 lbs.), \$5.00; 100 lbs., \$18.00.

Rye Grass Italian (*Lolium Italicum*). An annual for hay mixtures, or for the Southern lawn in fall. Lb., 30 cts., postpaid. Bu. (18 lbs.), \$4.00; 100 lbs., \$18.00.

Sweet Vernal Grass True (*Anthoxanthum odoratum*). Imparts a sweet odor to hay. Lb., \$1.00, postpaid. 10 lbs., \$9.00.

Tall Meadow Oat Grass (*Avena elatior*). For Pastures. Lb., 40 cts., postpaid. Bu. (10 lbs.), \$3.00; 100 lbs., \$28.00.

Timothy. Lb., 25 cts., postpaid. Write for price per bushel.

Wood Meadow Grass (*Poa nemoralis*). The ideal grass for heavily shaded lawns. Lb., 75 cts., postpaid. Bu. (14 lbs.), \$9.00; 100 lbs., \$60.00.

BENT GRASS. For Fine Lawns

OUR CELEBRATED
LAWN MIXTURES
Are described and offered on pages 6 and 7.

DREER'S PERMANENT PASTURE GRASS MIXTURE

An acreage of good grass land is an asset to any farm and a necessity where stock of any kind is raised. Land, too, is properly rested and fertility wonderfully renewed, so that eventually, when sod is plowed down, this rich land is in condition to return heavy crops, and another acreage can be prepared for grass. Permanent Pasture Grass succeeds well after a root crop, such as Potatoes, Beets, or Mangels or Turnips has been taken off. Land should be fall plowed and left rough over winter and prepared in spring, making the seed bed as fine as possible by repeated harrowing. After seed is sown a heavy rolling is necessary, as grass requires a firm seed bed. This special mixture of Recleaned Grass and Clover Seeds, is composed of Perennial varieties, which insure at all times an abundant and nutritious food supply for all kinds of stock. It yields a heavy crop of Hay each year and supplies rich pasture all the year round. We ship out large quantities of this mixture and it has always given most satisfactory results. Sow 50 lbs. to the acre, and when ordering, kindly state whether for heavy or light soil. Bu. (20 lbs.), \$5.50; 100 lbs., \$25.00.

Barley

Oderbrucker. A productive and reliable six rowed bearded variety and an improvement over the old Manchurey. Lb., 25 cts., postpaid; peck, 80 cts.; bu. (48 lbs.), \$2.75.

Buckwheat

Japanese. Earlier, more prolific and yields nearly double the weight per acre of other sorts. Lb., 30 cts., postpaid. Peck, \$1.00; bu. (48 lbs.), \$2.75; 10 bushels at \$2.50 per bushel.

Broom Corn

Improved Evergreen. This variety is extensively grown. Brush is long, fine and straight, and always green; grows 7 feet high. Sow 10 pounds to the acre in good, deep soil. Lb., 25 cts., postpaid. By express or freight, at purchaser's expense, peck, \$1.50; bu. (46 lbs.), \$4.50.

Clover Seed (Write for prices per bu.)

Red Clover, Medium (*Trifolium pratense*). Sow spring or fall, 10 to 15 lbs. per acre. Lb., postpaid, 50 cts.

Red Clover Mammoth or Sapling (*Trifolium pratense perenne*). 10 to 15 lbs. per acre. Lb., postpaid, 50 cts.

Alsike or Swedish Clover (*Trifolium hybridum*). 8 lbs. to the acre when used alone. Lb., postpaid, 45 cts.

White Dutch Clover (*Trifolium repens*). 8 lbs. to the acre alone. Oz., 10 cts.; $\frac{1}{2}$ lb., 30 cts.; $\frac{3}{4}$ lb., 50 cts.; lb., 95 cts., postpaid. By express or freight, at purchaser's expense, lb., 85 cts.; 5 lbs., \$4.00; 10 lbs., \$7.75; bu. (60 lbs.), \$45.00; 100 lbs., \$75.00.

Sweet Clover Bokhara (*Melilotus alba*). A valuable soil improver. 20 lbs. to the acre. Lb., 30 cts., postpaid.

Japan or Korean Clover (*Lespedeza striata*). 14 lbs. per acre. Lb., 50 cts., postpaid. 14 lbs., \$5.60; 100 lbs., \$35.00.

Crimson, or Scarlet Clover. Valuable for hay, or for cover crop or green manuring. 20 lbs. per acre. Lb., postpaid, 30 cts.

Alfalfa, or Lucerne (*Medicago sativa*). Produces 3 to 4 heavy crops in a season. Lb., 50 cts., postpaid. Write for special leaflet.

Ensilage Corn

Sow 1 to $1\frac{1}{2}$ bushels to the acre, in rows $3\frac{1}{2}$ feet apart.

Red Cob Ensilage. One of the very best varieties and grows well in all sections. It is a pure white Corn on a red cob, making a growth of stalk measuring 12 to 14 feet high. Lb., postpaid, 30 cts.; peck (14 lbs.), 90 cts.; bu. (56 lbs.), \$3.50.

Sweet Fodder Corn. For siloing or ensilage. Sow in drills at the rate of 2 bushels to the acre. Lb., postpaid, 30 cts.; peck (12 $\frac{1}{2}$ lbs.), \$1.35; bu. (50 lbs.), \$5.00.

Field Corn

Sow 8 quarts to the acre early in May.

Perfected Golden Beauty. An improved strain of Golden Beauty obtained by careful selection. The ears contain from 10 to 14 rows of extremely large, broad grains, which are of a rich, golden-yellow color, and the cob is small. Lb., postpaid, 35 cts.; peck, \$1.10; bushel, \$4.00.

Leaming Gourd Seed. A good early variety which ripens in about 110 days. Ears good size, cob red, grains medium in size and deep yellow. Lb., postpaid, 30 cts.; peck, 90 cts.; bushel, \$3.50.

Early Yellow Canada. A ninety-day Corn, used in this latitude for replanting. Ears are 12 to 14 inches long, of rich yellow color. Lb., postpaid, 30 cts.; peck, \$1.15; bushel, \$4.00.

Pusey Cloud Yellow Dent. A prize winning variety at many Eastern Corn Shows. It matures in 100 to 110 days, and will yield 75 to 100 bushels of shelled Corn to an acre. The ears measure about 10 inches in length. Lb., postpaid, 30 cts.; peck, 90 cts.; bushel, \$3.50.

Early Mastodon Dent. A Dent Corn suitable for Northern sections, as it matures in about 110 days. The stalks grow rapidly and to a good size, producing excellent fodder and an abundant crop of corn. Lb., postpaid, 35 cts.; peck, \$1.10; bushel, \$4.00.

Early 100-day Bristol. One of the earliest large Dent varieties. It is productive, and ears are a good size with light yellow grains. Lb., postpaid, 30 cts.; peck, 90 cts.; bushel, \$3.50.

Johnson County White Dent. A prolific variety which produces large ears, well filled. Grains are long and set close on the cob, which measures about ten inches in length and contains from 18 to 24 rows of grain. Lb., postpaid, 30 cts.; peck, 90 cts.; bushel, \$3.50.

Mangel Wurzel

Sow 6 lbs. to acre, in May or June, in rows 2 feet apart, and thin to 9 inches. Give the crop good cultivation.

177 Mammoth Long Red. This is a favorite variety with Dairymen. Produces enormous crops of fine solid Roots. Splendid keeper. Oz., 10 cts.; $\frac{1}{2}$ lb., 30 cts.; lb., 85 cts.; 10 lbs., \$7.50, prepaid.

178 Red Globe. A large red oval variety; keeps well and produces better crops on shallow soil than the Long Red. Oz., 10 cts.; $\frac{1}{2}$ lb., 30 cts.; lb., \$1.00; 10 lbs., \$9.00, prepaid.

173 Golden Tankard. Indispensable owing to its productiveness and richness in saccharine matter. Deep yellow flesh and skin. Oz., 10 cts.; $\frac{1}{2}$ lb., 30 cts.; lb., 85 cts.; 10 lbs., \$7.50, prepaid.

NOTE—Prices for larger quantities than one pound are f. o. b. Philadelphia, and subject to market changes. For large quantities, write for quotations. All Farm Seeds are packed in 2 bus. grain bags at 35 cents each.

Prices for larger quantities than one pound are f. o. b. Philadelphia and subject to market changes.

Sugar Beets

Sow same as Mangels, except thin to 6 to 8 inches in the row.

170 Klein Wanzleben. Without question the best in cultivation; not the largest in size, but the richest in sugar content. Oz., 10 cts.; $\frac{1}{4}$ lb., 30 cts.; lb., 80 cts.; 10 lbs., by express, \$6.00, prepaid.

171 Lane's Improved White Sugar. This Beet attains a large size and grows considerably above the ground. Oz., 10 cts.; $\frac{1}{4}$ lb., 30 cts.; lb., 80 cts.; 10 lbs., by express, \$6.00, prepaid.

Millet

German, or Golden Millet (*Panicum Germanicum*). A valuable early annual hay and fodder crop. Matures within two months. Sow 1 bushel to the acre. Lb., postpaid, 25 cts.; bushel (50 lbs.), \$3.50.

Hungarian Millet (*Panicum Hungariensis*). An annual forage plant, early and productive, growing 2 to 3 feet high. Sow 1 bushel to the acre. Lb., postpaid, 25 cts. Bushel (48 lbs.), \$3.50.

Egyptian, or East India Pearl Millet (*Penicillaria spicata*). Grows from 8 to 10 feet high. For fodder, sow 5 pounds in drills 3 feet apart, thin out in rows to 1 foot apart. Lb., 40 cts., postpaid. Bushel (50 lbs.), \$7.00.

Japanese Barn-yard Millet (*Panicum Crus-galli*). An excellent fodder plant; grows 6 to 8 feet high. Sow from middle of May to end of July, if broadcasted use 12 lbs. to acre, or if drilled 8 lbs. to acre. Lb., 25 cts., postpaid. Bushel (35 lbs.), \$4.20.

Oats

Storm King. It makes a strong growth of straw, with large well-filled heads, which have a tendency to be one-sided, and grains are white, large and heavy. "Storm King" has made a yield of from 60 to 70 bushels per acre, and we recommend it strongly. Peck (8 lbs.), 60 cts.; bushel (32 lbs.), \$1.75; 10 bushels or over, \$1.60 per bushel.

Swedish Select. Native to Northern Europe, this is a splendid variety for all sections, and particularly so to our States North of this latitude. A very productive sort, the straw is heavy and stiff and the grains plump and attractive in appearance. Peck (8 lbs.), 50 cts.; bushel (32 lbs.), \$1.60; 10 bushels or over, \$1.50 per bushel.

Note—The measured bushel of the two sorts offered weighs 42 or 43 lbs. The Pennsylvania standard weight, however, is only 32 and it is at this latter weight that we quote.

Field Peas

Canadian Field Peas. Valuable for Northern climates for cattle-feeding and for green soiling. Sow 3 bus. per acre alone, or $1\frac{1}{2}$ bus. with 1 bu. oats. Lb., postpaid, 25 cts.; peck, \$1.40; bushel (60 lbs.), \$5.00.

New Era Cow Peas. An upright-growing variety, which matures quickly and produces a large crop of Peas. The vines are small but cure nicely and make a good forage. Lb., postpaid, 35 cts. Write for price per bushel.

Whip-poor-will Cow Peas. A standard early variety; grows upright, vigorous, and the crop is easy to harvest. We sell more of this variety than any other, and consider it the best for general purposes. Lb., postpaid, 35 cts. Write for price per bushel.

Soja Beans

Wilson. An excellent variety for Middle and Eastern States. Grows 36 to 44 inches high, branches well, holds leaves and the seeds do not shatter from pods after cutting. Lb., postpaid, 35 cts. Write for price per bushel.

Manchu. Matures a week or so earlier than Wilson and is an exceptionally heavy cropper. From $2\frac{1}{2}$ to 3 tons per acre of high quality hay is an average crop on good land. Very suitable for Penna. and neighboring States. Lb., postpaid, 35 cts. Write for price per bushel.

Rape

Dwarf Essex Rape. A valuable forage plant relished by all kinds of stock, and especially hogs, and which can be sown in this latitude in April for early crop, or as late as September for fall crop. Makes a quick and vigorous growth and stock can be turned on it in 7 or 8 weeks. Sown broadcast at the rate of 10 lbs. to the acre, or 5 lbs. in drills. Finest imported seed, Lb., 25 cts., postpaid. By express at purchaser's expense, 5 lbs., 75 cts.; 10 lbs., \$1.40; 50 lbs., \$6.00.

Tobacco

Tabak, Fr.

Tabaco, Sp.

Tabac, Ger.

One ounce of good seed is sufficient for an acre.

Culture—Sow seed for plants early in spring in frames or seedbed, using soil well enriched with wood ashes, etc. Transplant to open ground when weather has become warm and settled, in rows 4 feet apart, and give cultivation as for corn.

884 White Burley. The favorite of Kentucky. Light-colored leaves of fine flavor and aroma. Pkt., 10 cts.; $\frac{1}{2}$ oz., 35 cts.; oz., 60 cts.; $\frac{1}{4}$ lb., \$1.80.

881 Connecticut Seed Leaf. One of the best varieties for cigar wrappers. The leaves are of good width and length and grow closely on stalk. Pkt., 10 cts.; $\frac{1}{2}$ oz., 35 cts.; oz., 60 cts.; $\frac{1}{4}$ lb., \$1.80.

882 Havana. The seed we offer is the best Vuelta Abajo, obtained by us direct from Cuba, and is the finest flavored tobacco grown. Pkt., 15 cts.; $\frac{1}{2}$ oz., 40 cts.; oz., 75 cts.; $\frac{1}{4}$ lb., \$3.00.

883 Pennsylvania Seed Leaf. Produces a very large, handsome leaf of good quality. Extensively grown in Lancaster County, Pa. Pkt., 10 cts.; $\frac{1}{2}$ oz., 35 cts.; oz., 50 cts.; $\frac{1}{4}$ lb., \$1.50.

Miscellaneous Farm Seeds

Spring Rye. Grown for grain crop or turning under to improve the soil. Sow $1\frac{1}{2}$ bushels to the acre. Lb., postpaid, 30 cts. Write for price per bushel.

Rye for Fall seeding will be offered in our Autumn Catalogue.

Sorghum, or Early Amber Sugar-cane. Most productive variety and a favorite forage crop in Southern States. Height, 10 to 12 feet. Sow 5 lbs. in drills, or 75 lbs. broadcast to acre. Lb., 30 cts., postpaid. 5 lbs., 60 cts.; 50 lbs., \$5.00.

Sudan Grass. A forage plant valuable in the middle West. Grows from six to ten feet high. Sow seed when ground has become warm, 4 to 6 lbs. per acre, in drills 18 to 24 inches apart, and cultivate like corn. Lb., 35 cts., postpaid. 10 lbs., \$1.50; 50 lbs., \$6.00.

Vetches, or Tares, Spring (*Vicia Sativa*). Highly valuable for soiling or for green manuring. Use 2 or 3 bushels to acre, broadcast, or 1 to 2 bushels in drills. Lb., 30 cts., postpaid. Write for price per bushel.

Vetches, or Tares, Winter (*Vicia Villosa*). Also called Sand Vetch, or Hairy Vetch. A great soil improver, and a nutritious green fodder or hay crop. For Fall sowing. Sow 1 bushel per acre, with 1 bushel of rye. Price per lb., 40 cts., postpaid. Write for price per bushel and special leaflet.

Wheat Marquis. An excellent spring variety producing large beardless heads. Extremely hardy. Sow $1\frac{1}{2}$ bushels to the acre. Lb., postpaid, 30 cts. Write for price per bushel.

Wheat for Fall seeding will be offered in our Autumn Catalogue.

Yellow Milo Maize. This crop is grown like corn, and may be cut several times for green forage; also used for ensilage, or cured like sorghum. 4 to 5 lbs. per acre. Grows to a height of 8 to 10 feet. Lb., 30 cts., postpaid. 5 lbs., 70 cts.; 10 lbs., \$1.25; 50 lbs., \$5.00.

Garden Tools and Accessories, Fertilizers, Insecticides, etc., are offered on pages 211 to 224 of this catalogue.

NOTE—Prices for larger quantities than one pound are f. o. b. Philadelphia, and subject to market changes. For large quantities, write for quotations. All Farm Seeds are packed in 2 bus. grain bags at 35 cents each.

Vegetable Gardening (Watts). A complete, concise and authentic book covering every phase of the subject.....	2 50

NOVELTIES AND SPECIALTIES IN Flower Seeds for 1932

For General List of Flower Seeds, see Pages 63 to 119

AGERATUM BLUE BALL

Ageratum "Blue Ball"

- 1072** We consider this a really valuable addition to the list of Ageratums. The compact, ball-shaped plants grow 6 inches high, of unusual uniformity of growth, bearing over a long season large flossy flowers of a deep Ageratum blue. Makes a wonderful blue line or border. 15 cts. per pkt.; 50 cts. per $\frac{1}{2}$ oz.

(For general list of Ageratums, see page 64)

Anthemis Tinctoria

- 1149 Perry's Variety.** A wonderful improvement over the well known Golden Marguerite, Anthemis Tinctoria, producing its large well shaped bright golden yellow flowers from June until October; valuable for cutting; 2 feet.....\$0 25

Antirrhinum

- 1161 Rock Hybrids.** Early flowering hybrids forming small compact bushes, covered with small flowers in various shades of rose, pink, purple, mauve and bicolor, in mixture only. Special pkt., 75 cts. 25

Three Beautiful Snapdragons

The sorts offered below belong to the Grandiflora Half-dwarf section, and are unusually attractive in color.

- 1163 Gloria.** Effective, rich, glittering deep rose.
1169 Pink Perfection. An exquisite Hermosa-pink slightly suffused salmon; spikes and flowers of largest size; extra fine.
1166 Peerless Pink. Flowers are of immense size, two inches and over across and the color, an even tone of soft shell-pink.
Price. Any of the above, 15 cts. per pkt.
1178 Collection of a pkt. each of the three sorts for 35 cts.

Antirrhinum (Snapdragon)

Forcing varieties, especially suited for growing under glass; can also be grown satisfactorily outdoors.

PER PKT.

- 1172 Ceylon Court.** Beautiful canary yellow, flowers closely set on strong wiry stems.....\$0 50
1173 Cheviot Maid. Clear pink, very early flowering... 50
1174 Jennie Schneider. Beautiful pink, same color as Columbia rose; free bloomer..... 25
1175 Orlando. Beautiful bronze. A very popular shade. 25
1176 Philadelphia Pink. Considered one of the best pure pinks..... 25
1177 White Rock. Pure white. Extra early, and free blooming..... 25
1188 Collection of a packet each of the above 6 sorts, \$1.50.

New Antirrhinum Maximum

- 1157 Salmon Rose.** As its name implies, it is a most beautiful shade of Salmon combined with the begonia rose color which has made the variety The Rose so popular. Plants of Salmon Rose have a good vigorous habit and the flowers are immense. 25 cts. per pkt.

(For general list of Antirrhinums see page 66)

ANTIRRHINUM (Snapdragon)

DREER'S SIX FAMOUS AMERICAN ASTERS

The following six sorts embrace several distinct types and colors, which we feel sure will, on account of their free growth, profuse flowering, large size, and general excellence, give entire satisfaction to the most critical growers of this popular flower.

To secure maximum results please read cultural instructions on page 68.

- | | PER PKT. |
|---|----------|
| 1273 Purple Beauty. Very large double flowers of a rich glittering purple. Special pkt., 50 cts. | \$0 15 |
| 1281 Crego's Giant White. The finest white Comet Aster, bearing immense fluffy flowers 5 inches and over in diameter. Special pkt., 50 cts. | 10 |
| 1305 Dreer's Crimson Giant. Densely double flowers of rich blood-crimson. Special pkt., 50 cts. | 10 |
| 1346 Rose King. Handsome double-quilled flowers of a brilliant rose color. A great favorite for cutting. Special pkt., 50 cts. | 10 |
| 1393 Dreer's Peerless Pink. The finest shell-pink late-branching Aster ever offered; magnificent blooms, many measure 5 inches across by 2½ inches in depth, forming an almost globular flower. Special pkt., 60 cts. | 15 |
| 1451 Late Branching Azure Blue. Perfect blooms of a wonderful rich deep lavender or azure-blue color. Special pkt., 50 cts. | 10 |
| 1338 Collection of a packet each of the above Six Famous Asters for 50 cts. | |

Aster Giant California Sunshine

- 1450** Plants of this new race grow three feet high and bear blossoms on long, stiff stems, admirable for cutting. The individual blooms are enormous, four to six inches in diameter.

The color in these new Asters is startlingly beautiful. A dual tone effect is obtained through the contrasting tints of the disc-like center and the outer or guard petals. In color they vary in shades of Enchantress-pink, Appleblossom, deep rose, blue and lavender, but the disc, sometimes light yellow, sometimes blue, brings additional variety in tint. In mixture only. (See illustration.) Special pkt., 75 cts.

25

ASTER GIANT CALIFORNIA SUNSHINE

LONG-SPURRED AQUILEGIA OR COLUMBINE

Dreer's Long-spurred Aquilegias or Columbines

While all the varieties of Columbines described and offered on page 67 are beautiful and much admired, this strain is unquestionably the finest yet produced. The plants are of strong thrifty growth with flowers of largest size, varying in color through charming tones of cream, pink, lavender, blue, white, red, etc.

- | | PER PKT. |
|---|----------|
| 1203 Blue and Lavender shades. ½ oz., \$1.00. | \$0 25 |
| 1204 Scarlet and Red shades. ½ oz., \$1.00. | 25 |
| 1205 Pink and Rose shades. ½ oz., \$1.00. | 25 |
| 1208 Collection of a packet each of the above 3 colors for 60 cts. | |
| 1206 Dreer's Long-spurred Hybrids mixed. A wonderful mixture containing all the beautiful tints and tones and color combinations for which this strain is famous, hardly two being exactly alike. 50 cts. per ½ oz. | 15 |

Aquilegia

- 1197 Canadensis.** The native rich red and yellow variety, one of the brightest. 50 cts. per ¼ oz.
- (For general list of Aquilegias, see page 67.)

15

Heart of France Aster

- 1341** This is the largest flowering of the very dark red sorts; plants grow about 24 inches high, nicely branched, bearing in September their large, rich, deep ruby-red flowers on long strong stems; a fine, dark variety. 15 cts. per pkt. Special pkt., 60 cts.

Begonia Semperflorens

Everblooming Bedding Varieties

- 1560 Christmas Cheer.** A bright crimson scarlet, exceedingly free bloomer. Splendid for pot culture, and Christmas forcing. 25 cts. per pkt.
- 1561 Albert Martin.** Extra large flowers of a bright crimson scarlet, dark foliage. 25 cts. per pkt.
- 1567 Gustave Knaake.** Glowing pink with salmon shadings; leaves green, shaded bronze. Excellent for pot culture. 25 cts. per pkt.
- 1568 Love's Glow.** Brilliant salmon rose. Splendid for pot culture. 25 cts. per pkt.

(For general list of Begonias, see page 72.)

Calendula (Pot Marigold)

- 1679 Campfire (Sensation).** This striking new variety has extremely large flat flowers; color, rich orange, with a scarlet sheen, making a very attractive flower. 15 cts. per pkt.; \$1.00 per $\frac{1}{4}$ oz.
- 1680 Radio.** Is quite distinct from any other Calendula. The petals of the large, perfectly double flowers, instead of being flat like the varieties now on the market, are beautifully quilled, forming an almost globular flower. In color a rich glittering orange. 15 cts. per pkt.; 75 cts. per $\frac{1}{4}$ oz.
- 1685 The Ball.** A splendid variety, developed by a commercial florist for cut flowers, in color a rich golden orange with light centre, flowers very large and double borne on long strong stems and equally as good for show in the garden as for cutting. 15 cts. per pkt.; 75 cts. per $\frac{1}{4}$ oz.

(For general list of Calendulas, see page 73.)

CALENDULA (Pot Marigold)

Campanula Persicifolia (Peach Bells)

- 1726 Telham Beauty.** Immense bell-shaped flowers of a pale china blue, produced on long stems. Height, 2 feet. 25 cts. per pkt.

Campanula Rotundifolia (Blue Bells of Scotland)

- 1731** This beautiful variety famous in song and story, grows about a foot high with branched wiry stems and graceful drooping mid-blue bell-shaped flowers, a splendid subject for the rockery or front of hardy border. 25 cts. per pkt.

(For general list of Campanulas, see page 74.)

Carnation Chabaud's Enfant de Nice

Carnation Enfant de Nice is the result of a cross between Carnation Chabaud's Giant Improved and Carnation Perpetual. The plants are of robust, upright habit, with long, strong stalks bearing flowers $2\frac{1}{2}$ to 3 inches in diameter. This strain is magnificent and is so far, the last word in annual Carnations. The color comes about 75% true from seed and about 90% of the plants come double.

	PER PKT.
1805 Red	\$0 35
1806 Rose	35
1807 Salmon	35
1808 White	35
1809 Collection of a packet each of the above 4 colors, \$1.00.	
1810 Finest Mixed. Containing all colors. Special pkt., 75 cts.	25

Hardy Border Carnation

- 1840 Grenadin Mixed.** Dwarf and compact in growth; double flowers in various colors, produced in great profusion. Early flowering and invaluable for cutting. Will bloom first year if seed is sown early. 1 foot. 15 cts. per pkt.; 50 cts. per special pkt.

(For general list of Carnations, see page 75)

CARNATION CHABAUD'S ENFANT DE NICE

New Extra Early Cosmos

- 2074 Express Pink.** An extra early single Cosmos flowering in from forty-five to fifty days from the time seed is sown. The plant grows about two and one-half to three feet high and is covered with medium sized bright pink flowers. 15 cts. per pkt.; 50 cts. per $\frac{1}{4}$ oz.

Double-flowering Cosmos

It has taken a great deal of care and patience to perfect this strain. The flowers vary considerably in their degree of doubleness, some being absolutely double, while others have a frill or collar surrounding the double disc, and while we think this is the most artistic, they are beautiful in either form, of high value for cutting and garden decoration. We offer both the Early and Late flowering strain, for points north of Philadelphia, the early flowering is best.

Early-flowering Double Cosmos

PER PKT.

- 2076 Carnelia.** Rich rosy crimson.....\$0 25
2077 Peachblossom. Deep rose-pink..... 25
2078 Whirlwind. Pure white..... 25
2079 Collection of a packet each of the 3 early doubles, 60 cts.
2080 Early Double Mixed. 75 cts. per $\frac{1}{4}$ oz. 20

Late-flowering Double Cosmos

- 2081 Crimson King.** Deep rose crimson..... 20
2082 Pink Beauty. Soft rosy pink..... 20
2083 White Queen. Pure white..... 20
2098 Collection of a packet each of the 3 late doubles for 50 cts.
2084 Late Double Mixed. 50 cts. per $\frac{1}{4}$ oz. 15

(For general list of Cosmos see page 81)

DOUBLE-FLOWERING COSMOS

Double-flowering Coreopsis Coreopsis Lanceolata Grandiflora Fl. Pl.

- 2072 Coreopsis Lanceolata** has for a long time been a gem in the perennial border and one never grows tired of the masses of golden yellow blooms which it produces, which are decorative in the garden and invaluable as cut flowers. This double and semi-double form is just as easy to grow and the extra petalage adds a further charm to the flower. 15 cts. per pkt.; 50 cts. per $\frac{1}{4}$ oz.

New Coreopsis Grandiflora

- 2073 Auricula Superba.** Petals golden yellow, with a serrated band of brownish red encircling the golden disc. Makes an excellent cut flower. 25 cts. per pkt.

(For general list of Coreopsis see page 80)

Cynoglossum Amabile (Chinese Forget-me-not)

- 2148** An annual recently introduced from China; of the easiest culture forming strong plants about 18 inches high and producing through the summer months sprays of intense blue Forget-me-not-like flowers. A splendid addition to the comparatively short list of real blue flowers. 15 cts. per pkt.; 40 cts. per $\frac{1}{4}$ oz.
2149 Amabile Pink. In growth and general appearance this resembles the Cynoglossum Blue, only that the flowers are rich, deep pink and are more striking than pink Forget-me-nots. In moderate climates these plants are perennial. 25 cts. per pkt.; 75 cts. per $\frac{1}{4}$ oz.

Dwarf Single Dahlia

- 2177 Coltness Hybrids.** A new form of the dwarf single type; very free flowering; very dwarf, suitable for bedding. Choice mixed colors. 25 cts. per pkt.; $\frac{1}{4}$ oz., \$1.00.

(For general list of Dahlia seeds, see page 82.)

DOUBLE-FLOWERING COREOPSIS
LANCEOLATA GRANDIFLORA

DELPHINIUM WREXHAM OR HOLLYHOCK-FLOWERED

Delphinium (Hardy Perennial Larkspur)

Seed may be sown any time from Spring till Autumn. Sow in fine soil to the depth of the seed, not deeper than $\frac{1}{8}$ inch. Firm the soil and moisten thoroughly. Keep shaded and moist, with a free circulation of air at all times. In about 20 days the pointed seed leaves will appear, remove shade and when the true, or round leaves appear transplant to their permanent places.

Wrexham or Hollyhock-flowered

Enormous spikes of large single and double blooms in all the glorious shades of blue, found only in Delphiniums. The graceful spire shaped spikes are not unlike Hollyhocks; a truly magnificent strain.

	SPECIAL PKT.	PER PKT.
2231 Wrexham Art shades.....	\$1 50	\$0 50
2232 Wrexham Deep Blue shades.....	1 50	50
2233 Wrexham Light Blue shades.....	1 50	50
2234 Wrexham Mid-Blue shades.....	1 50	50
2238 Collection of a packet each of the 4 colors, \$1.50.		
2235 Wrexham Mixed. Containing all colors. $\frac{1}{8}$ oz. \$1.00.		35

Dreer's De Luxe Hybrids

Plants of strong vigorous habit with immense spikes of flowers of the largest size in every tone from the palest lavender to the richest Oxford-blue, as well as a number of unusual art shades.

	SPECIAL PKT.	PER PKT.
2241 De Luxe Light Blue shades.....	\$0 75	\$0 35
2242 De Luxe Mid-Blue shades.....	75	35
2243 De Luxe Dark Blue shades.....	75	35
2249 Collection of a packet each of the 3 colors, 75 cts.		
2245 De Luxe Hybrids Choicest Mixed. Special pkt., 50 cts.; $\frac{1}{8}$ oz. \$1.00.....		25
2240 Gold Medal Hybrids. One of the finest strains of mixed hybrids offered. The plants are of strong, vigorous habit, with large flowers. Per $\frac{1}{8}$ oz., 50 cts.; per oz., \$1.50.....		15

New Annual Delphiniums (Chinensis)

2227 Cambridge Blue. A Blue Annual or Chinensis Delphinium far surpassing Belladonna in brilliancy. It is a rich clear blue. Habit of growth about two to three feet high and should make a valuable cut flower (see illustration). 25 cts. per pkt.; special pkt., 60 cts.

2226 Blue Butterfly Improved. Rich ultra-marine blue; height one foot, excellent for the rock garden. 15 cts. per pkt.; 50 cts. per $\frac{1}{4}$ oz. (For general list of Delphiniums, see page 83.)

Digitalis (Foxgloves)

2361 Giant Shirley Mixed. Unquestionably the greatest improvement ever made in Foxgloves. The very vigorous plants attain a height of 5 to 7 feet, with spikes of bloom 4 feet in length, closely set with flowers of unusual size, ranging in color from the purest white to dark rose, handsomely spotted and blotched with crimson, maroon and chocolate. Seed sown this spring will produce plants that will make a glorious show next season. 15 cts. per pkt.; $\frac{1}{4}$ oz., 50 cts.

2368 Lutzii Hybrids. New distinct salmon hybrids. 4 feet. 25 cts. per pkt., Special pkt., 60 cts.

(For general list of Digitalis, see page 85.)

DELPHINIUM CAMBRIDGE BLUE

GAILLARDIA PORTOLA GIANT

New Double Hollyhock

- 2792 Emperor.** A striking departure from the type, which arrests the attention of the beholder. Bearing flowers $5\frac{1}{2}$ to $6\frac{1}{2}$ inches across, outer petals wide, elegantly frilled and deeply fringed, centre a very double rosette, the whole suggesting a huge crested Begonia. The coloring consists of many charming combinations, such as cerise salmon with centre of cream reflecting rose; delicate pink with centre of rose flushed yellow; and many other charming combinations. 25 cts. per pkt.; Special pkt., 75 cts.

(For general list of Hollyhocks, see page 92.)

Giant Imperial Larkspurs

A new type of the annual Larkspur developed in this country, a wonderful improvement on the old stock flowered type, being of upright base branching habit (see illustration); making them of particular value for cutting.

	PER $\frac{1}{4}$ OZ.	PER PKT.
2941 Blue Spire. Intense deep Oxford-blue.....	\$0 75	\$0 15
2942 Carmine King. A very rich carmine on salmon..	75	15
2949 Gloria. A rich tone of deep rose with no trace of carmine.....	1 00	25
2944 Lilac Spire. Beautiful lilac color.....	75	15
2945 Miss California. A deep salmon rose.....	75	15
2947 Peachblossom. A very delicate tone of clear light pink with no trace of salmon.....	1 00	25
2946 White Spire. A dazzling pure white.....	50	15
2948 Collection. A packet each of the above 7 colors, \$1.00.		

Three Lovely Annual Larkspurs

- 2936 Exquisite Pink Improved.** A greatly improved strain both in the upright habit of growth and in the charming pink color, which comes practically 100 per cent. true. $\frac{1}{4}$ oz., 50 cts. 15
- 2934 Exquisite Rose.** Identical in every way to the foregoing but several tones deeper in color, being a rich rose pink that comes quite true. $\frac{1}{4}$ oz., 50 cts. 15
- 2945 Miss California (New).** Of the new upright type. Flowers of a deep salmon rose, and remain in good form two weeks longer than any other variety. $\frac{1}{4}$ oz., 75 cts. 15

(For general list of Larkspurs, see page 94.)

New Eschscholtzia (California Poppy)

- 2423 Dazzler.** The description "Flame Color" has been applied to many flowers but never has it fitted as aptly, for "Dazzler" is really a true flame scarlet. The flowers are large and of extremely beautiful form, and against the peculiarly beautiful foliage they show to great advantage. 25 cts. per pkt.; $\frac{1}{4}$ oz., 75 cts.

Gaillardia Portola Giant Hybrid

- 2507** These new hybrids are of strong, vigorous, upright habit, from $2\frac{1}{2}$ to 3 ft. high with heavy, leathery, glaucous foliage; the long flower stems, straight and strong, hold the massive flowers erect. These are of extraordinary size, $3\frac{1}{2}$ inches and over in diameter; petal very broad, overlapping, of great substance, and spread out flat, forming a very symmetrical flower. In color, they are of a rich bronzy red, tipped with a border of varying widths of golden yellow. (See cut.) 20 cts. per pkt.; $\frac{1}{4}$ oz., 75 cts.

(For general list of Gaillardias, see page 88.)

Gerbera (Transvaal Daisy)

- 2535 Jamesoni Hybrida.** Perfect daisy like flowers, 2 to 4 inches across, borne on long stems. Greenhouse perennials, making splendid pot plants or for cutting. Also makes a satisfactory garden plant in cold climates if wintered over in cold frames. Includes a wonderful range of colors and shades, including pale yellow, orange, rose, salmon, cerise, etc. 25 cts. per pkt., 100 seeds, 75 cts.

GIANT IMPERIAL LARKSPUR

New Regal Hybrid Hardy Lupines

(*Lupinus Polyphyllus Hybridus*)

3060 The are the result of many years of careful crossing and selecting by a celebrated English specialist, and in addition to the usual blue, white and rose colors, contains many unusual lilac, pink, purple, yellow and other tints. This strain received an Award of Merit from the Royal Horticultural Society of England, and we consider them an important addition to the list of hardy perennials. 15 cts. per pkt. $\frac{1}{4}$ oz., 50 cts.; oz., \$1.50.

Lupinus Polyphyllus (Lupine)

Effective hardy perennials, succeeding in any good garden soil; blooms in May and June; 3 feet.

	PER PKT.
3052 Rose. $\frac{1}{4}$ oz., 40 cts.....	\$0 15
3053 White. $\frac{1}{4}$ oz., 25 cts.....	10
3054 Blue. $\frac{1}{4}$ oz., 25 cts.....	10
3055 Moerheimi. Rose and pink. $\frac{1}{4}$ oz., 50 cts.....	15
3056 Sunshine. A strong free blooming variety, flowers a clear yellow. $\frac{1}{4}$ oz., 50 cts.....	15
3059 Collection of a packet each of the 5 colors, 50 cts.	
3058 Mixed. Oz., 25 cts.....	10

Lupinus

3051 Subcarnosus (Texas Blue Bonnet). Makes charming bushy plants 15 inches in height, with an abundance of flower spikes, bearing large deep blue flowers. While perfectly hardy, seed sown in the open ground in Spring will produce plants that will bloom in June. 10 cts. per pkt.; $\frac{1}{4}$ oz. 30 cts.

(For general list of Lupinus, see page 95.)

Lobelia Cardinalis

3032 Queen Victoria. A wonderfully effective variety, with dark bronzy foliage and brilliant scarlet flowers, standing out in vivid contrast to the foliage. A fine hardy border plant. 25 cts. per pkt.
(For general list of Lobelias, see page 95.)

LILIUM PHILIPPINENSE FORMOSANUM

LUPINUS (Lupine)

Liliums

2987 Philippinense Formosanum. A truly remarkable lily, with umbels of large white long trumpet shaped flowers, like an Easter Lily (see cut). Will bloom in 6 to 8 months from the time seeds are sown; very fragrant. 2 to 3 feet. 25 cts. per pkt.; Special pkt., \$1.25.

2988 Regale. One of the most beautiful Garden Lilies. Grows 3 to 5 feet high, blooms outdoors in July. Large trumpet shaped flowers; color ivory-white, shaded pink tinged with canary yellow at base of petals. 15 cts. per pkt.; $\frac{1}{4}$ oz., 50 cts.

2989 Tenuifolium (Coral Lily). Easily grown from seed, blooming the second year. Bears in profusion medium-sized flowers of perfect form and of dazzling coral red, excellent for the rock garden, or for forcing; 1 to 2 feet; May. Perfectly hardy. 25 cts. per pkt.; Special pkt., \$1.25.
Special offer of a packet each of the above three L iliums, 50 cts.

Linaria

2992 Maroccana Excelsior Hybrids. A dainty easily grown annual bearing small spikes, like a miniature Snapdragon of brilliant colors including yellow, crimson, pink, purple, etc.; plant grows about 12 inches high and is a charming subject for the rockery or border. 15 cts. per pkt.; $\frac{1}{4}$ oz., 40 cts.

Lychnis

3063 Arkwrightii. A beautiful hybrid of L. Chalcidonica X. L. Haageana, producing an abundance of large brilliantly colored flowers ranging from crimson and scarlet to salmon and other shades. Hardy perennial. $1\frac{1}{2}$ feet. 25 cts. per pkt.; Special pkt., 50 cts.

(For general list of Lynchnis see page 95.)

Garden Lilies (I. Preston). Preparation of soil, planting, and general care described in detail.
\$1.25 per copy, postpaid

New African Marigolds

3082 Orange Alldouble. Any strain of African Marigold that will come fifty per cent or more double is very good. Alldouble identical in every respect to Orange Prince, has come almost one hundred per cent double. (See Illustration.) 25 cts. per pkt.; \$1.00 per $\frac{1}{4}$ oz.

3080 Lemon Alldouble. Identical to Orange Alldouble excepting in color which is clear lemon yellow. 25 cts. per pkt., \$1.00 per $\frac{1}{4}$ oz.

3078 Guinea Gold. A distinct type of Marigold, of graceful pyramidal habit, growing 2 to 2 $\frac{1}{2}$ feet high, flowers semi-double, 2 to 2 $\frac{1}{2}$ inches across, broad wavy petals of a brilliant shade of orange flushed with gold. The usual Marigold odor is less pungent than in other sorts. (See cut.) 25 cts. per pkt.; Special pkt., 75 cts.

Two Magnificent Marigolds

The two varieties offered below are of the large-flowering African type, and grow almost 2 $\frac{1}{2}$ feet high, bearing in continuous succession from early summer till hard frost large perfectly double flowers.

3084 Orange Prince. Large ball-shaped blooms of glittering deep golden orange. 15 cts. per pkt.; 50 cts. per $\frac{1}{4}$ oz.

3085 Lemon Queen. Immense double flowers of a pleasing soft lemon-yellow making a fine contrast to the rich gold of Orange Prince. 15 cts. per pkt.; 50 cts. per $\frac{1}{4}$ oz.

For general list of Marigolds, see page 96.)

AFRICAN MARIGOLD, ALDOUBLE

MARIGOLD, GUINEA GOLD

Phacelia Campanularia

(California Blue Bell)

3599 A beautiful annual and one of the earliest to bloom; intense gentian blue flowers with white anthers. Very effective for edgings, etc., also as a pot plant. 9 inches. 10 cts. per pkt.; 30 cts. per $\frac{1}{4}$ oz.

DOUBLE FLOWERING NASTURTIUM

Double Sweet Scented Nasturtium

(Bodgeri Flore Pleno)

3285 Golden Gleam. A sensational novelty in Nasturtiums, inasmuch as it is the first double flowering variety to be successfully grown from seeds.

The plant forms a vigorous, large bush which throws out short runners, averaging eighteen inches. The flowers commence to come as soon as the plant nears complete development, and at the time it is in full bloom the entire plant, including the runners, is a blaze of color. The large, golden-yellow flowers average two and one-half to three inches across. They are borne on erect, stiff stems six inches in length. Consequently the flowers stand well above the foliage, an arrangement which adds immeasurably to the showy appearance of the plant.

When well grown these flowers have the appearance of a fully double flower, and are most attractive. An ordinary sized bouquet, when allowed to remain in a room for a short period of time will fill the room with fragrance. (See cut.) 25 cts. per pkt.; 5 pkts. for \$1.00.

No. 1136

No. 2821

No. 3602

Anchusa

1136 Capensis Blue Bird. Flowers of a vivid indigo blue. Plants are compact and of even habit, in marked contrast to other annual varieties. 15 cts. per pkt.; 50 cts. per $\frac{1}{4}$ oz.

Giant Candytuft

1753 Improved Empress. A wonderfully improved strain of the popular Empress Candytuft, forming much branched plants about 18 inches high, each branch terminated by an immense spike of very large individual pure white flowers. Makes a very effective white bed or border, and is invaluable for cutting. 10 cts. per pkt.; 40 cts. per $\frac{1}{2}$ oz.; 75 cts. per oz.

Clarkia Elegans

1983 Vesuvius. Orange scarlet, shaded salmon. They do well either in sun or shade, growing 2 to 2½ feet high, with leafy racemes of double flowers, which all open in water when cut. 10 cts. per pkt.; 40 cts. per $\frac{1}{4}$ oz.

Giant Flowering Verbena

4362 Etna. Flowers very large; of an intensive Geranium red, with small eye. 20 cts. per pkt. Special pkt. 60 cts.

No. 3914

Santa Barbara Poppy

2821 Hunnemannia Fumariaefolia. The best of the poppy family for cutting; plants are quite bushy, with beautiful feathery glaucous foliage, and covered with large buttercup yellow poppy-like blossoms; blooms until hard frost. 10 cts. per pkt.; 25 cts. per $\frac{1}{4}$ oz.; 75 cts. per oz.

Phlox Drummondii

3602 Shell Pink. A beautiful chamois rose. The annual phlox is one of the most brilliant and at the same time one of the easiest and most satisfactory plants which can readily be grown from seed. 10 cts. per pkt.; 50 cts. per $\frac{1}{4}$ oz.

Salpiglossis

3914 Purple and Gold. These are one of the very finest annuals, and are of the easiest culture, succeeding in any good ordinary soil and in a sunny position. The plants grow from 24 to 30 inches high, and produce freely from mid-summer until frost their attractive Gloxinia-like blossoms. They are splendid for cutting. 10 cts. per pkt.; 50 cts. per $\frac{1}{2}$ oz.

DREER'S
LILLIPUT or POMPON
ZINNIAS
Described on
Opposite page

Dreer's Lilliput or Pompon Zinnias

Illustrated in colors on the plate opposite.

This very pretty small flowering Zinnia has become exceedingly popular, and the demand is increasing yearly. Makes a good line or bed and of more than usual value for table decoration as is illustrated in the plate opposite. Of compact habit, bearing in lavish profusion, small densely double flowers (flowers shown in plate are about two-thirds natural size) on long stems, held well above the foliage. We offer the following seven beautiful and distinct colors shown on the plate opposite as under:

	PER 1/4 OZ.	PER PKT.		PER 1/4 OZ.	PER PKT.

Swiss Giant Pansies (Roggli Hybrids)

A very select strain from a specialist in Switzerland. The plants are of unusually robust habit. The very large flowers of heavy texture are held well above the foliage on long strong stems.

3523 **Alpenglow.** Striking and most attractive shades of Cardinal with three dark blotches. Special pkt., \$1.50.....\$0 50

3525 **Lake of Thun (Ullswater).** The bluest of all blue Pansies, the color being an exquisite tone of rich ultramarine blue relieved by a darker blue blotch on each petal. Size of flowers, vigor of plants all of the highest grade. Splendid for cutting or bedding. Special pkt., \$1.50.....50

3528 **Rhinegold.** Golden yellow with splendid deep brown blotches. Special pkt., \$1.50.....50

3529 **Collection** of a packet each of the above three Swiss Giant Pansies, \$1.25.

3530 **Swiss Giant Mixed.** The range of color is wonderfully varied, the rich dark colors predominating, altogether a very choice selection. 1/4 oz., \$2.50.....35
(For general list of Pansies, see page 100)

Single Bedding Petunias

3572 **Dreer's Peerless Mixture.** A perfect blending of all the colors found in this most popular annual, flowers two to two and one-half inches in diameter, plants of uniform height, between eighteen inches and two feet. The most dazzling combination of colors imaginable. 1/4 oz., 75 cts.....15

PETUNIA DWARF CALIFORNIA GIANTS

DREER'S SUPERB DOUBLE FRINGED PETUNIA

Double Fringed Petunia

3590 **Dreer's Superb Mixture.** We have been growing and perfecting this strain for many years and claim without any hesitancy that it is the finest in the world; producing a larger percentage of double flowers, and the largest and deepest fringed flowers in bright colors than any other strain. (See cut). 50 cts. per pkt.; 500 seeds, \$1.25.

Single Giant Flowering Petunias

	PER PKT.
3575 Purple Prince. A large flowering, rich velvety, purple violet variety.....	\$0 35
3579 Pink Glory Improved. Deep rose, very large and attractive, slightly ruffled.....	35
3581 Romany Lass. Large fringed flowers of a bright velvety blood-red with purple throat, striped in black..	35
3582 Scarlet Beauty. Large fringed scarlet.....	25
3583 Theodosia. Large fringed rosy pink flowers, with clear golden centres, minutely striped.....	35
3584 White Beauty. Large fringed white.....	25
3585 Collection of a pkt. each of the above 6 Giant Petunias, \$1.50.	
3573 Dwarf California Giants. A new dwarf strain of the well known California Giants; flowers are large and beautifully colored, with open throats well marked and veined; makes an excellent pot plant also splendid for bedding. (See illustration).....	50

DREER'S SELECT SHIRLEY POPPIES

New Iceland Poppies

- 3731 Coonara Pink.** This beautiful strain contained many harmonious shades of color. Our grower by very careful selection has practically eliminated all colors excepting pink. 25 cts. per pkt.; Special pkt., 75 cts.
- 3732 El Monte.** A new variety of California introduction, large flowers of deep tangerine orange; strong wiry stems, making an excellent cut flower. 25 cts. per pkt.; Special pkt., \$1.00.
- 3738 New Hybrids Mixed.** This beautiful strain is being improved every year, the stock which we offer contains many lovely new shades of color, in mixture only. 15 cts. per pkt.; 75 cts. per $\frac{1}{4}$ oz.

Hardy Oriental Poppies

The most gorgeous of all Poppies; flowering in May and June. Do not reproduce entirely true from seeds, but sufficient plants of the true color are usually obtained to make it satisfactory.

- | | PER
PKT. |
|---|-------------|
| 3741 Orientale (The Large Oriental Poppy). Orange scarlet with a black blotch on each petal. $\frac{1}{4}$ oz., 40 cts. | \$0 10 |
| 3742 — Dawn. A beautiful flesh color. | 15 |
| 3743 — Oriflamme. A gorgeous orange-scarlet. | 15 |
| 3744 — Princess Victoria. A beautiful salmony-pink. | 15 |
| 3745 — Mahoney. Dark crimson maroon shaded mahogany. | 15 |
| 3746 — Perry's White. Fine satiny white with a crimson maroon blotch at base of each petal. | 25 |
| 3749 Collection. A packet each of the above 6 sorts, 75 cts. | |
- (For general list of Poppies, see pages 104, 105, and 106)

Dreer's Shirley Poppies

This beautiful type is the most popular of the annual Poppies. The artistic flowers are mostly single but occasionally semi-double (See cut).

- | | PER
PKT. |
|---|-------------|
| 3684 American Legion. A greatly improved English Scarlet or Flanders Poppy with very large flowers of dazzling orange scarlet; 2 feet. 25 cts. per $\frac{1}{4}$ oz. | \$0 10 |
| 3691 Apricot. Rich deep apricot. $\frac{1}{4}$ oz. 30 cts. | 10 |
| 3692 Blue Shades. Various shades of blue. $\frac{1}{4}$ oz., 30 cts. | 10 |
| 3695 Wild-Rose Pink. This beautiful variety is a uniformly bright but soft Wild-Rose pink, a color that appeals to everyone and which makes a charming bed, and of special value for cutting; 2 feet. $\frac{1}{4}$ oz., 25 cts.; oz., 75 cts. | 10 |
| 3698 Collection. A packet each of the above 4 varieties, 30 cts. | |
| 3696 Dreer's Select Shirley Mixed. This is an unusually choice strain of these charming Poppies, and range in color from the purest snow-white through all the delicate tints of pink, rose and carmine to the deepest crimson and blood-red, with a liberal sprinkling of the newest salmon shades, while many flowers are daintily edged and striped. 30 inches. $\frac{1}{4}$ oz., 20 cts.; oz., 50 cts. | 10 |

New Poppy Shirley Double

- 3707 Sweet Briar.** One of the most popular colors in Shirley Poppies has been Wild-Rose Pink. We are now able to offer this most beautiful color in a double flowering form. Sweet Briar is a delightful shade of deep rose-pink, the blossoms are full double, resembling a very large double Begonia. $\frac{1}{4}$ oz., 75 cts.

25

ORIENTAL POPPY

Perhaps you have a friend who would appreciate the gift of some novelties in flower seeds

Salvia (Scarlet Sage) Dreer's America

- 3936** Undoubtedly the earliest, freest and most continuous bloomer of all Scarlet Sages, and what is still more important, the most uniform in habit of growth; the bushy plants do not grow over 15 inches high, with the spikes of brilliant scarlet flowers thrown well above the plant, making a total height of about 2 feet; the importance of this uniformity will be appreciated by those who use Scarlet Sage for beds or borders. We grow our own stock from cuttings taken from plants specially selected for uniformity of height, color and flowering. 25 cts. per pkt.; Special pkt., 75 cts.; $\frac{1}{4}$ oz., \$1.50.

New Salvia "Scarlet Globe"

- 3934** A new type of Scarlet Sage, of dwarf compact bushy growth, about 15 inches high; the perfectly globe shaped plants, being covered with masses of brilliant scarlet flowers. 25 cts. per pkt.; 5 pkts. for \$1.00.

Salvia Farinacea

- 3927 Blue Bedder (New).** A more compact form of this popular perennial Salvia, making it more desirable for bedding. Flowers are a deep blue; hardy with protection. 25 cts. per pkt.; Special pkt., \$1.00.

New Early Giant Imperial Stocks

- 4041 Antique Copper.** An entirely new and very attractive color, a rich Hellebore red. 25 cts. per pkt.; Special pkt., 75 cts.
- 4061 Elk's Pride.** Large flowers of rich royal purple. 25 cts. per pkt.; Special pkt., 75 cts.
- 4042 Old Rose.** A very beautiful shade of old rose, a color that has been lacking in this type. It is very double and has very large individual florets. 25 cts. per pkt.; Special pkt., 75 cts.
- Special Offer.** A packet each of the above Stocks for 60 cts.

SWEET WIVELSFIELD

SALVIA "DREER'S AMERICA"

New Giant Flowering Scabiosa

- 3953 Loveliness.** A glorious new color in annual Scabiosa; ranging through varying tones of soft delicate salmon rose. Undoubtedly the most beautiful Scabiosa ever introduced. With long, stiff stems, a delightful fragrance; and its glorious Salmon Rose color results in a cut flower that is unsurpassed. 25 cts. per pkt.; $\frac{1}{4}$ oz., 75 cts.

New Scabiosa Caucasica

- 3947 Giant Hybrids (Isaac House Strain).** A great improvement over the Caucasica, being more vigorous with larger and longer stems and heavier petals, which are ruffled as well as slightly frilled on the edges. Colors range from light to darkest blue, but delicate lilac and mauve predominate. 25 cts. per pkt.; Special pkt., \$1.00.

Scabiosa Columbaria Anthemifolia

- 3946** A new hardy perennial variety from South Africa, a very superior form to the European species, producing freely flowers measuring 2 to 2½ inches across, of a beautiful soft pink; a fine hardy border plant; 1½ to 2 feet. 25 cts. per pkt.; $\frac{1}{8}$ oz., 75 cts.

(For general list of Scabiosas, see page 110.)

Sweet Wivelsfield (New Hybrid Dianthus)

- 2331** This new hardy annual Dianthus resembles a large flowering Sweet William. It is distinct in habit and freedom of growth, its flowers are carried more gracefully in loose heads, well above the foliage, and a greater variety of coloring, the predominating colors are reds, pinks and crimsons. Makes an excellent flower for cutting. Grows about 12 inches in height and if started in heat in February or early March will bloom continuously from June until October, sown in the open ground in April or later it will flower late in the summer, or can be sown in summer or autumn for flowering early the following spring. 20 cts. per pkt.; Special pkt., 75 cts.

Dreer's Twelve "Incomparable" ORCHID-FLOWERED SWEET PEAS

Of the hundreds of varieties of Orchid-flowered or Spencer Sweet Peas that are offered, we have selected thirty varieties that we consider the very choicest and most distinct. While we fully recommend all, we realize many of our customers only wish a limited number of sorts, with this in mind we offer this collection of Twelve Incomparable sorts described below, which are the very finest of their respective colors, and the remainder in the collection of Eighteen Superb sorts described on page 113. (For novelties in Sweet Peas, see page 61.)

Note. Our special leaflet on Sweet Pea Culture free on request.

- 4064 Austin Frederick.** A lovely soft lavender, flowers of giant size and perfect form, nicely waved.
- 4078 Brilliant Rose.** Flowers large and waved, of a lovely tyrian rose; very brilliant.
- 4084 Constance Hinton.** The finest and largest white variety, with enormous wavy white flowers, borne on long stems.
- 4088 Crimson King.** This is the finest and richest Crimson ever introduced, of strong, vigorous growth and bearing extra large wavy blossoms on long strong stems.
- 4135 Huntsman.** A wonderful bright shade of scarlet. Perfectly sunproof and of largest size.
- 4155 Miss California.** The color is a distinct shade of salmon pink and shows up well when cut. A strong grower.
- 4175 Olympia.** Very large blooms of a lovely rich purple color.
- 4185 Picture.** The gigantic blooms are borne freely in sprays of four or more on long stout stems, in color a most attractive tint of pink suffused with creamy apricot.
- 4186 Pinkie.** It is of very strong, vigorous growth, and attracts immediate attention. Color a charming rose-pink.
- 4193 Reflection.** A clear cornflower blue. Flowers are well waved and set on long stems. The finest clear blue yet introduced.
- 4205 Supreme.** Flowers of an exquisite shade of pale pink. A good strong grower, and one of the most popular of the newer sorts.
- 4224 What Joy.** This is considered the best cream colored variety yet sent out. A very attractive shade.

- Price.** Any of the above "Incomparable" varieties, 10 cts. per pkt.; 30 cts. per oz.; \$1.00 per $\frac{1}{2}$ lb.
- 4218 Collection** of a packet each of the 12 "Incomparable" sorts, \$1.00.
- 4219 Collection** of 1 ounce each of the 12 "Incomparable" sorts, \$3.00.

Dreer's Orchid-flowered Sweet Peas in Mixture

- 4230** The greatest care has been exercised in blending this superb mixture. It has been made out of the finest named sorts, insuring a well-balanced range of desirable colors, and it would be impossible to get anything of higher quality at any price. 10 cts. per packet; 20 cts. per oz.; 60 cts. per $\frac{1}{2}$ lb.; \$2.00 per lb.

Dreer's "Peerless" Early-flowering Spencer Sweet Peas

While especially valuable for growing under glass for winter and early spring blooming, they are equally valuable for outdoor culture, particularly in the extreme Southern states, where if sown in September they will bloom by Christmas, in the North they must be sown early in the Spring for best results. The seven varieties offered below are the latest and finest introductions of their respective colors. These together with the twelve distinct varieties offered on page 110 make a splendid and complete collection.

- 4236 Blue Bonnet.** An extra large, clear deep blue, borne on long stems. 15 cts. per pkt.; 60 cts. per $\frac{1}{2}$ oz.; \$1.00 per oz.
- 4245 Grenadier.** A most brilliant glowing poppy scarlet, a strong robust grower. 15 cts. per pkt.; 50 cts. per $\frac{1}{2}$ oz.; 75 cts. per oz.
- 4246 Harmony.** The finest clear lavender, flowers of largest size. 15 cts. per pkt.; 50 cts. per $\frac{1}{2}$ oz.; 75 cts. per oz.
- 4248 Lady Gay.** The most beautiful and delightful shade of soft shrimp pink. 15 cts. per pkt.; 60 cts. per $\frac{1}{2}$ oz.; \$1.00 per oz.
- 4267 Collection** containing a packet each of the above seven "Peerless" early varieties, 75 cts.
(For other Early Orchid-flowered Sweet Peas, see pages 61 and 113.)
- 4250 Majestic Rose.** Immense flowers of a deep brilliant rose pink. Unexcelled in vigor of growth, length of stem, and size of bloom. 15 cts. per pkt.; 60 cts. per $\frac{1}{2}$ oz.; \$1.00 per oz.
- 4260 Valencia.** A bright orange, that is absolutely sunproof. Immense vigor, length of stem, and size of bloom. 15 cts. per pkt.; 60 cts. per $\frac{1}{2}$ oz.; \$1.00 per oz.
- 4275 White Harmony.** Flowers purest white; black seeded; a valuable addition. 15 cts. per pkt.; 60 cts. per $\frac{1}{2}$ oz.; \$1.00 per oz.

DREER'S "INCOMPARABLE" SWEET PEAS

SWEET PEA NOVELTIES FOR 1932

The following new varieties of early and standard Orchid-flowered Sweet Peas are the introduction of one of the world's largest growers of this ever popular flower.

- 4076 Bon-Bon** (*Standard*). Rich pink with a glorious shading of amber combined with great vigor of growth, tremendous length of stem and flowers of enormous size. 25 cts. per pkt.; $\frac{1}{2}$ oz., 75 cts.

4187 Pirate Gold (*Standard*). The color is golden orange, quite a new shade which withstands the hot sun. A strong vigorous grower, with well formed flowers. 25 cts. per pkt.; $\frac{1}{2}$ oz., 75 cts.

4195 Rosie (*Standard*). Deep rose pink, a very popular color. Richer and deeper in color than Pinkie. A vigorous and robust grower. 25 cts. per pkt.; $\frac{1}{2}$ oz., 75 cts.

4249 Fascination (*Early*). A combination of color, vigor and stems bred for the exacting requirements of the florist. With the Salmon Rose-pink color of the famous Hawmark Pink plus the long, strong stems of Jeanne Mamitsch. It is even better than its parents because the color is richer and the stems longer and stronger. 25 cts. per pkt.; $\frac{1}{2}$ oz., \$1.25.

4254 Satin Rose (*Early*). Exceedingly vigorous, with long stems. Flowers large and beautifully shaped. The color is an exquisite blend of Rose and Amber with quite a strong touch of Salmon. 25 cts. per pkt.; $\frac{1}{2}$ oz., \$1.25.

(For complete list of Sweet Peas, see pages 60 and 113.)

GIANT FLOWERING VERBENAS

New Giant Flowering Verbenas

- 4358 Lavender Glory.** Is a true lavender with a medium sized creamy white eye which accentuates the lovely lavender tone. It is also sweetly fragrant. 25 cts. per pkt.; special pkt., 75 cts.
- 4362 Etna.** Flowers very large; of an intensive Geranium red, with small eye. Illustrated in colors on plate opposite page 56. 20 cts. per pkt.; special pkt., 60 cts.
- 4364 Salmon Pink.** A true salmon-pink with white eye. A splendid addition to the Giant flowering class, that comes true from seed. 25 cts. per pkt.; special pkt., 60 cts.

New Dwarf Compact Verbena

- 4345 Fireball.** A dwarf compact Verbena about six inches high literally covered with bright scarlet blooms, excellent for the rock garden, borders, beds or as pot plants. (See illustration.) 25 cts. per pkt.; special pkt., 75 cts.

(For general list of Verbenas see page 116.)

Royal Bouquet Verbena

- 4350 Mixed.** A new departure in the habit of growth of this popular annual. The plants are upright in growth, 15 to 18 inches tall, with straight stems and large flowers in a brilliant mixture of colors. Excellent for bedding, cutting or as a pot plant. 25 cts. per pkt.; special pkt., 75 cts.

Viola or Tufted Pansy

- 4404 Apricot** (*New*). A beautiful addition to this very popular type of Violas; a rich apricot shade, tinged orange towards the centre. Wonderfully effective in the rock garden. 25 cts. per pkt.; special pkt., 75 cts.
- 4406 Jersey Gem.** Undoubtedly the most valuable bedding Viola yet introduced, perfectly suited to our climatic conditions and which will succeed in any good garden soil in a sunny position, blooming practically without a break from early May to the end of the season. The plant is of compact sturdy habit of growth, its flowers pure violet, without the slightest shading and borne on good stems about 6 inches long. 50 cts. per pkt.

(For general list of Violas see page 100.)

DWARF COMPACT VERBENA

DREER'S SPECIAL STRAINS OF DOUBLE ZINNIAS

Only a few years ago, the Zinnia was considered rather commonplace, but largely as the result of careful hybridizing and selecting the colors as well as the size and form of the flowers have been so wonderfully improved that they have become one of the most popular annuals.

Giant Dahlia-flowered Zinnias

This type, the latest development in Zinnias, bears flowers of mammoth size and in form like a perfect decorative Dahlia. As the result of continued painstaking care and selection, the size, form and coloring has been much improved, we offer 8 beautiful and distinct colors as follows:

4471 Canary Bird. Canary yellow.

4472 Crimson Monarch. Crimson-scarlet.

4473 Dream. Deep lavender, turning to mallow purple.

4474 Exquisite. Rich rose-pink.

4475 Old Rose. Old rose.

4476 Oriole. Orange and gold.

4477 Scarlet Flame. Fiery scarlet.

4478 Purple Prince. A fine, deep purple.

Price. Any of the above, 15 cts. per pkt.; 75 cts. per $\frac{1}{4}$ oz.

4479 Collection of a pkt. each of the above 8 sorts, \$1.00.

4480 Finest Mixed Double Dahlia-flowered. Containing a wonderful range of beautiful colors. 15 cts. per pkt.; 50 cts. per $\frac{1}{4}$ oz.; \$1.50 per oz.

See our offering of Lilliput Zinnias on page 57, and illustration in colors on opposite plate.

California Giant Zinnias

The special strain here offered produces flowers of colossal size, specimens measuring from 5 to 6 inches across being not unusual. Plants are of extremely robust habit, attaining a height of about 3 feet and bearing on long strong stems semi-globular, mostly very double flowers; grown under favorable conditions they remain in bloom from early summer to late autumn.

4511 Orange King. Rich golden orange, overlaid with scarlet.

4512 Rose Queen. An attractive shade of deep rose.

4513 Purity. Pure white.

4514 Miss Willmott. Charming tone of bright but soft pink.

4515 Lemon Queen. Bright primrose or canary yellow.

4516 Crimson. Deep crimson scarlet, very showy.

4517 Salmon. Rich salmon rose, as a cut flower this is one of the most popular.

Price. Any of the above, 15 cts. per pkt.; 50 cts. per $\frac{1}{4}$ oz.

4519 Collection of a pkt. each of the above 7 colors, 75 cts.

4518 Collection of $\frac{1}{4}$ oz. each of above 7 colors, \$2.50.

4520 Giant Mixed. A well balanced mixture containing all of the above colors as well as a number of others, making a very brilliant effect when grown in masses. 10 cts. per pkt.; 35 cts. per $\frac{1}{4}$ oz.; \$1.00 per oz.

New Giant Dahlia Flowered Zinnia

4465 Golden Dawn. The flowers are of a golden yellow, enormous in size, and of the most perfect type. 25 cts. per pkt.; \$1.00 per $\frac{1}{4}$ oz.

New Zinnia Picotee Delight

4483 Salmon Beauty. A beautiful color; the diversified shapes and markings of the petals, all carrying the salmon blend, make it an excellent flower for cutting or for bedding. 15 cts. per pkt.; $\frac{1}{4}$ oz., 75 cts.

4484 Picotee Mixed. A very pretty mixture, producing large double fringed flowers in a good range of desirable colors, in the lighter shades each petal is distinctly tipped with maroon while the dark colored flowers are tipped with a light contrasting color, of special value for cutting when the unusual color arrangement can be seen to best advantage. 15 cts. per pkt.; 50 cts. per $\frac{1}{4}$ oz.

4505 Victory Mixed. A very distinct variety with large densely double quilled flowers, which are well shown in the illustration on page 119, the colors are mostly in russet, orange, old rose and other autumn tints. 15 cts. per pkt.; 50 cts. per $\frac{1}{4}$ oz.

DREER'S RELIABLE FLOWER SEEDS

For Novelties and Specialties see pages 49 to 62

WE GIVE close attention to this department, which is probably the largest in quantity and variety in this country, nearly one thousand species and varieties being offered.

Our Flower Seeds have a world-wide reputation. Our constant aim is to secure the very best strains obtainable, and spare no pains or expense with this object in view. Our strains of Asters, Carnations, Petunia, Verbena, Zinnia, etc., are acknowledged to be superior in all respects.

For the convenience of our customers, and to facilitate the filling of orders, it is only necessary in ordering to give the number of packets wanted and the corresponding number in the Catalogue, viz.: 1 pkt., 1040, 10 cts.; 3 pkts., 1071, 30 cts.; means one packet Acroclinium, double mixed, 10 cts.; 3 pkts. Ageratum, Blue Perfection, 30 cts.

All Flower Seeds are sent postpaid at prices given.

COLLECTIONS OF FLOWER SEEDS

The following collections are made up of the popular, easy to grow sorts that invariably do well under the conditions found in the average garden. With each collection is included a leaflet on how to grow Flowers from seed, and if the instructions given therein are followed, success is almost certain.

Dreer's Dozen Best Annuals

An unusually high grade collection of annual flowers that will turn any garden into a bower of flowers lasting in bloom from early summer until snow flies.

1129 A collection of a packet each of 12 sorts for \$1.00.

Twelve Annuals for Cutting

A dozen sorts that are of special value for cutting.

1133 A collection of a packet each of 12 sorts for \$1.00.

Twelve Choice Annuals for Rock Gardens

While the rockery is usually filled with Hardy Perennial plants, most of which take a year to produce flowering plants from time of sowing the seeds in the spring, there seems to be no good reason why the newly made rockery should not be filled with annuals the first season. These should be sown in April or May, and would produce a full crop of flowers within eight weeks or even less, from time of sowing, keeping the rockery gay until filled with the Hardy perennials.

3890 A collection of 12 packets of choice sorts for \$1.00.

Strawflowers or Everlastings

This collection is made up of a packet each of eight popular Everlastings, easy to grow and very useful for winter bouquets.

2469 A collection containing a packet each of 8 sorts for 50 cts.

Twelve Old-Fashioned Hardy Perennials

A dozen kinds of the good old-fashioned sorts of the easiest culture that keep the garden gay over a long period, including Larkspur, Foxgloves, Sweet William, Sweet Rocket, and others equally desirable.

3549 Price for the complete collection of 12 packets, \$1.00.

Twelve "Extra Choice" Hardy Perennials

This collection contains a carefully selected assortment of the choicest sorts including Long-spurred Columbine, DeLuxe Hybrid Delphiniums, New Hybrid Lupines, Hybrid Oriental Poppies, etc.

3550 Price for the complete collection of 12 packets, \$1.50.

Twelve Rock Garden Hardy Perennial Flower Seeds

There has developed within the last year or two a wonderful demand for Rock Gardens, and even in gardens of comparatively small size, space has been allotted to the Rock Garden. If you can secure the rocks, it is a comparatively easy matter to fill the spaces by sowing the seeds contained in this collection, most of which would give a full crop of flowers next year. The collection is made up of such popular kinds as Golden Alyssum, Rock Cress, Columbine, Primula, Aubretia, and others equally desirable.

3551 Price for the complete collection of 12 packets, \$1.00.

A PRETTY LITTLE ROCK GARDEN

The following are a few leading combinations or collections of the many offered under their respective headings in the flower seed section embracing pages 49 to 119.

1179 Antirrhinum. Dreer's Large Flowering Giant Sorts in 6 separate and distinct colors for 50 cts.

1469 Asters. Dreer's Superb Late Branching in 8 separate and distinct colors for 60 cts.

2948 Larkspurs. Dreer's New Giant Imperial in 6 separate and distinct colors for \$1.00.

3619 Phlox Drummondii Grandiflora in 7 separate and distinct colors for 50 cts.

3959 Scabiosa Large Flowering in 6 separate and distinct colors for 50 cts.

4218 Sweet Peas. Dreer's Incomparable in 12 separate and distinct colors for \$1.00.

4479 Zinnias. Dreer's Giant Dahlia Flowered in 8 separate and distinct colors for \$1.00.

Books on Horticulture and Kindred Subjects

On page 48 we offer a list of books on Horticulture and kindred subjects. Should you need a knowledge of horticulture or agriculture in general, or of some specific subject, such as Roses, Hardy Perennials, Bulbs, Landscaping, Shrubs, or Vegetables, you will find your needs completely covered.

ACROCLINIUM

Abutilon (Flowering Maple)

- 1010 Fine Mixed.** Considered indispensable for flowering indoors during the winter and spring months, and useful for bedding out in the summer. Sown indoors any time before April, they will produce plants that will flower the first season; 3 feet. Mixed colors.....\$0 25

Achillea (Milfoil, or Yarrow)

- 1021 Ptarmica "The Pearl."** One of the best hardy white perennials. Grows about 2 feet high, and from spring to frost is covered with heads of purest white double flowers. Easily grown from seed, flowering the first season, if sown early. $\frac{1}{8}$ oz., 75 cts..... 20

Aconitum (Monk's Hood, or Wolfsbane)

- 1031 Napellus.** A hardy perennial, growing in any good garden soil, producing long spikes of blue and white flowers. Well adapted for planting among shrubbery or in shady corners; seed is of slow germination; 3 to 5 feet. $\frac{1}{8}$ oz., 50 cts..... 15

Acroclinium

A pretty annual "Everlasting," growing about 15 inches high bearing lovely white or rosy-pink flowers, which, when cut in the bud state, can be dried and used in winter bouquets. A nice thing to grow in a mixed border aside from its use as an everlasting.

- 1040 Double Mixed.** $\frac{1}{4}$ oz., 25 cts.....\$0 10
1050 Single Mixed. $\frac{1}{4}$ oz., 25 cts..... 10

Adlumia

(Mountain Fringe or Allegheny Vine)

- 1051 Cirrhosa.** A graceful, hardy biennial climber, but as it resows itself year after year, it might be considered perennial. The feathery foliage closely resembles that of the Maidenhair Fern. The flowers are tube-shaped, flesh-colored, somewhat like the Bleeding Heart, and completely cover the plant. For covering trellises, stumps of trees, etc., it is very desirable. Flowers the first year from seed..... 15

Rock Garden and Alpine Plants (Henry Correvon). It tells what rock plants, ferns, terrestrial orchids, and hardy cacti are best for rockeries, how to build, plant, and maintain rockeries, moraines and wall gardens. \$6.00 per copy, postpaid.

Ageratum (Floss Flower)

One of the best bedding plants, being literally a sheet of bloom from early summer till frost. Unlike many bedding plants, their flowers are not liable to be spoiled by rain, nor do the colors fade out. The various blue varieties are without doubt the most satisfactory bedding plants of this color for our trying climate. Easily raised from seed, which is usually started in a hotbed or window and transferred to the open ground in May. Can also be sown outdoors in May. A sowing in September will give plants to bloom indoors all winter. (See cut.)

PER PKT.

- 1071 Blue Perfection.** This is the darkest colored of all large flowering Ageratums. Color deep amethyst-blue; compact growth; fine bedder; 9 inches. $\frac{1}{4}$ oz., 40 cts.....\$0 10
1073 Cope's Pet. The best light blue variety for edging; 9 inches. $\frac{1}{4}$ oz., 30 cts..... 10
1074 Imperial Dwarf Blue. Clear blue; 8 inches. $\frac{1}{4}$ oz., 30 cts..... 10
1075 Imperial Dwarf White. 8 inches. $\frac{1}{4}$ oz., 30 cts..... 10
1076 Little Blue Star. A variety of exceedingly dwarf and even growth; the tiny bushes, not over 4 to 5 inches high, are densely covered with bright blue flowers, a fine variety for edging. $\frac{1}{8}$ oz., 75 cts..... 20
1078 Princess. A beautiful variety of compact, even growth, rarely exceeding 8 inches in height; the flowers are sky-blue with white centre, the contrast being really exquisite. $\frac{1}{4}$ oz., 40 cts..... 10
1079 Collection of a packet each of above 6 sorts, 50 cts.
1072 Blue Ball. For description see page 49. $\frac{1}{4}$ oz., 50 cts..... 15

Agrostemma

(Rose of Heaven, Mullein Pink)

- 1090 Coronaria.** An attractive free-flowering hardy perennial of easy culture, producing glowing crimson flowers like a single pink, and silvery-white foliage; blooms the first season; fine for cutting. 2 feet. $\frac{1}{4}$ oz., 25 cts..... 10
1091 —Alba. A pure white variety. $\frac{1}{4}$ oz., 25 cts..... 10

The Book of Annuals (Hottes). A reliable guide to the culture of annual flowers, over 100 separate species are described with full directions for their culture and uses. \$1.50 per copy, postpaid.

The Book of Perennials (Hottes). Devoted to the general principles of growing, using and propagating old-fashioned hardy perennial plants. \$1.50 per copy, postpaid.

AGERATUM BLUE PERFECTION

ANCHUSA CAPENSIS

Amaranthus

Brilliant foliaged annuals, growing from 3 to 5 feet high. They thrive best in a hot, sunny location, not too rich soil, and given sufficient room to develop their full beauty.

PER PKT.

1113 Sunrise. The most brilliant of this brilliant family. The foliage is bronzy-crimson, each branch terminating with a tuft of bright scarlet-carmine leaves. It has been used with fine effect in many of the public parks. Special pkt., 50 cts. \$0 15

1115 Tricolor Splendens (*Joseph's Coat*). An improvement on the old sort of more brilliant coloring. $\frac{1}{2}$ oz., 30 cts. 10

Ammobium

(Winged Everlasting)

1121 Alatum Grandiflorum. A pretty annual everlasting; flowers silvery white with yellow disc; grows best in light soil. 18 inches. $\frac{1}{2}$ oz., 25 cts. 10

Ampelopsis

(Boston, or Japanese Ivy)

1131 Veitchi. A hardy perennial climber, with olive-green leaves, which turn to scarlet in the autumn. The best and most popular climber for covering brick or stone walls. $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts. 10

Anthemis

(Hardy Marguerite)

1150 Kelwayi. A most satisfactory hardy perennial, bearing all summer daisy-like golden-yellow blossoms; excellent for cutting; 2 feet. $\frac{1}{2}$ oz., 50 cts. 10

Alyssum (Sweet Alyssum or Mad Wort)

Pretty little plants for beds, vases, baskets, edging or rockwork, blooming profusely all summer; useful also for winter flowering.

PER PKT.

1101 Little Gem, or Carpet of Snow. Of dwarf, compact habit, but 4 inches high. It begins to bloom when quite small, and the plants are a solid mass of white from spring to late autumn, and undoubtedly the best white-flowering edging plant in the list. (See cut.) $\frac{1}{2}$ oz., 25 cts.; oz., 75 cts. \$0 10

1100 Lilac Queen. A very pretty deep lavender lilac, of dwarf compact habit; 6 inches. $\frac{1}{2}$ oz., 25 cts.; oz., 75 cts. 10

1102 Sweet Alyssum (*A. Maritimum*). Of trailing habit, flowers white; 9 inches. $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts. 5

1103 Tom Thumb (*Benthami Compactum*). Of dwarf, compact, erect growth; excellent for edging; white; 6 inches. $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts. 10

1104 Saxatile Compactum (*Basket of Gold*). Showy, bright yellow flowers, hardy perennials; excellent for rockwork and edge of border. 1 foot. $\frac{1}{2}$ oz., 40 cts. 10

1106 Rostratum. Dense heads of bright golden flowers in June and July. Hardy; 20 inches. $\frac{1}{2}$ oz., 50 cts. 15

Anagallis (Pimpernel, Poor Man's Weatherglass)

1125 Grandiflora. A very pretty annual of low spreading growth, 6 to 9 inches high, completely covered during the greater part of the season with small but brilliant flowers in an unusual range of colors, including brilliant blue, scarlet, etc. Excellent for the border and rockery. The flowers close on the approach of bad weather, hence its title of "Poor Man's Weatherglass." $\frac{1}{2}$ oz., 25 cts. 10

Anchusa (Alkanet, Bugloss)

1137 Capensis (*Cape Forget-me-not*). A fine free-growing annual variety about 18 inches high with sprays of lovely Forget-me-not blue flowers; blooms all summer. (See cut.) $\frac{1}{2}$ oz., 25 cts. 10

1136 Capensis Blue Bird. Flowers of a vivid indigo blue. Plants are compact and of even habit, in marked contrast to other annual varieties. 50 cts. per $\frac{1}{2}$ oz. 15

1138 Italica Dropmore Variety. One of the best hardy perennials, grows 3 to 5 feet high, and bears in abundance flowers of the richest gentian-blue during May and June. $\frac{1}{2}$ oz., 25 cts. 10

1139 Italica Lissadell. An improved form of the Dropmore variety of strong vigorous growth, growing about 5 feet high with sprays of extra large clear gentian-blue flowers. $\frac{1}{2}$ oz., 50 cts. 15

1141 Myosotidiflora. A distinct dwarf hardy species, growing but 10 to 12 inches high, producing during April and May sprays of beautiful Forget-me-not like flowers of a rich blue. An excellent plant for the rock garden. 25

Anemone (Windflower)

A very pleasing perennial, producing large flowers. Sow outdoors in spring; keeping shaded till the plants appear. 18 inches.

PER PKT.

1140 Coronaria. Mixed colors (*Poppy Anemone*). $\frac{1}{2}$ oz., 40 cts. \$0 10

1142 St. Brigid. A beautiful selection of the above; and comprises semi-double and double flowers in a wonderful array of colors. $\frac{1}{2}$ oz., 75 cts. 15

ALYSSUM LITTLE GEM OR CARPET OF SNOW

Antirrhinum (Snapdragon)

One of the most valuable flowers which can readily be grown from seed. In our trials the seeds sown out of doors the first week of May came into bloom early in July, remaining in full flower until November.

Large-Flowering Giant Sorts

A splendid strain growing about 30 inches with long spikes of very large, individual flowers.

	SPECIAL PKT.	PER PKT.

1188 Collection of a packet each of the above 6 sorts, \$1.50.			

Arabis (Rock Cress)

- 1211 **Alpina.** A hardy perennial and one of the earliest and prettiest spring flowers. The spreading tufts are covered with a sheet of pure white flowers as soon as the snow disappears. Unequalled for rockeries or edging; withstands the drought and is always neat; 6 to 9 inches. $\frac{1}{4}$ oz., 30 cts.; oz., \$1.00..... 10

Arctotis (African Daisy)

- 1216 **Grandis.** A remarkably handsome annual. It forms much-branched bushes 2 to 3 feet high; its flowers are large and showy, being pure white on the upper surface, the reverse of petals pale lilac-blue. It may be started in hotbed, in the house, or in the open ground, and the plants may be expected to come into bloom early in July and continue until quite hard frost. It delights in a sunny situation. As a cut flower it is especially valuable, the blooms lasting a week or ten days in water, and if undeveloped buds are cut and placed in a sunny window everyone will open. $\frac{1}{4}$ oz., 30 cts.; oz., \$1.00..... 10

Armeria (Sea Pink, or Thrift)

- 1221 **Formosa.** A very pretty edging or rock garden plant, bearing rosy-pink flowers; hardy perennial. 1 foot. $\frac{1}{4}$ oz., 40 cts..... 15

ARCTOTIS GRANDIS

Aquilegia (Columbine)

No hardy plant grown from seed is more easily handled than the Columbine.

Seed may be sown in the open ground early in spring, and will, in some cases, bloom the same season; or they may be planted in August or September, and make vigorous plants, which will bloom abundantly during the late spring and early summer. 2 to 3 feet.

Columbines should be planted wherever their presence will serve to lighten up a too stiff and formal planting, for no other plant has so airy a grace, more generous of its blooms, or more effectively adapted for cut flowers.

PER PKT.

LONG-SPURRED AQUILEGIA OR COLUMBINE

- 1191 Alpina.** A very effective rich blue variety. Splendid for Rock Gardens; 2 feet. $\frac{1}{8}$ oz., 50 cts. \$0 15
- 1192 Californica Hybrida.** Exquisite flowers, in yellow and orange shades, all with long spurs. $\frac{1}{8}$ oz., 60 cts. . 15
- 1193 Chrysantha (Golden Spurred).** Golden-yellow. $\frac{1}{8}$ oz., 50 cts. 10
- 1194 Silver Queen.** Long spurred pure white flowers. $\frac{1}{8}$ oz., 75 cts. 15
- 1195 Coerulea (Rocky Mountain Columbine).** Violet-blue and white; 2 feet. $\frac{1}{8}$ oz., 50 cts. 10
- 1197 Canadensis.** The native rich red and yellow variety, one of the brightest. 50 cts. per $\frac{1}{8}$ oz. 15
- 1199 Collection** containing a packet each of the above 6 named sorts, 60 cts.
- 1207 Double Flowering,** mixed. Per $\frac{1}{8}$ oz., 30 cts. 10
- 1210 Single Flowering,** all colors mixed. Per $\frac{1}{8}$ oz., 25 cts.; 1 oz., 75 cts. 10

Dreer's Long-spurred Columbines

While all the varieties of Columbines are beautiful and much admired, this strain is unquestionably the finest yet produced. The plants are of strong thrifty growth with flowers of largest size, varying in color through charming tones of cream, pink, lavender, blue, white, red, etc. We have been fortunate in securing three distinct color selections in addition to the regular mixture and offer as follows:

PER PKT.

- 1203 Blue and Lavender shades.** $\frac{1}{8}$ oz., \$1.00 \$0 25
- 1204 Scarlet and Red shades.** $\frac{1}{8}$ oz., \$1.00 25
- 1205 Pink and Rose shades.** $\frac{1}{8}$ oz., \$1.00 25
- 1208 Collection** of a packet each of the above 3 colors for 60 cts.
- 1206 Dreer's Long-spurred Hybrids mixed.** A wonderful mixture containing all the beautiful tints and tones and color combinations for which this strain is famous. 75 cts. per $\frac{1}{8}$ oz.; $\frac{1}{4}$ oz., \$1.25 15

Argemone (Mexican or Prickly Poppy)

PER PKT.

- 1220 Hybrida Grandiflora.** Sturdy bushes 2 to 3 feet high, with very ornamental pale green, spiny foliage, with clear silvery midrib and veins and poppy-like flowers of satiny texture, over 3 inches across, in various shades from rich yellow to creamy-white. It comes into bloom early in July and continues without interruption till November. It is best to sow the seed where they are intended to bloom as soon as the ground is warm, and should have a sunny location, and prefers light soil. A very pretty and ornamental plant in or out of bloom. $\frac{1}{8}$ oz., 25 cts.; 1 oz., 75 cts. \$0 10

Asparagus

- 1231 Plumosus Nanus.** This graceful Asparagus is an excellent house plant. 75 cts. per 100 seeds. 15
- 1232 Sprengeri (Emerald Feather).** One of the best plants to grow in suspended baskets, window boxes, vases, etc.; for the greenhouse in winter and outside in summer. 50 cts. per 100 seeds. 10

Aubretia (Rainbow Rock Cress)

- 1490 Large-flowering Hybrids.** A beautiful dwarf rock plant, covered with sheets of bright flowers in spring and early summer; 6 inches. $\frac{1}{8}$ oz., 60 cts. 15

Auricula (Primula Auricula)

- 1500** A well-known favorite of great beauty; seed saved from splendid choice mixed varieties; half hardy perennial; 6 inches. Special pkt., 75 cts. 25

Landscaping the Home Grounds (L. W. Ramsey). 175 illustrations. It presents landscaping in such a clear and definite way that anyone can apply the lessons. \$2.00 per copy, postpaid.

Perennial Gardens (Ortloff). Covering in the simplest manner the planning and locating of the garden, the preparation, planting, cultivation, etc. \$1.25 per copy, postpaid.

ARGEMONE HYBRIDA GRANDIFLORA

Our Long-spurred Columbines are unsurpassed for quality

DREER'S FAMOUS AMERICAN ASTERS

Asters will thrive in any good soil, prepared in the same way as you would for a crop of vegetables. They should have an open, sunny position, and prefer a good, heavy, loamy soil, enriched with a liberal quantity of bone meal or other good commercial fertilizer; and the addition of wood ashes or air-slacked lime, and should not be grown on the same ground year after year; it must be changed each season.

The main essentials to insure fine Asters are a new rich soil, frequent cultivation, no check to their growth from start to finish and ample room to develop. When wanted for cutting with long stems, they should be set out not closer than twelve inches apart in the rows and two feet between the rows. When wanted for mass effects in beds they may be planted nine inches to a foot apart each way.

Asters are sometimes attacked by an aphid at their roots; also by stem rot. Both of these troubles are rarely met with if the plants are grown on new soil, and are not checked in their growth. The addition of wood ashes or air-slacked lime at the time of the preparation of the beds also helps to prevent these troubles.

Asterum Asters

A strain of Comet Asters which, on account of their size and Chrysanthemum-like appearance have appropriately been named Asteriums. The plants grow about 2 feet high, and come into bloom a little earlier than the Crego's Giant. We offer three fine colors, as under:

1261 Lavender. A rich shade of lavender or light violet.

1262 Pink. A very attractive shade of lively rose-pink.

1263 White. Purest snow-white.

Price. Any of the above 15 cts. per pkt.; special pkt., 50 cts.

1269 Collection, a packet each of 3 kinds, 35 cts.

PURPLE BEAUTY
ASTER

Beauty Asters

A late flowering strain coming into bloom in late September, and being at their best through October, the plants grow nearly 3 feet high, and bear their very large, densely double flowers on long strong stems.

PER PKT.

1271 American Beauty. Bright cerise-rose. \$0 15

1272 Lavender Beauty. Soft lavender. 15

1273 Purple Beauty. Rich deep purple. 15

1274 September Beauty. Delicate shell-pink. 15

1275 Peachblossom Beauty. Peach-blossom pink. 15

1276 White Beauty. Purest white. ... 15
Special pkt. of any of the above,
50 cts.

1279 Collection, a packet each of the
6 sorts, 75 cts.

1278 Finest Mixed. All colors, $\frac{1}{4}$ oz.,
75 cts. 15

California Giant Asters

A splendid midseason to late flowering strain, plants grow 3 to $3\frac{1}{2}$ feet high with long, strong stems 18 to 24 inches in length bearing beautifully formed curled and interlaced flowers 5 inches and over across. SPECIAL PKT. PER PKT.

1291 Lavender Blue. \$0 75 \$0 20

1292 Peach Blossom. 75 20

1293 Pure White. 75 20

1294 Deep Purple. 75 20

1295 Rich Rose. 75 20

1296 Parma Violet. 75 20

1299 Collection of a packet each of
above 6 colors, \$1.00.

1300 Finest Mixed. All colors. $\frac{1}{4}$ oz.,
75 cts. 15

CALIFORNIA GIANT ASTER

DREER'S FAMOUS AMERICAN ASTERS

Crego's Giant Comet Asters

We consider this the finest and largest of all Comet Asters, bearing immense fluffy flowers five inches and over in diameter, as fine as any Chrysanthemum, and when cut keep in good condition longer than any other of this type; 2 feet.

	SPECIAL PKT.	PER PKT.

1288 Collection of a packet each of the 6 colors, 50 cts.		
1290 Crego's Mixed. 10 cts. per pkt.; 60 cts. per ½ oz.		

Dreer's Crimson Giant Aster

1305 This variety has all the good qualities of our Superb Late Branching type, but is of upright growth, with extra large, densely double flowers, few under 5 inches across, on stems 15 to 18 inches long, in color a very rich blood crimson, full of fire, making a brilliant bed or border. 10 cts. per pkt.; special pkt., 50 cts.

Early Wonder Asters

This is the best *extra* early Aster, flowering in early July from seeds sown in the open ground at the end of April, and if sown in March can be had in bloom before the close of June. The flowers are of good size, quite double, and are borne on good, long, stiff stems, which added to their extremely early flowering makes them of great value for cutting; 15 to 18 inches.

	SPECIAL PKT.	PER PKT.
1331 Pink	\$0 75	\$0 15

CREGO'S GIANT COMET ASTER

Heart of France Aster

1341 This is the largest flowering of the very dark red sorts; plants grow about 24 inches high, nicely branched, bearing in September their large, rich, deep ruby-red flowers on long strong stems; a fine, dark variety. 15 cts. per pkt.; special pkt., 60 cts.

King Asters

The "King" Aster forms a distinct class or type, and have many sterling qualities to recommend them to lovers of fine Asters. They are of strong, sturdy habit, growing fully 18 inches high, and bear from August to October very large double blossoms, the petals of which are more or less quilled, forming a very attractive flower.

1343 Crimson King. Rich deep crimson.

1344 Lavender King. Soft lavender blue.

1345 Pink King. An attractive delicate shell pink.

1346 Rose King. A beautiful brilliant rose variety.

1347 Violet King. A pleasing soft shade of violet.

1348 White King. Pure white.

Price. Any of the above, 10 cts. per pkt.; special pkt., 50 cts.

1349 Collection of a packet each of the above six varieties for 50 cts.

1350 King Mixed. Contains all the colors. 10 cts. per pkt.; 60 cts. per ½ oz.

KING ASTER

Our Leaflet, "How to Grow Flowers from Seeds," Free on Request

DREER'S FAMOUS AMERICAN ASTERS

DREER'S "PEERLESS PINK" ASTER

Lavender Gem Aster

1353 One of the most beautiful Asters, with large, artistic, loosely-arranged flowers on long, wiry stems, and of the most charming shade of lavender imaginable. Begins blooming in July, continuing through August; a lovely variety for cutting. 15 cts. per pkt.; special pkt., 50 cts.

Dreer's "Peerless Pink" Aster

1393 This is conceded to be the finest pink late-branching Aster ever offered. The plants are of robust, free-branching habit, about 2 feet high, and it is hard to find a flower under four inches across, forming an almost globular flower. (See illustration). 15 cts. per pkt.; special pkt., 60 cts.

Dreer's "Pink Beauty" Aster

1396 A magnificent variety, 24 to 30 inches high, blooming from early in August until well on in September, flowers averaging 4 inches across, of chrysanthemum shape, the inner petals incurved, outer reflexed; color a soft, delicate blush pink. 15 cts. per pkt.; special pkt., 50 cts.

Dreer's Six Famous American Asters

1338 This splendid collection is fully described on page 50. The six pkts. for 50 cts.

Hardy Perennial Asters PER PKT.

- 1476 Alpinus.** Dwarf Alpine Aster indispensable for the rocky or edge of hardy borders, grows 6 to 10 inches high, showy bluish purple flowers in May and June. Special pkt., 50 cts. \$0 15
- 1480 Mixed (Michaelmas Daisies).** Single fall-flowering hardy herbaceous plants, thriving in any good garden soil. If sown early they will flower the first season; 3 feet. $\frac{1}{8}$ oz., 50 cts. 15

Dreer's Superb Late-Branching Asters

The plants form strong, branching bushes 2 to 2½ feet high, bearing on long, strong stems flowers which, under ordinary cultivation, average 5 inches across. They are usually at their best during September, and, all things considered, are the most valuable of all Asters, either for cutting or for bedding, and if only one kind of Aster is grown this is the type which will likely give the best results.

Red Aster "Sensation"

1442 This is the reddest of all Red Asters, the color being a rich garnet or ox-blood red, which glistens in the sunshine like a live coal. The plants are of free-branching habit, about 18 inches high; the very double flowers, averaging 3½ inches across, are borne freely on stems a foot long from early in August till the close of September. 15 cts. per pkt.; special pkt., 60 cts.

DREER'S LATE-BRANCHING ASTER

To procure maximum results with Asters follow cultural instructions on page 68

DREER'S FAMOUS AMERICAN ASTERS

Queen of the Market Asters

A first-class early flowering Aster, coming into flower in July, of branching habit; flowers of good size and borne on long stems, making them exceedingly valuable for cutting; 15 inches.

BELLIS (English Daisy)

Begonias

Everblooming Bedding Varieties

The following are varieties of *Begonia Semperflorens*, and as bedding plants do well in full sunlight, also in positions partially or wholly in shade. They are of sturdy growth, growing about 1 foot high, and forming dense bushes, which, from May until frost, are completely hidden with flowers. As pot plants for winter flowering they are superb, remaining a sheet of bloom throughout the entire year. Easily raised from seed, which should be started either indoors or in a hotbed.

A Trio of Newer Calendulas

1679 Campfire (Sensation). Extremely large flowers; color, rich orange, with a scarlet sheen, making a very attractive flower. $\frac{1}{2}$ oz., \$1.00....	15
1685 The Ball. A new golden orange sort, of special value for indoor culture. $\frac{1}{2}$ oz., 75 cts.....	15
1680 Radio. Quite distinct from any other Calendula. The petals of the large, perfectly double flowers, instead of being flat, are beautifully quilled, forming an almost globular flower. In color a rich golden-orange. $\frac{1}{2}$ oz., 75 cts.....	15

CALENDULA RADIO

Adventures in My Garden and Rock Garden (*Louise Beebe Wilder*). The best book on rock gardens for American conditions. Illustrated. \$5.00 per copy, postpaid.

Practical Landscape Gardening (*Cridland*). Of value to the owner of the moderate sized suburban home. \$2.50 per copy, postpaid.

Annual Calliopsis

Showy and beautiful free-flowering annuals, of the easiest culture, doing well in any sunny position, blooming all summer and excellent for cutting and massing. It is best to sow them where they are to bloom, thinning out to stand 6 inches to 12 inches apart. By keeping the old flowers cut off the flowering season can be lengthened until late autumn. We offer below a selection of the best dwarf and tall sorts.

Tall Varieties

These grow from $2\frac{1}{2}$ to 3 feet high with fine feathery foliage and myriads of brilliantly colored blossoms that are equally as effective in beds or borders or as cut flowers.

	PER PKT.
1708 Marmorata. A very showy sort, covered with bright golden-yellow flowers, marbled with wall-flower-red. $\frac{1}{2}$ oz., 25 cts.....	\$0 10
1703 Nigra Speciosa. A strong grower with good sized flowers of rich reddish-maroon. $\frac{1}{2}$ oz., 25 cts.....	10
1704 Tinctoria Splendens. Another showy variety, the very large flowers being bright yellow and maroon, about evenly divided. $\frac{1}{2}$ oz., 30 cts.....	10
1706 Double Tinctoria. Double and semi-double very showy flowers of rich maroon, edged with gold; $\frac{1}{2}$ oz., 25 cts.....	10
1709 Collection of a packet each of the above 4 tall sorts, 30 cts.	
1710 Tall Varieties Mixed. 20 cts. per $\frac{1}{2}$ oz.; 35 cts. per oz.....	15

Dwarf or Bedding Varieties

Compact shapely bushes 9 to 12 inches high, which are completely covered with their gay flowers all summer, ideal for the edge of borders, for massing or the rock garden.

1696 Bicolor Nana. Of dwarf, compact, even growth; flowers clear yellow, with small garnet eye; $\frac{1}{2}$ oz., 25 cts.....	\$0 10
1697 Crimson King. Color rich velvety crimson garnet. $\frac{1}{2}$ oz., 25 cts....	10
1698 Nana Marmorata. Identical in color to the tall variety. $\frac{1}{2}$ oz., 25 cts.....	10
1701 Golden Wave (Drummondii). Rich golden-yellow with small chestnut-brown centre; very free; $\frac{1}{2}$ oz., 25 cts.....	10
1699 Collection of a packet each of the above 4 dwarf sorts, 30 cts.	
1702 Dwarf Varieties Mixed. 25 cts. per $\frac{1}{2}$ oz.; 40 cts. per oz.....	10

CALLIOPSIS TINCTORIA SPLENDENS

Campanula Medium or Canterbury Bells

The seeds should be sown in finely prepared, rich soil—the colors in separate rows—and if the weather is dry, they should be given a thorough watering late every afternoon. The little plants should be transplanted early in October to the places where they are to bloom the following summer. Some evergreen branches, or a little straw or coarse hay, thrown over them when the ground begins to freeze makes all the winter covering these plants require.

Campanula Calycanthema

Cup and Saucer Canterbury Bells

This is unquestionably the finest type of this old-fashioned and much prized garden plant. They differ from the ordinary type in having an extra large calyx, which is of the same color as the flower, giving the appearance of a cup and saucer. They are effective either in the garden or grown in pots for conservatory or table decoration.

PER PKT.

1735 Calycanthema Dark Blue. Very rich. $\frac{1}{4}$ oz., 75 cts.	\$0 15
1736 — Rose Pink. Delicate rosy-pink. $\frac{1}{4}$ oz., 75 cts.	15
1737 — Light Blue. Clear lavender. $\frac{1}{4}$ oz., 75 cts.	15
1738 — White. Pure white. $\frac{1}{4}$ oz., 75 cts.	15
1739 Collection. A packet each of the above 4 colors, 50 cts.	
1740 — Finest Mixed Colors. $\frac{1}{4}$ oz., 60 cts.	10

Campanula Medium

Single Canterbury Bells

The old-fashioned sort with beautiful, large bell-shaped blossoms; we offer four distinct colors and mixed, as follows:

1744 Single Dark Blue. $\frac{1}{4}$ oz., 25 cts.	\$0 10
1745 — Light Blue. $\frac{1}{4}$ oz., 25 cts.	10
1746 — Rose. $\frac{1}{4}$ oz., 25 cts.	10
1747 — White. $\frac{1}{4}$ oz., 25 cts.	10
1743 Collection. A packet of each of the above four colors, 30 cts.	
1748 Single Mixed Colors. $\frac{1}{4}$ oz., 20 cts.; 1 oz., 60 cts.	05
1741 Double Mixed. All the double-flowering medium varieties. $\frac{1}{4}$ oz., 50 cts.	10

CAMPANULA PERSICIFOLIA

Campanulas or Bellflowers

Well known, beautiful hardy herbaceous perennials, bearing a great profusion of attractive bell-shaped flowers, thriving best in light, rich soil.

PER PKT.

1721 Carpatica Blue (<i>Carpathian Hare Bell</i>). Free-flowering hardy perennial, continuing in bloom the whole season; color clear blue; grows 6 inches high; especially good for edging, and rock garden. $\frac{1}{4}$ oz., 50 cts.	\$0 10
1720 — Alba. The white-flowered form of the above. $\frac{1}{4}$ oz., 50 cts.	10
1724 Persicifolia Grandiflora Blue (<i>Peach Bell</i>). Undoubtedly one of the finest of the hardy Bellflowers; grows 2 to 3 feet high, with large blue flowers. Special pkt., 75 cts.	15
1725 — — Alba. The white-flowered Peach Bells. Special pkt., 75 cts.	20
1726 — — Telham Beauty. Immense bell-shaped flowers of a pale china blue, produced on long stems. Height, 2 feet. Special pkt., \$1.50.	25
1728 Pyramidalis Blue (<i>The Chimney Bellflower</i>). A beautiful stately hardy plant, either for garden or pot culture; blue salver-shaped flowers, 4 to 5 feet. $\frac{1}{4}$ oz., 50 cts.	10
1729 — Alba. Same as above, but with white flowers. $\frac{1}{4}$ oz., 50 cts.	10
1731 Rotundifolia (<i>Blue Bells of Scotland</i>). The true Hare Bell. Clear blue flowers from June to August; 1 foot. Special pkt., 75 cts.	25

CANDYTUFT

Giant Candytuft

1753 Giant Hyacinth-flowered or Improved Empress. A wonderfully improved strain of the popular Empress Candytuft, quite distinct from the umbellata sorts offered above, forming much branched plants about 18 inches high, each branch terminated by an immense spike of very large individual pure white flowers. Makes a very effective white bed or border, and is invaluable for cutting. Illustrated in colors on plate opposite page 56. 10 cts. per pkt.; $\frac{1}{2}$ oz., 40 cts.; oz., 75 cts.

Carnation

Carnations are general favorites for their delicious fragrance and richness of colors. They are indispensable, both for greenhouse culture in winter and for the garden in summer. The Marguerite and Giant Double type are the best for summer flowering.

Giant Double Carnations (Chabaud's)

Blooms in five months after being sown, and produces its nicely fringed, intensely fragrant double flowers in the greatest profusion indefinitely; 18 inches.

	SPECIAL PKT. PER PKT.	
1811 Blood Red	\$0 60	\$0 20
1812 Yellow	60	20
1813 Rose	60	20
1814 Scarlet	60	20
1815 Flesh-pink	60	20
1816 White	60	20
1818 Collection of a packet each of above 6 colors, \$1.00.		
1820 Finest Mixed. Containing the above colors. $\frac{1}{4}$ oz., 50 cts.; $\frac{1}{2}$ oz., 75 cts.....		15

Carnation Chabaud's Enfant de Nice

Carnation Enfant de Nice is the result of a cross between Carnation Chabaud's Giant Improved and Carnation Perpetual. The plants are of robust, upright habit, with long, strong stalks bearing flowers $2\frac{1}{2}$ to 3 inches in diameter. This strain is magnificent and is so far, the last word in annual Carnations. The color comes about 75% true from seed and about 90% of the plants come double. See offering of separate colors and mixture on page 51.

Marguerite Carnation

The most popular Carnations with the amateur, as they begin flowering in a few weeks from time of sowing; 18 inches.

1830 Giant Marguerite Mixed. An improved strain with flowers of extra large size in a splendid range of colors. 15 cts. per pkt.; $\frac{1}{2}$ oz., 50 cts.

Hardy Border Carnations

1840 Grenadin Mixed. Dwarf and compact in growth; double flowers in various colors, produced in great profusion. Early flowering and invaluable for cutting. Will bloom first year if seed is sown early. 1 foot. 15 cts. per pkt.; Special pkt., 50 cts.

1850 Hardy Border Double Mixed. A good hardy strain for outdoor culture, flowering the second season and producing a mass of flowers in a great variety of colors. 15 cts. per pkt.; 50 cts. per $\frac{1}{2}$ oz.

Candytuft (Iberis Umbellata)

All authorities agree on the great decorative value of this charming annual for beds, borders, rock gardens, etc., and the larger the mass the better the effect. The plants grow about 12 inches high and will succeed in any light, airy position. Seed may be sown any time during the spring. They bloom in about eight weeks from the time of sowing, and in order to keep up a succession of bloom two sowings should be made at intervals of about two weeks. For best results give each plant sufficient space for full development, not less than six inches apart and nine inches is better. While highly useful for cutting, lasting well, and used extensively for this purpose by many commercial florists, it is for their bright effect in the garden that they are mainly grown.

1751 Carmine. Bright carmine rose.

1752 Crimson. Rich deep shade.

1755 Albida. Pure white.

1756 Flesh Pink. Delicate pink.

1757 Lavender. Delicate shade of rosy-lavender.

1758 Rose Cardinal. Brilliant deep rosy-red; one of the most effective for bedding. 10 cts. per pkt.; $\frac{1}{2}$ oz., 30 cts.; 1 oz., 50 cts.

Price. Any of the above 6 colors, except where noted, 10 cts. per pkt.; 25 cts. per $\frac{1}{2}$ oz.; 40 cts. per oz.

1759 Collection. Containing a packet each of the above 6 colors, 40 cts.

1768 Collection of $\frac{1}{2}$ oz. each of above 6 colors, \$1.25.

1760 Mixed. A splendid mixture containing all the colors, 10 cts. per pkt.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.

Dwarf Candytuft

1770 Tom Thumb Mixed. A dwarf compact form of this very popular annual. Only 6 inches high; excellent for edging or the rock garden. 10 cts. per pkt.; 25 cts. per $\frac{1}{2}$ oz.; 40 cts. per oz.

HARDY BORDER CARNATION

CHEIRANTHUS ALLIONII

Celosia Cristata (Cockscomb)

Free-blooming annuals, growing best in rather light soil, not too rich; make grand border plants and are attractive for pots. Seed can be sown under cover in early spring and planted out in May, or may be sown out of doors in May; 1 foot. PER PKT.

- 1851 Empress.** Rich crimson; combs of colossal proportions. \$0 10
- 1852 Glasgow Prize.** Immense, showy dark crimson combs. 10
- 1853 Queen of the Dwarfs.** Dark rose-colored. 10
- 1854 Golden Queen.** Large combs of rich golden-yellow. 10
- 1855 Amaranth.** Dark crimson garnet. 10
- 1856 Bright Rose.** Rich rose. 10
- A special pkt. of any of the above varieties, 50 cts. each.
- 1858 Collection** of above 6 varieties dwarf Cockscombs, 50 cts.
- 1860 Dwarf, Mixed.** Fine dwarf varieties. $\frac{1}{4}$ oz., 50 cts.; 10 cts. per pkt.

Celosia Plumosa (Feathered Cockscomb)

Make fine plants for large beds or groups, and the plumes or flowers can be cut and dried for winter bouquets. Should be treated exactly the same as the Cockscombs described above.

- 1865 Childsi Crimson (Chinese Woolflower).** This attractive variety grows about 2 feet high, bearing on long stems brilliant crimson flowers that look like balls of silky wool, effective in the garden, and can be cut and dried, lasting a long time. $\frac{1}{4}$ oz., 40 cts. \$0 10
- 1864 Childsi Pink.** A variety of the above, with flowers of a pretty shade of salmony pink. $\frac{1}{4}$ oz., 50 cts. 10
- 1863 Childsi Yellow.** Bright yellow. $\frac{1}{4}$ oz., 50 cts. 10
- 1867 Thompson's Superb (Triomphe de l'Exposition).** Of pyramidal growth, attaining a height of 3 feet and producing graceful feathery plumes of the most brilliant crimson. $\frac{1}{4}$ oz., 25 cts. 10
- 1868 Thompsoni Magnifica.** Similar to the preceding, but ranging in color from the clearest yellow to the darkest blood-red. $\frac{1}{4}$ oz., 40 cts. 15
- 1866 Golden Plume.** Bright, golden-yellow plumes. $\frac{1}{4}$ oz., 25 cts. 10
- 1870 Plumosa, Mixed.** Feathered varieties in all colors. $\frac{1}{4}$ oz., 25 cts. 10

Canary-bird Vine

(Tropaeolum Canariense)

PER PKT.

- 1749** A beautiful rapid growing annual climber, the charming little canary-yellow blossoms bearing a fancied resemblance to a bird with its wings half expanded. (See cut.) The sprays of flowers are very artistic and keep when cut in good condition for a week. $\frac{1}{4}$ oz., 25 cts.; oz., 40 cts. \$0 10

Canna (Indian Shot)

Dwarf, Large-flowering French. Unquestionably the finest bedding plants for the American climate. Soak the seeds in warm water until they show evidence of swelling, then sow in sandy soil, and keep in a hotbed or greenhouse until the proper season for planting out.

- 1790 Mixed.** Saved from the finest sorts. Per oz., 30 cts. 10

Cerastium (Snow in Summer)

- 1911 Tomentosum.** A very pretty dwarf, white-leaved edging or rock plant, bearing small white flowers; hardy perennial. 12 to 15 inches. Special pkt., 50 cts. 15

Cheiranthus

Very pretty dwarf hardy biennial plants, usually handled as annuals flowering freely through the summer from seed sown in spring; for early spring flowering sow in late summer. Splendid for rock gardens. PER PKT.

- 1915 Allionii (Siberian Wallflower).** About 12 inches high with heads of brilliant orange flowers. (See cut.) 30 cts. per $\frac{1}{4}$ oz. . \$0 10
- 1916 Linifolius (Alpine Wallflower).** Forms compact plants about 9 inches high with numerous small spikes of bright mauve flowers, makes a very neat line. 60 cts. per $\frac{1}{4}$ oz. . . . 15

CANARY-BIRD VINE

The Amateur's Book of the Dahlia (Mrs. Stout). Practical, authoritative and charmingly written. \$2.25 per copy, postpaid.

CELOSLIA PLUMOSA CHILDSI

CENTAUREAS

Under this name is included such popular annuals as the Cornflower, Sweet Sultans, etc. They are favorites in all sections of the country, will grow and do well almost everywhere, and are much in demand as cut flowers.

Centaurea Imperialis
(Royal Sweet Sultans)

This beautiful class is undoubtedly the finest of all Sweet Sultans for cut-flower purposes. The charming, sweet-scented, artistic-shaped flowers are borne on long, strong stems and when cut will stand for several days in good condition. It is best, in this latitude, to sow very early in the spring, so that they may perfect their flowers before very hot weather comes; 2½ feet. (See cut.) We offer the following distinct colors:

Table with 3 columns: Item number and name, Special Pkt., Per Pkt. Rows include Brilliant Rose, Dark Rose, Deep Lavender, Deep Purple, Delicate Lilac, Pure White, Collection, and Finest Mixed Colors.

Various Centaureas

- 1874 Americana (Basket Flower). A splendid native variety, growing 3 feet high and bearing immense thistle-like blooms of a rosy-lavender color. Very showy in the mixed border and splendid for cutting. 1/4 oz., 25 cts.
1901 Suaveolens (Yellow Sweet Sultan or Grecian Cornflower). Very showy, large, bright yellow flowers; sweetly scented and a popular sort for cutting; lasting well; 2 feet. 1/4 oz., 30 cts.
1902 Dealbata. A hardy native of Asia Minor, bearing distinct bright rose colored flowers; July to September; 1½ to 2 feet. 1/4 oz., 50 cts.
1904 Montana (Perennial Cornflower). Hardy perennial variety; grows 2 feet high, bearing large violet-blue flowers from July to September. 1/4 oz., 40 cts.

CENTAUREA IMPERIALIS (Royal Sweet Sultan)

DOUBLE BLUE CORNFLOWER

Double Cornflowers (Centaurea Cyanus)

These are also known as Bachelor's Buttons, Blue Bottle, Ragged Sailor, Bluet and sometimes as Ragged Robin, but it is always best to order by the botanical name. They are well known to every flower lover and always included in old-fashioned gardens.

Table with 2 columns: Item number and name, Per Pkt. Rows include Double Blue, Double Rose Pink, Double White, Double Maroon, Double Mauve, Double Rosy-red, Collection, and Double-flowered Mixed.

White-leaved Centaureas (Dusty Miller)

Fine for bedding, vases, hanging baskets and pots; also extensively used for margins. As an edging to a bed of dark-leaved Cannas or Scarlet Sage these are particularly effective. Sow the seed early indoors, and transplant in May. The white-leaved Cinerarias are also known as Dusty Millers. See page 79.

Table with 2 columns: Item number and name, Per Pkt. Rows include Candidissima and Gymnocarpa.

Chrysanthemums

Annual Varieties

The single-flowering annual Chrysanthemums or Painted Daisies are showy and effective garden favorites, extensively grown for cut flowers. The following are hardy annuals summer-flowering border plants (growing about 2 feet high), bearing in profusion large daisy-like flowers on good stems (see cut), and quite distinct from the hardy perennial and autumn flowering varieties. PER PKT.

- 1921 Burridgeanum.** Pure white petals with zone of rich brownish red and inner zone of yellow surrounding the dark brown disc. $\frac{1}{4}$ oz., 25 cts. \$0 10
- 1922 Eastern Star.** Clear yellow zoned deeper yellow, dark disc. $\frac{1}{4}$ oz., 25 cts. 10
- 1923 Morning Star.** Petals canary yellow, with halo of deeper yellow; disc dark yellow. $\frac{1}{4}$ oz., 25 cts. 10
- 1924 Northern Star.** Very large daisy-like flowers, 3 inches across, with pure white fringed petals with canary-yellow zone around a dark brown eye. $\frac{1}{4}$ oz., 25 cts. 10
- 1925 Chameleon.** Light yellow to tawny apricot, garnet band with yellow zone around dark disc. $\frac{1}{4}$ oz., 25 cts. 10
- 1926 Evening Star.** Rich sunflower yellow, the disc slightly deeper yellow. $\frac{1}{4}$ oz., 25 cts. 10
- 1929 Collection** of a packet each of the above 6 varieties, 40 cts.
- 1928 Collection** of $\frac{1}{4}$ oz. each of the above 6 varieties, \$1.25.
- 1930 Single Mixed (Painted Daisies).** Many colors. $\frac{1}{4}$ oz., 20 cts.; oz., 50 cts. 10
- 1931 Coronarium, Double Mixed.** Yellow, white, etc. $\frac{1}{4}$ oz., 20 cts.; oz., 50 cts. 10
- 1935 Inodorum Plenissimum (Double White Mayweed).** Makes a bushy plant about 2 feet high, with fine feathery foliage, and pure white, densely double flowers, which are produced from mid-summer till frost; splendid for cutting. $\frac{1}{4}$ oz., 40 cts. 10

Chrysanthemum Manual. A complete guide to the culture of this popular flower. This is the latest edition of this valuable work, and which has been brought right up to date. \$1.50 per copy, postpaid.

SINGLE ANNUAL CHRYSANTHEMUMS

Chrysanthemums

Perennial Varieties

PER PKT.

- 1944 Japanese Hybrids.** Our stock of this is saved from a magnificent collection, and cannot fail to produce satisfactory results. Seeds sown in spring will produce flowering plants by fall. Special pkt., 75 cts. \$0 25
- 1945 Double Early-flowering.** A race which perfect their blooms in the open ground before frost. Easily grown from seed which may be expected to produce a fair percentage of double-flowering plants in a large range of colors. Special pkt., 75 cts. 25
- 1951 Hardy Pompon.** A fine strain of the old-fashioned hardy fall-flowering sorts, with double button-like blossoms. Mixed colors. Special pkt., \$1.25. 25
- 1946 Maximum King Edward VII (Moonpenny Daisy).** Considered the finest of all, with flowers of extraordinary size, of purest white, perfect form, and exceedingly free-flowering. A splendid addition to this useful hardy perennial. $\frac{1}{4}$ oz., 30 cts. 10

Shasta Daisies

(Chrysanthemum Leucanthemum)

- 1948 Alaska.** A splendid hardy perennial variety with flowers rarely less than 5 inches across, of the purest glistening white, with broad overlapping petals, and borne on long strong stems; a beautiful cut flower, remaining in good condition a week or more; 3 feet. $\frac{1}{4}$ oz., 60 cts. 15
- 1950 Shasta Daisy Mixed.** A general mixture saved from extra choice hybrids, and certain to produce varieties of merit; 3 feet. $\frac{1}{4}$ oz., 40 cts. 10

Clarkia Elegans

This pretty and easily grown annual has been much improved in recent years, and the varieties offered below are now seen as cut flowers in most of the large cities of Europe; they do well either in sun or shade, growing 2 to 2½ feet high, with leafy racemes of double flowers, which all open in water when cut. (See cut.)

PER PKT.

- 1981 Alba.** Very double, pure white. $\frac{1}{4}$ oz., 30 cts. \$0 10
- 1984 Brilliant.** Rich crimson scarlet; very double. $\frac{1}{4}$ oz., 30 cts. 10
- 1982 Salmon Queen.** Extra double, salmon pink. $\frac{1}{4}$ oz., 30 cts. 10
- 1983 Vesuvius.** A brilliant orange-scarlet. Illustrated in colors on plate opposite page 56. $\frac{1}{4}$ oz., 40 cts. 10
- 1989 Collection** of a packet each of the 4 sorts, 30 cts.
- 1990 Double Mixed.** A fine mixture containing all the colors. $\frac{1}{4}$ oz., 25 cts. 10

CLARKIA ELEGANS FL. PL.

Cineraria Hybrida

Beautiful flowering plants for the house or conservatory during the spring months. Seed should be sown from May to September for succession. After transplanting, place in a cold frame facing north, if possible. When the pots become full of roots, shift into larger ones till the flowering size is reached.

- | | |
|---|----------|
| | PER PKT. |
| 1963 Dreer's Prize Dwarf. Dwarf compact plants not over a foot high, with immense heads of large flowers in a great range of beautiful colors. Special pkt., \$1.50..... | \$0 50 |
| 1964 Dreer's Prize Tall. Of taller growth than the above, with flowers of extraordinary size. Special pkt., \$1.00..... | 35 |
| 1961 Matador. The new large-flowering scarlet, which adds considerable life and brilliancy to a collection. Special pkt., \$1.50..... | 50 |
| 1962 Hybrida Nana Multiflora. This miniature variety forms dense, compact plants with good heads of small flowers in a good range of colors. Special pkt., \$1.50..... | 35 |
| 1966 Stellata (Star Cineraria). A charming variety, with large spreading panicles of starry flowers in the same variety of colors as the ordinary Cineraria. Special pkt., 75 cts..... | 25 |

White-leaved Cineraria (Dusty Miller)

- | | |
|---|----|
| 1971 Maritima Candidissima. These, as well as the white-leaved <i>Centaureas</i> offered on page 77, are called "Dusty Millers." Fine for bedding, ribbon beds and margins; prized for their beautiful downy, silvery foliage; half hardy perennials, but should be treated as annuals; 2 feet. (See cut.) $\frac{1}{4}$ oz., 25 cts. | 10 |
|---|----|

Clematis

- 2000 **Paniculata (Japanese Virgin's Bower).** This is one of the best hardy climbers. The leaves are of a bright glossy-green, and when in bloom the plant is completely hidden beneath a blanket of white, hawthorne-scented blossoms, does equally well in sunshine or shade. 10 cts. per pkt.; $\frac{1}{4}$ oz., 25 cts.

CINERARIA MARITIMA

CLEOME GIGANTEA

Cleome

(Giant Spider Flower)

- | | |
|---|----------|
| | PER PKT. |
| 2002 Gigantea. The plants attain a height of $3\frac{1}{2}$ feet, well branched, each branch terminated by a large head of bright rosy-crimson flowers. It makes a striking subject for large beds or for interspersing in the shrubbery border, and is used extensively in many of the public parks. Seed should be sown in the open ground as soon as the weather is warm and settled, and the plants given sufficient room to develop their full beauty. (See cut.) $\frac{1}{4}$ oz., 25 cts. | \$0 10 |

Cobaea (Cups and Saucer Vine or Cathedral Bells)

A climber of rapid growth, attaining a height of 30 to 50 feet during the season; valuable for covering trellises, arbors, trunks of trees, etc.; will cling to any rough surface. In sowing, place seeds *edgewise* and merely cover with light soil; to get early results start the seed indoors in March or April; can also be sown out-of-doors in May. (See cut).

- | | |
|---|----------|
| | PER PKT. |
| 2021 Scandens Purple. Large, bell-shaped purple flowers. $\frac{1}{4}$ oz., 25 cts. | \$0 10 |
| 2022 Scandens Alba. Pure white. $\frac{1}{4}$ oz., 40 cts. | 10 |

Coleus (Flame Nettle)

- | | |
|--|----|
| 2040 Dreer's Hybrids. Our strain of hybrid varieties produces the finest colored, most attractive and novel foliage plants for house or garden culture. Sow indoors in March or April. Special pkt., 75 cts. | 25 |
| 2041 Ornatus. Splendid, large-leaved variety, with strikingly handsome variegated foliage; of great value for all decorative purposes. Special pkt., 75 cts. | 25 |

Rainbow Corn (Zea Japonica Variegata)

- | | |
|--|----|
| 2662 As an ornamental foliage plant this is not only highly effective, but very interesting. It grows about 5 feet high, quite bushy, the wonderfully variegated leaves being striped with bright green, silvery white, rosy purple and sulphur yellow. It makes a very pretty dividing line between the vegetable and flower garden, or it may be used in the mixed border. Per oz., 25 cts. | 10 |
|--|----|

The Iris (John C. Wister). Presents in a clear, convincing manner the simple requirements of this flower. \$1.25 per copy, postpaid.

COBAEA SCANDENS

COREOPSIS LANCEOLATA GRANDIFLORA

Convolvulus (Morning Glory)

Major, or Climbing Morning Glories

Deservedly very popular, as they are one of the most free-flowering and rapid-growing plants in cultivation, thriving in almost any situation; the beauty and delicacy of their brilliant flowers are unsurpassed. Soaking the seeds in warm water for an hour or two hastens germination; annuals; 15 feet.

2060 Major Mixed. Per oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts. \$0 05

2061 Double Flowering Mixed. About 80 per cent of the seedlings will produce double flowers, the remainder semi-double or single. Per oz., 40 cts. 10

Imperial Japanese or Emperor Morning Glories are offered on page 93.

Minor, or Dwarf Morning Glories

While these are called Dwarf Morning Glories, they really remain open all day in fine weather, and are rich colored, handsome dwarf plants, and not as well known as they should be; they make a fine border, or can be grown in masses in beds, producing an unusually brilliant effect.

2052 Minor Tricolor, Mixed. A very large range of color, from pure white to deep purple; annual; 1 foot. Per oz., 25 cts. \$0 05

The Cardinal Climber

(*Ipomoea Quamoclit Hybrida*)

2158 We named and introduced this glorious and absolutely distinct annual climber and it is generally considered the most beautiful and brilliant annual climber ever sent out. It is a strong and rapid grower, attaining a height of 30 feet or more, with beautiful fern-like foliage, and literally covered with a blaze of circular cardinal-red flowers from mid-summer till frost. The flowers, about $1\frac{1}{2}$ inches in diameter, are borne in clusters of 5 to 7 each. Like other *Ipomoeas*, it delights in a warm, sunny situation and good soil. The seed may be started indoors in March or April, in a temperature of not less than 70 degrees, but it is just as well to wait until the weather gets warm and settled and then sow out of doors. (See cut.) 15 cts. per pkt.; special pkt., 40 cts.; $\frac{1}{4}$ oz., 75 cts.

Coreopsis

PER PKT.

2071 Lanceolata Grandiflora. This is one of the finest hardy plants, with large showy, bright yellow flowers, produced in the greatest abundance from June till frost. As a cut flower they stand near the head among hardy plants, having long stems and lasting in good condition a week or more. Easily grown from seed, flowering the first year; 30 inches. (See cut.) $\frac{1}{4}$ oz., 20 cts.; oz., 50 cts. \$0 10

2072 Lanceolata Grandiflora Fl. Pl. (Double-flowering Coreopsis). This new double and semi-double form is just as easy to grow as the single-flowering and the extra petalage adds a further charm to the flower. $\frac{1}{4}$ oz., 50 cts. 15

2073 Auricula Superba (New). For description, see page 52. Special pkt., 50 cts. 15

Cowslip (*Primula Veris*)

2110 Mixed. A beautiful hardy spring-flowering perennial; flowers of different colors, such as yellow, brown-edged yellow, etc. Very fragrant; 6 inches. Special pkt., 60 cts. 15

2112 Invincible Giant. Quite distinct from the ordinary Cowslip, both in the stronger growth of the plant and in the massive flowers, which are borne on stout stems 12 to 15 inches high. The colors range from pure yellow and orange to the deepest scarlet and crimson. Special pkt., 75 cts. 25

Cyperus (Umbrella Plant)

2151 Alternifolius. An excellent plant for growing in water or damp places; makes a very ornamental house plant, always presenting a green and attractive appearance. Special pkt., 50 cts. 10

Cypress Vine (*Ipomoea Quamoclit*)

One of the most popular vines, with very delicate fern-like foliage, and masses of beautiful, small, star-shaped flowers. Sow in May, first soaking the seeds in warm water for a few hours; 15 feet.

PER PKT.

2156 Scarlet. Per $\frac{1}{4}$ oz., 25 cts. \$0 10

2157 White. Per $\frac{1}{4}$ oz., 25 cts. 10

2160 Mixed. White and scarlet. Per $\frac{1}{4}$ oz., 20 cts.; oz., 50 cts. 10

2158 Quamoclit Hybrida (The Cardinal Climber). The best annual climber introduced in many years; beautiful fern-like foliage and brilliant cardinal flowers. For description, see below. 15

THE CARDINAL CLIMBER

COSMOS

Beautiful summer and autumn blooming plants. They produce thousands of artistic flowers, furnishing an abundance of cut blooms for autumn decorations. Should be sown in Spring in the open ground, when danger of frost is past, or the seed may be started under cover and afterwards transplanted. Plant not less than 18 inches apart in rows or in masses in beds. When the plants are about a foot high the tops should be pinched out to induce a bushy growth. They prefer a rather light, not too rich soil, but do well almost anywhere. North of Philadelphia it is safer to use the extra early flowering type.

New Extra Early Cosmos

2074 Express Pink. An extra early single Cosmos flowering in from forty-five to fifty days from the time seed is sown. (For complete description see page 52.) 15 cts. per pkt.; 50 cts. per $\frac{1}{2}$ oz.

Early Colossal or Midsummer Giant Single Cosmos

Seeds sown in the open ground April 27th produced plants that were covered with bloom July 20th, two months before the late-flowering kinds. By careful selection they now have flowers as large as the late-flowering kinds, and will undoubtedly perfect their blooms in the most northerly States.

	PER $\frac{1}{4}$ OZ.	PER PKT.
2085 Early Crimson. Very rich.....	\$0 25	\$0 10

2084 Late Double Mixed. $\frac{1}{2}$ oz., 50 cts.....		15
2101 Yellow Cosmos "Klondyke." Golden yellow flowers borne on long stems, and measures from 2 $\frac{1}{2}$ to 3 $\frac{1}{2}$ inches across. To get this variety in bloom before frost in the States north of Virginia it should be grown in pots or boxes, so that the roots are confined, thus throwing it into flower. Special pkt., 40 cts.....		15

EARLY DOUBLE FLOWERING COSMOS

Perhaps you have a friend who would appreciate the gift of a few packets of flower seeds.

Cynoglossum (Chinese Forget-me-not)

PER PKT.

- 2148 Amabile Blue.** An annual recently introduced from China; of the easiest culture, forming strong plants 18 to 24 inches high and producing through the summer months sprays of intense blue Forget-me-not-like flowers, delicately sweet scented. A splendid addition to the comparatively short list of real blue flowers. $\frac{1}{4}$ oz., 40 cts.\$0 10
- 2149 Amabile Pink (New).** In growth and general appearance this resembles the Cynoglossum Blue, only that the flowers are rich deep pink, and more striking than pink Forget-me-nots. In moderate climates these plants are perennial. $\frac{1}{4}$ oz., 75 cts. 25

Dreer's Giant Prize Cyclamen

Charming house plants, with beautiful foliage, and rich-colored fragrant flowers; universal favorites for winter and spring blooming. Seed may be sown any time during the summer or autumn.

	PER 100 SEEDS	PER PKT.

Dictamnus (Gas Plant)

PER PKT.

- 2348 Fraxinella Alba.** Showy hardy border perennial, about 2½ feet in height, having fragrant foliage and spikes of curious flowers during June and July, one of the most permanent of hardy plants. Seed somewhat slow in germinating. Special pkt., 60 cts.\$0 15

DOLICHOS (Hyacinth Bean)

CYNOGLOSSUM AMABILE

Dahlias

One of the best late summer and autumn flowering plants; the double sorts will bloom the first season if the seed is sown before the beginning of April; the single sorts will bloom from seed sown in the open ground as late as June, although an earlier start is better.

PER PKT.

- 2177 Coltness Hybrids (New).** A new form of the dwarf single type; suitable for bedding. Mixed colors. $\frac{1}{4}$ oz., \$1.00.....\$0 25
- 2181 Colossal Peony-flowered.** French strain, producing mammoth semi-double Peony-like flowers in a bewildering range of colors. $\frac{1}{4}$ oz., 50 cts. 15
- 2182 Giant Perfection.** This strain produces single flowers of immense size, average 6 inches across, in a great variety of coloring. $\frac{1}{4}$ oz., 25 cts. 10
- 2185 Collarette.** A novel type, having a row of petals around the disc like a frill or collar, and which is of a different color to the regular petals; mixed colors. $\frac{1}{4}$ oz., 50 cts. 15
- 2196 Double Cactus.** This type is very desirable. Many colors. Special pkt., 75 cts. 15
- 2197 Double Decorative.** Saved from a superb collection containing a very varied range of colors, with flowers frequently 8 inches across. $\frac{1}{4}$ oz., 50 cts. 15
- 2200 Double Large-flowering.** Saved from fine double show sorts. $\frac{1}{4}$ oz., 40 cts. 10

Dolichos (Hyacinth Bean)

A rapid growing annual climber, flowering freely in erect racemes, followed by ornamental seed-pods; for covering arbors, trellises, etc. Sow the seed in the garden in May where they are to remain; 10 feet.

- 2377 Daylight.** Attain a height of over 10 feet, and covered with spikes of snow-white pea-shaped blossoms from July until late fall. The heart-shaped foliage is bright green and not affected by insect pests. Per oz., 25 cts.\$0 10
- 2376 Darkness.** Identical in every way to the above except in color, which is rich purple violet. Per oz., 25 cts. 10
- 2380 Lablab, Mixed.** Purple and white. Per oz., 20 cts. 05

DREER'S SUPERB DELPHINIUMS

Seed may be sown any time from Spring till Autumn. Sow in fine soil to the depth of the seed, not deeper than $\frac{1}{2}$ inch. Firm the soil and moisten thoroughly. Keep shaded and moist, with a free circulation of air at all times. In about 20 days the pointed seed leaves will appear, remove shade and when the true, or round leaves appear, transplant to their permanent places.

PER PKT.

DREER'S DE LUXE DELPHINIUMS

Dreer's De Luxe Hybrids. Produced from the world's choicest named varieties, secured without regard to cost from the most noted European and American specialists. The results obtained were really marvelous; the plants of strong, vigorous habit with large spikes of enormous flowers in every shade of blue from the palest lavender to the richest oxford-blue as well as a number of pastel or art shades. Fully one-third were double-flowering and mostly with white centre or eye, but with a fair percentage having the dark or bee centre. A really wonderful strain that is sure to produce results to please the most critical grower of this popular favorite.

	SPECIAL PKT.	PER PKT.
2241 De Luxe Light Blue.....	\$0 75	\$0 35
2242 De Luxe Mid-Blue.....	75	35
2243 De Luxe Dark Blue.....	75	35

2238 Collection of a packet each of the 4 colors, \$1.50.		
2235 Wrexham Mixed. Containing all colors. $\frac{1}{4}$ oz., \$1.00.....		35

Miscellaneous Delphiniums

- 2240 Gold Medal Hybrids.** One of the finest strains of mixed hybrids offered. The plants are of strong, vigorous habit, with large flowers on spikes two feet and over long, the majority running in the lighter shades of blue. Per $\frac{1}{4}$ oz., 50 cts.; per oz., \$1.50.....\$0 15
- 2219 Belladonna Improved (Everblooming Hardy Larkspur).** All experts agree that this strain is a real improvement on the original. It is the freest and most continuous blooming of all the Hardy Larkspurs. The clear turquoise blue of its flowers is not equalled for delicacy and beauty, a generous planting should be included in every hardy border. Special pkt., 75 cts.; $\frac{1}{4}$ oz., \$1.25..... 25
- 2221 Bellamosum.** This is a rich, deep blue form of the popular light blue Belladonna, having the same free-blooming and other good qualities. Special pkt., 60 cts.; $\frac{1}{4}$ oz., \$1.00..... 25
- 2225 Chinense Blue.** A distinct and neat variety growing about two feet high, with fine feathery foliage, and producing freely large blossoms of intense gentian-blue. $\frac{1}{4}$ oz., 40 cts..... 10
- 2224 — Album.** The white-flowered form. $\frac{1}{4}$ oz., 40 cts.. 10
- 2226 — Blue Butterfly Improved.** Rich ultra-marine blue; height one foot, excellent for the rock garden. 50 cts. per $\frac{1}{4}$ oz..... 15
- 2227 — Cambridge Blue (New).** It is a rich clear blue. Habit of growth about two to three feet high and should make a valuable cut flower (see illustration on page 53). Special pkt., 60 cts..... 25

DELPHINIUM BELLADONNA (Improved)
(Everblooming Hardy Larkspur)

DIANTHUS OR PINKS

A magnificent genus, embracing some of the most popular flowers in cultivation, producing a great variety of brilliant colors and profusion of bloom. The varieties classed as annuals are really biennials, but are treated as annuals and may be sown out of doors when the danger from frost is past, and in a few weeks time they are a mass of bloom, continuing so until after hard frost. As a rule, they survive the winter if given slight protection, flowering abundantly the following season. They grow about a foot high, and can be used in beds or borders of solid or mixed colors. The double flowering sorts are almost as fine as carnations for cutting. They are not particular as to soil, but should have a sunny location.

Double Annual Pinks

PER PKT.

2250 Chinensis Fl. Pl. (*China or India Pink*). Flowers very double and of many bright colors. $\frac{1}{2}$ oz., 25 cts. \$0 05

2254 Diadematus Fl. Pl. (*Double Diadem Pink*). Beautiful double flowers; mixed, of various tints of lilac, crimson, purple, to very dark purple, with the outer edges fringed and nearly white. $\frac{1}{2}$ oz., 30 cts. 10

2256 Fireball. Rich, blood-red. Makes a striking contrast to the variety Snowball. $\frac{1}{2}$ oz., 40 cts. 10

2260 Heddewigi Fl. Pl. (*Double Japan Pink*). Double mixed. Colors varying from the richest velvety crimson to the most delicate rose. $\frac{1}{2}$ oz., 30 cts. 10

2272 Lucifer. A double flowering form of the bright geranium-red single Pink Vesuvius, offered on next page. The nicely fringed double flowers are about 2 inches across, and, owing to its intense, dazzling color, a general favorite. $\frac{1}{2}$ oz., 50 cts. 15

2276 Mourning Cloak (White Frill). Rich, blackish, velvety crimson, margined white. $\frac{1}{2}$ oz., 40 cts. 10

2280 Nobilis Fl. Pl. (*Double Royal Pink*). Flowers of largest size, varying in color from scarlet to dark blood-red and rose to white. $\frac{1}{2}$ oz., 30 cts. 10

GROUP OF DOUBLE ANNUAL PINKS

PER PKT.

2281 Salmon King. Brilliant salmon rose. $\frac{1}{2}$ oz., 50 cts. \$0 15

2282 Snowball. Large double white, splendid for cutting or as a border. $\frac{1}{2}$ oz., 40 cts. 10

2285 Violet Queen. Rich violet, an unusual shade. $\frac{1}{2}$ oz., 50 cts. 15

2289 Collection, Brilliant Double Dianthus. Containing a packet each of six of the best double sorts, 50 cts.

Hardy Garden Pinks (*Dianthus Plumarius*, etc.)

These varieties are well adapted for beds and borders; delightful, refreshing, spicy odor; should be in every garden where cut flowers are wanted, and make a fine edging to a hardy border.

PER PKT.

2331 Sweet Wivelsfield. For description see page 59. \$0 25

2333 Graniticus. Very low growing, forming a dense carpet covered in May and June, with crimson flowers; 4 inches. A splendid variety for the Rock Garden. Special pkt., 60 cts. 25

2334 Deltoides, Brilliant (Maiden Pink). A charming creeping variety, with brilliant carmine flowers in June and July; very effective in the Rock Garden. Special pkt., 60 cts. 15

2335 Caesius (Cheddar Pink). A splendid rock plant, forming dense tufts a few inches high and sweet scented bright rosy-pink flowers in May and June. $\frac{1}{2}$ oz., 50 cts. 15

2336 Plumarius Semperflorens (Everblooming Hardy Garden Pinks). Very beautiful, sweet-scented, double, semi-double and single flowers in great diversity of color. $\frac{1}{2}$ oz., 75 cts. 25

PER PKT.

2337 Plumarius Fl. Pl. (*Double Hardy Garden Pink*). Double and semi-double varieties in beautiful colors. $\frac{1}{2}$ oz., 50 cts. \$0 15

2340 Plumarius (Grass Pinks, Scotch Pink, or Pheasant-eye Pink). A beautiful single hardy Pink, with fringed edged flowers of various colors. $\frac{1}{2}$ oz., 25 cts. 10

2342 Latifolius Atrococcineus Fl. Pl. (*Everblooming Hybrid Sweet William*). This is a cross between an annual pink and Sweet William, combining the free and continuous blooming qualities of the former with the hardness of the latter; in color an intense velvety crimson scarlet. $\frac{1}{2}$ oz., 50 cts. 15

2343 Latifolius Double Mixed. In addition to the above, this mixture contains purple, violet and rose. $\frac{1}{2}$ oz., 40 cts. 10

2346 Rock Garden Species Mixed. A special formula mixture of 25 rare varieties suitable for the rockery. Special pkt., 75 cts. 25

DIANTHUS or PINKS

Single Annual Pinks

All of the Single Annual Pinks have large flowers 2 to 3 inches in diameter; their many and brilliant colors make them very desirable for beds and borders; 1 foot.

PER PKT.

- 2301 Crimson Belle.** Rich velvety crimson. Per $\frac{1}{4}$ oz., 40 cts.\$0 10
- 2302 Eastern Queen.** Beautifully marbled rose and mauve flowers. Per $\frac{1}{4}$ oz., 30 cts. 10
- 2320 Nobilis (Royal Pinks).** Selected and improved varieties of the popular single-flowering Japan pink. The colors vary from white to dark red. Per $\frac{1}{4}$ oz., 40 cts. 10
- 2310 Heddewigi (Single Japan Pink).** Finest selected single-flowered; mixed. Per $\frac{1}{4}$ oz., 25 cts. 5
- 2321 Princess Pinks (Punctatus).** A very novel variety with fringed flowers; mottled, flaked, spotted and striped in the greatest diversity of colors. $\frac{1}{4}$ oz., 30 cts. 10
- 2316 Marvelous.** This remarkable strain produces large flowers, with the petals deeply cut into fine strips of thread-like fringes; all shades from pure white to deep purplish-red. $\frac{1}{4}$ oz., 30 cts. 10
- 2324 Salmon Queen.** The well-formed nicely fringed flowers are a brilliant salmon color, changing into a salmon-rose when fading. The seeds of this variety are white, or yellowish white; those of other annual Pinks are dark brown or black. Per $\frac{1}{4}$ oz., 30 cts. 10
- 2325 Vesuvius.** Brilliant geranium-red, makes a very effective bed or border. Per $\frac{1}{4}$ oz., 30 cts. 10
- 2329 Collection, Brilliant Single Dianthus.** Containing a packet each of six of the best single sorts, 40 cts.

Didiscus (Blue Lace Flower)

Didiscus (Blue Lace Flower)

PER PKT.

- 2351 Coeruleus.** This pretty and interesting annual blooms most profusely from July till November; also used extensively for early spring flowering in a cool greenhouse; their exquisite pale lavender blossoms are excellent for cutting; plants grow about 18 inches high, and have as many as 50 flowers open at one time. (See cut.) $\frac{1}{4}$ oz., 50 cts.\$0 15

Digitalis (Foxglove)

Handsome and highly ornamental hardy plants of stately growth, succeeding under almost all conditions, and with but little attention will give a wealth of flowers during June and July. They are now used extensively with good effect for naturalizing in shrubberies, the edge of woods and other half shady places; 3 to 5 feet.

Gloxiniaeflora. This is a fine strain of the ordinary Foxglove *D. purpurea*, with handsome spotted Gloxinia-like flowers on long spikes.

PER PKT.

- 2356 — Purple.** $\frac{1}{4}$ oz., 40 cts.\$0 10
- 2357 — Rose.** $\frac{1}{4}$ oz., 40 cts. 10
- 2358 — White.** $\frac{1}{4}$ oz., 40 cts. 10
- 2360 — Mixed.** $\frac{1}{4}$ oz., 30 cts.; oz., \$1.00 10
- 2361 Giant Shirley.** The finest strain of Foxgloves yet introduced, for description, see page 53. $\frac{1}{4}$ oz., 50 cts. 15
- 2366 Grandiflora (Ambigua).** Spikes of light yellow flowers. $\frac{1}{4}$ oz., 40 cts. 10
- 2368 Lutzii Hybrids.** New distinct salmon hybrids. 4 feet. Special pkt., 60 cts. 25
- 2370 Monstrosa (Mammoth Foxglove).** Long spikes surmounted by one enormous flower; all colors mixed. $\frac{1}{4}$ oz., 40 cts. 10

GIANT SHIRLEY FOXGLOVES

Dimorphotheca (African Golden Daisy)

PER PKT.

2375 Aurantiaca. An extremely showy annual daisy from South Africa, which suits our climatic conditions perfectly. The bushy plants grow 12 to 15 inches high. The flowers, which are 2½ inches and over across, are a unique, rich, glossy orange-gold, with dark disc and halo. These glitter in the sunshine and present a magnificent sight when in full bloom. Seed may be sown in the same way as Asters or Petunias, and should have a dry, sunny position. They bloom the greater part of the summer and fall. ¼ oz., 40 cts. \$0 10

2374 Aurantiaca Hybrida. Beautiful new hybrids of the African Golden Daisy, and similar in habit to the parent; flowers equally as large, but varying in color from the purest white through the various shades of yellow and orange to rich salmon shades, many being zoned with several of these colors around the black disc. ½ oz., 40 cts. 10

DIMORPHOTHECA (African Golden Daisy)

Dracaena (Dragon Plant)

2386 Indivisa. Beautiful ornamental-leaved plants; long, narrow, green foliage; indispensable as centre plants for vases and for house decorations. ¼ oz., 25 cts. 10

ECHINOXYSTIS LOBATA
(Wild Cucumber Vine)

ECHINOPS (Globe Thistle)

Echinocystis (Wild Cucumber Vine)

2401 Lobata. One of the quickest growing annual vines we know of; splendid for covering trellises, old trees, fences, etc. Clean, bright green foliage and sprays of white flowers in July and August. (See cut.) Per oz., 30 cts. \$0 10

Echinops (Globe Thistle)

2404 Ritro. Striking hardy perennial plants, with handsome silvery thistle-like foliage and fine steel-blue flowers in round heads, which can be used for cutting; 3 to 5 feet. Special pkt., 25 cts. 10

Eryngium (Sea Holly)

2408 Amethystinum. Handsome ornamental hardy plants, growing 2 to 3 feet high, with beautiful thistle-like heads of amethystine-blue; fine for winter bouquets. Special pkt., 75 cts. 15

Erysimum (Fairy Wallflower)

2411 Perofskianum. A pretty annual, growing about 18 inches high, bearing dense racemes of brilliant orange-yellow Wallflower-like flowers. It is of the simplest culture. Sow the seeds in the open ground in spring and give it a sunny position. ¼ oz., 25 cts. 10

Eupatorium (Thorough Wort)

Strong-growing hardy perennials, well suited for naturalizing and deserve a place in every hardy border; they will grow and thrive in almost any situation.

2442 Ageratoides. A very useful variety, growing 3 to 4 feet high, with dense heads of minute white flowers from August to October. Special pkt., 60 cts. 10

2441 Fraseri. A very pretty dwarf variety, producing clusters of snow-white flowers; fine for cutting and bouquets; 1½ feet. Special pkt., 30 cts. 10

Everlasting Flowers

2469 To meet the growing demand for these for use in winter bouquets we have made up a collection containing a packet each of the best eight varieties. Price, 50 cts.

Eschscholtzia (California Poppy, Gold Cups)

This beautiful and brilliant annual has been greatly improved in recent years. Seed may be sown at any time during the spring, the earlier the better where they are to remain, as they do not stand transplanting. They will grow nicely and bloom profusely over a long season in any sunny position. As a subject for beds of any size or as a border, their finely cut, blue-green foliage, and glossy flowers of satin-like texture, make them one of the most desirable annuals. As cut flowers they are very artistic, and when used for this purpose, should be cut when in bud. 1 foot. (See cut.)

PER PKT.

- 2421 Aurantiaca.** Rich golden orange. $\frac{1}{4}$ oz., 25 cts. \$0 10
2422 Chrome Queen. Rich chrome yellow. $\frac{1}{4}$ oz., 25 cts. 10
2425 Crimson King. Rich carmine-crimson. $\frac{1}{4}$ oz., 25 cts. 10
2427 Purple Glow. A bright reddish-purple. $\frac{1}{4}$ oz., 30 cts. 10
2426 Geisha. Bright scarlet, inside rich golden orange. $\frac{1}{4}$ oz., 25 cts. 10
2428 Rosy Queen. Soft flesh-pink. $\frac{1}{4}$ oz., 25 cts. 10
2429 Scarlet Beauty. A vivid deep even scarlet. Per $\frac{1}{4}$ oz., 40 cts. 10
2435 Vesuvius. Rich wallflower or coppery red. $\frac{1}{4}$ oz., 30 cts. 10
2439 Collection of a packet each of the above 8 sorts, 60 cts. 5
2440 Single Mixed. $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts. 5
2437 New Hybrid Mixed. This mixture has been saved from a number of new sorts of wonderful colorings, including wallflower red, old gold, fire-red, chestnut, cream and many other rich and unusual tones. Per $\frac{1}{4}$ oz., 25 cts.; oz., 75 cts. 10

New Eschscholtzia Dazzler

- 2423 The description** "Flame Color" has been applied to many flowers but never has it fitted as aptly, for "Dazzler" is really a true flame scarlet. The flowers are large and of extremely beautiful form, and against the peculiarly beautiful foliage they show to great advantage. $\frac{1}{4}$ oz., 75 cts. 25

ESCHSCHOLTZIAS OR CALIFORNIA POPPIES

Euphorbia

Strong-growing annuals, suitable for beds of tall-growing plants, or mixed borders.

- 2452 Variegata** (Snow on the Mountain). Attractive foliage; veined and margined with white; 2 feet. (See cut.) Per $\frac{1}{4}$ oz., 25 cts. \$0 10
2451 Heterophylla (Annual Poinsettia). An annual resembling in habit and color the beautiful hothouse Poinsettia. The plants grow 2 to 3 feet high, of branching, bush-like form, with smooth, glossy green leaves which about midsummer become a beautiful orange-scarlet, presenting a striking appearance. $\frac{1}{4}$ oz., 30 cts. 15

GERANIUM (Pelargonium)

Ferns

PER PKT.

- 2470 Mixed.** Should be grown in a peaty, sandy soil and moist shady position in the garden during summer. Sow on the surface in seed pans or pots, keep moist, and in a temperature of 60 degrees. Special pkt., 75 cts. \$0 15

Geranium (Pelargonium)

- 2530 Zonale, Mixed.** A superb strain of the largest and finest varieties. Very easy to grow from seed, which should be started indoors and transferred to the open in May or June. $\frac{1}{4}$ oz., 40 cts. 15

Gerbera (Transvaal Daisy)

- 2535 Jamesoni Hybrida.** Perfect daisy-like flowers, 2 to 4 inches across, borne on long stems. Greenhouse perennials, making splendid pot plant or for cutting. Also makes a satisfactory garden plant in cold climates if wintered over in cold frames. Includes a wonderful range of colors. 100 seeds, 75 cts. 25

Geum (Avens)

- 2541 Atrosanguineum Fl. Pl.** Showy double dark-crimson flowers all through the summer; an elegant flower for bouquets; 18 inches. $\frac{1}{4}$ oz., 50 cts. 15
2542 Mrs. Bradshaw. Large double brilliant orange scarlet; in flower throughout the entire summer. $\frac{1}{4}$ oz., 60 cts. 15
2543 Lady Stratheden. New double-flowering golden-yellow. Special pkt., 75 cts. 25

EUPHORBIA VARIEGATA (Snow on the Mountain)

DOUBLE-FLOWERING GAILLARDIAS

Gaillardia (Blanket Flower)

Annual Varieties

Splendid showy annuals, remarkable for the profusion, size and brilliancy of their flowers, continuing in bloom from early summer till November; excellent for beds, borders, or for cutting; should be sown where they are to bloom; 1½ feet.

PER PKT.

- 2498 Picta Indian Chief.** An exceptionally rich colored variety, having a dark brown centre, the petals a glittering metallic bronzy red. ¼ oz., 25 cts.\$0 10
- 2496 Picta.** Crimson and orange. ¼ oz., 25 cts. 10
- 2500 Picta Mixed.** Single sorts. ¼ oz., 25 cts. 10
- 2497 Double-flowering Mixed.** A charming, profuse, double-flowering strain; beautiful mixed colors. ¼ oz., 30 cts. 10

Hardy Perennial Varieties

The following are among the showiest and most effective hardy perennial plants, and should find a place in every hardy border. They thrive in almost any position or soil, require little or no protection and take care of themselves. If sown early they begin flowering in July, continuing a mass of bloom until frost; fine for cutting; 2 to 2½ feet.

2507 Portola Hybrids. For description, see page 54.

¼ oz., 75 cts.\$0 20

2502 Grandiflora Compacta. A compact variety, forming bushy plants 12 to 15 inches high, and bearing its long-stemmed flowers well above the foliage. In coloring the flowers are as rich and varied as those of the tall-growing sort. ¼ oz., 40 cts. 15

2505 Grandiflora Copper-red. A striking new color in this popular perennial. ¼ oz., 40 cts. 15

2510 Grandiflora Superb Mixed. Our own saving; splendid combinations of crimson and gold in great variety. ¼ oz., 25 cts. 10

Gilia (Queen Ann's Thimble)

PER PKT.

2551 Capitata. This is a very graceful annual, growing about 2 feet high with fine feathery foliage and bearing freely over a long season, globular heads, about 1 inch across, of rich lavender blue flowers, which last well when cut. ¼ oz., 25 cts.\$0 10

Globe Amaranth (Gomphrena)

Popularly known as "Bachelor's Button," a first-rate bedding plant; the flowers resemble clover heads and can be dried and used in winter bouquets. Cornflowers and a number of other flowers are also known as Bachelor's Buttons, and in ordering it is well to order by number to prevent mistakes.

2570 Mixed. 2 feet. ¼ oz., 25 cts. 10

Gloxinia

2578 Hybrida Grandiflora. A superb genus of greenhouse plants, producing magnificent flowers of the richest colors; thrives best in an equal mixture of peat, loam and sand. Sow in March, blooms in 5 months after sowing. Our strain is unsurpassed, containing the spotted hybrids as well as the finest self-colored sorts. 50

Godetia (Satin Flower)

2590 Mixed. Attractive, hardy annuals, deserving more extensive cultivation, especially in the cooler parts of the country. The plants bloom profusely, and bear showy flowers, not unlike an Azalea, of satiny texture in many rich and varied colors. They do best in a rather poor soil; 1 foot. (See cut.) ¼ oz., 25 cts. 10

Grevillea (Silk Oak)

2681 Robusta. A very beautiful and graceful decorative plant with fern-like foliage; excellent for table decoration; easily raised from seed; producing good sized plants in a short time; hardy in Florida and California, where it is popular as an ornamental tree. Special pkt., 30 cts. 10

GODETIA

Ornamental Gourds

Rapid growing, interesting annual climbers, with ornamental foliage and singular shaped fruit; 15 to 20 feet.

- | | |

| 2695 Paniculata Double Snow White. The plant grows from 3 to 3 $\frac{1}{2}$ feet high, bearing its pretty little double white flowers in much-branched panicles which, when cut, can be used to great advantage with other flowers or by themselves as they retain their beauty for months. Special pkt., 75 cts..... | 25 |
| 2693 Repens. An elegant hardy trailing plant for the rockery, with clouds of small white flowers in July and August. Special pkt., 40 cts..... | 15 |

GYPHOPHILA ELEGANS ALBA GRANDIFLORA

Ornamental Grasses

The ornamental Grasses serve the double purpose of rendering the mixed flower-bed or border attractive during the summer and for the use of the spikes or panicles in a dried state in winter bouquets.

Annual Varieties

These are of the easiest culture, the seed may be sown where they are intended to bloom as soon as danger from frost is passed.

- | | |
|---|-----------------|

PENNISETUM RUEPPELIANUM

Helianthus, Annual Sunflowers

Remarkable for the stately growth, size and brilliancy of their flowers, making a very good effect among shrubbery and for screens. The annual sorts are indispensable for cutting. Sown in a sunny spot in April or May they come into bloom early in summer, and keep up a constant supply of flowers until cut down by frost.

2696 Cucumerifolius (*Miniature Sunflower*). Small, single, rich yellow flowers. An abundant bloomer; 4 feet. $\frac{1}{2}$ oz., 25 cts. PER PKT. \$0 10

2699 —Stella (*Improved Miniature Sunflower*). Differs from the type by its larger and better formed flowers of the purest golden-yellow, with black disc; 5 ft. $\frac{1}{2}$ oz., 25 cts. 10

2700 —New Miniature Mixed. A multitude of new varieties have been raised from the popular Miniature Sunflower, which we offer in mixture. They all differ from the parent most of them being larger, and many with curiously twisted petals. The prevailing colors are pale yellow, golden yellow and creamy white, some with black centres, and all beautiful; for cutting they are indispensable; 4 feet. (See cut.) $\frac{1}{2}$ oz., 25 cts. 10

2702 Red Hybrids. The nearest approach to a real red yet introduced, the flowers vary in size and color, running through several shades of tawny yellow to rich brownish red. 4 to 6 feet. $\frac{1}{2}$ oz., 25 cts. 10

2703 Double Chrysanthemum-flowered. Rich golden-yellow flowers, perfectly double, resembling a Chrysanthemum or Dahlia; 7 feet. Per oz., 30 cts. 10

2704 Globosus Fistulosus (*Globe or Dahlia Sunflower*). Flowers large, double, of a rich saffron color; 6 feet. Per oz., 30 cts. 10

Hardy Perennial Sunflowers

2710 Mixed. Contains the finest single-flowering hardy perennial sorts. Seed sown early will produce flowering plants the first year; as subjects for the hardy border as well as for cutting they are of great value. $\frac{1}{2}$ oz., 50 cts. 15

HELIANTHEM (Sneeze Wort)

NEW MINIATURE SUNFLOWERS

Helenium (Sneeze Wort)

Strong-growing hardy perennials, 3 to 5 feet, succeeding in any soil, and useful in the hardy border, giving an enormous crop of flowers in late summer. (See cut.) PER PKT.

2711 Autumnale Superbum. Golden-yellow flowers. Special pkt., 40 cts. \$0 10

2713 Riverton Gem. Flowers opening old gold, changing as they mature to wallflower red; 3 feet. Special pkt., 50 cts. 15

2714 Riverton Beauty. Rich lemon-yellow, with a large purplish-black cone. Special pkt., 40 cts. 15

Helianthemum (Rock, or Sun Rose)

2717 Mutabile. Exceedingly pretty low growing, ever-green plants about 12 inches high, forming broad clumps, and which during their flowering season, June to July, are quite hidden by a mass of bloom; well adapted for the front of the border, the rockery, or a dry, sunny bank. Choice mixed varieties. $\frac{1}{2}$ oz., 40 cts. 10

Heliopsis (Orange Sunflower)

2731 Pitcheriana. A desirable hardy herbaceous plant, growing from 3 to 4 feet high, beginning to flower early in the season, and continuing the entire summer. The flowers are of a beautiful deep golden-yellow color about 2 inches in diameter; of very thick texture and very graceful for cutting. $\frac{1}{2}$ oz., 25 cts. 10

2732 Scabra Zinniaeflora. A new double flowering form bearing golden-yellow Zinnia-like flowers. In addition to being a very showy plant in the hardy border, it is one of the best perennial plants for cutting. $\frac{1}{2}$ oz., 50 cts. 15

HELICHRYSUM (STRAW FLOWER)

Helichrysum (Straw Flower)

Monstrosum Fl. Pl. One of the best of "Everlastings." Exceedingly effective double flowers in rich glittering colors, making a fine display in beds or borders, but especially grown to dry and use in baskets and vases through the winter; when wanted for this purpose they should be cut with as long stems as possible, and when the blooms are about one-third open take off all foliage, tie in bunches and hang head downwards in some dark, dry place until cured; they succeed in any good garden soil; give them plenty of room to develop, planting not closer than 12 inches apart; hardy annuals; 2½ feet.

	PER PKT.
2721 Buttercup. Rich buttercup yellow. ¼ oz., 30 cts.....	\$0 10
2722 Fireball. Bright red. ¼ oz., 30 cts.....	10

2729 Collection. A packet each of the 8 colors, 30 cts.	
2730 Mixed Colors. ¼ oz., 25 cts.; oz., 75 cts.....	10

Heliotrope (Cherry Pie)

A half-hardy perennial, flowering during the whole season; its delightful perfume makes it a most desirable bouquet flower; a splendid bedding plant, or can be trained as a greenhouse climber. Seed started indoors in the spring will make fine plants for summer blooming. Can also be sown outdoors in May. 18 inches.

	PER PKT.
2733 Queen Helene. Pale blue. Special pkt., 75 cts.....	\$0 15
2734 Roi des Noirs (<i>King of the Blacks</i>). Deep purple, almost black. Special pkt., 60 cts.....	15
2735 White Queen. A large flowering pure white. Special pkt., 60 cts.	15
2737 Lemoine's Giant. Of robust growth and produces very large heads of flowers; mixed colors. ½ oz., 50 cts.....	15
2736 Regal Mixed. A new variety with immense flower heads of the Giant type, but of dwarf, compact growth. ½ oz., 50 cts.....	15
2740 Mixed. A mixture of the regular type. ½ oz., 30 cts.....	10

Heuchera (Coral Bells or Alum Root)

2761 Sanguinea. One of the finest hardy perennials. The flowers are of a rich, bright coral-red color; the leaves light green and slightly hairy. Excellent for cutting; 30 inches. Special pkt., 75 cts.....	25
--	----

Giant-flowering Hibiscus

(Marshmallow or Rosemallow)

A wonderfully improved form of our native Marshmallow or Rosemallow, in which flowers of enormous size, frequently 10 to 12 inches in diameter, have been developed. The colorings comprise rich dark red, soft mallow-pink and pure white; the plants grow from 5 to 8 feet high and are very floriferous, blooming from early in July until late in autumn; and are perfectly hardy. The seed we offer has been saved from our own plants. We also offer strong two-year-old roots of these (see pages devoted to Hardy Plants).

	PER PKT.
2776 Dark-red. ¼ oz., 30 cts.....	\$0 10
2777 Mallow Pink. ¼ oz., 30 cts.....	10
2778 Pure White. ¼ oz., 30 cts.....	10
2775 White, crimson eye. ¼ oz., 30 cts.....	10
2779 Collection of a packet each of the 4 colors, 30 cts.	
2780 Mixed. ¼ oz., 25 cts.....	10

Hibiscus (Marshmallow)

2773 Giant Yellow or Golden Bowl. Showy ornamental tender perennial plants for mixed beds or shrubby borders. Flowers from 6 to 9 inches diameter; of a rich deep cream, with a velvety-maroon centre.....	15
---	----

Honesty (Moonwort)

2801 Lunaria biennis. Hardy biennials, admired for their silvery seed pouches, which are used for house ornaments, as they present a beautiful and rather curious appearance. Particularly attractive when combined with the seed pods of <i>Physalis Francheti</i> . (See cut.) 3 feet. ¼ oz., 30 cts.....	10
--	----

Hunnemannia

(Giant Yellow Tulip Poppy, Santa Barbara Poppy or Bush Eschscholtzia)

2821 **Fumariaefolia.** This is by far the best of the poppy family for cutting, remaining in good condition for several days. Seed sown early in May will, by the middle of July, produce plants covered with their large buttercup-yellow poppy-like blossoms, and never out of flower until hard frost. The plants grow about 2 feet high,

are quite bushy, with beautiful feathery glaucous foliage. Illustrated in colors on plate opposite page 56. ¼ oz., 25 cts.; oz., 75 cts.....

Iberis (Hardy Candytuft)

2824 Gibraltarica Hybrida. White shading to lilac. ¼ oz., 50 cts.....	10
2825 Sempervirens. A profuse, white-blooming hardy perennial, coming in flower early in the spring; much used for cemeteries, rockeries, etc.; 1 foot. ½ oz., 75 cts.....	25

HONESTY (MOONWORT)

DOUBLE HOLLYHOCK

Hollyhock

One of the most majestic of hardy plants, 5 to 7 feet high, and a clump or line in any garden gives an effect not attainable with any other plant. For planting among shrubbery or forming a background for other flowers, it is without equal. Seed sown any time before midsummer will produce fine plants for flowering next year.

Double Varieties

The seed offered under this head has been saved from the finest double flowers only and is sure to produce satisfactory results.

2790 Extra Choice Double Mixed. 1/4 oz., 40 cts.; oz., \$1.25....	10	
2781 Allegheny Mixed. Mammoth flowers, wonderfully formed of loosely arranged fringed petals. The colors vary from the palest shrimp-pink to deep red. The plants are of strong growth, sending up spikes 6 to 7 feet high. Per 1/4 oz., 25 cts.....	10	
2791 Newport Pink. One of our own introductions, and awarded a Certificate of Merit by the Royal Horticultural Society of England, an unusual honor. It is the finest pure pink, double variety, exquisite in shade, flowers very double. Per 1/4 oz., 50 cts.....	15	
2792 Imperator (New). A striking departure from the type, which arrests the attention of the beholder. Bearing flowers 5 1/2 to 6 1/2 inches across, outer petals wide, elegantly frilled and deeply fringed, center a very double rosette, the whole suggesting a huge crested Begonia. The coloring consists of many charming combinations, such as cerise salmon with centre of cream reflecting rose; delicate pink with centre of rose flushed yellow; and many other charming combinations. 25 cts. per pkt.; special pkt., 75 cts.		

Hollyhock Single

They are usually of freer growth than the doubles, and present a very handsome appearance when covered with their artistic blossoms. We offer the following distinct colors, also mixed.

---	----

Impatiens (Sultan's or Zanzibar Balsam)

Charming plants for the decoration of the greenhouse or dinner table, producing bright, waxy-looking flowers profusely and almost continuously. Do well out of doors during the summer in a semi-shady location. The young seedlings should be carefully handled as they are exceedingly brittle at the outset. 18 inches. PER PKT.

2842 Sultani. Flowers of brilliant rosy-scarlet color. Special pkt., 75 cts..	\$0 25
2845 Holstii Hybrids. Forms strong bushy plants, covered with attractive flowers; when grown as pot plants, they bloom the year round. Choice mixed, all colors. Special pkt., 75 cts.	25

Incarvillea (Hardy Gloxinia)

2848 Delavayi. An interesting and showy plant for the hardy border, producing large gloxinia-like, rose-colored flowers on 15 to 18 inch high stems during June and July. Succeeds either in sun or shade, but should be well protected with leaves or litter during the winter. Special pkt., 75 cts.....	25
--	----

Ionopsidium Acaule (Diamond Flower)

2850 This is an old time favorite, again becoming popular for use on rockeries. It is a lovely miniature rapid growing plant, forming dense tufts of foliage covered with tiny pale lilac flowers; prefers a damp shady position. While it is a perennial, it is usually handled as an annual. 15 cts. per pkt.; special pkt., 60 cts.	
--	--

HUNNEMANNIA

Do not fail to include Antirrhinums and Asters in your garden this season

Ipomoea

Climbers of rapid growth, with beautiful and varied flowers; for covering walls, trellises, arbors, or stumps of trees they are invaluable; it is well to soak the seed in warm water over night to assist in rapid germination.

- PER PKT.
- 2853

Grandiflora (Moon Flower). At night and during dull days the plants are covered with an abundance of large, pure white, fragrant flowers, 5 to 6 inches in diameter. It grows very rapidly and will cover a large surface. 30 cts. per ½ oz.; 50 cts. per oz. . . . \$0 10
- 2158

Quamoclit Hybrida (The Cardinal Climber). See page 80. Special pkt., 40 cts.; ½ oz., 75 cts. 15
- 2854

Rubro Coerulea (Heavenly Blue). Immense flowers of bright sky blue; very beautiful. ½ oz., 30 cts. 15
- 2855

Setosa (Brazilian Morning Glory). Flowers of pleasing rose color, borne very freely in large clusters. As a quick growing vine it has no equal, covering an enormous space in a short time. Per oz., 30 cts. 10
- 2880

Mixed Imperial Japanese (Emperor Morning Glories). These are beyond question the handsomest of all Morning Glories. Of the easiest culture, can be sown in the open ground in a sunny situation when the weather has become warm and settled; they soon cover a large area, and even before flowering are decidedly interesting on account of the varied forms of the foliage and their markings. The flowers are of gigantic size and their colorings beyond description; the self or solid colors range from snow-white to black-purple, with all the possible intermediate shades; there is also an endless number having flowers spotted, marbled, striped, flaked, splashed, etc. (See cut.) Oz., 30 cts. 10

Iris (Flowering Flag)

- 2888 Germanica (German Iris). One of the most popular hardy spring flowering plants. Mixed colors. ½ oz., 30 cts. 10
- 2890 Kaempferi (Japanese Iris). The seeds we offer have been saved from an unrivalled collection, and should produce only varieties of the highest merit. Blooms the second year from seed. ½ oz., 30 cts. 10

IMPERIAL JAPANESE IPOMOEAS

Kochia (Standing Cypress, or Belvedere)

- PER PKT.
- 2911

Improved Trichophylla (Childs). An easily-grown annual, which, sown thinly in spring, soon forms a cypress-like hedge of the most lively green and of perfect symmetry, by mid-summer it attains a height of about 3 feet, and late in the autumn the whole plant becomes a deep red; a splendid plant to divide the vegetable from the flower garden, or for forming a hedge for the summer for any purpose. (See cut.) ½ oz., 20 cts.; oz., 50 cts. \$0 10

Lantana

- 2920
- One of the most desirable half-hardy perennial greenhouse or bedding plants, constantly in bloom; Verbena-like heads of orange, white, rose and other colored flowers; 2 to 3 feet. Mixed colors. ½ oz., 30 cts. 10

Lathyrus (Everlasting or Hardy Sweet Peas)

- Showy, free-flowering hardy perennial climbers for covering old stumps, fences, etc., continually in bloom; fine for cutting. 5 to 6 feet. PER PKT.

Latifolius "White Pearl." The finest white. ½ oz., 50 cts. . . \$0 15
- 2955

- Pink Beauty. Rosy pink. ½ oz., 40 cts. 10
- 2956

- Red (Splendens). ½ oz., 40 cts. 10
- 2960

- Mixed Colors. ½ oz., 25 cts.; oz., 75 cts. 10

Lavatera (Annual Mallow)

- 2976 Splendens Sunset. A very beautiful and showy annual, 3 to 4 feet high, with large blossoms of satiny rosy carmine. ½ oz., 25 cts. 10
- 2977 Splendens Rosea. A very showy variety forming a shrub, 3 to 4 ft. high, covered during the summer with large rose-pink flowers. ½ oz., 25 cts. 10

Lavender (Lavandula Vera)

- 2971
- Well-known, sweet-scented, hardy perennials; should be extensively grown in the mixed border; 1½ feet. ½ oz., 25 cts.; oz., 75 cts. 10

KOCHIA, IMPROVED TRICHOPHYLLA

Double Stock-Flowered Annual Larkspurs

This is one of the best-known of garden flowers, and in recent years a vast improvement has been effected by careful selection in size and color of the blossoms and the general habit of the plant. Seeds sown in the open ground before the close of April will produce flowering plants by the beginning of July, and give a continuous succession of flowers from then until frost, a record that is not surpassed by any other annual. They make handsome beds or lines, and their free, graceful habit and bright colors are very effective when interspersed in the old-fashioned flower or shrubby border. They stand well when cut and a vase of one or mixed colors is indeed charming. 3 feet. PER ½ OZ. PER PKT.

New Giant Imperial Larkspurs

A new type of the annual Larkspur developed in this country, a wonderful improvement on the old stock flowered type, being of upright base branching habit, making them of particular value for cutting. See page 54 for varieties with descriptions and prices.

For Hardy Larkspurs, see Delphiniums pages 53 and 83

Leptosiphon

PER PKT.

- 2980 Hybridus Mixed. A fine annual rock plant 3 inches high, forming dense cushions studded with dainty flowers ranging in color from yellow to rose-scarlet. ½ oz., 25 cts.....\$0 10

Leptosyne

- 2978 Maritima Grandiflora (*Sea Dahlia*). A native of California with graceful feathery foliage and large lemon yellow flowers with golden center. An excellent cut flower. 2 ft. Special pkt., 30 cts..... 10
- 2979 Stillmani. Blooms within five weeks from date of sowing. Its Cosmos-like flowers are golden yellow and make an excellent cut flower. 1½ ft. Special pkt., 40 cts.....\$0 10

DOUBLE STOCK-FLOWERED LARKSPUR

PER PKT.

Liatris (Blazing Star, or Gay Feather)

- 2982 Pycnostachya. Most showy and attractive hardy perennial native plants, with long spikes of rosy-purple flowers from July to September; 3 to 4 feet. ½ oz., 50 cts.....\$0 10

Liliums

- 2987 Philippinense Formosanum. A truly remarkable lily, with umbels of large white long trumpet shaped flowers, like an Easter Lily. Will bloom in 6 to 8 months from the time seeds are sown; very fragrant. 2 to 3 feet. Special pkt., \$1.25..... 25
- 2988 Regale. One of the most beautiful Garden Lilies. Grows 3 to 5 feet high, blooms outdoors in July. Large trumpet shaped flowers; color ivory-white, shaded pink tinged with canary yellow at base of petals (see cut). 50 cts. per ½ oz..... 15
- 2989 Tenuifolium (*Coral Lily*). Easily grown from seed, blooming the second year. Bears in profusion medium-sized flowers of perfect form and of dazzling coral red, excellent for the rock garden, or for forcing; 1 to 2 feet; May. Perfectly hardy. Special pkt., \$1.25.. 25
- Special Offer. A packet each of the above 3 Lilies for 50 cts.

Linaria

- 2991 Cymbalaria (*Kenilworth Ivy, or Mother of Thousands*). Lavender and purple. A charming, neat, hardy perennial trailing plant, suitable for baskets, vases, pots and rock work. Special pkt., 60 cts..... 15
- 2992 Marocana Excelsior Hybrids. A dainty easily grown annual bearing small spikes, like a miniature Snapdragon of brilliant colors including yellow, crimson, pink, purple, etc.; plant grows about 12 inches high and is a charming subject for the rockery or border. Per ½ oz., 40 cts..... 15

ORANGE PRINCE AND LEMON QUEEN, AFRICAN MARIGOLDS

MARIGOLDS

The African and French Marigolds are old favorite free-flowering annuals of easy culture; both are extremely effective and are well adapted for large beds or mixed borders; they succeed best in a light soil, with full exposure to the sun. A vase or bowl of any of the rich yellow sorts, in combination with a few blue Larkspurs or Cornflowers, is very striking. (See also *Calendulas* and *Tageetes*.)

Double African Marigolds

Splendid for beds or borders; the tall varieties grow about 3 feet high, the dwarf sorts 18 to 24 inches. PER PKT.

3084 Orange Prince. Large, perfect double quilled flowers of a rich deep golden-orange color; the finest of all and very showy. (See cut.) Per $\frac{1}{2}$ oz., 50 cts.; oz., \$1.50. \$0 15

3085 Lemon Queen. A counterpart of Orange Prince except in color, which is a soft lemon-yellow. (See cut.) Per $\frac{1}{2}$ oz., 50 cts.; oz., \$1.50. 15

3081 El Dorado. Large double imbricated flowers in all shades of yellow; 3 feet. Per $\frac{1}{2}$ oz., 25 cts. 10

3083 Pride of the Garden. A dwarf growing double quilled golden yellow. Per $\frac{1}{2}$ oz., 25 cts. 10

3086 Dwarf Citron. Double quilled light citron yellow flowers; 18 inches. Per $\frac{1}{2}$ oz., 30 cts. 10

3087 Dwarf Orange. Double quilled deep orange yellow flowers, dwarf habit. Per $\frac{1}{2}$ oz., 30 cts. 10

3088 Collection. Containing a packet each of the above 6 varieties, 50 cts.

3090 Double Mixed. African varieties containing all of the colors; 2 to 3 feet. $\frac{1}{2}$ oz., 25 cts.; oz., 75 cts. 10

3078 Guinea Gold (New). For description, see page 57. 25

3080 Lemon Alldouble (New). For description, see page 57. 25

3082 Orange Alldouble (New). For description, see page 57. 25

Dwarf Single French Marigold

3102 Legion of Honor (Little Brownie). A single-flowering Marigold, forming compact bushes 9 inches high. Begins flowering early, commencing in June, continuing until frost. The flowers are golden yellow, marked with a large spot of velvety crimson at the base of each petal. (See cut.) $\frac{1}{2}$ oz., 25 cts.; oz., 60 cts. 10

SINGLE FRENCH MARIGOLD LEGION OF HONOR

Dwarf Double French Marigolds

Few annuals are as effective as the French Marigolds or flower for so long a period; they all form dense bushes not over 12 inches high, and are unequalled for borders or beds.

3091 Gold Striped. Very double golden-yellow, each petal striped with rich mahogany-red.

3092 Gold Edged Brown. Bright golden-yellow centre, outer or guard petals rich velvety morocco-red.

3093 Golden Ball. A splendid pure golden yellow, flowers of good size and makes a very effective golden line or bed.

3094 Lemon Ball. Similar to the above except in color, which is a bright lemon-yellow.

3095 Mahogany (Robert Beist). Rich velvety morocco or mahogany-brown.

3096 Spotted. Edge of petals lively orange with a bright morocco-red spot at the base.

Price. Any of the above 10 cts. per pkt.; 25 cts. per $\frac{1}{2}$ oz.

3098 Collection of a packet each of the above 6 varieties, 50 cts.

3099 Collection of $\frac{1}{2}$ oz. each of the above 6 varieties, \$1.25.

3100 French Mixed. A splendid mixture saved from fine double flowers; 25 cts. per $\frac{1}{2}$ oz.; 60 cts. per oz.; per pkt., 10 cts.

Matthiola

PER PKT.

3125 **Bicornis** (*Evening Scented Stock*). This old-fashioned annual has no beauty to recommend it, the flowers being a dull, purplish-lilac, but it is well worth growing for the entrancing fragrance which it emits during the evening; 18 inches. ¼ oz., 25 cts.....\$0 10

Maurandia

3130 **Barclayana**. Beautiful, rapid, slender-growing climbers, blooming profusely until late in the autumn; also fine for the conservatory or greenhouse; if desired for the house, take up before the approach of frost. A half-hardy perennial, flowering the first season if sown early; 10 feet; mixed colors, including purple, blue, white and rose. Special pkt., 75 cts. 15

Mesembryanthemum

2831 **Mesembryanthemum Crystalinum**. Offered under Ice Plant on page 92. ¼ oz., 25 cts..... 10

3140 **Tricolor**. A lovely little annual; splendid for the rockery, sunny banks, etc., with daisy-like flowers of crimson, pink and white. ¼ oz., 50 cts..... 10

Mignonette (Reseda)

A well-known fragrant favorite, and no garden is complete without a bed of Mignonette; sowings made in April and again in July will keep up a succession from early summer until frost; can also be grown in pots for winter and early spring flowering. 12 to 18 inches. PER PKT.

3152 **Defiance**. When grown under favorable conditions spikes will not only be of remarkable size—from 12 to 15 inches long—but deliciously fragrant. The individual florets are of immense size, forming a graceful as well as compact spike. Of extraordinary keeping qualities, retaining their grace and fragrance until every bud opens. ¼ oz., 25 cts.....\$0 10

3154 **Red Goliath**. Of strong, yet compact habit, with rich green foliage; the giant trusses of flowers being borne on erect, strong, stiff stalks and surpassing all others in brilliancy of color; especially suited for house culture. (See cut.) ¼ oz., 50 cts..... 15

3158 **Giant Machet**. Of dwarf pyramidal growth, bearing numerous flower stalks, highly colored and very fragrant; one of the best. ¼ oz., 25 cts..... 10

3162 **Salmon Queen**. Strong, robust habit, with fine spikes of bright salmon-red flowers, intensely fragrant; fine for outdoor culture. ¼ oz., 25 cts.....\$0 10

RED GOLIATH MIGNONETTE

3164 **White Goliath**. This splendid white variety has the same massive spikes of bloom as the red sort. ¼ oz., 50 cts.....\$0 15

3163 **Sweet-scented** (*Reseda Odorata*). The old variety with small spikes, but very sweetly scented. Per oz., 25 cts..... 5

3169 **Collection** of above 6 varieties of Mignonette..... 50

Mimosa

(Sensitive or Humble Plant)

3181 **Pudica**. Curious and interesting annuals; with pinkish-white flowers; the leaves close and droop when touched or shaken; 1½ feet. ¼ oz., 25 cts..... 10

Mimulus

Showy, profuse flowering plants; fine for greenhouse or moist shady situations; half-hardy perennials, blooming the first year from seed if sown early; 1 foot.

3191 **Moschatus** (*Musk Plant*). Fine for hanging baskets, etc.; small yellow flowers, musk scented foliage.....\$0 15

3192 **Tigrinus** (*Monkey Flower*). Fine mixed spotted varieties. Special pkt., 50 cts..... 10

Momordica

Very curious climbing vine, with ornamental foliage, fruit golden-yellow, warted, and when ripe open, showing the seed and its brilliant carmine interior; fine for trellises, rockwork, stumps, etc.; annual; 10 feet.

3211 **Balsamina** (*Balsam Apple*). Round apple-shaped fruit, fine glossy green foliage. This is the prettiest of the two. Per oz., 40 cts.....\$0 10

3212 **Charantia** (*Balsam Pear*). Pear-shaped fruit; foliage heavier than the above; the fruits are used medicinally. Per oz., 40 cts..... 10

Musa Ensete (Abyssinian Banana)

3221 A splendid plant for the open air in the summer, producing a most striking effect. In our hot summer it luxuriates when freely supplied with manure and water. The seeds germinate easily if started in hotbed or bottom heat in greenhouse. 15 cts. per pkt. of 5 seeds; 25 seeds for 50 cts., 100 seeds, \$1.50.

MOMORDICA CHARANTIA (Balsam Pear)

NIGELLA MISS JEKYLL

Myosotis (Forget-Me-Not)

Few spring flowers are more admired than the lovely Forget-Me-Nots, which are especially effective when grown in masses. Perennials and hardy if given slight protection through the winter. Seed may be sown any time from spring till mid-summer. The Alpestris varieties and Dissitiflora come into bloom in April, and are largely used for bedding or borders in connection with spring-flowering bulbs, Pansies, etc. The Palustris sorts do not bloom till May, but continue till fall. 9 to 12 inches.

3231 Alpestris Royal Blue. Rich indigo-blue flowers. The finest and most effective dark blue variety; 9 inches. $\frac{1}{4}$ oz., 50 cts.; oz., \$1.50. \$0 15

3233 —Robusta Grandiflora (Eliza Fanrobert). Of strong, sturdy growth, about 10 inches high, with good heads of clear Forget-Me-Not blue flowers. $\frac{1}{4}$ oz., 50 cts.; oz., \$1.50. 10

3234 —Rosea. Large rose colored flowers. $\frac{1}{4}$ oz., 40 cts.; oz., \$1.25. 10

3235 —Victoria. A favorite sort, with fine heads of large, clear, azure-blue flowers; plants bushy and compact; makes a fine edging or bed. $\frac{1}{4}$ oz., 50 cts. 15

3239 —Mixed. A mixture of blue, rose and white-flowered varieties. Per $\frac{1}{4}$ oz., 25 cts.; oz., 75 cts. 10

3236 Dissitiflora. Of dwarf, compact habit, with sprays of large, exquisite blue flowers, especially adapted for planting among spring-flowering bulbs. $\frac{1}{4}$ oz., 75 cts. 15

3238 Palustris Semperflorens. An everblooming variety, beginning to flower in May and continuing till autumn. Large, clear, blue flowers in pretty sprays. $\frac{1}{4}$ oz., 50 cts. 15

Nemesia

A very pretty annual which does best in a cool position; the plants grow about a foot high, and the orchid-like flowers are very varied in color, including rose, yellow, blue, orange, etc. (see cut). PER PKT.

3396 Nana Compacta Blue Gem. A splendid variety for bedding or edging. 7 inches. Special pkt., 50 cts. \$0 15

3399 Nana Compacta Orange Prince. Brilliant orange. Special pkt., 75 cts. 25

3401 Dwarf Large-flowering Hybrids Mixed. Special pkt., 50 cts. 15

Nepeta (Mauve Catnip)

3407 Mussini. Neat bushes of small lavender-like foliage covered with terminal spikes of pale mauve flowers, both foliage and flowers aromatic. May-Sept. 1 ft. Splendid for beds, edging or rock garden. Special pkt., 75 cts. 15

Nicotiana

3411 Affinis (Tuberose-flowered Tobacco). Delightfully sweet-scented pure white, tubular flowers, blooming continually; annuals; 2 to 3 feet. $\frac{1}{4}$ oz., 25 cts. 10

3412 Affinis Hybrids. Similar to Affinis but with larger flowers in a great variety of colors. A very satisfactory and easily grown plant. Blooms all summer. 2 to 3 feet. $\frac{1}{4}$ oz., 25 cts. 10

3413 Sylvestris. Plants of pyramidal growth; 4 feet high, with fine deep green foliage; pure white, fragrant, drooping flowers, borne in loose heads. A most effective plant either used in conjunction with other plants in beds or as single specimens. $\frac{1}{4}$ oz., 25 cts. 10

Nigella (Love in a Mist, or Devil in the Bush)

3430 Damascena Mixed. A compact, free-flowering plant, with finely cut foliage, curious looking flowers and seedpods, of easy culture; growing in any garden soil; hardy annuals; blue and white mixed; 18 inches. Oz., 25 cts. 10

3431 Miss Jekyll. A lovely variety, with cornflower-blue blossoms; splendid for cutting. 18 inches. (See cut.) $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts. 10

Oenothera (Evening Primrose)

3437 Missouriensis. A splendid hardy perennial for growing in an exposed sunny position either in the border or the rockery. Large yellow flowers, frequently 5 inches in diameter, produced freely from June until August. 12 inches. Special pkt., 75 cts. 15

NEMESIA

DREER'S SUPERB NASTURTiums

For ease of culture, duration of bloom, brilliancy of coloring and general excellence, nothing excels Nasturtiums. All they need is a moderately good soil in a well-drained, sunny position, and from within a few weeks from the time they are sown until hard frost comes there is an endless profusion of their gorgeous blossoms. The varieties offered below were selected, after exhaustive trials, from a very large number of sorts as being the best and most distinct.

Tom Thumb, Dwarf or Bedding Varieties

- 3336 **Chameleon.** Various colors on one plant.
- 3338 **Crystal Palace Gem.** Yellow, maroon blotches.
- 3341 **Empress of India.** Fiery crimson, dark foliage.
- 3343 **Golden King.** Rich golden yellow.
- 3346 **King Theodore.** Deep crimson maroon, dark foliage.

- 3347 **King of Tom Thumbs.** Dark scarlet, dark leaves.
- 3353 **Pearl or Moonlight.** Creamy white.
- 3361 **Rose.** Soft carmine rose.
- 3365 **Spotted King or Ladybird.** Gold, spotted garnet.
- 3367 **Vesuvius or Salmon Queen.** Salmony rose, dark foliage.

Price. Any of the above Dwarf sorts, 5 cts. per pkt.; 20 cts. per oz.; 60 cts. per $\frac{1}{4}$ lb.
 3379 **Dreer's Collection** of a liberal packet each of the 10 above dwarf varieties. 40 cts.
 3369 **Dreer's Collection** of 1 oz. each of the 10 above dwarf varieties. \$1.75.
 3370 **Finest Mixed.** Tom Thumb varieties. Per pkt., 5 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 50 cts.; lb., \$1.50.

Tall or Climbing Varieties (*Tropaeolum Majus*)

Elegant and luxurious climbers for verandas, trellises, etc. May be used to cover unsightly railings and to trail over rough ground with fine effect. The seedpods can be gathered while green and tender for pickling; 6 to 10 feet.

- 3287 **King Theodore.** Deep crimson maroon; dark foliage.
- 3294 **Orange or Sunlight.** Pure orange, no markings.
- 3296 **Pearl or Moonlight.** Creamy white.
- 3302 **Schulzi.** Rich deep scarlet.
- 3306 **Spotted or Gold Garnet.** Rich yellow, spotted garnet.
- 3307 **Vesuvius or Salmon Queen.** Salmony rose; exquisite.

Price. Any of the above Tall sorts, 5 cts. per pkt.; 20 cts. per oz.; 60 cts. per $\frac{1}{4}$ lb.
 3329 **Dreer's Collection** of a packet each of above 6 climbing sorts, 25 cts.
 3319 **Dreer's Collection** of 1 oz. each of above 6 climbing sorts, \$1.00.
 3320 **Finest Mixed.** Tall or climbing varieties. Per pkt., 5 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.25.

Lobb's Climbing Nasturtiums

(*Tropaeolum Lobbianum*)

These are shorter jointed than the tall Nasturtiums, flower even freer, grow to the same height and are very desirable. They are especially rich in red shades.

- 3244 **Brilliant.** Geranium scarlet. Fine.
 - 3247 **Firefly.** Deep cadmium yellow, spotted cardinal red.
 - 3251 **Giant of Battles.** Sulphur-yellow, blotched red.
 - 3252 **Golden Queen.** Pure golden-orange.
 - 3255 **Roi des Noirs (King of the Blacks).** Deep velvety garnet; very rich, dark foliage.
 - 3256 **Rose Queen.** Fine carmine rose.
- Price.** Any of the above, 5 cts. per pkt.; 20 cts. per oz.; 60 cts. per $\frac{1}{4}$ lb.
 3259 **Collection** of a packet each of above 6 varieties, 25 cts.
 3258 **Collection** of 1 oz. each of above 6 varieties, \$1.00.
 3260 **Finest Mixed.** Lobb's, 5 cts. per pkt.; 15 cts. per oz.; 50 cts. per $\frac{1}{4}$ lb.; \$1.50 per lb.

Double Sweet Scented

(*Bodgeri Flore Pleno*)

- 3285 **Golden Gleam.** A sensational novelty in Nasturtiums inasmuch as it is the first double flowering variety to be successfully grown from seeds.

The plant forms a vigorous, large bush which throws out short runners, averaging eighteen inches. The large, golden-yellow flowers average two and one-half to three inches across. They are borne on erect, stiff stems six inches in length.

An ordinary sized bouquet, when allowed to remain in a room for a short period of time will fill the room with fragrance. For full description and illustration refer to page 56. 25 cts. per pkt.; 5 pkts. for \$1.00.

DREER'S SUPERB NASTURTiums

DREER'S PERFECT PANSIES

Pansy seed germinates and the plants grow more freely in the cool, early days of spring, and for summer-blooming should be sown by the latter part of April, or early in May, in the vicinity of Philadelphia. A soil containing a proportion of leaf mould, well enriched with well-decayed cow manure, will be the most satisfactory for the growing of this flower, and it should be well dug and made fine and level.

Sow the seed in drills, covering them not more than four times their diameter and firming the soil well above them. The seeds germinate in from eight to twelve days, and should not be allowed to dry out during this period. Covering the seed bed with newspapers will prevent this and hasten somewhat the period of germination.

As soon as the plants are up and large enough to handle, they should be thinned out or transplanted to stand nine inches apart in the rows. Thorough cultivation should be given from the start, as Pansies will not thrive when obliged to share the beds with a mass of weeds.

DREER'S PERFECT PANSIES

SWISS GIANT PANSIES

- | | PER PKT. |
|---|----------|
| 3523 Alpenglow. Striking and most attractive shades of Cardinal with three dark blotches. Special pkt., \$1.50..... | \$0 50 |
| 3525 Lake of Thun (Ullswater). The bluest of all blue Pansies, the color being an exquisite tone of rich ultramarine blue relieved by a darker blue blotch on each petal. Size of flowers, vigor of plants all of the highest grade. Splendid for cutting or bedding. Special pkt., \$1.50..... | 50 |

PETUNIAS

For outdoor decoration, porch or window boxes few plants equal the Petunia in effectiveness. They commence flowering early and continue a sheet of bloom throughout the whole season until killed by frost; easily cultivated, only requiring a good soil and sunny position. It is best to sow them indoors and transplant to the open in May. The single bedding kinds can be sown out of doors in May.

PER PKT.

Large-flowering Single Sorts

- 3580 Dreer's Superb Large-flowering Fringed.** Our own saving from the finest flowers; of very large size and beautiful shape; deep-throated and of varied and brilliant colors, and beautifully fringed. \$0 25
- 3573 Dwarf Giants of California.** Described and illustrated on page 57. 50
- 3575 Purple Prince.** A large flowering, rich velvety, purple violet variety. Special pkt., \$1.25. 35
- 3576 Giant of California.** Flowers very large, in great variety of colors, with deep yellow throats 25
- 3577 Ruffled Giant.** Flowers of extraordinary size and substance, and distinguished from the large-flowering fringed section by the deep fluting, giving it the appearance as if artificially ruffled. 35
- 3578 Fringed Ruffled Giant (Fluffy Ruffles).** This differs from the preceding in having, in addition to the ruffling, a very fine fringed edging, making a very handsome flower. 50
- 3579 Pink Glory Improved.** Deep rose, slightly ruffled 35
- 3581 Romany Lass.** Described on page 57. 35
- 3582 Scarlet Beauty.** Large fringed scarlet. 25
- 3583 Theodosia.** Described on page 57. 35
- 3584 White Beauty.** Large fringed white. 25

Large-flowering Double Sorts

In growing Double Petunias from seed the weaker seedlings should be carefully saved, as these usually produce the finest double flowers.

- 3586 Madonna.** Produces a large percentage of perfectly double pure white finely fringed flowers. \$0 50
- 3590 Dreer's Superb Double Fringed.** Saved from our own unrivalled collection; will produce a large percentage of double flowers of the largest fringed varieties in bright colors. Per 500 seeds, \$1.25. 50
- 3587 Double Large-flowering.** Beautiful varieties in mixture. Per 500 seeds, \$1.00. 35

DREER'S LARGE-FLOWERING SINGLE FRINGED PETUNIAS

Balcony Petunias

A splendid large and free flowering type either for window boxes, vases, hanging baskets, etc., the flowers average 3 inches across and make a very effective display over a long season. PER PKT.

- 3555 Balcony Blue.** Velvety indigo blue. \$0 20
- 3556 Balcony Rose.** Brilliant rose-pink; very effective. 15
- 3557 Balcony White.** The pure white form. 15
- 3558 Balcony Crimson.** Rich velvety crimson. 15
- 3559 Collection.** A packet each of the above 4 Balcony Petunias for 50 cts.
- 3560 Balcony Mixed.** Containing all colors. $\frac{1}{8}$ oz., 75 cts. 15

Single Bedding Petunias

All of the following are wonderfully effective in beds, borders, window boxes, etc. 12 to 18 inches.

- 3561 General Dodds.** Rich crimson garnet.
- 3571 Heavenly Blue.** A silvery blue. 60 cts. per $\frac{1}{8}$ oz.
- 3562 Howard's Star Improved.** Rosy-crimson with a clearly defined five-pointed star of blush-white.

3563 Rose of Heaven. A very effective rich and brilliant rose colored variety.

3564 Rosy Morn. Soft rose-pink with white throat; very dainty. 60 cts. per $\frac{1}{8}$ oz.

3565 Snowball. Pure satiny white.

3566 Violet Queen. Rich velvety violet blue. 60 cts. per $\frac{1}{8}$ oz.

Price. Any of the above, except where noted, 15 cts. per pkt.; 50 cts. per $\frac{1}{8}$ oz.

3568 Collection of a pkt. each of above 7 Bedding Petunias. \$0 75

3569 Collection of $\frac{1}{8}$ oz., each of above 7 Bedding Petunias. 3 00

3567 Striped and Blotched. A good strain of the small-flowering type; beautifully striped and blotched flowers. $\frac{1}{4}$ oz., 50 cts. 10

3570 Fine Mixed. Good bright colors. $\frac{1}{4}$ oz., 30 cts. 10

3572 Dreer's Peerless Mixture. A perfect blending of all the colors found in this most popular annual, flowers two to two and one-half inches in diameter, plants of uniform height, between eighteen inches and two feet. The most dazzling combination of colors imaginable. $\frac{1}{4}$ oz., 75 cts. 15

BEDDING PETUNIA, ROSY MORN

PHLOX DRUMMONDI

The annual Phlox is a native of Texas, and is known as "Texan Pride." One of the most brilliant and at the same time one of the easiest and most satisfactory plants which can readily be grown from seed. Grows and thrives in any kind of soil if given a sunny position, but prefers a light, rich loam. Seed may be sown in the open ground any time after danger from frost is past. They may be used in a variety of ways, such as a carpet to beds of Roses, in boxes, vases, etc.; but it is when grown in masses, that they show to best advantage.

Select Large-flowering Sorts (Phlox Drummondii Grandiflora)

This is the finest type, having the largest heads of blooms as well as the largest individual flowers, of strong, sturdy growth, attaining a height of 12 to 15 inches.

- 3640 Of dwarf habit, with very pretty star-shaped flowers. A novel variety; mixed colors; 1 foot. 1/4 oz., 40 cts... \$0 10

Hardy Perennial Phlox (P. Decussata)

- 3641 Hardy herbaceous perennial and quite distinct from the varieties of Phlox Drummondii offered above, which are annuals. The seed is supplied in mixture only. 75 cts. per 1/4 oz..... \$0 15

Passiflora (Passion Flower)

- 3440 *Coerulea*. The beautiful blue Passion Flower, one of the loveliest climbers, it is hardy south of Washington, in the north it should be wintered in a well protected cold frame or cool greenhouse and planted out when the weather gets warm. Easily grown from seed. Special pkt., 75 cts..... 15

Pentstemon (Beard Tongue)

- 3531 *Blue Gem*. A splendid hardy perennial variety. Growing about one to two feet high with flowers of a very bright blue color, June to August. Particularly desirable for rock gardens. 5 pkts. for \$1.00..... 25
- 3532 *Gloxinioides "Sensation."* As a bedding plant this takes rank with the Petunia, Phlox, etc. It grows about 30 inches high, every branch being a spike of large, Gloxinia-like flowers in a very wide range of bright colors, including rose, red, carmine, cherry, pink, lilac, purple, etc. Hardy with protection. Special pkt., 75 cts..... 15
- 3533 *Barbatus Torreyi*. Spikes of brilliant coral red, June to August; 3 to 4 feet. Hardy perennial. 1/4 oz., 50 cts..... 10
- 3540 *Grandiflora Mixed*. A splendid mixture of large flowering sorts in a good range of colors. Hardy..... 10

Phacelia (California Blue Bell)

- 3599 *Campanularia*. A beautiful annual and one of the earliest to bloom; intense gentian blue flowers with white anthers. Very effective for edgings, etc., also as a pot plant. 9 inches. 1/4 oz., 30 cts..... 10

PENTSTEMON GLOXINIOIDES SENSATION

PHYSALIS FRANCHETI (Chinese Lantern Plant)

Physalis

(Chinese Lantern Plant)

- 3646

Francheti. An orna-
mental plant, forming
dense bushes about 2
feet high, producing free-
ly its bright orange-scar-
let lantern-like fruits,
which can be cut and dried
for winter bouquets; highly
interesting; $\frac{1}{4}$ oz., 40 cts. . .

\$0 10

Physostegia

(False Dragon Head)

- 3651

Virginica. One of the pretti-
est hardy perennials, and gaining
in popularity as it becomes better
known. It forms dense bushes,
3 to 4 feet high, bearing freely
during the summer months spikes
of delicate pink tubular flowers
not unlike a gigantic heather. $\frac{1}{4}$
oz., 50 cts.

10
- 3652

—Alba. A pretty white-flow-
ered form of the above. $\frac{1}{4}$ oz.,
50 cts.

10

PLATYCODON GRANDIFLORUM

Platycodon

(Balloon Flower, or Japanese Bellflower)

One of the best hardy perennials, producing very showy flowers during the whole season. They form large clumps and are excellent for planting in permanent borders or among shrubbery; easily raised from seed, which begins blooming in August if sown outdoors in April. (See cut.)

- 3663

Grandiflorum. Large steel blue flowers. $\frac{1}{4}$ oz., 50 cts.

\$0 10
- 3664

—Album. Pure white variety. $\frac{1}{4}$ oz., 50 cts.

10
- 3662

Mariesi. Large, open, bell-shaped flowers of a rich violet-blue;
plant dwarf and compact. Special pkt., 60 cts.

15

Polemonium (Jacob's Ladder)

- 3671

Coeruleum. Popular hardy perennial border plant, with bell-
shaped bluish-purple flowers nearly 1 inch across; 2 feet. May
to July. $\frac{1}{4}$ oz., 25 cts.

10

Potentilla (Cinquofoil)

Charming hardy perennial plants for the border, with brilliant single or double flowers, mostly in orange, red and crimson tones, that are produced in profusion from June to August; succeeds in any soil; 18 inches.

- 3775

Double Hybrids Mixed.

\$0 25
- 3776

Single Hybrids Mixed. $\frac{1}{4}$ oz., 50 cts.

15

Pueraria

(Japanese Kudzu Vine)

- 3835

Thunbergiana. To this must
be awarded first place as the
fastest growing hardy climbing
plant. It will grow 8 to 10 feet
the first year from seed, and
after it has become established
there seems to be no limit to
its growth, 50 feet in a single
season being not unusual. Its
foliage is large, and covers
well; it bears small racemes of
rosy-purple, pea-shaped blos-
soms toward the close of
August. A splendid subject for
covering permanently verandas,
dead trees, etc. $\frac{1}{4}$ oz., 25 cts.;
oz., 75 cts.

10

POLYANTHUS

Polyanthus

(Primula Elatior)

Showy, early spring, free-flowering plants, fine for either pot or outdoor culture; hardy perennials; 12 inches.

- 3677

Invincible Giant. Undoubt-
edly the finest strain in culti-
vation, containing all colors
from purest white to the richest
crimson. Special pkt., 75 cts. . .

\$0 25
- 3678

Giant Munstead Strain.
Same general characteristics as
the Invincible Giant excepting
colors, which are white and
yellow. Special pkt., 75 cts. . . .

25
- 3680

English Mixed. A fine grade;
all colors. Special pkt., 60 cts. . .

15

POLEMONIUM

POPPIES

Annual Poppies should be sown as early in the spring as possible where they are to remain, as they do not stand transplanting. Sow very thinly, preferably in cloudy weather or after a shower, barely cover the seed, press down firmly and they will come up in a few days. If they come up too thickly they must be thinned out to stand 3 to 4 inches or more apart if you wish best results. It is well to make several sowings at intervals to keep up a succession of bloom.

If picked just before expanding the flowers will last several days. It is also advisable to pick the old flowers as soon as fallen, which will lengthen the blooming season quite a while.

Single Annual Poppies

PER PKT.

- 3686 Charles Darwin.** Remarkable for the unique color of its large, smooth-edged flowers, being a striking rich dark purple; with a velvety black spot at the base of each petal. A dense wreath of white anthers produces a fine contrast with the extraordinary color of the flower; 3 feet. $\frac{1}{4}$ oz., 25 cts. \$0 10
- 3688 Danebrog, or Danish Cross.** Very showy variety, producing large flowers of brilliant scarlet, with a silvery white spot on each petal, forming a white cross; 3 feet. (See cut.) $\frac{1}{4}$ oz., 25 cts. 10
- 3693 King Edward.** A variety of gorgeous coloring, being a deep scarlet, shaded crimson-red, each petal marked with a large black blotch for half its length from the base, against which the yellow anthers stand out in bold relief. $\frac{1}{4}$ oz., 25 cts. 10
- 3700 Single Mixed.** Annual sorts. Oz., 25 cts. 05

AMERICAN LEGION POPPY

Dreer's Shirley Poppies

The artistic flowers are mostly single, but occasionally semi-double, and range in color from the purest snow-white through all the delicate tints of pink, rose and carmine to the deepest crimson and blood-red.

PER PKT.

- 3684 American Legion.** A greatly improved English Scarlet or Flanders Poppy with very large flowers of dazzling orange scarlet; 2 feet. 25 cts. per $\frac{1}{4}$ oz.; oz., 75 cts. \$0 10
- 3691 Apricot.** Rich deep apricot. $\frac{1}{4}$ oz., 30 cts. 10
- 3692 Blue Shades.** Various shades of blue. $\frac{1}{4}$ oz., 30 cts. 10
- 3695 Wild-Rose Pink.** This beautiful variety is a selection out of the Shirley Poppy; in color a uniform bright but soft Wild Rose pink, a color that appeals to everyone and which makes a charming bed, and of special value for cutting; 2 feet. $\frac{1}{4}$ oz., 25 cts.; oz., 75 cts. 10
- 3698 Collection.** A packet each of the above 4 varieties. 30
- 3696 Dreer's Select Shirley Mixed.** This is an unusually choice strain of these charming Poppies, and is, we feel sure, better than heretofore sent out. So varied are the colors that scarcely any two flowers are exactly alike. 30 inches. $\frac{1}{4}$ oz., 20 cts.; oz., 50 cts. 10

DANEBROG OR DANISH CROSS POPPY

American Rock Gardens (Hamblin). Many lists of plants for special local conditions. \$1.25 per copy postpaid.

DOUBLE ANNUAL POPPIES

The same culture as given at the top of the preceding page should be followed in the case of the double-flowering annual sorts. They make a gorgeous showing during their flowering period, and are largely used for beds and borders.

	PER PKT.
3711 American Flag. Beautiful variety; flowers very large and double, snow white, bordered with scarlet; 3 feet. Per oz., 25 cts.....	\$0 10
3712 Fairy Blush. Very double flowers of pure white, elegantly fringed and tipped with rose; 30 inches. Per oz., 25 cts.....	10
3713 Double Shirley. A very pretty strain with double flowers in the same wonderful range of colors as the single Shirley; 30 inches. $\frac{1}{4}$ oz., 25 cts.; oz., 75 cts.....	10
3714 Mikado (<i>The Striped Japanese Poppy</i>). This beautiful Poppy is very distinct in character and color. The flowers are brilliant scarlet and white, with elegantly curved petals, like a Japanese Chrysanthemum; 30 inches. Per oz., 25 cts.....	10
3715 White Swan. Immense double flowers, beautifully fringed and of purest white, of the same dwarf habit as Cardinal and Shell-pink; 30 inches. Per oz., 25 cts..	10
3716 Cardinal. A splendid dwarf variety of the carnation-flowered type, growing about 30 inches high and bearing large globular, fringed flowers of an intense cardinal red. Per oz., 25 cts.....	10
3717 Shell-pink. Similar in every way to Cardinal and White Swan, except color, which is a soft sea-shell or chamois-pink. Very dainty; 30 inches. (See cut.) Per oz., 25 cts.....	10
3720 Carnation Flowered. Splendid double-fringed flowers; mixed colors; 3 feet. Per oz., 20 cts.....	5
3730 Peony Flowered. Large, showy, double globular flowers, resembling a double Peony; mixed colors; 3 feet. Per oz., 20 cts.....	5
3719 Collection of 6 distinct colors. Double Carnation flowered.....	30
3729 Collection of 6 distinct colors. Double Peony flowered.....	30

NEW HYBRID ICELAND POPPY

DOUBLE CARNATION-FLOWERED POPPIES. SHELL-PINK

New Double Poppy

3707 **Sweet Briar.** One of the most popular colors in Shirley Poppies has been Wild Rose Pink. We are now able to offer this most beautiful color in a double flowering form. Sweet Briar is a delightful shade of deep rose-pink, the blossoms are full double, resembling a very large double begonia. 25 cts. per pkt.; $\frac{1}{4}$ oz., 75 cts.

Iceland Poppies (*Papaver Nudicaule*)

While these are hardy perennials, they flower the first year from seed, blooming almost as quickly as the annual sorts. They are of graceful neat habit, with bright green fern-like foliage, formed in tufts, from which issue slender stalks about 15 inches high, bearing their brilliant flowers in endless profusion; most useful for cutting, for which purpose pick when in bud, and, if the seed pods are picked off, continue in flower the entire season. They remain evergreen throughout the winter, coming into bloom early the following spring.

3731 **Coonara Pink** (*New*). This beautiful strain contained many lovely and harmonious shades of color. Our grower by very careful selection and roguing has practically eliminated all colors excepting pink. 25 cts. per pkt.; special pkt., 75 cts.

3732 **El Monte.** A new variety of California introduction, large flowers of deep tangerine orange; strong wiry stems, making an excellent cut flower. Special pkt., \$1.00.....

3733 **Bright Yellow.** $\frac{1}{4}$ oz., 50 cts.....

3734 **Pure White.** $\frac{1}{4}$ oz., 50 cts.....

3736 **Orange Scarlet.** $\frac{1}{4}$ oz., 50 cts.....

3739 **Collection.** A packet each of the above 5 varieties, 60 cts.

3740 **Finest Mixed.** $\frac{1}{4}$ oz., 40 cts.....

3738 **New Hybrid Iceland Mixed.** The latest development in this lovely species, varying in color from sulphur yellow through different shades of orange to chamois and salmony-rose, some of which are very striking. $\frac{1}{4}$ oz., 75 cts.....

Hardy Perennial Oriental Poppies

Oriental Poppies should be sown in early spring in the open ground as soon as it is fit to work. The plants disappear during July and August appearing again as soon as the weather gets cool. When this fall growth starts is the time they should be transplanted to their permanent flowering quarters. It is well to mark the places they are planted with a stake to insure the roots against disturbance during their annual resting period.

PER PKT.

- 3741 Orientale** (*The Large Oriental Poppy*). A charming summer-flowering hardy plant, producing numerous leafy stems about 3 feet high, with large orange scarlet flowers; having a conspicuous black blotch on each petal, exceedingly showy. $\frac{1}{4}$ oz., 40 cts. \$0 10
- 3742 —Dawn.** A beautiful flesh color. Special pkt., 75 cts. 15
- 3743 —Oriflamme.** A gorgeous orange-scarlet; very large. Special pkt., 60 cts. 15
- 3744 —Princess Victoria.** A beautiful salmony-pink. Special pkt., 60 cts. 15
- 3745 —Mahoney.** Dark crimson maroon shaded mahogany. Special pkt., 75 cts. 15
- 3746 —Perry's White.** Fine satiny white with a crimson maroon blotch at base of each petal. 25
- 3749 Collection.** A packet each of the above 6 varieties. 75

3750 Oriental Mixed Hybrids.

Saved from a large number of named sorts, embracing all of the colors. $\frac{1}{4}$ oz., 50 cts. 15

Iceland Poppies

This charming class of hardy Poppies is offered on preceding page.

DOUBLE PORTULACAS

Portulaca (Sun Plant)

One of our showiest annual plants, of easy culture, thriving best in light loam or sandy soil and exposed sunny situation; the flowers are of the richest colors. Fine for massing in beds, edgings or rock-work, and frequently used to sow broadcast over sunny banks, etc. Seed should not be sown until the weather is fairly warm and it is well to mix the seed with three or four times its bulk of dry sand or soil, which permits an even and easy distribution of the seed; 6 inches.

PYRETHRUM AUREUM

PER PKT.

- 3770 Single Mixed.** A fine mixture of all colors. Per $\frac{1}{4}$ oz., 25 cts.; oz., 75 cts. \$0 10
- 3760 Double Mixed.** A good percentage of the flowers will come perfectly double, of the most brilliant colors. Any singles, which usually come into bloom first, can be pulled out and a cutting from a double flowering plant put in to fill the space. $\frac{1}{4}$ oz., 75 cts.; oz., \$2.50. 10

Pyrethrum

P. aureum is the well-known Golden Feather so much used for edging, carpet bedding, etc., while the others are most attractive hardy plants.

- 3841 Aureum** (*Golden Feather*). Yellow foliage; 1 foot (see cut). Per $\frac{1}{4}$ oz., 25 cts. 10
- 3844 Hybridum Roseum.** Bright rose color. Special pkt., 50 cts. 15
- 3846 Hybridum, Single Mixed.** Hardy perennial, bearing large daisy-like flowers, ranging in color from white to deep red, with bright yellow centres; blooms in May and June, and again in the fall; and is one of the most graceful and long-lasting cut flowers; 2 feet. (See cut.) Per $\frac{1}{4}$ oz., 50 cts. 10
- 3847 Hybridum, Grandiflorum Mixed.** A large flowering form of the above; 2 feet. $\frac{1}{4}$ oz., 75 cts. 15
- 3845 Hybridum Fl. Pl.** Seed saved from the finest double flowers; only a small percentage can be expected to come double the first year; mixed colors; 2 feet. Special pkt., 75 cts. 25

PYRETHRUM HYBRIDUM

Primula (Primrose)

The charming and beautiful Chinese Fringed Primrose and Obconica varieties are indispensable for winter or spring decorations in the home or conservatory. They are one of the most important winter blooming pot plants. The seed we offer is of the highest merit, and has, as usual, been saved from the best strains. Florists and others report that they have never seen finer flowers than those produced from our seed. Sow in March, April or May.

Dreer's "Peerless" Chinese Primroses

	PER PKT.
3784 Peerless Blue (True Blue). The best blue.	\$0 50
3785 — White . Pure white.	35
3787 — Pink . Soft pink.	35
3783 — Scarlet . Rich scarlet.	35
3786 — Crimson . Rich luminous crimson.	35
3789 Collection of a packet each of the 5 sorts, \$1.50.	
3790 Peerless Mixed . This mixture contains nothing but the finest fringed large-flowering sorts and cannot fail to give entire satisfaction. Special pkt., \$1.00.	25
3791 Giant Flowering Mixed . This magnificent strain is quite distinct, being of more robust growth and producing immense trusses of extra large, finely fringed flowers in many new and novel colors; as a pot plant for the house or conservatory this is unequalled. Special pkt., \$1.50.	35

DREER'S "PEERLESS" CHINESE PRIMROSES

Various Primroses

3824 Kewensis . This variety is most attractive, with pleasing bright yellow flowers borne on long stems. It is delightfully fragrant and stands well as a house plant; 1 foot. Special pkt., \$1.25.	25
3826 Malacoides (<i>Improved Baby Primrose</i>). A fine house plant, flowers delicate lilac; 1 foot. Special pkt., 75 cts.	15
3828 — Rosea Superba . A beautiful bright rose variety. Special pkt., 75 cts.	15

PRIMULA MALACOIDES
(Improved Baby Primroses)

PRIMULA OBCONICA GRANDIFLORA

Hardy Primroses

The hardy Primroses are among our most delightful spring flowers. They require a partially shaded location; are fine for the Rock Garden.

	PER PKT.
1500 Auricula . A well-known favorite of great beauty; seed saved from splendid choice mixed varieties; 6 inches. Special pkt., 75 cts.	\$0 25
3825 Japonica (<i>Japanese Primrose</i>). A fine hardy Primrose growing about 18 inches high. Bright and showy flowers; borne in whorls on stems 6 to 9 inches long; mixed colors. Special pkt., 75 cts.	15
3830 Vulgaris (<i>English Primrose</i>). Canary-yellow, fragrant. Very showy in the rockery. $\frac{1}{8}$ oz., 75 cts.	20

(See also Cowslip page 80, and Polyanthus page 103.)

Primula Obconica

These are of the easiest culture in greenhouse or light window of dwelling house, flowering abundantly and continuously with little care, and should be sown during the spring in good porous loam. They will not germinate well in any compost containing peat or leaf mould. To develop the colors to the highest degree, grow in heavy soil, and at a temperature as near 60 degrees as possible. The Grandiflora varieties are the freest flowering, but lack the very large individual blooms of the Gigantea type.

	SPECIAL PKT.	PER PKT.
3811 Obconica Gigantea Kermesina . Rich crimson.	\$1 25	\$0 25
3812 — — Rosea . Pure rose color.	1 25	25
3813 — — Salmon Queen . Beautiful salmon.	1 75	50
3815 — — Mixed Colors	1 25	20
3816 — Grandiflora Alba . Pure white.	75	20
3817 — — Kermesina . Bright crimson.	75	20
3818 — — Rosea . Beautiful clear rose.	75	20
3819 — — Appleblossom . Soft pink.	75	20
3820 — — Mixed Colors	75	15
3821 — — Fasbender (New) . Flowers of the largest size, of a deep glowing red.	1 75	50
3822 — — Rhine Pearl . A very striking variety, flowers very large, of a dark salmon-carmine.	1 75	50
3823 — — Mueller and Mohstein . Shades of crimson and rose.	1 50	50

Ricinus (Castor Oil Bean)

Ornamental plants of stately growth and picturesque foliage, with brilliant colored fruit, producing sub-tropical effect; fine for lawns, massing or centre plants for beds.

PER PKT.

3862 Cambodgiensis. The main stems and leaf stalks are shining ebony. The large, richly colored foliage assumes different shades as the plant increases in size, so that very striking effects are obtained; 5 feet. Per oz., 25 cts. \$0 10

3863 Gibsoni. Deep red foliage; 5 feet. Per oz., 25 cts. 10

3866 Panormitanus. Immense dark brown leaves, producing a fine tropical effect; 6 feet. Per oz., 25 cts. 10

3865 Sanguineus. Blood red stalks and clusters of red fruit; 7 feet. Per oz., 25 cts. 10

3867 Red Spire. A visitor to our Nurseries declared our planting of this to be the most effective and ornamental feature in the establishment. The shapely, bushy plants attain a height of about 6 feet, with pretty palmate leaves of a bronzy green with prominent red ribs and veins, and producing through the summer and autumn numerous spikes of flowers or seedpods 9 to 18 inches long, of a brilliant rosy crimson; altogether a most effective semitropical plant, valuable alike for its foliage and flowers and like other Ricinus, absolutely insect-proof. As single specimens or in beds on the lawn, for filling up a corner, or making a hedge or line, this is one of the most ornamental plants ever introduced (see cut). Per oz., 40 cts. 10

3870 Zanzibariensis. A distinct class, which surpasses in size and beauty all varieties. The plants attain great dimensions, presenting a splendid aspect with their gigantic leaves. The different varieties included in our mixture have light and dark green leaves and some of coppery-bronze, changing to dark green, with reddish ribs. The seeds are beautifully marked. Per oz., 25 cts. 10

3869 Collection. A pkt. each of the above 6 varieties, 40 cts.

3880 Mixed. Per oz., 20 cts. 5

RICINUS RED SPIRE PER PKT.

Rhodanthe (Swan River Everlasting)

3860 A charming annual; succeeds in a light rich soil and a warm sheltered situation; valuable for pot culture; flowers everlasting; mixed colors; 1 foot. $\frac{1}{4}$ oz., 25 cts. \$0 10

Rosemary (Rosmarinus)

3895 Officinalis. An old favorite aromatic herb, delightfully fragrant, flowers light blue, grows about 2 feet high, should be planted in a warm dry situation, and given a little protection. $\frac{1}{4}$ oz., 25 cts. 10

Rudbeckia (Cone Flower)

3901 Bicolor Superba. Fine free-flowering annual variety, growing about 2 feet high; forming a dense bush and producing in great abundance on long stems its bright flowers. The disc is brown, the florets golden-yellow, with large velvety-brown spots at the base; very effective and useful for cutting. $\frac{1}{4}$ oz., 25 cts. 10

3902 Newmani. One of the finest of autumn-flowering perennials, bearing large flowers. Bright orange-yellow petals surrounding a large black cone; 3 feet. Special pkt., 40 cts. 15

3903 Purpurea (Giant Purple Cone-flower). A most interesting hardy perennial, producing all summer large, showy reddish-purple flowers, about 4 inches across; 3 feet. $\frac{1}{4}$ oz., 50 cts. 10

Sanvitalia

3938 Procumbens Fl. Pl. An annual of dwarf compact growth; useful in masses in beds, or edges of borders, or in vases, baskets, etc. Showy bright yellow, double flowers; in bloom all summer. $\frac{1}{4}$ oz., 50 cts. 10

SANVITALIA PROCUMBENS FL. PL.

A Few Good Books on Horticulture

(For complete list see page 48.)

Landscaping the Home Grounds (L. W. Ramsey). It presents landscaping in such a clear and definite way that anyone can apply the lessons. Postpaid, \$2.00.

Rock Gardens (Rockwell). Tells just where and how to make a Rock Garden, what plants to use and where to put them, illustrated. Postpaid, \$1.00.

The Gladiolus (A. C. Beal). A good book on the propagation and successful culture in the home garden and under glass. Postpaid, \$1.25.

SALPIGLOSSIS IMPROVED LARGE-FLOWERING

Salvia Splendens (Scarlet Sage)

The Scarlet Sage has long been a favorite bedding plant and is undoubtedly one of the most effective plants either as individual specimens or in beds or borders of any size. Also grown for conservatory decoration, bearing long spikes of flowers in great profusion from July to frost; seeds should be sown as early as possible either indoors or in a hotbed, and the young plants transferred to their flowering quarters when the weather has become settled and warm. May also be sown in the open ground in May.

- 3936 Dreer's America.** This is undoubtedly the earliest, freest and most continuous bloomer of all Scarlet Sages, and what is still more important, the most uniform in habit of growth; the bushy plants do not grow over 15 inches high, with the spikes of brilliant scarlet flowers thrown well above the plant, making a total height of about 2 feet; the importance of this uniformity will be appreciated by those who use Scarlet Sage for beds or borders. We produce our own supply of seeds of this variety from cuttings taken from plants carefully selected for uniformity of color, form, height and free flowering. Special pkt., 75 cts.; $\frac{1}{4}$ oz., \$1.50

PER PKT.
- 3932 Bonfire.** This is one of the finest of the Scarlet Sages, growing in a compact bush 2 feet high by 2 feet in diameter. Its erect spikes of brilliant scarlet flowers stand clear above the dark green foliage and completely cover the plant. $\frac{1}{4}$ oz., 75 cts.

15
- 3934 Scarlet Globe (New).** A new type of Scarlet Sage, of dwarf compact bushy growth, about 15 inches high; the perfectly globe shaped plants, being covered with masses of brilliant scarlet flowers. 5 pkts. for \$1.00

25
- 3935 Splendens (Scarlet Sage).** Beautiful bright scarlet; 3 feet. $\frac{1}{4}$ oz., 60 cts.

10

Large-flowering Salpiglossis (Painted Tongue)

These are one of the very finest annuals, and are of the easiest culture, succeeding in any good ordinary soil and in a sunny position. The plants grow from 24 to 30 inches high, and produce freely from mid-summer until frost their attractive Gloxinia-like blossoms in a very large and unusual range of colors. They are splendid for cutting, lasting well. Seed may be started indoors or in a hotbed about the end of March, or sown outdoors when danger from frost is passed and the ground is in good condition. For best results the plants should not be set closer than 12 inches apart.

Various Salvias

- 3928 Azurea Grandiflora.** A hardy perennial variety, producing during August and September spikes of pretty sky blue flowers in great profusion. 2 to 3 feet. $\frac{1}{4}$ oz., 50 cts.

15
- 3929 Farinacea.** A perennial variety, but best grown as an annual. Seed sown in the open ground in May, blooming from July to frost. The fine light blue flowers are borne on long spikes held above the foliage; makes a good blue line; 2 to 3 feet. $\frac{1}{4}$ oz., 50 cts.

10
- 3927 Farinacea, Blue Bedder.** A more compact form of this popular perennial Salvia, making it more desirable for bedding. Flowers are a deep blue; hardy with protection. Special pkt., \$1.00.....

25
- 3931 Patens (Blue Sage).** In color this is as blue as the "Scarlet Sage" is red; unlike the latter, however, it is not useful for bedding, but it is a beautiful plant for the border or greenhouse; tender perennials; 2 feet. Special pkt., 75 cts.

25
- 3930 Sclarea.** A beautiful and effective hardy biennial variety, growing 4 feet high with immense loosely arranged spikes of attractive old rose shading to white floral leaves, produced through July and August. $\frac{1}{4}$ oz., 50 cts.

15

SALVIA SPLENDENS (Scarlet Sage)

Saponaria

PER PKT.

3939 Ocymoides. Very showy hardy perennial rock plant, producing during the summer months masses of small, bright rose flowers; 9 inches. $\frac{1}{2}$ oz., 25 cts. . . . \$0 10

3940 Vaccaria. A pretty and useful annual variety, grows about 2 feet high, and bears masses of satiny pink flowers somewhat like an enlarged Gypsophila; charming for cutting, adding grace to any arrangement of flowers. Several sowings should be made to keep up a succession of bloom. Per oz., 30 cts. 10

Scarlet Runner Beans

3595 Scarlet Runners. A great favorite in England and Europe, not only as an ornamental climber, but for the delicious edible beans which succeed the sprays of bright scarlet pea-shaped blossoms. Per $\frac{1}{2}$ lb., 25 cts.; per lb., 45 cts. 10

Large-flowering Annual Scabiosas

(Morning Bride, Sweet Scabiosa, Pin Cushion Flower, etc.)

These are firm favorites with many of our customers. Seed can be sown any time in the spring after danger of frost is past. They grow $2\frac{1}{2}$ to 3 feet high, and come into bloom early in July, and continue without interruption until hard frost. The beautiful flowers in exquisite shades are borne on long stems, and when cut keep in perfect condition for the best part of a week. They make effective borders or beds, and no garden is complete without Scabiosas, especially where flowers are wanted for cutting. PER $\frac{1}{2}$ OZ. PER PKT.

3943 Azure Fairy. Clear lavender-blue. . . . \$0 25 \$0 10

3944 Crimson. Rich rosy crimson. 25 10

3951 Flesh Pink. Delicate tone of pink. 25 10

3952 King of the Blacks. Velvety black purple. 25 10

3955 Peachblossom. Soft peach-blossom pink. . . . 40 15

3957 Shasta. Very large, pure white. 40 15

3959 Collection of a packet each of the 6 colors. 50

3966 Collection containing $\frac{1}{2}$ oz. each of the above 6 colors 1 50

3960 Mixed Colors. Per $\frac{1}{2}$ oz., 25 cts.; per oz., 60 cts. . . . 10

3953 Loveliness (New). A glorious new color in annual Scabiosa; ranging through varying tones of soft delicate salmon rose. Undoubtedly the most beautiful Scabiosa ever introduced. With long, stiff stems, a delightful fragrance; and its glorious Salmon Rose color results in a cut flower that is unsurpassed. 25 cts. per pkt.; $\frac{1}{2}$ oz., 75 cts.

LARGE-FLOWERING SCABIOSA

SCABIOSA CAUCASICA

Hardy Perennial Scabiosas

PER PKT.

3941 Caucasica (Blue Bonnet). One of the handsomest of hardy perennials, especially valuable for cutting, the blooms lasting a long time in water; color soft lavender-blue; 3 feet. $\frac{1}{2}$ oz., 50 cts. . . \$0 15

3942 Japonica. A variety from Japan, forming bushy plants, $2\frac{1}{2}$ feet in height, and bearing on long, wiry stems beautiful, artistic, lavender-blue flowers; a fine cut flower. $\frac{1}{2}$ oz., 25 cts. 10

3946 Columbaria Anthemifolia. A perennial variety from South Africa, producing freely flowers measuring 2 to $2\frac{1}{2}$ inches across, of a beautiful soft pink; a fine hardy border plant; $1\frac{1}{2}$ to 2 feet. $\frac{1}{2}$ oz., 75 cts. 25

3947 Giant Hybrids (Isaac House Strain). A great improvement over the Caucasica, being more vigorous with larger and longer stems and heavier petals, which are ruffled as well as slightly frilled on the edges. Colors range from light to darkest blue, but delicate lilac and mauve predominate. Special pkt., \$1.00. . 25

Sedum Coeruleum (Stonecrop)

3975 A pretty creeping annual with dainty racemes of charming pale blue flowers. A splendid subject for the rockery. Special pkt., 75 cts. . . 25

The Book of Annuals (Hottes). A reliable guide to the culture of annual flowers, over 100 separate species are described with full directions for their culture and uses. \$1.50 per copy, postpaid.

The Book of Perennials (Hottes). Devoted to the general principles of growing, using and propagating old-fashioned hardy perennial plants. \$1.50 per copy postpaid.

SCHIZANTHUS

Schizanthus (Butterfly or Fringe Flower)

This is one of the airiest and daintiest flowers imaginable, especially adapted to bordering beds of taller flowers and those of a heavier growth. The seeds germinate quickly and come into bloom in a few weeks from sowing. The florescence is such as to completely obscure the foliage, making the plant a veritable pyramid of the most delicate and charming bloom. The Schizanthus make admirable pot plants for the house in late winter and early spring. For this purpose sow in the autumn.

PER PKT.

- 3967 Dwarf Large-flowered Mixed** (*Dr. Badgers Hybrids*). Forming compact pyramidal plants a foot high, literally covered with large, beautiful, orchid-like flowers in a bewildering range of color. $\frac{1}{4}$ oz., 40 cts. \$0 15
- 3968 Wisetonensis**. A variety largely used as a pot plant for the house or conservatory. It is remarkably free-flowering, and presents a beautiful appearance with its myriads of blooms, the ground color of which is white, dotted with delicate rose. $\frac{1}{4}$ oz., 50 cts. 15
- 3970 Mixed**. A splendid mixture of the regular type, which forms pretty plants 18 inches high with fine foliage and covered with bloom throughout the summer. $\frac{1}{4}$ oz., 25 cts. 10

Sidalcea

- 3979 Rosy Gem**. Bright rose colored mallow-like flowers on stems 3 feet tall. July-August. Special pkt., 60 cts. 15

Smilax (Myrsiphyllum Asparagoides)

- 3981** In many respects Smilax is the most useful, and it is certainly one of the most graceful climbers which adorns the greenhouse or conservatory; for bouquets and floral decorations it is indispensable. $\frac{1}{4}$ oz., 25 cts.; oz., 75 cts. 10

ANNUAL STATICE

Solanum (Jerusalem Cherry)

PER PKT.

- 3987 Cleveland Red**. A greatly improved form of this very useful pot plant for winter decoration. It is of dwarf, branching habit; leaves small and oval shaped, bearing in the greatest profusion bright scarlet globular berries. Very ornamental; 1 foot. Special pkt., 40 cts. \$0 15

Statice (Sea Lavender)

Splendid hardy perennials, either for the border or rockery, producing all summer panicles of minute flowers, which can be dried and used for winter bouquets.

- 3997 Latifolia**. Purplish-blue flowers; 2 feet. $\frac{1}{4}$ oz., 50 cts. 10
- 4000 Incana Mixed**. Containing many sorts. 15 inches. $\frac{1}{4}$ oz., 30 cts. 10

Annual Statice

These have become quite popular, the flowers being used extensively in combination with other everlastings in the making of winter bouquets, the seeds are supplied in the dried flower heads which may be started indoors or sown in the open when the weather gets warm, in any case, in order to secure satisfactory germination the flower heads should be placed in the soil on their sides; 18 inches.

- 3995 Bonduelli**. Bright yellow. $\frac{1}{4}$ oz., 25 cts. \$0 10

Sweet Rocket (Hesperis)

- 4280 **Old-fashioned garden plants; also known as Dame's Rocket and Dame's Violet;** grows about 3 feet high, and bears spikes of showy white, lilac and purple fragrant flowers. Excellent for naturalizing among shrubbery or for planting in a permanent border; mixed colors. (See cut.) $\frac{1}{4}$ oz., 20 cts.; oz., 60 cts..... 10

SWEET ROCKET

Cupid, Dwarf or Bedding Sweet Peas

- 4063 **Cupid, Dwarf or Bedding Sweet Peas.** These form a line of emerald-green foliage a little over a foot wide and 6 inches high, and from June until late summer are literally a sheet of bloom; the mixture contains all the colors. 10 cts. per pkt.; 20 cts. per oz.; 60 cts. per $\frac{1}{4}$ lb.; \$2.00 per lb.

Dreer's Superb Orchid-Flowered Sweet Peas

There are hundreds of Early and Summer-flowering Orchid-flowered varieties of Sweet Peas, many of which are practically identical and still others which lack either size, purity of color, vigor or some other characteristic which all first-class sorts should have. We think it is best to confine our offers to such sorts as are really first class, and every variety we offer is entitled to a place in the front rank of Sweet Peas. In addition to the splendid list of Orchid-flowered sorts offered on this page we also offer the best recent introductions of both the early-flowering and the regular type, which are fully described on pages 60 and 61.

Our leaflet, "**Hints on How to Grow Sweet Peas**," sent free on request.

- 4066 Avalanche.** A glistening white of great substance.
4075 Blue Bird. A beautiful clear blue.
4080 Charity. A rich brilliant crimson, which does not fade in the sun.
4081 Charming. Flowers of largest size, of a brilliant cerise.
4082 Chieftain. A very attractive variety of a pure satiny mauve.
4092 Daffodil. Flowers rich cream, beautifully frilled and waved.
4120 Glen Eagles. One of the prettiest light blues.
4112 Flamingo. Orange scarlet, shaded cerise.
4124 Hawlmark Pink. Quite distinct from any other pink variety, the general effect being rose-pink suffused with salmon.
4128 Heavenly Blue. A real Delphinium-blue Sweet Pea, the immense flowers well placed on good strong stems are a pure blue self.
4139 Jack Hobbs. Flush scarlet pink on cream ground, with duplex standards. Richly perfumed.
4149 Mammoth. Blazing orange scarlet.
4151 Mary Pickford. Nicely waved petals of a dainty clear pink, faintly suffused salmon borne on four-flowered sprays.
4158 Mrs. A. Searles. Bright orange cerise; a strong grower.
4188 Powerscourt. Flowers pure lavender, of gigantic size beautifully waved and produced very freely on vigorous growing plants.
4206 Splendour. Rich reddish maroon; very pleasing and distinct.
4207 Sunset. Large, nicely frilled flowers of a beautiful tone of rich rose, the base of petals suffused with glowing golden yellow.
4216 Valentine. A grand extra large flowering soft blush pink, of strong, free, vigorous growth.
Price. Any of the above, 10 cts. per pkt.; 25 cts. per oz.; 75 cts. per $\frac{1}{4}$ lb.
4208 Collection of a packet each of the 18 Superb Sorts offered above, \$1.25.
4209 Collection of 1 ounce of each of the 18 Superb Sorts offered above, \$4.00.

ORCHID-FLOWERED SWEET PEA

Dreer's Orchid-flowered Sweet Peas in Mixture

- 4230** This mixture has been made of named sorts only, insuring a well balanced range of colors, and it would be impossible to get anything of higher quality at any price. 10 cts. per pkt.; 20 cts. per oz.; 60 cts. per $\frac{1}{4}$ lb.; \$2.00 per lb.

(For best recent introductions in regular Orchid-flowered Sweet Peas, see pages 60 and 61.)

EARLY FLOWERING ORCHID OR SPENCER SWEET PEAS

This type is now very popular, coming into flower five or six weeks earlier than the regular orchid-flowered type. We offer the following carefully selected varieties.

- 4234 Aviator.** Dazzling crimson-scarlet.
4238 Columbia. Salmon rose with white wings.
4239 Cream, or Meadow Lark. Primrose yellow.
4240 Chevalier. A true rose color.
4243 Glitters. A glittering fiery orange, a strong grower.
4247 Imperial Pink. Color clear pink, blooms continuously.
4261 New Blue. A rich deep blue.

- 4253 Pink Cherokee.** Pink on cream ground.
4257 Snowstorm Improved. Pure white.
4258 Sweet Lavender. Pure lavender, flowers of enormous size.
4262 Vulcan. A rich dazzling scarlet cerise.
4263 Zvolanek's Rose. Rich rose.

Price. Any of the above 15 cts. per pkt.; 30 cts. per $\frac{1}{2}$ oz.; 50 cts. per oz

- 4268 Collection** of a packet each of the above 12 choice varieties, \$1.25.

- 4269 Collection** of one ounce each of the above 12 choice varieties, \$5.00.

- 4270 Early Flowering Orchid Mixed.** A splendid mixture, containing all colors. 10 cts. per pkt.; 35 cts. per oz.; \$1.25 per $\frac{1}{4}$ lb.

(For best recent introductions in Early Flowering Sweet Peas, see pages 60 and 61.)

Portable Sweet Pea and Vine Trellis see page 216. Stimugerm Culture for Sweet Peas. Garden Size, 25 cts.

Sweet William (*Dianthus Barbatus*)

A well known, attractive, free-flowering hardy perennial, producing a splendid effect in beds and borders with their rich and varied flowers. It is much better to raise new vigorous young plants from seed every season than to divide the old plants; 18 inches.

PER PKT.

- 4282 Newport Pink.** In color it is what florists call watermelon-pink or salmony-rose. Strikingly brilliant and beautiful; the flowers are borne in massive heads on stems 18 inches high. For midseason mass bedding it has no equal. It is also very effective for cutting. $\frac{1}{2}$ oz., 50 cts. \$0 15
- 4281 Scarlet Beauty.** A very effective, rich deep scarlet variety, a rare color in hardy plants. $\frac{1}{2}$ oz., 50 cts. 15
- 4291 Holborn Glory Mixed.** This strain is a large-flowered selection of the auricula-eyed section, the most beautiful and admired of all Sweet Williams. The individual flowers and trusses are of extraordinary size, while the range of color, all showing a clear, white eye, is truly superb. $\frac{1}{2}$ oz., 30 cts. 10
- 4286 Single Velvety Dark Maroon.** $\frac{1}{2}$ oz., 30 cts. 10
- 4288 Single Pure White.** $\frac{1}{2}$ oz., 30 cts. 10
- 4290 Single Mixed.** $\frac{1}{2}$ oz., 25 cts.; oz., 60 cts. 10
- 4297 Double Mixed.** $\frac{1}{2}$ oz., 30 cts.; oz., \$1.00. 10
- 4293 Dwarf Compact Single Mixed.** A very low growing compact form of this popular perennial, making an excellent plant for edging or bedding. $\frac{1}{2}$ oz., 25 cts.; oz., 75 cts. 10

Hybrid Sweet Williams

- 2342 Latifolius Atrococcineus Fl. Pl. (Everblooming Hybrid Sweet William.)** This is a cross between an annual pink and Sweet William, combining the free and continuous blooming qualities of the former with the hardiness of the latter; in color an intense velvety crimson scarlet. $\frac{1}{2}$ oz., 50 cts. \$0 15
- 2343 Latifolius Double Mixed.** In addition to the brilliant crimson-scarlet sort offered above, this mixture contains purple, violet and rose. $\frac{1}{2}$ oz., 40 cts. 10

Sweet Wivelsfield (New Hybrid *Dianthus*)

- 2331** This new hardy annual *Dianthus* resembles a large flowering Sweet William. It is distinct in habit and freedom of growth, its flowers are carried more gracefully in loose heads, well above the foliage, and a greater variety of coloring, the predominating colors are reds, pinks and crimsons. Makes an excellent flower for cutting. Grows about 12 inches in height and if started in heat in February or early March will bloom continuously from June until October, sown in the open ground in April or later it will flower late in the summer. 20 cts. per pkt. Special pkt., 75 cts.

DOUBLE AND SINGLE SWEET WILLIAM

Dreer's Rainbow Garden Collection of Annuals

Illustrated in colors on plate opposite page 56.

1132 A packet each of the seven varieties, 60 cts.

Tagetes

PER PKT.

- 4301 Signata Pumila.** A dwarf, compact, bushy annual Marigold, with beautiful, fern-like leaves, densely covered with flowers of bright, golden-yellow; first-class border plant; 9 inches. $\frac{1}{2}$ oz., 30 cts.; oz., \$1.00. \$0 10

Thalictrum (Meadow Rue)

- 4305 Aquilegifolium Album.** A beautiful hardy perennial; with elegant Columbine-like foliage and masses of feathery white flowers in June and July; 3 feet. Special pkt., 60 cts. 15
- 4304 Aquilegifolium Purpureum.** Similar to the above excepting in color, which is rosy purple. Special pkt., 60 cts. 15
- 4306 Dipterocarpum.** We consider it one of the real gems among hardy plants, not only for the garden but its dainty, graceful sprays of flowers, elegantly arranged on stems 4 feet high, are invaluable for cutting; the flowers are a charming shade of violet-mauve, which is brightened by a bunch of lemon-yellow stamens and anthers. Special pkt., 75 cts. 25

TAGETES SIGNATA PUMILA

TRITOMA (Red-hot Poker Plant)

Thermopsis

PER PKT.

- 4308 Caroliniana.** A showy, tall growing hardy perennial, producing in June and July, long spikes of lupin-like yellow flowers. 3 feet. Excellent for cutting. Special pkt., 75 cts. \$0 25

Trollius (Globe Flower)

- 4332 Caucasicus, Orange Globe.** A rare variety with large orange flowers that are excellent for cutting. Seeds are slow germinating. May - June; 18 inches. 25

Thunbergia (Black-eyed Susan)

PER PKT.

- 4310** Beautiful, rapid growing annual climbers preferring a warm, sunny situation; used extensively in hanging-baskets, vases, low fences, etc., very pretty flowers in buff, white, orange, etc., with dark eyes; mixed colors; 4 feet. (See cut.) $\frac{1}{4}$ oz., 30 cts.; oz., \$1.00. \$0 10

Torenia

- 4322 Fournieri.** A very fine annual; a splendid plant for vases, hanging-baskets, borders, etc.; covered the entire season with a mass of bloom. Sky-blue, with three spots of dark blue, bright yellow centre. Special pkt., 75 cts. 15

Good Books on Horticulture

(For complete list, see page 48)

- Roses, How to Grow** (Pyle, McFarland and Stevens). The latest and best book on the subject. \$2 00
- Shrubs, The Book of** (Prof. Hottes). A new book, gives a complete non-technical description of leading sorts and how to plant effectively, freely illustrated. 3 00
- The Gardener** (Bailey). The author's latest book, giving in alphabetical order clear and concise directions for the growing of flowers, fruits, vegetables, etc., in the garden and house. A most valuable book. 2 00

Tritoma

PER PKT.

(Red-hot Poker, Flame Flower, or Torch Lily)

- 4330 Hybrida.** The introduction of new continuous flowering Tritomas has given them a prominent place among hardy bedding plants. It is not generally known that they are readily grown from seed, many flowering the first year if sown early. The seed we offer has been saved from a collection, which is undoubtedly one of the finest in this country. Of course for immediate results it will be better to get plants, but raising them from seed is highly interesting. $\frac{1}{4}$ oz., 50 cts. \$0 15

Tunica

- 4335 Saxifraga.** A neat, tufted hardy perennial plant, growing but a few inches high, and bearing throughout the entire season numerous elegant pink flowers. Will thrive anywhere, but is especially adapted for the rockery or the margin of the hardy border, blooms the first season. $\frac{1}{4}$ oz., 30 cts. 10

Valeriana (Valerian)

- 4340 Rubra, Mixed.** Showy, hardy border plants; producing large corymbs of red or white flowers; fine for bouquets; mixed; 2 feet. $\frac{1}{4}$ oz., 25 cts.; oz., 75 cts. 10

Veronica (Speedwell)

- 4372 Incana.** Bright silvery foliage, blue flowers; July and August; 1 foot. A splendid variety for the rockery. Spec. pkt., 75c. 25

- 4374 Maritima.** A very pretty Speedwell growing about 2 feet high and producing long spikes of blue flowers from July to September. $\frac{1}{4}$ oz., 50 cts. 15

- 4375 Repens.** A useful rock or carpeting plant, with light blue flowers; May and June. Special pkt., 75 cts. 25

- 4376 Spicata.** An elegant hardy border plant, growing about 1 $\frac{1}{2}$ feet high, producing long spikes of bright blue flowers in June and July. $\frac{1}{4}$ oz., 50 cts. 15

VERONICA

THUNBERGIA

DREER'S GRANDIFLORA VERBENAS

The trusses are of the largest size; of brilliant colors, free-blooming and of vigorous habit. For best and quickest results seed should be sown early in the house or hotbed and transplanted to flowering quarters in May. If sown outdoors in May, it blooms from the end of July on. We offer the following colors:

4537 Nelumbium Mixed Sorts. \$1.50 per 100 seeds.....	15

VINCA ROSEA

Wild Garden Annual Flower Seeds

Under this heading we offer a mixture of the easiest and surest growing annual kinds that can be sown broadcast, and with little or no care will produce a bright effect in places that would otherwise be nothing but a collection of unsightly weeds, and furnishing an abundance of flowers for cutting. In sowing this seed broadcast it is advisable to rake the surface of the place intended to be sown with a sharp toothed rake, and to mix the seed with 5 to 10 times its bulk of dry sand or what is better wheat flour or corn meal, when thoroughly mixed it allows for an even distribution of the seed.

PER PKT.

- 4450 Dwarf Sorts.** Growing from 12 to 18 inches high, 40 cts.
per oz.; \$1.25 per $\frac{1}{4}$ lb.; \$4.00 per lb..... \$0 10
- 4456 Tall Sorts.** Growing from 18 to 36 inches high, 30 cts. per
oz.; \$1.00 per $\frac{1}{4}$ lb.; \$3.00 per lb..... 10

Xeranthemum

(Everlasting, or Immortelle)

- 4433 Annuum.** One of the prettiest and most satisfactory of the Everlastings, bearing an abundance of bright rose, purple and white flowers, which are not only showy in the garden, but very useful as dried flowers in winter bouquets. Grows about 3 feet high, and can be sown in the open ground early in May, growing readily in any open, sunny position, remaining in bloom from early summer till frost. Mixed colors. $\frac{1}{4}$ oz., 25 cts.....\$0 10

Yucca (Adam's Needle)

- 4436 Filamentosa.** Broad sword-like foliage and tall, branched spikes of large, fragrant, drooping, creamy white flowers during June and July. $\frac{1}{4}$ oz., 30 cts..... 10

XERANTHEMUM

ZINNIA MEXICANA PERFECTION

DREER'S CHOICE ZINNIAS

(Youth and Old Age)

The Zinnia is one of the most brilliant, showy and satisfactory of annuals, and has long been a general favorite, and is now enjoying a wide popularity not only for garden decoration but also for cutting. The seed can be sown early in the hotbed or light window and transplanted, or sown later in the open ground. They come into flower early in the summer, and keep on blooming until frost.

The Giant and Dahlia flowered sorts are especially fine although all of the varieties offered on this and pages 118 and 119 are well worth growing.

PER PKT.

- 4440 Curled and Crested Mixed.** The petals of this beautiful strain are twisted, curled and crested into the most fantastic and graceful forms. The colors comprise all the brilliant shades characteristic of the Zinnia. (See cut.) $\frac{1}{4}$ oz., 25 cts.; oz., 75 cts.....\$0 10
- 4481 Mexicana Perfection Mixed.** A very dwarf variety, bearing small double flowers of unusual colorings; makes a beautiful border. (See cut.) $\frac{1}{4}$ oz., 50 cts..... 15
- 4485 Red Riding Hood.** This little gem grows but a foot high; of compact form and covered the entire season with little button-like, intense scarlet, very double flowers not over an inch across; as a border it is highly effective. $\frac{1}{4}$ oz., 30 cts.; oz., \$1.00..... 10
- 4490 Single Mixed.** For bedding these are very effective, and are by many considered more artistic than the double-flowering sorts. $\frac{1}{4}$ oz., 25 cts.; oz., 75 cts..... 10
- 4500 Tall Double Mixed.** The old-fashioned tall-growing double-flowering variety; 3 feet; mixed colors. $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts..... 5
- 4510 Zebra Mixed.** A very pretty strain with striped flowers. As the colors vary on each plant, they present a curious as well as a beautiful appearance. $\frac{1}{4}$ oz., 25 cts..... 10

ZINNIA CURLED AND CRESTED

Giant Dahlia-Flowered Zinnias

This grand new type of Zinnia has been thoroughly tried and is already popular with those who demand a large-flowering strain of high quality. The plants are of strong, vigorous habit, fully 3 feet high, producing mammoth flowers averaging 6 inches across by 3 to 4 inches in depth, similar in shape to the double Decorative Dahlias, and which is nicely shown in our illustration. The range of colors not only include the usual shades, but many unusual tones, such as salmon, old rose, cerise, strawberry-red, etc., and as the result of continued careful selection, the size, form and colorings have again been improved the past season. We offer 8 distinct colors as well as a splendid mixture.

PER PKT.

GIANT DAHLIA-FLOWERED ZINNIA

Dreer's California Giant Double Zinnias

A special strain of this grand old favorite free and continuous flowering annual, which produces flowers of colossal size, specimens measuring from 5 to 6 inches across being not unusual. Plants are of extremely robust habit, attaining a height of about 3 feet, and should be given 18 to 24 inches between each to allow for full development; they bear freely on long, strong stems numerous semi-globular, mostly very double flowers, all of the largest size, making them of great value in large beds, borders, etc., grown under favorable conditions they remain in bloom from early summer to late autumn.

Our stock is the very finest procurable and should not be compared with cheaper stocks offered at lower prices.

PER $\frac{1}{4}$ OZ. PER PKT.

4520 Giant Mixed. Pkt., 10 cts.; $\frac{1}{4}$ oz., 35 cts.; oz., \$1.00.

New Giant Dahlia Flowered Zinnia

- 4465 Golden Dawn.** The flowers are of a golden yellow, enormous in size, and of the most perfect type. 15 cts. per pkt.; $\frac{1}{4}$ oz., 75 cts.

CALIFORNIA
GIANT DOUBLE ZINNIA

For brilliancy of colors and ease of culture nothing excels Zinnias

DREER'S CHOICE ZINNIAS

DOUBLE LILLIPUT OR POMPON ZINNIAS

Dreer's Cut and Come Again Dwarf Double Zinnias

This we consider the best Zinnia for bedding, forming bushy, compact plants not over 2 feet high, and bearing large perfect double flowers in good clear distinct colors. The salmon-rose variety is especially effective and is largely used in the finest gardens in the country.

- 4441 **Canary.** Clear yellow.
 4442 **Flesh-pink.** Delicate shade.
 4444 **Orange.** Rich golden orange.
 4445 **Scarlet.** Very rich.
 4446 **Salmon Rose.** The most popular color of all. $\frac{1}{4}$ oz., 30 cts.
 4457 **White.** Pure white.

Price. Any of the above, except where noted, 10 cts. per pkt.; 25 cts. per $\frac{1}{4}$ oz.

4459 **Collection** of a packet each of the above 6 sorts, 40 cts.

4460 **Finest Mixed.** Per pkt., 10 cts.; $\frac{1}{4}$ oz., 25 cts.; oz., 60 cts.

Double Lilliput or Pompon Zinnias

A very pretty type of compact habit not over 15 inches high, bearing in lavish profusion, small densely double flowers on long stems, held well above the foliage. Makes a good line or bed and are of more than usual value for table decoration. See color plate opposite page 57.

	PER $\frac{1}{4}$ OZ.	PER PKT.
4522 Canary Yellow.	\$0 40	\$0 10
4523 Crimson Gem. A rich crimson.	40	10
4524 Flesh Pink.	40	10
4525 Golden Orange.	40	10
4526 Salmon Rose.	40	10
4527 Scarlet.	40	10
4528 White.	40	10
4529 Collection of a pkt. each of the 7 colors, 50 cts.		
4530 Finest Mixed. Containing all the colors, $\frac{1}{4}$ oz., 30 cts.; $\frac{1}{2}$ oz., 50 cts.; oz., \$1.00.		10

Three Unusual Zinnias

- 4505 **Victory Mixed.** A very distinct variety with large densely double quilled flowers, the colors are mostly in russet, orange, old rose and other autumn tints. $\frac{1}{4}$ oz., 50 cts.; oz., \$1.50. \$0 15
- 4483 **Picotee Delight, Salmon Beauty.** A beautiful color; the diversified shapes and markings of the petals, all carrying the salmon blend. $\frac{1}{4}$ oz., 75 cts. 15

- 4484 **Picotee Mixed.** A very pretty mixture, producing large double fringed flowers in a good range of desirable colors, in the lighter shades each petal is distinctly tipped with maroon while the dark colored flowers are tipped with a light contrasting color, of special value for cutting when the unusual color arrangement can be seen to best advantage. $\frac{1}{4}$ oz., 50 cts.; oz., \$1.50. . . \$0 15

DOUBLE ZINNIA, VICTORY

DOUBLE ZINNIA, PICOTEE

Plant, Root and Bulb Department

☞ PLEASE READ THIS BEFORE ORDERING PLANTS, ROOTS OR BULBS ☞

TIME OF SHIPMENT.—All plants, whether the stock is seasonable or not, are forwarded as soon after receipt of the order as possible. Many of our customers who have facilities for their care, purposely order plants out of season so as to have them on hand when planting conditions are favorable. As we do not know whether you have such facilities, you should specify on the order when you want shipment made, if you do not wish them at once.

RESERVATION OF PLANTS FOR PLANTING TIME.—While we try as far as possible to reserve plants on orders placed in advance, to be sent at planting time, it must be borne in mind that plants are highly perishable, and cannot be packed and stored for future shipment like most other kinds of merchandise. Weather conditions frequently interfere with making such reservations at the time the order is received, and when Spring opens there is usually such a congestion of orders for immediate shipment that it is impossible to make reservations. Customers may rely on us doing our utmost in making reservations, but if we fail we assume no responsibility, and all advance orders are accepted on these conditions only.

SAFE ARRIVAL GUARANTEED.—We guarantee the safe arrival of all goods sent by express or mail to points within the U. S. proper. If a package sent by express or mail is injured or lost we will replace it as soon as informed of the fact. Goods sent in any other way are solely at purchaser's risk. Claims for damages must be made on receipt of goods. We do not hold ourselves responsible for failure after delivery of the goods in good condition.

SHIPMENT BY STEAMBOAT.—Fast lines of steamboats connect Philadelphia with Baltimore, Boston, Jacksonville, Miami and Savannah. This forms a convenient, cheap and safe method of transportation, except during severe cold weather.

PLANTS BY RAILROAD FREIGHT.—Shrubs, Hedge Plants and other dormant stock can be forwarded safely by fast freight lines, even to distant points.

PACKING.—We make no charge for boxes or packing on Express, Freight or steamboat shipments. The extra labor of packing Parcel Post shipments is included in the additional 5, 10 and 15 per cent. cost noted in the next column.

HOW WE SHIP.—All Plants, Roots and Bulbs are forwarded by Express, purchaser paying charges. For those of our customers who prefer to receive their goods by Parcel Post, we will be pleased to forward in this manner such Plants, Roots and Bulbs as can be sent in this way at the following additional cost, to cover postage and special packing, which must be added to the value of each order for Plants, Roots or Bulbs:

5 per cent. additional to the following States:

Connecticut,	New York,
Delaware,	Pennsylvania,
District of Columbia,	Rhode Island,
Maryland,	Vermont,
Massachusetts,	Virginia,
New Hampshire,	West Virginia.
New Jersey,	

10 per cent. additional to the following States:

Alabama,	Mississippi,
Arkansas,	Missouri,
Florida,	Nebraska,
Georgia,	North Carolina,
Illinois,	North Dakota,
Indiana,	Ohio,
Iowa,	Oklahoma,
Kansas,	South Carolina,
Kentucky,	South Dakota,
Louisiana,	Tennessee,
Maine,	Texas,
Michigan,	Wisconsin.
Minnesota,	

15 per cent. additional to the following States:

Arizona,	New Mexico,
California,	Oregon,
Colorado,	Utah,
Idaho,	Washington,
Montana,	Wyoming.
Nevada,	

We recommend our customers to have their orders forwarded by express, as our experience shows that this method is usually the most satisfactory, except on small packages.

PARTIAL VIEW OF THE ROSE TRIAL GROUNDS AT OUR NURSERY AT RIVERTON, N. J.

DREER'S SPECIALLY PREPARED ROSES FOR THE GARDEN

While our old customers are familiar with the high grade of Roses which we send out, we wish to direct the attention of those who have never planted our stock, to the manner in which these plants are prepared. All our Roses are strong two-year-old, field-grown, budded or grafted plants and in fall are carefully dug, planted in pots and stored in cold greenhouses or cold frames, where artificial heat is used only to exclude the most severe frost. During the latter part of March or before the first of April, these potted plants are moved to beds in the open air where they receive no further protection. Under this treatment the plants develop in a natural way and are not only superior to stock which has been developed into full growth under glass, but also better for spring planting, than plants which have been carried in cellars or in cold storage, under any method known to us.

Dormant plants are supplied until about April 1st after which date potted plants as described above are furnished.

This Year's New Hybrid-Tea Roses Novelties and Varieties of Special Merit Introductions of The Rose World's Most Noted Specialists

NEW HYBRID-TEA ROSE, BETTY SUTTOR.

Abol (F. Evans, 1927). No other white and but very few colored varieties have such a delightful sweet perfume as this free flowering white. Before the flowers are fully expanded the centre petals are sometimes lightly tinted pink passing to pure white. A gem with good shapely bud and full double flower produced on long stems. \$1.50 each.

Autumn (L. B. Coddington, 1928). We have been pleased with Autumn in our fields during the past two seasons where its medium sized buds and cupped double flowers on account of their novel coloring, burnt orange streaked with red, have attracted much attention. The plant is of strong growth with healthy foliage, producing its moderately fragrant flowers freely. \$1.50 each.

Betty Suttor (McGredy & Son, 1929). Exquisite both in long bud and fully developed, double, delightfully tea scented flower. In color the inside of the petals is of delicate rosy pink, the outside bright rosy pink. As the flower opens there is a delightful reflecting of the petals which enhances the beauty of the pink tones. Growth strong and vigorous; free flowering. \$1.50 each.

Bloomfield Flame (Cap. George C. Thomas, Jr., 1930). An interesting novelty with vivid and handsome colored long pointed flame red buds, opening to lasting fragrant flowers of 20 to 24 petals which gradually merge from flame red to pink with orange yellow centre. These are borne singly on long stems with abundant glossy dark green bronzy, healthy foliage. \$1.50 each.

Caledonia (Dobbie & Co., 1928). Large, very long pointed conical buds with the edges of the outer petals gracefully rolled back; flowers very large and full double, high centre, slightly fragrant and borne singly on long strong stems. Color, when first expanding, slightly lemon tinted, changing to a pure white as the flowers develop. Habit very erect, of vigorous constitution, a continuous free bloomer; a fine garden Rose. \$1.50 each.

Charles P. Kilham (Beckwith & Sons, 1926). A brilliant distinct and striking novelty which will appeal to and please every Rose lover. The buds are long pointed of perfect shape, opening to high centered perfectly formed full double flowers of a rich and brilliant Oriental red, flushed with orange and glowing scarlet. A vigorous grower; very free flowering and sweetly tea-scented. \$1.00 each.

NEW HYBRID-TEA ROSE, E. G. HILL.
See page 122.

Twenty-five or more New Roses will be supplied at 100 rate, which is ten percent less than the each price (121)

This Year's New Hybrid-Tea Roses—Continued

Novelties and Varieties of Special Merit

NEW HYBRID-TEA ROSE, CALEDONIA. See page 121.

Dainty Bess (Archer, 1925). An appropriate name for a daintily colored and well formed single flower, $3\frac{1}{2}$ inches in diameter, composed of delicately crinkled substantial wavy petals of a pleasing shade of shell pink with a conspicuous bunch of crimson stamens. The flowers last well when cut and are charming when displayed in individual vases. A strong, vigorous grower and profuse flowering, the flowers being produced on strong branching stems. \$1.00 each.

Director Rubio (Dot, 1928). Large long pointed bud, opening to a very large fairly double sweet-scented bloom of a solid cochineal pink, retaining its color long in rain or shine. An ideal bedding Rose of medium height and compact form. \$1.25 each.

Dr. Edward Deacon (Morse & Son, 1926). Fascinating in color, the margin of the petals being a delicate tint of coral pink gradually merging to a deep salmon-orange towards the base of the artistically reflexed petals, forming a fine, very full flower, that has good lasting qualities. The habit of the plant is ideal, upright, strong and free flowering, with very healthy foliage. \$1.50 each.

Duchess of Atholl (Dobbie & Co., 1928). The coloring is uncommon and delightful; bud large, globular, deep bronzy orange; flower large, double, cupped-form, very lasting, intensely fragrant, of a golden orange color flushed old rose and borne singly on long stems; growth vigorous; a free continuous bloomer. \$1.50 each.

Edith Nellie Perkins (Alex. Dickson & Sons, 1928). A Rose of outstanding merit that is giving universal satisfaction. The buds are long and pointed, the outside of the petals are of cream and blush shaded with orange at the base, the inner face is salmon-pink with golden-orange base; the flowers are moderately double, produced freely and continuously on long stems and are sweetly scented. \$1.50 each.

Editor McFarland (Mallerin, 1931). Named in honor of Dr J. H. McFarland, President of the American Rose Society and editor of the American Rose Annual. Type of Radiance in habit of plant, ruggedness and persistency as well as in freedom of bloom. Bud long pointed; flower semi-double, slightly fragrant, of a solid glowing pink with a slight suffusion of yellow, generally borne singly on long strong stem. The large, pointed, arch shaped petals are edged lighter, the contrast accentuating as the flower ages. \$2.50 each.

E. G. Hill (E. G. Hill Co., 1929). Among the many Roses raised by Mr. Hill, we consider this new red variety one of the most valuable. The long buds of perfect form, as well as the high centered full double flowers are of a dazzling scarlet, shading to a deeper pure red as they develop; of strong vigorous and free flowering habit. \$1.50 each.

Everest (Easlea & Sons, 1927). One of the largest Roses yet raised, buds large, perfectly shaped, flowers of immense size with long broad petals of firm texture, fragrant, ivory-white with creamy suffusion and when fully developed resembles a large Peony borne on long stems. While a Hybrid-Tea, it has the characteristics of a vigorous growing Hybrid-Perpetual. \$1.00 each.

Evert van Dyk (G. A. Van Rossem, 1931). With the many good pink Roses now in cultivation the standard to induce us to offer a new variety is naturally placed high, and we are convinced that in this new Dutch variety, which has been named by the introducer in honor of one of the sponsors of the transoceanic flight of the "Southern Cross," we have a variety, which in its color, a bright rose-pink with salmon suffusion, and superior habits, will make it a desirable addition to any garden. \$1.50 each.

NEW HYBRID-TEA ROSE, CHARLES P. KILHAM. See page 121.

Twenty-five or more New Roses will be supplied at 100 rate, which is ten percent less than the each price

This Year's New Hybrid-Tea Roses—Continued

Novelties and Varieties of Special Merit

NEW HYBRID-TEA ROSE, J. C. THORNTON

Hilda (Cant & Son, 1928). Large globular bud and very large extremely double, very lasting, slightly fragrant Camellia-formed or imbricated flowers of a bright carmine, the inner petals shading to light pink, usually borne several together on long stems. Growth very vigorous, free and continuous bloomer. \$1.50 each.

Impress (Alex. Dickson & Sons, 1929). A novelty which on account of its coloring and its perfectly formed large double flower, will please every Rose lover. The ovoid buds when first unfolding are cardinal-red with orange suffusion and develop into very large, full double very perfect blooms that last in good shape and which are of a pretty salmon-cerise color suffused with a luminous golden sheen. The plant is a strong vigorous upright grower and free flowering. \$1.50 each.

Ivanhoe (Easlea, 1928). Large long pointed bud and large high centered, long lasting, intensely fragrant, brilliant scarlet to rich crimson-scarlet flower. Growth vigorous; a free, continuous bloomer. \$1.50 each.

Ivy May (Beckwith & Son, 1925). One of the most attractive varieties of Ophelia type. Color a pretty rose pink running to amber at the base, flushed with gold on the outside and at the edges of the petals; glowing and sparkling. Buds long pointed and shapely, opening to fairly double, well-formed, sweetly-scented flowers. Habit vigorous and upright; a very free and continuous bloomer. \$1.50 each.

James Gibson (McGredy & Son, 1928). A glorious glowing crimson-scarlet with velvety sheen, imparting a lustrous radiance to the large, full beautifully formed flowers of which every bloom develops to perfection. Its habit of growth is as near perfect as could be desired, being free, bushy, upright and vigorous and the flowers which are borne profusely all the season, are carried erect on long stems. \$1.50 each.

J. C. Thornton (Bees, 1926). A most brilliant bright glowing scarlet crimson with buds of exquisite form and fine, full, well-shaped high-centered fragrant flowers of great substance, borne singly on long strong stems; of vigorous, free, growth. \$1.50 each.

Frau Hugo Lauster (Pfitzer, 1931). The freest-flowering yellow Rose that has yet come to our notice. The very shapely buds of medium length develop into full double, well-formed flowers of medium size; in color a deep canary yellow shading lighter to the edge of the petals as the flowers mature. These are delightfully sweet-scented. The plant is of vigorous upright habit of growth with dark green disease-resisting foliage. \$1.50 each.

Gaiety (E. G. Hill Co., 1926). Buds long and pointed, developing to a large shapely semi-double, cupped, very lasting flower composed of ruffled petals which as they unfold show various shades of orange, Indian red, yellow, and pink or fawn. The plant is of strong, vigorous branching habit, with good healthy foliage and very free flowering. \$1.50 each.

Golden Dawn (P. Grant, 1929). A magnificent Rose of Australian origin in which we have an ideal garden Rose of great merit of an exquisite light lemon yellow color. Its buds are of an ovoid form, heavily splashed with crimson before opening and develop into splendidly shaped full double moderately fragrant flowers which are of a uniform color, reminding one of the old favorite Marechal Niel and which was suggestive of the name Golden Dawn. The plant is of strong, vigorous upright branching habit, with large glossy healthy green foliage, very free flowering with usually three or more flowers on each branch. \$1.50 each.

Gruss an Coburg (Felberg, Leclerc, 1927). An attractive variety with brilliant coppery orange red buds and large double, full, very fragrant flowers, of a brilliant combination of fawn, golden yellow and coppery red. A strong healthy grower and a perpetual bloomer. \$1.50 each.

Heinrich Eggers (W. Kordes, 1928). Well shaped long spiral buds and large bold full double high centered flowers of perfect shape. Color an orange tinted pink with yellow shadings at base. Very strong free flowering habit. \$1.50 each.

NEW HYBRID-TEA ROSE, MME. NICOLAS AUSSEL. See page 125.

In a French Contest September 15th, 1931, Mme. Nicolas Aussel was voted an award of a Gold Medal as the Most Beautiful Rose in France.

Twenty-five or more New Roses will be supplied at 100 rate, which is ten percent less than the each price

This Year's New Hybrid-Tea Roses—Continued

Novelties and Varieties of Special Merit

NEW HYBRID-TEA ROSE, IMPRESS. See page 123.

Joan Cant (Cant, 1929). Buds very large, long pointed, opening to very large, full double, well-formed, long lasting, intensely fragrant flowers of a pretty shade of salmon pink at the centre, shading brighter on the outside of the petals; the flowers are borne on long strong stems. A strong vigorous bushy grower, a profuse continuous bloomer. \$2.00 each.

Joanna Hill (J. H. Hill Co., 1928). Invaluable for the garden. The buds are large, long pointed and open to large, full, semi-double, attractive, long lasting, moderately fragrant flowers of a clear yellow with orange yellow heart. They are borne singly on long strong stems; growth vigorous, upright, a profuse bloomer. \$1.50 each.

Jules Gaujard (Pernet-Ducher, 1928). Distinct and beautiful, the large, well-formed double flowers on first opening are of a glistening cochineal crimson which, as they fully develop, passes to a pretty shade of orange-rose. It is of strong, vigorous, branching habit, very free flowering and a greatly admired garden Rose. \$1.50 each.

Konigin Luise (Queen Luise) (Weigand, 1927). An exceptionally large, full double, globular, well built white flower that lasts a long time. Of strong vigorous habit of growth. The flowers are carried erect on strong stiff stems. A splendid Rose for the garden and for cutting. \$1.00 each.

Lady Forteviot (B. R. Cant, 1928). A garden Rose that we confidently recommend. Large ovoid buds opening to very large, moderately double artistic well lasting flowers of delightful fruity fragrance of a bright golden yellow flushed with cardinal red, borne several together on long strong stems. Growth vigorous, healthy dark green glossy foliage, a hardy continuous bloomer. \$1.50 each.

Lady Leslie (McGredy, 1929). Of rich brilliant coloring, particularly in the young state. The large, long-pointed buds and double high-centered flowers which are intensely fragrant and long lasting, in the early stages are rosy-scarlet which, as they develop, passes to a scarlet-carmine suffused with saffron yellow on a yellow base; growth vigorous and a continuous bloomer. \$1.50 each.

Lady Mary Elizabeth (Alex. Dickson, 1927). A variety of outstanding merit. Of strong, vigorous, upright, branching habit with good healthy foliage and very prolific flowering. Flowers delightfully fragrant. Long pointed buds with deep substantial petals in color a brilliant carmine-pink. \$1.50 each.

Lucie Marie (Alex. Dickson & Sons, 1930). Very long pointed buds, deep yellow splashed with red. As the outer petals unfold, the inner face is yellow with coppery venation with the tips of the petals lightly tipped with pink, slightly fragrant. It is of strong vigorous healthy habit of growth with dark leathery foliage. A most distinct and interesting bedding variety. \$1.50 each.

Lucile Rand (Pernet-Ducher, 1930). A splendid large flower; in color a lively bright rose-carmine; delicately sweet scented. Its size and formation reminds of Dame Edith Helen but unlike that variety it is an exceptionally strong vigorous grower and a free continuous bloomer throughout the season. \$1.50 each.

Marion Cran (McGredy, 1927). In the young stage the color is deep buttercup-yellow, margined and flushed cerise and rosy-scarlet. As the flower opens the outside of the petals retain their color, while the inner side opens a brilliant geranium red, flushed and veined orange and yellow; as the flowers age the color changes to a deep cerise on bright rosy-scarlet flushed buttercup-yellow. The flowers are of nice form, and medium size. The habit is bushy, and free. \$1.00 each.

NEW HYBRID-TEA ROSE, LUCIE MARIE

Twenty-five or more New Roses will be supplied at 100 rate, which is ten percent less than the each price

This Year's New Hybrid-Tea Roses—Continued

Novelties and Varieties of Special Merit

Mrs. Pierre S. du Pont (Mallerin, 1929). Medium sized long-pointed bud of a reddish gold opening to a semi-double, medium sized, cupped, very lasting fragrant flower of a deep golden yellow. The plant is of strong vigorous compact growth with abundant, rich green, disease-resistant foliage. A remarkably profuse and continuous bloomer, rarely being without buds or flowers. \$1.50 each.

Mrs. Sam McGredy (McGredy, 1929). The color of this beautiful variety is quite distinct from anything yet seen in Roses, a wonderful dual combination of vivid shades. A beautiful scarlet coppery-orange is heavily flushed with Lincoln-red on the outside of the petals, and these colors together give a rich and almost dazzling effect. The flowers are of large size and beautiful form, and they possess the proper fullness to make them useful for all purposes. They are very freely produced and delicately perfumed. The plant has a vigorous and exceptionally free habit and is one of the best all-purpose varieties. \$2.00 each.

Polly (Beckwith, 1927). A splendid Rose of the Ophelia type that will become a general favorite. Buds long and of perfect shape, the centre golden yellow passing to a tender flushed pink towards the edges; as the large full fine flowers develop the golden base comes well up on the petals, the outer petals pass to a creamy white with just the faintest touch of pink. A strong healthy grower and free bloomer. Sweetly scented. \$1.50 each.

Portadown Bedder (McGredy, 1929). The petals are orange-yellow on the outside, with a rich cerise flush that deepens towards the edge, and inside there is a suffusion of glowing scarlet-cerise on an orange ground, the blend of colors giving a warm tone to the whole flower, which is of moderate size, good form and thick texture of petal. The flowers are very freely and continuously produced and are fragrant. A Rose that has only to be seen to be admired. \$1.50 each.

NEW HYBRID-TEA ROSE, MRS. SAM MCGREDY.

May Wettern (Alex. Dickson, 1928). A magnificently formed bud and flower of moderate fullness and artistic coloring. The flowers are composed of immense, deep, wide petals of very solid texture, their formation making a beautifully built long bud and high pointed flower, in which the inner face of the petals evolves from a bright salmon pink in the bud to deep flesh pink; then to bright pink in the more developed flower. \$1.00 each.

McGredy's Scarlet (McGredy & Son, 1930). A new red Rose of marked superiority on account of its strong vigorous growth free and continuous habit of flowering and its brilliant color. The flowers are of good size, full double of a brilliant scarlet, orangy yellow at base of petals, the upper portions of same being lightly touched with crimson, varying some in color under changing weather conditions but always beautiful. \$1.50 each.

Mevrouw G. A. Van Rossem (Van Rossem, 1926). A marvelously beautiful Rose with a unique color combination not found in any other variety, a most striking blending of dark vivid orange and apricot on a golden yellow ground with frequently touches of bronze on the reverse of the petals. The sweet-scented flowers are very large, of perfect formation both in the bud as well as in the fully developed flower and are produced freely on vigorous upright growths. \$1.50 each.

Mme. Nicolas Aussel (Pernet-Ducher, 1930). In a French contest, Sept. 15th, 1931, was voted an award of a Gold Medal as The Most Beautiful Rose in France. An outstanding introduction of the late Mr. Pernet-Ducher. In color a bright coppery red in the very long, shapely tapering bud that develops into a large full double flower of an exquisite opalescent salmon pink. Growth vigorous and healthy, free and continuous bloomer. \$1.50 each.

Monarch (Dobbie, 1926). Very large long pointed bud developing into large double high centered flowers, very lasting of a rich silvery pink color, borne singly on long stout stems. A strong vigorous grower and an abundant continuous bloomer; very hardy. \$1.50 each.

NEW HYBRID-TEA ROSE, MCGREDY'S SCARLET.

We have received more favorable comments during the season of 1931 from patrons who planted this sort than for any other variety.

Twenty-five or more New Roses will be supplied at 100 rate, which is ten percent less than the each price

This Year's New Hybrid-Tea Roses—Continued

Novelties and Varieties of Special Merit

NEW HYBRID-TEA ROSE, PORTADOWN FRAGRANCE

Portadown Fragrance (McGredy, 1931). A Rose that pleases us not only on account of its large double flowers but also for its remarkable fragrance of which the introducer, says, "No Rose has ever been raised to compare with this variety for fragrance which is most penetrating and of an entirely distinct sweet odor." The plant is a strong vigorous grower and free bloomer; in color a bright orange-scarlet, passing to bright rose towards the edge of the petals. \$1.50 each.

President Hoover (L. B. Coddington, 1930). A glorious Rose, wonderfully free in the easy manner in which it grows and charming in its color arrangement which is a splendid combination of cerise-pink, flame, scarlet and yellow; this combination of colors gives the most dazzling color effect imaginable. The buds are beautifully pointed, the flowers large, composed of broad thick heavy petals, with moderate fragrance. \$1.50 each.

Rosella Sweet (Pernet-Ducher, 1930). Large ovoid bud developing to a splendid large, well-formed, attractive flower of a luminous capucine yellow, with delicate salmon pink suffusion and of strong delicious fragrance. The fine flowers are borne singly on strong stiff stems, the plant is of vigorous upright habit with healthy dark green glossy foliage. \$1.50 each.

Schwabenland (Pfitzer, 1928). There are many pink Roses but none just like this new variety either in color or in the splendid formation of its blooms. The flowers are large, over five inches in diameter, with high spiral centre, the petals having a peculiar twist or curl. In color it is a luminous rich rose pink, retaining its brightness until the petals drop, the flowers are carried singly on long stiff stems. A strong, healthy, hardy, vigorous grower and free flowering. \$1.50 each.

Souvenir d'Alexandre Bernaix (Bernaix, 1926). A beautiful large cupped flower, 4½ inches or more in diameter. In the half expanded bud the petals are incurved, of an intense deep velvety crimson-red on a maroon ground with touches of scarlet on the outer petals. As the flower fully develops it becomes suffused with vermilion carmine at the edge of the petals. A moderately vigorous grower and a continuous bloomer. \$1.50 each.

Syracuse (Mallerin, 1930). Large pointed crimson bud, developing into a very large, very full, double, long-lasting, slightly fragrant, scarlet-crimson flower, borne singly on long stem. Growth very vigorous, bushy, upright with large, dark green, disease-resistant foliage. A profuse continuous bloomer. Very hardy. \$1.50 each.

Talisman (Montgomery Co., 1929). The Rose of many Gold Medals. It is the most remarkable piece of coloring that we know in any Rose; a combination of shadings of gold, apricot, yellow and deep pink or old-rose. The outside of the petals is bright yellow, gold, and pink; as the flower develops and the petals unfold they become bright apricot, gold, deep rose-pink or old-rose. The bud is long, perfectly formed, averaging about 25 to 28 petals, the plant is a strong, vigorous grower with glossy green foliage and free flowering. \$1.00 each.

Vaterland (Pfitzer, 1928). The most distinct dark colored variety yet introduced, deeper and richer in effect than the Hybrid Perpetual variety Prince Camille de Rohan, a rich deep velvety scarlet maroon and a splendidly formed high centered flower of remarkable keeping qualities. The plant is of vigorous strong erect habit with healthy foliage and free and perpetual flowering; unquestionably the best of this type that has yet come to our notice. \$1.50 each.

W. E. Chaplin (Chaplin, 1929). A most meritorious red Rose of the Lord Charlemont type but better, being a free vigorous grower with healthy disease-resisting foliage. The flowers are large; every bud develops to a perfect full, high-centered, very lasting moderately sweet scented flower. Color deep crimson, deepening to carmine crimson; does not blue or burn; these are carried on long strong stems, a very free continuous bloomer. \$2.00 each.

William E. Nickerson (Easlea, 1928). Very attractive and distinct, a glowing orange cerise, large, ovoid buds, developing into full double high-centered flowers of perfect form; very lasting, moderately fragrant, borne singly on long strong stems. A hardy vigorous grower with light green healthy foliage. A free and continuous bloomer. A gem in every way. \$1.50 each.

NEW HYBRID-TEA ROSE, SCHWABENLAND

SPECIAL OFFER. We will supply 1 strong plant each of the 56 varieties of new Roses offered on pages 121 to 127, amounting to \$83.25, the collection for \$75.00.

New Hybrid-Tea Rose, Olympiad (Mme. Raymond Gaujard)

THE OUTSTANDING ROSE NOVELTY OF 1932

The only Rose exhibited in growing plants at The Great Atlantic City Flower and Garden Pageant September 1931, that was Awarded a Gold Medal.

One of the late Mr. Pernet-Ducher's seedlings that did not develop its bloom until after this great rosarian passed away in 1929. It was shown in France under the name Mme. Raymond

Gaujard, but will now be known as Olympiad.

We will not in words attempt to describe the brilliancy of its coloring, the beautiful formation of its buds and flowers but refer you to the illustration which gives a fair representation of its beauty. The plant is a strong, vigorous grower, free and perpetual flowering.

Strong Two-Year-Old Plants \$2.00 each.

Dreer's Select List of Popular Hybrid-Tea Roses

The Roses described on this and the following four pages, that is, pages 128, 129, 130 and 131, represent a careful selection of the best, popular, well-tried, standard Hardy Everblooming Hybrid-Tea varieties, all of them sorts that we unhesitatingly recommend for general planting.

The newer varieties, recent introductions of most noted Rose specialists, will be found described on pages 121 to 127 and all of them are especially recommended for your careful consideration.

NEW HYBRID-TEA ROSE, LADY MARGARET STEWART. See page 129

Angele Pernet. A rich, vivid, coppery-orange-yellow color, not approached by any other Rose. Its buds are long, opening to semi-double cupped fragrant flowers. An indispensable variety that you will love for its wonderful color.

Betty. Flowers of marvelous beauty, particularly so in the autumn. Color glowing coppery-rose, suffused with a golden sheen.

Betty Uprichard. A pretty combination of colors, inner face of petals delicate salmon-pink to carmine, outside glowing carmine with coppery sheen and orange suffusion; well-formed medium sized flowers of good substance and sweet scented.

Caroline Testout. One of the most popular and valuable bedding varieties; large, full globular flowers of bright satiny rose, with brighter centre, very free and fragrant.

Columbia. Of strong, vigorous habit and exceptionally free blooming. The flowers are perfect in form. Color a most pleasing shade of rose-pink and delightfully fragrant.

Constance. A free-flowering variety, producing long orange-yellow buds, streaked with crimson; as they develop they open to a full globular flower of golden-yellow.

Cuba. As a bedding Rose for brilliant effect we know of no variety that compares with this richly colored semi-double vermillion scarlet with orange suffusion. A vigorous grower and free flowering.

Dame Edith Helen. Perfect buds developing into wonderful flowers of immense size are produced singly on well-foliaged strong canes. The flowers are composed of very substantial broad petals which curl back prettily forming a glorious long pointed bud and a full double flower which is beautiful in every stage of development. Color a brilliant yet soft Rose du Barri pink; strongly sweet-scented.

Duchess of Wellington. Long shapely buds, with petals of great substance, color an intense saffron-yellow stained deep crimson, delightfully fragrant and very free flowering.

Duchess of York. Good sized well formed double flowers of distinct and unique coloring; a pretty shade of tangerine-orange with rose suffusion, passing to golden rose-pink as the flowers develop. A good free flowering garden variety.

Edel. An enormous bold, stately, well built flower of great depth, quality and finish. Color, white with the faintest ivory shading towards the base.

Elegante. Long sulphur yellow buds developing into large full creamy-yellow flowers, a strong vigorous grower and very free flowering, producing very fine flowers even during most unfavorable hot summer weather.

Elizabeth of York. Beautifully formed long pointed buds of a glowing cerise-red with yellow suffusion at the base; the petals as they unfold spread widely with a splendid reflex ultimately showing the stamens. An artistic, dainty, delicately colored flower.

Etoile de Feu. Very distinct and attractive large substantial globular buds expanding to large, cupped, full to centre flowers, of a rich flaming orange-pink with flame colored shadings, borne profusely throughout the season; the plant is of vigorous free habit with attractive glossy foliage.

Etoile de Hollande. The best allround red bedding Rose yet introduced. A strong vigorous healthy grower and free bloomer which, like the popular Radiance Roses, improves in vigor from year to year. It is a continuous bloomer with large, moderately double flowers that are particularly attractive in the half-blown state. In color a brilliant crimson red.

Felicity. A gem of a beautiful shade of mallow-pink shading to bright cerise at the edges, with soft creamy suffusion at the base of petals; fine long bud and splendid, large, double, sweet-scented cup-shaped flower. An exceptionally fine Rose.

NEW HYBRID-TEA ROSE, VATERLAND. See page 126

PRICE—Any of the above, in strong two-year-old plants, \$1.00 each; \$10.00 per doz.; \$80.00 per 100. 25 or more at 100 rate. This does not include the variety Vaterland for which see page 126.

Dreer's Select List of Popular Hybrid-Tea Roses

NEW HYBRID-TEA ROSE, PRESIDENT HOOVER. See page 133

Feu Joseph Looymans. Remarkable for its long pointed buds of brilliant orange buff and large moderately double-yellow flowers with apricot centre and spicy fragrance.

Francis Scott Key. Very large double flowers of a rich crimson-red; a strong sturdy grower and free bloomer that always attracts attention.

General MacArthur. One of the best all-around bedding Roses, its flowers are of good form, of a warm, rich crimson scarlet and very fragrant.

Golden Emblem. A most beautiful clear yellow, occasionally flaked with crimson on the outer petals, wonderfully well shaped buds and flowers on long stems, with rich glossy green foliage.

Hadley. Large flowers of an intense, rich, dazzling, crimson-scarlet shading to velvety crimson; fragrant.

Hoosier Beauty. Intense rich, dazzling crimson-scarlet, good sized full flowers deliciously scented.

Hortulanus Budde. One of the best bedding Roses of its color, a bright orange-scarlet, not unlike that of the popular Paul's Scarlet Climber; very free.

Imperial Potentate. Splendidly shaped buds develop into large, sweet scented double flowers of crisp, glistening rose-pink with silvery suffusion at the base of the petals. A valuable garden Rose.

I. Zingari. This most vivid shade of orange scarlet that one can picture, rich and glowing; while the flowers are only semi-double it always attracts attention on account of its rich color.

John Russell. A handsome brilliant red Rose; a rich deep velvety crimson of very large exhibition type, beautiful both in bud as well as in the fully expanded double flowers. Strong vigorous grower, delicately sweet scented.

Jonkheer J. L. Mock. One of the best bedding varieties. The flowers, produced with the greatest freedom are of large size of a deep imperial pink, the outside of the petals silvery-rose.

J. Otto Thilow. A rich glowing rose-pink, with long pointed buds, as the flowers expand, the petals reflex forming a beautiful large double high centre flower.

Julien Potin (The Golden Pernet). A rich golden yellow that grows richer and deeper as the flowers mature. The buds are long and shapely and develop into large, full flowers of beautiful form, delightfully sweet-scented.

Kaiserin Augusta Victoria. In color a soft pearly-white, tinted with just enough lemon in the centre to relieve the white, remarkably fragrant, beautifully formed flowers.

Killarney. One of the most popular of pink garden Roses. The blooms are large, the petals of great substance.

Killarney Brilliant. A "sport" from Killarney far more intense in coloring, a rich glowing shade of rosy-carmine, and in addition it is also larger and more double than its parent.

Killarney Double White. A pure white but more double form of Killarney, a beautiful Rose.

Killarney Queen. Also a sport of Killarney with larger, more double flowers which are absolutely perfect, color a sparkling cerise-pink.

Lady Alice Stanley. A gem that everyone admires; it is absolutely perfect in every way; in color it is a beautiful shade of coral-rose, the inside of the petals shading to flesh-pink, fragrant.

Lady Florence Stronge. A distinct and novel color; a reddish prawn to violet old rose shading to yellow at the base and pink towards the edge. The flowers are large, full and fragrant.

Lady Margaret Stewart. A Rose of unique color, the flowers in the young stage are a deep sunflower-yellow heavily veined and splashed with orange-scarlet, reverse of the petals deeply suffused with carmine; as the flowers develop these colors intermingle forming a beautiful cadmium orange effect. The bud is long and pointed, opening to a full double flower of pleasing decorative form of delightfully sweet scent.

Laurent Carle. Produces its large, deliciously scented, brilliant carmine flowers throughout the entire season.

Lord Charlemont. Intense crimson-scarlet, deepening to carmine-crimson with almost black shadings with perfectly shaped long pointed buds and large, full double, sweetly scented flowers.

NEW HYBRID-TEA ROSE, EDITH NELLIE PERKINS. See page 122

PRICE—Any of the above varieties, in strong two-year-old plants, \$1.00 each; \$10.00 per doz.; \$80.00 per 100; 25 or more at 100 rate. This does not include President Hoover for which see page 133 and Edith Nellie Perkins for which see page 122.

Dreer's Select List of Popular Hybrid-Tea Roses

NEW HYBRID-TEA ROSE, LADY FORTEVIOT. See page 124

Los Angeles. The long-stemmed flowers are of a luminous flame-pink, toned with coral, and shaded with translucent gold at the base of the petals. The buds are long and pointed and expand to flowers of absolutely perfect form and of rich fragrance.

Louise Catherine Breslau. Entirely distinct from all other Roses in color; a superb coral pink shaded coppery-orange and chrome yellow, large full flowers.

Lulu. A dainty nearly single Rose, with long buds which remind one of the miniature Fairy Rose Cecile Brunner, but much larger in size, color coral red, shaded with salmon-pink. Beautiful in bud form.

Margaret McGredy. See page 133.

Miss Rowena Thom. See page 132.

Mme. Butterfly. See page 132.

Mme. Edouard Herriot. See page 132.

Mme. Jules Bouche. See page 132.

Mme. Leon Pain. Entirely distinct in color, a silvery-salmon, with deeper orange-yellow shaded centre, the reverse of the petals being a salmony-pink; very free.

Mrs. Aaron Ward. A remarkably floriferous variety of strong, vigorous, but compact growth; the fragrant flowers, full double; in color a distinct Indian-yellow, shading lighter towards the edges.

Mrs. A. R. Barraclough. We have in this variety a most distinct and valuable bright but soft sparkling carmine-pink of even tone that passes to yellow at the base of the petals. The bud is long pointed and develops into a full double flower of model form; very fragrant.

Mrs. Arthur Robert Waddell. An attractive variety of distinct color, that everyone likes, a delicate, soft, rosy-salmon, suffused with a golden sheen; a free-flowering garden variety that should be in every collection.

Mrs. Beatty. An exquisite self-colored light lemon-yellow with the delightful perfume of the old favorite Marechal Niel.

Mrs. Charles Bell. Similar in habit to Radiance with splendid buds and flowers of fine globular form, of a lovely shell-pink color with salmon shadings, sweetly scented.

Mrs. Erskine Pembroke Thom. See page 132.

Mrs. Henry Bowles. See page 132

Mrs. John Bell. See page 133.

Mrs. Henry Morse. One of the best light pink varieties. Color two contrasting tones of pink with an underlying yellow glow, flowers large, full and very high pointed, fragrant and very free flowering.

Mrs. Lovell Swisher. A remarkably vigorous grower of branching habit, freely producing perfectly formed long shapely buds that develop into good double flowers. The color is a deep coppery salmon at base merging to salmon-pink at the tips.

Mrs. Redford. Bright apricot-orange one of the most lovely of this tone of color, an upright grower with holly-like mildew-proof foliage. The flowers are perfect in form, very free blooming.

Mrs. Wakefield Christie-Miller. As a pink bedding Rose there is none better. The flowers are of large size, remain perfect for a long time, and are produced very freely; they are of a bright pink color with lighter shadings.

Mrs. William C. Egan. A vigorous strong healthy grower, with long, pointed buds of absolutely perfect form, that develop into flowers of good shape. In color it is a two-tone pink, the reverse of the petals a soft light pink, the interior deep flesh color.

Norman Lambert. A distinct color combination. The outside of the petals is a deep chrome-yellow with a marginal color effect of brilliant orange-scarlet merging to an irregular zone of burnt orange, the inside salmon-orange suffused bronze, shading to yellow at the base, delightfully fragrant and free-flowering. A splendid bedder.

Ophelia. A variety which has made such a record for itself that qualifies it to be classed with the very best; a Rose that is admired by everyone; its flowers are held erect on long stiff stems, are of perfect form, good size, and of a most pleasing delicate tint of salmon-flesh, shaded with rose, very floriferous.

Padre. Most attractive and novel in coloring, with long petals of a coppery scarlet flushed with yellow at the base. Growth strong and upright and exceedingly free-flowering.

Patience. Splendid long pointed buds of a deep scarlet carmine opening to large fragrant double perfect blooms that shade from orange at the base of the petals to rich carmine at the edges. It is of strong robust habit and extremely free flowering for a Rose of its size.

Pink Pearl. In color a brilliant rich cerise pink the base of the petals touched with gold. The flowers are full double, of perfect form, delightfully sweet-scented and produced profusely.

NEW HYBRID-TEA ROSE, MRS. JOHN BELL. See page 133

PRICE—Any of the above varieties, in strong two-year-old plants, \$1.00 each; \$10.00 per doz.; \$80.00 per 100. 25 or more supplied at 100 rate. This does not include Lady Forteviot for which see page 124 and Mrs. John Bell for which see page 133.

Dreer's Select List of Popular Hybrid-Tea Roses

HYBRID-TEA ROSE, VILLE DE PARIS (City of Paris)

President Jac Smits. For brilliancy in color, a rich velvety crimson-scarlet, exceptionally long pointed buds of ideal shape, produced most generously, we know of no other variety that is its equal.

Radiance. See page 132.

Red Radiance. See page 132.

Rev. F. Page Roberts. A Rose of remarkable beauty both in form and color. The long pointed buds are of a coppery-red stained red on the outside and open to good full double fragrant flowers of a golden-yellow particularly high colored in late summer and fall. The plant is of vigorous branching habit with beautiful foliage. A most distinct variety that has deservedly gained great popularity.

Rose Marie. One of the best bedding Roses grown, remarkably free-flowering, producing large, long, ideal buds, which develop into full flowers of beautiful form, clear rose-pink.

Sensation. Splendid large crimson-scarlet, perfect in its long pointed bud as well as in the fully developed, sweetly scented, double flower. A strong vigorous grower that is particularly brilliant late in the autumn.

Shot Silk. One of the most beautiful of Alex. Dickson & Sons' introductions. Color orange-rose, overshot with golden-yellow and flushed soft rose, bud of beautiful shape, the open flowers cupped with reflexing outer petals, growth vigorous and free.

Sir David Davis. One of the best red bedding Roses. Color, an unfading deep glowing crimson of an even shade throughout. The flowers are of good size, pointed and of good form with large, heavy petals and strongly sweet scented.

Souvenir de Claudius Pernet. A most vigorous grower of erect branching habit, beautiful, brilliant green foliage, long pointed buds of exquisite shape, carried on long, stiff stems. Very large, full flowers with elongated deep petals, a beautifully formed bloom. Color, striking sunflower-yellow, deeper in the centre.

Souvenir de Georges Pernet. A valuable garden Rose, a strong vigorous grower and free flowering. The large flowers are beautiful both in bud and when fully expanded; color an intense Oriental red with golden suffusion shading to carmine at edges.

Souvenir de H. A. Verschuren. One of the best bedding Roses. In color it is a two tone yellow, the centre a beautiful apricot-yellow.

Stuttgart. On the type of Ville de Paris with medium sized, long pointed, shapely buds and double, very lasting, moderately fragrant, pure yellow flowers.

Talisman. See page 132.

The Queen Alexandra. A brilliant flower of intense vermillion deeply shaded old gold on reverse of petals, which spring from a pure orange base.

Ville de Paris (City of Paris). A very distinct rich buttercup yellow without a trace of any other color, retaining its richness under all weather conditions. In formation it is somewhat similar to Radiance, fairly double and splendid for cutting. Habit, upright and tall, a profuse bloomer.

Wilhelm Kordes. Unique and entirely distinct in coloring; a rich capucine red with coppery suffusion overlying a golden-salmon ground, varying in intensity under different weather conditions, but always beautiful and particularly high colored early in the season and in the autumn. The buds are long and pointed, opening to double high-centred very fragrant flowers.

William F. Dreer. A beautiful Rose. The flowers, which are similar in shape to Los Angeles, and like that variety, beautiful in all stages are at their best in the half expanded flower. These, in expanding, are of a soft, silvery shell pink at certain stages of development; a golden suffusion illuminates the entire flower.

Willowmere. This splendid Rose is of a coral-red color, suffused with carmine in the bud state, and opens to a large, full, handsome flower of a rich pink, shaded yellow in the centre.

NEW HYBRID-TEA ROSE, POLLY. See page 125

PRICE—Any of the above varieties in strong two-year-old plants, \$1.00 each; \$10.00 per doz.; \$80.00 per 100. 25 or more supplied at 100 rate. This does not include Polly for which see page 125.

SPECIAL OFFER. We will furnish one strong plant each of the 141 Hybrid-Tea Roses described on pages 121 to 133 for \$140.00. The best collection of Roses that has ever been offered

THE "DREER DOZEN"

Hardy Everblooming Hybrid-Tea Roses

For many years it has been customary for us to offer under this heading only the best and most popular varieties of Hybrid-Tea Roses. The collection offered this season has been carefully revised and the selection has been made based on careful observations made in our own trials and in various parts of the country as well as from favorable reports received from satisfied customers.

We recommend this collection for general planting to the amateur who wishes a limited number of varieties, and who is desirous of a supply of extra choice flowers to cut throughout the season. Those who desire a more extensive collection can select with perfect confidence any variety in our collection of Hybrid-Tea Roses. There is not one individual sort which we cannot endorse as possessing superior merit, all having been thoroughly tested.

HYBRID-TEA ROSE, ETOILE DE HOLLANDE

Betty Uprichard. A pretty combination of colors, inner face of petals delicate salmon-pink to carmine, outside glowing carmine with coppery sheen and orange suffusion; well-formed medium sized flowers of good substance and sweet scented.

Duchess of Wellington. Long shapely buds, with petals of great substance, color an intense saffron-yellow stained deep crimson, delightfully fragrant and very free flowering.

Etoile de Hollande. The best allround red bedding Rose yet introduced. A strong vigorous healthy grower and free bloomer which, like the popular Radiance Roses, improves in vigor from year to year. It is a continuous bloomer with large, moderately double flowers that are particularly attractive in the half-blown state. In color a brilliant crimson red.

Mme. Edouard Herriot (The Daily Mail Rose). In color its buds are coral-red, shaded with yellow at the base, the open flowers of medium size, semi-double, are of a superb coral-red, shaded with yellow and bright rosy-scarlet passing to salmon pink. A wonderful color combination.

Mme. Butterfly. Beautiful buds and flowers, light soft pink tinted yellow at base of petals, very free and highly scented.

Mme. Jules Bouche. While not a pure white, it being at times slightly tinted with blush at the centre, it is to all intents white and without question one of the best white everblooming bedding Roses. The flowers are large, quite double and of splendid form, both in the bud as well as in the fully expanded flower; it is fragrant, a vigorous grower and very free flowering.

Miss Rowena Thom. In vigorous habit of growth, its adaptability to varied climatic conditions, it equals the popular Radiance Roses, but its flowers are of much larger size, frequently 5½ inches in diameter, equal to the best recent introductions and all of which it will outclass in freedom of flowering. Its buds are long and shapely, opening to perfect double flowers of a brilliant rose-pink, the base of the petals having a golden suffusion which as the fragrant flowers unfold, adds to the brilliancy of its coloring.

Mrs. Erskine Pembroke Thom. The best yellow bedding Rose we have to-day. It is of clean healthy vigorous growth with abundant dark bronzy disease-resisting foliage and a continuous free bloomer throughout the season. The good-sized buds are long and develop into full double very shapely flowers of a rich deep lemon yellow sweetly scented.

Mrs. Henry Bowles. One of the best bedding varieties grown, always in flower and perfect in every stage of development. In color it is of an intense brilliant pink with lighter salmon pink shadings. A model Rose in every way.

Radiance. An ideal bedding Rose of American origin that continues to produce its large fragrant flowers throughout the most unfavorable hot summer weather when frequently many other varieties fail; in color a brilliant carmine-pink, with salmon-pink and yellow shadings at the base of the petals; truly a Rose for every garden.

Red Radiance. A counterpart of Radiance from which it is a "sport," possessing all the good traits of that valuable variety but differing in color it being a bright cerise-red.

Talisman. The Rose of many Gold Medals. It is the most remarkable piece of coloring that we know in any Rose; a combination of shadings of gold, apricot, yellow and deep pink or old-rose. The outside of the petals is bright yellow, gold, and pink; as the flower develops and the petals unfold they become bright apricot, gold, deep rose-pink or old-rose. The bud is long, perfectly formed, averaging about 25 to 28 petals, the plant is a strong, vigorous grower with glossy green foliage and free flowering.

PRICE—Any of the above in strong two-year-old plants, \$1.00 each; \$10.00 per doz.; \$80.00 per 100. Twenty-five or more plants supplied at 100 rate. One each of the "Dreer Dozen," a fine collection, for \$10.00.

The Dreer "Gold Medal Dozen"

New Hardy Everblooming Hybrid-Tea Roses

NEW HYBRID-TEA ROSE, DUCHESS OF ATHOLL

The wonderful advance made during recent years in this popular type of Rose is well exemplified in this collection of twelve varieties of outstanding merit of recent introduction, and we especially recommend this Gold Medal Dozen, as a desirable up-to-date addition to the thousands of our patrons who now have the Dreer Dozen growing in their gardens.

Impress (Alex. Dickson & Sons, 1929). A novelty which on account of its coloring and its perfectly formed large double flower, will please every Rose lover. The ovoid buds when first unfolding are cardinal-red with orange suffusion and develop into very large, full double very perfect blooms that last in good shape and are of a pretty salmon-rose color suffused with a luminous golden sheen. The plant is a strong vigorous upright grower and exceptionally free flowering. \$1.50 each. See illustration, page 124.

Lucie Marie (Alex. Dickson & Sons, 1930). Very long pointed buds, deep yellow splashed with red. As the outer petals unfold, the inner face is yellow with coppery venation with the tips of the petals lightly tipped with pink, slightly fragrant. It is of strong vigorous healthy habit of growth with dark-leathery foliage. A most distinct and interesting bedding variety. \$1.50 each. See illustration, page 124.

Margaret McGredy (McGredy & Son, 1927). We consider this a masterpiece of McGredy's. Large brilliantly-colored double flowers of an entrancing shade of rich Oriental red, passing to carmine-rose, lasting a long time. The plant is of vigorous bushy habit, very free flowering; light spicy fragrance. \$1.00 each.

McGredy's Scarlet (McGredy & Son, 1930). A new red Rose of marked superiority on account of its strong vigorous growth, free and continuous habit of flowering and its brilliant color. The flowers are of good size, full double of a brilliant scarlet, orangy yellow at base of petals, the upper portions of same being lightly touched with crimson, varying some in color under changing weather conditions but always beautiful. \$1.50 each. See illustration, page 125.

Mevrouw G. A. Van Rossem (Van Rossem, 1926). A marvelously beautiful Rose with a unique color combination not found in any other variety, a most striking blending of dark vivid orange and apricot on a golden yellow ground with frequently touches of bronze on the reverse of the petals. The sweet-scented flowers are very large, of perfect formation both in the bud as well as in the fully developed flower and are produced very freely on vigorous upright growths. \$1.50 each.

Mme Nicolas Aussel (Pernet-Ducher, 1930). An outstanding introduction of the late Mr. Pernet-Ducher. In color a bright coppery red in the very long, shapely tapering bud that develops into a large full double flower of an exquisite opalescent salmon pink. Growth vigorous and healthy, free and continuous bloomer. \$1.50 each. See illustration, page 123.

Mrs. John Bell (John Bell 1928). A Rose of exceptional merit, of a most attractive vivid shade of cochineal carmine, with large long pointed shapely buds and very large full double cupped fragrant flowers borne singly on good stems. Growth vigorous, bushy habit with disease resistant foliage and a profuse bloomer. \$1.50 each. See illustration, page 130.

President Hoover (L. B. Coddington, 1930). A glorious Rose, wonderfully free in the easy manner in which it grows and charming in its color arrangement which is a splendid combination of cerise-pink, flame, scarlet and yellow; this combination of colors gives the most dazzling color effect imaginable. The buds are beautifully pointed, the flowers large, composed of broad thick heavy petals, with an exquisite fragrance. It is exceptionally free flowering and everyone will be delighted with its habit of growth. \$1.50 each. See illustration, page 129.

Caledonia (Dobbie & Co., 1928). Large, very long pointed conical buds with the edges of the outer petals gracefully rolled back; flowers very large and full double, high centre, slightly fragrant and borne singly on long strong stems. Color, when first expanding, slightly lemon tinted, changing to a pure white as the flowers develop. Habit very erect, of vigorous constitution, dark green disease-resistant foliage, and a continuous free bloomer; a fine garden Rose. \$1.50 each. See illustration, page 122.

Charles P. Kilham (Beckwith & Sons, 1926). A brilliant, distinct and striking variety. The buds are long pointed of perfect shape, opening to high centered double flowers of rich and brilliant Oriental red, flushed with orange and glowing scarlet. A vigorous grower; very free flowering and sweetly tea-scented. \$1.00 each. See illustration, page 122.

Duchess of Atholl (Dobbie & Co., 1928). The coloring is uncommon and delightful; bud large, globular, deep bronzy orange; flower large, double, cupped-form, very lasting, intensely fragrant, of a golden orange color flushed old rose and borne singly on long stems; growth vigorous; a free continuous bloomer. \$1.50 each.

E. G. Hill (E. G. Hill Co., 1929). Among the many Roses raised by Mr. Hill we consider this new red variety one of the most valuable. While it has gained great popularity as a winter cut flower, it is equally good for garden purposes, the long buds of perfect form, as well as the high centered full double flowers are of a dazzling scarlet, shading to a deeper pure red as they develop; of strong vigorous and free flowering habit. \$1.50 each. See illustration, page 121.

We will supply one strong two-year-old plant of the above Gold Medal Collection of Splendid New Varieties, the set of twelve for \$15.00 or 100 plants made up of the 12 varieties for \$115.00

THE NEW DAWN THE EVERBLOOMING DR. W. VAN FLEET

The First Plant Patented Under the
United States Patent Laws.

Patent Number 1, the first patent issued August 18, 1931, under the new Patent Law has been granted to the originators of the New Dawn Rose, giving them the sole rights for the propagation of this desirable new variety.

This new Rose is a sport from Dr. Van Fleet which is universally acknowledged as the best and most popular American Climbing Rose. This new variety is identical in every way with its parent in size and formation of its long pointed flesh pink buds and double flowers, but blooms continuously throughout the summer and fall months. Really the first worth while Hardy Everblooming Climber introduced; a variety that every Rose lover will be anxious to possess. Strong, two-year-old plants, \$2.00 each.

Primrose, the New Yellow Rambler

The ideal hardy yellow rambler, a strong vigorous grower and hardy under the same conditions under which Dr. Van Fleet and similar varieties will succeed. In color light primrose-yellow which is maintained until the petals drop. Its flowers are borne in trusses of from 2 to 5, on long stems, about 2½ inches in diameter. The plant is of vigorous climbing habit, free flowering, mid-season and the flowers last in good condition for a long time, with healthy dark foliage. \$1.00 each; \$10.00 per doz.

New Climbing Polyantha Rose Climbing Lafayette

A sport of the popular Bedding Polyantha Rosé Lafayette, possessing all of the good characteristics of that desirable variety, but of a strong, vigorous, climbing habit, producing its good-sized, very attractive, bright crimson scarlet flowers very freely in large trusses. The plants are covered with bloom from top to bottom in early summer, with some intermittent periods of bloom during the late summer and fall. \$1.00 each; \$10.00 per doz.

Albertine. An Attractive Climber

Though introduced ten years ago is little known. A clean healthy vigorous grower with dark glossy foliage and good sized, double, cupped, lasting, fragrant flowers, borne profusely in clusters in May and June. Color a pretty, delicate coppery salmon pink. Strong two-year-old plants, \$1.00 each; \$10.00 per doz.

New Climbing Rose Thelma

Similar in habit of growth to Paul's Scarlet Climber which is one of its parents. The flowers are large for this type of Rose, being 3 inches in diameter, usually with three rows of petals, produced in clusters of from 3 to 18 blooms, which last in good condition a long time. Color a delicate coral pink suffused with carmine. Strong two-year-old plants, \$1.00 each; \$10.00 per doz.

Jacotte. A Gem Among Climbers

A favorite variety now, but destined to find a place among the most popular, when its merits and distinct coloring becomes better known. In color a deep orangy yellow, tinted coppery red; flowers of good size, semi-double, very lasting, moderately fragrant, borne several together on long stems. Blooms profusely in May and June. Strong two-year-old plants, \$1.00 each; \$10.00 per doz.

New Hardy Climbing Roses and Specially Meritorious Varieties

Chaplin's Pink Climber

This striking novelty originated in the same nursery in which Paul's Scarlet Climber was raised. It is a cross between Paul's Scarlet and American Pillar, of strong growth, perfectly hardy, producing its large flowers, similar in size and form to Paul's Scarlet, profusely in strong trusses of from 8 to 12 flowers each, but in color a rich lively pink. \$1.00 each; \$10.00 per doz.

Mme. Gregoire Staechelein

Mme. Gregoire Staechelein has inherited the best qualities of both of its popular parents, Frau Karl Druschki and Chateau de Clos Vougeot. The long-pointed buds are crimson at first as the sepals divide, then the firm outer petals show splashes of carmine as the flower opens, with an iridescent pearl-pink inside and it is richly perfumed.

It grows 12 feet or more and has large, disease-resistant foliage. The main stem of the plant shoots upright and the long bloom-spurs stand out 18 inches at right angles, with exquisite, full, fragrant blooms. These blooms come early in June and last over a long period. \$1.25 each; \$12.50 per doz.

CHAPLIN'S PINK CLIMBER

SPECIAL OFFER. We will supply the collection of Eight Choice Hardy Climbing Roses, one plant of each in strong two-year-old plants for \$7.50

Hardy Climbing and Rambler Roses

BEAUTY
MME. GREGOIRE
STAECHELIN
See page 134

Dr. W. Van Fleet. A Rose, which on account of its dainty color and exquisitely shaped buds and flowers, has become a great favorite. The long pointed buds are of a rich flesh-pink on stems 12 to 18 inches long; splendid for cutting. A strong vigorous grower.

Emily Gray. A real yellow climbing Rose. The buds are long and pointed, of splendid shape; in color a beautiful light orange-yellow, changing to pale orange as they expand; they are borne on stiff stems of sufficient length for cutting, these stems are of a crimson-red color which together with the unusually dark green, glossy holly-like foliage, adds a charm to the flowers. Requires protection north of Philadelphia.

Ernestine Cosme. A unique single flower of pretty form and of a delicate soft pink produced in great pyramidal-shaped, many flowered sprays, in greatest profusion; a vigorous healthy grower.

Gardenia. Buds bright yellow, opening to double flowers of cream color; incurving towards evening to the shape and color of a Cape Jessamine, hence its name.

Le Reve. Bright sunflower yellow on the style of the old favorite Persian Yellow but with long pointed buds and semi-double attractive flowers 2½ inches across, produced early in the season. Useful as a pillar Rose.

Marie Gouchault. Identical with Dorothy Perkins, excepting in color, which is a clear geranium-pink without magenta shadings. Very free and early.

Mary Lovett. Large well-formed flowers of pure waxy white, sweetly scented.

Mary Wallace. Well formed, flowers of a bright clear rose-pink with salmon base to the petals, flowers large, generally exceeding four inches in diameter, very free flowering.

Paul's Lemon Pillar. A very beautiful and entirely distinct showy large double, sulphur-yellow, perfectly formed flower, that has proven hardy in this latitude. Fine as a pillar Rose.

Paul's Scarlet Climber. The most popular of all climbing Roses. Unequaled in brilliancy by any other variety, these are of a vivid scarlet, of large size and are produced in clusters of from 3 to 20 flowers on long, strong stems.

Phyllis Bide. A small but dainty gem that frequently flowers intermittently during the summer and fall. The buds of exquisite form opening with gracefully reflexing petals pale gold at base, flushed with pretty carmine towards the edges and are carried on long graceful sprays.

Alida Lovett. Bright shell-pink with light yellow shadings at base of petals, flowers of good size and quality.

American Pillar. A single flowering variety of great beauty. The flowers are of large size, of a lovely shade of pink with a clear white eye and cluster of yellow stamens. These flowers are borne in immense bunches and a large plant in full bloom is a sight not easily forgotten.

Bess Lovett. Resembles Climbing American Beauty, in shape of flower, but is brighter in color, a clear bright red, of good size and of double form, strong and very fragrant.

Bonfire. The best of the red ramblers. Color intense crimson scarlet or fiery red in many flowered trusses.

Christine Wright. Very large cupped flowers of an exquisite and refreshing bright wild rose pink color, borne in long-stemmed sprays; occasionally flowering in fall.

Climbing American Beauty. Its name is somewhat misleading, but it is one of the best climbing Roses; a strong healthy vigorous grower, frequently making shoots from 10 to 12 feet long, and good sized flowers for a climbing Rose that blooms so freely; color deep rose pink, of good form and substance.

Crimson Rambler. Large clusters of crimson flowers.

Dorothy Perkins. Soft shell-pink, flowering profusely in large clusters, very fragrant and lasting. A favorite variety.

Dr. Huey. Similar in habit of growth and form of flower to Paul's Scarlet Climber, but of an intense dark crimson maroon color, and when fully expanded shows its numerous golden stamens, making a beautiful color combination.

Silver Moon. Different from all other Roses, with beautiful fragrant semi-double flowers four and a half inches and over in diameter; creamy white in color, petals of great substance, beautifully cupped.

Star of Persia. A brilliant Rose with flowers on the order of the lovely old Harrison's Yellow, semi-double, bright yellow, and about 3 inches across. A striking variety, bursting into showers of sparkling bloom in June.

Tausendschoen. Well known soft pink favorite.

Wichuraiana (*Memorial Rose*). Pretty, fragrant single pure white flowers with yellow stamens followed in fall by bright red hips or berries, a good climbing Rose where no great height is required, especially valuable where a trailing plant is desired, forming a dense mat of almost evergreen foliage.

NEW HARDY CLIMBING ROSE, PRIMROSE

PRICE. Any of the Hardy Climbing and Rambler Roses offered on this page, in strong two-year-old plants, 75 cts. each; \$7.50 per doz.; \$60.00 per 100

SPECIAL OFFER—One each of the 24 Hardy Climbing and Rambler Roses, described on this page, a splendid collection for \$14.00

NEW POLYANTHA ROSE, MAGNIFIQUE

Four New Polyantha or Baby Roses

Gloria Mundi. A most striking new orange scarlet, a wonderful improvement over all Roses of this type, in color the most brilliant orange scarlet imaginable that does not fade but retains its brilliancy to the finish. The flowers are well formed, full double and borne in many flowered graceful clusters. A free and continuous bloomer.

Magnifique. Of the same attractive shade of pink as the rambler Dorothy Perkins, but with a light centre and much larger flowers with undulated or wavy petals forming a most graceful semi-double flower produced profusely and continuously in large branching panicles.

Pink Lafayette. Identical except in color with the favorite red variety Lafayette from which it originated as a sport; color a lively rose pink.

Scarlet Button. Originated with us as a sport from Locarno and is the richest and brightest of the Baby type yet introduced; in color an intensely rich and brilliant scarlet, flowers of medium size, produced in many flowered gracefully arranged trusses.

PRICE. Either of the New Baby Roses \$1.00 each, or one each of the set of 4 varieties for \$3.00.

SPECIAL OFFER. We will supply one strong plant each of the 16 Polyantha or Baby Roses described on this page for \$10.00.

Three New Single Hybrid-Polyantha Roses

Unlike all other single Roses, these new hybrids are of very vigorous habit, growing from 2 to 3 feet high and are a mass of attractive flowers throughout the season. The blooms are about two inches or more across, very substantial, not only holding their brilliant colors without fading but last ten days or more. We recommend these three varieties, they will not disappoint.

Else Poulsen. A beautiful tone of pure rose-pink.

Kirsten Poulsen. Rich bright scarlet.

Salmon Spray. Semi-double, rich salmon-pink flowers, with carmine reverse, sweetly scented, very free.

PRICE. 75 cts. each; \$7.50 per doz.; \$60.00 per 100.

Polyantha or Baby Roses

A type of Rose which is very popular for bedding purposes. They form shapely, compact bushy specimens about 18 inches high, producing in great profusion from early in the season until severe frost immense trusses of small flowers.

Cecile Brunner (*The Fairy, or Sweetheart Rose*). A variety with dainty double little flowers of perfect form produced in many flowered graceful sprays; color a soft rosy-pink on a rich creamy-white ground.

Chatillon. Very distinct, a pretty silvery crimson-rose passing to a white centre, very free, one of the most desirable varieties.

Echo. Comparatively large flowers of a soft pink, not unlike in color to the popular climber, Tausendschoen.

George Elger. Buds bright yellow developing into dainty pale creamy yellow blooms of pretty form in graceful sprays.

Golden Salmon. A new color, a greatly admired rich and brilliant golden orange scarlet.

Katherine Zeimet. Very free, full double, fragrant, pure white.

Lafayette. Very attractive large, bright crimson-scarlet, in sprays of 40 or more flowers each, that can be depended upon for a continuous display throughout the season.

Le Marne. A beautiful semi-double with very pretty, good sized flowers, bright salmon-rose at the edges, rosy blush at the centre, exceptionally free and continuous flowering, one of the prettiest.

Locarno. Brilliant glowing Oriental or Turkish red which as flowers mature passes to a pretty cochineal carmine.

Miss Edith Cavell. Brilliant scarlet-red with darker shadings, one of the most desirable deep colored varieties.

Mme. Norbert Levavasseur (*Crimson Baby Rambler*). Similar in color to the climbing Crimson Rambler. Very popular.

Orleans. Of good size, flowers double, brilliant geranium-red with white centre, very free and reliable.

PRICE. Any of the above, 75 cts. each; \$7.50 per doz.; \$60.00 per 100. One each of the collection of 12 varieties for \$7.50.

POLYANTHA ROSE, CECILE BRUNNER (Sweetheart Rose)

Everblooming Hybrid-Perpetual Rose Mme. Albert Barbier

This remarkably distinct Hybrid-Perpetual variety in its habit of flowering is as free as many of the popular Hybrid-Tea varieties, its seed parent is Frau Karl Druschki, from which it has inherited a strong, clean, vigorous growth, its buds are long and well formed of a pearly white color suffused with soft, salmony flesh and develop into large, full double imbricated flowers of splendid form which as they expand, show a golden apricot suffused centre. A gem in every respect. \$1.00 each.

Hybrid-Perpetual Roses

The varieties listed below are the best in the Hybrid-Perpetual class, which before the development of the Hybrid-Teas, was the most popular type for garden planting, and even now they dare not be overlooked, but should be used extensively with other sorts, especially so in localities where the hardness of the Hybrid-Tea varieties has not been established.

American Beauty. Rich dark carmine.

Anna de Diesbach. Bright carmine-rose of large size.

Baroness Rothschild. Pale satiny-rose, very large.

Captain Hayward. Large crimson of fine form, fragrant.

Clio. Delightful satiny-flesh with deep centre; the flowers are large, globular and borne on long stems.

Frau Karl Druschki. This is the ideal hardy white Rose.

General Jacqueminot. Brilliant scarlet crimson.

George Arends. A beautiful pink variety.

Gloire de Chedane Guinoisseau. Large globular vermilion red.

Henry Nevard. Crimson scarlet of large fine form, very fragrant, one of the freest flowering.

Magna Charta. Bright pink, suffused with carmine.

Mrs. John Laing. Soft pink of splendid form, exceedingly fragrant and very free flowering.

Mrs. R. G. Sharman Crawford. Deep rosy pink, outer petals shaded with flesh, one of the freest bloomers and a splendid Rose in every respect.

PRICE. Any of the above, in strong two-year-old plants, \$1.00 each; \$10.00 per doz.; \$80.00 per 100
SPECIAL OFFER. One each of the above 17 varieties, including the variety Mme. Albert Barbier, a splendid collection of these absolutely hardy Roses for \$14.00

EVERBLOOMING HYBRID-PERPETUAL ROSE, MME. ALBERT BARBIER

Paul Neyron. Deep rose, of immense size.

Prince Camille de Rohan. Deep velvety crimson-maroon.

Ulrich Brunner. A bright cherry red.

Tree-Shaped Roses

We are pleased to be able to offer a nice assortment of these in real good plants with stems 36 to 42 inches high.

Betty Uprichard. Salmon-pink with carmine suffusion and coppery sheen.

Caroline Testout. Large full globular flowers of a bright satiny rose, brightening to centre.

Etoile de Hollande. One of the best all around bright reds.

Frau Karl Druschki. Free flowering large pure white Hybrid Perpetual.

Gruss an Teplitz. Rich scarlet shading to crimson, always in bloom.

Killarney Queen. A brilliant sparkling cerise-pink of fine form.

Lady Alice Stanley. A beautiful shade of coral-rose.

Los Angeles. Luminous flame-pink toned with coral, shaded gold at base of petals.

Mme. Butterfly. Beautiful buds and flowers; light soft pink tinted yellow at base.

Mme. Edouard Herriot (The Daily Mail Rose). Brilliant coral-red shaded yellow.

Mme. Jules Bouche. The ideal white bedding Rose.

Mrs. Aaron Ward. Distinct Indian-yellow shading lighter towards the edge of petals.

Mrs. Erskine Pembroke Thom. The best yellow outdoor Rose; a vigorous grower and free flowering.

Mrs. Henry Bowles. Intense brilliant pink with lighter salmon pink shadings; very free.

Ophelia. Delicate tint of salmon-flesh shaded rose; very free.

Radiance. The most popular pink bedding Rose.

Red Radiance. Bright cerise-red.

Souvenir de Claudius Pernet. Beautiful formed buds and flowers of striking sunflower-yellow.

Price. Any of the above, \$3.00 each; \$35.00 per doz.

TREE-SHAPED ROSES

For a ground cover, for covering a steep bank or for trailing over a stone wall use Rose Max Graf, described and illustrated on page 139

FOUR PERPETUAL FLOWERING BEDDING ROSES

Gruss an Aachen. A very distinct type of Polyantha Rose with exceptionally large flowers for this type, always a mass of bloom throughout the season, color flesh pink with salmon and yellow shadings, very effective as a bedder.

Gruss an Teplitz. This is a Rose for everybody, succeeding under the most ordinary conditions. In color it is of the richest scarlet, shading to a velvety crimson; very fragrant, a free, strong grower and in bloom all the time.

Hermosa. Less than twenty-five years ago this was perhaps the most popular bedding Rose and it still has many friends on account of the freedom with which its medium sized, perfect shaped double, bright pink flowers are produced, it rarely being out of bloom.

Pink Gruss an Aachen. This desirable variety originated as a sport from Gruss an Aachen, retaining all of the good qualities of this free flowering bedding variety but it is more striking in color, it being deeper and more intense particularly in the pink suffusion. \$1.00 each.

Price. Any of the above, except where noted, in strong two-year-old plants, 75 cts. each; \$7.50 per doz.; \$60.00 per 100. One each of the 4 sorts for \$3.00.

HYBRID-POLYANTHA ROSE, PINK GRUSS AN AACHEN

Climbing Hybrid-Tea and Tender Climbing Roses

While not as free flowering as the bush type of Hybrid-Tea Roses, these climbing forms produce a large crop of flowers in June, with a liberal scattering of blooms throughout the season. All of these varieties require careful protection in the latitude of Philadelphia but are especially desirable in the southern states.

Billy Boiler. A strong vigorous grower, long upright shoots producing freely dazzling red flowers.

Black Boy. A sweet scented large fiery scarlet overlaid with blackish maroon.

Climbing Caroline Testout. Combines all the good points of the popular pink bush Rose in climbing form.

Climbing Golden Emblem. A most beautiful clear yellow, occasionally flaked with crimson on the outer petals, wonderfully well shaped buds.

Climbing Hoosier Beauty. Beautifully shaped buds of large size, of a rich dazzling scarlet.

Climbing Kaiserin Augusta Victoria. A climbing form of this popular white Rose.

Climbing Lady Ashtown. The best of the climbing Hybrid-Tea varieties. Very large rose pink flowers.

Climbing Los Angeles. A strong climbing form of the popular Rose Los Angeles, producing equally beautiful sweet scented flowers of a luminous flame-pink with golden coral suffusion.

Climbing Mme. Edouard Herriot. A climbing form of the popular coral pink Daily Mail Rose.

Climbing Mrs. Aaron Ward. A climbing form of this popular Indian-yellow variety.

Climbing Mrs. Lovell Swisher. Very vigorous grower, delicate salmon pink.

Climbing Red Radiance. Identical with its popular parent excepting it is of climbing form, a valuable hardy pillar Rose.

Climbing Rose Marie. Climbing form of the attractive rose-pink bedding variety.

Climbing Souvenir de Claudius Pernet. This climbing sport of this beautiful yellow Rose will make a fine subject as a climber or pillar Rose.

Kitty Kininmonth. An attractive bright fadeless pink with large buds and very large cupped flowers; very vigorous.

Marechal Niel. Superb; bright golden-yellow.

Miss Marion Manifold. A brilliant rich crimson, said to be the finest climbing Rose yet produced.

Price. Any of the above, \$1.00 each; \$10.00 per dozen.

Dainty Single Flowering Hybrid-Tea Roses

These dainty single everblooming free flowering varieties possess a grace and elegance which makes them deserving of far greater popularity than that heretofore given them. Their flowers last well when cut and when displayed in individual vases are charming and admired by everybody.

Dainty Bess. An appropriate name for a daintily colored and well formed flower, 3½ inches in diameter, composed of delicately crinkled and wavy petals of a pleasing shade of shell pink with a conspicuous bunch of crimson stamens. A strong, vigorous grower and profuse flowering, the flowers being produced on strong branching stems.

Ethel James. One of the most artistic. Very large, sweetly scented, flowers opening out in salver form, of a deep carmine flushed with orange.

Irish Elegance. An elegant variety with bronzy pink buds expanding with apricot and yellow shades, a strong grower and always in bloom.

Irish Fireflame. A glorious variety, bearing its flowers in clusters of five or more; splendid for cutting in sprays in bud form. These buds are wonderfully rich in coloring, a rich deep orange, splashed with crimson, opening to large flowers of a satiny old-gold.

Isobel. A lovely delicately colored variety. The flowers are 4½ inches in diameter of a flushed carmine and orange passing to pink, fragrant and free.

Price. Any of the above \$1.00 each; \$10.00 per doz.; \$80.00 per 100. One each of the 5 varieties for \$4.50.

New Hybrid-Rugosa Rose Dr. Eckener

This new Rugosa Hybrid is a welcome addition in this very hardy type of Rose. It will be found particularly valuable to plant in the shrubbery border or as an individual specimen or clump in the garden. It is strong, vigorous and hardy in growth, with good sized flowers of cupped form and entirely distinct in color, being a silken or luminous buff pink with golden suffusion. Strong two-year-old plants, \$1.50 each; \$15.00 per doz.

SHRUB ROSES

We group under this heading various types and species of Roses that are of strong habit of growth and will be found especially adapted to plant in mixed Shrubbery Borders, or in separate beds or groupings or as individual specimens in the garden.

ROSA HUGONIS

Hybrid Sweet Brier Roses

- Anne of Geirstein.** Dark crimson, of graceful habit.
Bradwardine. Clear pink flowers of fine form.
Lady Penzance. Beautiful soft tint of copper with metallic lustre, the base of each petal is yellow.
Lord Penzance. Soft shade of fawn or ecru, passing to a lovely lemon-yellow in the centre, sometimes tones with a most delicate pink; a good grower and abundant bloomer, very sweet-scented. Any of the above varieties, \$1.00 each; one each of the 4 varieties, \$3.50.

Austrian Brier Roses

- Austrian Copper.** Bright coppery red, the reverse of the petals golden yellow. An old very hardy favorite.
Harison's Yellow. Fine double golden-yellow flowers.
Persian Yellow. Medium sized deep yellow double flowers very hardy; to flower freely should receive little or no pruning.
Price. \$1.00 each. Set of 3 varieties for \$2.50.

Moss Roses

- Blanche Moreau.** Large pure white.
Crested Moss. Rose color, beautifully crested.
Henry Martin. Fine crimson, very vigorous.
Salet. Large full double, light rose.
 75 cts. each; one each of the 4 varieties, \$2.75.

Rose Species

- Rosa Hugonis.** A splendid Rose for the Shrubbery border with delicate yellow single flowers produced on long arching sprays early in May, after it has finished flowering it remains an attractive decorative bush for the balance of the season; perfectly hardy. \$1.00 each; \$10.00 per doz.; \$80.00 per 100.
Rosa Moyesi. A strikingly beautiful species, similar in habit of growth to Rosa Hugonis but growing from 6 to 10 feet high with attractive, brilliant, single, deep blood-red flowers, in June. \$1.50 each.
Rosa Xanthina. Bright yellow double flowers about two inches across, really a double flowering Hugonis with better foliage and lasts in flower for a much longer period. \$1.50 each.

Rugosa Roses and their Hybrids

- Agnes.** Copper yellow buds and flowers turning to amber yellow as they develop, the only Rugosa of a yellow color. The flowers are of good size for this type, sweetly scented and produced freely in early summer. \$1.00 each.
Blanc Double de Coubert. Double pure white.
Conrad Ferdinand Meyer. Clear, silvery rose.
Hansa. Attractive double reddish-violet.
Red F. J. Grootendorst. Imagine a shrub-like Rugosa Rose covered with trusses of crimson Baby Rambler Roses and you will have a fair conception of this new hybrid variety. It is valuable to plant as an isolated specimen or in a mass in a bed or in the shrubbery border or use it for an everblooming hedge. It is absolutely hardy and continues in bloom until late in the fall.
Pink F. J. Grootendorst. Identical with the above variety, except in color, which is a splendid clear pink.
Rugosa. Large single rosy carmine.
—Alba. Large single white.

Price, except where otherwise noted, 75 cts. each; \$7.50 per doz.; \$60.00 per 100. One each of the 8 varieties for \$6.00.

Hybrid-Musk Roses

Perpetual flowering Roses of shrub-like habit, valuable for planting in the shrubbery, being particularly attractive in the fall.

- Cornelia.** Always in bloom, with fragrant rosette shaped flowers about 3 inches in diameter, borne in clusters. Color strawberry flushed yellow.
Penelope. Semi-double, shell pink flowers shaded saffron, borne in branched clusters. Growth vigorous, nearly always in bloom.
Price. Either variety, \$1.00 each; \$10.00 per doz.

Trailing Hybrid-Rugosa Rose Max Graf

Makes an excellent pillar or climbing Rose, but will be found most valuable as a ground cover for which purpose it is far superior to any of the Wichuraiana varieties. The foliage resembles Rosa Rugosa, is retained very late in the season, it is practically immune to insects and diseases and is absolutely hardy. Its flowers are large, single, bright pink with prettily crimped petals. For planting on a steep bank or for trailing over a stone wall, it has no equal. 75 cts. each; \$8.00 per doz.; \$65.00 per 100.

TRAILING ROSE, MAX GRAF

DREER'S SELECT DAHLIAS

ONE OF OUR LEADING SPECIALTIES

All the Dahlias offered in this catalogue will be supplied in dormant field-grown roots or in strong divisions of such roots of proper planting size (not clumps), excepting the Novelties and Varieties of Special Merit, offered on pages 140 and 141. These can only be supplied in specially prepared strong vigorous green or growing plants, which will be ready for delivery after May 15th.

We have prepared a leaflet on the growing of Dahlias, a copy of which we will be pleased to send free on request.

DAHLIA NOVELTIES and VARIETIES of SPECIAL MERIT

This collection consists of new American and European introductions, including a few older sorts which are still scarce and compares in quality with some of the best of recent introductions.

Aleonora (*Cactus*). A splendidly formed flower of medium size composed of long quilled or rolled petals; in color a distinct and pleasing shade of violet-mauve. Plants, \$1.00 each.

Amundsen (*Hybrid Cactus*). An ideal variety for cutting or garden decoration; remarkably free flowering on good long stems; in color a lively shade of rosy-salmon. Plants, \$1.00 each.

Befreiung (*Cactus*). A large bold flower on strong stem, very free and differing from all others; in color a distinct reddish-bronze. Plants, \$1.00 each.

Charlotte Lafrenz (*Decorative*). A large attractive Dahlia. Color, gold shading to apricot in the outer petals; form and stems perfect. Plants, \$1.00 each.

City of Trenton (*Decorative*). An exceptionally fine Decorative exhibition variety. In color a beautiful reddish apricot with rose suffusion and a sheen and lustre throughout the flower which it is difficult to convey in print. The plant is of robust habit about 6 feet tall, producing flowers up to 12 inches in diameter. Plants, 75 cts. each.

Color Sergeant (*Decorative*). A very striking variety both in form and color; a rich uniform shade of salmon-bronze. A winner of awards at Philadelphia and Camden Shows and a Certificate of Merit at the New Jersey State Trial Grounds. Plants, \$1.00 each.

Galli-Curci (*Decorative*). A strong semi-dwarf grower. Blooms large, unusually deep, carried on long, sturdy stems. Petals long, pointed and wavy. Color brilliant salmon orange with gold suffusion and an unusual amount of gold sheen or lustre throughout the whole flower. Plants, \$1.00 each.

Grace Ricords (*Decorative*). Flowers medium to large with many petals well placed giving the flowers unusual depth. Color, white with lavender blush at tips. Plants, \$1.00 each.

Jugendpracht (*Cactus*). A sport of the beautiful yellow variety Goldene Sonne with which it is identical except in color which is a tender suffusion of blush pink on a golden yellow ground. Plants, \$1.00 each.

Mrs. E. Leedham (*Decorative*). The very large flower borne on long stems well above the plant and which is of great depth as well as diameter, is of a rich brilliant orange-scarlet. Tall, effective plant, free and early. Plants, 50 cts. each.

Penn Charter (*Decorative*). A very attractive, well-formed, deep massive flower of large size; in color a clear golden-yellow tinted apricot. Plants, \$1.50 each.

Riva (*Hybrid Cactus*). A splendid novelty; a coppery-salmon with golden suffusion; entirely distinct. Plants, \$1.00 each.

Rodman Wanamaker (*Decorative*). Of largest size and of splendid loose, graceful formation, composed of long twisted and curling petals that prevent any stiffness or formality in its shape. The color is distinct and attractive, the centre yellow, the outer petals light salmon toned yellow. Plants, 75 cts. each.

Royal Pink (*Informal Decorative*). An attractive large flower of a pure rose pink; a sturdy grower and exceptionally free flowering. Plants, \$1.00 each.

Saladini (*Decorative*). Fascinating in color, a bright gold, suffused with brownish pink and shading to a tan centre. Flowers of pin-wheel formation, very large. Plants, 50 cts. each.

DECORATIVE DAHLIA, CITY OF TRENTON

Derrill W. Hart (*Decorative*). One of the best of the 1931 novelties. Large, well-formed blooms of a capucine yellow shading to grenadine red. Plants, \$1.00 each.

Dr. W. A. Clark (*Decorative*). An immense golden yellow shading to apricot at the centre; good erect stems holding the flowers well above the foliage. An improvement on the variety Eldorado. Plants, 75 cts. each.

Eagle Rock Beauty (*Decorative*). Very large, well-formed flowers; in color pink and cream with amber suffusion; very distinct. Plants, \$1.00 each.

Edna Ferber (*Hybrid Cactus*). Always attracts attention on account of its extreme size and beauty. Color, glistening coral, shading to old gold at base of the petals, these are curled and twisted, forming an extremely full flower which is held erect on fine stems. Plants, 50 cts. each.

Elite Glory (*Decorative*). A sensational, massive, mammoth, rich red, exhibition variety with heavy, stout stems of sturdy vigorous habit. Plants, 50 cts. each.

Frau O. Bracht (*Cactus*). A magnificent flower of true Cactus form frequently over 10 inches in diameter carried on long stiff stems; in color a clear soft yellow. Plants, \$1.00 each.

Friedensengel (*Cactus*). Distinct and novel in color. The flowers which are of absolutely perfect shape are composed of long creamy-white petals suffused with soft magenta on the reverse and tipped with yellow. Plants, \$1.00 each.

DAHLIA NOVELTIES and VARIETIES of SPECIAL MERIT—Continued

Schiller (*Cactus*). An outstanding variety among the true Cactus; forms a large flower carried on long stiff stems of a most desirable shade of salmon-carmine shading to a luminous deeper centre. Plants, \$1.00 each.

Seal's Californian (*Decorative*). A very large bright golden yellow at the centre with a suffusion of red-amber on the reverse and through the outer petals, the yellow being rich and glowing that shows its color well under artificial light. Awarded many high honors in California. Plants, \$2.50 each.

Sibu (*Cactus*). A beautiful pure golden-yellow of perfect Cactus form. Plants, 50 cts. each.

Snowboy (*Hybrid Cactus*). A pure white of outstanding merit; flowers 7 inches in diameter with high centre. Very free flowering. Plants, 50 cts. each.

Summertime (*Hybrid Cactus*). Medium to large in size, a deep full petaled flower with high well finished centre carried on an ideal stem. Plant of medium height and of strong vigorous habit. Color a clear canary yellow. Awarded Silver Trophy at Camden Show, 1930, as the best yellow. Plants, \$3.00 each.

Symbol (*Hybrid Cactus*). A very large flower of splendid form; the outer petals of a tender lilac-rose shading lighter towards the centre. Plants, \$1.50 each.

The World (*Decorative*). Blooms large, well-formed and long keeping. Color rich deep rosy magenta with silver shadings. Growth and stem ideal. Plants, \$1.00 each.

Treasure Island (*Decorative*). One of the brightest autumn shades yet introduced; a bright apricot with gold and rose suffusion and shadings. Habit, stems and flowers all that can be desired. Has many awards to its credit. Plants, \$2.00 each.

Valentino (*Decorative*). One of the most beautiful of the Bessie Boston Dahlias, a true salmon-pink shading to cream at the centre. The flower has enormous size and attractive form. Stem long and upright on bushes of medium height and very free. Plants, 50 cts. each.

HYBRID-CACTUS DAHLIA, EDNA FERBER

Verheissung (*Cactus*). A splendid orange-scarlet with golden-yellow suffusion at base. The long narrow petals are quilled towards the tips, forming a most graceful bloom. Plants, 50 cts. each.

Waldheim Sunshine (*Decorative*). Of giant size, 10 inches in diameter, over 4 inches deep, but graceful in spite of its size. Color a true deep yellow, that will show up yellow in artificial light, the reflex is darker with a rich golden suffusion around the full high centre. A sturdy grower and free bloomer. Plants, \$1.00 each.

W. D. Cartwright (*Decorative*). A large perfectly built substantial flower of a deep orange at centre with yellow shadings toward the edges; very free flowering. Plants, \$1.00 each.

Miniature Decorative Dahlias

Like the Pompon Dahlias these Miniature Decorative varieties of various forms and types are growing in popularity as cut-flowers for decorative purposes. We offer a selection of twelve choice varieties.

Bordeau. Deep claret red.

Cardinal. Rich, brilliant, fiery scarlet.

Chamois Roeschen. Chamois shading to tender salmon-rose; a particularly fine cut-flower.

Cupida. Carmine pink shading to lighter centre.

Donau. Soft rose with silvery-white shadings.

Goldina. Of water-lily form; in color delicate apple-blossom pink.

Herbstzeitlose. White, with faint lavender-pink suffusion at tips.

Little Jewel. A dainty peach-blossom pink.

Miniature. Pure pink with pearl white tips.

Mina Kordes. A good carmine-red; very free flowering.

Prince Carnaval. Rich French-purple with white tips.

Roeschen. Light rose with silvery suffusion.

Green Plants of above Miniature Dahlias ready May 15th. 25 cts. each; the set of 12 varieties for \$2.50.

HYBRID-CACTUS DAHLIA SNOWBOY

SPECIAL OFFER.—We will supply one plant each of the 34 Novelties and Varieties of Special Merit, which if ordered singly would amount to \$34.75, for \$30.00.

DREER'S TWELVE GIANT FLOWERING DECORATIVE, EXHIBITION and GARDEN DAHLIAS

The twelve varieties offered below have been singled out from the Decorative and Cactus types, not only as a selected list of varieties prominent at nearly every Dahlia Show of note, but also as among the most desirable for either garden decoration or for cutting for house decoration.

All of these are of strong, vigorous, healthy growth, very free flowering, carried on good, strong, stiff stems and hold their good form to the end of the season.

Note—The Dahlias offered on this page will be supplied in dormant field-grown roots of proper planting size

DECORATIVE DAHLIA,
TRENTONIAN

Lemonade. A splendidly formed deep flower of very large size holding its good shape to the end of the season; color a clean pale shade of lemon. The flowers are supported on good stems and are produced very freely; good for all purposes. 75 cts. each.

Margaret Woodrow Wilson. An exhibition variety of immense size and wondrous beauty. Color an opalescent pink, face of petals creamy-white with a phlox-pink reverse. \$1.00 each.

Marmion. Of such enormous size and depth that it immediately attracts attention. Color a pure golden yellow with bronze suffusion on reverse of petals and a deeper bronzy tone on the high full centre with an outline of the same color around each petal; form of flowers is perfect, a good bloomer. \$1.00 each.

Monmouth Jewel. A seedling from Amun Ra with large well-formed flowers held well above the foliage. Color bittersweet orange, shaded lemon-chrome at base of petals. \$1.00 each.

Roman Eagle. A typical autumn shade, a brilliant, flaming, burnished-copper color. Flowers large, held well above the foliage; a very profuse bloomer. 75 cts. each.

Trentonian. A giant Decorative of outstanding merit of a distinct and appealing color, a wonderful shading of old gold, amber and coppery bronze, with a centre of reddish bronze, forming a flower of marvelous brilliancy. 50 cts. each.

Avalon. Pure clear yellow, the large flowers are very distinct and pleasing, always with a full centre. One of the best of its color. 50 cts. each.

Eldorado. Picture a comparatively low growing bush with immense golden-yellow blooms which stand up and look you in the face, and you have Eldorado. A strong feature of this beauty is the depth of the flower which corresponds with the size; a splendid Dahlia in every way. 50 cts. each.

Ellinor Vanderveer. An incomparable Dahlia of exquisite beauty and of great size and depth having every desirable quality. Color a rich, glowing, satiny pink. One of the earliest to come into flower. 50 cts. each.

Glory of Monmouth. A new color combination in Dahlias, erosine pink shading to strawberry pink at centre of petals, the base of these being a light orange. The flowers are from 6 to 8 inches in diameter, 4 inches deep. 75 cts. each.

Harry Mayer. A most satisfactory and attractive Dahlia, it has size, depth, splendid stem, holds an even full centre, a sturdy, healthy grower; in color a beautiful silvery pink with rose reverse. \$1.00 each.

Jersey's Beauty. Not only the finest true pink Decorative variety but we believe we are justified in saying the best all-around Dahlia for any purpose yet introduced. The beautiful large pink flowers are of perfect form, supported on long, stiff straight stems. It is early and free flowering. No one will be disappointed in planting Jersey's Beauty. 50 cts. each.

DECORATIVE DAHLIA, AVALON

Special Offer. One each of the above 12 Giant Flowering Dahlias for \$7.50.

Note—The Dahlias offered on this page will be supplied in dormant field-grown roots of proper planting size

TWENTY-FIVE POPULAR DECORATIVE DAHLIAS

DECORATIVE DAHLIA,
RAYONANTHE

Granada. One of Mr. Broomall's splendid introductions, very large, clean cut, broad petaled variety; clear lemon-yellow of splendid form on good stems. \$1.50 each.

Harry Sheldon, Jr. A large well formed flower of delightful color, the outer petals bright lavender-pink with creamy-white centre, strong semi-dwarf growth. 50 cts. each.

Hera. A splendid shapely flower of perfect Decorative form produced on long stiff wiry stems held well above the foliage. It is one of the earliest to flower. Color a pretty and pleasing soft lilac that will prove a favorite for all purposes. 50 cts. each.

Insulinde. One of the most popular varieties both as a cut flower as well as for garden decoration. The blooms are from 7 to 8 inches in diameter with just sufficient broad, long, curled and twisted petals to form a perfect graceful flower. These are held horizontally on the stem like a Chrysanthemum. Color a beautiful golden ochre, with salmon-red suffusion which deepens towards the centre. 75 cts. each.

Jersey's Radiant. Very large flower, of bittersweet orange color, one of the best exhibition varieties and fine for cutting. 50 cts. each.

Jersey's Sovereign. A distinct shade of salmon orange, a strong vigorous grower, flowers of good size. 50 cts. each.

Margaret Masson. One of the finest exhibition varieties with very large full flowers of splendid form. Color a most pleasing shade of silvery lavender-pink. Has been awarded many prizes and attracted much attention at the shows. \$1.00 each.

Mrs. I. de Ver Warner. A wonderful Dahlia that has justly gained a great reputation, produces great masses of large absolutely perfect flowers under all conditions. In color it is of that refined pleasing mauve-pink that is usually referred to as an orchid coloring and which everyone loves. It comes into flower early and continues in good shape to the end of the season. 50 cts. each.

Amun Ra or The Sun God. Amun Ra is wonderfully distinct in color and formation. The outer petals of the mammoth flowers are of gorgeous copper and orange tones, shading to gold and amber, deepening in the centre to a dark reddish brown, the effect being that of a gorgeous sunset. 75 cts. each.

Bashful Giant. One of the largest Dahlias yet introduced; a great attractive exhibition flower; color apricot with golden suffusion and shadings. 50 cts. each.

Champagne. Aside of being one of the largest Dahlias this wonderful variety has not only size to commend it but is a model for shape, habit of growth, and above all, its remarkable and distinct color; aptly described by its introducer as "Golden champagne" with chamoise shadings; this color combination no doubt suggested its appropriate name. 75 cts. each.

Charm. A greatly admired autumn shade of burnt orange shading to yellow, flowers large of splendid form. 75 cts. each.

Couronne d'Or (Golden Crown). A French variety which we feel justified in placing in the same class with that most popular of all Decorative Dahlias, Jersey's Beauty, but differs in color; a rich golden apricot with the reverse of golden carmine, reflecting in a luminous manner to face of the flower. 75 cts. each.

Earl Williams. An exceptionally attractive fancy or variegated variety; the flowers are of largest size, of splendid formation of a brilliant crimson-scarlet color, each petal tipped with white; an early and free bloomer. 75 cts. each.

Eliza Clarke Bull. A wonderfully good pure white, one of the largest and deepest of its class, of perfect form with petals just sufficiently irregular to prevent any stiffness in formation of the flowers. \$1.00 each.

Fort Washington. A dark mahogany-red that does not fade, the best and largest dark red exhibition Decorative. The plants as well as the flowers are giants with long strong stems. \$1.00 each.

Pride of San Francisco. Of strong vigorous but compact habit of growth. Flowers of good size and of most perfect form borne on stiff stems of sufficient length to make them as valuable for cut flowers as for garden decoration. Its color is difficult to convey. The petals are of a most pleasing shade of salmon-pink, with soft rose-suffusion towards the tips of the outer petals, and with golden base; the color effect as a whole being a pleasing brilliant golden salmon-pink, which is just as effective under artificial light as in daylight. 75 cts. each.

Rayonanthe. A pretty, loosely arranged large flower that always has a good centre to the end of the season of a good sulphur yellow, a desirable, distinct variety. 50 cts. each.

Rookwood. A pleasing shade of cerise rose; very free flowering. \$1.00 each.

Royal Gold. A wonderful free bloomer, flowers of good size of a striking luminous tone of golden amber. 50 cts. each.

Sagamore. Light saffron-yellow with glowing red-tinted golden suffusion. A good free bloomer with medium sized flowers which are particularly prized for cutting. 75 cts. each.

Salbach's White. One of the best all around whites, an ivory white with flowers of uniform size, 6 to 8 inches in diameter, of good substance, freely produced. 75 cts. each.

Snowdrift. For garden decoration nothing compares with this splendid giant variety with its broad waxy white petals which form a most perfectly shaped flower. 50 cts. each.

Wizard of Oz. A great Dahlia from all points of view, size, formation, color, habit of growth and freedom of bloom. Really a wonderful all around Dahlia, be it for the garden, exhibition or cut flower. In color it is a rare shade of amber-pink with soft salmon shading or suffusion. 50 cts. each.

W. J. Erwin. An attractive large lavender-purple with good full centres carried on very strong stems. \$1.00 each.

Note—The Dahlias offered on this page will be supplied in dormant field-grown roots of proper planting size
SPECIAL OFFER. We will supply one root each of the 25 Popular Decorative Dahlias, amounting at single rates to \$17.25, for \$12.50.

STANDARD COLLECTION OF DECORATIVE DAHLIAS

- Amulet.** Of very distinct coloring, a light jasper-red with golden salmon suffusion like richly tinted autumn foliage. 75 cts. each.
- Argonaut.** A splendid rich golden-yellow with apricot suffusion passing to pure apricot at centre. 75 cts. each.
- Augustinus.** A gracefully formed flower, rosy-salmon overlaid metallic lilac. 75 cts. each.
- Barbara Latz.** Nothing can beat this attractive, medium sized, lemon-yellow for earliness and freedom of bloom. 75 cts. each.
- Bertha Jost.** Sulphur yellow blended peach-pink, centre shaded burnt-orange. 75 cts. each.
- Bon.** A brilliant rich velvety blood-red. A well-built large flower on long stiff stems. 75 cts. each.
- Camden Courier.** A very large flower of great depth and perfect form; in color a light cadmium yellow overlaid grenadine red. The blending of these two colors produces a rich bronze effect. \$1.00 each.
- Carmencita.** A fancy variety of large size, unusual graceful formation, bright yellow, striped with red. 75 cts. each.
- Clifford E. White.** A harmonious blending of glowing salmon-pink, brilliant red and golden orange. 75 cts. each.
- Dakota.** Large exhibition flowers of good form, color a deep tone of rich coral-red with coppery suffusion; a good decorative garden variety. 50 cts. each.
- Del Monte Sunshine.** Very large, free-flowering; brilliant flaming scarlet with just the smallest tip of golden-yellow to petals. 75 cts. each.
- Dempsey.** A brilliant French purple; an effective exhibition and garden variety. 50 cts. each.
- Don Williams.** A soft shade of lavender-pink, tipped with white. 75 cts. each.
- Edward B. Claywell.** A large brilliant deep apricot. 75 cts. each.
- Faith Garibaldi.** Of immense size and great depth; a superb rose-pink. 75 cts. each.
- Faith Slocombe.** One of the desirable autumn tints; a pure apricot with a touch of salmon-rose. 50 cts. each.
- Grenadier.** Purplish maroon with silvery white reverse; an attractive large flower. 75 cts. each.
- Halvella.** Of large size, great depth, and perfect form; color a beautiful shade of mallow-pink enlivened by a golden sheen. 50 cts. each.
- Hortulanus Fiet.** Of the most delicate shade of coral-pink, the tip of each petal barely touched with gold. The entire flower has a suffusion of delicate tints of red and yellow, which gives a glow yet softness of color of great charm. 50 cts. each.
- Islam Patrol.** A gorgeously rich colored flower, a dark velvety crimson-scarlet tipped and flushed with pure gold. One of the most brilliantly colored varieties. 75 cts. each.
- Jersey's Empress.** A very large purplish maroon of good formation. \$1.00 each.
- Jersey's Fiancee.** Rose-pink, base of petals suffused with yellow and slight golden tips. 75 cts. each.
- Jersey's Ideal.** A deep amaranth-pink, very distinct, with the flowers borne face up on the top of stiff stems. \$1.00 each.
- Jersey's King.** Very large perfect flowers of a brilliant Oriental-red with carmine suffusion. 50 cts. each.
- Jersey's Pride.** A large attractive flower, apricot orange with golden suffusion. 50 cts. each.
- Jersey's Rose.** A splendid companion to the famous Jersey's Beauty, of a luminous tyrian rose with red suffusion. 50 cts. each.
- Jersey's Sweetheart.** A dainty attractive pink, shading to white in centre. 75 cts. each.
- Jessie K. Prescott.** Deep orange shading to creamy orange on the outer petals. 50 cts. each.
- Judge Marean.** A combination of glowing salmon-pink, red, iridescent orange, yellow and gold, all blending most harmoniously. \$1.00 each.
- Kittie Dunlap.** Large perfect flowers of a beautiful rich carmine-rose; very free. 50 cts. each.
- Laddie.** A soft lemon-yellow with orange-buff suffusion; flowers very freely. 50 cts. each.
- La Mascotte.** Pretty silvery pink with reddish violet reverse. 50 cts. each.
- Lilian Baldwin.** Effective, lively, glistening bright pink with golden sheen. 50 cts. each.
- Lydia Poole.** A closely built large flower of a brilliant lavender pink; an early and free bloomer. 50 cts. each.
- Marc Aureau.** One of the earliest and most profuse flowering; sulphur yellow. 50 cts. each.
- M. H. de Young.** Large pure old gold with an iridescent deeper centre. Always a mass of bloom. \$1.00 each.
- Mr. Alex Waldie.** A large flower and a particularly pleasing color, being a creamy-ground, overlaid and suffused with delicate salmon-pink. 50 cts. each.
- Mr. C. H. Dresselhuys.** A soft rose-pink with white suffusion towards the tips, and one of the most prolific bloomers. 50 cts. each.
- Mr. Crowley.** An exquisite shade of salmon-pink with the base of the petals golden-yellow. 50 cts. each.
- Mrs. Eleanor Martin.** Very large flower, unique in color, a beautiful mulberry with golden suffusion. 50 cts. each.
- Mrs. Nat Slocombe.** No other variety approaches this for a good all around bright primrose-yellow. 50 cts. each.
- Oregon Beauty.** Remarkable for its large size and brilliancy of color, an intense Oriental-red with golden sheen. 50 cts. each.
- Patrick O'Mara.** Good sized rich chrome yellow flowers with red suffusion. 50 cts. each.
- Paul Michael.** Attractive, large pure gold shaded orange, very free. 50 cts. each.
- Picture.** A delicate lemon-yellow with a distinct but soft suffusion of capucine-buff. 50 cts. each.
- Pink Perfection.** This is a pink flowered form of the popular Hortulanus Fiet. In color a beautiful shade of salmon-pink, with old rose suffusion and illuminated with a lively golden sheen. 50 cts. each.
- Pride of California.** A brilliant, glowing cardinal-red of good size, very free. 50 cts. each.
- Pride of Wayne.** A large rich brilliant French-purple; a fine exhibition variety. 50 cts. each.
- Riverton Rose Mallow.** A pretty flower, early and prolific; a charming soft mallow pink with lighter suffusion. 50 cts. each.
- Riverton Snow.** For an all around white for the garden or for cutting nothing can be found to surpass this perfectly formed, free flowering white. 50 cts. each.
- Rosa Nell.** Nothing better in its color; brightest rose; flowers large and freely produced. 50 cts. each.
- Santa Rosa.** Distinct old rose of very good form on good stems; an exceptionally good cut flower. 50 cts. each.
- Savoy.** Bright tyrian-pink with brilliant, aniline red shadings which become most intense late in the season. 75 cts. each.
- September Glow.** Flowers of good size of a bright amber-yellow; always a mass of bloom. 75 cts. each.
- Shelikoff.** A rich glowing deep garnet of great substance and fine form, always full to the centre. 50 cts. each.
- Tanforan.** Very large brilliant scarlet with garnet shadings. A robust grower of free-flowering habit. 50 cts. each.
- Tommy Atkins.** Remarkable for its wonderful flaming scarlet with golden metallic lustre, the brightest and richest red. 50 cts. each.
- U. S. A.** Entirely distinct in color from all others, a pure deep orange, sparkling and glistening, an unusual color in Dahlias. 75 cts. each.
- Whopper.** Flowers of a most pleasing shade of yellow-buff, suffused with orange. 50 cts. each.
- William Slocombe.** A beautiful clean-cut, pure canary-yellow of splendid form, with very large flowers; it is early flowering and continues good to the end of the season. 50 cts. each.

Note—The Dahlias offered on this page will be supplied in dormant field-grown roots of proper planting size
SPECIAL OFFER. We will supply one root each of the above Standard Collection of Decorative Dahlias, 60 varieties, amounting at single rates to \$37.25, for \$30.00.

TWELVE PEERLESS CACTUS DAHLIAS

HYBRID CACTUS DAHLIA,
JEAN CHAZOT OR GAY PAREE

Jean Chazot or Gay Paree. This is one of the very best all-around varieties that has yet been produced. A beautiful golden bronze with a faint touch of Nasturtium red and unsurpassed by any of the autumn tints as a cut flower. A free upright grower; long stiff, wiry stems hold the flowers well above the foliage in such a manner as to display their full beauty; it is one of the most prolific flowering, coming into bloom early and continuing good to the end of the season.

Mariposa. A perfectly formed Hybrid Cactus composed of long narrow incurved petals which curl and twist so as to baffle an artist. A delightful shade of true pink which is intensified by a deeper centre, a faint violet suffusion adds to the effect. Blooms early and continues good to the end of the season.

Mercedes. A gay and entrancing flower of large size, of a creamy-yellow suffused with sunset pink, the reverse of the petals a deeper shade of pink. One of the earliest and freest bloomers.

Mrs. Edna Spencer. One of the best of the narrow petaled Cactus varieties, the large flowers are produced on strong stems and are of a most delicate lavender-pink color with white suffusion. One of the best for cutting.

Mrs. Ethel F. T. Smith. Creamy white shading to lemon at the centre. This is a close counterpart except in color of Gladys Sherwood; the flowers are of the same formation but still larger and not quite so deep in the centre; a remarkable Dahlia.

Paradise. Of the well known George Walters type in formation but entirely distinct in color; creamy old-rose suffused with gold in such a manner as to give it a striking brown tone; extremely free with perfect stems.

Price. Any of the above, 50 cts. each; \$5.00 per dozen.

Ambassador. Color a soft yellow at the centre with salmon, amber and pink shadings, gradually deepening towards the tips. The blending of these colors captivates all. The flowers are of largest size and set just right on perfect stems.

Andreas Hofer. A lovely narrow petaled Cactus of ideal form and soft tender coloring. A most delicate shade of pink with salmon suffusion passing to a creamy-white centre. Its stiff wiry long stems and free habit of bloom make it invaluable for cut flowers as well as for garden decoration.

Cigarette. Creamy white, heavily edged with pomegranate red, but it varies greatly, no two flowers being exactly alike. The petals are long and inclined to roll, forming a large, deep, well-shaped flower of great substance on very long stems of best quality.

Gladys Bates. Very large perfect flowers, with incurved petals of a golden salmon, the reverse of the petals being rose, the two colors giving the effect of a golden old-rose. It is an early, free and continuous bloomer.

Gladys Sherwood. A wonderful white. We have seen flowers over 10 inches in diameter composed of long curling petals of glistening white forming a flower of unusual depth.

Goldene Sonne. Andreas Hofer described above, a variety which, however, is yet but little known, is one of the finest and most graceful delicate pink Cactus varieties we know. In Goldene Sonne we have its counterpart in formation but with a larger flower and of a rich golden yellow with soft rose suffusion.

CACTUS DAHLIA,
GOLDENE SONNE

SPECIAL OFFER. We will furnish one dormant field-root each of the Twelve Peerless Cactus Dahlias for \$5.00

Popular Cactus Dahlias

A careful selection of well tried varieties that we can recommend as superior in their respective types and colors.

Break O' Day. Large, attractive, sulphur-yellow shading lighter at tips. 50 cts. each.

California Beauty. The nearest approach to a clear copper; of excellent form. 50 cts. each.

Cardinal Superba. A large, wonderfully brilliant red with golden lustre. 50 cts. each.

Elsie Daniels. Very soft lavender pink, shading to pearly white at centre. 50 cts. each.

Esther Hunt. A striking, luminous tone of chinese-orange. 50 cts. each.

Esther R. Holmes. A most graceful large flower of a delicate shade of mauve-pink. 50 cts. each.

Etendard de Lyon. Everyone admires this distinct, large, beautiful carmine-rose or royal purple. 50 cts. each.

Ethel M. An absolutely perfect, pretty, lavender-pink, shading lighter at tips. 50 cts. each.

F. W. Fellows. One of the best and most popular; an intense coral-red deepening towards the centre. 50 cts. each.

George Walters. A favorite; pleasing salmon with coral-pink shadings. 50 cts. each.

Gertrude Ederle. Free, large, creamy-yellow, the color of the English Primrose. \$1.50 each.

Koh-I-Noor. Maroon, at times so dark as to appear nearly black, with deep velvety sheen. \$1.00 each.

Kronjuwel. A beautiful, distinct, pure old gold; a splendid Dahlia. \$1.00 each.

Lolita Velasco. A gem in every way among the whites; perfect in form and of large size. \$1.00 each.

Marian Moore. A clear cerise-pink; large, perfect incurved flowers. 75 cts. each.

Mme. Diesny. A large beautiful flower of loosely arranged petals, of a lively shade of amaranth-pink. 50 cts. each.

Mrs. J. L. Gardner. An attractive refined flower of a deep coral-red with white tips. 50 cts. each.

Nagel's Glory. A unique, large, incurved flower; soft naples yellow with salmon suffusion. \$1.00 each.

Nagel's Wonder. A gorgeous, brilliant scarlet-red lightly tipped and striated with yellow; large flower resembling a semi-incurved Chrysanthemum in form. \$1.50 each.

Nibelungenhort. Composed of curled and twisted petals forming a much admired flower of a beautiful shade of old rose with golden-apricot suffusion. 50 cts. each.

Nichu. A fine, incurved, large, light yellow. 50 cts. each.

Papillon. An improvement on George Walters; a pretty blending of old rose with golden lights. 50 cts. each.

Picotée. Luminous crimson-carmine; the reverse of the twisted, silvery white petals giving the flowers the appearance of being tipped with white. 50 cts. each.

Pierrot. An old but still one of the most pleasing of this type, deep amber with white tips. 50 cts. each.

Serenade. Incurved flower of water-lily form; an iridescent old rose color that shimmers like silk. 75 cts. each.

Sinbad. Of incurved form; a bright maroon. The lighter shade of the reverse of the twisted petals makes the flowers appear as if tipped with mauve. 75 cts. each.

Springfield. Medium-sized flowers; of a beautiful blending of salmon pink and amber; very free. 50 cts. each.

Strahlenmeer. Of giant size, very compact, free-flowering habit; light yellow passing to white at tips. \$1.00 each.

Sulphur Queen. A splendid, large, clean sulphur-yellow; one of the best of its color. 50 cts. each.

Sunnyside. A rich shade of grenadine red with metallic lustre; distinct from all others. 75 cts. each.

Sunny South. A glorious, large, bright, clear yellow. 50 cts. each.

Talisman. A distinct, effective, deep blood red shaded maroon. 50 cts. each.

The MacGregor. Spectrum-red, an unusual and pleasing color in Dahlias; one of the best garden varieties in cultivation. 75 cts. each.

Zante. A large, deep, finely-shaped flower; golden yellow, heavily suffused with apricot-pink. 75 cts. each.

SPECIAL OFFER. We will supply one root each of the 34 varieties, amounting at single rates to \$23.00, for \$20.00.

Double Show Dahlias

This is the old-fashioned densely double type that will always have many admirers; they are very free, early and continuous bloomers.

A. D. Livoni. A splendid clear pink, beautifully quilled, of perfect form; very free flowering.

American Beauty. One of the very best of this type, a brilliant crimson-red with French-purple suffusion; a rich glowing color.

Cuban Giant. Very large ball-shaped flowers of a bright maroon.

Dreer's White. A pure glistening white; a large ball-shaped flower with closely quilled petals. The best white Show Dahlia; a splendid exhibition flower; very free.

Dreer's Yellow. The best yellow Show Dahlia yet sent out. A good grower, early and profuse bloomer. In general form and makeup, the flowers resemble Dreer's White, but larger.

Maud Adams. White with delicate lavender suffusion.

Paul David. A brilliant carmine-red, one of the largest and most perfect Show Dahlias.

Stradella. Beautiful deep purple crimson. Exceptionally free flowering on good long stems.

Price. Any of the above Double Show Dahlias, 25 cts. each; \$2.50 per doz. One each of the 8 sorts, for \$1.50.

Peony-flowered or Art Dahlias

The artistic flowers are best compared to the semi-double Peonies in general form. They all flower very freely and are borne on long, strong stems, making excellent material for cutting as well as for garden decoration.

Dreamlight. A large full flower composed of many narrow flat petals of a lovely shade of pale old rose illuminated with yellow at the base. Numerous twisted and curled petaloids around the disc make the Peony formation most perfect and attractive. 50 cts. each.

Drum Major. One of the largest of the Peony-flowered type which under ordinary field culture attains a size of over 8 inches; in color, it is one of the most brilliant, a rich fiery-red which is intensified by a lemon-yellow centre with which the petals are also more or less tipped and marked. 25 cts. each.

Hampton Court. One of the best; a bold flower of good form, of a bright mauve-pink. 50 cts. each.

Mexico. Brilliant cardinal-red with yellow markings and suffusion, one of the largest of this type, gay and attractive and very free. 25 cts. each.

Mme. Coissard. To us this is the most artistic and graceful Dahlia of this type; its flowers are large, composed of incurving shell-like petals; these are of brilliant French purple or carmine-crimson, freely marked and suffused with white. 50 cts. each.

Mme. Paul Aubrey. A distinct and desirable novelty of true Peony form. In color a beautiful rich deep mauve-pink. The outer petals are broad and flat, the centre petals quilled and rolled towards the centre. 50 cts. each.

Mondscheibe. Large canary-yellow, very free-flowering and attractive. 50 cts. each.

The Mahdi. A very large fancy Peony of good form, of a rich blood-red mottled and streaked with creamy-white and yellow; a very attractive flower. 50 cts. each.

The Oriole. A very striking combination of burnt orange, red and yellow. One of the best of recent introduction. Flowers large on good long stems. 50 cts. each.

Vivandiere. Of immense size and great depth; color a lively cherry-carmine, shading lighter towards the tips. 25 cts. each.

One each of the 10 varieties for \$3.50.

Note—The Dahlias offered on this page will be supplied in dormant field grown roots of proper planting size

Dreer's Dainty Double Pompon Dahlias

These dainty little gems are admired by everybody and are deservedly growing in popular favor. They bloom most profusely from early in the season until frost, furnishing at all times an abundance of perfect flowers on good stems suitable for cutting, for which purpose they are exceptionally well adapted, lending themselves admirably to house and particularly to table decoration, where larger Dahlias would be out of place; furthermore, the lasting qualities of the cut blooms are from two to three times that of the larger flowered types.

DOUBLE POMPON DAHLIAS

- Aimee.** Miniature salmon shaded buff.
- Anna von Schwerin.** Delicate light rose.
- Arthur.** A splendid bright red.
- Belle of Springfield.** Soft rosy red of perfect form.
- Billie Teece.** Fine golden apricot.
- Candy King.** Lavender pink, very pretty.
- Catherine.** Well formed primrose-yellow.
- Daisy.** Early, free flowering salmon-rose.
- Dandy.** Small perfectly formed very pretty orange.
- Danny.** Small, perfect, well formed, orange.
- Dee Dee.** A pretty miniature lilac.
- Dr. Hirschbrun.** A beautiful pleasing soft lilac rose.
- Glow.** Very free charming old rose.
- Gretchen Heine.** A rose-tinted white, tipped carmine.
- Helen Anita.** Pretty pale lavender shading to white centre.
- Ideal.** A splendid little pure yellow.
- Janet.** Rich small saturnine red.
- Jazz.** Raspberry red.
- Joe Fette.** A beautiful pure white.
- Johnnie.** Dainty small dark red.
- Jonkheer von Citters.** Yellow tipped orange.
- Kleine Domitea.** Pretty orange buff.
- Lassie.** Old rose, suffused with yellow at base.
- Little Beauty.** Small closely quilled pearl rose.
- Little Beeswing.** Red shading to yellow at tips.
- Little David.** One of the best, a rich deep shade of orange.
- Lolita.** Rich yellow, shaded red and dark red centre.
- Neatness.** Creamy yellow with just a dash of blush pink.
- Nellie Frazer.** A beautiful pink.
- Nerissa.** A much admired soft mauve pink.
- Purpur Koenig.** Rich French purple.
- Red Head.** A very perfect good red.
- Sunbeam.** Brilliant crimson scarlet.
- Sunset.** Brilliant orange scarlet.
- Tom Thumb.** Garnet, a pretty miniature.
- Yellow Gem.** Very perfect yellow.

Price. 25 cts. each; \$2.50 per doz. One each of the collection of 36 Dainty Pompon Dahlias for \$7.00.

New Century Single Dahlias

Eckford Century. Pure white beautifully spotted and pencilled with crimson.

Hazel Heiter. Bright crimson-carmine, with deeper shadings, base of petals canary-yellow.

Jack. Brilliant fiery scarlet, the base of the petals overlaid with golden-yellow; the freest flowering Dahlia grown.

Rose-pink Century. A clear rose-pink color; a strong grower, with long, stiff stems; fine for cutting.

Snowflake. Very free-flowering; pure white.

St. George. A splendid primrose yellow.

Tango Century. Cadmium-yellow shaded orange-scarlet, distinct and novel.

Twentieth Century. Intense rosy crimson, shading gradually to almost white on the edges and a light halo around the disc.

Price. Any of the above, 25 cts. each; \$2.50 per doz. One each of the 8 varieties for \$1.75.

NEW CENTURY SINGLE DAHLIA

Note—The Dahlias offered on this page will be supplied in dormant field-grown roots of proper planting size

Hydrangea Hortensis

Hydrangeas are extensively grown by florists for the spring Holidays as pot plants, but are also valuable as garden, lawn and porch plants during the summer.

They produce their flowers from well matured buds of the previous season's growth, which in unfavorable exposures, or under bad weather conditions, may become damaged by even a few degrees of freezing. We therefore recommend tub culture except in such localities where they have proven satisfactory in the open ground. When grown in tubs, they may in the fall, be placed in a light cool cellar or other similar place, where they should be kept as cool as possible without freezing.

During the winter they should be given only enough water to keep the stems from shriveling. The roots will suffer if allowed to get too dry.

If planted in the garden and left outdoors during the winter, it is of more importance to protect them from the winter sun than to keep them from freezing. After freezing weather sets in some protection should be provided in order that the sun will not strike them while they are frozen.

In some soils the flowers naturally come blue. Occasionally the plants will bloom pink one season and blue the next depending upon the soil conditions. One effective method of producing blue flowers is to incorporate with each bushel of soil about one-half pound of alum. Another method which has proven effective is to use Sulphate of Ammonia as a fertilizer at the rate of one pound to about 50 sq. ft. of garden, several times during the growing season. This should be applied while the soil is wet and worked into the surface thoroughly. For potting soil use about one ounce to the cubic foot of soil, mixing thoroughly.

Four Hardest Hydrangeas for Out-door Culture

The four varieties offered in this set have proven satisfactory for out-door culture.

La Marne. The largest flowering variety in commerce. The plant is strong and vigorous, producing immense trusses of very large florets of a glossy rose pink. Comes into bloom about two weeks later than the popular Otaksa.

3 inch pots, \$0 35 each; \$3 50 per dozen
5 inch pots, 75 each; 7 50 per dozen
6 inch pots, 1 00 each; 10 00 per dozen

Marechal Foch. Very early; dwarf compact habit; large carmine red flowers produced freely.

3 inch pots, \$0 50 each; \$5 00 per dozen
5 inch pots, 75 each; 7 50 per dozen
6 inch pots, 1 50 each; 15 00 per dozen

Otaksa. This is the variety that is used so extensively at the Atlantic seashore resorts, producing immense heads of flowers

that are usually pink but sometimes blue according to soil conditions. We offer a grand lot of plants especially prepared for summer flowering.

3 inch pots, \$0 25 each; \$2 50 per dozen
5 inch pots, 60 each; 6 00 per dozen
6 inch pots, 1 00 each; 10 00 per dozen
7 inch pots, 1 50 each; 15 00 per dozen

Souvenir de Mme. E. Chautard. Early, free and hardy. A beautiful shade of rose pink. This is a most satisfactory variety for out-door planting it being as hardy as the popular Otaksa and in addition blooms from the new wood made in the spring.
3 inch pots, \$0 25 each; \$2 50 per dozen. Set of 4 sorts, \$1 25
5 inch pots, 60 each; 6 00 per dozen. Set of 4 sorts, 2 75
6 inch pots, 1 00 each; 10 00 per dozen. Set of 4 sorts, 4 00
7 inch pots, 1 50 each; 15 00 per dozen.

Six Superb Hydrangeas

Since the introduction of the first hybrid French Hydrangeas some twenty years ago, we have tried all of the hundreds of novelties offered. The great majority have been discarded being superseded by better sorts of later introduction. Of the sorts offered in the past few years we have selected this set of six as being particularly representative of the progress made in this class of plants. We know each of them to be of sterling merit.

Cendrillon. Bright carmine rose; free and compact.

Heidenroesl. Wonderful serrated florets of a deep carmine color, large trusses.

Helge. Early compact red.

Liebling. Produces bright glossy flowers of as clear a pink as we have found in Hydrangeas; it is early; excellent substance, and in our estimation destined to become one of the permanent fixtures in our collection.

Mme. Faustin Travouillon. A magnificent new red.

Schoene Dresdenerin. Unusually early; very free, and of a pleasing light rose color.

3 inch pots, \$0 50 each; \$5 00 per dozen. Set of 6 sorts, \$2 50
5 inch pots, 1 00 each; 10 00 per dozen. Set of 6 sorts, 5 00
6 inch pots, 1 50 each; 15 00 per dozen. Set of 6 sorts, 7 50

Six Popular Hydrangeas

Six of the outstanding popular varieties of the present time; each has been tested for a number of years.

Gertrude Glahn. Deep rose, truss and florets very large. This has become one of the most popular for Easter forcing.

Henry Lambert. Very early; large and vigorous; pale rose.

Lancelot. Deeply fringed dark pink.

Lorelei. Upright, compact, free, bright carmine red.

Mlle. Rene Gaillard. Magnificent trusses of beautiful large white flowers nicely fringed or serrated.

Trophee. One of the favorite forcing varieties on account of its exceptional free flowering habit and the striking watermelon red color of its flowers.

Price of any of the above six varieties:

3 inch pots, \$0 35 each; \$3 50 per dozen. Set of 6 sorts, \$2 00
5 inch pots, 75 each; 7 50 per dozen. Set of 6 sorts, 4 00
6 inch pots, 1 00 each; 10 00 per dozen. Set of 6 sorts, 5 00

FRENCH HYDRANGEA

SUMMER FLOWERING BULBS

Please read what we have to say regarding filling and forwarding of Plant Orders on page 120

FANCY-LEAVED CALADIUMS

Achimenes

A plant closely allied to the Gloxinia and which will succeed best under similar cultivation, see cultural notes on Gloxinias in our book, "Dreer's Hints on the Growing of Bulbs." Achimenes are supplied in small corms or rhizomes and for best effect three or more should be planted in a pot. They continue in flower for a period of from 8 to 10 weeks.

Dainty Queen. Large pure white with pink eye.

Galatea. Large deep lavender.

Magnifica. Beautiful violet blue.

Purity. Large pure white.

Purple King. A good rich purple.

Supreme. Lavender with light centre.

25 cts. each; 3 corms for 50 cts.; \$2.00 per doz.

Amaryllis (Hippeastrum)

Dreer's Giant American Hybrids. There is nothing that will give the amateur greater pleasure for the window garden than these giant-flowering Amaryllis that are so easily managed. The strain we offer is the finest that has ever been produced in this country, strong bulbs throwing vigorous stems with from four to six gigantic blooms of the most perfect form, ranging in color from pure white ground, with varied markings of rose, red and crimson to the richest self colors as scarlet, crimson, bright red, cherry, and almost maroon. Cultural leaflet free on request. We can supply large strong bulbs in choicest mixture only. 75 cts. each; \$7.50 per doz.; \$60.00 per 100.

Amorphophallus (Devil's Tongue)

Rivieri. A curious and interesting Aroid when planted as an isolated specimen in the mixed border in a warm sunny position in rich soil. The flower resembles a gigantic black Calla and appears before the leaves on stems rising from 2 to 3 feet high; the flower is soon followed by interesting massive tropical-looking foliage which is supported on thick prettily-marbled stems. Strong bulbs, \$1.25 each.

Boussingaultia Baselloides

(Madeira, or Mignonette Vine)

An old-fashioned popular vine, covering a large space in a short time. Fleshy heart-shaped leaves of a light green, and numerous racemes of feathery white flowers of delicious fragrance. Protect with litter in this latitude. Strong tubers, 15 cts. each; \$1.50 per doz.

Fancy-leaved Caladiums

No other summer foliage plant equals the Fancy Caladiums in rich and gorgeous, yet soft coloring. All of the varieties are of marvelous beauty for the furnishing of the conservatory during the summer months, for window boxes, or even for outdoor bedding in shady or semi-shady positions. Their culture is fully described in our book, "Dreer's Hints on the Growing of Bulbs." Price, 25 cts. per copy, or will be sent free to customers if asked for at time of ordering.

Our collection consists of more than fifty distinct and beautiful varieties. We offer special selections as under.

Twenty-five Choice Standard Varieties

30 cts. each; 12 distinct varieties for \$3.00; the full collection of 25 varieties for \$5.00.

Twelve Choice Rare Varieties

50 cts. each; the collection of 12 varieties for \$5.00.

Descriptive list of above mailed on application.

ACHIMENES

DREER'S GIANT AMERICAN HYBRID AMARYLLIS

NOTE—All Plants, Roots and Bulbs are forwarded by express, purchaser paying charges. If wanted by parcel post add to value of order in accordance with rates given on page 120 and on Order Blank.

Summer Flowering Bulbs—Continued

Dreer's Superb Tuberous-rooted Begonias

This charming class of Begonias is perhaps the handsomest of all summer-flowering, tuberous-rooted plants, and deserves even greater popularity. Improvements made in recent years in size, texture and coloring, are really phenomenal with flowers frequently measuring from 4 to 6 inches across, and colors ranging from the purest white and the most delicate tints of pink, yellow and salmon to the most intense and richest crimson. Particularly useful for planting in porch or window boxes in a semi-shady position, also for outdoor planting in partially shaded positions, where if they are planted in well drained light soil they will produce more bloom than any other plants that can be grown in such a place.

FRILLED TUBEROUS BEGONIA

Caladium Esculentum (Elephant's Ear)

Among the most effective plants in cultivation for beds, borders, or for planting out upon the lawn; they are used extensively in many of the public parks where their decorative value is greatly appreciated. To obtain the best results they should be planted where they will obtain plenty of water and an abundance of rich compost. When full size they stand six to ten feet high, and bear immense light green leaves, three to four feet long by two and a half wide.

	Each	Per doz.	Per 100
Large Bulbs.....	\$0 30	\$3 00	\$20 00
First Size Bulbs.....	20	2 00	15 00
Second Size Bulbs.....	15	1 50	10 00

Callas (Richardia)

Suitable for pot culture or for planting in the half shaded border.

Golden Yellow (*Richardia Elliottiana*). This is the best of the Yellow Callas, its flowers being as large as the popular white variety, but of a rich, lustrous golden-yellow of velvety texture; the foliage is dark green, with translucent creamy-white spots, which add much to its beauty. Strong bulbs, 50 cts. each; \$5.00 per doz.

Spotted Leaf (*Richardia alba maculata*). Leaves deep green, with numerous white spots, which give the plant a very ornamental appearance. The flowers are white with a black centre. 30 cts. each; \$3.00 per doz.

Gloriosa (Climbing Lily)

Superba Rothschildiana. A splendid tropical climber, easy to grow in a warm conservatory; grows 6 to 10 feet high, producing its gorgeous lily-like flowers, which open a bright yellow, changing to a deep scarlet, in bloom through the summer and autumn months. Strong tubers, 50 cts. each.

Frilled Tuberous-rooted Begonias

A wonderfully improved strain with flowers of immense size with beautifully frilled, wavy petals, not unlike the finest fringed ruffled Petunias.

Orange, Pink, Salmon, Scarlet, White and Yellow. 30 cts. each; \$3.00 per doz.; \$20.00 per 100.

Choicest Colors, Mixed. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Single Tuberous-rooted Begonias

Crimson, Scarlet, Salmon, Pink and White. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Finest Mixed. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Double Tuberous-rooted Begonias

Crimson, Scarlet, Salmon, Pink, White and Yellow. 30 cts. each; \$3.00 per doz.; \$20.00 per 100.

Choice Mixed. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Crested Tuberous-rooted Begonias

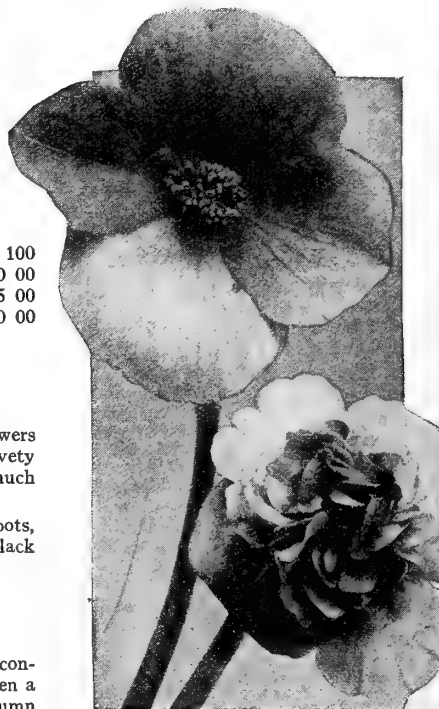

A distinct, novel and most interesting type, with large, substantial flowers, each petal carries a cockscomb-like crest which extends from the base of the petal to near the edge, where it terminates in a series of charming undulations. Unique and beautiful.

Choicest Mixed Colors. 30 cts. each; \$3.00 per doz.

Trailing Tuberous-rooted Begonias

Splendid for growing in hanging baskets or as individual specimens in pots where the branches drooping over the edges produce masses of attractive showy flowers.

Choicest Colors, Mixed. 35 cts. each; \$3.50 per doz.

SINGLE AND DOUBLE TUBEROUS BEGONIAS

Summer Flowering Bulbs—Continued

LILIAM REGALE

Lilium (Summer Flowering Lilies)

All herbaceous borders should have a few Lilies scattered through them. The sorts offered below can be planted with excellent results during the early spring months. It is in the hardy border that Lilies do best, as they get the benefit of the shade of the surrounding plants, which is so necessary for their welfare; other varieties should be planted in the autumn, and are offered in our autumn catalogue.

Auratum (*Golden-banded Japan Lily*). Undoubtedly one of the finest. Its large, graceful, fragrant flowers are composed of six petals of a delicate ivory-white color, thickly studded with chocolate-crimson spots, and striped through the centre a golden-yellow; 3 to 5 feet. July, September. Extra large-flowering bulbs, 40 cts. each; \$4.00 per doz.; \$30.00 per 100.

Henryi. This beautiful and rare variety has been called the "Yellow Speciosum," the flowers being a rich apricot yellow with a few brown spots. Grows 3 to 5 feet high, is perfectly hardy and invariably does well. August and September. Extra large bulbs, 50 cts. each; \$5.00 per doz.; \$35.00 per 100.

Regale (*Myriophyllum*). This new variety from Western China is admittedly one of the most beautiful garden Lilies yet introduced. It grows 3 to 5 feet high, and blooms out of doors in July. It is perfectly hardy, and flourishes under very varied conditions, the large trumpet shaped, delicately scented flowers, which are produced freely, are ivory-white, shaded pink, tinged with canary yellow at the base of the petals. Strong flowering bulbs, 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Speciosum Album. The Speciosum or Lancifolium are the most important of all the Japanese Lilies, always satisfactory. The variety here offered has large white flowers of great substance, with a greenish band running through the centre of each petal. August and September. Extra large flowering bulbs, 65 cts. each; \$6.50 per doz.; \$50.00 per 100.

Speciosum Rubrum or Roseum. A very popular variety. Rosy-white heavily spotted with rich crimson spots. August and September. Extra large flowering bulbs, 40 cts. each; \$4.00 per doz.; \$30.00 per 100.

Speciosum Magnificum. Magnificent large flowers, ivory-white, suffused rosy-crimson. August and September. Extra large flowering bulbs, 40 cts. each; \$4.00 per doz.; \$30.00 per 100.

Hyacinthus Candicans (Cape Hyacinth)

A white summer-flowering Hyacinth, growing 3 to 5 feet in height, gracefully surmounted with from 20 to 30 pure white, bell-shaped flowers. 20 cts. each; \$2.00 per doz.

Ismene Calathina (Peruvian Daffodil)

A grand summer flowering bulb, producing with great freedom large Amaryllis-like, pure white, fragrant blossoms. Keep the bulbs in a dry, warm place, and plant out in June. Bulbs can be taken up in October, and, after a few weeks' rest, potted and flowered in the house in the winter, or kept over for planting out another season. 25 cts. each; \$2.50 per doz.

Dreer's Select Gloxinias

The Gloxinia ought to be one of our common plants because of its great beauty, the profusion of its flowers and its summer blooming habit. But it is not common, by any means, and this fact is attributable almost entirely to the impression that prevails to a great extent that it is a very difficult plant to grow, such is not the case, however, if one goes at it in the right way.

Full cultural directions are given in our book, "Dreer's Hints on the Growing of Bulbs." Price 25 cts., or free if asked for at time of ordering.

Separate Colors. Blue, red, white and tigered or spotted. 40 cts. each; \$4.00 per doz.

Choicest Mixed Colors. 35 cts. each; \$3.50 per doz.

DREER'S SELECT GLOXINIAS

Summer Flowering Bulbs—Continued

New Giant Montbretias

See Colored Illustration on Opposite Page

These magnificent new hybrid Montbretias are remarkable for their giant size and beautiful rich colors. The flowers are nearly three inches in diameter and are borne on slender branching stems frequently over three feet high and are gay and attractive in the garden in late summer and fall and invaluable for cutting. The bulbs or started plants should be set out during April or May and may be wintered out of doors with careful protection but it is better to lift the bulbs in the fall, pack them away in dry sand and store in a low temperature just above freezing.

His Majesty. The largest of the collection, very substantial, widely-expanded flowers with rich yellow centre shading to brilliant scarlet, with the segments heavily covered towards their tips with a good rich crimson.

Queen Alexandra. A splendid large reflexed light golden orange with distinct crimson bars, a strong, vigorous grower.

Una. A charming, very floriferous growing variety about two and a half feet high with flowers of medium size, of a light orange with crimson reverse, the inner surface of the flower marked with crimson.

Price. Any of the above varieties, 35 cts. each; set of 3 bulbs, 1 of each variety, \$1.00; set of 9 bulbs, 3 of each variety for \$2.25, \$3.00 per doz.; \$20.00 per 100.

Montbretia General Collection

Fire King. Bright scarlet. One of the showiest.

George Davidson. Very large chrome-yellow.

Golden West. Pure golden yellow.

Strong bulbs, 15 cts. each; \$1.50 per doz.; \$10.00 per 100. 3 each of the six sorts, 18 in all, for \$2.00.

King Edmund. Rich yellow with carmine blotched centre.

Lady Hamilton. Apricot yellow, very distinct.

Lord Nelson. Rich deep crimson-scarlet.

Zephyranthes

(Zephyr Flower or Fairy Lilies)

Beautiful dwarf, bulbous plants, very effective for massing in the border flowering with great profusion during the summer. They are also suitable for pot culture.

Alba. Pure white. 10 cts. each; \$1.00 per doz.; \$6.00 per 100.

Rosea. Large rose-colored. 20 cts. each; \$2.00 per doz.

TIGRIDIA

Sprekelia Formosissima

(Jacobaeen Lily)

Closely allied to the Amaryllis, bearing showy brilliant crimson flowers. Dormant bulbs planted in the border early in May will flower within 3 or 4 weeks after planting, or they may be flowered as pot plants in the house during the early spring months. 35 cts. each; \$3.50 per doz.

Tigridia (Tiger or Shell Flower)

Showy, bulbous plants suitable for the mixed border, which can be handled the same as Gladiolus, growing about 18 inches high and producing their showy flowers throughout the summer.

Pavonia Grandiflora. Bright crimson, centre spotted yellow. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Tuberoses

Double Pearl. One of the most delightfully fragrant and beautiful of the summer flowering bulbs. For flowering in the open, plant about the middle of May, or as soon as the ground becomes warm. Strong flowering bulbs, 10 cts. each; 65 cts. per doz.; \$4.00 per 100.

Mexican Everblooming. This charming single pure white variety begins to flower in July and continues throughout the season, each bulb throwing from 2 to 5 flower spikes in succession. Delightfully fragrant. 10 cts. each; 65 cts. per doz.; \$4.00 per 100.

MEXICAN EVERBLOOMING SINGLE TUBEROSES

New Giant Flowered Montbretias

Illustrated in One-half Natural Size

Spray on left Una, center spray Queen Alexandra, right-hand spray His Majesty.

See Descriptions on Opposite Page.

HEUCHERA—CORAL BELLS OR CRIMSON BELLS

See Descriptions Page 179. Price, 35 cts. each; \$3.50 per doz.; \$25.00 per 100. One each of the 3 Varieties for \$1.00

DREER'S SELECT GLADIOLI

Gladioli hold an ever increasing interest, not alone for their rainbow splendor in border and garden, but even more for their value as satisfactory and long-lasting cut flowers. Nor is the cost at which all this beauty is spread great in either time or money, for their cultural requirements are of the simplest, and with a little care the number of bulbs may be vastly increased from season to season. No other garden flower gives so much and takes so little.

SEVEN SUPERB FRENCH GLADIOLI

The seven sorts offered here are possibly the most meritorious, surely among the most interesting, of the many varied and beautiful introductions of Lemoine and the other French Gladiolus hybridizers.

Casablanca. Purest white, without tinting, the lower petals dotted and splashed with a rich purple that shows up most effectively against the light background. Fine large well-expanded flowers. 20 cts. each; \$2.00 per doz.; \$12.50 per 100.

Charlemagne. Very large, open flowers on massive spikes; sunrise red, flaked darker and marked with creamy-white blotches, densely dotted with purple-carmine. 20 cts. each; \$2.00 per doz.; \$12.50 per 100.

Emile Aubrun. An introduction of outstanding quality. In color, copper bronze with an underlying suffusion of begonia rose, deepening to brilliant cherry red in the throat. Very large in bloom and spike, altogether a most unusual flower. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Etendard. Immense orchid-like flowers, upper petals rich, cream-tinted rose, lower petals marked with large fiery-red blotches, margined with bright yellow; an exceedingly rich color combination. 20 cts. each; \$2.00 per doz.; \$12.50 per 100.

Eugene Lefebvre. One of the Lemoine's giant varieties with beautifully formed flowers of brightest rose, the throat marked and spotted with vivid amaranth on cream. Makes a magnificent showing in the garden. 20 cts. each; \$1.75 per doz.; \$10.00 per 100.

Jean de Tallis. One of Lemoine's introductions producing enormous flowers of pure salmon, with large rich maroon blotches. A handsome and striking variety. 20 cts. each; \$2.00 per doz.; \$12.50 per 100.

Mme. Mounet-Sully. Splendid flowers of milk white, vividly marked on the lower petals with bright red orange. A truly wonderful variety. 20 cts. each; \$2.00 per doz.; \$12.50 per 100.

Collection Offer

1 each of the above 7 French Gladioli for \$1.15; 3 each for \$3.25; 6 each for \$6.00;
12 each for \$11.50.

NINE NEWER AMERICAN GLADIOLI

We have chosen from the recent introductions of American growers, nine sorts of really outstanding quality; kinds that will please and surprise those familiar only with the older varieties.

Betty Nuthall. The Glory of the Garden, a sparkling iridescent orange pink deepening to coral on the petal reverse. The lower throat is golden orange, lined with carmine rose. The flowers are often more than six inches across and of splendid substance and placement. 25 cts. each; \$2.50 per doz.; \$17.50 per 100.

Dr. F. E. Bennett. A vivid, fiery scarlet, so bright that it is hard to imagine anything brighter. One of the finest red Gladioli ever sent out. Tall heavy spike with many massive blooms. Will stand up in the hottest weather. 10 cts. each; 90 cts. per doz.; \$6.00 per 100.

Joerg's White. Truly a giant in every way. Great creamy white flowers, deepening to ivory in the throat. A rugged sort, sure to bloom, and holding up well in even the hottest weather. 25 cts. each; \$2.25 per doz.; \$16.00 per 100.

Kirchhoff's Violet. Deep rich velvety blue. This is the strongest growing of the dark blue-purple sorts in both spike and bloom. A vigorous variety, thriving and flowering anywhere that Gladioli will grow. 25 cts. each; \$2.25 per doz.; \$16.00 per 100.

Minuet. A beautiful clear light lavender, almost the shade of a Cattelya Orchid. A tall strong grower, with flowers of largest size and wonderful texture. It is the standard of perfection for lavender Gladioli. 20 cts. each; \$2.00 per doz.; \$12.50 per 100.

Mrs. F. C. Hornberger. Many Gladioli have been described as snowy white, but very few of them have been without at least a faint overlay of ivory, or flushing of pink. This sort is really as white as new snow, with not even a throat marking. Fine, large ruffled flowers on good spikes. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Mrs. P. W. Sisson. Immense blossoms of purest cameo pink, shading to soft creamy pink in the throat. The blooms are perfectly placed on tall and willowy but sturdy stems. An outstanding sort. 10 cts. each; \$1.00 per doz.; \$7.50 per 100.

Primrose Princess. Stately spikes carrying seven or more immense well-opened blooms. The lower petals are rich amber in color, the upper ones lightening to a clear delicate primrose. One of the loveliest of the yellow sorts, and possibly the largest flowering. 20 cts. each; \$2.00 per doz.; \$12.50 per 100.

W. H. Phipps. Clear pink, overlaid with a warm glow of salmon rose, the lower petals often faintly flecked with ruby. The flowers are large and well-formed, borne in splendid spikes, with sometimes as many as twenty blooms open at one time. No variety so far introduced surpasses it in this respect, and with its brilliant live-coal coloring it becomes a truly glorious exhibition sort. At the Atlantic City Show it was used repeatedly with striking effect, always exciting favorable comment. 15 cts. each; \$1.25 per doz.; \$8.50 per 100.

TEN PEERLESS GLADIOLI

An assortment of large flowering Gladioli, selected for their robust growing, free-blooming habits and for their ability to produce satisfactory results under ordinary garden conditions.

- Carmen Sylva.** Large pure white flowers, well placed on perfectly straight tall stems; a splendid cut flower variety. 3 for 25 cts.; 80 cts. per doz.; \$4.50 per 100.
- Fay Lamphier.** Soft rosy pink with an incomparable coral lustre, a distinctive and attractive coloring found in no other Gladiolus. A row of this is a blaze of splendor. Early. 10 cts. each; \$1.00 per doz.; \$7.00 per 100.
- Golden Dream.** The richest, clearest pure golden yellow Gladiolus yet introduced. Fine large flowers, many open at once, are carried on tall straight stems. Makes robust growing healthy plants. Golden Dream represents a great advance in this color section. 10 cts. each; \$1.00 per doz.; \$7.00 per 100.
- Marnia.** A rich radiant orange, with just the slightest glow of pink showing through. We consider this the best large flowered orange yet introduced. A particularly fine commercial sort. 3 for 25 cts.; 80 cts. per doz.; \$5.00 per 100.
- Mrs. F. C. Peters.** Beautiful orchid lavender, the throat stained deeply with wine purple. Many large flowers open at one time on the tall erect spikes. 3 for 25 cts.; 75 cts. per doz.; \$4.00 per 100.
- Mrs. Leon Douglas.** Probably the tallest, strongest growing and largest flowered of all Gladioli. The immense blooms, of luminous coral rose, are marked with vivid splashes of rich ruby. No variety could be more showy or arrest more strikingly the interest of the casual beholder. 3 for 25 cts.; 75 cts. per doz.; \$4.50 per 100.
- Mrs. van Konynenburg.** A matchless shade of brilliant blue, or at least as close to blue as it is possible to come in Gladioli. The flowers are of largest size, and well-placed, opening up without fading to the very top of the tall spikes. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.
- Nancy Hanks.** Rich apricot, shaded orange pink. Petals are of exceptional texture and substance and the fine large flowers will not burn in summer heat. A vigorous, robust grower. 15 cts. each; \$1.50 per doz.; \$8.00 per 100.
- Pink Wonder.** A real wonder, with immense flowers of splendid texture, lovely La France pink in color, shading to paler pink in the throat. 3 for 25 cts.; 75 cts. per doz.; \$4.00 per 100.
- Scarlet Wonder.** Showy clear-red flowers of enormous size, carried in massive spikes. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100.

RUFFLED GLADIOLI

An attractive type of large-flowered Gladioli with ruffled or fluted petals.

Crinkles. Deep peach-blossom pink and so intensely ruffled and pleated as to be truly crinkled. A strong vigorous grower. 3 for 25 cts.; 80 cts. per doz.; \$5.00 per 100.

Helen Franklin. White as newly fallen snow, except for the velvety purple lines on the lower throat petals. The flowers are of largest size and heavily ruffled. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100.

Mrs. H. E. Bothin. Heavily ruffled flowers of satiny salmon pink with flame scarlet throat. One of the most beautiful of all Gladioli. 10 cts. each; 90 cts. per doz.; \$6.00 per 100.

Purple Glory. Deepest richest velvety maroon, almost black, but not in the least purple. Sturdy spike and large, beautifully ruffled flowers. 10 cts. each; \$1.00 per doz.; \$7.00 per 100.

Ruth Huntington. Soft lilac lavender with violet rose throat markings. Makes a tall spike of large well-ruffled flowers. Very pretty. 3 for 25 cts.; 80 cts. per doz.; \$5.00 per 100.

Scarlano. Vivid orange-red, flowers nicely ruffled. 3 for 25 cts.; 75 cts. per doz.; \$4.00 per 100.

Collection of the above six Ruffled Gladioli, 3 each for \$1.35; 6 each for \$2.25; 12 each for \$4.25.

PRIMULINUS HYBRID GLADIOLI

A graceful and interesting class of hybrid Gladioli with dainty color blendings that show to particular advantage when cut, but they will also make a most effective display in garden or border. They seem to delight in hot dry weather and are always sure to bloom.

Alice Tiplady. Rich saffron orange; fine for cutting and also most effective for bedding or landscape planting. 3 for 20 cts.; 65 cts. per doz.; \$3.00 per 100.

Golden Frills. Tall, intensely ruffled, rich daffodil yellow flowers, with tiny feather of flame in the throat. 10 cts. each; \$1.00 per doz.; \$7.00 per 100.

Orange Queen. Golden orange, tinted with apricot; remarkably beautiful and one of the finest Primulinus sorts. 3 for 25 cts.; 75 cts. per doz.; \$4.50 per 100.

Prim Beauty. One of the tallest growing and latest flowering of Gladioli, with cream colored flowers quite covered with distinct lacings of fine flame-orange lines, laid on as though painted. 3 for 25 cts.; 75 cts. per doz.; \$4.00 per 100.

Rose Mist. Large flowers of a peculiarly alluring crushed strawberry shade, each petal edged with buff. A tall, vigorous, and very beautiful variety. 10 cts. each; \$1.00 per doz.; \$7.00 per 100.

Shell-Pink. Very large beautiful shell-pink, white throat; one of the best. 15 cts. each; \$1.25 per doz.; \$8.00 per 100.

Collection of the above Six Primulinus Hybrids, 3 each for \$1.50; 6 each for \$2.60; 12 each for \$5.00.

Primulinus Hybrid Mixed. Range from palest cream, through primrose and saffron, to deep golden yellow; from salmon and apricot to shades of orange, copper and bronze; and for good measure there will be pink, rose, scarlet and crimson sorts, together with others fantastically striped and blotched. 3 for 20 cts.; 60 cts. per doz.; \$3.25 per 100; \$25.00 per 1000.

MRS. F. C. PETERS

TWENTY SUPER-STANDARD GLADIOLI

A set of favorite sorts, thoroughly tested and reliable. Plant them in quantity for cutting.

America. Fine, strong growing lavender pink. 3 for 20 cts.; 65 cts. per doz.; \$3.00 per 100.

Anna Eberius. Warm rich amaranth rose with violet shaded throat. Large flowers on strong stems. Attractive for cutting. 3 for 20 cts.; 65 cts. doz.; \$3.50 per 100.

Baron Hulot. Rich dark indigo or royal blue; particularly effective when used as a cut flower with one of the yellow sorts. 10 cts. each; \$1.00 per doz.; \$7.00 per 100.

Crimson Glow. Well named, being a glowing crimson-scarlet, with massive spikes and flowers of large size; a strong vigorous grower. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100.

E. J. Shaylor. True rose pink; ruffled. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100.

Evelyn Kirtland. Glistening geranium pink with shell pink throat, deepening through old rose to rosy scarlet on the lower petals. Fine well-placed flowers. A tall, strong, robust grower. 3 for 25 cts.; 75 cts. per doz.; \$4.50 per 100.

Golden Measure. This wonderful giant yellow with its massive and magnificent flower spikes, is now within the reach of everyone. An English introduction. 3 for 25 cts.; 75 cts. per doz.; \$4.00 per 100.

Halley. Salmon pink with cream throat. Very early. 3 for 20 cts.; 65 cts. per doz.; \$3.00 per 100.

Le Marechal Foch. The unmarked flowers, of largest size show an unusually attractive tone of bright clear pink. Comes into bloom very early. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100.

Mary Pickford. Splendid spikes with large expanded blooms of a delicate creamy white, the throat suffused with soft canary yellow. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100.

Mrs. Dr. Norton. A dainty "peaches and cream" color combination of white, soft pink and primrose yellow. Exquisite for cutting. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100.

Mrs. Francis King. Flame scarlet with salmon shading, a coloring particularly effective under artificial light. Grows tall and strong. One of the finest for cutting. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100.

Mrs. Frank Pendleton. The flowers are of largest size, borne on strong straight spikes. In color, a lovely salmon-pink with brilliant deep red blotches in the throat, a combination rivaling many of the finest orchids in its richness; exquisite in every way. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100.

Niagara. Primrose, splashed with bright pink. 3 for 25 cts.; 80 cts. per doz.; \$5.00 per 100.

Panama. Deep true pink, a rich shade. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100.

Peace. Immense pure white flowers with a touch of carmine in the lower petals. These are borne on tall, graceful spikes; a beautiful variety. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100.

Prince of Wales. An early flowering sort with fine spikes of large flowers of delicate apricot-pink, suffused salmon. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100.

Rose Ash. An unusual blend of harmonious pastel shadings; old rose; over-laid with a smoky ash coloring, all melting into a throat of palest cream. A sturdy grower. 3 for 25 cts.; 75 cts. per doz.; \$4.50 per 100.

Schwaben. A sturdy large flowered citron yellow. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100.

War. Deep blood red. Giant flowered. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100.

GOLD MEDAL GLADIOLUS BLENDS

These splendid blends are made up only from the finer named sorts, including many high-priced kinds, each variety grown separately, and the whole carefully blended to give a proper proportion of the various colors. We do not handle Gladioli that have been grown in mixture, for we find that certain sorts propagate much faster than do others and such mixtures soon become unbalanced. Our Gold Medal Blends contain only sturdy, large-flowering varieties, and the wide range of exquisite colorings will please the most exacting.

Gold Medal Section No. 1. For this we have chosen from a wide range of varieties in the warmer colorings, scarlet, bright red, crimson, garnet, maroon and amaranth; together with certain of the deeper shades of tyrian rose. Only large flowered sorts of highest quality in form and flower, have been used to build this blend. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100; \$30.00 per 1000.

Gold Medal Section No. 2. Here we offer the lighter colors, white, cream, yellow and many delicate shades of pink, salmon and rose; a section particularly valuable for cutting or for decorative garden planting. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100; \$30.00 per 1000.

Gold Medal Section No. 3. In this group we place the dainty blue and lavender Gladioli; varieties with colorings of mauve, lilac, amethyst and deep blue. With these we have included many of the richer violet, velvety purple and heliotrope sorts, the whole giving a range of tints and shades that has been aptly described by one of our customers as "pansy colors." 3 for 25 cts.; 75 cts. per doz.; \$4.50 per 100; \$40.00 per 1000.

Gold Medal Blend. Named sorts carefully blended to secure a proper balance of the various hues, covering the full range of Gladiolus colorings in a marvelous diversity of tints, shades and markings. No finer mixture could possibly be offered. 3 for 20 cts.; 65 cts. per doz.; \$3.50 per 100; \$30.00 per 1000.

PLANTS FOR THE GARDEN AND GREENHOUSE

AGAPANTHUS UMBELLATUS

Agapanthus

Umbellatus (*Blue Lily of the Nile*). A splendid ornamental plant, bearing clusters of bright, blue flowers on 3 feet long flower stalks lasting a long time in bloom. A most desirable plant for outdoor decoration, planted in large pots or tubs on the lawn or piazza. Strong flowering plants from 5-inch pots, \$1.00; 8-inch pots, \$3.00; large 12-inch tubs, \$6.00 each.

Agave (Century Plant)

An old time favorite decorative plant which in years past was found in nearly every collection, useful as an individual specimen on the lawn or in the garden during the summer or as a house plant in the winter.

Americana. Glaucous dark green foliage.

Variegata. The glaucous foliage is prettily bordered and marked with creamy yellow.

Price. Either variety, 4-inch pots, 75 cts.; 6-inch pots, \$2.00 each.

Aglaonema

Costatum. A dwarf-growing Aroid, suitable for the conservatory or window garden. Very compact heart-shaped leaves of dark, shining green, with white midrib and scattering blotches of white. 75 cts. each.

Allamanda

Hendersoni. A strong growing variety, well suited for growing on the pillars or supports of a conservatory, or for training on a trellis; large, fragrant golden-yellow flowers. 50 cts. each.

Williamisi. Forms a compact bushy plant with large rich yellow flowers at every point; deliciously scented. 50 cts. each.

Aloe

Arborescens. An attractive house plant, growing and thriving under most adverse conditions. Long narrow leaves of heavy texture are about two inches wide at the stem, tapering to a point.

Grandidentata. Similar to the above, but with broader dark green leaves with lighter spots.

Price. Either variety, 3-inch pots, 50 cts.; 4-inch pots, \$1.00 each.

Aloysia (Lemon Verbena)

Citriodora. The well-known popular pot or bedding plant grown for its richly fragrant foliage. 25 cts. each; \$2.50 per doz.

Antigonon (Mountain Rose)

Leptopus. The pink or rosy-red colored form of this is one of the most conspicuous and beautiful climbers grown in the Southern States, verandas or trellises covered with same are extremely showy and beautiful. In the North the Antigonon makes a splendid climber for the greenhouse. 50 cts. each.

Anthericum

Mandaezanum. A splendid variety with narrow foliage, the leaves being green on the edges with creamy white centre.

Vittatum Picturatum. A most desirable plant for window boxes, vases, or for growing as a single specimen in pot; long narrow green foliage with creamy white centre. Splendid plants.

Price. Either variety, 35 cts. each; \$3.50 per doz.

Anthurium (Flamingo Flower)

Pretty greenhouse plants that have many good qualities, not only as decorative plants, but also as cut flowers. Their peculiar shaped flowers of rich coloring frequently last on the plant from two to three months.

Scherzerianum. Brilliant scarlet flowers.

—**Album.** Creamy white flowers.

—**Atrosanguineum.** Rich crimson-scarlet.

—**Rothschildianum.** Creamy-white spotted crimson.

Four and five inch pots, \$3.00 each.

Large-flowering Half-dwarf**Antirrhinum (Snapdragon)**

Popular plants for bedding and for cutting. We can supply the following six distinct and beautiful varieties. Ready May 10th.

Empress. Velvety crimson. | **Golden Queen.** Rich yellow.

Fawn. Rose and gold.

Peerless Pink. Shell pink.

Gloria. Deep rose.

Purity. Pure white.

15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Aralia

Handsome decorative foliage plants for the warm conservatory.

Elegantissima. Has very narrow finely divided foliage of a peculiar metallic green color. 4-inch pots, \$1.50 each.

Araucaria (Norfolk Island Pine)

Excelsa. A beautiful tender evergreen, a favorite plant for house decoration, unequaled in symmetrical habit of growth by any other plant.

4-inch pots, 10 to 12 inches high, \$2.50 each

5-inch pots, 12 to 15 inches high, 3.00 each

6-inch pots, 15 to 18 inches high, 4.00 each

7-inch pots, 18 to 20 inches high, 6.00 each

Ardisia

Crenulata. A very ornamental greenhouse plant with dark green, glossy, attractive foliage, bearing clusters of very brilliant red berries. A good subject for the window garden. Fine plants in 5-inch pots that will fruit this season. \$2.00 each.

ALOE ARBORESCENS

ASPIDISTRA LURIDA

Aspidistra

Lurida. One of the easiest decorative plants to grow. A most useful house plant, thriving in a hallway or a comparatively dark place in the room where nothing else will succeed. 5-inch pots, \$2.00; 6-inch pots, \$2.50 and 7-inch pots, \$3.50 each. Specimen plants, 8-inch tubs, \$6.00 each.

—**Variegata.** The dark green leaves are striped with white. 5-inch pots, \$2.50 each; 6-inch pots, \$3.50 each.

Asparagus

Plumosus Nanus (*Asparagus Fern*). There is no better plant for table decoration than this. The foliage is more delicate than that of the finest Fern, being lace-like in its fineness. A plant with half a dozen stalks is a mass of dainty, misty green. 25 cts. and 50 cts. each; \$2.50 and \$5.00 per doz.

Sprengeri (*Emerald Feather*). Excellent for hanging-baskets, for bracket use and for cutting. It is one of the best of all plants for the window-box when planted near the edge where it can droop over the side of the box. 25 cts. and 50 cts. each; \$2.50 and \$5.00 per doz.

Azalea Indica

Deservedly popular plants for the conservatory and window garden, we offer 8 distinct varieties in nice bushy plants.

Empress of India. Large double flower of salmon-rose, carmine and white suffusion.

Firefly. Medium sized double flowers of a bright crimson-scarlet.

Fred Sander. A beautiful large double deep rose pink.

John Haerens. Double deep rose-pink with white markings.

Mme. Van der Cruyssen. Beautiful semi-double carmine-rose.

Professor Walters. Large single salmon-pink deepening to the centre, petals prettily fringed.

Vervaeaneana. Large double salmon-pink with white margin.

—**Alba.** Large double pure white, occasionally showing a few red flakes.

Price. Bushy plants 8 to 10 inches in diameter, \$1.50 each.

Japanese Kurume Azaleas

These are most valuable additions to our limited list of winter flowering plants. We offer six choice varieties.

Cattleya. A delicately lilac-tinted white, shading to mauve pink at edges. Semi-double.

Christmas Cheer. This name was suggested by its brilliant coloring, a real Christmas red, semi-double.

Coral Bells. Not a very large flower but produced very profusely; a pleasing coral-pink color, very dainty, semi-double.

Peach Blow. A shapely, single flower of a delicate salmon peach blossom pink.

Salmon Beauty. Large semi-double flowers of brilliant salmon-rose with brighter markings.

Snow. Pure white, a dainty double flower.

Price. Any of the above in strong bushy plants, \$1.50 each.

Dreer's China Asters

Superb Late Branching. The finest type of China Aster for the amateur, of strong, robust habit, growing 2½ feet high and bearing their large Chrysanthemum-like flowers from August to October. We can supply nice plants in May and June in the following distinct colors: Azure Blue, Deep Crimson, Deep Purple, Rose Pink, Shell Pink, Pure White. \$1.00 per doz.; \$8.00 per 100.

Beloperone Guttata

This singularly attractive novelty is a relative of the Justicias, but is more slender and graceful in growth. The inflorescence of Beloperone is composed of a series of overlapping bracts or floral leaves, these bracts assuming a rich golden bronze tint when the plant is exposed to full light, and the two-lipped white flowers are produced successively between these bracts. The lower lip of the flower has a tessellated marking of pale purple, while the upper lip forms a hood over the dark stamens. 50 cts. each.

Trained Boxwood (*Buxus Japonica*)

The trained Boxwoods are useful in groups or as individual specimens on the lawn or for planting in vases or tubs for decorative effect.

AZALEA INDICA

DREER'S LARGE FLOWERING CANNAS

Cannas are the most economical and effective plants employed in our gardens. They bloom from early summer until frost in all sections of the country, succeeding in any sunny position in any kind of soil, but responding quickly to liberal treatment. For best results the beds should be spaded about two feet deep, and a generous amount of well-decayed manure of any kind thoroughly incorporated, and at all times freely watered.

They are most effective when planted in masses of one variety, setting out the plants about two feet apart. They are also very effective when planted in mixed borders, where their long flowering season insures a constant display of color.

All varieties have green foliage unless otherwise specified.

Louis Cayeux. Giant flowers of a bright rosy scarlet; different from all others; very free and effective. 4 feet. 25 cts. each.

Mary Thilow. One of the most admired varieties. Color a delicate pale rosy salmon, on bronze foliage. 4 feet. 50 cts. each.

Mrs. Antoine Wintzer. A good pure yellow variety of dwarf compact habit; free flowering. 3½ feet. 50 cts. each.

Mrs. Herbert Hoover. A giant flowered sort with deep watermelon red flowers. 4 feet. \$1.00 each.

Mrs. Pierre S. duPont. Gorgeously beautiful vivid watermelon pink. The individual florets are very large and in fine trusses. 4 feet. 50 cts. each.

Pocahontas. Very superior; large deep carmine flowers freely produced on beautiful bronze leaved plants. 4 feet. 50 cts. each.

Poppy. Large perfect poppy red flowers in good trusses over rich green foliage. 5 feet. 25 cts. each.

Special Offer. One each of the above 12 varieties for \$6.00.

Twelve Superior Cannas

Here we offer twelve very good Cannas, leaders in their colors, and very popular because of their vigor and free flowering habit.

Eureka. The best white; large substantial flowers are produced very freely. 4½ feet.

Golden Eagle. Very free early golden yellow, throwing its trusses well above bright green plant. 4 feet.

Harmony. Geranium red flowers arranged symmetrically to give the trusses a globular appearance; bronze foliage. 3½ feet.

Hungaria. Beautiful clear rose flowers produced freely in large trusses. 3½ feet.

Mrs. Alfred Conard. One of the most popular varieties grown; large salmon pink. 4 feet.

Nokomis. Large deep crimson flowers, well above bronze green foliage. 4½ feet.

Rosea Gigantea. Large deep rich rose flowers in great abundance. 4 feet.

San Diego. Chinese orange flowers of great substance; rich bronze foliage. 4 feet.

Statue of Liberty. Extremely vigorous grower with bronze foliage and large orange scarlet flowers. 6 feet.

Sungold. Chinese orange with fiery scarlet suffusion; very effective. 4½ feet.

Timbuctoo. A very attractive and unusually effective yellow. 3½ feet.

Triomphe. Brilliant dark red bedder, free flowering and very attractive. 4 feet.

Price. The above 12 Superior Cannas, 30 cts. each; \$3.00 per doz.; \$20.00 per 100. One each of the above 12 varieties for \$3.00.

LARGE-FLOWERING CANNA, EUREKA

Twelve New or Meritorius Cannas

The twelve varieties embraced in this set are the latest and best in their respective colors; each is of surpassing merit.

Antoine Wintzer. Dazzling crimson scarlet with large trusses of immense florets. A really noteworthy acquisition. 4½ feet. \$1.00 each.

Commander Byrd. Very large flowers of a creamy white color, are freely produced; unusually good. 4 feet. \$1.00 each.

Copper Giant. Immense madder-red flower suffused with rose; plant very vigorous and free. Unique and startling. 4 feet. 25 cts. each.

Favorite. Deepest yellow dotted with red. The dots are so faint that they do not detract from the golden mass of bloom. 3½ feet. 25 cts. each.

Jersey Rose. Clear old rose with glossy finish. 3½ feet. \$1.00 each.

Twelve Standard Cannas

This set contains twelve well tried varieties, all of which have been found worthy in their respective types and colors. No plants we know of will produce a better display for the money than this set of Cannas at the price.

City of Portland. Beautiful rose colored flowers of good formation freely produced in immense trusses. 4 feet.

Gladiator. Deep yellow, freely dotted with red. 4½ feet.

King Humbert. The most popular of all Cannas. Great orange scarlet flowers surmount beautiful coppery bronze foliage. 5 feet.

Meteor. Deep red flowers freely produced in large trusses. 4 feet.

Richard Wallace. Large canary yellow flowers. 4 feet.

The Ambassador. Wonderfully free flowering brilliant red; bronze foliage. 5 feet.

The Gem. Deep cream with carmine dots; very effective. 4½ feet.

The President. The greatest red Canna; wonderfully vigorous and effective. 5 feet.

Uhlberg. Rosy carmine with creamy yellow markings. 3½ feet.

Wintzer's Colossal. Immense orchid type flowers of a brilliant scarlet color. 5 feet.

Wyoming. Bronze foliage with immense spikes of orange flowers. 6 feet.

Yellow King Humbert. Very effective yellow with red dots; large orchid type flowers. 4½ feet.

Price. Any of the above, 20 cts. each; \$2.00 per doz.; \$15.00 per 100. The set of 12 varieties for \$2.00.

Large-flowering Cannas in Separate Colors

Many planters are not particular as to variety so long as they get the wanted color; for such we offer at very low prices if the selection of variety is left to our choice, in the following colors.

Crimson, Scarlet, Pink Carmine, Yellow, Yellow spotted Red, Orange and White.

Price. \$1.50 per doz.; \$10.00 per 100; \$80.00 per 1000.

Fibrous-rooted Begonias

Argentea Guttata. Foliage of rich green spotted with silver.

Corallina Lucerna. Gigantic trusses of bronzy-red flowers in bloom continuously from April to November.

Haageana. Large trusses of creamy-white flowers, suffused with pink, the foliage bold and attractive, of a bronzy-green above and reddish on the under side.

Price. 35 cts. each. One each of the 3 sorts for \$1.00.

LARGE-FLOWERING CANNA, THE AMBASSADOR

CLIVIA MINIATA

Bougainvillea

Crimson Lake. The flowers are like all other Bougainvilleas, perhaps a trifle larger, but in coloring none compare with it in richness and brilliancy. On first opening a brilliant crimson-lake, retaining this color for three or four weeks, gradually passing to a crimson-carmine. An attractive pot plant for the conservatory. Strong plants, 50 cts. each.

Camellia Japonica

We offer a nice lot of thrifty plants 12 to 15 inches high in 6-inch pots in Double Pink, Double Red and Double Variegated, \$2.50 each.

We can also supply the pretty blush-pink variety "Pink Beauty," in bushy plants from 7-inch pots, 24 to 30 inches high, at \$5.00 each; 8-inch pots, 36 to 42 inches high, \$10.00 each.

Cestrum Parqui (Night-blooming Jessamine)

An interesting tender Shrub of easy cultivation, either for pot culture or for planting in the garden when the weather gets warm, with small greenish white flowers of delightful fragrance, which is dispensed during the night only. 25 cts. each; \$2.50 per doz.

Clivia Miniata (Imantophyllum)

A pretty lily-like plant of the easiest culture, a most desirable house plant, it flowers during the late winter months, remaining in bloom for a long period. The flowers are about 2 inches long, and are borne in dense clusters of from 10 to 20 flowers each; in color it is of a fine orange-red, shading to buff. 4-inch pots, \$1.00; 5-inch pots, \$2.00; 6-inch pots, \$3.00 and 7-inch pots, \$5.00 each.

EUCHARIS AMAZONICA

Clerodendron

Balfouri. A beautiful greenhouse climber, and admirably suited for house culture, flowering most profusely with bright scarlet flowers, enveloped in a creamy-white calyx. Strong plants, 25 cts. each. Extra large plants, 50 cts. each.

Extra Early Colossal or Giant Cosmos

Indispensable summer and autumn blooming plants producing their artistic blossoms in lavish profusion. Plants ready May 1. We can supply **White, Pink and Crimson.** 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Crassula

Arborescens. Frequently but erroneously called Japanese Rubber Plant. Heavy stems with thick fleshy leaves about 2 inches long. Very popular house plant, either as specimens or for indoor rock and miniature gardens. Strong plants, 3-inch pots, 50 cts.; 4-inch, \$1.00; 5-inch, \$2.00; 6-inch, \$3.00 each. Larger specimens, \$5.00, \$6.00 and \$7.50 each.

CRASSULA ARBORESCENS

Crotons

Nothing can excel the beauty and richness of coloring that is found in this class of plants. They are beautiful as pot plants for the conservatory, making handsome specimens for decorative and exhibition purposes. In the latitude of Philadelphia and southward they are wonderfully effective for summer bedding, presenting a glorious medley of rich variegated colors not found in any other class of plants.

We offer a choice assortment embracing the best standard varieties.

Plants in 3-inch pots, \$1.00 each; collection of 12 varieties, \$10.00.

Plants in 4-inch pots, \$1.50 each; collection of 12 varieties, \$15.00.

Large plants, \$2.00, \$2.50 and \$5.00 each.

Cyperus (Umbrella Plant)

Alternifolius. An excellent plant for the house, always presenting an attractive appearance. It may be grown as a sub-aquatic, and in any case should never lack a liberal supply of water. 25 cts. each; \$2.50 per doz.

Epiphyllum (Crab-Cactus)

Truncatum. An interesting Cactus that was formerly extensively grown as a house plant for the window garden and which is well worthy of being reinstated. It produces large showy tubular shaped flowers of a rosy-red color late in winter or in early spring remaining in flower for several weeks. Good plants in 4-inch pots. \$1.00 each.

Eucharis (Amazon Lily)

Amazonica. A splendid plant for the warm conservatory, blooming at various seasons. It sends up stalks bearing several pure white, star-shaped flowers, 4 inches across, delightfully fragrant. 75 cts. each; \$7.50 per doz.

Decorative Dracaenas

Fragrans. An excellent house plant, with broad dark green foliage, grows under the most adverse conditions. 3-inch pot plants, 35 cts. each; 4-inch pots, 60 cts. each; 5-inch pots, \$1.00 each.

Godseffiana. Different from all other Dracaenas; of free-branching habit forming compact, graceful specimens. Its foliage is of strong texture; rich, dark green color densely marked with spots of creamy white. 3-inch pots, 50 cts. each.

Massangeana. A beautiful variegated form of *Fragrans* with broad, green foliage, with a broad, golden-yellow band through the centre of each leaf. 4-inch pots, 75 cts.; 5-inch pots, \$1.50; 6-inch pots, \$2.50 each.

Sanderiana. A distinct and pretty variety with glaucous green foliage edged with a broad border of creamy white. 2½-inch pots, 35 cts. each; 3-inch pots, 50 cts. each; 4-inch pots, \$1.50 each; bushy plants in 5-inch pots, \$2.00 each.

Erythrina (Coral Plant)

Crista Galli. An interesting flowering plant for the garden, growing 4 to 6 feet high and producing from late in September until frost, 18-inch long spikes of large, rich, crimson, pea-shaped flowers. The roots may be kept in perfect preservation during the winter in a dry cellar covered with soil. 75 cts. each.

Euphorbia

Splendens (Crown of Thorns).

An odd and interesting plant, the stems being covered with numerous spines about one inch long which together with the bright red flower bracts which are produced at all seasons, make it a unique subject for the window garden. 3-inch pots, 50 cts. each.

EUPHORBIA SPLENDENS

ASPLENIUM NIDUS AVIS

Dreer's Fine Ferns

Adiantum Cuneatum. This is the well-known fine-leaved Maiden Hair variety so extensively used in connection with cut flowers. 3-inch pots, 25 cts. each.

— **Farleyense Gloriosa** (*The Glory Fern*). An easy-growing form of that most beautiful of all Maiden Hairs, *Adiantum Farleyense*. Good plants, in 3-inch pots, 50 cts. each; 4-inch pots, \$1.00 each.

— **Wrighti.** A comparatively new variety of the Maiden Hair type with large fronds which are of a particularly rich pleasing green color. A good hardy variety suitable for the house. 4-inch pots, 75 cts. each.

Asplenium Nidus Avis (*Bird's Nest Fern*). We have a splendid lot of this interesting Fern which is well suited for house culture. 2½-inch pots, 50 cts.; 5-inch pots, \$2.00 each.

Cibotium Schiedei (*Mexican Tree Fern*). One of the most desirable and valuable Ferns for room decoration. 4-inch pots, \$1.00 each; 6-inch pots, \$2.50 each.

Cyrtomium Rochfordianum Compactum (*Crested Holly Fern*). Next to the Boston Ferns, the Holly Fern is the most satisfactory for apartment use. Foliage of rich glossy dark green, the pinnae or leaflets, besides being wavy or undulated on the edges, are also deeply cut or toothed giving the plant a graceful and light appearance. 2½-inch pots, 15 cts. each; 3-inch pots, 25 cts.; 4-inch pots, 50 cts. each.

Nephrolepis Bostoniensis (*Boston Fern*). The original type with long graceful fronds. 4-inch pots, 75 cts.; 6-inch pots, \$1.50 each. Specimen plants in 8-inch pots, \$3.50 each.

Polypodium Mandaianum Seedlings. Fronds wavy and undulated and of an attractive glaucous-blue color; very hardy house plants. 4-inch pots, 75 cts. each.

Platynerium Alciorne Major (*Stag-Horn Fern*). One of the prettiest and easiest grown varieties of the interesting Stag-Horn Ferns, a splendid plant for the conservatory. (See illustration above.) Strong, 5-inch pots, \$2.50; 7-inch pans, \$5.00 each.

PLATYNERIUM
ALCIORNE MAJOR

STAG-HORN FERN

Dreer's Fine Ferns—Continued

Pteris Alexandrae. The crested fronds of this pretty variety are variegated with silvery white. 2½-inch pots, 15 cts.; 4-inch pots, 50 cts. each.

— **Major.** A pretty attractive, shapely decorative plant of strong vigorous growth with dark green foliage. 2½-inch pots, 15 cts. each.

— **Rivertoniana.** The most desirable of the taller crested forms of *Pteris*. 2½-inch pots, 15 cts.; 4-inch pots, 50 cts. each.

— **Victorinae.** Has narrow graceful foliage of a deep green color elegantly variegated with silvery-white, one of the prettiest of the variegated varieties. 2½-inch pots, 15 cts. each; 4-inch pots, 50 cts. each.

— **Wilsoni.** Of compact habit, forming a very symmetrical plant. The bright green foliage is beautifully crested. 2½-inch pots, 15 cts.; 4-inch pots, 50 cts. each.

Ferns for Fern Dishes

We can supply the most desirable varieties for this purpose. 2½-inch pots, 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Farfugium

Argenteum. A rare variety, with glaucous green foliage, edged with creamy-white; very pretty. \$1.00 each.

Grande (*Leopard Plant*). This is an extremely ornamental plant with large, circular leaves, thickly spotted with creamy-white and yellow. 75 cts. each.

Fittonia

Trailing plants, with handsome variegated foliage.

Argyoneura. Vivid green, with net-work of pure white veins. 35 cts. each.

Verschaffelti. Bronzy-green, with pink variegation. 35 cts. each.

Gardenia

(*Cape Jessamine*)

Florida. Beautiful greenhouse evergreen Shrubs, with delightfully fragrant, pure white, waxy flower, blooming from May to July. Strong 5 and 6-inch pots, \$1.00 each.

ADIANTUM FARLEYENSE GLORIOSA

Ficus (Rubber Plant)

Elastica. The well-known Rubber Plant. 4-inch pots, 10 inches high, 75 cts. each; 6-inch pots, 20 to 24 inches high, \$1.50 each.

Repens. Small dark green foliage of trailing or creeping habit, fine for baskets or covering greenhouse walls. 35 cts. each.

Utilis. Entirely distinct and unlike the popular Rubber Plant, yet possessing the same hardiness. The leaves are thick and leathery, of a rich holly-green, with midrib and principal veins of ivory-white. Strong plants, \$1.00 and \$2.00 each.

Genista

Fragrans. A most desirable spring-flowering plant, producing its fragrant, bright, golden-yellow flowers in the greatest profusion. As a window-plant of easiest culture it is unsurpassed. Especially desirable for Easter decoration. Fine plants in 4-inch pots. Flowering size, 75 cts. each.

Four Best Bedding Geraniums

The varieties offered are all semi-double flowering and are the best of their respective colors.

Alphonse Riccard. Bright vermilion scarlet.

Beaute Poitevine. Finest salmon-pink.

Mme. Recamier. Pure white. | **S. A. Nutt.** Rich, dark crimson. 30 cts. each; \$3.00 per doz.; \$25.00 per 100.

Heliotrope (Cherry Pie)

Royal Fragrance. A deliciously sweet scented and wonderfully improved form of this old garden favorite with large trusses of light violet-blue flowers. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Hibiscus Sinensis (Chinese Hibiscus)

Well-known evergreen tender Shrubs which may be grown either in a pot or tub, or planted out during the summer.

Aurantiacus. Fine double pure salmon. | **Grandiflorus.** Very large single rose.

Miniatus Semi-plenus. The finest and most brilliant semi-double, vermilion-scarlet, with flowers 4 inches in diameter.

Peachblow. Large double flowers of a soft pink with deeper centre.

Price. Any of the above, 30 cts. each. Set of 4 sorts for \$1.00.

Hoya (Wax Plant)

Carnosa. An interesting easily managed house plant of climbing habit suitable to grow on a trellis or other support, producing during the summer months large umbels of fragrant, waxy, white flowers with pink centers. 75 cts. each.

JASMINUM GRANDIFLORUM

GERBERA JAMESONI

Gerbera Jamesoni (Transvaal or Barberton Daisy)

During the past few years this Daisy from the Transvaal has been extensively featured by the florists as a cut flower, particularly in late winter and early spring, its graceful flowers of striking beauty have established its popularity, but its value is not only as a winter cut flower, but it is a worthy and novel subject for the mixed border in summer. Planted in a well drained position where it is fully exposed to the sun it will produce its attractive flowers 3½ inches and over in diameter throughout the summer and fall months. The plant is of vigorous growth forming a dense tuft of leaves from the crown from which it sends up in constant succession stout stems 12 to 18 inches long which are terminated with single daisy-like flowers varying in color from blush white and salmon pink to brilliant scarlet which we can supply **only in mixture** at 35 cts. each; \$3.50 per doz.

Double Flowering Gerberas. These are of very recent introduction. We can furnish the double forms in two colors, a Brilliant Rosy Scarlet and a Luminous Salmon Pink, either color at 50 cts. each; \$5.00 per doz.

English Ivy (Hedera Helix)

Thrifty young plants in 2-inch pots, 15 cts. each; \$1.50 per doz.; \$10.00 per 100. Large plants, 4-inch pots, 50 cts. each; \$5.00 per doz.; 5-inch pots, 75 cts. each; \$7.50 per doz.; 6-inch pots, 5 feet high, \$1.50 each. Extra large plants, in 7-inch pots, 6 feet high, \$2.50 each.

Trained Specimens English Ivy
Globe-shaped

12 inches in diameter in 6-inch pots, \$2.50 each.

Miniature-leaved English Ivy
(Hedera helix gracilis)

Identical in habit with the English Ivy, but with dark green foliage not over one-tenth as large, a most graceful vine; young plants in 2-inch pots, 15 cts. each; \$1.50 per doz.; 4-inch pots, 50 cts. each; \$5.00 per doz.

LATANIA BORBONICA
CHINESE FAN PALM

Cocos Weddelliana. The most graceful and elegant of all Palms. Its slender, erect stem is freely furnished with its gracefully arching leaves, of a rich green color. The sizes offered are admirable for fern dishes. Young plants in 2½-inch pots, 35 cts. each; 3-inch pots, 12 inches high, 75 cts. each.

Kentia Belmoreana. The Kentias are the hardiest Palms in cultivation. They are of slow growth, and are less affected by the dust and dry atmosphere of the house than any others. The variety here offered is of dwarf, spreading habit, with fine rich, dark green foliage.

	Each
3-inch pots, 12 inches high.....	\$0 50
4-inch pots, 15 inches high.....	1 00
5-inch pots, 20 inches high.....	2 00

Kentia Forsteriana. This splendid variety is very similar to K. Belmoreana, but of stronger growth, with broader, heavier foliage.		Each
3-inch pots, 12 inches high.....		\$0 50
4-inch pots, 15 inches high.....		1 00
5-inch pots, 24 inches high.....		2 50
6-inch pots, 30 inches high.....		4 00
7-inch pots, 36 inches high.....		5 00

Kentia Forsteriana (Made-up Plants). These are specimens made by planting several plants together; very useful and decorative.

Inches high	Each	Tubs	Inches high	Each
5-inch pots 20	\$2 50	8-inch 45		\$15 00
6-inch pots 30	4 00	10-inch 48		20 00

12-inch tubs, very heavy, 60 inches high.....	25 00
14-inch tubs, fine specimens, 6 feet high.....	40 00

DECORATIVE PALMS

No collection of plants is complete without Palms. Their bold, majestic, yet graceful foliage lends a grandeur and magnificence that cannot be obtained by any other class of plants, and no decoration, whether in the conservatory, hall or living-room, is complete without them.

Areca Lutescens. One of the most graceful and beautiful Palms in cultivation; the foliage is of a bright, glossy green, with yellow stems.

3-inch pots, bushy plants, 12 to 15 inches high.....	\$0 50
4-inch pots, bushy plants, 15 to 18 inches high.....	75
5-inch pots, bushy plants, 18 to 24 inches high.....	1 50

7-inch pots, bushy plants, 36 inches high.....	6 00
8-inch tubs, 42 inches high.....	7 50

Phoenix Roebeleni. The most graceful of the Phoenix, and a Palm which has become one of the most popular for room decoration. The plant is of vigorous growth, and its gracefully, recurving leaves, with very narrow dark green pinnae give it a lightness and airiness not surpassed, if equaled, by Cocos Weddelliana; at the same time it is as hardy as a Kentia, succeeding

admirably as a house plant. Each

3 - inch pots, fine young plants.....	\$0 50
4 - inch pots, fine young plants.....	1 50

8-inch tubs.....	7 50
10-inch tubs.....	10 00

Latania Borbonica (Chinese Fan Palm)
3-inch pots, 35 cts. each.
4-inch pots, 75 cts. each.

PHOENIX ROEBELENI

MADE-UP PLANT OF KENTIA FORSTERIANA

NOTE—Plants will be sent by Parcel Post if remittance is made to cover postage and special packing as noted on the order blank and on page 120. Palms above four inch pots are not mailable.

OPHIPOGON JABURAN VARIEGATUS

Jasminum Grandiflorum (Catalonian or Star Jasmine)

This is the old favorite sweet scented variety, a most desirable plant for the window garden producing its attractive white flowers almost continuously. 35 cts. each; \$3.50 per doz.

Jasminum Primulinum

Flowers bright yellow similar to the old favorite hardy Jessamine but double the size and develop early in March. An excellent plant for the window garden when trained on a trellis as a pot plant. 25 cts. each.

Lagerstroemia (Crape Myrtle)

This is one of the prettiest Shrubs and while hardy south of the Potomac requires protection in this latitude. The graceful flowers appear very freely and are very attractive during August and September. We offer strong 6-inch pots.

Indica. Delicate soft pink.

—Alba. A white-flowered form.

Price. \$1.00 each.

Maranta

Beautiful variegated foliage plants, suitable for the warm conservatory.

Rosea Lineata. Rich deep green leaves beautifully variegated with many narrow lines of a soft salmon-rose. \$1.00 each.

Double Pink Oleanders (Nerium)

We have a lot of splendidly trained tree-shaped plants of this old favorite, which will produce a mass of flowers during the summer; the plants are growing in wooden tree tubs about 15 inches in diameter; they have strong, straight trunks 3 feet high and nicely shaped round crowns 30 inches in diameter; an exceptionally fine lot of flowering decorative plants. \$15.00 each. Young plants, 4-inch pots, 75 cts. each.

Variegated Leaved. Foliage attractively edged with creamy-white, single pink flowers; 4-inch pots, 75 cts. each.

Olea (Sweet Olive)

Fragrans. An old favorite greenhouse Shrub succeeding admirably as a house plant, producing small creamy-white flowers of the most exquisite fragrance, continues to bloom almost the entire winter. 4-inch pots, \$1.00 each; 5-inch pots, \$1.50 each.

Ophiopogon (Lily Tuft)

Jaburan Variegatus. A pretty variegated foliage plant, useful either as a pot plant for the window or for planting out in summer; its narrow dark green foliage is prettily striped with gold, and during July and August, spikes of blue flowers add to its beauty. \$1.00 each.

Pandanus (Screw Pine)

Veitchi. One of the finest decorative plants for the house, graceful foliage, broadly striped with cream-white on a green ground. 4-inch pots, \$1.00; 6-inch pots, \$2.50; 7-inch tubs, \$3.50; 8-inch tubs, \$7.50; 10-inch tubs, \$10.00 each.

Passiflora (Passion Flower)

Pfordti. The most interesting and best variety for outdoors as a summer climber; flowers light blue, suffused with rose and borne quite freely. 50 cts. each.

Princeps. This is one of the best greenhouse climbers, a rare and showy variety with bright red flowers. \$1.00 each.

Pennisetum (Fountain Grass) (Ready May 1st)

Tender ornamental Grasses, valuable either as individual specimens in the garden or for massing, while as border plants for beds of Cannas or Caladiums nothing equals them.

Cupreum. Similar in the dark coppery-bronze color of its foliage to the variety above, but with much narrower leaves; grows about 3 to 3½ feet high. 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Japonicum (Fountain Grass). This variety grows about 4 feet high; foliage narrow, of a bright green, while the cylindrical flower heads are tinged with bronzy purple. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Macrophyllum Atrosanguineum (Crimson Fountain Grass). Foliage gracefully recurved of a pleasing dark metallic, coppery-bronze and tawny crimson plumes, attains a height of about 4 feet. 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Rueppelianum (Purple Fountain Grass). Grows about 3 feet high, producing long, graceful green foliage and purplish plumes. 20 cts. each; \$2.00 per doz.; \$12.00 per 100.

Dreer's Superb Single-fringed Petunias

Our own strain of the finest large-flowering single-fringed sorts of this useful bedding plant, and invaluable for porch and window boxes, flowering continuously from early in the summer till frost. Ready May 1st. 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

Philodendron (Monstera)

Cordatum. A climbing or trailing plant with very substantial dark green, heart-shaped leaves 3 to 4 inches in diameter; an excellent plant for the window garden when grown as a trailing basket or pot plant. Strong young plants, 3-inch pots, 50 cts. each.

Pertusum. An interesting decorative foliage plant for the conservatory or living room with large fleshy dark green leaves that are irregularly and deeply cut or lobed on the edges. We offer this only in specimen plants. 7-inch tubs, \$10.00; 8-inch tubs, \$15.00 each.

CRIMSON FOUNTAIN GRASS (Pennisetum)

Plumbago

Capensis. Flowers at all seasons. A fine plant for pot culture or the border; producing spikes of pretty, light blue flowers.

— **Alba.** A white flowered form of above.

Coccinea Superba. Long spikes of showy satiny carmine flowers; a fine pot plant for the window garden.

Price. Any of the above, 25 cts. each; \$2.50 per doz.

Pothos Aurea

A climbing plant with golden mottled green foliage, excellent for baskets and boxes. 3-inch pots, 35 cts. each.

Rhynchospermum (Trachelospermum) (Confederate Jasmine)

A beautiful greenhouse climber and well adapted for growing as a house plant in pot, trained on a trellis, with dark green glossy foliage, producing during May and June great masses of pure white Jasmine-like delightfully fragrant flowers. Strong plants in 4-inch pots, 75 cts. each.

Salvia Splendens "America"

(Scarlet Sage)

This is the finest of all the Scarlet Sages, being the earliest, freest and most continuous bloomer. It is also the most uniform in habit of growth. Ready May 1st.

20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Sansevieria

Zeylanica Laurenti. This variety, in addition to the variegation shown in the ordinary sort, has a band of creamy yellow varying from $\frac{1}{4}$ to $\frac{1}{2}$ inch on each edge of the leaves, which adds greatly to its decorative effect. 3-inch pots, 75 cts.; 4-inch pots, \$1.25; 5-inch pots, \$2.00; 6-inch pots, \$3.50 each.

Stephanotis

Floribunda. One of the most charming hothouse climbers, growing rapidly, with long, glossy, deep green foliage, and producing clusters of pure white deliciously fragrant flowers. \$1.50 each.

Stigmaphyllon Ciliatum

(Brazilian Golden, or Orchid Vine)

One of the prettiest tender climbers in cultivation, with large yellow, orchid-like flowers, produced very freely during the summer months. It is especially adapted for training over the pillars or on the wall of a conservatory, but will do equally well in the open air. 50 cts. each.

Strelitzia (Bird of Paradise Flower)

Regina. A serviceable conservatory plant, with dark green leathery foliage, and producing interesting curiously shaped orange and purplish blue flowers that always attract attention. 5-inch pots, \$4.00 each; larger plants in 7-inch pots, \$6.00 each.

Thunbergia

Erecta. A greenhouse Shrub flowering almost the year round, bearing large, showy deep purple flowers with orange-yellow throat. A most satisfactory plant for the window garden.

Harrisi. A splendid winter flowering greenhouse climber, with showy light-blue flowers with creamy white throat.

Price. 50 cts. each; \$5.00 per doz.

Vallota (Scarborough Lily)

Speciosa. An interesting South African bulb closely allied to the *Amaryllis* with large funnel-form bright scarlet flowers 3 inches across, produced in clusters of three or more on stout $2\frac{1}{2}$ to 3-feet high stems during summer and early autumn. Strong established plants, \$1.50 each.

Zinnias (Youth and Old Age)

Dreer's Double Dahlia Flowered. An extra large flowering strain of this popular summer-flowering annual, growing about 3 feet high. Mixed colors.

Dreer's Double Pompon. Grow about 15 inches high producing splendid small double flowers on long stems suitable for cutting. A full range of colors in mixture.

Either of the above ready May 10th. 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

Succulent Plants for Table and Miniature Rock Gardens

Much interest has been taken in the past few years in indoor rock gardens and many dishes, at one time used for Ferns for table decoration, have been converted into miniature rock gardens but whether the planting is on a large or small scale, the fleshy leaved succulent plants here offered are particularly useful and attractive for this purpose, all of them thriving with little care in the dry warm temperature of our modern homes. From the vast variety of this class of plants known we have selected the six varieties here illustrated and described as among the most attractive and desirable.

Aloe Arborescens. Thick succulent leaves armed with dull prickles; glaucous green; very graceful and enduring.

— **Ciliaris.** Growth is similar to *Arborescens*, but smaller and more graceful; color green.

Cotyledon Orbiculata. Broad glaucous leaves, a free grower.

Crassula Arborescens. Very fleshy bright green leaves of good size; sometimes called the Japanese Rubber Plant.

— **Quadrifida.** Bold grower with good sized dark green foliage.

— **Lycopoides.** Mossy appearance; compact and graceful.

— **Tetragona.** Forms a small compact bush with dark green fleshy pointed leaves.

Echeveria Secunda Glauca. Beautiful flat growing rosette of fleshy glaucous leaves.

— **Weinbergii.** Very similar to the last, except that the foliage is of a rosy tint.

Euphorbia Tirucali. Forms thick but graceful bushes of naked stems, very unique and interesting.

Kleinia Repens. Long glaucous leaves make this a unique, graceful plant.

Mesembryanthemum Deltoides. Graceful mossy appearance; glaucous foliage and stems.

Price. Any of the above, small plants from 2-inch pots, 25 cts. each; \$2.50 per dozen. Any six for \$1.25; larger plants from 3-inch pots, 50 cts. each; \$5.00 per dozen; any six for \$2.50.

Portulacaria Afra. Unique Shrub, glossy green leaves.

Sedum Adolphi. Thick orange colored leaves; very effective.

— **Dendroideum.** Bright green leaves of medium size form a very showy small Shrub.

— **Trelesi.** Leaves quite small but very fleshy, resembling white beads. Particularly attractive.

Sempervivum Haworthii. Shrubby "Hen and Chickens"; free growing; green foliage.

Garden Chrysanthemums offered on page 172 will supply an abundance of flowers after everything else has been cut by frost

DREER'S SELECT Hardy Perennial Plants

A HARDY PERENNIAL BORDER

The growing popularity of the **Old-fashioned Hardy Garden Flowers**, the inhabitants of the perennial garden is not at all surprising when we consider the many varied and pleasant changes which take place throughout the entire growing season in a well-arranged hardy border, in which every week—yes, every day—brings forth something fresh and new to interest and delight even the most critical. Beginning in April, the early-flowering varieties open their flowers often before the snow has entirely disappeared, and continue, with constant changing variety, throughout the summer until late in the fall when only severe freezing weather will stop such persistent late-blooming kinds as Japanese Anemones, Pompon Chrysanthemums, Gaillardias, Eupatoriums, Tritomas, etc.

Many not thoroughly familiar with this class of plants have an idea that nothing but a large field-grown clump will give satisfactory returns the first season. This, as experience has taught us, is in most instances a mistake. A vigorous plant of proper size will, in nearly every case, give quicker and better returns than the best so-called "field clumps." The majority of the stock offered in this catalogue is pot-grown. This does not mean that the plants have been altogether pot-grown, but that they have been field-grown and dug and potted up during the fall months, and such stock can be planted, even late in the spring with practically no loss, which, in the case of clumps, is often quite serious.

**We have prepared a leaflet on
THE MAKING AND CARE OF AN OLD-FASHIONED HARDY BORDER
and
HARDY PERENNIAL PLANTS SUITABLE FOR THE ROCK GARDEN
giving list of suitable plants for position either in sun or shade.
Copies free on request.**

We also offer several good books on the culture of Hardy Perennials, a list of which will be found on page 48 of this catalogue.

DREER'S COLLECTIONS OF HARDY PERENNIAL PLANTS

The list of Hardy Perennial Plants which we offer in our Garden Book is admitted to be one of the most complete and up-to-date collections in the country, and we are continually adding all the new, rare and desirable sorts.

While we are not in the landscape business and cannot undertake the preparation of plans for planting or laying out of grounds we have had prepared by a competent landscape architect a series of **Plans of Hardy Borders** with a list of suitable plants for positions either in sun or shade. Also a list of plants suitable for Rock Gardens with general advice on the construction and care of same. We will be pleased to send this leaflet free on application. We also offer customers who are not acquainted with the different sorts the following collections, all in good, strong roots, which when once planted will, with little care, keep the garden and Rock Garden gay with flowers from the time the frost leaves the ground until late in autumn. These collections are made up of species and varieties **strictly of our selection, and we are unable to submit list of contents, as the assortment varies at different periods during the planting season.**

Achillea (Milfoil or Yarrow)

Filipendulina (*Fern-leaved Yarrow*). A showy sort with dense heads of golden yellow flowers. 3 feet. June and July.

Millefolium Roseum (*Rosy Milfoil*). Finely cut deep green foliage, flowers pink in dense heads; 18 inches high, and flowers all summer.

Ptarmica Fl. Pl. The Pearl. Pure white flowers borne in the greatest profusion the entire summer on strong, erect stems, 2 feet high; as a summer cut flower it is of great value.

—**Boule de Neige** (*Ball of Snow*). An improvement on The Pearl; the flowers, while not quite so large, are of more perfect form, with fuller centres, which makes it appear purer in color.

Tomentosa (*Woolly Yarrow*). Handsome cut foliage and bright yellow flowers in a multitude of flat heads during June; height about 12 inches.

25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Aconitum (Monkshood or Helmet Flower)

Aconites form bushy clumps, and are invaluable for planting under trees or in shady or semi-shady positions.

Fischeri. A dwarf variety growing 18 inches high, with very large pale blue flowers in September and October.

Spark's Variety. The darkest blue of all; 30 inches high; flowers in June.

Wilsoni. Tall growing, 5 to 6 feet, very late fall, violet blue flowers; very effective.

Price. 35 cts. each; \$3.50 per doz.; \$25.00 per 100. 1 each of the 3 varieties for \$1.00.

Adenophora (Gland Bellflower)

Potanini. Forms a bushy plant 2 feet high with spikes of nodding light blue bell-shaped flowers, similar to a Campanula. A good border plant flowering in July and August. 30 cts. each; \$3.00 per doz.

ALYSSUM SAXATILE COMPACTUM, ON ROCKERY

Aethionema (Lebanon Candytuft)

Iberideum. A free flowering trailer for the rock garden with gray glaucous leaves and white flowers in April and May.

Persicum. Beautiful shrubby alpines of spreading habit. Deep rose color, flowering from May to August, well adapted for the rockery or the border. 12 to 15 inches.

35 cts. each; \$3.50 per doz.

Agrostemma (Rose Campion)

Stout, erect-growing plants with silvery foliage, which contrasts well with the showy flowers, which are produced during June and July.

Coronaria (*Mullein Pink*). Bright rosy-crimson; 2½ to 3 feet.

—**Alba**. A pure white variety.

25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Ajuga (Bugle)

A useful plant for the rockery and for carpeting the ground, particularly in shady positions, as under trees where grass will not grow; flowers in May and June. 6 to 8 inches.

Genevensis. Deep blue flowers.

Reptans Multicoloris. Bronzed purple foliage splashed with creamy-white. Very attractive. 50 cts. each.

—**Rubra**. Bronzy foliage, blue flowers.

Price. Except where noted, 30 cts. each; \$3.00 per doz.; \$18.00 per 100.

Alyssum (Mad Wort)

Rostratum. Bright golden yellow flowers in June and July. 1 foot.

Saxatile Compactum (*Basket of Gold, Gold Tuft, Rockmadwort*). An indispensable plant for the rockery or border, growing 1 foot high and producing in May masses of broad, flat heads of bright yellow flowers.

Serpyllifolium. Very dwarf, 4 inches with racemes of pale yellow flowers in June and rough hoary leaves valuable for the Rock Garden.

25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Anchusa (Sea Bugloss)

Italica, Dropmore Variety. A grand improvement on the old Italian Alkanet grows 5 to 6 feet high and produces its pretty gentian-blue flowers in May and June; one of the best blue perennials. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Anchusa Myosotidiflora (Forget-me-not Flowered Bugloss)

An entirely different and distinct dwarf species from the Caucasus, growing but 10 to 12 inches high, producing during April and May sprays of beautiful Forget-me-not-like flowers of a rich hue. 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

ACONITUM

ARABIS ALPINA FLORE-PLENO

Androsace (Rock Jasmine)

Sarmentosa (*Primuloides*). An interesting alpine for the rockery but which requires special care in growing of which it is deserving. Succeeds best in a sandy soil in which crushed pieces of sandstone are embodied, preferably in a northerly aspect of the rockery. Flowers bright rose, with a white eye borne in umbels of from 10 to 20 flowers each on 4 inch stems in May and June. 60 cts. each; \$6.00 per doz.

Anthericum (St. Bruno's Lily)

Liliastrium Major. A charming border plant with rush-like foliage and 18 to 24 inch high racemes of small white lily-like flowers during July and August. 35 cts. each; \$3.50 per doz.

Arabis (Rock Cress)

Alpina. One of the most desirable of the very early spring-flowering plants that is especially adapted for edging and for the rock garden, but does equally well in the border, forming a dense carpet of pure white flowers. It is nice for cutting, and lasts a long time in bloom. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

—**Flore-pleno**. A distinct double flowering form. 35 cts. each; \$3.50 per doz.

—**Rosea**. Single, delicate soft pink. 35 cts. each; \$3.50 per doz.

Arenaria (Sand-Wort)

Montana. A pretty creeping plant which during June is covered with attractive white flowers. A good edging plant and invaluable for the rock garden.

Verna Caespitosa. A splendid rock plant for a shady position, forming an evergreen mat with small white flowers in early May.

Price. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Armeria (Sea Pink or Thrift)

Attractive dwarf plants that will succeed in any soil, forming evergreen tufts of bright green foliage, from which innumerable flowers appear in dense heads, on stiff wiry stems, from 9 to 12 inches high. They flower more or less continuously from early spring until late in fall. Very useful in the rockery as well as in the border.

Cephalotes Bees Ruby (*New*). Has stout stems with large globular heads of brilliant ruby-red flowers. 50 cts. each.

Cephalotes Rubra. Large heads of crimson red flowers on stout stems.

Laucheana. Bright rose.

Maritima Alba. A pretty pure white.

Price. Except where noted, 30 cts. each; \$3.00 per doz.; \$18.00 per 100.

Asclepias (Butterfly Weed)

Tuberosa. Very showy native plants, about 2½ feet high, producing flowers of brilliant orange-scarlet during July and August. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Artemisia

A most useful class of plants, either for the border or for filling in among the shrubbery.

Abrotanum (*Old Man or Southernwood*). Dark green finely cut foliage with pleasant aromatic odor. 18 inches.

Lactiflora (*Hawthorne Scented Mugwort*). A most desirable and effective plant either for the border or to plant among shrubbery; it is of strong free-growth with erect stems 3½ to 4½ feet high, terminated with great panicles of Astilbe-like Hawthorne-scented creamy white flowers produced from the latter part of August to the end of September.

Silver King (*Ghost Plant*). A very showy white-leaved contrast plant growing 3 feet high and maturing its beautiful mist-like foliage early in summer. Long sprays may be cut to mix with winter bouquets.

Stelleriana (*Old Woman*). Deeply-cut silvery white foliage. 18 inches.

25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Astilbe

This collection includes the best of the latest novelties, all are varieties of strong vigorous growth producing many branched feathered heads of flowers during June and July. They succeed best in a half-shady moist position in any ordinary garden soil.

Amethyst. Deep violet-red flowers on well branched spikes; 3 feet.

Granat. Deep crimson flowers; 3 feet.

Grandis Rosea Magnifica. A beautiful pure pink in much branched spikes; 4 feet.

Kriemhilde. Delicate, pleasing salmon-rose; 2½ feet.

Professor van der Wielen. Long spikes and side shoots showing a great profusion of pure white flowers; 4 feet.

Rhineland. Bright crimson shaded salmon; 2½ feet.

Price. 60 cts. each; \$6.00 per doz.; set of 6 sorts, \$3.00.

DREER'S LONG-SPURRED AQUILEGIA OR COLUMBINE

JAPANESE ANEMONE

Amsonia

Salicifolius. A stout, shrub-like plant, growing about 2 feet high, with terminal spikes of light steel-blue flowers in July, desirable to intersperse in clumps in the front row of the shrubby border. 35 cts. each; \$3.50 per doz.

Anthem. Tinctoria Perry's Variety (Improved Golden Marguerite)

A wonderful improvement over the well-known Golden Marguerite, Anthem. Tinctoria, easily grown in any ordinary border producing its large, nearly 3 inch across, well-shaped flowers from June to October. The well proportioned bushes with delicate Fern-like foliage are most attractive and become covered with bright golden-yellow flowers which are valuable for cutting. 15 to 18 inches. 30 cts. each; \$2.50 per doz.

Aquilegias, or Columbines

The Columbines are among the most elegant and beautiful hardy plants, producing their graceful spurred flowers on stems rising 2 feet or more above the beautifully divided foliage, and should be planted wherever their presence will serve to lighten up a too stiff and formal planting, for no other plant has so airy a grace as the Columbine, is more generous of its blooms, or more effectively adapted for cut flowers.

They are not at all particular as to soil or location although they prefer a sandy loam and a moist but well drained sunny position, and usually make themselves at home in any hardy border or rockery. Their period of flowering covers the late spring and early summer months. Taken as a whole, they are a most important part of the hardy garden, and should be grown in quantity by every lover of old-fashioned garden flowers.

Chrysantha. Bright yellow long-spurred flowers.

Dreer's Long-spurred Mixed Hybrids. This is the most admired type of Columbines. Flowers of largest size vary in color through charming tones of cream, pink, lavender, blue, white, red, etc.

Dreer's Long-spurred Pink Shades. A special selection of the greatly admired pink shades of this most popular type.

Flabellata Nana. A very dwarf growing pure white.

Helenae. A very effective rich blue variety.

Skinneri. Petals yellow, long red spurs.

Price. Any of the above, 30 cts. each; \$2.50 per doz.; \$18.00 per 100.

Aquilegia Pyraneica

This Pyrean species is the dwarfiest of all Columbines, forming compact clumps of bright green foliage with bright lilac-blue flowers on stems 6 to 8 inches high from June to August. A rare and choice plant for the rock garden. 60 cts. each; \$6.00 per doz.

Anemone Japonica (Japanese Windflower)

These beautiful Windflowers are among the most important hardy plants. While they begin blooming in August they are more especially valuable on account of their continuing in full beauty till cut down by hard frost. All are excellent for cutting, lasting in good condition for many days. The plants grow 2 to 3 feet high, are perfectly hardy if given the protection of 2 or 3 inches of leaves or litter during the winter.

Alba. Large snowy white.

Queen Charlotte. Very large semi-double flowers of a delicate La France pink.

Rubra. Grows only 15 to 18 inches high, semi-double rosy red flowers.

Whirlwind. Large semi-double white.

Price. 25 cts. each; \$2.50 per dozen; \$15.00 per 100. The set of four varieties for 90 cts.

Anemones (Windflowers)

Hupehensis. A perfect little gem closely allied to Anemone Japonica which in a miniature form it resembles. The plant grows from 18 to 24 inches high and from early in August until late in autumn, produces an abundance of flowers about 1½ inches in diameter, of a pleasing mauve rose.

Pulsatilla (Pasque Flower). Grows from 9 to 12 inches high and produces violet or purple flowers during April or May. An interesting plant for the rockery or well-drained border.

Rubra. A dark red form of above.

Sylvestris (Snowdrop Windflower). Large nodding sweet scented flowers, lavender-tinted white, solitary or two together, on stems 6 to 8 inches, pretty drooping buds and finely cut foliage; prefers a semi-shaded position. April to May.

Price. 30 cts. each; \$3.00 per doz.; \$18.00 per 100.

ANEMONE HUPEHENSIS

Japanese Iris (see page 183) make a fine display following directly after the gorgeous Peonies

HARDY ASTER, QUEEN MARY

Japanese Hardy Aster

Mauve Cushion. An entirely distinct species. It forms a circular cushion-like plant $2\frac{1}{2}$ feet across, rarely exceeding 9 inches in height, the flowers, of delicate, soft mauve, with silvery white reflection, measure over $1\frac{1}{2}$ inches in diameter, and are produced in such lavish profusion as to completely cover the plant; the blooms begin to expand early in October, but are not at their best until November. 35 cts. each; \$3.50 per doz.

Japanese Double White Hardy Aster

This came to us unnamed from a Japanese nurseryman, and is entirely distinct from all other hardy Asters; the plants are of symmetrical habit, and grow about 2 feet high, and bear from July to September double white flowers not unlike the double white Feverfew. 35 cts. each; \$3.50 per doz.

Dwarf Alpine Asters

Alpinus. Indispensable for the rockery or edge of hardy borders, grows 6 to 10 inches high, showy bluish-purple flowers in May and June.

—**Albus.** Identical to the above, but with pure white flowers.

Subcaeruleus. Forms a dense tuft of leaves, from which issue many leafless stems 12 inches high, bearing in June and July massive bluish-violet flowers 3 inches in diameter.

Price. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Asperula (Sweet Woodruff)

Odorata. A sweetly scented herb growing from 6 to 8 inches high with terminal clusters of white flowers in May. A useful plant for a shady spot in the garden or rockery or for carpeting the ground in a shady position. 30 cts. each; \$3.00 per doz.

Asphodelus (Asphodel, King's Spear)

Luteus. An effective plant for the border with sword-like foliage and 3 feet high spikes of fragrant yellow lily-like flowers in July. 30 cts. each; \$3.00 per doz.

Aubretia (Rainbow Rock Cress)

Pretty dwarf-growing plants suitable for the rockery or for the edge of the border, they form masses of silvery-green foliage and sheets of various colored flowers in spring and early summer. Choice mixed varieties, 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Fall-flowering Hardy Asters

(Michaelmas Daisies, or Starworts)

These are among the showiest of our late-flowering hardy plants, giving a wealth of bloom during September and October, a season when most other hardy flowers are past, and for the best effect should be planted in masses of one color. They grow freely in any soil. The collection offered below is made up of the choicest varieties.

Barr's Pink. This is of the *Novae angliae* type, a strong, vigorous grower forming shapely plants from four to five feet high the finest bright pink.

Blue Gem. One of the most decorative free-flowering rich blue varieties, probably the nearest approach to a true blue. 3 feet.

Capitaine. Light lavender blue; 4 to $4\frac{1}{2}$ feet.

Chaterham Gem. Feathery sprays of light lavender-blue flowers; 3 feet.

Enfant de Vitry. Distinct semi-double lilac-mauve, very free; $2\frac{1}{2}$ feet.

Ghent. Large soft lilac-mauve; 3 feet.

King of the Belgians. Light lobelia blue; 3 feet.

Liege. Large, soft rosy-pink; $2\frac{1}{2}$ feet.

Maid of Athens. Soft lavender-blue, 3 feet.

Maggie Perry. Very large flowers loosely arranged in large trusses, of a pleasing tone of soft mauve. One of the most distinct of the Aster family; 2 feet.

Mother of Pearl. Large flowers, mauve-pink at edges, shading to tinted white at centre giving a pearly-mauve effect. 2 to 3 feet.

Novae angliae. Bright violet-purple; 4 feet.

—**Mrs. F. W. Raynor.** Large purplish-crimson; 4 feet.

Novi belgii Climax. One of the best and showiest, with large pyramidal spikes of large lavender-blue flowers; 5 feet.

—**St. Egwin.** A pleasing soft-rosy-pink; 3 to 4 feet.

October Dawn. Grows about 2 feet high in stout branching pyramid form and is covered with large attractive lilac-mauve flowers.

Queen Mary. This is unquestionably the best of the *Novi belgii* type yet introduced, with graceful flowers $2\frac{1}{2}$ inches in diameter arranged loosely in branching panicles of a particularly pleasing blue tinted lavender; $3\frac{1}{2}$ feet high.

Sam Banham. Large pure white, one of the earliest; 3 feet.

Tataricus. Distinct large bluish-violet; very late; 6 feet.

The President. Large light bluish-violet; 4 feet.

Price. Any of the above, 25 cts. each; \$2.50 per doz.; \$15.00 per 100. Set of 20 varieties for \$4.00.

Summer-flowering Hardy Aster

Amellus Elegans. Grows from 12 to 15 inches high and produces large showy flowers of a rich bluish-violet during July and August. Its free-flowering habit and compact growth make it a most desirable subject for the front of the border. 35 cts. each; \$3.50 per doz.

ASTER ALPINUS

Baptisia (False Indigo)

Australis. A strong growing plant, about 2 feet high; suitable either for the border or wild garden, with dark green, deeply-cut foliage and spikes of dark-blue flowers in June. 25 cts. each; \$2.50 per doz.

Bellis (English Daisy)

Perennis. Improved double-flowering, white and pink. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Bocconia (Plume Poppy, or Tree Celandine)

Cordata. A noble, hardy perennial, beautiful in foliage and flower, admirably adapted for planting in the shrubby borders, centre of beds and in bold groups in almost any position. It will grow in any soil or situation, attaining from 6 to 8 feet in height; flowers in terminal panicles, of a creamy-white color during July and August. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Boltonia

(False Chamomile)

Among the showiest of our native hardy perennial plants with large, single Aster-like flowers. The plant is in bloom during the summer and autumn months, and with its thousands of flowers open at one time produces a very showy effect.

Asteroides. Pure white; very effective; 5 to 7 feet.

Latisquama. Pink, slightly tinged with lavender; 4 to 6 feet. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Calamintha

Alpina. A good rock plant or for the edge of the border, succeeds well in dry ground in a sunny position, small blue flowers in June. 6 inches. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

ANTHERICUM LILIASTRUM MAJOR
See page 168

AUBRIETIA (Rainbow Rock Cress) See page 170

Calimeris (Star Wort)

Incisa. An attractive, free-flowering plant; grows 12 to 18 inches high, producing from July to September daisy-like pale, lavender flowers, with yellow centre. 25 cts. each; \$2.50 per doz.

Callirhoe (Poppy Mallow)

Involucrata. An elegant trailing plant, with finely divided foliage and large saucer-shaped flowers of bright, rosy-crimson, with white centres, which are produced all summer and fall. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Campanulas or Bellflowers

Indispensable, hardy garden flowers, of much variety of form, some being of tall and imposing habit, while others are dwarf compact little plants, suitable for edging, rockwork, etc. They like a good, rich soil, and last much longer in bloom if planted in a half shady place.

Caespitosa (Tufted Harebell). Forms dense tufts 4 to 6 inches high with an abundance of nodding bell-shaped, light blue flowers in May and June. A good rock plant. 35 cts. each.

— **Alba.** A white flowering form. 35 cts. each.

Carpatia (Carpathian Harebell). A pretty species growing in compact tufts, not exceeding 8 inches high; flowers clear blue; held erect on wiry stems. It begins blooming in June, continuing until October. As an edging for a hardy border or for the rockery it is unsurpassed.

— **Alba.** A pure white form of the above.

Garganica. Forms a low spreading tuft, covered in June with starry light blue flowers with white eyes. A gem for the rockery. 35 cts. each.

Glomerata (Clustered Bellflower). Dense clusters of funnel-shaped violet-blue flowers; June to August; 18 inches.

Grandis (Great Bellflower). Large saucer-shaped rich violet-blue flowers in May and June; 2 feet.

— **Alba.** A pure white form of the above.

Lactiflora. An attractive flower of milk white tinged blue; 3 feet.

Latifolia Macrantha. Large purplish-blue flowers; May and June; 3 feet.

Medium (Canterbury Bells). We can supply this popular old-fashioned favorite in blue, white and pink. June. 2 to 4 feet.

— **Calycanthema (Cup and Saucer Canterbury Bells).** We can also supply this favorite type in blue, white and pink. June. 2 to 4 feet.

Muralis. Splendid rockery plant, forming spreading tufts 3 to 5 inches high with dark blue, bell-shaped flowers in May and June. 35 cts. each.

Persicifolia (Peach Bells). Blue flowers during June and July; 2 feet.

— **Alba.** A pure white form.

Pyramidalis (Chimney Bellflower). The most conspicuous of all forming a perfect pyramid 4 to 6 feet high, crowded with large salver-like porcelain-blue flowers in August.

Rotundifolia (Blue Bells of Scotland). The true Harebell, clear blue flowers from June to August. A fine rock plant. 10 to 12 inches.

Trachelium (Coventry Bells). Purple flowers; June and July; 3 feet.

Price. Except where noted. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

CAMPANULA MEDIUM CALYCANTHEMA

DREER'S CHOICE GARDEN CHRYSANTHEMUMS

These are universally popular for outdoor bedding, and considering their many good qualities, there is no cause for surprise to see them cultivated so extensively. They produce a lavish profusion of blooms, giving color, life and beauty to

the garden just at a time when other plants have been destroyed by frost and are looking their worst. Frost does not materially affect the flowering, and it frequently happens that an

armful of flowers can be cut late in November. They are reasonably hardy if planted in a well-drained position, with a covering of leaves or loose litter during the winter, or may be carried over with perfect safety in a cold frame.

Our collection embraces the varieties most suitable for outdoor use, having been selected particularly for their earliness and free flowering character.

For the convenience of our customers, we have arranged the collection into seven different classifications, in which we have assembled the various types under their respective characteristics excepting in the case of the second set,

which was illustrated in colors in our 1931 Garden Book, and which embraces selections from several classes.

Twelve Chrysanthemums of Recent Introduction

This collection embraces the best sorts which we could select from the scores of new European and American Early Aster Flowering varieties introduced during the past two or three years. Each is free-flowering, early, and of surpassing merit.

Twelve Aster Flowered Chrysanthemums

Anna L. Moran. Bright scarlet bronze.

Edina. Rose pink.

Helios. Chestnut brown.

Idolf. Salmon pink.

Isotta. Chestnut bronze.

Lilian Doty. Large incurved pink.

Mrs. F. H. Bergen. Light pink.

Red Doty. Large incurved red.

Sidney Mitchell. Orange yellow.

Tasiva. Early white.

White Doty. Large incurved white.

Yellow Doty. Large incurved yellow.

Price. 25 cts. each; \$2.50 per doz.; \$18.00 per 100. Set of 12 varieties for \$2.50.

Twelve Extra Early Flowering Chrysanthemums

Armored. Large bronze.

Belle Mauve. Blush pink.

Bronze Goacher's. Large early bronze.

Capt. R. H. Cook. Clear deep rose.

Chrysolora. Large early yellow.

Excelsior. Early bright yellow.

Fee Parisienne. Early large deep old rose.

La Garonne. Rose and buff.

Petite Louise. Large rose pink.

Provence. Pale pink.

Uvalda. Pure white.

William Sobey. Yellow.

Price. 25 cts. each; \$2.50 per doz.; \$18.00 per 100. Set of 12 varieties for \$2.50.

Afterglow. Bronze.

Aletta. Light pink.

Bronze Buttercup. Large bronze.

Frances Whittlesey. Bronze and garnet.

May Suydam. Fawn.

Mrs. H. E. Kidder. Large yellow.

October Dawn. Light pink.

October Girl. Deep pink.

R. Marion Hatton. Yellow.

Ruth Cumming. Terra cotta.

Ruth Hatton. White.

Wembley. Carmine maroon.

Price. 35 cts. each; \$3.50 per doz. Set of 12 varieties for \$3.50.

Set of Twelve Chrysanthemums

Illustrated in Colors, in our 1931 Garden Book

Thousands of this set were sold last year and we are pleased to offer it again. It embraces Aster, Button and Early Flowered sorts, and make a very complete collection of the double flowering types.

Barbara Cumming. Extra early yellow.

Delmar. Early rose.

Firelight. Early bright red.

Irene. Dwarf white button.

Marie duPont. Early large pure white.

Mrs. H. Harrison. Early blush pink.

Murillo. Old rose aster.

October Gold. Early orange aster.

Ouray. Large bronze button.

Philadelphia. Clear rose aster.

Rodell. Dwarf yellow button.

Tints of Gold. Early golden bronze.

Price. 25 cts. each; \$2.50 per doz.; \$18.00 per 100. Set of 12 varieties for \$2.50.

DREER'S CHOICE

GARDEN CHRYSANTHEMUMS

(Continued)

Twelve Button Shaped Varieties

Baby. Small yellow.
Bright Eyes. Blush white, orange centre.
Cometo. Large early pink.
Ethel. Free-flowering orange.
Golden Crest. Rich golden yellow.
Little Dot. Mahogany crimson.
Model of Perfection. Free flowering white.
Nio. Shell pink.
Rhoda. Rose pink.
Ruth. Deep claret.
Skibo. Small yellow.
White Midget. Small pure white.
Price. 25 cts. each; \$2.50 per doz.; \$18.00 per 100. Set of 12 varieties for \$25.0.

Twenty Single Flowering Varieties

The Single Chrysanthemums are by many considered the most desirable. The flowers possess a grace that appeals. They are all free blooming.

Alice Howell. Orange bronze.
Attraction. Compact pale rose.
Bertha Fairs. Brilliant rose pink.
Bridesmaid. Early blush pink.
Brilliant. Compact free violet rose.
Buff Beauty. Early pale bronze.
Carmine. Carmine rose.
Cosmos. Dark purplish carmine.
Dainty. Early orange.
Dazzler. Very bright early red.
Donald Wells. The best white.
Golden Sun. Brilliant yellow.
Gold Lace. Early free small yellow.
Joyce Strowlger. Bronzy salmon pink.
Kitty Riches. Compact pink.
Maiden's Blush. Blush white.
Mrs. Albert Phillips. Large free pink.
Mrs. Max Behr. Reddish bronze.
Mrs. Roberts. Purplish pink.
Mrs. W. E. Buckingham. Excellent pink.
Price. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

We will supply one each of the twenty varieties for \$4.00.

Five Old Fashioned Hardy Large Flowering Varieties

Angelo. Light pink.	Oconto. Pure white.
Comoleta. Yellow.	
Lucifer. Ox blood red.	Zelia. Orange bronze.

Price. 25 cts. each; \$2.50 per doz.; \$18.00 per 100. Set of five varieties for \$1.00.

Hardy Chrysanthemums

(Shasta Daisies or White Marguerites)

Shasta Daisy "Alaska." A decided improvement on the original; with blooms $4\frac{1}{2}$ to 5 inches across, of pure glistening white. Very free-flowering and in bloom all summer and fall. 2 feet.
Arcticum (The Arctic Daisy). Among fall-flowering perennials this is a perfect gem. It forms an attractive rosette-like clump 8 to 10 inches high, of pretty dark green foliage, and in September multitudes of flower stems appear, terminated by pure white flowers from 2 to $2\frac{1}{2}$ inches in diameter. These begin to develop during the last week in September, and continue in good condition throughout October, and frequently into November.
Coreanum (Korean Daisy). A recent introduction from Korea with large white flowers with golden centres, frequently becoming tinted pink in frosty weather. An attractive late-flowering very hardy perennial. 2 feet.
Price. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

SINGLE-FLOWERING CHRYSANTHEMUMS

Caltha (Marsh Marigold)

Palustris. Effective hardy perennials, of much value in marshy places and by the side of streams and ponds; grow about a foot high, with bright yellow single flowers in early spring. 30 cts. each; \$3.00 per doz.

Hardy Border Carnations

Choice mixed seedlings produced from seed supplied by a specialist in this popular flower. We supply strong plants that will furnish an abundance of flowers early in the season. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Caryopteris

Mastacanthus (Blue Spiraea). A handsome Hardy Perennial; grows about 3 feet high and produces rich lavender-blue flowers in great profusion the whole length of the branches from early in September until cut by frost.
Tangutica. A Chinese variety of very neat habit and shrubby growth with slender arching branches covered from July to September with many small, partly concealed flowers of a very pleasing and distinct light blue.
Price. 30 cts. each; \$3.00 per doz.; \$20.00 per 100.

Cassia (American Senna)

Marilandica. A plant growing from three to four feet high, bushy, with large panicles of bright yellow, curiously shaped flowers in abundant axillary clusters from July to August. The beautiful pinnate light-green foliage is very pleasing. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Centaurea (Hardheads or Knapweed)

Of easy culture, delighting in an open, sunny position, producing a wealth of bloom, which not only makes a fine display in the border but is excellent for cutting.
Dealbata. Distinct bright rose-colored flowers; July to September; 18 inches.
Macrocephala. Large thistle-like golden-yellow flowers; useful for cutting and showy in the border; July and August; $3\frac{1}{2}$ feet.
Montana (Perennial Corn Flower). Grows 2 feet high, bearing large violet-blue flowers from July to September.
— Alba. Pure white.
25 cts. each; \$2.50 per doz.; set of 4 sorts, 85 cts.

CIMICIFUGA SIMPLEX

Cephalaria (Roundheads)

Alpina. When fully established attains a height of 6 feet, bearing in June and July delicate sulphur-yellow flowers, not unlike the flowers of Scabiosa. 35 cts. each; \$3.50 per doz.

Cerastium**(Snow in Summer)**

Tomentosum. A desirable low-growing plant with silvery foliage and white flowers in June, suitable for the rockery, or for carpeting dry, sunny spots, or for covering graves. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Cheiranthus (Wallflower)

Allioni (Siberian or Fairy Wallflower). An attractive rock plant growing about 12 inches high, producing an abundance of brilliant orange flowers in June.

Cheiri. The old-fashioned favorite sweet-scented Wallflower which we can supply in choicest mixed colors varying from yellow, to bronzy reds and browns, etc. May. 12 to 15 inches.

Linifolius (Alpine Wallflower). Forms compact plants 8 to 10 inches high, with many spikes of bright mauve flowers in May.

Price. 30 cts. each; \$3.00 per doz.

Chelone (Turtle Head)

Stately handsome perennials, growing about 2 feet high, bearing numerous spikes of large flower heads during the summer and fall.

Glabra alba. Terminal spikes of creamy white flowers.

Lyoni. Heads of showy purplish-red flowers.

30 cts. each; \$2.50 per doz.; \$18.00 per 100.

Cimicifuga (Snakeroot)

Simplex. Most valuable by reason of its extreme late flowering, beginning in September and attaining full perfection about the middle of October. Its flowering stems are from 2½ to 3 feet high, terminated with a dense spike of white flowers, which, when cut, last in perfection a long time. \$1.00 each; \$10.00 per doz.

Racemosa. A handsome native species bearing in July and August, spikes of pure white flowers; well suited for planting at the back of the border, or for naturalizing at the edge of the woods; 4 to 6 feet. 35 cts. each; \$3.50 per doz.; \$20.00 per 100.

Shrubby Clematis

Davidiana. A most desirable variety, with fresh, bright green foliage and tubular bell-shaped flowers of deep lavender blue during August and September, deliciously fragrant; 2 to 3 feet.

Recta. Grows from 2 to 3 feet high, and produces fragrant pure white flowers in very large, showy clusters during June and July.

50 cts. each; \$5.00 per doz.

Convallaria**(Lily of the Valley)**

Majalis. This is often starved and relegated to some poor, out-of-the-way corner; but this popular and fragrant subject, like most other plants, repays for being well treated, and if the bed is given a liberal top-dressing of well-decayed manure in fall or early spring, it will show the effect by increased size, number and vigor of the flowers. We offer strong clumps, especially suited for outdoor planting. 60 cts. each; \$6.00 per doz.; \$45.00 per 100.

Coreopsis

Lanceolata grandiflora. One of the most popular hardy plants. The flowers are a rich golden-yellow, of graceful form valuable for cutting; blooms during the entire summer; 2 feet.

Rosea. Finely divided, dark green foliage, bearing in August and September, numerous small pink flowers; useful in border or rockery; 1 foot.

25 cts. each; \$2.50 per doz.; \$15.00 per 100.

CONVALLARIA (Lily of the Valley)

NEW DIANTHUS, SWEET WIVELSFIELD

Blue Salvia Pitcheri is a gem for the garden from August to October, see illustration in colors page 194

DREER'S DE LUXE DELPHINIUM

Dianthus (Pinks)

Alpinus (*Alpine Pink*). An ideal rockery plant forming a carpet which in June is covered with flowers an inch across of a spotted crimson with darker ring around the eye. 35 cts. each; \$3.50 per doz.

Arenarius (*Sand Pink*). A fine rock garden plant growing in a dense low cushion with masses of fragrant white flowers in May.

Caesius (*Cheddar Pink*). Forms compact cushions of blue gray foliage and sweetly scented, rose-pink flowers in May and June; fine for the rock garden.

Cruentus. A showy border variety with dense heads of deep red flowers on 12 to 15 inch long stems in June and July.

Deltoides (*Maiden Pink*). A charming creeping variety, with medium-sized pink flowers in June and July; especially suited for the rock garden.

—**Alba**. A pretty white flowered form.

Latifolius atrococcineus Fl. Pl. (*Ever-blooming Hybrid Sweet William*). A beautiful summer bedding variety, producing masses of brilliant fiery crimson double flowers throughout the entire season; 8 to 10 inches high.

Neglectus (*Glacier Pink*). One of the prettiest of the Alpine Pinks, producing deep rose colored flowers in June. 3 to 4 inches. 50 cts. each.

Sweet Wivelsfield. This new perpetual flowering Dianthus resembles a large flowering single Sweet William, but is entirely distinct in habit and free form of growth, its flowers are carried more gracefully in loose trusses or heads well above the foliage, and in greater variety of coloring, the predominating colors being reds, pinks and crimsons; 12 inches high. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Price. Except where noted. 25 cts. each; \$2.50 per doz.; \$15.00 per 100. See also *Hardy Pinks*, page 187, and *Sweet William*, page 192.

DREER'S DE LUXE HYBRID DELPHINIUMS

A wonderful strain. Plants of strong vigorous habit with immense spikes of flowers of the largest size in every tone from the palest lavender to the richest Oxford-blue, as well as a number of unusual pastel shades.

Strong plants that will give a bountiful crop of flowers this season. Supplied in mixed colors only. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

Delphiniums (Hardy Larkspur)

These are deservedly among the most popular subjects in the hardy border; of easiest culture; perfectly hardy. They will establish themselves in almost any garden soil, but respond quickly to liberal treatment.

Belladonna Improved. The freest blooming of all, never being out of flower from the end of June until cut down by hard frost. The clear turquoise blue of its flowers is not equaled for delicacy and beauty by any other flower.

Bellamosum. This is a dark blue form of the popular light blue Belladonna, with which it is identical in habit of growth, freedom of bloom, but with intensely rich, deep blue flowers.

Chinense. A very pretty dwarf species, with fine feathery foliage and intense gentian-blue flowers in open panicles.

—**Album.** A pure white form of the above.

Price. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Dictamnus (Gas Plant)

Fraxinella Caucasicus. A very showy border perennial, forming a bush about 2½ feet in height, having fragrant foliage and spikes of rosy-pink flowers with deeper veins during June and July. Requires a heavy, strong soil, and an open, sunny position. It is not advisable to transplant often, as it improves with age, it being one of the most permanent features of the hardy herbaceous border.

—**Alba.** The white flowered variety of above.
50 cts. each; \$5.00 per doz.

Dracocephalum (Dragon's Head)

Ruyschiana. A neat border as well as rock plant, bearing attractive blue flowers during July, 2 feet. 30 cts. each; \$3.00 per doz.

COREOPSIS LANCEOLATA GRANDIFLORA

Dielytra, or Dicentra

Spectabilis (*Bleeding Heart, or Seal Flower*). An old-fashioned favorite; its long racemes of graceful heart-shaped pink flowers in May or June are always attractive; it is used largely for forcing, and is perfectly at home in any part of the hardy border, and especially valuable for planting in the shade; 1 to 2 feet. Strong clumps, 50 cts. each; \$5.00 per doz.; \$40.00 per 100.

Formosa (*Plumy Bleeding Heart*). A dwarfier-growing species, with finely cut ornamental foliage, growing about 15 inches high and producing its showy pink flowers from April till October. 30 cts. each; \$2.50 per doz.; \$18.00 per 100.

Digitalis (*Foxglove*)

The Foxgloves, old-fashioned, dignified and stately, are wholesome company in any garden. The strong flower stalks rising from rich and luxuriant masses of leaves, always give an appearance of strength to the hardy border, and during their period of flowering in June, dominate the whole garden.

Ambigua or Grandiflora. Showy flowers of pale yellow, veined brown; 2 to 3 feet.

Giant Shirley. A magnificent strain of the Gloxinia-flowered type of vigorous habit attaining a height of from 5 to 7 feet with spikes of bloom 4 feet in length, closely set with flowers of unusual size ranging in color from purest white to deepest rose, handsomely spotted with crimson-maroon. We offer them in mixture only.

Price. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Doronicum (*Leopard's Bane*)

Excelsum. Large bright yellow daisy-like flowers and one of the most effective very early spring flowering perennials. There are many who have seen this only as a single plant, here or there in a hardy border, and have no idea of the effect it has when planted in a mass. Also a splendid flower for cutting. It succeeds everywhere; 2 feet. 35 cts. each; \$3.50 per doz.

Echinops (*Globe Thistle*)

Ritro. Deep metallic-blue flowers; July. 3 feet.

Sphaerocephalus. An interesting thistle-like plant with large globular heads of bluish-white attractive flowers in July. 3 feet. 30 cts. each; \$2.50 per doz.; \$18.00 per 100.

DORONICUM

DIELYTRA (Bleeding Heart)

DICTAMNUS

Epimedium

(*Barren-wort, Bishop's Hat*)

An attractive plant growing 8 to 10 inches high with leathery bronzy foliage and panicles of interesting flowers in April and May. Suitable for a shady spot on the rockery or for the edge of the border.

Lilacea. Soft lilac.

Niveum. Snow white.

Pinnatum Elegans. Yellow.

Rubrum. Deep red.

50 cts. each; \$5.00 per doz.; \$40.00 per 100.

Erigeron (*Fleabane*)

Coulteri. Grows about 15 inches high and during July bears attractive single mauve-colored Aster-like flowers in profusion.

Speciosus. Large rosy-pink flowers; June to August; 2 feet.

25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Erinus

Alpinus. Forms pretty rosettes of foliage and racemes of rosy purple flowers during May and June. A desirable rock plant; 4 inches. 25 cts. each; \$2.50 per doz.

Eryngium (*Sea Holly*)

Handsome ornamental plants, growing from 2 to 3 feet high. The flower heads, which are produced from July to September, are useful to cut for vases or to dry for winter bouquets.

Amethystinum. The finely cut, spiny foliage and the beautiful thistle like heads are of glistening amethystine-blue; 3 feet.

Maritimum. Has most attractive large glaucous-blue, deeply toothed foliage and pale blue globular flower heads. 1 foot.

Planum. Steel-blue flowers, large spiny foliage; 2 feet.

35 cts. each; \$3.50 per doz.

Garden Chrysanthemums offered on pages 172 and 173 will supply an abundance of flowers after every thing else has been cut by frost

THE HARDY LACE FERN—POLYSTICHUM ANGULARE

Eupatorium (Mist-flower)

Ageratoides (*Thorough wort*). A useful border plant of strong, free growth, 3 to 3½ feet high, with minute white flowers in dense heads; splendid for cutting. August and September.

Coelestinum. A pretty hardy plant, with light blue flowers similar to the Ageratum; in flower from August until frost. 18 to 24 inches.

25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Euphorbia

Corollata (*Flowering Spurge*). A showy useful native plant, growing about 18 inches high and bearing from June to August umbels of pure white flowers, with a small green eye. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Choice Hardy Ferns

Suitable positions for Hardy Ferns are to be found in almost every garden. With few exceptions they do best in a shady or semi-shady position in rich well-drained soil where they can be liberally supplied with water during dry weather. Where the soil is stiff or clayey, incorporate a liberal quantity of leaf-mould, peat or other loose material to make it friable.

We give after each variety the average height of growth.

Aspidium Acrostichoides (*Wood Fern*). 12 in.

—**Marginale** (*Evergreen Wood Fern*). 12 to 24 in.

—**Goldianum** (*Shield Fern*). 24 to 36 in.

—**Spinulosum** (*Spinulose Wood Fern*). 12 to 15 in.

Asplenium Filix-foemina (*Lady Fern*). 12 to 15 in.

—**Thelypteroides** (*Silvery Spleenwort*). 24 to 26 in.

Dicksonia Punctilobula (*Gossamer Fern*). 24 to 36 in.

Onoclea Sensibilis (*Sensitive Fern*). 12 to 24 in.

—**Struthiopteris** (*Ostrich Fern*). 24 to 36 in.

Osmunda Cinnamomea (*Cinnamon Fern*). 24 in. 50 cts. each.

—**Claytonia** (*Interrupted Fern*). 24 in. 50 cts. each.

—**Regalis** (*Royal or Flowering Fern*). 24 to 36 in. 50 cts. each.

Price. Any of the above, except where noted, 30 cts. each; \$2.50 per doz.; \$18.00 per 100. Set of 12 sorts for \$3.25.

**The Hardy Lace Fern
Polystichum Angulare**

With careful protection, covering with a liberal amount of leaves in the winter, this graceful variety illustrated at the top of this page will prove hardy as far north as Philadelphia. The fronds are from 18 to 24 inches long by 2½ to 3 inches wide with finely divided pinnae of a rich dark green color with darker midrib and stem. 75 cts. each.

Feverfew (Matricaria)

Little Gem. A most useful border plant and valuable summer cut flower, with large double white flowers; June until October; 18 to 24 inches high. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Funkia (Hosta) (Plantain Lily)

The Plantain Lilies are among the easiest plants to manage; their broad massive foliage makes them attractive subjects for the border even when not in flower. They succeed equally well in sun or shade.

Lanceolata. Valuable by reason of its late flowering lilac flowers in September; 2 feet.

Minor Alba. This is a perfect little gem, growing from 12 to 15 inches high with nice clean cut, green foliage and comparatively large pure white flowers, suggesting a giant form of the St. Bruno's Lily; these are produced very freely during July.

Subcordata Grandiflora (*White Plantain Lily*). Very large, pure white, lily shaped, fragrant flowers in August and September; 2½ to 3 feet.

Undulata media picta. Green and white variegated foliage; purple flowers. Makes a fine edging; July; 2 feet.

Price. 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Gaillardia (Blanket Flower)

Grandiflora. One of the showiest hardy plants, growing about 2 feet high and succeeding in any soil in a sunny position; beginning to flower in June, they continue the entire season. The large flowers are of gorgeous coloring. The centre is dark red-brown, while the petals are marked with rings of brilliant, crimson, orange and vermilion, and often a combination of all in one flower; excellent for cutting. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Geum (Avens)

Pretty border plants, growing about 15 to 18 inches high, and producing showy, bright-colored flowers from May to July.

Heldreichi. Beautiful rich orange very free.

Lady Stratheden. Large double rich golden yellow.

Mrs. Bradshaw. Large double brilliant scarlet.

30 cts. each; \$3.00 per doz.; \$18.00 per 100.

FUNKIA SUBCORDATA GRANDIFLORA

NOTE—Plants will be sent by Parcel Post if remittance is made to cover postage and special packing as noted on the order blank and on page 120.

GYPSOPHILA PANICULATA FL. PL.

Hardy Ornamental Grasses

The ornamental Grasses can be used with telling effect, either as individual specimens in the border or on the lawn; large beds or borders planted entirely to the different varieties are attractive; they can also be used to advantage interspersed in the shrubby border or planted in clumps on the margin of ponds or lakes.

Arrhenatherum bulbosum variegatum. Forms a dense tuft 6 to 8 inches high with prettily variegated green and white leaves; a splendid edging plant. 25 cts. each; \$2.50 per doz.

Arundo Donax (Great Reed). A magnificent variety, growing to a height of 20 feet. 50 cts. each; \$5.00 per doz.

— **Variegata.** A beautiful variegated form, foliage white and green; 8 to 10 feet. 50 cts. each; \$5.00 per doz.

Elymus Glaucus (Blue Lyme Grass). A handsome Grass, with narrow glaucous silvery foliage; well adapted for the border or the edge of beds containing taller sorts; 2 feet. 35 cts. each; \$3.50 per doz.

Eulalia Gracillima Univittata (Japan Rush). Of graceful habit, with narrow foliage; of a bright green color, with a silvery midrib; 6 to 7 feet. 35 cts. each; \$3.50 per doz.

— **Japonica Variegata.** Very ornamental; long narrow leaves, striped green, white and often pink or yellow; 6 to 7 feet. 35 cts. each; \$3.50 per doz.

— **Zebrina (Zebra Grass).** The long blades of this variety are marked with broad yellow bands across the leaf. It makes a very attractive specimen plant for the lawn; 6 to 7 feet. 35 cts. each; \$3.50 per doz.

Festuca Glauca (Blue Fescue). A pretty dwarf tufted Grass with distinct blue-green foliage; 1 foot. 25 cts. each; \$2.50 per doz.

Gynerium Argenteum (Pampas Grass). The most effective of all the ornamental Grasses. Its large silvery plumes are produced on stems 8 to 10 feet high during the late summer and fall. This plant is well known to summer visitors to California where it is one of the features in many gardens. It can be grown equally well here and established plants can remain in the open ground if well protected. We offer extra strong plants of flowering size in 7 inch pots, \$2.00 each.

Pennisetum Japonicum (Hardy Fountain Grass). This variety grows about 4 feet high; foliage narrow, of a bright green, while the cylindrical flower heads are tinged with bronzy purple; one of the most valuable hardy Grasses. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Phalaris Arundinacea Variegata (Variegated Ribbon Grass or Gardener's Garters). Large variegated foliage; an excellent Grass for bordering large beds; 12 to 15 inches. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Gentiana

Acaulis (Stemless Gentian). Very large bell shaped, rich blue flowers marked on the inside with yellow, rise 2 to 4 inches high from rosettes of glossy deep green leaves in May and June. Fine for the rock garden or border in half shade in good moist soil. \$1.00 each.

Andrewsi (Blue Gentian). This is our native species, flowers beautiful deep blue, August and September; grows about 2 ft. high and requires rich moist soil. 50 cts. each; \$5.00 per doz.

Sino-Ornata. The most beautiful of all the Gentians, of semi-prostrate growth and grassy foliage with dark blue flowers with a white line running through the divisions. Requires a semi-shady position and soil that is free of lime. Grows about 6 inches high and flowers from August to November. \$1.00 each.

Gypsophila (Baby's Breath)

The Gypsophilas will thrive in any soil in a sunny position, and on account of their gracefully arranged large panicles of minute flowers should be in every garden.

Bristol Fairy. A new variety of American introduction. An improvement on the well-known double-flowering form *Paniculata* fl. pl.; for description, also colored illustration, see page 194. Strong roots, 50 cts. each; \$5.00 per doz.

Paniculata. This is the favorite old-fashioned single flowering variety, a plant possessing a grace not found in any other perennial. When in bloom during July and August it forms a symmetrical mass 2 to 3 feet in height, and as much through, of minute pure white flowers, forming a beautiful gauze-like appearance. When cut it is exquisite in combination with other flowers.

— **Flore Plena.** The original double-flowering form; the flowers of which are not only larger but of a purer white than the single-flowering sort, these may be cut and dried, retaining their beauty for many months; a valuable subject for the hardy border. 50 cts. each; \$5.00 per doz.

Repens. An elegant trailing plant for the rockery, with clouds of small white flowers in July and August.

Price. Except where noted, 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

PENNISETUM JAPONICUM (Hardy Fountain Grass)

FEVERFEW

Geranium (Crane's Bill)

Sanguineum. A desirable plant; with pretty cut foliage and bright crimson flowers; blooms the entire season; 18 inches. 30 cts. each; \$3.00 per doz.

Gillenia

(Bowman's Root)

Trifoliata. A strong-growing perennial with handsome trifoliate foliage and numerous white flowers, tinged with pink; July; 3 feet. 25 cts. each; \$2.50 per doz.

Helenium (Helen's Flower)

All of these are desirable border plants, succeeding in any soil in a sunny location, with broad-spreading heads of flowers, useful for cutting, each species covering a long-blooming season.

Autumnale Rubrum. Robust growing; 3 to 4 feet high, with bright terra-cotta red flowers in August and September.

—**Superbum.** Golden-yellow flowers during the late summer and fall months; 5 to 6 feet.

Hoopesi. Pure orange-yellow flowers, 2½ inches across, and the earliest to flower early June and continuing throughout the summer; 2 feet.

Riverton Beauty. Rich lemon-yellow, with large purplish black cone; August and September; 4 feet.

Riverton Gem. Old gold changing to wall-flower red; August and September; 3½ feet.

Price. 30 cts. each; \$3.00 per doz.; \$20.00 per 100. One each of the 5 varieties, \$1.25.

Helianthemum (Rock, or Sun Rose)

Exceedingly pretty low growing evergreen plants, forming broad clumps, and which during their flowering season, June to July, are quite hidden by a mass of bloom; well adapted for the front of the border, or the rockery.

Album Plenum. Double white.

Buttercup. Golden yellow, single.

Fireball. Fiery double red.

Macranthum. Pure white single.

Mrs. Earle. Rich single red.

35 cts. each; \$3.50 per doz.; \$20.00 per 100.

Heuchera (Coral Bells or Crimson Bells)

See Colored Illustration on page 152.

Our colored illustration on page 152 of this book gives a fair conception of the graceful habit and delicate beauty of these gems among our hardy summer-flowering plants, which are adapted for many purposes in our plantings, they being at home in any half shaded or sunny position in the mixed border or in the rockery, or for mass planting. The plants grow in rosette-like form and produce numerous slender, many flowered, erect stems about 18 inches high above the light green leaves that last in good condition for a long time. These form excellent material for cutting. The plants are hardy and their flowering period is usually during late May, June and July.

We illustrate three distinct varieties which are select forms and types.

Sanguinea. Brilliant coral red.

—**Alba.** A white form.

—**Rosea.** Rosy pink.

Other choice varieties that we can supply are

Sanguinea Brizoides. Pale pink.

—**Pluie de Feu.** Deep coral red.

—**Rosamonde.** Soft coral pink.

Price. Any of the above varieties, 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

We will furnish one each of the three varieties shown in color plate for \$1.00 or one each of the collection of six varieties as described above, for \$1.75.

HEMEROCALLIS (Day Lily)

Heliopsis (Orange Sunflower)

Similar in general habit to Helianthus, but commencing to flower earlier in the season; July and August; of dwarfer habit, rarely exceeding 3 feet in height; valuable for cutting.

Fitcheriana. A desirable variety. The flowers are of a beautiful deep golden-yellow, about two inches in diameter, of very thick texture and a useful cut flower.

Scabra Excelsa. Rich chrome-yellow flowers, turning to a bright yellow as they mature. These are almost double, having from 4 to 5 rows of petals, and are produced very profusely. The plant is of robust growth, about 3 feet high, and from mid-July to the end of August, makes an effective display.

25 cts. each; \$2.50 per doz.; \$15.00 per 100.

GEUM

HELIANTHUS SPARSIFOLIUS

Helianthus (Hardy Sunflower)

The perennial Sunflowers are among the most effective hardy plants for large borders for planting among shrubbery, or as clumps on the lawn. They are remarkably free-flowering, will succeed in any soil, and are invaluable for decorative purposes, or as cut flowers during the summer and autumn.

Maximiliana. The latest of all, perfecting its fine golden-yellow flowers in long graceful sprays during October, when all others have finished flowering, invaluable for cutting; 5 to 7 feet.

Mollis. Large, single lemon-yellow flowers with downy white foliage; blooms in August and September; 4 feet.

Multiflorus Fl. Pl. (Double Hardy Sunflower). Large, double Dahlia-like golden-yellow flowers in great profusion during July and August; 4 feet.

Sparsifolius. Grows from 6 to 8 feet high and produces during August and September very large, gracefully formed flowers on long stems. One of the best for cutting.

Wolley Dod. The best of the September-flowering varieties, with deep yellow flowers; entirely distinct; 6 feet.

Price. Any of the above, 25 cts. each; \$2.50 per doz.; \$15.00 per 100. One each of the 5 sorts for \$1.10.

Hemerocallis (Yellow Day Lily)

Popular hardy plants belonging to the Lily family. They succeed everywhere and should always be included in every border of old-fashioned hardy plants.

Aurantiaca. Large, trumpet-shaped, pleasing neutral orange color, tube, stamens and reverse of petals bright Indian-yellow, sweet scented, 3 to 4 feet high; June and July.

Citrina. Large lemon-yellow, very fragrant flowers during June and July. Strong growing; 3 feet.

Dumortieri. Very dwarf; 18 inches; flowering in June; rich cadmium-yellow; buds and reverse of petals bronze yellow.

Floram (Golden Day Lily). Bright golden-yellow with Indian-yellow shadings; June and July; 3 feet.

Fulva (Tawny Day Lily). Grows from 4 to 5 feet high, with trumpet-shaped flowers of a uniform orange color with darker shadings; June and July.

Kwanso Fl. Pl. Double orange, July. 4 to 5 feet.

Middendorfi (Dr. Regel's). The earliest to bloom; May. Flowers bell-shaped, rich chrome yellow. 2 feet.

Thunbergi. The latest to flower; rich buttercup-yellow, funnel-shaped flowers throughout July. 4 feet.

Price. Any of the above, 25 cts. each; \$2.50 per doz.; \$18.00 per 100. Set of 8 varieties, \$1.65.

Hepatica (Liver Leaf)

Triloba. A pretty native spring-flowering plant, with light blue flowers, useful as a rock plant or for a shady spot in the border. 4 inches. 25 cts. each; \$2.50 per doz.

Giant-Flowering Hibiscus**(Marshmallows or Rosemallows)**

A wonderfully improved form of our greatly admired native Marshmallow or Rosemallow, in which not only the colors have been greatly intensified, but also flowers of enormous size, frequently 10 to 12 inches in diameter, have been developed. These plants can be highly recommended for all kinds of plantings. They appear to be equally at home in all positions, having the same vigor in dry and wet ground, and are perfectly hardy. They grow from 5 to 8 feet high, and are very floriferous, blooming from early in July until late in September. We offer three distinct colors—Red, Pink and White—in strong two-year old roots, 35 cts. each; \$3.50 per doz.; \$25.00 per 100. One each of the three colors for \$1.00.

Hypericum (St. John's Wort)

Most desirable border plants of free and graceful habit producing long slender much branched stems, leafy to the base and all drooping towards the ends, apparently from the weight of the flowers and buds, although the flowers face so none of their beauty is lost.

Moserianum. A marvelously free-flowering variety of large size measuring from 2 to 2½ inches in diameter, in color a rich golden yellow rendered still more effective by the numerous yellow stamens and crimson anthers; blooms continuously the entire season; 2 feet.

—Grandiflorum. A very vigorous growing introduction from China with large broad petalled flowers of a very bright yellow. 2 feet. August and September.

Patulum Henryi. A comparatively new hardy St. John's Wort of shrubby habit, growing from 2 to 3 feet high, producing masses of large clear yellow flowers during July and August, and retaining its neat foliage until late in the autumn.

Price. 30 cts. each; \$3.00 per doz.; \$20.00 per 100.

HELIUM

Dreer's Superb Hollyhocks

Stately, majestic, hardy plants, from 6 to 8 feet high, which are a necessary part of every old-fashioned garden, and should also find a place interspersed with shrubbery, as clumps on the lawn or in the mixed border, where their colossal spikes of bloom produce bold and showy effects, which cannot be secured with any other flowering plant.

The Hollyhock requires a deeply dug, well-drained soil, enriched with thoroughly decayed manure, and should be liberally supplied with water during dry weather. A slight protection throughout the winter will be beneficial. An occasional spraying with Bordeaux mixture, which should be applied early in the growing season, usually prevents the disease, which is prevalent in some localities. We offer the best Double, Fringed and Single sorts under:

Double Maroon
Double Red

Double Rose
Double White

Double Yellow
Double Mixed

Allegheny. Mammoth flowers, wonderfully formed of loosely arranged fringed petals. The colors vary from the palest shrimp-pink to deep red. Mixed colors only.

Single. Many prefer the single-flowering Hollyhocks. They are usually of freer growth than the doubles, and present a very handsome appearance when covered with their artistic blossoms. We can supply the singles in mixed colors only.

Price. Any of the above, 30 cts. each; \$2.50 per doz.; \$20.00 per 100.

New Double Hollyhock

Imperator. A striking departure from the type, which arrests the attention of the beholder. Bearing flowers $5\frac{1}{2}$ to $6\frac{1}{2}$ inches across, outer petals wide, elegantly frilled and deeply fringed, centre a very double rosette, the whole suggesting a huge crested Begonia. The coloring consists of many charming combinations, such as cerise salmon with centre of cream reflecting rose; delicate pink with centre of rose flushed yellow; and many other charming combinations. 50 cts. each; \$5.00 per doz.

Iberis (Hardy Candytuft)

Sempervirens. Most desirable dwarf plants (8 to 10 inches), with evergreen foliage, which is completely hidden by dense heads of pure white flowers early in the spring.

—**Little Gem.** A perfect gem of very dwarf habit, not over 6 inches high with masses of white flowers, in May; a most valuable rock plant.

—**Snowflake.** A grand variety, 6 to 8 inches high, having exceptionally large and pure white flowers, and borne in great masses during May and June. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

IBERIS SEMPERVIRENS SNOWFLAKE

DOUBLE HOLLYHOCK

EARLY FLOWERING HYBRID IRIS

Iris Interregna

An interesting type, the result of crossing *I. germanica* with *I. pumila hybrida*. They bloom earlier than the German Iris, and the flowers combine perfection of form with large size and clear and decided colors. The foliage is dwarf, and maintains its freshness throughout the season. The flower stems are almost 18 inches high, holding the flowers well above the foliage.

Fritjof. Standards lavender, falls satiny violet-blue.

Helge. Standards creamy yellow, falls darker, veined yellow.

Spectabilis. Rich, free-flowering, violet-purple.

25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Iris Pumila Hybrida

A cross between *I. pumila* and *I. germanica*. Very showy. Early flowering. 10 to 12 inches high.

Caerulea. Very early light blue.

Cyanea. Rich violet purple.

Excelsa. Good pale lemon yellow.

Schneekuppe. Pure white.

25 cts. each; \$2.50 per doz.; \$15.00 per 100.

For Select Collections of Iris Germanica, Japanese Iris, and other interesting species, see pages 182 and 183.

IRIS GERMANICA

IRIS GERMANICA

Twelve Select Exhibition Varieties

The following varieties are the most magnificent newer acquisitions obtained up to the present time. Their colorings and form are superb, they represent the giants of the family both in size of individual flowers and habit of growth.

Ambassadeur. One of the finest. The stout stems bear flowers of largest size, magnificent form and unique coloring. Standards deep lavender suffused with bronze, falls maroon with purplish cast. 2½ ft.

Ann Page. A superb tall growing variety. 4 feet high with masses of clear lavender blue flowers, with large well rounded petals.

Citronella. A most handsome rugged brilliant, free flowering, late yellow, with falls beautifully veined and mottled Vandyke red. 3 ft.

Ideal. A very free and effective blue Iris with medium sized flowers, falls rich bright purplish blue; standards ageratum blue. 2½ ft.

Imperator. A fine large red toned Iris that makes a striking garden effect, falls maroon crimson; standards bronzy violet red; tall, free and effective. 3½ ft.

Lent A. Williamson. Exceptionally large flowers on tall strong stems. Standards bright lobelia-blue, shot fawn at the edge, falls rich velvety purple suffused blue at the edge, bright golden-yellow beard. 2½ ft.

Lord of June. One of the best, massive flowers of perfect form. Standards pale lavender-blue, falls deep aniline-blue. 3 ft.

Mme. Suzanne Austessier. Individual flowers of heavy texture and spikes of enormous size; falls reddish-purple; standards light violet blue; very free. 4 ft.

Queen Caterina. This superb variety is one of the handsomest of all Iris; a giant in size of flowers as well as in habit of growth; attaining a height of fully four feet. The color is an exquisite shade of pure lavender-blue; the color being uniform in both standards and falls.

Shekinah. A delightful shade of pale yellow, with amber shadings. A tall growing handsome conspicuous variety of very uncommon color. 2½ ft.

White Queen (Queen Mary). Medium sized flowers of good form, the finest pure white with no other touch of color. 2 ft.

Yolande. Large massive flowers of splendid form, a strong upright grower, remarkably free; falls rich deep blue; standards violet blue. 3½ ft.

Price. 50 cts. each; \$5.00 per doz. Collection of one each, 12 varieties for \$5.00.

IRIS GERMANICA—Twenty-five Choice Garden Varieties

We know of no class of hardy plants which will repay the owner with such a wealth of bloom, in so many varied colors or during a longer period than a well arranged planting selected from the list offered below; while not as aristocratic individually as the Exhibition varieties, they far surpass them in freedom of bloom and are well termed the Garden Varieties.

Archeveque. Standards a rich shade of reddish purple, falls dark velvety purple, very free. 2 feet.

Bridesmaid. Standards pale lavender; falls white, reticulated lavender. 2 feet.

Belladonna. Falls and standards white edged ageratum-blue, with deep blue reticulations. 2½ feet.

Candelabra. Standards lavender with lilac suffusion, falls dark purple, reticulated white. 3 feet.

Cherubim. Standards pale mauve; falls pinkish violet reticulated with brownish purple. 2½ feet.

Edouard Michel. One of the finest; flowers of large size, beautifully poised on 3 feet high stems. The standards are broad and frilled, of a distinct shade of reddish-violet, the falls slightly deeper in color.

Eldorado. Standards bronzy-violet, passing to a yellow with brown reticulation at base; falls light-violet purple, lip overlaid with bronze; base yellow with brown pencillings. Very free flowering; height, 2½ feet.

Florentina Alba. Very free flowering, white. 2 feet.

Foster's Yellow. Standards and falls creamy yellow. 1½ feet.

Her Majesty. Standards and falls bright mauve. 1½ feet.

Honorabilis. Standards golden yellow, falls rich mahogany brown. 1½ feet.

Isoline. Standards, vinaceous-lilac suffused with bronze; falls light purple overlaid with bronze; base of petals yellow with brown reticulations; golden yellow beard; height 2½ feet.

Jeanne D'Arc. One of the daintiest; ground color of both falls and standards pure white with light blue pencillings. 2 feet.

La Tendresse. Standards and falls of an even ageratum-blue; of compact habit. 1½ feet.

Lohengrin. Foliage and flowers of gigantic size, with petals 2 inches wide, of a deep violet mauve. 2½ feet.

Loreley. Perfect-shaped flowers, falls of a deep ultra-marine-blue, more or less veined with creamy-white and bordered sulphur-yellow, making a beautiful contrast. 2½ feet.

Mme. Chereau. Standards and falls pure white, daintily edged with light blue. 2½ feet.

Nuee D'Orange. Standards greyish-lavender, falls lavender-violet with bronzy suffusion. 2½ feet.

Parisiana. Standards Chinese-violet shot with white at centre; falls white reticulated and spotted with Chinese-violet at edges; very free; height 2½ feet.

Princess Victoria Louise. Standards sulphur yellow. Falls rich plum, bordered cream. 2 feet.

Queen of May. Pleasing soft rosy lilac. 2 feet.

Red Riding Hood. Falls reddish purple with white reticulation at base, standards soft rosy purple. 2½ feet.

Rembrandt. Standards light lavender blue, falls of a deeper blue; early flowering. 2 feet.

Sherwin-Wright. Flowers most profusely, color a rich golden yellow without markings or shadings. The best and showiest yellow for mass planting. 2 feet.

Undine. Falls purplish blue, standards violet blue. 2½ feet.

Price. 20 cts. each; \$2.00 per doz.; \$15.00 per 100. Collection of one each of the above 25 Garden Varieties for \$4.00.

Iris Germanica Mixed Varieties. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Japanese Iris (*Iris Kaempferi*)

The improved forms of this beautiful flower have placed them in the same rank popularly as the Hardy Phloxes and Peonies. Coming into flower about the middle of June, and continuing for 3 to 4 weeks they fill in a period when flowers of this attractive type are particularly welcome. $2\frac{1}{2}$ to 3 feet.

They succeed in almost any soil and position, but like rich soil and plenty of water when they are forming their buds and developing their flowers.

Six Superb Japanese Iris

We have selected the following six varieties from a long list of introductions as the most distinctive. With their rich, lustrous colors and refined forms they rank high in this regal class of Oriental flowers.

Azure. Double immense flower, exquisitely waved; mauve-blue, darker halo surrounding yellow blotch at base of petals.

Bertha Hallock. Lower and upper petals nearly equal size. Bright, clear purple, with distinct rays and halo of white surrounding the golden throat, white standards tipped purple.

Chameleon. Vinous purple, speckled and splashed gray. Six petals.

Mount Hood. Double, light blue shaded darker, bright orange centre.

Pres. Harding. Double or six petaled; heavy, thick-petaled flowers produced when all other Japanese Iris are out of bloom. Flowers very massive; fine light blue with darker shadings. We believe this one of the best Japanese Iris grown.

Templeton. Double light violet mottled reddish pink and white; of exceedingly fine form.

Price. 50 cts. each; \$5.00 per doz. One each of the above 6 varieties for \$2.50.

Standard Collection Japanese Iris

A select collection of twelve of the most popular standard varieties.

Blue Danube. Double-blue with pure white veins, yellow centre; a striking variety of unusual strength.

Blue Jay. Six large petals aniline blue surrounded by a white halo.

Gold Bound. A fine double, pure white; creamy glow at the gold-banded centre.

Helene Von Siebold. Single. Self color. Reddish purple. Very large and fine blossoms.

Mahogany. Rich velvety crimson purple with six large rounded petals.

Oriole. Double claret-red, flamed white and blue. Compact, medium sized.

Orion. Light ground, suffused throughout with crimson purple. Six petals.

Othello. Beautiful double deep purple overlaid with blue.

Paragon. Rich royal purple with many white veins. Six petals.

Pyramid. Six large, royal purple petals with a yellow centre, radiating into lines. Most brilliant Iris.

Quakeress. Single. Broad, wavy petals of great size. Color dark rich blue, slightly veined. Yellow blotch is unusually bright.

Victor. Silvery white traced and marbled ultra-marine blue. Six petals.

Price. 35 cts. each; \$3.50 per doz.; \$25.00 per 100. Set of 12 varieties, \$3.50.

Japanese Iris in Mixture

20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Iris Sibirica

Orientalis. Rich, violet-blue; very free and one of the best. June, 2 to $2\frac{1}{2}$ feet.

Perry's Blue. A comparatively new variety with very large, clear blue flowers on stout stiff stems, a vigorous free grower and very free-flowering, one of the best for cutting.

Snow Queen. A variety of great merit; forms an attractive plant; flowers snow white.

Price. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

JAPANESE IRIS

Two Superb New Iris Germanica

A beautiful combination of royal purple and golden yellow.

The two varieties here described, one a golden yellow, the other a rich velvety purple, flowering at the same time and when planted together form a brilliant rich color combination.

Gold Imperial. The best and most vigorous growing free-flowering golden yellow Iris. Rich smooth chrome yellow of fine form and texture with a brilliant orange beard. It has been one of the most admired of the newer Iris on account of its perfect form and unusually deep color. $2\frac{1}{2}$ to 3 ft.

Souv. de Mme. Gaudichan. The largest, darkest and by far the finest of the dark purple Irises. The falls are brilliant velvety blackish purple, even the beard has a bluish cast which enhances the beauty of the flower. In addition to its other attractions it is also very fragrant. $2\frac{1}{2}$ to 3 ft.

Price. 60 cts. each; \$6.00 per dozen, or we will supply the pair, one of each variety for \$1.00.

Iris Cristata (Crested Dwarf Iris)

A tiny native species from 4 to 6 inches high with delicately marked pale lilac flowers, late in May and June; fine for the rockery or edge of border. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Iris Pallida Dalmatica

Princess Beatrice. This is the true type of Pallida Dalmatica, one of the most attractive and satisfactory all around varieties, with flowers of large size; both standards and falls of a clear lavender blue shading to a pale silvery blue at the base and sweetly scented. 3 feet. 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Iris Pseudacorus

The common yellow Water Flag, suitable for marshes and water courses. May and June; 4 feet. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Iris Tectorum

This is frequently referred to as the "Roof Iris" of Japan where it is grown on many thatched roofs of the cottages. A beautiful species from Japan and China which, while it has proven hardy as far north as Philadelphia, should be carefully protected with leaves during winter; 12 inches high flowering during June.

Tectorum. Delicately crested flowers of a beautiful shade of blue. 25 cts. each; \$2.50 per doz.

—Album. A rare white form. 60 cts. each; \$6.00 per doz.

LYSIMACHIA CLETHROIDES

Incarvillea (Hardy Gloxinia)

Delavayi. An interesting and showy plant for the hardy border, producing large gloxinia-like, rose-colored flowers on 15 to 18 inch high stems during June and July. Succeeds either in sun or shade, but should be well protected with leaves or litter during the winter. 50 cts. each.

Lavandula (Lavender)

Vera. This is the true Sweet Lavender; grows about 18 inches high; delightfully fragrant blue flowers in July and August. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Leontopodium (Edelweiss, or Alpine Snowflower)

Alpinum. This alpine beauty is well known to tourists who have traveled in Switzerland. It is a hardy plant, and well worth a trial. It should be grown either on the rockery or in well-drained, sandy soil. June and July; 8 to 10 inches. 50 cts. each; \$5.00 per doz.

Lewisia

Columbianum Roseum. Flat rosettes of dark evergreen leaves, with masses of medium sized rosy purple flowers on 6 to 8 inch stems, from May to November. 50 cts. each; \$5.00 per doz.

Liatris (Blazing Star, or Gay Feather)

Showy and attractive native plants, succeeding anywhere, producing large spikes of flowers in July and August.

Pycnostachya. Spikes of light rosy-purple flowers; 5 feet.

Scariosa. Deep purple flowers; 3 to 4 feet high.

25 cts. each; \$2.50 per doz.; \$15.00 per 100.

LYTHRUM ROSEUM SUPERBUM

Linum (Flax)

Perenne. A desirable plant for the border or rockery, growing 1½ feet high, with light graceful foliage and large blue flowers all summer. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Lithospermum (Gromwell)

Prostatum Heavenly Blue. A most desirable evergreen rock plant of trailing habit bearing beautiful showy sky-blue flowers during spring and summer and frequently also in the fall. 75 cts. each.

Lobelia

Cardinalis (Cardinal Flower). Handsome border plants. Rich, fiery cardinal flowers; strong plants, often producing 10 to 18 spikes, 24 to 30 inches long. Thriving in any ordinary garden soil, but preferring a moist, deep loam, where they will not suffer from drought. Few plants are more effective at their season of bloom, which extends from early in August till late in September.

Syphilitica (Great Lobelia). A choice selection of our native Lobelia with large spikes of blue flowers; July to September. 2 to 3 feet

25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Lysimachia

Clethroides (Goose-neck, Loose-strife). A fine hardy variety about 2 feet high, long, dense, recurved spikes of pure white flowers from July to September. 35 cts. each; \$3.50 per doz.

Fortunei. A neat looking plant growing 18 inches high with dense upright spikes of white flowers in August. The foliage turns to an attractive brilliant bronzy red in early autumn. 35 cts. each; \$3.50 per doz.

Nummularia (Creeping Jenny, or Money-wort). Valuable for planting under trees or shrubs where grass will not grow, quickly forming a dense carpet. Flowers yellow. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

LUPINUS POLYPHYLLUS

**For Complete List of Seasonable Hardy Lilies
See Page 151**

Garden Chrysanthemums offered on pages 172 and 173 will supply an abundance of flowers after everything else has been cut by frost

NIEREMBERGIA RIVULARIS

Lupinus (Lupine)

Effective plants, producing large spikes of flowers, blooming in May and June. They require only well-prepared garden soil, preferably in a semi-shady location; 3 feet.

Polyphyllus. Clear blue.

—**Albus.** A white variety of above.

—**Rosea.** A combination of light and dark shades of pink.

35 cts. each; \$3.50 per doz.; \$20.00 per 100.

Lychnis

(Campion, Lamp Flower, etc.)

Of the easiest culture, thriving in any soil, and this, in addition to their brightness has brought them into high favor with lovers of hardy plants.

Chalcedonica (Jerusalem Cross). A most desirable plant, heads of brilliant orange-scarlet in June and July; grows 2 to 3 feet high.

—**Alba.** A white-flowered form of above.

Haageana. Brilliant orange-scarlet flowers in May and June; 12 inches.

Viscaria Splendens. Forms a dense tuft of evergreen foliage, and in June sends up spikes of handsome, double, deep red, fragrant flowers; 1 foot.

Price. 25 cts. each; \$2.50 per doz.; \$18.00 per 100. Set of 4 varieties for 90 cts.

Lythrum (Rose Loosestrife)

Roseum Superbum. A strong-growing plant, 3 to 4 feet high, thriving in almost any position, producing large spikes of rose-colored flowers from July to September.

—**Perry's Variety.** A splendid improvement, with much larger flowers and longer spikes than the type, and of a glistening cherry-red color.

30 cts. each; \$2.50 per doz.; \$18.00 per 100.

Mazus

Reptans. A dainty and interesting Alpine creeper for a semi-shaded position in the rockery. Covered during May and June with white and purple Lobelia-like flowers; 4 inches. 35 cts. each; \$3.50 per doz.

Mertensia (Blue Bells)

Virginica. An early spring-flowering plant, growing about 1 to 1½ feet high, with drooping panicles of handsome light blue flowers, fading to clear pink; one of the most interesting of our native spring flowers. May and June. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Monarda (Bergamot)

Showy plants growing from 2 to 3 feet high, succeeding in any soil or position, with aromatic foliage, and producing their bright flowers during July and August.

Didyma Cambridge Scarlet (Oswego Tea). Brilliant crimson scarlet.

—**Rosea (Bee Balm).** A pretty rose-colored form.

25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Myosotis (Forget-me-not)

Palustris Semperflorens. A variety that is hardly ever out of flower; useful in a shady spot in the border. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Nepeta

Mussini. An excellent plant for any position but especially useful in the rock garden, it is of compact habit, forming dense tufts about 12 inches high with masses of small light violet blue flowers during July and August. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Nierembergia (Cup-flower)

Rivularis. A charming dwarf creeping Alpine plant, bearing large creamy-white, cup-shaped flowers from June till September; most desirable plant for the rockery, and succeeds equally well in the border. 30 cts. each; \$3.00 per doz.; \$20.00 per 100.

PLATYCODON GRANDIFLORUM

Oenothera

(Evening Primrose)

The Evening Primroses are elegant subjects for growing in an exposed sunny position either in the border or on the rockery, blooming the greater part of the summer.

Missouriensis. Large yellow flowers, often 5 inches in diameter, produced freely from June till August; 12 inches.

Speciosa. A pure white variety with large flowers; 18 inches.

Youngi. Bright yellow; 18 inches.

30 cts. each; \$2.50 per doz.; \$15.00 per 100.

Ononis

(Thorny Rest Harrow)

Spinosa. Of shrubby habit of growth growing from 1 to 2 feet high, suitable for the mixed border or for the margin of the shrubbery, bearing showy pink pea-shaped flowers during June and July. 50 cts. each.

OENOTHERA SPECIOSA

DOUBLE HERBACEOUS PEONY

Dreer's Fragrant Peonies

The wonderfully improved Peonies introduced in recent years are truly the "Queens of Spring Flowers," and are well adapted for massing in beds, and particularly valuable for planting in groups throughout the perennial or shrubbery border, where their brilliant hues add attraction to all around. Their requirements are so simple—a good rich, deep soil, and an open sunny position which, however, is not absolutely necessary, as they thrive almost equally as well in a partly shaded position, and a liberal supply of water during their growing season being sufficient to give an abundance and wealth of flowers, which rival the finest Roses in coloring and fragrance, and produce during their flowering season a gorgeous effect not equaled by any other flower. They are perfectly hardy, requiring no protection whatever, even in the most severe climate, and once planted increase in beauty each year.

An important point to observe in the planting of Herbaceous Peonies is not to plant too deep. The roots should be placed so that the crowns are covered with two inches of soil.

Double Peonies in Mixture

Double Pink.....	} 35 cts. each; \$3.50 per doz.; \$25.00 per 100.
Double Red.....	
Double White.....	
Double—All Colors Mixed	

Old-fashioned Double Red Peony

(*Peony officinalis Rubra*)

This is the oldest and still one of the most popular sorts. It is the earliest to bloom, producing freely brilliant, glowing deep crimson double flowers. 60 cts. each; \$6.00 per doz.

Twenty Extra Fine Double Herbaceous Peonies

Albert Crousse (Tall, Late). Very large rosy-white, flecked crimson, tall erect habit, free bloomer. One of the best cut flower varieties. 75 cts. each; \$7.50 per doz.

Avalanche (Tall, Midseason). A valuable mid-season variety, with very large creamy-white flowers of superb form. 75 cts. each; \$7.50 per doz.

Baroness Schroeder (Tall, Midseason). Very large globular flowers, flesh-white passing to milk-white. A strong tall grower, very free flowering and very fragrant; one of the finest Peonies grown. \$1.00 each; \$10.00 per doz.

Duchesse de Nemours (Medium, Early). An extra early cup-shaped, free-flowering fragrant sulphur-white. 50 cts. each; \$5.00 per doz.

Edulis Superba (Tall, Early). The famous Memorial Day Peony, it usually can be depended upon to be in flower at that time in this latitude, color a beautiful light clear pink with silvery reflex, large fragrant flowers. 50 cts. each; \$5.00 per doz.

Felix Crousse (Medium, Midseason). Its large globular flowers, solid and compactly built, are of a rich brilliant dazzling ruby red, exceptionally fiery bright and effective. \$1.00 each; \$10.00 per doz.

Festiva Maxima (Tall, Early). The most popular of all the whites, a tall vigorous grower and free and early bloomer; color pure white flecked with crimson at centre. 50 cts. each; \$5.00 per doz.

Germaine Bigot (Tall, Midseason). A mid-season variety of large flat form; color pale lilac-rose, centre prominently flecked crimson; flowers borne very freely in clusters, on stout stems. \$1.00 each; \$10.00 per doz.

Karl Rosenfield (Tall, Midseason). Very large globular dark crimson flowers, brilliant and striking; a strong but compact grower. \$1.00 each; \$10.00 per doz.

Livingstone (Tall, Late). Very large double flowers of a soft lilac-rose with silver tips; central petals flaked carmine. An extra choice late variety. 75 cts. each; \$7.50 per doz.

Louis Van Houtte (Dwarf, Late). One of the best dark varieties, a rich deep crimson developing a slight silvery tip as the flowers age. 50 cts. each; \$5.00 per doz.

Marie Jacquin (Medium, Midseason). The Water Lily Peony. Delicate flesh colored; semi-double cup-shaped flowers in great profusion. Beautiful landscape variety. 75 cts. each; \$7.50 per doz.

Meissonier (Tall, Late). Guard petals brilliant purple red, centre deep crimson. 50 cts. each; \$5.00 per doz.

Mme. Auguste Dessert (Tall, Late). Large compact high crown, beautiful rose-pink flecked with crimson. \$1.00 each; \$10.00 per doz.

Mme. Ducl (Dwarf, Midseason). Very perfect globular flower of a bright silvery pink with salmon shadings and silvery reflex. \$1.00 each; \$10.00 per doz.

Mme. Emile Galle (Medium, Midseason). Large cup-shaped double flowers of a delicate shell-pink with touches of heliotrope and lavender, an exquisitely beautiful variety. 75 cts. each; \$7.50 per doz.

Mons. Jules Elie (Medium, Midseason). Probably the largest flowered; color pale lilac-rose with silvery reflex. \$1.00 each; \$10.00 per doz.

President Roosevelt (Tall, Midseason). Very large globular flowers on tall erect stems. One of the most striking of the dark crimson varieties. 75 cts. each; \$7.50 per doz.

Sarah Bernhardt (Tall, Late). One of the strongest growing varieties, flowers of remarkable size, full and double of unusual perfection of form. Color a beautiful mauve-rose with silver tips. \$1.00 each; \$10.00 per doz.

Therese (Medium, Midseason). Very large high crowned delicate violet rose passing to a lilac tinted white at centre of flower. A greatly admired popular sort. \$1.00 each; \$10.00 per doz.

SPECIAL OFFER. One strong root each of the above 20 sorts, a splendid collection, for \$12.50

NOTE—Plants will be sent by Parcel Post if remittance is made to cover postage and special packing as noted on the order blank and on page 120.

Hardy Garden Pinks

Dianthus Plumarius (Scotch Pinks)

Old favorites, bearing their sweet, clove-scented double flowers in the greatest profusion during May and June. They are indispensable for the edge of the hardy border and for cutting. 1 foot.

Essex Witch. Delicate pink, nicely fringed.

Her Majesty. A splendid fringed pure white.

Homer. Rosy-red with dark centre.

Juliette. White laced crimson.

Variegated Reserve. White laced with crimson, ever-blooming.

White Reserve. An everblooming pure white.

Price. 25 cts. each; \$2.50 per doz.; \$15.00 per 100. Set of 6 for \$1.25.

Dianthus Plumarius (New Varieties)

Splendid improvements over the older varieties, particularly so in the formation of calyx which never splits, thus producing perfectly-shaped, fragrant flowers making them most valuable for cutting purposes.

Bristol Jewel. Semi-double, nicely formed white, prettily flaked with crimson and distinct crimson eye.

Bristol Maid. Very large, double, well-formed flower of a delightful shade of rose-pink.

Bristol Purity. Purest white double flowers; of compact habit, extremely free and early flowering.

35 cts. each; \$3.50 per doz.; one each of the 3 varieties for \$1.00.

Dianthus Garden Hybrids

Strong, vigorous, compact growing plants with broader dark green foliage than that of *Dianthus Plumarius*. The flowers are carried on stems from 10 to 12 inches high, of good double form.

Beatrix. Light salmon-pink; in bloom from May to November.

Etoile de Lyon. Brilliant crimson; very sweetly scented; blooms in May and June.

Furst Bismarck. Bright crimson-pink; perpetual flowering. May to November.

35 cts. each; \$3.50 per doz.; one each of the set of 3 varieties for \$1.00.

PAPAVER ORIENTALIS (Oriental Poppy)

Pachysandra (Japanese Spurge)

Terminalis. A trailing plant, 6 to 8 inches high, forming broad mats of bright, glossy green foliage and small spikes of flowers during May and June; invaluable as a cover plant either in sun or shade. 25 cts. each; \$2.00 per doz.; \$15.00 per 100; \$120.00 per 1000.

Pardanthus (Belamcanda) (Blackberry Lily)

Chinensis. Bright orange, lily-like flowers during July and August, on 2½ feet high stems, followed in September by seeds which resemble blackberries. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Papaver Orientale (Oriental Poppy)

These are the regal representatives of this popular genus, growing 3 to 3½ feet high and far surpassing in splendor of bloom all the annual and biennial kinds and for a gorgeous display of rich and brilliant coloring nothing equals them during their period of flowering in May and June. We offer the following distinct varieties:

Jeannie Mawson. Very large flowers, a beautiful shade of soft rose.

Mrs. Perry. Salmon-rose.

Olympia. A double flowering variety introduced several years ago, the earliest to come into bloom, vigorous habit but of compact growth. It produces more flowers than any other variety. In color a brilliant rich flame scarlet overlaid with glistening golden salmon; 2 to 2½ feet high.

Orange Queen. Large rich orange-red.

Price. 25 cts. each; \$2.50 per doz.; \$18.00 per 100. Set of 4 sorts, 90 cts.

Choice Mixed Oriental Poppies. Grown from a select strain. 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

Papaver Nudicaule (Iceland Poppies)

The plant is of neat habit, forming a tuft of bright green fern-like foliage, from which spring, throughout the entire season, a profusion of slender leafless stems 1 foot high, each graced with charming cup-shaped flowers. We can supply these in yellow, orange and white or in choicest mixture. 30 cts. each; \$2.50 per doz.; \$18.00 per 100.

PAPAVER NUDICAULE (Iceland Poppy)

Garden Chrysanthemums offered on pages 172 and 173 will supply an abundance of flowers after everything else has been cut by frost

HARDY PHLOX

Early-flowering Hardy Phlox

Miss Lingard. This grand white variety is one of the most popular sorts grown; it grows about 2 feet high, and starts to bloom in May, continuing to flower until late in October. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Phlox Subulata (Moss, or Mountain Pink)

An early spring-flowering type, with pretty moss-like evergreen foliage, which, during the flowering season, is hidden under the masses of bloom. An excellent plant for the rockery, or the border, and invaluable for carpeting the ground or covering graves.

Alba. Pure white. **Rosea.** Bright rose.
Lilacina. Light lilac. **Vivid.** Bright pink, red eye.
 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Various Phloxes

Amoena. A useful variety for carpeting the ground, rockery, or border; it grows but 4 inches high, and in spring is a sheet of bright pink flowers. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Arendsi Louise. A cross between *Divaricata Canadensis* and one of the *Decussata* varieties, of vigorous branching habit, about 12 inches high, producing delicate lilac flowers from May to July. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Divaricata Canadensis. One of our native species, worthy of extensive planting, commencing to bloom early in April, and continuing through May, large, fragrant lavender flowers on 10 inch stems. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Alba Grandiflora. A grand white-flowering form, and should prove equally valuable and as great a favorite as the blue-flowered form. 35 cts. each; \$3.50 per doz.

Maculata Hybrida Alpha. A cross between our native species *Maculata* and some of the showier varieties of *Decussata*, and though its color is not rich, it being a soft amaranth-pink, it is so remarkably free flowering it should find a place in every collection. It grows about 2½ feet high, each branch terminated by a large panicle of flowers which are produced continuously from June until freezing weather. 25 cts. each; \$2.50 per doz.

Ovata Caroliniana (Mountain Phlox). Grows 12 to 15 inches high, and bears masses of reddish-pink flowers in May and June. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Dreer's Superb Hardy Phlox

Among hardy perennial plants no class is of more importance than the Phloxes, succeeding in almost any soil and position; and flowering through a long season; and while they will continue in good condition and flower freely for many years without attention, yet they respond quickly to and are improved by cultivation.

Albion (Medium). Pure white with just a faint red tinted eye.

Aldenhams Triumph (Medium). A delicate shade of silvery pink with cherry red eye.

Antonin Mercie (Medium). Light ground color prettily suffused bluish lilac.

B. Comte (Medium). Rich French purple.

Bridesmaid (Tall). Pure white with large crimson-carmine eye.

Champs Elysee (Dwarf). A bright rosy-magenta; very effective.

Eclairer (Medium). Brilliant rosy-magenta, with lighter halo.

Enchantress (Medium). One of the finest salmon pinks.

Europa (Medium). Pure white, with small crimson-carmine eye.

Firebrand (Medium). Bright vermilion scarlet with deeper centre, large trusses, strong, robust habit.

Flora J. Riedy (Tall). Enormous panicles of purest white.

La Vague (Medium). Pure mauve, with aniline-red eye.

Mrs. Jenkins (Tall). The best all-around pure white.

New Bird (Dwarf). Deep crimson red with purple eye; one of the finest of its color.

Painted Lady (Tall). Silvery pink with salmon shadings and cherry red eye.

Pastel Pink (Tall). Tall growing silver pink with salmon shadings.

Professor Virchow (Medium). Bright carmine overlaid with brilliant orange-scarlet.

Professor Went (Dwarf). One of the finest dark varieties; a rich satiny amaranth.

Rheinlander (Medium). A beautiful tone of salmon-pink, the color being intensified by a very decided deep claret-red eye.

Riverton Jewel (Medium). A lovely mauve-rose illuminated by a brilliant carmine-red eye.

R. P. Struthers (Tall). Bright rosy-carmine, with claret-red eye.

Rynstrom (Medium). Effective carmine-rose color.

Thor (Medium). Deep salmon-pink overlaid with a scarlet glow.

A light, almost white halo surrounds the aniline-red eye.

Wala (Dwarf). Of dwarf habit, much branched, enormous trusses of purest white.

Widar (Dwarf). Light reddish violet with large white centre, that intensifies the color effect.

Price. Any of the above varieties, 25 cts. each; \$2.50 per doz.; \$15.00 per 100. One each of the 25 varieties for \$4.00.

Pentstemon (Beard Tongue)

Most useful showy perennials, either for the border or rockery; flowering throughout the summer months.

Barbatus Pink Beauty. Long spikes of bright clean shell pink flowers; 2 to 3 feet.

Torreyi. Spikes of brilliant scarlet flowers; height, 3 to 4 feet.

Digitalis. Large spikes of long, purple-white flowers with purple throats; 2 to 3 feet.

Heterophyllus. Large, azure-blue; 2 feet.

Ovatus. Bright blue, shaded bronzy purple; 2 feet.

Pubescens. Bright rosy-purple; 1½ feet.

Price. 30 cts. each; \$2.50 per doz.; \$18.00 per 100.

PHLOX SUBULATA (Moss Pink)

PHLOX DIVARICATA CANADENSIS

Polemonium (Jacob's Ladder)

Useful border plants, about 12 inches high, succeeding best in a partially shaded position; deep green, finely cut foliage, and spikes of showy flowers.

Carneum. Large attractive rose colored flowers from June to September. 35 cts. each; \$3.50 per doz.

Reptans. Dwarf variety with very showy deep blue flowers in May and June.

Richardsoni. Sky blue flowers with golden anthers. June and July.

Price. Except where noted, 30 cts. each; \$2.50 per doz.; \$18.00 per 100.

Hardy Primulas (Primroses)

These are among the most beautiful and interesting of our early spring flowers. Plant them in rich, well-drained soil in the border or in a sheltered nook in the rockery; if possible, in a half shady place.

Cashmeriana. Large globular heads of a pleasing shade of purplish blue; prefers a moist shaded position. 8 to 12 inches. June.

Cortusoides. A distinct Siberian species with a profusion of deep rose colored flowers in early summer. 6 to 10 inches.

Veris (English Cowslip). Plants grown from a select strain of seed, and embrace a fine range of mixed colors; 6 to 9 inches.

Queen of Heaven. A very unusual and rare variety with large blue flowers on 6 to 8 inch stems. \$1.00 each.

Vulgaris (English Primrose). An old favorite, and should be found in every garden; one of the earliest spring flowers; of bright canary-yellow; very fragrant. 6 to 8 inches.

Lilacina Plena. A gem. A double flowering form of the English Primrose, the flowers reminding one in form of miniature double Roses. In color it is a delicate clear pinkish lavender. 50 cts. each; \$5.00 per doz.

Price. Except where noted, 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

PHYSOSTEGIA

(False Dragon Head, or The Obedient Plant)

Physostegias, of which we illustrated the improved variety Vivid in colors in our Garden Book of 1930, are among the most appreciated and popular summer and fall flowering plants of our gardens; not only for garden display but their long spikes of heather-like flowers render them very valuable also as cut flowers.

Physostegias will succeed in almost any position where they will have a fair amount of sunshine; they are attractive in growth and foliage from the time they start into growth in early spring until they finish flowering in the autumn.

The name "Obedient Plant" has been bestowed upon the Physostegia due to the curious fact that the individual flowers can be turned to any angle or position on the stem in which they will remain just as placed.

Virginica. Bright but soft pink. 3 to 5 feet.

Alba. Very fine pure white.

Grandiflora Vivid. A new variety growing from 18 to 24 inches high with flowers much larger than the type and of a bright violet mauve.

Price. 25 cts. each; \$2.50 per doz.; \$15.00 per 100. The set of 3 varieties for 75 cts.

PHYSOSTEGIA

Platycodon

(Balloon Flower or Japanese Bell Flower)

The Platycodons are closely allied to the Campanula and form neat, branched bushes of upright habit, 2 to 2½ feet high, producing their attractive blue or white flowers from July to October.

Grandiflorum. Blue.

album. White.

25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Plumbago (Lead Wort)

Larparentae. One of the most desirable border and rock plants; it is of dwarf, spreading habit, growing 6 to 8 inches high; covered with deep blue flowers during the summer and fall months. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Polygonatum

(Solomon's Seal)

Majus. Exceedingly ornamental both in foliage and flowers; grows 3 feet high and bears pendant, creamy-white flowers in May and June. Should be grown in a shady or half-shady place for best results. 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

PRIMULA VULGARIS LILACINA PLENA

PYRETHRUM HYBRIDUM

Pyrethrum Hybridum

These grand old-fashioned Hardy Perennials are easy to grow in any good garden soil where there is good drainage and full exposure to the sun. They prefer to be left undisturbed for two or three years and if given an annual top dressing of well-rotted manure, flower generously. Their season of blooming is in June and July; 18 to 24 inches. We offer only in choicest mixed colors. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Pyrethrum Uliginosum (Giant Daisy)

Grows 3 to 4 feet high and is covered with large white Daisy-like flowers, 3 inches in diameter from July to September. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Ranunculus (Buttercup)

Acris Fl. Pl. Erect growing double yellow buttercup. Early summer, 8 to 12 inches.

Repens Fl. Pl. (Trailing Buttercup). Masses of bright golden-yellow double flowers in May and June. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Romneya (California Tree or Matilija Poppy)

Coulteri. This beautiful Poppy, while hardy as far north as Philadelphia, should be planted in a well-drained, sunny, sheltered position. It grows 5 to 6 feet high, and frequently has from 12 to 15 expanded flowers on a single shoot at one time. The flowers are white, 5 inches across, delicate and transparent, yet enduring in a good state for several days; delightfully fragrant. Late summer and fall. Strong plants, \$1.50 each.

Rosmarinus (Rosemary)

Officinalis. An old favorite aromatic herb of neat habit of growth; requires protection. 2 feet. 25 cts. each; \$2.50 per doz.

Salvia (Meadow Sage)

Azurea. Grows 3 to 4 feet high, producing during August and September racemes of pretty sky-blue flowers in the greatest profusion.

Greggi. Makes a shapely, bushy plant about two feet high, and from July to late October bears masses of rich and luminous brilliant carmine flowers; requires protection in winter.

—Alba. A pretty white flowered form. 30 cts. each; \$2.50 per doz.; \$18.00 per 100.

Salvia Pitcheri

See colored plate and description, page 194.

Rudbeckia (Cone-flower)

Indispensable plants for the hardy border, grow and thrive anywhere, giving a wealth of bloom, well suited for cutting.

Golden Globe. An improved globular form of the popular Golden Glow with large double golden yellow flowers, not unlike a Pompon Dahlia. 5 feet; July to September.

Maxima. An attractive variety, growing 5 feet high, with large glaucous green leaves and bright yellow flowers 5 to 6 inches across, with a cone 2 inches high; flowers continuously from June to September.

Newmani. Dark orange-yellow flowers, with deep purple cone, borne on stiff, wiry stems 3 feet high; flowers from July to September.

Nitida Autumn Sun. An attractive single-flowering variety, growing 5 to 6 feet high, with long broad petals of bright primrose-yellow; August to October.

Purplea (Giant Purple Cone-flower). Flowers about 4 inches across, of a peculiar reddish-purple with a remarkably large cone-shaped centre of brown, forms bushy plants 3 feet high, and blooms from July to October.

Price. 25 cts. each; \$2.50 per doz.; \$15.00 per 100. Set of 5 sorts for \$1.00.

Santolina (Lavender Cotton)

Chamaecyparissus Incana. A dwarf evergreen perennial with attractive, silvery-white foliage; useful as a rock or border plant, and largely used for carpet bedding. 20 cts. each; \$2.00 per doz.; \$12.00 per 100.

Saxifraga (Megasea)

These will thrive in any kind of soil and in any position; grow about 1 foot high and are admirable for the front of the border or shrubbery, forming masses of handsome, broad, deep green foliage, which alone renders them useful, while the pretty rose-pink flowers appear very early in the spring.

Cordifolia. Light pink.

Crassifolia. Rosy-pink.

Purpurea. Purplish crimson.

35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Saxifraga Trailing Varieties

Decipiens (Crimson Moss). Dwarf mossy plants with white flowers in May and June. The green foliage turns crimson in winter, splendid rock plants. 35 cts. each; \$3.50 per doz.

Macnabiana. Splendid for the wall garden or in crevices in the rockery. Foliage gray green in the form of a rosette with spikes of small white flowers speckled with pink. May and June. 60 cts. each; \$6.00 per doz.

Pyramidalis. Forms rosettes of narrow silvery foliage, showy spikes 2 feet high of white flowers in May and June. 50 cts. each; \$5.00 per doz.

Umbrosa (London Pride, Nancy Pretty, or None-so-Pretty). A low-growing, spreading sort, throwing up stems a foot high of white, sometimes suffused with red, flowers during June and July. 35 cts. each; \$3.50 per doz.

ROMNEYA COULTERI

GROUP OF SAXIFRAGAS (Megaseas)

Saponaria (Soap Wort)

Ocymoides Splendens. A useful plant for the rockery or border, producing from May to August, masses of attractive bright rose flowers; 8 inches. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Scabiosa

Handsome border plants, succeeding in any ordinary soil if well drained and in a sunny location, and should be grown in every garden where cut flowers are wanted; they last a long time when picked and placed in water.

Caucasica (Blue Bonnet). A charming soft shade of lavender, blooming from June to September. 18 to 24 inches high.

Japonica. Lavender-blue flowers, from July to October; 2 feet. 30 cts. each; \$3.00 per doz.; \$18.00 per 100.

Sedum or Stone-Crop, Dwarf Sorts

Suitable for the rockery, carpet-bedding, covering of graves, etc.

Acro (Golden Moss). Much used for covering graves; foliage green; flowers bright yellow; 2 to 3 inch.

Album. Green foliage, white flowers; 2 to 3 inch.

Lydium. Bronzy green foliage, pink flowers; 1 to 2 inch.

—Glaucum. Glauous green foliage, pink flowers; 1 to 2 inch.

Obtusatum. Emerald green, bronze tinted foliage, golden yellow flowers; 2 to 3 inch.

Fruinatum Forsterianum. Glauous bluish-green leaves; golden yellow flowers; 2 to 3 inch.

Sarmentosum. Strong spreading habit, yellow flowers; 6 inch.

Sexangulare. Dark green foliage; yellow flowers; 4 to 6 inch.

Sieboldi. Round succulent glauous foliage, bright pink flowers; August and September; 8 to 10 inch.

Stolonifera. One of the most desirable; flat succulent leaves; flowers purplish-pink; July and August; 6 inches.

—Coccineum. A beautiful rosy-crimson-flowered form; July and August; 6 inches.

25 cts. each; \$2.50 per doz.; \$20.00 per 100. Set of 11 sorts, \$2.00.

Sedum, Erect Growing Varieties

Useful and pretty plants for the border, producing their interesting flowers during late summer and fall.

Spectabile. One of the prettiest erect growing species, attaining a height of 18 inches, with broad light green foliage and immense heads of handsome showy rose-colored flowers.

—Brilliant. A rich colored form of the preceding, being a bright amaranth-red.

25 cts. each; \$2.50 per doz.; \$20.00 per 100.

Sempervivum (Houseleek)

Evergreen succulents forming interesting rosette-like plants for the rockery. 6 distinct varieties, 25 cts. each; \$2.50 per doz.

Senecio (Groundsel)

Pulcher. Forms a neat tuft of foliage, from which spring up from July to October, a succession of 2 feet high stems, with clusters of brilliant rosy-purple flowers, of good size. 30 cts. each; \$2.50 per doz.; \$18.00 per 100.

Sidalcea

Rose Queen. Bright rose-colored mallow-like flowers; June and July. 25 cts. each; \$2.50 per doz.

Silene (Catchfly)

Acaulis. A splendid rock-plant for a semi-shaded position, forming a solid mat of moss-like, deep green foliage, studded with small pink flowers in June and July. 50 cts. each.

Alpestris. A good rock plant, grows 4 inches high with white flowers in July and August.

Maritima. Compact masses of glauous blue foliage, covered with pinkish-white flowers from June to August. Very desirable for hot, dry spots in the rockery, or for rock walls, 2 to 3 inches.

Schafta (Autumn Catchfly). A charming border or rock-plant from 4 to 6 inches high, with bright pink flowers from July to October.

Price. Except where noted, 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Silphium (Cup-Plant)

Perfoliatum. A stately perennial, 5 to 7 feet high, with large single yellow sunflower-like blooms from July to September. 30 cts. each; \$2.50 per doz.

Statice (Great Sea Lavender)

Latifolia. Immense candelabra-like heads of purplish-blue minute flowers during July and August. 1½ ft. high.

—Elegantissima. A new improved form with not only larger individual flowers but also with much larger heads of bloom. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

STATICE LATIFOLIA ELEGANTISSIMA

THALICTRUM DIPTEROCARPUM

Solidago (Golden Rod)

Altissima. The giant of the family, grows 10 to 12 feet high, the large heads of golden-yellow flowers reach perfection late in October.

Golden Wings. The finest of all; 4 feet high, with immense panicles of bright golden-yellow flowers from July to September.

Shorti. Golden-yellow flowers in July and August. 3 feet.

Price. 25 cts. each; \$2.50 per doz.; \$15.00 per 100. Set of 3 sorts, 75cts.

Spiraea (Goat's Beard, Meadow Sweet)

Elegant border plants with feathery plumes of flowers and attractive foliage; succeed best in a half shaded location.

Filipendula (Dropwort). Numerous corymbs of white flowers on stems 15 inches high; June and July, and pretty fern-like foliage.

—flore plena. Identical with the above, excepting that the flowers are double.

Palmata (Crimson Meadow Sweet). One of the prettiest; the deep purple-red of the stems and branches passing into the crimson-purple of the broad corymbs of flowers, which are produced very freely during June and July; 3 feet.

Ulmaria Fl. Pl. (Meadow Sweet). Grows about 3 feet high, and produces its double white flowers during June and July.

Venusta. Grows 4 to 5 feet high, with showy spikes of fragrant red flowers in July and August.

Price. 35 cts. each; \$3.50 per doz.; \$25.00 per 100. One each of the above 5 varieties, \$1.50.

Stachys (Woundwort)

Betonica Grandiflora (Betony). Large flowers of purplish-rose; June and July; 15 inches.

Lanata. Forms a densely-leaved mass of bright silvery-white wooly foliage and clusters of light purple flowers. July.

25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Stokesia (The Cornflower, or Stokes' Aster)

Cyanea. Grows 18 inches high, bearing freely from early in July until October, handsome lavender-blue Cornflower-like blossoms.

—Alba. White-flowered form of above.

—Lutea. Creamy yellow.

25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Sweet William (Dianthus Barbatus)

A well-known attractive, free-flowering hardy perennial, producing in early summer a splendid effect in beds and borders, with their rich and varied flowers. 12 to 18 inches.

Newport Pink. The prettiest color among Sweet Williams, a lovely salmon or watermelon pink.

Pure White. Very large individual flowers and trusses.

Scarlet Beauty. Rich deep scarlet; very effective.

Mixed. Containing all colors.

20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Teucrium (Germander)

Chamaedrys. An evergreen plant of dwarf shrub-like habit; glossy aromatic foliage with spikes of purple flowers in July and August. 12 inches. 30 cts. each; \$3.00 per doz.

Thalictrum (Meadow Rue)

Very graceful, pretty flowered plants, with fine cut foliage, great favorites for planting in the hardy border.

STOKESIA (Cornflower Aster)

Aquilegifolium Album. Elegant Columbine-like foliage and masses of feathery white flowers during June and July. 3 feet.

—Atropurpureum. A rosy-purple form of the above.

Dipterocarpum. We consider this one of the real gems among hardy plants, not only for the garden but its dainty, graceful sprays of flowers, elegantly arranged on stems 4 feet high, are invaluable for cutting; the flowers are of a charming shade of violet-mauve, which is brightened by a bunch of lemon-yellow stamens and anthers; June and July.

Glaucum. Fine cut glaucous foliage; bronzy-yellow flowers in June; 2 feet.

Intermedium. Pale yellow flowers in July; 2 feet.

Price. 30 cts. each; \$3.00 per doz.; \$18.00 per 100. Set of 5 sorts, \$1.25.

SWEET WILLIAM

TROLLIUS (Globe Flower)

Thermopsis

Caroliniana. A showy, tall-growing plant, attaining a height of 3 feet, producing long spikes of yellow flowers in June and July. 35 cts. each; \$3.50 per doz.

Thymus (Thyme)

Citriodorus Aureus. The golden leaved lemon-scented Thyme.
—Argenteus. Silver leaved, lemon-scented Thyme.
Lanuginosus (*Woolly-leaved Thyme*). Greyish foliage and rosy-lilac flowers.
Serpyllum Album (*White Mountain Thyme*). Dense mats of dark green foliage and clouds of white flowers.
—Coccineus (*Scarlet Thyme*). Dark green foliage and bright red flowers.
—Splendens. Bright purplish-red flowers.
Price. 30 cts. each; \$3.00 per doz.; \$20.00 per 100.

Tradescantia (Spider Wort)

Virginica. Produces a succession of blue flowers all summer; 2 feet.
—Alba. A white-flowered form.
 25 cts. each; \$2.50 per doz.

Trillium (Wood Lily, or Wake Robin)

Grandiflorum. Excellent plants for shady positions in the hardy border, or in a sub-aquatic position. Large pure white flowers in early spring; 12 to 18 inches. 15 cts. each; \$1.50 per doz.; \$8.00 per 100.

Tritoma (Kniphofia)

(**Red-hot Poker, Flame Flower, or Torch Lily**)

Pfitzeri (*The Everblooming Flame Flower*). The early, free and continuous blooming qualities of this variety have made it one of the great bedding plants. Succeeds in any ordinary garden soil, but responds quickly to liberal treatment; hardy if given protection, but the most satisfactory method of wintering is to bury the roots in sand in a cool cellar. In bloom from August to October, with spikes 3 to 4 feet high, and heads of bloom of a rich orange-scarlet, producing a grand effect either planted singly in the border or in masses. 30 cts. each; \$2.50 per doz.; \$18.00 per 100.

Elegans Hybrids. Seedlings in mixed colors, ranging from pale yellow to deep orange-red. Very showy, early and free flowering. 3 to 4 feet. August to October. 30 cts. each; \$3.00 per doz.; \$18.00 per 100.

Trollius (Globe Flower)

Europaeus Hybrids. Desirable free flowering hybrids producing their giant buttercup-like blossoms ranging from pale yellow to deep orange on strong stems; May and June; 2 feet high. 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Ledebouri. A very distinct rare species, growing 2 to 2½ feet high, producing its rich orange large flowers, which open up like a buttercup, in great profusion from May to July, with some flowers the entire summer. 50 cts. each; \$5.00 per doz.

Tunica

Saxifraga. A charming little spreading plant growing from 6 to 8 inches high, with minute dark green foliage producing quantities of tiny flowers varying from pale to dark pink. Attractive in the rocky or on the edge of the border. June to August. 25 cts. each; \$2.50 per doz.

—Flore Plena. A pretty new double flowering form of the above in which the flowers, besides being double, are also considerably larger than in the type and of a deeper color, as well as being perpetual flowering; it begins to flower in June and continues until late in the fall. 50 cts. each; \$5.00 per doz.

Valeriana (Valerian)

Coccinea. Showy heads of reddish flowers; June to October; 2 feet.

—Alba. A white-flowered form.

Officinalis (*Hardy Garden Heliotrope*). Produces showy heads of rose-tinted white flowers during June and July, with delicious, strong heliotrope odor; 3 to 4 feet.

25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Vinca (Periwinkle, or Trailing Myrtle)

Minor. An excellent dwarf evergreen trailing plant that is used extensively for carpeting the ground under shrubs and trees, or on graves where it is too shady for other plants to thrive. 15 cts. each; \$1.50 per doz.; \$10.00 per 100; \$80.00 per 1000.

VALERIANA OFFICINALIS

A PAIR OF EXTRA FINE HARDY PERENNIALS

Double-flowering Gypsophila "Bristol Fairy"

(Illustrated in color on opposite page.)

The well-known double-flowering Gypsophila Paniculata, when first introduced, was quite a sensational novelty, and is still one of the most valuable hardy garden plants, with its great panicles of white flowers so indispensable for cutting in July and August.

In Bristol Fairy, we have a wonderful advance over the aforementioned sort, a plant not only of greater vigor, producing much larger (2 to 3 feet high) panicles of flowers, in which the individual bloom also is considerably larger, and of purer white color, but it also possesses the advantage of flowering more or less continuously throughout the summer, new branches of bloom appearing after the first flush of flowers has passed, if these are cut away when through blooming. Strong Roots, 50 cts. each; \$5.00 per doz.; \$35.00 per 100.

Salvia Pitcheri (Blue Meadow Sage)

This species (illustrated in color on the opposite page), comes from the wilds of Colorado, and is one of the most attractive of our native plants. A true blue flower, with a long season of bloom, August, September and October, thriving in any situation and almost without care. The flowers of deepest indigo-blue are borne with the greatest profusion on long slender stalks 3 to 4 feet high and blooming at a time when blue flowers are not plentiful makes it a most noteworthy addition to any garden planting. This variety is extremely hardy and winters over in any part of the country without protection. 30 cts. each; \$2.50 per doz.; \$18.00 per 100.

Veronica (Speedwell)

Amethystina Royal Blue. Rich gentian blue; June and July; 2 feet.

— **True Blue.** A splendid rich dark blue; June and July; 2 feet.

Incana. Bright silvery foliage, blue flowers; July and August; 1 foot.

Longifolia Subsessilis (Japanese Speedwell). The showiest and best of the Speedwells; forms a bushy plant 2 to 3 feet high, with long dense spikes of deep blue flowers from the middle of July to early in September.

Repens. A useful rock or carpeting plant, with light-blue flowers; May.

Rupestris. A fine rock plant growing 3 to 4 inches high; thickly matted deep green foliage, hidden in spring under a cloud of bright blue flowers; May.

Spicata. An elegant border plant, growing about 1½ feet high, producing long spikes of bright blue flowers in June and July.

— **Alba.** A white-flowered form of the above.

— **Rosea.** Spikes of delicate pink flowers.

Trehani. A pretty rock plant forming a golden carpet, covered in early May with deep gentian-blue flowers.

Price. Any of the above, 25 cts. each; \$2.50 per doz.; \$18.00 per 100. Set of 10 sorts, \$2.00.

Violas or Tufted Pansies

Very popular bedding plants. While the flowers are not as large as Pansies, they continue in bloom throughout the entire season from early spring until late in the autumn, making them a valuable addition to any garden and especially desirable for mass effect.

Blue Perfection. Deep purplish blue.

Lutea Splendens. Rich golden yellow.

White Perfection. A fine white.

20 cts. each; \$2.00 per doz.; \$15.00 per 100.

New Violas

Apricot Queen. A rich shade of apricot, orange towards the center, a splendid pleasing color combination.

Jersey Gem. Undoubtedly the most valuable bedding Viola yet introduced, perfectly suited to our climatic conditions and which will succeed in any good garden soil in a sunny position, blooming practically without a break from early May to the end of the season. The plant is of compact sturdy habit of growth, its flowers pure violet, without the slightest shading and borne on good stems about 6 inches long.

25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Hardy Violets

Double Russian. This is not suited for forcing under glass, but is perfectly hardy and a gem for the garden or hardy border, producing in early spring great masses of fine large, double, deep purple flowers of exquisite fragrance. 35 cts. each; \$3.50 per doz.

Pedata (Bird's Foot Violet). A native variety with finely cut foliage and showy blue flowers. 25 cts. each; \$2.50 per doz.

Pedata Bicolor (Painted Bird's Foot Violet). A variety of which the upper petals are of a rich purple, the lower ones nearly white. 25 cts. each; \$2.50 per doz.

VERONICA LONGIFOLIA SUBSESSILIS

Wallflowers

The old fragrant favorite; mixed colors, including yellow, brown, etc.; May; 12 to 15 inches. 30 cts. each; \$2.50 per doz.

Yucca (Adam's Needle)

Filamentosa. Broad sword-like foliage and 5 to 6 feet tall, branched spikes of large, fragrant, drooping, creamy white flowers during June and July make it an effective plant for all positions. 30 cts. each; \$3.00 per doz.; \$18.00 per 100.

Two Beautiful Hardy Perennials

Salvia Pitcheri

Gypsophila Bristol Fairy

Clematis Montana Undulata—The Anemone Flowered Clematis

See Description on Page Opposite

Dreer's Select Hardy Climbing Plants

AMPELOPSIS LOWI

Actinidia

Arguta (*The Silver Vine*). A very desirable hardy Japanese climber of strong vigorous growth, with dark green, shining foliage, and greenish white flowers with purple centres which are followed by clusters of edible fruit of fig-like flavor. An excellent plant for covering arbors, trellises, etc., where a rapid and dense growth is desired. Strong plants, \$1.00 each.

Chinensis. A rare climber with large orbicular foliage of dark green on the upper surface, densely tomentose beneath and when young thickly covered with bright red hairs which gives it a beautiful velvety appearance. It bears attractive yellow flowers which are succeeded by edible fruit the size of a walnut with gooseberry flavor. Hardy south of Washington. \$1.00 each.

Akebia Quinata (Akebia Vine)

One of the most graceful of our hardy climbers, producing in early spring numberless bunches of violet brown flowers, which have a pleasant cinnamon odor. 50 cts. each; \$5.00 per doz.

Ampelopsis

Engelmanni. A greatly improved variety of the Virginia Creeper, with dense foliage of a glossy light green in summer, changing to a brilliant crimson in the autumn. On a rough stone surface it will cling without support in the same way as the Japanese Ivy. 40 cts. each; \$4.00 per doz.; \$30.00 per 100.

Lowi. A splendid variation from the popular Boston or Japan Ivy, possessing all the merits of the parent, being perfectly hardy, clinging to the smoothest surface without support, and with much smaller foliage, which is deeply cut, giving it a grace and elegance entirely distinct from the old type. In the spring and summer the leaves are a bright fresh apple-green color, changing in the autumn to various brilliant tones of orange, crimson and scarlet. 50 cts. each; \$5.00 per doz.

Quinquefolia (*Virginia Creeper or American Ivy*). This well known climber is one of the best and quickest growing varieties for covering trees, trellises, arbors, etc.; its large, deep green foliage assumes brilliant shades of yellow, crimson and scarlet in the fall. 40 cts. each; \$4.00 per doz.; \$30.00 per 100.

Tricolor (*Vitis heterophylla variegata*). A beautiful and desirable climber, with fine dark green foliage, wonderfully variegated with white and pink; during the late summer and fall the plant is liberally covered with attractive small berries of a peculiar lustrous metallic peacock blue color; highly useful for trailing over rocks or for a low trellis. 50 cts. each; \$5.00 per doz.

Veitchi (*Boston or Japan Ivy*). The most popular climbing plant for covering brick, stone or wooden walls, trees, etc.; when it becomes established it is of very rapid growth, and clings to the smoothest surface. The foliage is of a rich olive green during the summer, changing to various shades of bright crimson and scarlet in the fall. 50 cts. each; \$5.00 per doz.; \$35.00 per 100.

Aristolochia Sipho (Dutchman's Pipe Vine)

A vigorous and rapid-growing climber, bearing singular brownish-colored flowers, resembling a pipe in shape. Its flowers, however, are of little value compared to its light-green leaves, which are of very large size, and retain their color from early spring to late fall; perfectly hardy. Strong plants, \$1.00 each.

Bignonia (Trumpet Vine)

Grandiflora. The true large flowered type with large showy orange-red flowers. \$1.00 each.

Radicans. For covering unsightly places, stumps, rockwork, or wherever a showy-flowering vine is desired, this will be found very useful. The dark red flowers, with orange throat, are attractive, and borne profusely; very hardy. 50 cts. each; \$5.00 per doz.

Celastrus Scandens (Bitter Sweet, or Wax Work)

One of our native climbing plants, of rapid growth, with attractive light green foliage and yellow flowers during June, which are followed in the autumn with bright orange fruit. 50 cts. each; \$5.00 per doz.

Clematis Montana Undulata (Anemone Clematis)

See color illustration on page opposite.

Our illustration on the opposite page conveys a good idea of the attractive flowers of this gem among climbing plants. It is a strong vigorous grower, perfectly hardy, disease and insect proof and will succeed and flourish under the most adverse conditions. The Anemone or Windflower-like blooms are white flushed mauve pink, and are from 1½ to 2 inches in diameter and frequently begin to expand as early as the last week in April, just about the time when Wisterias have finished, continuing in bloom well through May, and are produced in great profusion. The best of the early spring-flowering climbers of which there are but few. Strong 2-year-old plants, 50 cts. each; extra heavy 3-year old plants, \$1.00 each.

Clematis Montana Perfecta

Identical with the above but almost white flowers. Strong plants, \$1.00 each.

Clematis Paniculata (Japanese Virgin's Bower)

Small, dense, cheerful green foliage, and pure white, deliciously fragrant flowers, which appear in the greatest profusion in August and September, followed by attractive silvery feathery seed pods. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Large-flowering Clematis

No other climbing plant equals in attractiveness the beautiful large-flowering Clematis.

Anderson Henryi. Creamy white, large.

Duchess of Edinburgh. Large double white.

Jackmani. The popular rich purple variety.

Mme. Edouard Andre. Bright rosy carmine.

Price. Any of the above, 75 cts. each.

AKEBIA QUINATA

Euonymus

The trailing Euonymus are particularly desirable for their dense evergreen foliage and extreme hardiness, some varieties on account of this taking the place of the English Ivy for wall covering, others that of the Boxwood as an edging plant.

Radicans Acuta. A strong growing variety with long narrow dark green leaves veined with grey, excellent as a ground cover.

— **Colorata.** Same as above but with the leaves tinted purplish red particularly on the underside.

— **Kewensis.** A variety with very small dark green foliage. A valuable plant for the rockery.

— **Variegata.** A beautiful small-leaved green and white variegated form.

— **Vegeta (Evergreen Bittersweet).** A strong growing variety, with larger leaves than the type. As an evergreen absolutely hardy wall cover this plant is unequaled.

Price. Any of the above varieties, 35 cts. each; \$3.50 per doz.; \$20.00 per 100.

Honeysuckles

(Woodbine)

Chinese Evergreen. Very fragrant, red, yellow and white variegated flower; dark green foliage.

Halleana. Flowers pure white, turning to yellow; fragrant, hardy and almost evergreen; blooms very freely.

Henryi. An introduction from China, where it has been found at an altitude of 6000 feet, with glossy almost evergreen foliage and distinct flowers of a peculiar bronzy-red color.

Variegated. Foliage beautifully mottled yellow and green.

Price. Any of the above, 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Hop Vines

(*Humulus Lupulus*)

A useful climber. It is a rapid grower and bears a profusion of seed pods suitable for many domestic purposes. 25 cts. each; \$2.50 per doz.

POLYGONUM

WISTERIA SINENSIS

— **Baltica.** A variety introduced from the Baltic provinces, Russia, that has proven hardy as far north as Massachusetts, where the generally-grown type of English Ivy rarely stands the winter. 3-inch pots, 50 cts. each; \$5.00 per doz.; 4-inch pots, \$1.00 each; \$10.00 per doz.

Hardy Jasmine

Nudiflorum. Favorite climber for sheltered positions; hardy south of Philadelphia, fragrant yellow flowers. 35 cts. each; \$3.50 per doz.

Lathyrus (Hardy Everlasting Pea)

Latifolius. Deep rosy-red.

Latifolius Albus. Pure white.

Price. 30 cts. each; \$2.50 per doz.

Polygonum Auberti (Silver Lace Vine)

One of the most desirable flowering climbers, the plant is of strong, vigorous growth, attaining a height of 25 feet, producing through the summer and fall great foamy sprays of white flowers. Strong plants, 50 cts. each.

Pueraria Thunbergiana (Hirsuta) (Kudzu Vine)

The most rapid growing vine in cultivation, attaining, after once being established, a height of 50 feet or more in one season. Its foliage is large and furnishes dense shade; it bears small racemes of rosy-purple, pea-shaped blossoms toward the close of August. 25 cts. each; \$2.50 per doz.

Wisterias

Sinensis. The favorite variety, producing thousands of pendulous clusters of delicate violet-blue blossoms, richly perfumed.

— **Alba.** Of similar habit to Sinensis, with pure white flowers.

Venusta (Silky Wisteria). A very free flowering variety with long broad racemes of creamy white flowers. The young growth has silky pubescent foliage which makes it very attractive.

Price. Any of the above strong 3-year-old-plants, \$1.00 each.

HONEYSUCKLE

Hardy English Ivy

Hedera Helix. An invaluable evergreen variety, used for covering walls, etc., and has become very popular for covering graves, especially if in the shade, where grass will not succeed, and a most desirable house plant. 4-inch pots, 50 cts. each; \$5.00 per doz.; 5-inch pots, 75 cts. each; \$7.50 per doz.; 6-inch pots, \$1.50 each; \$15.00 per doz. Extra large plants, in 7-inch pots, 6 feet high, \$2.50 each.

DREER'S CHOICE HARDY SHRUBS

NOTE—Shrubs will be shipped on receipt of orders, or as soon as they can be dug, unless instructed to the contrary, but no orders can be accepted for delivery later than May 1, and they can only be sent by Freight or Express, at purchaser's expense. They are too heavy and large to be sent by mail. No charge for boxes, packing or delivery to express, freight or steamship lines in Philadelphia.

Shrubs are as much a part of the well balanced garden as the lawn or flower borders. Many of them are as decorative as any ornamental foliage plant, while others are highly useful as cut flowers, and a well-arranged planting presents an attractive appearance throughout the entire year.

Shrubs have many uses; such as a dividing line between the flower and the vegetable garden, or between the lawn and uncultivated land beyond; as a background to a flower border; for hiding an unsightly building, fence or foundation, or they may be planted in a mixed shrubby border, in which case those of short, dense growth should be planted along the front of the border, graduating to the tall-growing kinds at the back.

HARDY AZALEA

Abelia Chinensis Grandiflora

A choice small Shrub of graceful habit, producing through the entire summer and fall white tinted lilac heather-like flowers in great abundance. Plants from 4-inch pots, 50 cts. each.

Althea (Rose of Sharon)

The Altheas are among the most valuable of our tall, hardy Shrubs on account of their late season of blooming, which is from August to October, a period when but few Shrubs are in flower. They are also extensively used as hedge plants.

Alba plena. White, crimson centre. **Duchesse de Brabant.** Dark red.

Anemoneflora. Dark rose. **Jeanne d'Arc.** Pure white.

Boule de Feu. Red. **Paeniflora.** Rosy purple.

William R. Smith. The glistening pure white single flowers are of giant size, fully 4 inches in diameter, open out flat or salver-shaped quite different from the older types which only partially expand; these are produced in great profusion from early in July until late in September.

60 cts. each. Set of 7 varieties, \$3.50.

Andromeda (Pieris)

Japonica. An evergreen compact growing low Shrub, with small dark green foliage and long panicles of dull bronzy-red buds which appear during the summer and are attractive during the entire winter, opening into white flowers in spring. Bushy plants, 12 to 15 inches high, \$1.50 each.

Aralia

Pentaphylla. A distinct ornamental Shrub valuable for its effective habit of growth and attractive bright green foliage which is borne on gracefully arching branches. 60 cts. each.

Spinosa (Hercule's Club or Devil's Walking Stick). A singular native tree-like Shrub, growing from 10 to 15 feet high, with very prickly stems, pinnate leaves and immense panicles of white flowers in August, followed by black fruit. \$1.00 each.

Hardy Azaleas

The varieties here offered are the hardiest and most desirable for general garden planting; until thoroughly established it is beneficial to give them a heavy mulch of leaves during the winter, and a loose covering of evergreen branches to protect them from the sun and drying winds during freezing weather.

Amoena. A nearly evergreen variety with bright rosy purple flowers in great masses.

	Each	Doz.

12 to 15 inches in diameter.	2 00	20 00
15 to 18 inches in diameter.	3 00	30 00

Hinodegiri. The most popular variety with dense clusters of bright fiery-red flowers.

8 to 10 inches in diameter.	1 50	15 00
10 to 12 inches in diameter.	2 00	20 00
12 to 15 inches in diameter.	3 00	30 00

Hinamayo. A meritorious variety, resembling in general habit though smaller in foliage the popular red variety, Hinodegiri, except in color which is a delicate clear soft shade of rose pink. Bushy plants 12 to 15 inches in diameter, \$3.00 each; \$30.00 per doz.

Ledifolia Alba. A robust growing sort with heavy mat green foliage and large pure white flowers. 15 to 18 inches high, \$3.00 each; \$30.00 per doz.

Mollis (Chinese Azalea). A deciduous variety of extreme hardiness, blooming before the leaves develop. All the choicest colors in mixture. Very bushy plants. 15 to 18 inches high, \$3.00 each; \$30.00 per doz.

Yodogawa. A gem; one of the first to bloom in early spring with large semi-double lavender-pink flowers of a shade distinct from all other varieties. Strong plants 15 to 18 inches high, \$3.00 each; \$30.00 per doz.

ALTHEA, WILLIAM R. SMITH

We will supply all Shrubs priced at 60 cts. each for \$6.00 per doz.; \$40.00 per 100. Shrubs cannot be sent by mail. (197)

NEW RED-LEAVED JAPANESE BARBERRY

New Red-Leaved Japanese Barberrry (*Berberis Thunbergi Atropurpurea*)

Similar in all respects to the green-leaved Japanese Barberrry which is so popular for mixing in the shrubbery border, as single specimens, or for planting in clumps on the lawn, as well as for foundation plantings and for hedges, but the foliage of this new variety is of a rich, lustrous, bronzy red similar to the richest red-leaved Japanese Maples. As the season advances this new Barberrry becomes more brilliant and gorgeous and in the fall its foliage changes to vivid orange scarlet and red shades.

All that is required to develop its brilliant coloring at all seasons is that it be planted in full exposure to the sun.

	Each	Doz.	100
Strong plants 12 to 15 inches high.....	\$0 50	\$5 00	\$35 00
Strong plants 15 to 18 inches high.....	75	7 50	60 00
Strong plants 18 to 24 inches high.....	1 00	10 00	75 00

Berberis (Barberrry)

Thunbergi (*Japanese Barberrry*). A beautiful variety with small foliage, assuming the most varied tints of coloring in the autumn and attractive scarlet berries which remain on the plant the greater part of the winter; very desirable for grouping, particularly around the base of a porch or veranda to hide the foundation; succeeds in sun or shade, and is the best hedge plant we know. 40 cts. each; \$3.50 per doz. Plants for hedges offered on page 210.

Buddleia (Butterfly Shrub or Summer Lilac)

Variabilis Magnifica. One of the most desirable summer flowering Shrubs, beginning to bloom in July, it continues until cut by severe frost. The flowers are of a pleasing shade of violet mauve, and are borne in dense cylindrical spikes from 12 to 15 inches in length by 3 inches in diameter; it succeeds everywhere and flowers freely the first season planted. Good plants from 3-inch pots. 30 cts. each; \$3.00 per doz.

Callicarpa (Beauty Berry)

Purpurea. A splendid berried Shrub for the border or planted in clumps on the lawn; it grows about 3 feet high, its branches gracefully recurving are covered in August with tiny pink-tinted flowers, followed in late September by great masses of violet-purple berries, which remain on the plant until mid-winter. All fall berried plants are useful and attractive, and this is one of the most desirable. Strong plants, 60 cts. each.

Calycanthus (Sweet Shrub)

Floridus. An old favorite with double reddish brown or chocolate-colored flowers in May. 60 cts. each.

Calluna (Scotch Heather)

Small evergreen Shrubs growing one to two feet high, with small bell-shaped flowers in great profusion from July to September.

Vulgaris. Rosy pink.

— **Alba**. Pure white.

— — **Aurea**. A pretty gold leaved form of the white variety.

— — **Searlei**. A tall growing form of Alba flowering in late fall.

— **Alporti**. Vigorous grower with rosy carmine flowers.

Price. Strong plants 75 cts. each; one each of the five varieties for \$3.00.

Cercis (Judas Tree or Red Bud)

Japonica. A showy tall Shrub or small tree. All the branches and twigs are covered with a mass of small rosy-pink flowers early in the spring before the leaves appear. Plants 2 to 3 feet high, 75 cts. each.

Chionanthus (White Fringe)

Virginica. A tall growing native Shrub, blooming profusely in June. The singular flowers resemble bunches of white silken fringe, hung gracefully among the foliage. Strong plants 3 to 4 feet, \$2.00 each.

Clethra (White Alder or Sweet Pepper Bush)

Alnifolia. One of the best of our native dwarf Shrubs, bearing spikes of pure white, deliciously fragrant flowers, during July and August. 60 cts. each.

Corchorus or Kerria (Globe-Flower)

Japonica Fl. Pl. A particularly valuable Shrub on account of its clean, graceful habit of growth and its free and continuous flowering, producing its attractive double golden yellow flowers continuously from June to October. 60 cts. each.

BUDDLEIA (Butterfly Shrub)

JAPANESE FLOWERING CHERRY

Japanese Flowering Cherries

The display of Japanese Flowering Cherries at Washington, D. C., in early spring is one of the great sights of our national capital and annually attracts thousands of visitors.

These Cherries are among the earliest trees to flower coming into bloom early in April. The different varieties single and double extend the flowering season for fully four weeks, the attractive single-flowered varieties coming into bloom first followed by the double sorts. They are perfectly hardy and will succeed in almost any location. We offer eight choice varieties, six erect growing and two weeping, a selection made for us by one of the most experienced growers.

Erect Growing Varieties

Daybreak. One of the earliest to bloom, flowers single pink appearing before the leaves in greatest profusion.

Naden. One of the prettiest double pinks, the petals are so numerous as to make the flower a perfect tuft.

Pink Pearl. The earliest of the doubles. Flowers fully 1½ inches in diameter, light pink shading deeper at edges.

Takasago. Double light pink massed into large compact clusters, very showy, blooms before the leaves appear.

Ukon. Unique in having yellow flowers slightly tinted green, as the flowers mature the veins in the petals change to cerise; late flowering; semi-double.

Victory or Shirofugen. Very double, up to 2½ inches borne in racemes of about 3 each on long stems; flowers open a delicate pink changing to white; late flowering.

Price. Any of the above in strong plants 4 to 5 feet high, \$3.50 each; the collection of 6 varieties for \$20.00.

Weeping Varieties

Eureka Weeping (*Japanese Weeping Rose Flowering Cherry*). A single light pink that has been grown in this country for 50 years, a tribute to its beauty and popularity.

Park Weeping. Differs from the above in the color of its flowers which are of a deep pink and a stronger grower.

Price. Either of the above two weeping varieties on 4-ft. stems, strong one-year-old heads \$5.00 each; or we will supply the entire collection of 8 varieties for \$25.00.

Cornus (Dogwood)

Florida (*White Flowering Dogwood*). The so much admired native white Dogwood. An ornamental, spreading large Shrub or small tree, producing large white flowers in spring, the attractive foliage turning to brilliant rich crimson early in the autumn. Strong plants 3 to 4 feet high, \$1.50 each.

Florida Rubra (*Red Flowering Dogwood*). A splendid rich rosy red form of the above, when planted near each other the two varieties make a wonderfully pleasing contrast in color. Strong plants 3 to 4 feet high, \$3.00 each.

Cotoneaster (Rockspray, Quinceberry)

Very ornamental Shrubs with decorative fruits remaining usually throughout the winter. The dwarfier varieties are nearly evergreen and while especially adapted for rockery plantings are equally effective planted in clumps in front of the shrubbery border or mixed with the dwarfier broad leaved evergreens.

Francheti. Tall upright densely branched Shrub with spreading branches. Fruit orange-red; semi-evergreen.

Henryana. Half evergreen tall growing variety with bright red fruits.

Horizontalis. Low growing Shrub with almost horizontal branches. Small shiny green leaves and orange-red berries produced in great quantity. One of the most effective evergreen plants for rockery or border planting.

Prostrata. A very neat dwarf variety with miniature leaves and bright red berries.

Salicifolia Floccosa. Large growing Shrub of graceful habit and willow-like foliage, bright red fruits extending well along the branches.

Price. Pot-grown plants, \$1.00 each; \$10.00 per dozen. One each of the 5 varieties for \$4.50.

Daphne Cneorum (Garland Flower)

A pretty dwarf spreading Shrub from 6 to 8 inches high, valuable for the rockery or for the front of the border, producing beautiful bright pink, sweet-scented flowers early in May. Strong three-year-old plants, \$1.00 each; \$10.00 per doz.

Desmodium

Penduliflorum. A Shrub which dies to the ground in winter, but comes up vigorously in spring, throwing up shoots 3 to 4 feet high, which bear during September, when few Shrubs are in bloom, attractive sprays of bright rose-colored pea-shaped flowers. 60 cts. each.

CALLICARPA PURPUREA

DEUTZIA CRENATA MAGNIFICA

Deutzia

Well-known profuse flowering Shrubs, blooming in spring or early summer. Succeed in any sunny position.

Crenata Magnifica. A most distinct variety with exceptionally large corymbs of pure white double flowers, produced in wonderful profusion.

—**Mirabilis.** Of very vigorous habit, the long branches carry enormous pyramidal panicles of upright milk-white flowers of largest size.

—**Staphyleoides.** Exceptionally large white flowers in great drooping panicles, these flowers are of peculiar formation, reminding one of Staphylea Colchica, the Bladder Nut. A splendid acquisition.

—**rosea plena** (*Double-flowering Deutzia*). Double white, tinged with pink; very desirable tall Shrub.

Gracilis. A favorite, dwarf bush, covered with spikes of pure white flowers in early summer.

—**Lemoinei.** Without doubt one of the very best dwarf hardy Shrubs; flowers very large and produced in cone-shaped heads of purest white, which open out very full.

—**Rosea.** A rose-tinted form of this favorite species.

Price. 60 cts. each; collection of 7 varieties for \$3.50.

Eleagnus (Japanese Oleaster)

Longipes. A very desirable, nearly evergreen Shrub of medium height, with light foliage, which is silvered on the under surface. The abundant crop of orange-colored fruit is a very attractive feature during the summer. 75 cts. each.

Elsholtzia (Mintshrub)

Stauntoni. Its late flowering, September and October, makes this a particularly valuable Shrub. It grows about four feet high, of bushy branching habit, each branch terminated by a dense 4 to 8 inch long spike of attractive deep lilac colored flowers. 60 cts. each.

Euonymus

Alata (*Corkbark*). A Shrub different in character from others, having an individuality of its own. It is particularly ornamental and interesting on account of its curious corky bark. The small flowers of the spring are followed by attractive red berries in the fall. It is also valuable on account of its bright scarlet autumn foliage which makes it very conspicuous in the fall. Strong plants, \$1.00 each.

Europaeus (*Burning Bush*). A conspicuous Shrub which in the autumn and winter is loaded with scarlet seed-pods from which orange colored berries hang on slender threads. 75 cts. each.

Exochorda (Pearl Bush)

Grandiflora. A medium-sized Shrub, bearing white flowers in slender racemes in early spring; very graceful; useful for cut flowers. 60 cts. each.

Forsythia (Golden Bell)

Spectabilis. Strong, tall growing with very large flowers completely covering the stems with its golden-yellow bloom.

Suspensa (*Weeping Golden Bell*). A tall Shrub of willowy growth, the branches gracefully arching, covered with golden bells in early spring.

Viridissima (*Golden Bell*). Strong erect habit; bright yellow bell like flowers in early spring.

Price. Any of the above 60 cts. each.

Halesia (Silver Bell or Snowdrop Tree)

Tetraptera. One of the most desirable tall Shrubs, with pretty bell-shaped snow drop-like white flowers in May. \$1.00 each.

Hydrangea (Hardy Shrubby)

Arborescens Grandiflora (*Snowball Hydrangea*). This magnificent perfectly hardy American Shrub has snow-white blossoms of largest size. One of its most valuable characteristics is its coming into bloom just after the passing of all the early Spring-blooming Shrubs, flowering from early June until late July, makes it valuable in any garden. 60 cts. each.

Paniculata Grandiflora. Without doubt the best known and most popular summer flowering Shrub in cultivation. The flowers, which are borne in dense pyramidal panicles a foot long, in the greatest profusion, are white when they first open, but gradually change to rose color, and remain in good condition for weeks.

Fine bush plants, 60 cts. each.

Standard or Tree-shaped plants which make beautiful specimens for the lawn or garden, \$1.00 each.

Kolkwitzia Amabilis (Beauty Bush)

An exceedingly handsome Shrub from China, resembling the Weigela to which it is allied. Growing 6 to 8 feet high at maturity with long arching branches, this variety combines all the merits of a perfect Shrub; hardiness, year around beauty of foliage and habit, and profusion of pale pink bell-shaped flowers in June. Strong plants 18 to 24 inches high, 75 cts. each.

Laburnum (Golden Chain)

Vulgare Vossi. A large Shrub or dwarf tree with shining green foliage producing long drooping racemes of yellow flowers in early summer. A most attractive plant when in bloom that is not often seen. Strong plants 4 to 5 feet, \$3.50 each.

HYDRANGEA PANICULATA GRANDIFLORA

KOLKWITZIA AMABILIS (Beauty Bush)

Ligustrum (Privet)

Ovalifolium Aureum (*Golden-leaved Privet*). A beautiful golden variegated form and very effective for associating with other dwarf Shrubs. 50 cts. each; \$5.00 per doz.

Ovalifolium, for Hedge. See page 210.

Lilacs See *Syringa*, page 203.

Lonicera (Bush Honeysuckle)

Grandiflora Rosea. Rosy-red flowers, striped with white; June. 60 cts. each.

Ledebouri. A vigorous-growing Shrub with red flowers in May. 60 cts. each.

Maacki Podocarpus (*Amur Honeysuckle*). One of the most desirable of the shrubby varieties of Honeysuckles. The flowers are white passing to yellow and are followed by great masses of attractive bright red berries which remain on the plant until late in the winter. \$1.00 each.

Morrowi. A handsome Japanese variety, with white flowers during May, but especially valuable for its bright red fruit during the summer and autumn months. 60 cts. each.

Magnolia

Grandiflora. This is one of the most beautiful and stately of the Magnolias; it is occasionally seen as far north as Philadelphia but is only dependably hardy south of Washington where it makes splendid specimen plants with large glossy dark green foliage and waxy white, very fragrant flowers 6 to 8 inches in diameter. Strong heavy plants 3 to 4 ft. high, \$6.00 each.

Soulangeana. A hardy Chinese species which, while Shrub-like in its young growth, attains the size of a tree in time; its flowers, which are produced early in spring, are cup shaped, 3 to 5 inches in diameter, and are white inside, flushed with purple outside. Bushy plants, 2 to 3 feet. \$7.50 each.

Stellata (*Star Magnolia*). The earliest to flower. A dwarf species forming a symmetrical rounded bush 8 to 10 feet high producing pure white, delicately scented, semi-double, gracefully formed, attractive flowers about 3 inches in diameter, which appear in very early spring before the foliage develops. Strong plants 1½ to 2 feet high. \$7.50 each.

Malus (Flowering Crab Apple)

Flowering Crabs are among the showiest of the dwarf flowering trees in our American gardens. The blossoms open slowly and last a long time when fully open. Planted as individual specimens they make a gorgeous display in early Spring.

Atrosanguinea (*Carminé Crab*). Red buds and deep pink flowers; very showy variety of informal habit.

Ioensis plena (*Bechtel Crab*). Large double fragrant pinkish flowers resembling miniature roses; neat symmetrical habit; blooms later than most other kinds.

Purpurea (*Purple Crab*). Reddish purple flowers; open growth.

Price. Any of the above in strong plants 3 to 4 ft. high, \$1.50 each.

Red-Leaved Japanese Maple

(*Acer Polymorphum Atropurpureum*)

We are pleased to be able to again offer a limited stock of the handsome red-leaved Maples; good plants about 15 inches high, \$3.50 each.

Nandina Domestica (Chinese Bamboo)

A very handsome small Shrub, hardy as far north as Philadelphia; it grows about three feet high with graceful, light green foliage, which turns to a most attractive bronzy red early in the fall. The small white flowers are produced in good sized erect panicles in spring and are followed by crimson berries. \$1.00 each.

PHILADELPHUS VIRGINICAL

Philadelphus (Mock Orange)

Popular old-fashioned Shrubs flowering in May or June, succeed in almost any location.

Conquete. Large single flowers in clusters of 3 to 5, completely covering the plant.

Enchantment (New). A splendid double white flower in large panicles on long erect branches forming a most striking specimen.

Girandole (New). Plants of excellent habit of growth, very free flowering with exceptionally well formed double milky white flowers in dense trusses.

Splendens. A strong growing variety with arching branches which produce a great abundance of showy single white flowers.

The Banner. A hybrid variety forming a shapely Shrub 3 to 4 feet high with very large single flowers, one of the most desirable varieties.

Virginal. Flowers 2 inches in diameter, that completely cover the branches in May and early June, slightly fragrant, one of the most desirable.

Price. 60 cts. each, collection of 6 varieties for \$3.00.

Prunus (Flowering Almond and Plum)

Japonica fl. pl. (Double-flowering Almond). A beautiful dwarf Shrub, producing its showy double flowers early in May before the leaves appear. We can supply both white and pink. Plants, 3 to 4 feet high.

Pissardi (Purple-leaved Plum). A dwarf Shrub, covered with single white flowers in spring; when they first appear the leaves are a lustrous crimson, changing to a rich purple. Plants, 3 to 4 feet high.

Triloba (Double-flowering Plum). An interesting Shrub, of medium height, bearing in early spring semi-double delicate pink flowers over an inch in diameter. Plants, 3 feet high.

Price. Any of the above \$1.00 each.

Double Flowering Peaches

(*Prunus Persica*)

Deservedly popular plants, highly prized on account of the great masses of large double flowers borne in early spring before the leaves appear. We offer strong plants 4 to 6 feet high in the three colors Double Red, Double Pink and Double White, \$1.25 each.

DOUBLE FLOWERING PEACH

PYRACANTHA (CRATAEGUS) COCCINEA LALANDI

Pyracantha (Crataegus) Coccinea Lalandi

(Firethorn or Evergreen Thorn)

There is no other fruiting evergreen Shrub that is so attractive throughout the year as this fiery Thorn and which will succeed in any fairly sunny position, developing into a shapely plant 6 or more feet high; it may be planted either in connection with other Shrubs or as a single specimen or may be trained with wonderful effect against a wall. Its large trusses of white flowers are followed in summer by an abundance of brilliant orange-scarlet berries, which, remaining on the plants throughout the winter produce a gorgeous effect. Strong pot-grown plants, 15 to 18 inches high, \$1.00 each.

Pyrus (Cydonia or Japan Quince)

Japonicus. A very showy and popular Shrub, of medium height which blooms profusely in early spring; flowers dazzling scarlet. Makes an excellent hedge. 60 cts. each.

Rhus (Sumac)

Cotinus (Purple Mist or Smoke Tree). It has been almost impossible for the past ten years to procure this old favorite Shrub but we again have a limited supply of strong bushy plants about 18 inches high. It is one of the attractive subjects either planted as a single specimen or in the mixed border, forming a large Shrub which in mid-summer is covered with large clusters of feathered flowers giving the appearance of a cloud of smoke or mist.

Typhina Laciniata (Cut-leaved Staghorn Sumac). The leaves are beautifully cut like a delicate Fern and in fall assume the most brilliant colors, this combined with its showy clusters of crimson fruit makes it a most valuable subject either as a single specimen or for mass planting.

Price. Strong plants of either of above, 75 cts. each.

Hybrid Rhododendrons

The handsomest and most effective of the broad leaved evergreens. Rhododendrons will succeed in any light or friable garden soil. If a heavy clay soil must be used incorporate a liberal amount of leaf mould or well decomposed cow manure, digging the beds about 2 feet deep. It is beneficial to mulch the beds during the summer with any loose material, also protect in winter with a mulching of 4 or 5 inches of leaves; a scattering of evergreen boughs between the tops of the plants during winter is desirable to break cold driving winds and to protect from the sun's rays in very early spring.

We offer but a limited list of varieties, a selection of the hardiest sorts covering a wide range of colors:

Amphion. Clear pink with white eye.

Catawbiensis Album. White.

—**Grandiflorum.** Delicate soft violet mauve.

Dr. H. C. Dresselhuys. Large aniline red.

Everestianum. Beautiful delicate rosy lilac.

Mrs. C. S. Sargent. Large trusses of bright pink.

President Lincoln. Lilac pink with light chocolate centre.

Roseum Elegans. Clear rose pink.

Plants with buds 12 to 18 inches high, \$4.50 each.

Plants with buds 18 to 24 inches high, 7.50 each.

Rhodotypus

(White Kerria)

Kerrioides. A very ornamental Japanese Shrub of medium size, which succeeds well in sun or shade, with pretty foliage and large single white flowers the latter part of May. 60 cts. each.

Robinia (Rose Acacia)

Hispida. A most desirable Shrub, producing large loose racemes of beautiful rose-pink flowers in June. 75 cts. each.

Sambucus (Elder)

Nigra Aurea (Golden Elder). Of strong growth, and one of the best yellow foliage Shrubs; the color is remarkably bright, rich and constant, and makes a fine contrast in the shrubby border. 60 cts. each.

VIBURNUM OPULUS STERILIS

SYMPHORICARPUS RACEMOSUS

DOUBLE-FLOWERING SYRINGA OR LILAC

Symphoricarpus

(Snowberry)

Chenaulti (New). This is the choicest of the Snowberries forming naturally a most graceful, shapely plant about 3 feet high and 5 feet in diameter with small foliage and dense twiggy branches which in fall bear an abundance of white to pink fruits. 60 cts. each.

Racemosus (Snowberry). A well-known dwarf Shrub with small pink flowers and large white berries that hang on the plant the greater part of the winter. 60 cts. each.

Syringa (Lilac)

Common Purple (*Syringa Vulgaris*). The old favorite, and one of the best. 60 cts. each.

Common White (*S. Vulgaris alba*). Flowers white, fragrant, beautiful. 60 cts. each.

Charles X. A strong, rapid growing variety, with large, shining leaves. Trusses rather loose; large, reddish purple. \$1.00 each.

Japonica. An elegant Japanese species, eventually forming a good-sized tree, flowers creamy white, produced in great panicles a month later than other sorts. \$1.00 each.

Josikaea (*Hungarian Lilac*). A distinct species of stout, erect growth with dark, shining leaves and purple flowers, which are produced late in June. \$1.00 each.

Mme. Marie Lemoine. The finest double white Lilac yet introduced. The individual flowers, which resemble miniature Tuberoses, as well as the truss, are of immense size, deliciously scented; fine for cutting. \$1.00 each.

President Grevy. Magnificent panicles of large double purplish-blue flowers. \$1.00 each.

William Robinson. Very double. Buds crimson-pink opening to deep violet-mauve. \$1.00 each.

Spiraea

Anthony Waterer. A valuable variety; color bright crimson; it is of dwarf, dense growth, never exceeding 30 inches in height; in bloom the entire summer and fall.

Billardi. Strong growing, pink-flowered.

Margaritae. A free-flowering variety with flat heads of soft pink flowers from June to October; grows 3 to 4 feet high.

Prunifolia Fl. Pl. (*Double Flowering Bridal Wreath*). A favorite variety and one of the best; it is a beautiful Shrub of medium size with double white flowers in May.

Thunbergi. One of the most charming of all low-growing Shrubs, with fine delicate foliage, and a profusion of small white flowers in spring.

Van Houttei. The grandest of all the white Spiraeas; it is of compact habit and a beautiful ornament for the lawn at any season, but when in flower it is a complete fountain of white bloom, the foliage hardly showing.

Price. 60 cts. each; collection of 6 varieties for \$3.00.

Tamarix

Africana (*Tamarisk*). Strong, slender, tall growing, irregular Shrubs with feathery foliage and small, delicate flowers, borne profusely on gracefully-bending branches. These pink flowers are very attractive during May.

Hispida Aestivalis. A distinct variety, with delicate, soft, pink sprays of flowers in July and August, a time when the shrubby border is comparatively bare of flowers.

Indica. Very strong-growing, with feathery plumes of pale pink flowers in late summer and autumn.

Price. Any of the above 60 cts. each.

VIBURNUM CARLESI

Stephanandra

Flexuosa. Of graceful fountain-like habit of growth with finely and delicately cut leaves which in the autumn assume brilliant reddish tints; the flowers are creamy white. 60 cts. each.

Viburnum (Snowball)

Carlesii. A rare Korean variety which is entirely distinct with salver-shaped flowers of a delicate rose tinted white, passing to white sweet-scented flowers produced in terminal sub-globose cymes 2 to 3 inches in diameter, reminding one somewhat of a spray of Bouvardia. Good bushy specimens, 2 to 3 feet. \$2.50 each.

Opulus (*High Bush Cranberry*). The white flowers in June are followed in autumn by bright scarlet berries which are very attractive until very late in winter. 60 cts. each.

MAGNOLIA. See Page 201.

Opulus Sterilis (*Snowball or Guelder Rose*). The popular white Snowball, filled with large pendant balls of white flowers in May. 60 cts. each.

Plicatum (*Japan Snowball*). One of the choicest hardy Shrubs, with healthy dark foliage; the perfect balls of pure white flowers are borne in great profusion in May. 75 cts. each.

Rhytidophyllum. A rare variety, particularly attractive on account of its large dark green nearly evergreen foliage, the yellowish white flowers are followed in September by red berries finally turning black. Specimen plants, \$2.50 each.

Vitex Macrophylla

Forms a most graceful, shapely, attractive plant, 3 to 4 feet high, with nicely divided foliage with aromatic odor. The pretty lavender-blue flowers, arranged in whorls on long, graceful terminal spikes or racemes begin blooming in July, continuing without interruption until frost. A most attractive Shrub for any position. Strong plants, 60 cts. each; \$6.00 per doz.

Weigela (Deirvilla)

Eva Rathke. The finest Weigela in cultivation; flowering continuously throughout the summer and autumn; of a rich ruby carmine.

Rosea. Soft rosy carmine.

Rosea Foliis Purpureis. This is entirely distinct and will prove a welcome addition to the Shrub border, not only on account of its light pink flowers but for its foliage effect, its leaves being of a rich-bronzy purple.

Rosea Nana Variegata. Has splendid variegated foliage, a mottling of green, yellow and pink, delicate rose colored flowers.

Price. Any of the above 60 cts. each; collection of four varieties for \$2.00.

VITEX MACROPHYLLA

WATER LILIES AND AQUATICS

VICTORIA LEAF in Corner of one of four Pools of Water Lilies for which we were awarded the Gold Medal at the Atlantic City Flower and Garden Pageant, September, 1931.

Victorias, or Royal Water Lilies

Victoria Cruziana. Leaves not quite as large as Regia but deeper cupped and somewhat hardier.

Victoria Regia. The great Water-Lily of the Amazon.

Price. Either variety. 3 seeds for \$1.50; plants, \$10.00 each.

Tropical or Tender Water Lilies

We make delivery of Tropical or Tender Water Lilies of both the Day and Night Blooming types at the proper planting time which is usually after the first of June, in strong growing plants from pots; they must not be planted until the weather becomes warm and settled. Orders from the warmer Southern States and from the Pacific Coast are filled earlier with tubers.

Day-Blooming Tender Nymphaeas

Daubenyanas. Small, fragrant, light blue flowers, valuable for winter blooming in aquariums or small pools. \$1.00 each.

Grossherzog Ernst Ludwig. A free-flowering variety of a true violet blue with a golden yellow centre. \$2.50 each.

Mrs. C. W. Ward. Deep rosy pink on long stems. \$2.00 each.

Mrs. Edwards Whitaker. One of the largest flowered varieties, the huge open flowers often exceeding 13 inches in diameter. Sky blue in color becoming lighter with age. The plant is very accommodating, flowering when dwarfed from lack of room, or exuberantly filling a 15-foot basin. A splendid specimen plant that should be in every pool. \$2.50 each.

Mrs. Geo. H. Pring. Immense snow white flowers freely borne through the entire summer. The young leaves are blotched with brown; the older ones plain green. The best day-blooming white tropical Water Lily, and a good contrast to the colored varieties. \$2.50 each.

Ovalifolia (Tabora Water Lily). Of African origin; flowers of the largest size. Upon opening the flowers are almost white, but as they mature, a shade of blue suffuses them. It is very free blooming, and sweetly scented. \$5.00 each.

Pennsylvania. Flowers of largest size of a rich blue color. Very free and continuous flowering. \$2.50 each.

Pulcherrima. This variety flowers continuously winter and summer. Of a fine light blue with yellow centre. \$2.00 each.

Wm. Stone. Rich violet blue shaded amaranth. \$2.00 each.

Zanzibariensis. The darkest blue or purple of the genus; very free flowering. \$1.50 each.

Zanzibariensis azurea. Clear azure-blue. \$1.00 each.

Zanzibariensis rosea. Various shades of rose. \$1.00 each.

NIGHT-BLOOMING TENDER NYMPHAEAS

Bissetti. Flowers 8 to 10 inches in diameter, cup-shaped; of a beautiful glowing shade of rosy-pink. \$2.00 each.

Dentata. White, 8 to 12 inches across. \$1.00 each.

Dentata Magnifica. Large cup-shaped creamy white flowers. 10 to 12 inches across. Very desirable. \$2.50 each.

Dentata Superba. The largest white Water Lily grown. Flowers of clear glistening white. \$3.00 each.

Devoniensis. This old favorite produces its large pure red flowers in the greatest abundance. \$1.00 each.

Frank Trelease. The darkest colored of all tender Water Lilies. A glowing dark crimson. \$1.50 each.

Geo. Huster. Brilliant crimson flowers. \$2.00 each.

Kewensis. Medium size light pink flowers. \$2.00 each.

O'Marana. Flowers large and massive. Color pink, suffused with red; very desirable. \$1.50 each.

Rubra Rosea. One of the best and largest rosy-reds produced with remarkable freedom. \$1.50 each.

Sturtevant. An exceedingly beautiful flower 8 to 12 inches across; bright red. One of the very best Nymphaeas; requires liberal treatment and a hot summer to bring it to perfection. \$2.00 each.

NYMPHAEA FRANK TRELEASE

HARDY NYMPHAEAS OR WATER LILIES

A select list of the most suitable varieties for all Hardy Water garden purposes. Ready April 15th to June 1st. There is no Hardy Blue Water Lily. All varieties of that color will be found under Day Blooming Tender Nymphaeas.

Alba Candidissima. A very vigorous and desirable variety, requiring ample space; flowers large, pure white. \$1.50 each.

Attraction. A rare free-flowering variety, blooms 6 to 8 inches across of a rich deep crimson suffused with amaranth red, centre bright orange, sepals white. \$6.00 each.

Aurora. Soft rosy yellow on first day changing to deep red on third day. Stamens orange, also useful for growing in tubs. \$2.00 each.

Comanche. The largest and finest of the apricot tints. The flowers have a wonderful combination of orange and glowing amber red. A strong grower and the earliest and most continuous bloomer in the hardy class. \$4.00 each.

Conqueror. Very large flowers of a bright red with the petals shading to white on the concave part and streaked with deep red on the convex surface, stamens yellow orange, one of the showiest. \$4.00 each.

Escarboucle. Very free flowering, 4 to 6 inches across, of a brilliant crimson-carmine with bright orange centre, one of the most brilliant. \$5.00 each.

Gladstoniana. Flowers pure dazzling white; cup-shaped and very massive. \$1.50 each.

Gloriosa. A superb large flower of a deep carmine-rose, becoming a dark red late in the season. Very free and continuous bloomer. \$4.00 each.

Helen Fowler. A natural cross of *N. Tuberosa* type; strong vigorous growth, flowers borne on stout stems making it useful for cut purposes. Deep pink and very fragrant. \$1.25 each.

James Brydon. Rich rosy crimson, reverse of petals having a silvery sheen. \$4.00 each.

Laydekeri purpurata. Pleasing carmine rose flowers borne in constant succession. The plant is moderate in growth and suitable for medium-sized pools. The leaves are oval and prettily spotted; a well tried variety. \$2.00 each.

Marliacea Albida. Large, of sparkling whiteness, stamens light yellow. Fragrant and free. \$1.50 each.

Marliacea Carneae. A delicate soft flesh pink deepening towards the base of the petals. \$1.50 each.

Marliacea Chromatella. Petals and stamens bright yellow, 4 to 6 inches across. A free and continuous bloomer. \$2.00 each.

Marliacea Rosea. A splendid companion to the above, which it resembles in all particulars except color, flowers soft rose-pink. \$3.00 each.

NYMPHAEA MARLIACEA CHROMATELLA

Odorata. The native White Pond Lily. Very desirable for planting in quantity in natural ponds. 50 cts. each.

Odorata Gigantea. The native White Lily of the Southeastern States. Flowers pure white, 5 to 7 inches across. A very strong, vigorous grower. 50 cts. each.

Odorata Minor. The miniature White Water Lily. Very dainty and suitable for tubs and small pools. 50 cts. each.

Odorata Rosea (Cape Cod Pink Pond Lily). Clear pink, very fragrant, flowers 5 to 6 inches across. \$1.50 each.

Odorata Rose Arey. Deep cerise pink, very large, fragrant flowers. \$2.00 each.

Odorata W. B. Shaw. This magnificent Lily has large fragrant flowers of a rich, clear, rose-pink. \$1.50 each.

Paul Hariot. A large magnificent light yellow delicately shading to copper-red. A free bloomer. \$3.00 each.

Pink Opal. Medium sized fragrant flowers of a deep coral pink, held well above the water, suitable for tub culture. \$2.00 each.

Pygmaea. A little gem with small tea scented white flowers, suitable for tub and aquarium culture. \$1.50 each.

Pygmaea Helvola. A charming miniature yellow from Japan, very desirable for small pools or tubs. \$1.50 each.

Sunrise. A large showy new hardy yellow, flowers 8 to 9 inches across, held well above the water, the flowers are produced very freely from early June to late October; they expand early in the morning and remain open all day. \$5.00 each.

Tuberosa. A native white of very strong growth, flowers 4 to 9 inches across, produced in moderate quantity. The various varieties of *Tuberosa* are suitable for planting in deep water, and should have plenty of room to spread. 50 cts. each.

Tuberosa Maxima. A free-flowering variety of the above; 4 to 8 inches across, pure white, fragrant. 50 cts. each.

Tuberosa Richardsoni. Flowers white and quite double. No variety in our Water Garden is admired more than this immense snowball-like flower, 8 inches in diameter. \$1.00 each.

Tuberosa Rosea. Flowers an exquisite shade of pink. A vigorous grower, of the easiest culture. \$1.50 each.

Tuberosa Sulphurea. A strong rampant grower with large sulphur yellow, sweet-scented flowers. \$1.00 each.

William Doogue. Beautiful cup-shaped flowers of a delicate pleasing shade of shell pink. \$4.00 each.

William Falconer. A warm brilliant red, intensified by the bright yellow stamens. \$5.00 each.

NEW HARDY NYMPHAEA, SUNRISE

NELUMBIVM SPECIOSUM

Limnocharis Humboldtii (*Water Poppy*). Flowers yellow, produced in the greatest profusion all summer. Leaves and flowers floating. One of the best plants for shallow water 6 to 8 inches deep or for tub cultivation. Requires greenhouse protection during winter. 25 cts. each; \$2.50 per doz.

Myriophyllum proserpinacoides (*Parrot's Feather*). 25 cts. each.

Pontederia cordata (*Pickering Weed*). Flowers blue in spikes 18 to 24 inches long. 25 cts. each.

Sagittaria Japonica fl. pl. Flowers double, pure white. 50 cts. each.

Nelumbiums or Lotus

Note—Nelumbiums can only be supplied in dormant tubers from May 1st to June 1st.

Luteum (*American Lotus, Water Chinquepin*). A superb variety with yellow flowers; indigenous to the Western and Southern States. \$2.00 each.

Pekinensis Rubrum Plenum. Large double flowers often 12 inches in diameter, bright rosy carmine, fragrant. \$5.00 each.

Shiroman. Enormous, double, white flowers, very sweet-scented. \$5.00 each.

Speciosum (*Egyptian Lotus*). The best known variety and the easiest to grow, desirable for naturalizing in ponds where the magnificent foliage and flowers produce a splendid subtropical effect. Flowers deep rose color, creamy-white at base of petals. \$2.00 each.

Miscellaneous Aquatics

For marginal and shallow water planting.

Acorus Japonicus Variegatus (*Variegated Sweet Flag*). 25 cts. each.

Cyperus Alternifolius (*Umbrella Plant*). 25 cts. each; \$2.50 per doz.

Cyperus Papyrus (*Papyrus Antiquorum*). The true Egyptian Paper Plant. 50 cts. each; specimen plants in 11 in. tubs, \$2.50 each.

Eichornia Azurea. Flowers a lovely shade of lavender-blue. This species of Water Hyacinth requires to be planted in soil in shallow water 4 to 8 inches deep. It makes long, trailing floating stems, growing rapidly and flowering profusely all summer. Tender. 50 cts. each.

Eichornia Crassipes Major (*Water Hyacinth*). Flowers delicate lilac rose in trusses like a Hyacinth. A floating plant, just drop it on surface of water. 20 cts. each; \$2.00 per doz.

Jussiaea longifolia. Flowers yellow in great profusion from June until frost. Grows 3 to 4 feet high. 50 cts. each.

Thalia Dealbata. A stately hardy aquatic with Canna-like leaves and tall graceful spikes of plum-colored flowers which are followed by attractive seeds of the same color, it grows from 4 to 7 feet high and should be grown in shallow water or wet ground. A good plant for the centre of the pool or to plant in the background. \$1.00 each.

Typha latifolia (*Cut Tail*). 25 cts. each; \$2.50 per doz.

Vallisneria Spiralis (*Tape, Eel Grass or Wild Celery*). 25 cts. each; \$2.50 per doz.

Zizania Aquatica (*Wild Rice*). 25 cts. each; \$2.50 per doz.

Aquatic Plants for Aquariums

It is doubtful if anything is more fascinating to the young as well as to the older members of the household, than to watch the development of animal and plant life in the aquaria. Fish will not thrive unless enough plants are growing to furnish them with oxygen. To do this there should be not less than one plant to every two gallons of water. The ideal temperature is about 50 degrees, and a shady corner, or a window facing north, is best during the summer, and an east window during the winter.

Anacharis (Elodea) Canadensis Gigantea (*Giant Water Weed*). A beautiful submerged plant with dark green ovate leaves and light stems. 25 cts. each; \$2.50 per doz.

Cabomba Viridifolia (*Washington Grass*). A pretty and popular submerged plant. 25 cts. per bunch; \$2.50 per doz.

Ludwigia Muleritti. One of the prettiest of the submerged plants. The small ovate leaves are green above and pink on the under side. 25 cts. each; \$2.50 per doz.

Sagittaria Natans. Long strap-like green leaves resemble the well-known *Vallisneria*. 25 cts. each; \$2.50 per doz.

Sagittaria Sinensis (*Giant Sagittaria*). Leaves dark green; broader than *S. Natans*. 25 cts. each; \$2.50 per doz.

Vallisneria Spiralis Italian Type (*Eel Grass*). A submerged plant with long ribbon-like leaves. 25 cts. each; \$2.50 per doz.

Collection of one each of above 6 Aquarium Plants, \$1.25.

A NICELY ARRANGED AQUARIUM

CHOICE CONIFEROUS EVERGREENS

The Coniferous Evergreens are indispensable in all ornamental plantings. They impart a finish to the landscape by their quaint or symmetrical growth, and whether planted as single specimens on the lawn or grouped together in masses, or for foundation planting, the light green, golden or silver-blue colors of their foliage are beautiful, winter and summer alike. We offer below a short but select list of the hardiest and easiest grown varieties:

Biota Aurea Nana (*Berkman's Golden Arborvitae*). A gem for dwarf planting, compact, oval shape, warm golden yellow foliage; especially good for formal work and edging. Plants 15 to 18 inches high, \$2.00 each.

Chamaecyparis Plumosa (*Plume Cypress*). Attractive plume-like foliage; transplants easily and forms broad dense cone; shears well. Plants 18 to 24 inches high, \$1.25 each.

— **Aurea** (*Golden Plume Cypress*). Similar to the preceding except of rich gold color. Plants 18 to 24 inches high, \$1.25 each.

— **Squarrosa Veitchi** (*Veitch Moss Cypress*). Has blue-gray foliage of feathery texture giving a soft wooly appearance; broadly pyramidal and of compact habit. Plants 18 to 24 inches high, \$1.25 each.

Juniperus Chinensis Pfitzeriana (*Pfitzer Juniper*). Wide-spreading habit with gray-green foliage; very hardy and adaptable; useful for exposed positions and foundation plantings. Plants 18 to 24 inches high, \$2.00 each.

— **Communis Depressa Plumosa** (*Plumed Spreading Juniper*). A new exceedingly hardy Juniper of spreading type, assumes attractive purple color in winter, transplants readily and is much used for foundation planting and rock gardens. Plants 15 to 18 inches high, \$2.00 each.

— **Hibernica** (*Irish Juniper*). A slender Evergreen of bluish-green color; useful for its spire-like effect and is also very inexpensive. Plants offered are dense and compact having been sheared repeatedly. Plants 2 to 2½ feet high, \$1.50 each.

— **Excelsa Stricta** (*Spiny Greek Juniper*). Combines regularity of shape, beauty of coloring, hardiness and rather slow growth which makes it a gem for limited spaces. Steel blue foliage gives an air of freshness and vigor to the plant during the cold winter months. Plants 18 to 21 inches high, \$2.00 each.

— **Sabina** (*Savin Juniper*). Very popular semi-spreading Evergreen, forming irregular vase-shape plants; frequently used in foundation plantings and considered one of the best varieties. Plants 18 to 24 inches high, \$2.00 each.

— **Virginiana** (*Red Cedar*). Forms a dense pointed column, deep green in summer and purplish tones in winter; useful for formal work or mixed plantings where height is desired. Plants 2 to 3 feet high, \$1.50 each.

— **Glauca** (*Silver Red Cedar*). Similar to the above except of beautiful steel blue color. Plants offered are grafted from the original strain and are sure to please; attains best perfection when sheared frequently. Plants 2 to 3 feet high, \$4.00 each.

— **Squamata Meyeri** (*Meyer's Juniper*). A newer Evergreen of conspicuous merit. Beautiful deep blue foliage combined with rather irregular and slow growth makes this Evergreen particularly suited to the rockery or low foreground planting. Plants 15 to 18 inches high, \$2.50 each.

Picea Excelsa (*Norway Spruce*). Rapid in growth, this tree is excellent for wind breaks or hedges. It attained its first popularity as the Christmas tree of Europe. Plants 18 to 24 inches high, \$1.00 each.

— **Pungens** (*Colorado Spruce*). The native Spruce of Colorado, of bluish-green color and very hardy; makes a handsome formal lawn specimen. Plants 18 to 24 inches high, \$1.75 each.

Pinus Montana Mughus (*Dwarf Mugho Pine*). Compact dwarf pine, forming a round topped clump; useful for rock planting and foundation work. Its shape was produced by growing for countless ages on the timberline where bleak exposure and snows developed a low compact rugged plant. Plants 15 to 18 inches high, \$2.50 each.

— **Nigra Austriaca** (*Austrian Pine*). A vigorous growing pine of dense habit, good for background or as individual specimen; thrives at the seashore. Plants 2 to 3 feet high, \$2.50 each.

— **Resinosa** (*Red Pine*). The Red Pine succeeds well in poor soil and is of rapid growth producing a nice shaped tree. Plants 2 to 3 feet high, \$2.50 each.

— **Sylvestris** (*Scotch Pine*). One of the most rapid growing pines of bluer shade than Red Pine; handsome tree, especially when young. Good for windbreaks. Plants 3 feet high, \$2.00 each.

Taxus Cuspidata (*Spreading Japanese Yew*). Unquestionably one of the hardiest Evergreens in commerce with very dark green foliage and spreading bushy habit; valuable for foundation planting and especially adapted for wind swept locations because of its hardiness. Plants 15 to 18 inches high, \$2.00 each.

— **Nana** (*Dwarf Japanese Yew*). One of the best and hardiest of dwarf Evergreens; foliage similar to preceding but of much slower growth and more compact habit. Plants 12 to 15 inches high, \$2.50 each.

Thuja Occidentalis (*American Arborvitae*). Pyramidal type with broad base; green in summer and bronze green in winter; good accent plant and also well adapted to hedge use; stands trimming well. Plants 2 to 3 feet high, \$1.00 each.

— **Globosa** (*Globe Arborvitae*). Natural Globe-shaped Evergreen; hardy and useful for formal and foundation work. Plants 15 to 18 inches high, \$1.50 each.

— **Pyramidalis** (*Pyramidal Arborvitae*). Narrow columnar shape; splendid for accents or formal planting; retains its dark green coloring throughout the winter months. Plants 2 to 3 feet high, \$2.00 each.

Tsuga Canadensis (*Canada Hemlock*). One of our most graceful and attractive native Evergreens; can be clipped or permitted to grow naturally as the finely cut foliage makes this tree most adaptable. Plants 2 to 2½ feet high, \$2.75 each.

DREER'S SELECT SMALL FRUITS

 All plants are forwarded on receipt of order unless instructed to the contrary, and are sent by express, purchaser paying charges. We can forward most plants by Parcel Post, and if wanted sent in this way add to value of order in accordance with note on page 120 and Order Blank.

EVERBEARING STRAWBERRIES

Two Luscious Hardy Grapes

The Caco. A cross between Catawba and Concord, which has inherited the best characteristics of both parents developing a luscious fruit which ranks close to the greenhouse grown product in high quality and melting texture. In appearance it is one of the most beautiful of all hardy grapes, berries large, wine-red with abundant bloom carried in large compact bunches. It ripens in advance of Concord and is a strong vigorous grower.

Champagne. A variety that is being extensively grown in the grape growing districts of New Jersey and which has special merit not only in the quality of its fruit but is also an exceptionally strong grower and very prolific bearer. Its berries are of large size, coppery-red in color and of delicious flavor.

We can supply strong two-year-old plants of either of the above sorts, 75 cts. each.

Six Best Standard Hardy Grapes

Catawba. Red, sweet and rich, with pleasant musky flavor.

Concord. The most popular black grape; succeeds everywhere.

Lucile. Very large red, of exquisite flavor.

Moore's Diamond. Greenish-white, with rich yellow tinge.

Moore's Early. Large, black; good quality.

Niagara. Berries large, light greenish-white; slightly ambered.

Price. Strong selected two-year-old vines, 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Blackberries

Blackberries respond generously to good treatment. They prefer a deep soil, but will grow and fruit almost anywhere.

El Dorado. One of the best; large, sweet and tender; very hardy.

Snyder. One of the oldest and still one of the most popular.

Price. \$1.00 per doz.; \$7.00 per 100; \$60.00 per 1000.

Strawberry Plants

A selection of fancy, high quality, heavy yielding garden varieties, covering the season from early to late.

Beauty. Midseason.

Bellmar. Medium early.

Big Joe. Midseason.

Blakemore. Early.

Chesapeake. Late.

Cooper. Early midseason.

Dunlap. Early midseason.

Gandy. Late.

Glen Mary. Midseason.

Marshall. Midseason.

Premier. Early.

Success. Very early.

Washington. Late.

William Belt. Late.

Price. Any of the above varieties. 50 cts. per doz.; 75 cts. per 25; \$1.25 per 50; \$2.00 per 100; \$12.00 per 1000.

Mastodon Strawberry The Supreme Everbearing

Set plants in March or April and enjoy luscious Strawberries all through late summer and fall. Plants productive, berries large, quality fine. You will enjoy them. 75 cts. per doz.; \$1.00 per 25; \$1.50 per 50; \$2.50 per 100; \$15.00 per 1000.

Raspberries

Raspberries will succeed in any soil that will grow good corn but respond quickly to liberal treatment; for best results the old wood should be cut out just as soon as the crop has been gathered.

Cumberland. A large, black cap of exceedingly fine quality.

Cuthbert. Large, deep, rich crimson.

Everbearing Red Raniere. This is not only the earliest red raspberry, but it is a perpetual fruiting variety. Its main crop is greater than that of any other red variety, and continues to bear until late in August, at which time the berries begin to ripen on the young canes, which continue to bear fruit in increasing number until late in fall.

Price. Any of the above, \$1.00 per doz.; \$7.00 per 100; \$60.00 per 1000.

HARDY GRAPES

NOTE—Plants will be sent by Parcel Post if remittance is made to cover postage and special packing as noted on the order blank and on page 120.

Hedge Plants—Barberry—Privet and Boxwood

Berberis Thunbergi (*Japan Barberry*). Where a dwarf deciduous hedge is wanted, nothing equals this beautiful Barberry. Requires but little pruning to keep in shape. The leaves are small, light green, and towards fall assume rich, brilliant colors, the fruit or berries becoming scarlet. Absolutely hardy in all parts of the country. Plant 12 to 15 inches apart.

Extra strong 3-year-old plants, 18 to 24 inches high, 40 cts. each; \$3.50 per doz.; \$25.00 per 100.

Boxwood Edging. Fine bushy plants in following sizes:

4 to 6 inches high, \$2.00 per doz.; \$15.00 per 100; \$140.00 per 1000.

6 to 8 inches high, \$3.50 per doz.; \$25.00 per 100; \$225.00 per 1000.

California Privet (*Ligustrum Ovalifolium*). Of all hedge plants this is the most popular, and more of it is planted than all others

combined. It is of free growth, and succeeds under the most adverse conditions, such as under dense shade of trees, where other plants would not exist. Strong plants, 18 to 24 inches high, \$1.25 per doz.; \$6.00 per 100; \$50.00 per 1000.

Golden Variegated California Privet (*Ligustrum Ovalifolium Aureum*)

A beautiful golden-yellow variegated form of the common California Privet which is equally hardy, and where the golden yellow color can be used in harmony with the surroundings, it is very effective.

Strong Plants, 12 to 15 inches high, \$15.00 per 100; \$140.00 per 1000.

Strong Plants, 18 to 24 inches high, \$30.00 per 100; \$250.00 per 1000.

Vegetable Plants, Roots and Herbs

Full description of the various varieties offered below will be found under their respective heads in the Vegetable Seed Section of this catalogue, pages 1 to 44.

Asparagus Roots. We can furnish the varieties listed below in selected one-year-old roots. We do not handle two-year or older stock, the one-year-old roots are used by all experienced growers and are the best size for transplanting. Full details of culture are given in a leaflet which we send on application.

Dreer's Eclipse. This variety is the result of a most careful selection and "breeding up," to the large type, yet retaining that delicate light green color and tender quality desired. 30 cts. per doz.; \$1.00 per 100; \$8.00 per 1000.

Palmetto. An early green variety of good quality. 30 cts. per doz.; \$1.00 per 100; \$8.00 per 1000.

Washington. The result of careful breeding, it grows large straight shoots, dark green in color with heavy overtone. The tips are tight and firm and do not open out or begin to branch until well out of the ground, making the finest kind of green Asparagus both for home use and market. It is nearer to being rust-proof than any other variety, and the large, luscious stalks will be greatly appreciated. 50 cts. per doz.; \$1.50 per 100; \$10.00 per 1000.

Cauliflower. Ready in April and May. Per doz. Per 100

Earliest Snowstorm. Super Strain Pot-grown plants.....\$0.75 \$5 00

Chives. 15 cts. each..... 1 50 10 00

Egg Plants. **Early Black Beauty.** Pot-grown plants ready in May and June..... 1 00 7 00

WHEELBARROW SPRAYER

Wheelbarrow Sprayer. *Deming.*

Distinctly a "one-man" machine. Hose and discharge pipe are of sufficient length to spray young or low-growing fruit trees.

Pump has 1½-inch brass tube cylinder with adjustable strokes brass plunger, ball valves and valve seats. Tank holds 10 gallons; and is detachable from frame. Tank is made in brass or galvanized iron.

Ten feet of ¾-inch discharge hose with "Demorel" nozzle and 4-ft. spray pipe are included. With galvanized tank, \$30.00; brass tank, \$37.50.

Extension Spray Rods. Permits spraying at 20 to 25 foot heights without using a ladder. Bamboo, brass lined, fitted with stopcock. 10 ft., \$6.75; 12 ft., \$7.50

Powder Distributors and Dusters.

FEENEY DUSTER

The Feeney Duster. The best small hand duster for applying dry insecticides similar to "Pomo Green" either in the flower or vegetable garden, fitted with a long spout permitting dusting close to the ground and on the under side of foliage without stooping. Model B, capacity about 1 pint. Postpaid, \$1.25 Model D, capacity two quarts. Postpaid, \$3.25

The Green Hand

Duster has a capacity of 2 to 4 pounds. It is constructed with a large, powerful bellows, and is complete with a 30-inch extension and spreader. It is light and compact, easy to work and regulate, and is practically indestructible—wearing parts can be readily replaced. Will handle any dust that can be used in larger outfits. Price, \$6.00

WHEEL HOES, CULTIVATORS AND SEEDERS

PLANET JR.
SPEED HOE

Planet Jr. Speed Hoe

Weeds, Mulches, Cultivates. The sawtoothed blades working in combination with the scuffle or knife blade or the cultivating teeth thoroughly pulverizes the soil, kills and pulls out

all weeds and does a complete job of cultivating with but a minimum of effort. Made in three sizes: 8 inch, \$8.25; 10 inch, \$8.75; 12 inch, \$9.75.

No. 4. Combined Seeder and Cultivator. The small grower should select one of the combined machines. As a Hill and Drill Seeder it opens the furrow, deposits the seed, covers it and rolls it, either in drills or hills. Holds $2\frac{1}{2}$ quarts. . . . \$18 00

No. 4 PLANET JR. COMBINED HILL AND DRILL SEEDER AND SINGLE WHEEL HOE

No. 4D. Seeder, only, cultivating tools not included. . . . \$14 25

No. 25 PLANET JR. COMBINED HILL AND DRILL SEEDER AND DOUBLE WHEEL HOE

No. 25. Combined Seeder and Cultivator.

Many users call this the "Complete Gardener." Sows all seeds as explained under No. 4. Used as a double wheel hoe it straddles the row, cultivating both sides at one time till plants are 20 inches high. It can then be

used as a single wheel hoe between the rows. The equipment of one pair of garden plows, 4 cultivator teeth, 1 pair of 6-inch hoes and leaf lifters enables you to do practically all the garden work. Capacity of seed hopper, $2\frac{1}{2}$ quarts. . . . \$21 50

Send for a Planet Jr. Catalogue. It is possible to list only a few of these tools here since the line include a very complete assortment of hand tools and horse tools, both for one horse and two horses.

No. 16 PLANET JR. SINGLE WHEEL HOE

No. 16. Planet Jr. Single Wheel Hoe. Designed to do all work required in the small garden. Plowing, cultivating, hoeing and raking. It is very light, and can therefore be easily carried about. . . . \$9 00

No. 17. Single Wheel Hoe. Identical with No. 16, excepting that the two rakes and leaf guard are not supplied. 7 75

No. 17½. Single Wheel Hoe. Same less plow. . . . 6 75

No. 18. Single Wheel Hoe. 6 inch hoes only. . . . 5 75

No. 19. Planet Jr. Garden Plow and Cultivator.

Equipment: 1 garden plow, one 10-inch sweep, one cultivator tooth, one 5-prong cultivating attachment. 15-inch steel wheel. The complete assortment of cultivating attachments enables you to do the garden plowing, open and close

No. 19 PLANET JR. GARDEN CULTIVATOR

furrows for seeds and hill up plants. . . . \$5 00

No. 119. Planet Jr. Garden Plow and Cultivator.

Equipment: 1 garden plow, one 4-inch cultivating tooth, one 2-inch cultivator tooth, one scuffle blade cultivating attachment. For those who prefer a high wheel tool. Complete

No. 119 PLANET JR. GARDEN PLOW AND CULTIVATOR

assortment of cultivating attachments takes care of plowing, hilling, opening furrows and general cultivation. . . . \$4 50

Hoffman Fertilizer Distributor

The Hoffman Fertilizer Distributor is made of metal throughout. It will distribute accurately, within a given area, any of the advertised lawn fertilizers, as well as bone meal, sheep manure, hardwood ashes, and so on.

Hopper capacity about one and one-half bushels. It is fitted with an agitator that insures a constant even distribution. Spreading width 24 inches. Wheels 18 inches in diameter and have a $2\frac{1}{2}$ inch face. . . . \$20 00

Thompson Spreader No. 110

Capacity $1\frac{1}{2}$ bushels. Spreading width 6 feet. Spreading range 1 to 5 pounds to 100 square feet. Highly concentrated dry materials can be applied as thin as 2 pounds to 1000 square feet.

Spreads all plant foods of the nature of Peerless Plant Food, Fairway Food, Loma, Vigoro, also pulverized sheep manure, ground bone and other dry mixtures. Will safely and rapidly distribute Sulphate of Ammonia, Cotton Seed Meal, Wood Ashes, Arsenate of Lead and similar materials. . . . \$25 00

Standard Earthenware Flower Pots

Full inside measurement. No charge for packing. Six at dozen rates; 50 at 100 rates; 500 at 1000 rates. Flower pots and Bulb pans cannot be sent by mail, but only by express or freight at customer's expense.

FERTILIZERS FOR LAWN AND GARDEN

Dreer's "Peerless" Plant Food. This fertilizer contains the correct proportions of plant food elements that assures vigorous, sturdy plant growth. Equally good for pot plants as well as in the flower and vegetable garden, while the lawn will thrive luxuriantly when dressed with Peerless Plant Food at the rate of five pounds to five hundred square feet of surface. $\frac{1}{2}$ lb., 15 cts.; by mail, 25 cts.; 1 lb., 25 cts.; by mail, 40 cts.; 5 lbs., 50 cts.; 10 lbs., 85 cts.; 25 lbs., \$1.75; 50 lbs., \$3.00; 100 lbs., \$5.00.

Adco. The addition of Adco to the compost pile, or to other vegetable refuse, grass clippings, leaves, etc.; at the rate of two pounds to each wheelbarrow load of refuse, will produce a clean, odorless manure within three or four months. 25 lbs., \$2.00; 150 lbs., \$10.50.

Aluminum Sulphate. A material used in creating acid soils, in which azaleas, rhododendrons and similar plants are to be grown. Use one pound to 10 square feet of surface. 5 lbs., 60 cts.; 10 lbs., \$1.00; 25 lbs., \$2.00; 50 lbs., \$3.50; 100 lbs., \$6.00.

Ammo Phos. A fertilizer for golf courses and fine lawns, containing 20 per cent. ammonia and 20 per cent. phosphate. 5 lbs., 75 cts. 10 lbs., \$1.25; 25 lbs., \$2.25; 50 lbs., \$3.50; 100 lbs., \$6.50

Ammonia Sulphate. Analyzes about 25 per cent. ammonia with the result that stimulation in growth of plant life is noted practically at once. 5 lbs., 65 cts.; 10 lbs., \$1.00; 50 lbs., \$3.00; 100 lbs., \$5.00; larger quantities, prices upon application.

Blood Meal, Dried. 15 per cent. Ammonia. A very quick acting fertilizer being immediately soluble. 5 lbs., 50 cts.; 10 lbs., 90 cts.; 25 lbs., \$2.00; 50 lbs., \$3.75; 100 lbs., \$6.50.

Bone Flour. Very finely pulverized bone. Excellent where an immediate effect is wanted. 5 lbs., 50 cts.; 10 lbs., 85 cts.; 25 lbs., \$1.50; 50 lbs., \$2.50; 100 lbs., \$4.00; 200 lbs., \$7.50.

Bone Meal. A fertilizer for all purposes; safe and effective. Especially good for use on lawns. Apply 10 lbs. to 250 square feet. 5 lbs., 40 cts.; 10 lbs., 65 cts.; 25 lbs., \$1.25; 50 lbs., \$2.25; 100 lbs., \$3.50; 500 lbs., \$16.50; 1000 lbs., \$30.00; ton, \$57.50.

Clay's Fertilizer, Imported. Recommended highly as a forcing fertilizer. Per bag of 28 lbs., \$4.00; 56 lbs., \$6.50; 112 lbs., \$12.00.

Cotton Seed Meal. Rich in ammonia and potash, making an excellent fertilizer for lawns and golf greens. 5 lbs., 50 cts.; 10 lbs., 75 cts.; 25 lbs., \$1.25; 50 lbs., \$2.00; 100 lbs., \$3.50.

Cattle Manure. Shredded and dried and therefore considerably more concentrated than as it comes from the stable. 25 lbs., \$1.25; 50 lbs., \$2.00; 100 lbs., \$3.75; 500 lbs., \$18.00; 1000 lbs., \$33.00; ton, \$60.00.

Driconure. A combination of about 35 per cent. peat moss with 65 per cent. cow manure. Sterile, weedless and odorless. Equally good as a lawn dressing, as a garden fertilizer or as a mulch. Bag of 50 pounds contains about three bushels, per bag, \$2.75.

"Fairway Food." An odorless, organic food for the lawn or flower garden, that may be applied at any time without a possible chance of causing harm through burning or over stimulating the most delicate plant. "Fairway Food" is an extremely economical lawn fertilizer, applications of one pound to 100 square feet being sufficient for the average grass plot. 25 lbs., \$2.50; 50 lbs., \$4.00; 100 lbs., \$7.00; 500 lbs., \$32.50.

Humus. Humus unquestionably aids plant growth. It is organic matter, that in the passing of time has reverted to a soil-like condition or substance that will lighten heavy soils, while lighter soils are benefited by applications of humus through their added ability to retain moisture. 50 lbs., \$1.25; 100 lbs., \$2.00; 500 lbs., \$9.00; 1000 lbs., \$15.00; per ton, \$25.00.

Peat Moss. An excellent medium with which to improve the texture of your soil. Through its use, heavy clays are lightened and made more porous while those soils that are sandy are aided in their ability to retain moisture. Peat moss also makes a better mulching material that is particularly good when used about evergreens, rhododendrons, azaleas and similar plants. 25 pounds, \$1.00; 50 pounds, \$1.50; per bale of 20 bushels, or sufficient to cover an area of 250 square feet one inch deep, \$3.50; 5 bales, \$15.00; 10 bales, \$27.50.

Lime, Hydrated. For lawn or garden use. Very finely pulverized. 10 lbs., 25 cts.; 50 lbs., \$1.00; 100 lbs., \$1.50; 500 lbs., \$6.25; 1000 lbs., \$11.00; ton, \$20.00.

Limestone. Pulverized. The legumes, Alfalfa, Clovers, etc., respond best to limested soils. 50 lbs., \$1.00; 100 lbs., \$1.50; 500 lbs., \$6.00; 1000 lbs., \$10.00; ton, \$18.50.

Loma. A scientifically prepared plant food for the lawn, flower garden and vegetable garden. Rich in nitrogen, potash and phosphates. 25 lbs., \$1.75; \$3.00 per 50 lbs.; 100 lbs., \$5.00.

Muriate of Potash. The essential element for the proper development of all root crops. 5 lbs., 45 cts.; 10 lbs., 75 cts.; 25 lbs., \$1.25; 100 lbs., \$4.50; 500 lbs., \$20.00; 1000 lbs., \$37.50.

Nitrate of Soda. Supplies nitrogen to soil; very active. Should be applied with a filler or as a liquid. 5 lbs., 40 cts.; 25 lbs., \$1.50; 100 lbs., \$4.50. (Not available.)

Plantabbs. A widely advertised fertilizer and stimulant in tablet form made especially for potted plants. Prepared in four sizes, 25 cts., 50 cts., \$1.00 and \$3.50.

Potato and Truck Special Fertilizer. A properly balanced fertilizer for all root crops, and may be used with excellent results throughout the vegetable garden. 50 lbs., \$1.75; 100 lbs., \$3.00; 500 lbs., \$12.50; 1000 lbs., \$22.50; ton, \$40.00.

Salt, Agricultural. Used for top dressing the asparagus bed, chiefly for keeping down weeds. 100 lbs., \$1.75; 500 lbs., \$7.50; 1000 lbs., \$13.50; ton, \$25.00.

Sheep Manure, Pulverized. One of the most generally used of animal manures. Unequalled for general use in growing flowers. 5 lbs., 45 cts.; 10 lbs., 70 cts.; 25 lbs., \$1.25; 50 lbs., \$2.00; 100 lbs., \$3.50; 500 lbs., \$16.50; 1000 lbs., \$30.00; ton, \$55.00.

Soot, Imported Scotch. Used principally to produce good color in greenhouse plants. Effective against grubs and worms that work on top of the ground and beneath the surface. 25 lbs., \$1.75; 50 lbs., \$3.00; 100 lbs., \$5.50.

Special Vegetable Fertilizer. A general fertilizer for all crops, including grass and grains. 100 lbs., \$2.50; 200 lbs., \$4.50; 500 lbs., \$11.00; 1000 lbs., \$20.00; 2000 lbs., \$37.50.

Springfield Rose Food. An organic fertilizer that is an ideal food for roses. Will keep your bushes in splendid condition and produce an abundant crop of perfect blooms. 10 lbs., \$1.25; 25 lbs., \$2.25; 100 lbs., \$6.50.

Stim-U-Plant. A fertilizer in tablet form. The tablets contain the essential plant foods in highly concentrated form and are, therefore, very convenient for house use. Package of 30 tablets, 25 cts.; 100 tablets, 75 cts.; 1000 tablets, \$3.50.

Tankage. Very similar to blood but not so high in fertilizer content. 25 lbs., \$1.25; 50 lbs., \$2.25; 100 lbs., \$4.00; 200 lbs., \$7.00; 500 lbs., \$17.50; 1000 lbs., \$30.00; ton, \$57.50.

Tobacco Stems. A fertilizer and an insecticide, while as a mulch for the rose garden nothing will be found that is superior. We can supply stems finely ground; in this condition they are convenient to handle and easier to use. Ground stems, 25 lbs., \$1.00; 50 lbs., \$1.75; 100 lbs., \$3.00; 1000 lbs., \$25.00. *Uncut stems* for poultry nests, in bales of 100 lbs., \$3.00.

Tree Food, "Davey." A concentrated fertilizer prepared especially for trees by the Davey Institute of Tree Surgery. This food is not a cure-all, but rather a carefully balanced ration that will give your trees an immediate impulse toward higher vitality. Supplied in 50 lb. bags only; per bag, \$5.00.

Vigoro. A specially prepared food for lawns, vegetable and flower gardens, shrubbery, trees, etc. \$1.75 per 25 lbs.; 50 lbs., \$3.00; \$5.00 per 100 lbs.

Mulch Paper. A durable grade of paper, impregnated with asphalt, that is applied directly upon the prepared soil in the garden, either before or after sowing the seed or setting out the plants. Its use discourages the growth of weeds, while the moisture within the soil is conserved, so that plants do not suffer over long periods of drought. Mulch Paper is made in two grades: Type "A" for Annuals in rolls of 300 lineal yards, 18 and 36 inches wide; Type "B" for Perennial and Biennial crops in rolls of 150 yards, 18 and 36 inches wide. Either type 18 inches wide, \$3.00; 36 inches wide, \$6.00. **Garden package,** for experimental work, containing 15 yards of type "B" paper. 65 cts. Write for booklet.

INSECTICIDES AND FUNGICIDES

Parcel Post. Only those insecticides marked * can be shipped through the mails. Articles so marked will be shipped provided sufficient postage is included with your order. Those not marked will be forwarded freight or express charges collect.

Antrol. An effective control for the honey-dew loving species of ants. Trial Set of four small glass jars for setting the bait and a supply of Antrol Syrup, 95 cts. Additional glass jars or containers 15 cts. each, \$1.50 doz. Antrol Syrup, 4 oz., 45 cts.; pints, 95 cts.; gallons, \$3.75. Antrol Syrup is not mailable.

***Ant Destroyer.** An effective remedy for Ants, $\frac{1}{2}$ teaspoonful required for each ant hill. $\frac{1}{4}$ lb., 30 cts.; $\frac{1}{2}$ lb., 50 cts.; 1 lb., 75 cts.; 5 lbs., \$2.00.

***Aphistrogen.** Makes a complete spray for most sucking insects; prepared especially for roses and other plants. Per 4 oz., 75 cts.; \$1.25 per $\frac{1}{2}$ lb.; \$3.50 per 2 lbs.; 12 lbs., \$15.00.

Arsenate of Lead. The standard insecticide for the control of chewing insects. Use 2 level tablespoonsful to 1 gallon of water, 2 lbs. to 50 gallons. 1 lb., 35 cts.; 4 lbs., \$1.25; 8 lbs., \$2.25; 24 lbs., \$5.50; 48 lbs., \$10.50; 100 lbs., \$20.00. (Not mailable.)

Black Leaf 40. A concentrated nicotine solution for aphids, thrip and red spider. Dilute 1 oz. to from 3 to 6 gals. of water. 1 oz., 35 cts.; $\frac{1}{2}$ lb., \$1.25; 1 lb., \$2.50; 2 lbs., \$3.75; 5 lbs., \$7.00; 10 lbs., \$12.00. (Not mailable.)

Bordeaux Mixture. The recognized preventative for most fungus disorders. Use nine level tablespoonsful to $\frac{1}{2}$ gallon of water or 8 lbs. to 50 gallons. 1 lb., 35 cts.; 4 lbs., \$1.00; 24 lbs., \$5.00; 48 lbs., \$9.50; 100 lbs., \$18.50. (Not mailable.)

Bordeaux Arsenate of Lead. A combined insecticide and fungicide for the control of fungus diseases and leaf eating insects. Use 7 level tablespoonsful to 1 gallon of water or 7 pounds to 50 gallons. 1 lb., 50 cts.; 4 lbs., \$1.50; 24 lbs., \$6.50; 100 lbs., \$24.00. (Not mailable.)

Cyanogas. "Calcium Cyanide," Grade A, for the destruction of ground moles, wood chucks, rats and other rodents. Per lb., 75 cts.; 5 lbs., \$3.00. (Not mailable.)

Dutox (Barium Fluosilicate). A safe and efficient material, that may be either sprayed or dusted, for the control of the Mexican Bean Beetle, Potato Beetle, Cucumber Beetle, etc., without danger of burning. One pound, 50 cts.; six pounds, \$1.75.

***Evergreen.** A non-poisonous insecticide that destroys a great number of both chewing and sucking insects without danger of burning the plants. 1 oz. bottle, 35 cts.; 6 oz. bottle, \$1.00; pint, \$2.00; quart, \$3.50; gallon, \$11.50.

***Insect Spray, "Red Arrow."** A contact insecticide that may be used upon tender foliage without burning and delicate flowers without staining. Economical to use being decidedly effective at dilutions of one to five hundred. Oz., 35 cts.; quarter pint, \$1.00; half pint, \$1.75; pint, \$3.25; quart, \$6.00; gallon, \$20.00.

Fungtrogen. A most effective and scientific preventative and remedy for Mildew, Black Spot and other fungoid diseases of roses. Will not discolor the foliage. Pint, \$1.25; quart, \$2.00; half gallon, \$3.50; gallon, \$6.00. (Not mailable.)

***Grape Dust.** Powder. An effective preventative for fungus disorders in the garden or greenhouse. 5 lbs., \$1.00; 10 lbs., \$1.80.

Insectrogen. Highly effective for leaf chewing insects, and an equally efficient detergent for black spot on Roses, and Mildew and Red Spider on Phlox. Half pints, \$1.00; pints, \$1.75; quarts, \$2.75; half gallons, \$4.50; gallons, \$8.00. (Not mailable.)

***K. R. O. "Kills Rats Only."** May be used with entire safety about the home, the barn or poultry house, since it is not a poison and is harmless to human beings, live stock, pets or poultry. 2 ounce package, 75 cts.

***Lemon Oil.** Effective against scale and aphids. $\frac{1}{2}$ pt., 35 cts.; 1 pt., 60 cts.; 1 qt., \$1.00; 1 gal., \$3.00; 5 gals., \$12.00.

Lime Sulphur Solution. The standard remedy for scale and for certain fungus. Use 1 part to 9 parts of water. 1 qt., 50 cts.; 1 gal., \$1.20; 5 gals., \$4.50; 10 gals., \$7.00; 30 gal. bbl. at 35 cts. per gal.; 50 gal. bbl. at 30 cts. per gal. (Not mailable.)

***Lime Sulphur.** Powder. Apply 12 to 15 lbs. in 50 gals. of water. 1 lb., 35 cts.; 5 lbs., \$1.40; 10 lbs., \$2.25; 25 lbs., \$4.50; 50 lbs., \$8.00; 100 lbs., \$15.00.

Nico Fume. Liquid. An effective vaporizing liquid. $\frac{1}{4}$ lb., 75 cts.; 1 lb., \$2.25; 4 lbs., \$6.50; 8 lbs., \$12.00. (Not mailable.)

Fumigating Lamp. Metal for vaporizing, nico fume, 75 cts.

The Sherwin Williams Spray Guide illustrates in color many garden and orchard pests and suggests the proper method for their control, per copy, 10 cts.

***Nico Fume.** Paper. A nicotine preparation. Furnishes easy method of fumigating the greenhouse. Box of 24 sheets, \$1.25; 144 sheets, \$5.00; 288 sheets, \$9.00.

Nico Fume. Powder. A fumigant less likely to damage plants than any other, contains 12 $\frac{1}{2}$ per cent. nicotine. 1 lb., \$1.15; 5 lbs., \$4.00; 10 lbs., \$7.25. (Not mailable.)

Pomo-Green with Nicotine. The leaf-green all-in-one Dust or Spray. A combination material which controls fungous diseases, and kills both leaf-eating insects and aphids and requires no supplementary material for complete disease and insect pest control on flowering plants. Leaf-green in color and never unsightly on plants. May be used for dusting or spraying. (Not mailable.) 1 lb. can, 75 cts.; 5 lb. can, \$3.00.

Pomo-Green without Nicotine. (For use as dust only) is highly recommended where aphids or other sucking insects are not present. (Not mailable.) 1 lb., 50 cts.; 5 lbs., \$1.75.

Pyrox (*Bordeaux Arsenate of Lead, Paste*). A combination of Bordeaux Mixture and Arsenate of Lead, forming thereby a remedy for fungus and leaf-eating insects. Use 1 lb. to from 5 to 10 gals. of water. 1 lb., 50 cts.; 5 lbs., \$2.00; 10 lbs., \$3.50; 25 lbs., \$7.00; 50 lbs., \$12.50; 100 lbs., \$21.00. (Not mailable.)

***Qua-Sul.** A very effective fungicide for the control of mildew, blackspot, delphinium and antirrhinum rust, damping off fungus, etc. 1 qt., \$1.25; 1 gal., \$4.00; 5 gals., \$17.50.

***Rat Corn.** For rats and mice. Cans, 25 cts., 50 cts. and \$1.00.

***Scalecide.** A complete dormant spray, unequaled for San Jose scale, and other orchard pests. Dilute 1 gal. to 15 gals. of water. 1 qt., 75 cts.; 1 gal., \$1.75; 5 gals., \$6.25; 10 gals., \$10.75; 15 gallon drum, \$14.00; 30 gals., \$25.00; 50 gals., \$32.00.

Semesan. A disinfectant for the control of Seed, Plant and Soil diseases. It increases seed germination and prevents damping off fungus. Used either as a dust or in solution. 2 oz., 50 cts.; 1 lb., \$2.75; 5 lbs., \$13.00; 25 lbs., \$56.25. (Not mailable.)

Semesan Bel. Developed specifically for the control of fungus diseases attacking potatoes and other roots and tubers. 1 lb., \$1.75; 5 lbs., \$8.00; 25 lbs., \$37.50. (Not mailable.)

***Slug Shot.** One of the best known remedies for cabbage and currant worms. 1 lb., 20 cts.; 5 lbs., 60 cts.; 25 lbs., \$2.75; 100 lbs., \$10.00.

Snarol. An effective bait for controlling Cutworms, Grasshoppers, Snails, Slugs and Sow Bugs. Not injurious to plants or other vegetation. One pound, 45 cts.; three pounds, 95 cts.; 15-lb. bag, \$3.50; 50-lb. sack, \$9.50. (Not mailable.)

***Soap, Fish Oil, or Caustic Potash Fish Oil.** Remedies for scale and aphids. 1 lb., 30 cts.; 5 lbs., \$1.25; 25 lbs., \$4.50.

***Soap, Red "A".** A liquid insecticide soap that greatly increases the efficiency of any insecticide where the use of soap is indicated. $\frac{1}{2}$ pt., 35 cts.; pt., 60 cts.; qt., \$1.00; gal., \$3.00; 5 gals., \$13.00.

***Sulphur.** Powdered. For mildew. 1 lb., 15 cts.; 5 lbs., 50 cts.; 10 lbs., 85 cts.; 25 lbs., \$2.25; 50 lbs., \$4.00; 100 lbs., \$7.50.

***Tobacco Dust.** Finely ground for dusting. 1 lb., 15 cts.; 5 lbs., 50 cts.; 25 lbs., \$1.50; 100 lbs., \$4.00.

***Tree Tanglefoot.** A paste preparation painted around the trunk of a tree to keep caterpillars, etc., from crawling into the tree, one pound making from 12 to 15 lineal feet of band. 1 lb., 60 cts.; 5 lbs., \$2.75; 10 lbs., \$5.25; 25 lbs., \$11.00.

***Volck.** Effectually controls scale, mealy bug, white fly, red spider, aphids, thrips, etc. Does not discolor foliage, but rather imparts a bright glossy appearance. One gallon makes from 32 to 100 gallons of spray solution. Half pint, 50 cts.; pint, 75 cts.; quart, \$1.00; gallon, \$3.00; 5 gallons, \$12.00.

***Weed Killer** (*Calcium Chlorate, Non-Poisonous*). Deadly to vegetation but harmless to humans, animals and birds. One pound, in sifter can, 50 cts.; 3 $\frac{1}{2}$ pounds, in sifter can, \$1.50; 15 lb. drum, \$3.50; 50 lb. drum, \$8.50.

Weed Killer. Kills all plant growth. Dilute 1 part to 40 parts of water. Applied with an ordinary watering can. 1 qt., 50 cts.; $\frac{1}{2}$ gal., 85 cts.; 1 gal., \$1.50; 5 gals., \$6.00; 30 gal. drum, \$30.00; 50 gal. drum, \$45.00. (Not mailable.)

Wilson's O. K. Plant Spray. Will destroy aphids, red spider, lace wing fly, currant worms, and other soft bodied insects. $\frac{1}{2}$ pt., 40 cts.; 1 qt., \$1.00; 1 gal., \$3.00; 5 gals., \$12.00; 10 gals., \$22.00; 25 gals., \$50.00; 50 gals., \$90.00. (Not mailable.)

GENERAL INDEX

The common, popular or vulgar names included in the index have been compiled from the best American and English sources, but as two different plants or seeds often bear the same common name it is well in ordering to use the name as given in the catalogue.

Plants or Seeds		Plants or Seeds		Plants or Seeds		Plants or Seeds		Plants or Seeds	
Abelia	197	Bridal Wreath	204	Delphinium	175	Honeysuckle	196, 201	Moon-wort	188
Abutilon	64	Broccoli	2, 15	Desmodium	199	Hop Vine	196, 210	Morning Glory	80, 93
Achillea	167	Broom Corn	46	Deutzia	200	Horehound	25	Moss Pink	188
Achimenes	149	Browallia	72	Devil-in-the- Bush	96	Horseradish	177	Mountain Pink	188
Aconitum	64	Brussels Sprouts	2, 15	Diamond Flower	92	Hoya	210	Mourning Bride	59, 110
Acorus	207	Buckwheat	46	Dianthus	59, 84, 85	Humble Plant	97	Mullein Pink	64
Acroclonium	64	Buddleia	198	Dietamnus	82	Hunemannia	91	Musa	167
Actinidia	195	Burning Bush	200	Didiscus	85	Hyacinth	151	Mushrooms	29
Adam's Needle	117	Bush Honeysuckle	201	Digitalis	53, 85	Hyacinth Bean	82	Musk Plant	97
Adumia	64	Butterfly Flower	111	Dill	21, 25	Hydrangea	147, 200	Mustard	32

DIRECTIONS TO CUSTOMERS

The attention of our customers is respectfully called to the following directions, which will, if followed, be an aid to purchasers as well as ourselves

ORDER EARLY.—We aim to execute orders as soon as received, but in rush season from March to May slight delays are unavoidable, which, however, can be largely overcome by our patrons anticipating their wants and ordering and taking delivery early.

FORWARDING.—We deliver, postpaid to any Post Office in the United States, Vegetable and Flower Seeds in packets, ounces and pounds, except where otherwise noted in the Catalogue. Agricultural Seeds, Implements, Fertilizers and other heavy and bulky goods are sent by Express or Freight at purchaser's expense.

All Plants, Roots and Bulbs are forwarded by Express, purchaser paying charges. For those of our customers who prefer to receive their goods by Parcel Post, we will be pleased to forward in this manner such Plants, Roots and Bulbs as can be sent in this way at the additional cost as noted on page 120 and on order blank which must be added to the value of each order for Plants, Roots or Bulbs. Special instructions regarding the forwarding of plants will be found on page 120.

CANADIAN SHIPMENTS.—Flower Seeds and Vegetable Seeds (except Beans, Corn and Peas) are sent postpaid. All other goods are sent by Express or Freight, purchaser paying all charges. Patrons who wish to purchase Plants or Bulbs must secure a permit from the Department of Agriculture, Ottawa.

LOCAL DELIVERY.—We deliver goods free in Philadelphia. We can also forward by Package System (Baggage Master) to points where this system is in operation, such goods as will be received by them at the following charges. Packages weighing when packed for shipment not over 10 pounds, 12 cts.; not over 25 pounds, 18 cts.; not over 40 pounds, 24 cts.; not over 55 pounds, 30 cts.

PACKING.—No charge is made for boxes or packing on Express or Freight shipments nor for Delivery to Freight Depot or Express Offices in Philadelphia.

SAFE ARRIVAL OF PACKAGES.—We guarantee safe arrival of all goods sent by Express or Mail to points within the United States. If a package sent by Express or Mail is injured or lost we will replace it as soon as informed of the fact. Goods sent in any other way are solely at purchaser's risk. Frequently it happens that orders never reach us or are without signature. When customers fail to receive their packages in a reasonable time they should inform us, and at the same time send a copy of order and any other information necessary to trace the goods. Claims for damage must be made on receipt of goods. We do not hold ourselves responsible for failures after delivery of the goods in good condition. **PLEASE KEEP A COPY OF YOUR ORDER FOR CHECKING DELIVERY.**

REMITTANCES should be made by Post Office Money Order, Drafts on Philadelphia or New York Banks, or Express Money Orders. We disclaim all responsibility when remittances are not made as above directed. Where it is not possible to obtain these, the letters should be registered. Coin should not be sent by mail.

CASH WITH ORDER.—Please send money with the order sufficient to cover the whole bill. We decline sending goods C. O. D. **NAME AND ADDRESS.**—Please remember to write on each order your **NAME, POST OFFICE, COUNTY and STATE;** also give number of street or P. O. Box as distinctly as possible; also the **NEAREST EXPRESS OFFICE.**

NON-WARRANTY.—Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather or soil conditions, too deep or too shallow planting, etc., which renders it impossible for us to guarantee success, and although we take all possible care to supply only such goods as will, under proper conditions, produce satisfactory results, we still give no warranty as to description, quality or productiveness of any of the seeds, plants or bulbs we send out, and will not be in any way responsible for the crop, and every order for articles named in this catalogue will be executed on these conditions only. It must, however, be plain to every one who gives the matter the slightest thought that it is to our best interests to send out only such stock as will not only grow, but prove true to name and description.

CORRESPONDENCE.—We try to give prompt attention to all proper letters of inquiry, etc. We ask, as a favor, that all questions be stated clearly and briefly, and not on order sheets.

January, 1932.

Lawn Mowers and Accessories

The best mower is the cheapest in the end

A lawn mower is not merely so many pounds of wood and metal; it is so many years of efficient, trouble-free grass-cutting. One mower, for instance, might give you twenty or more years of such service, whereas another might give you only two or three. So, it is clear that the best lawn mower, fairly priced, is *always* cheapest in the end.

The Dreer Mower is nationally known as a quality machine. It is designed throughout to make grass-cutting easier, quicker, better. And it is built only of materials that will enable it to give many years of efficient service at a minimum cost for maintenance and repairs.

"Dreer" Low Wheel Mower

12-inch cut, wheels 8 in. high.. \$15 00
14-inch cut, wheels 8 in. high.. 18 00
16-inch cut, wheels 8 in. high.. 21 00
18-inch cut, wheels 8 in. high.. 24 00

The Coldwell Imperial Roller Bearing Mower

The Coldwell Imperial Roller Bearing Mower has embodied in it the same high grade materials and workmanship that are a feature of their power mowers. Specifications include, 10-inch wheels, 5 cutting blades, and Hyatt self-oiling roller bearings.

16-inch.....\$18 50
18-inch..... 20 00
20-inch..... 21 50

The Ambassador Mower

After numerous trials and careful investigation of a number of the less expensive lawn mowers being offered, we have selected the Ambassador as that machine which will give a more efficient, lasting service than any other mower of the type. Constructed with 10-inch drive wheels. 16-inch cut only, \$12.00.

Note.—We are prepared to supply lawn mowers made by the Pennsylvania Lawn Mower Works, including the Penna. Jr.; Penna. Super Great American, Penna. Continental, and will quote prices and submit specifications upon request.

HORSE DRAWN AND GASOLINE POWERED LAWN MOWERS

We are prepared to submit quotations and specifications upon Horse Drawn, Lawn Mowing Equipment of either the Pennsylvania or Coldwell Lawn Mower Companies' manufacture.

During the 1932 season we will be prepared to offer Gasoline Powered Lawn Mowers manufactured by the Coldwell Lawn Mower Company. The available sizes will include the 21-inch "Cub," \$195.00; the twin cylindered, Model "L", 25-inch, \$350.00; the "Twin 30," 30-inch, \$400.00, etc., f. o. b. Newburgh, N. Y. Descriptive matter and illustrations will be forwarded upon request.

Lawn Trimmers

Coldwell. A high quality tool, for trimming along walks, walls or flower bed, out of reach of the regular lawn mower, width of cut, 8 inches, \$10.00.

Pennsylvania Undercut. Constructed with a slanting side plate and a conical cylinder making it possible to cut all grass left by the regular mower in places heretofore accessible only to hand shears, width of cut 6 inches, \$10.50.

PENNA. TRIMMER AND EDGER

Penna. Trimmer and Edger. Similar to the standard type trimmer with the additional advantage of a disc wheel turf edger, \$9.00.

Lawn Mower Oil

Quart.....\$0 35
Gallon..... 1 25

Equipped with five extra wide blades of crucible steel, oil hardened and water tempered. Bottom knife of tempered crucible tool steel has a raised edge over which the blades of the revolving cylinder must pass. As a result, the grass is actually *cut* and not merely crushed or torn. A triple set of gears on each side results in an extra long wheel base, which insures a smooth, velvety cut on uneven as well as even surfaces.

The Dreer Mower is *actually* self-sharpening, and is adjustable to cut as close as one quarter of an inch from the ground or as high as 1 $\frac{5}{8}$ inches and will mow grass five inches high. Made both in high wheel and low wheel types.

"Dreer" High Wheel Mower

15-inch cut, wheels 10 in. high.....\$24 00
17-inch cut, wheels 10 in. high..... 27 50
19-inch cut, wheels 10 in. high..... 31 00
21-inch cut, wheels 10 in. high..... 34 50

Grass Catchers for Dreer Mowers

Canvas sides, galvanized bottom. Supported by truss rods attached to handle braces. Instantly detached or can be emptied by dumping forward.

12-inch (Low Wheel).....\$3 00	17-inch (High Wheel).....\$3 75
14-inch (Low Wheel)..... 3 25	18-inch (Low Wheel)..... 3 75
15-inch (High Wheel)..... 3 50	19-inch (High Wheel)..... 4 00
16-inch (Low Wheel)..... 3 50	21-inch (High Wheel)..... 4 25

These grass catchers also fit the "Spring Garden" Lawn Mower.

"Spring Garden" Ball Bearing Mower

To those among our customers who insist upon a ball bearing machine we can recommend without reservation our "Spring Garden" Ball Bearing Mower.

Made only in the high wheel type, with 10-inch wheel, five blades of oil hardened and water tempered crucible tool steel; double gears, one in each drive wheel; having a self sharpening, raised edge tool steel bottom knife, and with perfect fitting ball cups and cones, all insuring the best all-around, easy-running machine of its type made.

15-inch cut....\$16 50 | 19-inch cut....\$21 50
17-inch cut.... 18 50

"DREER" LAWN MOWER

Lawn Cleaners

The **Pennsylvania Lawn Cleaner** will remove from the lawn not only the cut grass, but all sorts of litter, leaves and trash.

The suction created by the three rapidly revolving brushes (or rakes) cleans the lawn on the same principle as the vacuum cleaner operates on carpet. It is easy to operate, and with it one man will do more and better work than four men with hand rakes.

The brushes are recommended for removing worm-casts from putting greens and tennis courts where a smooth surface is essential.

Always specify "Rakes" or "Brushes" when ordering.

24-inch cleaner.\$30 00
Extra brushes or rakes, per set of three, \$7 50
